QUIZ AT IIFT

Indian Institute of Foreign Trade's (IIFT) InQUIZition, the National open quiz held on August 28, drew a large audience. The roaring success of the event was attributed to the way it was conducted by Dhananjay Shettigar, the ace quizmaster from the famous fraternity of 'Quizmonks'. Apart from providing some serious food for thought, he also tickled the funny bone, the right mix for a crowd of ardent quizzers that packed the Birla High School auditorium.

Forty-four teams (with two members each) had made it through to the final round, after beating off a stiff competition from more than 200 teams in the online event. To further encourage the art of quizzing, IIFT-Kolkata conferred the Best School Team award to the top two participating teams. Siddhant Agarwal and Kartikeya Desai of Birla High School won the top honours at the event. The event saw heavy participation from the *crème de la crème* of Kolkata's quizzing circuit. The quizzers included professionals from organisations like ITC, Tata Consultancy Services and Cognizant Technology Solutions, to name a few.
