## TCS Financial Results

Quarter IV \& Year Ended FY 2017-18

April 19, 2018

## Disclaimer

Certain statements in this release concerning our future prospects are forward-looking statements. Forward-looking statements by their nature involve a number of risks and uncertainties that could cause actual results to differ materially from market expectations. These risks and uncertainties include, but are not limited to our ability to manage growth, intense competition among Indian and overseas IT services companies, various factors which may affect our cost advantage, such as wage increases or an appreciating Rupee, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which TCS has made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry. TCS may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. These forward-looking statements represent only the Company's current intentions, beliefs or expectations, and any forward-looking statement speaks only as of the date on which it was made. The Company assumes no obligation to revise or update any forwardlooking statements.

\section*{Service Lines Commentary}
- Cloud \& Cyber Security Services saw strong double digit growth led by Cloud Migration \& Modernisation, Identity \& Access Management, IoT Security, and Managed Security Services. We provide cloud services to 200+ customers across public cloud / private cloud infrastructure \& application services.
- Machine First Delivery Model \({ }^{\text {TM }}\) saw strong adoption in IT Ops and Process Automation (20+ clients during Q4) powered by ignio \({ }^{\text {TM }}\) and third party solutions. TCS positioned in the Winners Circle in HfS Blueprint for Enterprise Al enabled services.
- TCS was ranked a Leader in 6 analyst surveys during the quarter, and in 43 surveys during the year.
- A strong quarter with several Large Multi-practice wins. Our pipeline is robust and new Digital offerings are seeing strong traction.

Digital Transformation Services

Excellent double digit growth powered by customer experience transformation and product/service design offerings. TCS positioned as a Leader in Digital Marketing Services by Nelson Hall.

Adoption of new Digital offerings from Enterprise ISVs accelerated during the quarter driving strong growth. Positioned as a Leader in Magic Quadrant for SAP Application Services.

Engineering for delivering first time right quality for the Agile \& DevOps led Digital Business is driving strong demand across geographies and industries. We are investing in new platform offerings.

\section*{Consulting \& Services Integration}

Consulting \& Services Integration practice saw near double digit growth as it continues to secure our position as a trusted advisor to our clients, being instrumental in winning large multi-practice deals of strategic significance for customers.

\section*{Client Parameters}
\begin{tabular}{lrrr|rc}
\multicolumn{1}{c}{ Clients Contribution } & Q4 FY17 & Q3 FY18 & Q4 FY18 & FY17 & FY18 \\
\hline US\$ 1m+ Clients & 897 & 941 & 963 & 897 & 963 \\
US\$ 5m+ Clients & 459 & 485 & 495 & 459 & 495 \\
US\$ 10m+ Clients & 310 & 337 & 350 & 310 & 350 \\
US\$ 20m+ Clients & 190 & 203 & 207 & 190 & 207 \\
US\$ 50m+ Clients & 84 & 94 & 97 & 84 & 97 \\
US\$ 100m+ Clients & 35 & 37 & \(\mathbf{3 8}\) & 35 & \(\mathbf{3 8}\) \\
\hline
\end{tabular}

\section*{Consulting \& Services Integration}
- Selected by a global biopharmaceutical company to use artificial intelligence to scan through unstructured information to provide an improved understanding of stakeholder sentiment and fully automate their tolling process to eliminate discrepancies between physical material flow and financial flow of funds.
- Chosen by an American confectionary and food products major for a consulting engagement to rationalize their application portfolio and streamline processes impacting Business resilience and Disaster Recovery.
- Engaged by a European telecom company to lead their Digital Transformation program re-imagining the customer engagement model and to provide advanced analytics and seamless unified user experience across web and mobile applications.

\section*{Analytics, Intelligent Automation}
- Selected by a global Financial Services organization, to perform data discovery and formulate a global data strategy to overhaul the existing data landscape enabling it to cater to the increasing risk and regulatory needs.
- Selected by a Canadian life insurance firm to provide the strategy blueprint and roadmap for Intelligent Automation.

\section*{Cloud Services \& Cyber Security}
- Engaged with Mesosphere, a leading software firm from USA, as a Co-Development partner to drive efficiency and accelerate innovation for end customers managing modern data-intensive enterprise applications.
- Engaged by a leading global pharma company to divest the vegetable seeds business as a part of the strategic divestiture factory capability with a hybrid cloud solution stack.
- Engaged by a workforce solutions and services firm for GDPR compliance consulting engagement to outline, blueprint and implement consistent GDPR policies and principles across all its Group operations.
- Signed an extended multi-year partnership with Sainsbury's, a leading UK grocery retailer, to enable their strategy of differentiation and efficiency through digital transformation, focusing on excellence in systems support, agile first solution delivery and innovation.

\section*{踢 Internet of Things}
- Chosen by a leading automobile major from Japan to establish a connected supply chain solution to provide more visibility for its component movements across global suppliers.
- Engaged by a North American agricultural products \& services company to enhance security and safety of its plant operations by providing an loT based remote monitoring solution.

\section*{\% TCS Interactive}
- Selected by a Finnish Insurance firm as a strategic partner to envision, strategize and provide digital customer experience based solutions using Interactive technologies.
- Selected by a large retail bookseller company to enhance the in-store employee experience using interactive technologies.

\section*{㻢Cognitive Business Operations}
- Chosen by Bonnier AB, a leading Swedish multichannel media conglomerate, to digitally transform their panNordics infrastructure landscape through extensive adoption of cloud, re-designing the operating model guided by TCS' machine-first delivery model MFDM \({ }^{\text {TM }}\) and instituting cognitive intelligence based automation powered by ignio \({ }^{\text {TM }}\)
- Signed a multi-year deal with a global pharmaceutical company to manage their core functions across Research, Development and Commercial areas by leveraging TCS services in Digital, Analytics \& Insights, and Cognitive Business Operations.
