PUNE: Rishi Laddha and Rigved Desai, both Class 11 students of Pratibha International School, came out on top at the Pune edition of the Tata Consultancy Services (TCS) IT Wiz 2019 inter-school junior college competition.

As quizmaster Giri 'Pick-brain' Balasubramaniam took contestants through five buzzer-based rounds - Data Scientist, Data Analyst, Tech Patriot and Block the Chain - besides an exclusive round on TCS - Laddha and Desai reigned supreme on Thursday at Ganeshkala Krida Manch.

Questions focused on application of information technology, the business, people, new trends, and legends.

Various prominent schools from Pune and Pimpri-Chinchwad participated in this competition, and Hutchings High School, Pune, came out as runners up.

"Last year I participated in this competition, but from another school.

"It is an interesting and crucial platform for students like us who want to make a career in IT and after winning the regional competition we are looking forward for the national finals," said Laddha.

Desai added, "We have been preparing for this competition and it was hard to crack. We studied the pattern of questions and the quiz books given to us by TCS."

The guests of honour at the event were Sylvain Comiti, Refinery 4.0 programme director at Total, and Sacheen Ratnaparkhi, centre head, TCS Pune.

The winners walked away with a trophy and gift vouchers worth ₹60,000 along with specially designed medals. They will go on to represent Pune at the National Finals in Mumbai, later this year, where they will compete with 11 other regional champions.

ly-contested, annual quiz infused tech trends and used animation to keep the audience and the participants at the edge of their seats.

Similar regional contests have been planned at 11 Indian cities - Ahmedabad, Hyderabad, Chennai, Bengaluru, Indore, Nagpur, Kolkata, Bhubaneswar, Delhi, Mumbai and Kochi.

Ratnaparkhi, centre head, TCS Pune, said, "There is so much talent in these youth and their passion to learn about IT is fabulous.

"Every year I come to this competition and look forward to these kids which are full of energy."

WHAT THE WIZ?

IT Wiz is a 'knowledge Initiative' started in 1999, and today is the biggest inter-school IT quiz for students from Classes eight-12. The quiz aims to build awareness and emphasise the importance of IT skills, and enable students to look at technology from a holistic perspective.

SMART HACKATHON ON SEPT 19-20

PUNE: Extentia, a Pune-based Indo-German IT company is organising 'X24 - Do Smart - Be Smart', its first smart hackathon on September 19 and 20 in the city.

This year will mark the fifth edition of X24, however this is the first time it is being held in Pune.

With 'Smartscape' being the theme, smart technologies and their application towards benefiting and improving the cityscapes that we inhabit will be the focus of

this season. X24 2019 will have six diverse teams which will comprise of coders, designers, and sales representatives competing to solve a set of challenge statements.

"X24 allows the participants to not only channel the full extent of their technical and creative capabilities but also provides them with a simulated environment in which they are able to experiment with potentially ground-breaking solutions", said Umeed Kothavala, CEO of Extentia.

"We always like to keep the teams on their toes and this year's

Smartscape theme will have plenty of tricky corners to navigate in terms of the intricacies of our challenge statements. Attention to detail, innovativeness, and an ability to improvise will be of paramount importance.

"Of course, with greater risk comes greater reward and I'm confident that everyone participating will rise to the challenge," he added.

A hackathon is an intense, group-driven, problem solving exercise where techies are incentivised to reach solutions in a specified time format.

Tata Consultancy Services (TCS), a leading global IT services, consulting and business solutions organization, announced the winners of the Pune edition of TCS IT Wiz, Indias biggest inter-school technology quiz, held on Thursday, September 19.

Winner Pratibha International School, Pune; Rishi L. and Rigved D.

Runner up Hutchings High School, Pune; Anish K. and Aryan Jain

This year, TCS IT Wiz Pune witnessed participation from over 650 students from class 8-12. The guest of honor Sylvain COMITI, Refinery 4.0 Program Director at Total, along with Sacheen Ratnaparkhi, Centre Head, TCS Pune distributed the prizes. The winners walked away with a trophy and gift vouchers worth Rs 60,000. They will go on to represent Pune at the National Finals in Mumbai, later this year, where they will compete with 11 other regional champions. The runners up were rewarded with gift vouchers worth Rs 40,000 along with specially designed medals. Four finalist teams, also received gift vouchers worth Rs 5,000.

Several members of the audience participated in a Twitter and Instagram contest, leading to 3046 tweets and 36 Instagram stories about the Regional Finals. The winners of the highest tweets and the tweet of the day received special gifts and the two best stories of the day on Instagram received gift vouchers worth Rs 2,000.

Aimed at building awareness about the growing significance of technology skills, this strongly-contested, annual quiz infused tech trends and used animation to keep the audience and the participants at the edge of their seats. Quizmaster Giri Pickbrain Balasubramanium took the contestants through five buzzer based rounds Data Scientist, Data Analyst, Tech Patriot and Block the Chain besides an exclusive round on TCS. The questions focused on the application of information technology, the business, people, new trends, and legends.

Similar regional contests have been planned at 11 Indian cities Ahmedabad, Hyderabad, Chennai, Bangalore, Indore, Nagpur, Kolkata, Bhubaneswar, Delhi, Mumbai and Kochi. Last year, the quiz saw entries from 13,908 students from 1,206 schools across the nation.

About TCS IT Wiz

TCS IT Wiz, a knowledge Initiative started in 1999, is the biggest inter-school IT Quiz in India for students of class 8-12. The quiz aims to build awareness and emphasize the importance of IT skills, and enable students to look at technology from a holistic perspective. The quiz platform works as an effective supplement to the computer science and IT, as most of the questions researched for the quiz are beyond the academic areas compelling the students to look beyond the textbook. As a pioneer in the field of IT quizzing, TCS IT Wiz has brought a paradigm shift in the world of quizzing with a mix of intelligent and interesting questions and introduced new technology concepts such as software-based rounds, gamification, and animation.
