Strongly contested initiative

TCS ITWiz, organised by Tata Consultancy Services (TCS), witnessed participation from over 1000 school students from Kolkata on 28 August. Outstation teams from Durgapur, Silguri and Jamshedpur also participated in the Kolkata edition.

Aimed at building awareness about the growing significance of empowering technology skills, this strongly-contested, annual knowledge initiative was open to stu-

dents studying in classes VIII-XII.

The TCS ITWiz this year was an infusion of tech trends and was presented through gamification rounds, developed by using animation software that kept the audience and the teams at the edge of their seats.

After five rounds of quizzing at the Regional finals, Ambarish Jha and Shobhit Mahato from Loyola School Jamshedpur won the title. The runners-up represented by Aritra Kar and Wrik Karmakar from South City International School, Kolkata were rewarded gift vouchers along with a specially designed trophy and medals.

The prizes were distributed by the guest of honour- Dr Sourav Pal, Director of Indian Institute of Science Education and Research, Kolkata along with Mr Suresh G Menon, Vice President and General Manager-Eastern Region of TCS.
