Mumbai, October 19, 2012

TATA CONSULTANCY SERVICES LIMITED
NOTES FORMING PART OF THE CONDENSED FINANCIAL STATEMENTS

1) Corporate information

Tata Consultancy Services Limited (referred to as "TCS Limited" or the "Company") provide a wide range of information technology and consultancy services including systems, hardware and software, communications and networking, hardware sizing and capacity planning, software management solutions, technology education services and business process outsourcing. The Company's full services portfolio consists of Application Development and Maintenance, Business Intelligence, Enterprise Solutions, Assurance, Engineering and Industrial Services, IT Infrastructure Services, Business Process Outsourcing, Consulting and Asset Leveraged Solutions.

As of September 30, 2012, Tata Sons owned 73.75% of the Company's equity share capital and has the ability to control its operating and financial policies. The Company's registered office is in Mumbai and it has 60 subsidiaries across the globe.

2) Significant accounting policies

a) Basis of preparation

These condensed financial statements have been prepared in accordance with Accounting Standard 25 "Interim Financial Reporting" (AS - 25) issued pursuant to the Companies (Accounting Standards) Rules, 2006. These condensed financial statements should be read in conjunction with the annual financial statements of the Company for the year ended and as at March 31, 2012. In the opinion of the management, all adjustments which are necessary for a fair presentation have been included. The accounting policies followed in preparation of the condensed financial statements are consistent with those followed in the preparation of the annual financial statements. The results of interim periods are not necessarily indicative of the results that may be expected for any interim period or for the full year.

b) Use of estimates

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Example of such estimates include provisions for doubtful debts, employee benefits, provision for income taxes, accounting for contract costs expected to be incurred, the useful lives of depreciable fixed assets and provisions for impairment.

c) Fixed Assets

Fixed assets are stated at cost, less accumulated depreciation / amortisation. Costs include all expenses incurred to bring the asset to its present location and condition.

Fixed assets exclude computers and other assets individually costing ₹ 50,000 or less which are not capitalised except when they are part of a larger capital investment programme.

d) Depreciation / Amortisation

Depreciation / amortisation on fixed assets, other than freehold land and capital work-in-progress is charged so as to write-off the cost of assets, on the following basis:

<u>Type of asset</u>	<u>Method</u>	<u>Rate / Period</u>
Leasehold land and Buildings	Straight line	Lease period
Freehold buildings	Written down value	5.00%
Factory buildings	Straight line	10.00%
Leasehold improvements	Straight line	Lease period
Plant and machinery	Straight line	33.33%
Computer equipment	Straight line	25.00%
Vehicles	Written down value	25.89%
Office equipment	Written down value	13.91%
Electrical installations	Written down value	13.91%
Furniture and fixtures	Straight line	100%
Intellectual property / distribution rights	Straight line	24 – 60 months
Rights under Licensing agreement	Straight line	License period

Fixed assets purchased for specific projects are depreciated over the period of the project.

TATA CONSULTANCY SERVICES LIMITED
NOTES FORMING PART OF THE CONDENSED FINANCIAL STATEMENTS

e) Leases

Assets leased by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis.

f) Impairment

At each balance sheet date, the management reviews the carrying amounts of its assets included in each cash generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognised immediately as income in the statement of profit and loss.

g) Investments

Non-current investments and current maturities of non-current investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long term investments, comprising investments in mutual funds are stated at the lower of cost and fair value.

h) Employee benefits

(i) Post-employment benefit plans

Contributions to defined contribution retirement benefit schemes are recognised as an expense when employees have rendered services entitling them to contributions.

For defined benefit schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, and as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

(ii) Other employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

TATA CONSULTANCY SERVICES LIMITED
NOTES FORMING PART OF THE CONDENSED FINANCIAL STATEMENTS

i) Revenue recognition

Revenues from contracts priced on a time and material basis are recognised when services are rendered and related costs are incurred.

Revenues from turnkey contracts, which are generally time bound fixed price contracts, are recognised over the life of the contract using the proportionate completion method, with contract costs determining the degree of completion. Foreseeable losses on such contracts are recognised when probable.

Revenues from the sale of equipment are recognised upon delivery, which is when title passes to the customer.

Revenues from sale of software licences are recognised upon delivery where there is no customisation required. In case of customisation the same is recognised over the life of the contract using the proportionate completion method.

Revenues from maintenance contracts are recognised pro-rata over the period of the contract.

Revenues from Business Process Outsourcing (BPO) services are recognised on time and material, fixed price and unit priced contracts. Revenue on time and material and unit priced contracts is recognised as the related services are rendered. Revenue from fixed price contracts is recognised as per the proportionate completion method with contract cost determining the degree of completion.

Revenues are reported net of discounts.

Dividends are recorded when the right to receive payment is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable.

j) Taxation

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Minimum alternative tax (MAT) paid in accordance to the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty that sufficient future taxable income will be available to realise such assets. In other situations, deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realise these assets.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance taxes paid and income tax provisions arising in the same tax jurisdiction and where the Company intends to settle the asset and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

k) Foreign currency transactions

Income and expenses in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Foreign currency monetary assets and liabilities other than net investments in non-integral foreign operations are translated at the exchange rate prevailing on the balance sheet date and exchange gain and loss are recognised in the statement of profit and loss. Exchange difference arising on a monetary item that, in substance, forms part of an enterprise's net investments in a non-integral foreign operation are accumulated in a foreign currency translation reserve.

TATA CONSULTANCY SERVICES LIMITED
NOTES FORMING PART OF THE CONDENSED FINANCIAL STATEMENTS

Premium or discount on foreign exchange forward and currency option contracts are amortised and recognised in the statement of profit and loss over the period of the contract. Foreign exchange forward and currency option contracts outstanding at the balance sheet date, other than designated cash flow hedges, are stated at fair values and any gains or losses are recognised in the statement of profit and loss.

l) Derivative instruments and hedge accounting

The Company uses foreign exchange forward and currency option contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions. The Company designates these hedging instruments as cash flow hedges.

The use of hedging instruments is governed by the Company's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy.

Hedging instruments are initially measured at fair value, and are remeasured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised directly in shareholders' funds and the ineffective portion is recognised immediately in the statement of profit and loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. At that time for forecasted transactions, any cumulative gain or loss on the hedging instrument recognised in shareholders' funds is retained there until the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in shareholders' funds is transferred to the statement of profit and loss for the period.

m) Inventories

Raw materials, sub-assemblies and components are carried at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Purchased goods-in-transit are carried at cost. Work-in-progress is carried at the lower of cost and net realisable value. Stores and spare parts are carried at cost, less provision for obsolescence. Finished goods produced or purchased by the Company are carried at lower of cost and net realisable value. Cost includes direct material and labour cost and a proportion of manufacturing overheads.

n) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

o) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalents.

TATA CONSULTANCY SERVICES LIMITED
NOTES FORMING PART OF THE CONDENSED FINANCIAL STATEMENTS

3) SHARE CAPITAL

The Authorised, Issued, Subscribed and Fully paid-up share capital comprises of equity shares and redeemable preference shares having a par value of ₹ 1 each as follows:

	(₹ crores)	
	As at September 30, 2012	As at March 31, 2012
Authorised		
(i) 225,00,00,000 equity shares of ₹ 1 each (March 31, 2012 : 225,00,00,000 equity shares of ₹ 1 each)	225.00	225.00
(ii) 100,00,00,000 redeemable preference shares of ₹ 1 each (March 31, 2012 : 100,00,00,000 redeemable preference shares of ₹ 1 each)	100.00	100.00

The Company has given an undertaking to the Government of Maharashtra not to divest its shareholding in MahaOnline Limited except to an affiliate. This equity investment is subject to the restriction as per terms of contractual agreement. The restriction is valid as on September 30, 2012.

The Company has given an undertaking to the investors of KOOH Sports Private Limited not to transfer its shareholding prior to the expiry of thirty-six months from the completion date of the investment agreement except with the prior written consent of the other parties to the agreement. The restriction is valid as on September 30, 2012.

On August 16, 2012, the Company has acquired 100% equity share capital of Computational Research Laboratories Limited.

Unquoted debentures include subscription to the privately placed unsecured, unlisted, redeemable, non – convertible debentures issued by Tata Sons Limited in January 2010 for a consideration of ₹ 1000 crores. The debentures issued by Tata Sons Limited would be redeemable at par in three equal installments at the end of second, third and fourth year, respectively from the date of allotment. The first installment was received on January 21, 2012. The amount receivable on redemption within a period of one year from the date of the balance sheet is classified under Current investment and balance as Non - current investment.

Tata Consultancy Services Morocco SARL AU, a wholly owned subsidiary, is in the process of being voluntarily liquidated.

- 27)** Current tax includes additional provision (net) of ₹ 7.32 crores for the quarter ended September 30, 2012 (*September 30, 2011*: ₹ 59.80 crores) and write back of provision (net) of ₹ 3.28 crores for the six months ended September 30, 2012 (*September 30, 2011*: additional provision (net) ₹ 37.01 crores) in domestic and certain overseas jurisdictions relating to earlier years.

28) SEGMENT REPORTING

The Company has identified business segments (industry practice) as its primary segment and geographic segments as its secondary segment.

Business segments are primarily financial services comprising customers providing banking, finance and insurance services, manufacturing companies, companies in retail and consumer packaged goods industries, companies in telecommunication, media and entertainment and others such as energy, resources and utilities, Hi-tech industry practice, life science and healthcare, s-Governance, travel, transportation and hospitality, products, etc.

Revenues and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to specific segment have been allocated on the basis of associated revenues of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable. Fixed assets that are used interchangeably among segments are not allocated to primary and secondary segments.

Geographical revenues are allocated based on the location of the customer. Geographic segments of the Company are Americas (including Canada and South American countries), Europe, India and Others.

29) CONTINGENT LIABILITIES

	(₹ crores)	
	As at September 30, 2012	As at March 31, 2012
Claims against the Company not acknowledged as debts	19.83	21.49
Income Tax demands	1552.57	1381.97
Indirect Tax demands	53.13	61.44
Guarantees given by the Company on behalf of subsidiaries (See (b) below)	4541.02	3389.90

- a) TCS e-Serve Limited has received demands aggregating ₹ 330.07 crores (March 31, 2012: ₹ 330.07 crores) in respect of income tax matters in dispute. TCS e-Serve Limited has paid advance taxes aggregating to ₹ 321.85 crores (March 31, 2012: ₹ 321.85 crores) against disputed amounts for the various assessment years. The Company is entitled to an indemnification from the seller, of the above referred contingent claims on TCS e-Serve Limited, and would be required to refund to the seller, amounts equal to monies received by TCS e-Serve Limited, on all such claims, as an adjustment to the purchase price consideration.
- b) The Company has provided guarantees aggregating to ₹ 3156.51 crores (GBP 370.20 million) (March 31, 2012: ₹ 3068.55 crores) (GBP 376.75 million) to third parties on behalf of its subsidiary Diligenta Limited. The Company does not expect any outflow of resources in respect of the above.

30) DERIVATIVE FINANCIAL INSTRUMENTS

The Company, in accordance with its risk management policies and procedures, enters into foreign currency forward and currency option contracts to manage its exposure in foreign exchange rates. The counter party is generally a bank. These contracts are for a period between one day and eight years.

The Company has following outstanding foreign currency option contracts, which have been designated as Cash Flow Hedges, as on:

		September 30, 2012		March 31, 2012		
		Notional amount of Currency Options contracts		Notional amount of Currency Options contracts		
Foreign Currency	No. of Contracts	(million)	Fair Value (₹ crores)	No. of Contracts	(million)	Fair Value (₹ crores)
U.S. Dollar	105	2026.00	66.67	81	2185.00	29.56
Sterling Pound	42	249.00	34.14	33	217.50	14.66
Euro	33	213.00	24.53	21	210.00	18.64
Australian dollar	21	108.00	23.18	6	30.00	3.34

Net gain on derivative instruments of ₹ 34.49 crores recognised in Hedging Reserve as of September 30, 2012, is expected to be reclassified to the statement of profit and loss by September 30, 2013.

TATA CONSULTANCY SERVICES LIMITED
NOTES FORMING PART OF THE CONDENSED FINANCIAL STATEMENTS

The movement in Hedging Reserve during the six month period ended September 30, 2012 and year ended March 31, 2012, for derivatives designated as Cash Flow Hedges is as follows:

	(₹ crores)	
	Period ended September 30, 2012	Year ended March 31, 2012
Balance at the beginning of the year	(25.96)	11.35
Changes in the fair value of effective portion of discontinued / matured Cash Flow Hedges during the period	(0.03)	(723.22)
(Gains) / losses transferred to statement of profit and loss on occurrence of forecasted hedge transaction	(12.65)	716.20
Changes in the fair value of effective portion of outstanding Cash Flow Hedges	54.28	(30.29)
Balance at the end of the period	15.64	(25.96)

In addition to the above Cash Flow Hedges, the Company has outstanding foreign exchange forward contracts and currency option contracts with notional amount aggregating ₹ 8885.30 crores (March 31, 2012: ₹ 8222.75 crores) whose fair value showed a gain of ₹ 309.89 crores as on September 30, 2012 (March 31, 2012: loss of ₹ 92.81 crores). Although these contracts are effective as hedges from an economic perspective, they do not qualify for hedge accounting and accordingly these are accounted as derivatives instruments at fair value with changes in fair value recorded in the statement of profit and loss. Exchange gain of ₹ 433.50 crores (September 30, 2011: exchange loss of ₹ 217.02 crores) and exchange gain of 94.63 crores (September 30, 2011 : exchange loss of ₹ 179.79 crores) on foreign exchange forward and currency option contracts for the quarter and six months ended September 30, 2012 respectively, have been recognised in the statement of profit and loss.

- 31)** The Board of Directors at their meeting held on October 19, 2012 have accorded consent for the merger of Retail Full Serve Limited, Computational Research Laboratories Limited (both wholly owned subsidiaries), TCS e-Serve Limited together with the de merger of TCS e-Serve International Limited's SEZ undertaking with the Company. The appointed dates for the above schemes proposed are, April 1, 2012, October 1, 2012 and April 1, 2013 respectively.

Pending sanctions of the Honorable Court and other approvals, no effect has been given to the financial results for the quarter and six months ended September 30, 2012 in respect of the merger of Retail Full Serve Limited with the Company.

- 32)** Previous period / years figures have been recast / restated.
