- 41 New Clients added

**Commenting on the Q2 performance, Chief Executive Officer and Managing Director, N Chandrasekaran said:** "We have delivered a strong performance with well-rounded growth across industries and geographies. Our execution excellence is winning recognition and our service offerings remain relevant for customers. **He added:** "As the global operating environment continues to evolve, there is little doubt that technology is playing a more pivotal role to shape the future of every industry than ever before. Our investments and capabilities make TCS extremely relevant to participate in imagining and co-creating this future with our customers."

**S. Mahalingam, Chief Financial Officer and Executive Director, said:** "In the current operating context, it is important for us to remain efficient, keep a healthy grip on expenses, conserve cash and at the same time invest for the future. In this quarter, TCS has posted a credible margin performance at the operating level and we have also expanded our net margins by managing the ongoing currency volatility". **He added:** "We will continue to focus on maintaining our strategy of profitable growth to maintain margins to ensure we can invest on an ongoing basis as technology adoption cycles continue to get shorter."

### New CFO to take over in February 2013:

TCS announced that Rajesh Gopinathan, vice president, business finance will take over as the next Chief Financial Officer of the company when S Mahalingam retires on February 9, 2013. He has been appointed Deputy CFO effective today. Rajesh has been with TCS since 2001 when he joined from the Tata Strategic Management Group (TSMG). He currently heads the Business Finance function responsible for financial management of the company's
