MUMBAI, April 17, 2013: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading IT services, consulting and business solutions firm reported its consolidated financial results according to IFRS for the quarter and financial year ended March 31, 2013.

Commenting on the 2012-13 performance, **N. Chandrasekaran, CEO and MD said:** "TCS has delivered a year of strong growth with all markets and industry segments growing in double digits. Our ability to co-create with customers, remain relevant to their business and our investments in digital technologies are delivering tangible value as customers optimize, transform and grow."

Looking ahead to FY14, **Mr Chandrasekaran said:** "We remain confident that 2013-14 will bring greater opportunities as technology plays an increasing role in reimagining business globally. We continue to identify new growth engines and are investing ahead of the curve in products, platforms and intellectual property that is of great relevance to our customers and their business growth." **He added:** "As an industry leader, we remain focused on sustaining our momentum."

Rajesh Gopinathan, Chief Financial Officer, said: “Our growth has been well-rounded in 2012-13 and we have endeavored to maintain our profitability despite stiff headwinds and increased volatility through the year. We continue to ensure cost discipline at an operational level while supporting diversified business growth.”

For TCS, there was balanced growth across markets and industries during the financial year. North America grew by 27%, while United Kingdom grew by 44% and Europe grew by 21 per cent. Among growth markets, Latin America grew by 40%, Asia Pacific grew by 27%, India by 16% and Middle East Africa by 28%. All industry verticals grew in double digits also during FY13.

TCS’ full services capabilities continue to be leveraged by customers with new service lines growing at a fast pace - Infrastructure Services grew by 47% and Business Process Outsourcing grew by 46% while Assurance Services, Enterprise Solutions and Global Consulting grew by 33%, 25% and 52% respectively.

Key Wins in Q4

- Awarded a large transformational outsourcing deal to drive innovation, operational efficiency and building of new business capabilities for a leading European telecom handset manufacturer
