In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

**Responsibilities of the Directors for the Financial Report**

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view Accounting Standards-Simplified Disclosures and the Corporations Act 2001.
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar3.pdf. This description forms part of our Auditor's Report.

# FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

# INDEPENDENT AUDITOR'S REPORT

**GTCSZ (2023) NO. 110C000903**
**THE BOARD OF DIRECTORS OF**
**TCS FINANCIAL SOLUTIONS BEIJING CO. LTD.:**

## Opinion

We have audited the financial statements of TCS Financial Solutions Beijing Co. Ltd (the "Company"), which comprise the statement of financial position as at 31 December 2022, and the statement of income, statement of changes in equity and statement of cash flows from January 2022 to December 2022, and the notes to the financial statements.

In our opinion, the accompanying financial statement present fairly, in all material respects, the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows from January 2022 to December 2022 in accordance with Accounting Standards for Business Enterprises.

## Basis for Opinion

We conducted our audit in accordance with China Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statement* Section of our report. We are independent of the Company in accordance with the Code of Ethics for Chinese Certified Public Accountant (Ethics Code) together with the ethical requirements that are relevant to our audit of the financial statements, and we fulfilled our other ethical responsibilities in accordance with these requirements and the Ethics Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charge with Governance for the Financial Statement

Management of the Company is responsible for the preparation and fair presentation of the financial statement in accordance with Enterprises Accounting System, and for such internal control as management determines in necessary to enable the preparation of financial statements that are free form material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charge with governance are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with China Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise form fraud or error and are considered material if, individually or in the aggregation, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with China Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the misstatemment resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or overriding of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, further events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The financial statements of the Company have been prepared on going concern basis.

## III. SIGNIFICANT ACCOUNTING POLICIES AND ACCOUNTING ESTIMATES

### (1) Accounting System

The company implemented the Enterprise Accounting System and its supplementary provisions.

### (2) Accounting Period

The accounting period of the Company is from 1 January to 31 December.

### (3) Functional currency

The Company use Renminbi ("RMB") as their functional currency.

### (4) Accounting basis and valuation principles

The company adopts the accrual basis and the principle of valuation is based on actual cost.

### (5) Foreign currency transactions

Foreign currency transactions are translated to the functional currency of the Company at the spot exchange rates published by People's Bank of China on the dates of the transactions. At the end of the period, adjustments shall be made according to the spot exchange rates, and the difference arising from the purchase and construction of fixed assets shall be included in the purchase and construction cost of the relevant fixed assets before they reach the intended use ; The long-term deferred expenses incurred during the preparation period that have nothing to do with the purchase and construction of fixed assets belong to the period of production and operation into the financial expenses.

### (6) Cash and cash equivalents

Cash equivalents include short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of change in value.

### (7) Bad debts

The company adopts the allowance method to account for bad debt losses. The provision for doubtful accounts (including receivables and other receivables) at the end of the period shall be made by specific identification method.

For related party balance, it is based on specific identification method.

According to the previous experience, the actual financial situation and cash flow of the debtor and other relevant information, for the receivables with obvious differences between the collectibility and other funds, the bad debt reserve shall be calculated and withdrawn by using the specific identification method

The criteria for recognizing bad debts are:

(i) If the debtor is declared bankrupt or revoked according to law, it shall obtain relevant materials such as the bankruptcy declaration, the cancellation of industrial and commercial registration or the revocation of license, or the documents ordered to close down by the government departments, and after deducting the part of the debtor's liquidated property for repayment, the receivables that cannot be recovered shall be regarded as bad debt losses;

(ii) If the debtor dies or is declared missing or dead according to law, and his property or estate is insufficient to pay off the debts and there is no heir, the receivables shall be deemed as bad debt losses after obtaining the relevant legal documents;

(iii) The receivables related to the lawsuit, where the judgment or order of the effective judgment or order of the people's court is lost, or where the execution is terminated due to the fact that the judgment or order cannot be executed due to the victory of the lawsuit, shall be regarded as the bad debt loss;

**(8) Fixed assets and Depreciation**

Fixed assets of the company refer to the houses, buildings, machinery and equipment, transportation equipment and other equipment held for the production of goods, provision of labor services, rental or management with a useful life of more than 1 year and a high unit value. Fixed assets are recorded at the cost of acquisition.

The cost of a fixed asset is depreciated using the straight-line method. the estimated useful lives, residual value rates (The expected residual value rate is 0%) and depreciation rates of each class of fixed assets are as follows:

| **Class** | **Estimated useful life (years)** | **Depreciation rate %** |
|---|---:|---:|
| Office Equipment | 5-10 years | 10-20 |
| Computer and network communication equipment | 4 years | 25 |
| Office furniture | 5 years | 20% |

At the end of the period, the Company shall inspect the fixed assets item by item. If the recoverable amount is lower than the book value due to the continuous decline of market price, obsolete technology, damage, long-term idleage and other reasons, the company shall make provision for impairment of fixed assets. When making provision for impairment of fixed assets, the difference between the recoverable amount of a single fixed asset and its carrying value shall be recognized.

**(9) Construction in progress**

Construction in progress is recognized based on the actual construction cost, including all expenditures incurred for construction projects, capitalised borrowing costs and any other costs directly attributable to bringing the asset to working condition for its intended use. Construction in progress is transferred to fixed asset when it is ready for its intended use.

**(10) Intangible assets**

Intangible assets are stated at actual cost upon acquisition. The company used straight line method during their useful life. Amortisation method for intangible assets with finite useful lives is as follows:

| **Categories** | **Useful life (years)** |
|---|---:|
| Software | 5 years |

## Notes forming part of the Financial Statements

At the end of the period The company should inspected of intangible assets item by item, when following cirnces existed , the impairment of intangible assets should be made

(i) An intangible assets has been replaced by other new technology, make its ability to create economic benefits for the enterprise a serious adverse effect;

(ii) The market price of a certain intangible asset drops significantly in the current period and is not expected to recover within the remaining amortization year;

(iii) Some intangible assets have exceeded the legal protection period, but still have part of ability use value;

(iv) Other circumstances that are sufficient to prove that a certain intangible asset has actually experienced impairment of value.

When making provision for impairment of an intangible asset, it shall be recognized as the difference between the recoverable amount of an individual intangible asset and its carrying value.

At the end of the period, if the company expects that an intangible asset can no longer bring future economic benefits to the enterprise, it shall transfer all the book value of the intangible asset into the current management expense.

**(11) Long-term deferred expenses**

The expense of improvement of leased fixed assets and and amortized using a straight-line method within the benefit period, which is 5 years.

**(12) Revenue**

*(i) Rendering of services*

Where the outcome of a transaction involving the rendering of services can be estimated reliably, revenue is recognised by the percentage of the cost happed over estimated total cost.

If the result of the transaction of providing labor services cannot be estimated reliably, the labor income provided shall be recognized according to the amount of labor cost that has occurred and is expected to be compensated, and the labor cost that has occurred shall be taken as the current expense. If the labor costs that have occurred are not expected to be compensated, the income shall not be recognized.

*(ii) Revenues from software licenses*

Revenues from software licenses is based on the nature of the relevant agreement, usually after the completion of the various stages of software installation.Revenue is recognized when it is probable that the economic benefits will flow to the Company, and the revenue and the cost can be measured reliably.

**(13) Leases**

In an operating lease, rental expenses are recognized as expenses by the straight-line method during each period of the lease term.

**(14) Income Tax**

The company uses tax payable method for income taxes.

### IV. CHANGES IN SIGNIFICANT ACCOUNTING POLICIES, ACCOUNTING ESTIMATES AND CORRECTION OF ERRORS IN PRIOR PERIODS

**(1) Changes in accounting policies and estimates**

During the reporting period, the Company has no changes in accounting policies and accounting estimates.

**(2) Correction of major accounting errors**

# ANNUAL REPORT AND FINANCIAL STATEMENTS

**For the year ended 31 March 2023**

# ANNUAL REPORT AND FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

# DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2023

The Directors have pleasure in submitting their report and the audited financial statements of the Company for the financial year ended 31 March 2023.

## Principal activities

The Company is principally engaged in the provision of end-to-end information technology consulting and software services. There has been no significant change in the nature of these activities during the financial year.

## Ultimate holding company

The Directors regard Tata Sons Limited, a company incorporated in India, as the ultimate holding company, during the financial year and until the date of this report.

## Results

| | RM |
|---|---|
| Profit for the year | 11,829,248 |

## Reserves and provisions

There were no material transfers to or from reserves and provisions during the financial year under review.

## Dividends

Since the end of the previous financial year, the Company declared an interim single tier ordinary dividend of RM 6.50 per ordinary share totaling RM13,000,000 in respect of the financial year ended 31 March 2023 on 27 February 2023, which was paid on 15 March 2023.

## Directors of the company

Directors who served during the financial year until the date of this report are:

Jeevan A/L Sarangam Rajoo (appointed on 10 February 2023)
Girish Payangatiri Ramachandran
Manoj Ranjitsinh Rajput
Rajeev Kumar Das
Abdullah Bin Abd Hamid (resigned on 15 February 2023)

## Directors' interests in shares

The interests and deemed interests in the ordinary shares of the Company and of its related corporations of those who were Directors at financial year end as recorded in the Register of Directors' Shareholdings are as follows:

| | Number of ordinary shares of INR1 each | | | |
|---|---|---|---|---|
| | At 1.4.2022 | Bought | Sold | At 31.3.2023 |
| **Penultimate holding company** | | | | |
| **Tata Consultancy Services Limited** | | | | |
| Direct interests: | | | | |
| Girish Payangatiri Ramachandran | 11,000 | - | - | **11,000** |
| Manoj Ranjitsinh Rajput | 8,500 | - | - | **8,500** |
| Rajeev Kumar Das | 1,800 | - | - | **1,800** |

The other Director holding office at 31 March 2023 did not have any interest in the ordinary shares of the Company and of its related corporations during the financial year.

## Directors' benefits

Since the end of the previous financial year, no Director of the Company has received nor become entitled to receive any benefit (other than those shown below) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest.

The directors' benefits paid to or receivable by directors in respect of the financial year ended 31 March 2023 are as follows:

Directors of the Company:

| | RM |
|---|---|
| Professional fees | 60,000 |

There were no arrangements during and at the end of the financial year which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

## Issue of shares and debentures

There were no changes in the issued and paid-up capital of the Company during the financial year.

There were no debentures issued during the financial year.

## Options granted over unissued shares

No options were granted to any person to take up unissued shares of the Company during the financial year.

## Indemnity and insurance costs

During the financial year, no indemnity was given to or insurance was effected for Directors, Officers and auditors of the Company.

## Other Statutory Information

Before the financial statements of the Company were made out, the Directors took reasonable steps to ascertain that:

i) all known bad debts have been written off and adequate provision made for doubtful debts, and

ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

i) that would render the amount written off for bad debts or the amount of the provision for doubtful debts in the Company inadequate to any substantial extent, or

ii) that would render the value attributed to the current assets in the financial statements of the Company misleading, or

iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Company misleading or inappropriate, or

iv) not otherwise dealt with in this report or the financial statements that would render any amount stated in the financial statements of the Company misleading.

At the date of this report, there does not exist:

i) any charge on the assets of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or

ii) any contingent liability in respect of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Company to meet its obligations as and when they fall due.

In the opinion of the Directors, the financial performance of the Company for the financial year ended 31 March 2023 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

## Auditors

The auditors, KPMG PLT, have indicated their willingness to accept re-appointment.
The auditors' remuneration of the Company during the year is RM35,117.
Signed on behalf of the Board of Directors in accordance with a resolution of the Directors:

## Notes forming part of the financial statements

TATA Consultancy Services Malaysia Sdn. Bhd. is a private limited liability company, incorporated and domiciled in Malaysia. The addresses of the principal place of business and registered office of the Company are as follows:

**Principal place of business**

Level 22A, Axiata Tower
No.9, Jalan Stesen Sentral 5
50470, Kuala Lumpur Sentral
Kuala Lumpur, Malaysia

**Registered office**

12th Floor, Menara Symphony, No.5
Jalan Prof. Khoo Kay Kim
Seksyen 13
46200 Petaling Jaya
Selangor, Malaysia

The Company is principally engaged in the provision of end-to-end information technology consulting and software services.

The immediate holding company during the financial year was Tata Consultancy Services Asia Pacific Pte. Ltd., a company incorporated in Singapore. The penultimate and ultimate holding companies during the financial year were Tata Consultancy Services Limited and Tata Sons Limited. Both companies were incorporated in India.

These financial statements were authorised for issue by the Board of Directors on 15 May 2023.

### 1. BASIS OF PREPARATION

**(a) Statement of compliance**

The financial statements of the Company have been prepared in accordance with Malaysian Private Entities Reporting Standard ("MPERS") and the requirements of the Companies Act 2016 in Malaysia.

**(b) Basis of measurement**

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 2.

**(c) Functional and presentation currency**

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency.

**(d) Use of estimates and judgements**

The preparation of the financial statements in conformity with MPERS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements.

### 2. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements, unless otherwise stated.

**(a) Foreign currency**

*Foreign currency transactions*

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies are not retranslated at the end of the reporting date.

All foreign currency differences are recognised in profit or loss.

**(b) Financial instruments**

***(i) Initial recognition and measurement***

A financial asset or financial liability is recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is recognised initially at the transaction price (including transaction costs except in the initial measurement of a financial asset or financial liability that is subsequently measured at fair value through profit or loss) unless the arrangement constitutes, in effect, a financing transaction for the Company (for a financial liability) or the counterparty (for a financial asset) to the arrangement. If the arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument as determined at initial recognition.

***(ii) Subsequent measurement***

Debt instruments that meet the following conditions are measured at amortised cost using the effective interest method:

(a) returns to the holder are determinable, e.g. a fixed amount and/or variable rate of return benchmark against a quoted or observable interest rate;

(b) there is no contractual provision that could result in the holder losing the principal amount or any interest attributable to the current period or prior periods; and

(c) prepayment option, if any, is not contingent on future events.

Debt instruments that are classified as current assets or current liabilities are measured at the undiscounted amount of the cash or other consideration expected to be paid or received unless the arrangement constitutes, in effect, a financing transaction.

All financial assets are assessed at each reporting date whether there is any objective evidence of impairment. An impairment loss is measured as follows:

- For an instrument measured at amortised cost, the impairment loss is the difference between the asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate.
- For an instrument measured at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

All other financial assets or financial liabilities not measured at amortised cost or cost less impairment are measured at fair value with changes recognised in profit or loss.

***(iii) Derecognition***

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or are settled, or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount of the financial asset derecognised and the consideration received, including any newly created rights and obligations, is recognised in profit or loss.

A financial liability or part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

## Notes forming part of the financial statements

### (c) Plant and equipment

#### *(i) Recognition and measurement*

Items of plant and equipment are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of plant and equipment have different useful lives, they are accounted for as separate items (major components) of plant and equipment.

The gain or loss on disposal of an item of plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of plant and equipment and is recognised net within "other income" or "other expenses" respectively in profit or loss.

#### *(ii) Subsequent costs*

The cost of replacing a component of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The cost of the day-to-day servicing of plant and equipment are recognised in profit or loss as incurred.

#### *(iii) Depreciation*

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of that asset, then that component is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of plant and equipment from the date that they are available for use. Construction-in-progress are not depreciated until the assets are ready for their intended use.

The estimated useful lives are as follows:

| | |
|---|---|
| • Computers | 4 years |
| • Furniture and fittings | 5-10 years |
| • Leasehold improvements | Lease period |
| • Office equipment | 5 years |

If there is an indication that there has been a significant change since the last annual reporting date in the pattern by which the Company expects to consume an asset's future economic benefits, the Company would review its present depreciation method and, if current expectations differ, the Company would amend the residual value, depreciation method or useful life to reflect the new pattern.

### (d) Leased assets

**Operating leases**

Leases, where the Company does not assume substantially all the risks and rewards of ownership are classified as operating leases and the leased assets are not recognised on the statement of financial position.

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised in profit or loss as an integral part of the total lease expense, over the term of the lease. Contingent rentals are charged to profit or loss in the reporting period in which they are incurred.

**(e) Amount due from/to contract customers**

Amount due from contract customers represents the gross unbilled amount expected to be collected from customers for contract work performed to date. It is measured at cost plus profit recognised to date less progress billings and recognised losses. Cost includes all expenditure related directly to specific projects and an allocation of fixed and variable overheads incurred in the Company's contract activities based on normal operating capacity. If progress billings exceed costs incurred plus recognised profits, then the difference is presented as amount due to contract customers which is part of trade and other payables in the statement of financial position.

**(f) Cash and cash equivalents**

Cash and cash equivalents consist of cash on hand and balances with banks.

**(g) Impairment of non-financial assets**

The carrying amounts of non-financial assets (i.e. plant and equipment) are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount.

Impairment losses are recognised in the profit or loss. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amounts of the assets in the cash-generating unit (groups of cash-generating units) on a *pro rata* basis.

Impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

**(h) Equity instruments**

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

**Ordinary shares**

Ordinary shares are classified as equity.

**(i) Employee benefits**

***(i) Short-term employee benefits***

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

## Notes forming part of the financial statements

***(ii) State plans***

The Company's contributions to statutory pension funds are charged to profit or loss in the financial year to which they relate. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

**(j) Provisions**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

**(k) Revenue and other income**

***(i) Goods sold and services***

The Company earns revenue from services rendered in relation to information technology and consultancy services. Revenue is recognised only when evidence of an arrangement is obtained and the other criteria to support revenue recognition are met, including the price is fixed or determinable, services have been rendered and collectability of the resulting receivables is reasonably assured. Revenue is reported net of discounts and goods and services tax.

Revenue from bundled contracts that involve supplying computer equipment, licensing software and providing services is allocated separately based on their fair value.

Revenue from contract priced on a time and material basis is recognised as services are rendered and as related costs are incurred.

Revenue from software development contracts, which are generally time bound fixed price contracts, is recognised over the life of the contract using the percentage-of-completion method, with contract costs determining the degree of completion. Losses of such contracts are recognised when probable.

Revenue from Business Process Services contracts priced on the basis of time and material or unit of delivery is recognised as services are rendered or related obligation is performed.

Revenue from sale of internally developed software systems is recognised upon delivery, which is when the absolute right to use passes to the customer and the Company does not have material remaining service obligations.

Revenue from maintenance contracts is recognised on a pro-rate basis over the period of the contract.

***(ii) Interest income***

Interest income is recognised as it accrues using the effective interest method in profit or loss.

**(l) Income tax**

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the temporary differences that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are not discounted.

Deferred tax assets and liabilities are offset if, and only if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they plan to settle current tax assets and liabilities on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

## 3. PLANT AND EQUIPMENT

(Amount in RM)

| | Computers | Furniture and fittings | Leasehold improvements | Office equipment | Construction-in-progress | Total |
|---|---|---|---|---|---|---|
| **Cost** | | | | | | |
| As at 1 April 2022 | **8,487,864** | **733,446** | **2,330,778** | **572,979** | **292,443** | **12,417,510** |

## 7. CASH AND CASH EQUIVALENTS

(Amount in RM)

| | 2023 | 2022 |
|---|---|---|
| Cash and bank balances | **33,395,385** | 20,279,039 |

## 8. SHARE CAPITAL

(Amount in RM)

| | Number of shares | Amount |
|---|---|---|
| Ordinary shares | | |
| Issued and fully paid shares with no par value classified as equity instruments: | | |
| At 1 April 2022/31 March 2023 | **2,000,000** | **2,000,000** |

**Ordinary shares**

The holder of ordinary shares is entitled to receive dividends as declared from time to time and is entitled to one vote per share at meetings of the Company.

## 9. TRADE AND OTHER PAYABLES

(Amount in RM)

| | Note | 2023 | 2022 |
|---|---|---|---|
| **Trade** | | | |
| Amount due to contract customers | | **2,255,869** | 3,967,802 |
| **Non-trade** | | | |
| Other payables | | **17,336,264** | 12,395,722 |
| Amounts due to: | | | |
| - immediate holding company | 9.1 | **6,885,328** | 3,079,845 |
| - penultimate holding company | 9.1 | **60,061,489** | 31,387,258 |
| - ultimate holding company | 9.1 | **580,079** | 118,284 |
| - related companies | 9.1 | **350,616** | 284,030 |
| Accruals | | **17,249,262** | 15,247,391 |
| | | **102,463,038** | 62,512,530 |
| | | **104,718,907** | 66,480,332 |

9.1 The non-trade balances due to immediate holding company, penultimate holding company, ultimate holding company and related companies represent payments made on behalf, which are unsecured, interest free and repayable on demand.

## 10. REVENUE

(Amount in RM)

| | 2023 | 2022 |
|---|---|---|
| Rendering of consultancy services | **270,836,655** | 225,708,764 |
| Sale of equipment and software licenses | **6,813,710** | 11,877,076 |
| | **277,650,365** | 237,585,840 |

## Notes forming part of the financial statements

### 11. PROFIT BEFORE TAX

(Amount in RM)

| | 2023 | 2022 |
|---|---|---|
| **Profit before tax is arrived at after charging/(crediting):** | | |
| **Auditors' remuneration** | | |
| - KPMG PLT | **35,117** | 33,000 |
| ***Material expense/(income):*** | | |
| Depreciation on plant and equipment | **2,134,516** | 1,500,522 |
| Dividend income from investments in unquoted shares | **(90,212)** | (63,039) |
| Interest income of financial assets that are not measured at fair value through profit or loss | **(29,770)** | (23,984) |
| (Reversal of impairment loss)/Impairment loss on receivables | **(196)** | 196 |
| Personnel expenses: | | |
| - Salaries and bonuses | **107,854,383** | 100,988,248 |
| - Contributions to defined contribution plan | **6,600,240** | 5,780,545 |
| - Social security contributions | **1,026,160** | 798,144 |
| - Other employees benefits | **5,629,127** | 4,893,115 |
| Realised (gain)/loss on foreign exchange | **(276,958)** | 323,154 |
| Unrealised loss/(gain) on foreign exchange | **29,741** | (115,495) |

### 12. TAX EXPENSE

(Amount in RM)

| | 2023 | 2022 |
|---|---|---|
| **Current tax expense** | | |
| - current year | **3,565,185** | 1,036,235 |
| - under provision in prior year | **1,013,633** | 1,112,711 |
| | **4,578,818** | 2,148,946 |
| **Deferred tax expense** | | |
| - origination and reversal of temporary differences | **403,221** | (168,429) |
| - over provision in prior year | **(1,994,633)** | (29,598) |
| | **(1,591,412)** | (198,027) |
| | **2,987,406** | 1,950,919 |

Income tax expense of RM2,987,406 (2022 : RM1,950,919) is lower than the statutory tax rate of 24% (2022 : 24%) mainly due to over provision in prior year.

## 13. DIVIDENDS

Dividends recognised by the Company:

(Amount in RM)

| | Total amount | Date of payment |
|---|---|---|
| **2023** | | |
| Interim ordinary dividend | **13,000,000** | **15 March 2023** |
| **2022** | | |
| Final ordinary dividend | **12,600,000** | **8 March 2022** |

## 14. OPERATING LEASES

**Leases as lessee**

Non-cancellable operating lease rentals are payable as follows:

(Amount in RM)

| | 2023 | 2022 |
|---|---|---|
| Not later than 1 year | **651,114** | 805,752 |
| Later than one year but not later than five years | **85,348** | 736,462 |
| | **736,462** | 1,542,214 |

The Company leases a number of office premises, resulting in future rental commitments which can, subject to certain terms in the agreements, be revised annually based on prevailing market rates.

## 15. FINANCIAL INSTRUMENTS

### 15.1 Categories of financial instruments

The trade and other receivables (excluding prepayments), cash and cash equivalents and trade and other payables are categorised as financial assets and financial liabilities measured at amortised cost, while the other investments are categorised as financial assets that are equity instruments measured at cost less impairment.

### 15.2 Net gains and losses arising from financial instruments

(Amount in RM)

| | 2023 | 2022 |
|---|---|---|
| Net gains/(losses) on: | | |
| Financial assets measured at amortised cost | **259,561** | 54,459 |
| Financial liabilities measured at amortised cost | **17,622** | (238,330) |
| Financial assets that are equity instruments measured at cost less impairment | **90,212** | 63,039 |
| | **367,395** | (120,832) |

## Notes forming part of the financial statements

# INDEPENDENT AUDITORS' REPORT

**TO THE MEMBER OF**

**TATA CONSULTANCY SERVICES MALAYSIA SDN BHD**
**(Registration No. 200301022873 (625293-W))**
**(Incorporated in Malaysia)**

## Report on the Audit of the Financial Statements

### Opinion

We have audited the financial statements of TATA Consultancy Services Malaysia Sdn. Bhd., which comprise the statement of financial position as at 31 March 2023, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 24.4 to 24.18.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 March 2023, and of its financial performance and its cash flows for the year then ended in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Companies Act 2016 in Malaysia.

### Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

*Independence and Other Ethical Responsibilities*

We are independent of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the financial statements of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Company does not cover the Directors' Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Company, our responsibility is to read the Directors' Report and, in doing so, consider whether the Directors' Report is materially inconsistent with the financial statements of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the Directors' Report, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Company that give a true and fair view in accordance with Malaysian Private Entities Reporting Standard and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Company, the Directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Company, including the disclosures, and whether the financial statements of the Company represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Other Matter**

This report is made solely to the member of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

# TATA CONSULTANCY SERVICES (CHINA) CO., LTD.

## ANNUAL FINANCIAL STATEMENTS

**For the year ended**
**December 31, 2022**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

# INDEPENDENT AUDITOR'S REPORT

**TO THE BOARD OF DIRECTORS OF TATA CONSULTANCY SERVICES (CHINA) CO., LTD**

## Opinion

We have audited the accompanying financial statements of TATA Consultancy Services (China) Co., Ltd(hereinafter "the Company"), which comprise the balance sheets as at 31 Dec 2022, and the income statement, the cash flow statement and the statement of changes in equity for the period then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows for the period then ended in accordance with Enterprises Accounting System.

## Basis for Opinion

We conducted our audit in accordance with China Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement Section of our report. We are independent of the Company in accordance with the Code of Ethics for Chinese Certified Public Accountant (Ethics Code) together with the ethical requirements that are relevant to our audit of the financial statements, and we fulfilled our other ethical responsibilities in accordance with these requirements and the Ethics Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Management's Responsibility for the Financial Statements

Management of the Company is responsible for the preparation and fair presentation of the financial statement in accordance with Enterprises Accounting System, and for such internal control as management determines in necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with China Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregation, could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with China Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the overriding of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, further events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

| Investors | % of investment |
|---|---|
| TATA Consultancy Services Asia Pacific Pte Ltd | 100 |

The approved scope of business operations includes the development and production of software; the production and sale of self-product; the development, consultation, service and transfer of technology; the service of data processing and electronic information storage; the development, consultation and transfer of network technology; the integration of computer system; the wholesale and commission agent (apart from auctions) of computer and component, electronic products as well as office supplies; the import and export business of product and technology; the agent of import and export business; the business process outsourcing services (not related to state trading management of goods, involving quotas, licenses, and the management of commodity in accordance with relevant state provisions application).

## II. BASIS OF PREPARATION

The financial statements have been prepared in accordance with the Enterprises Accounting System. The financial statements of the Company have been prepared on a going concern basis.

## III. SIGNIFICANT ACCOUNTING POLICIES AND ACCOUNTING ESTIMATES

### 1. Accounting System

The Company adopts the Enterprises Accounting and all relevant supplementary regulations.

### 2. Accounting Period

The accounting period of the Company is from 1 January to 31 December.

### 3. Functional currency

The Company uses Renminbi ("RMB") as its functional currency.

### 4. Basis of accounting and measurement bases

The Company follows the accrual basis of accounting. The financial statements have been prepared under historical cost convention.

### 5. Foreign currency transactions

Foreign currency transactions during the year are translated into Renminbi at the exchange rates quoted by the People's Bank of China ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currenciens are translated into Renminbi at the exchange rates quoted by the People's Bank of China and ther exchange rates recognized by the State ruling at the balance sheet date. Exchange gains and losses on foreign currency translation, except for the exchange gains and losses directly relating to the construction of fixed assets, are dealt with in the income statement.

### 6. Cash and cash equivalents

Cash equivalents refer to short short-term, highly highly-liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### 7. Provision for bad and doubtful debts

Bad debt is accounted for using the allowance method. The provision for bad and doubtful debts is estimated by management based on indivldual accounts receivable which show signs of uncollectibility and an ageing analysis. Provision for other receivables is determined based on their specific nature and management's estimate of their collectability.

For related party balance, it is based on specific identification method. For non-related party balance, provision of bad debt should be determined by aging. Specific percentage is as follow:

| Aging | Provision for bad debts as a percentage of receivables % |
|---|---|
| Within 273 days | 0.00 |
| 274days to 2 years | 100.00 |
| 2 to 3 years | 100.00 |
| Over 3 years | 100.00 |

The Company recognises bad debts when the following criteria are met:

(a) Due to bankruptcy or revocation imposed by law of the debtors with relevant declaration of bankruptcy, cancellation of business registration or proof of revocation of business license or order to foreclose by the government department being obtained, bad debt loss is recognised based on the irrecoverable balance after netting off the settlement of the liquidated assets of the debtors;

(b) Due to the death or declaration by law to be missing or pronounced dead of the debtors and the estate is insufficient to cover the debt where there is no heir to the debts, bad debt loss is recognised after obtaining all relevant legal documents;

(c) For balances under legal dispute, bad debt loss is recognised on the lawsuit which is lost based on Court Order or those lawsuit won but adjudicated to stop the execution of the Order;

## Notes forming part of the Financial Statements

**8. Fixed Assets**

Fixed assets are tangible assets with useful life exceeding one year and with a relatively higher unit cost, including building, plants, machinery equipments, transportation facilities, and Other equipments held by the Company for production of goods, provision of services, for rental to others, or held for management purposes. Fixed assets are stated at acquisition cost.

Subsequent expenditures for major reconstruction, expansion, improvement and renovation are capitalized when it is probable that the future economic benefits exceeds the originally assessment of the existing asset, or the useful life of fixed assets is prolonged or the quality of products is substantively improved or the cost of products is substantively reduced as a result of such expenditure. However, the amount capitalized should not exceed the increase of recoverable amount All other subsequent expenditures are expensed when incurred.

The Company use the straight line method for depreciation. Fixed assets begin to be depreciated from the state of intended use, and stop being depreciated when derecognized or classified as held for sale non-current assets. The estimated residual value, useful life and annual depreciation rate of each category of fixed assets are as follows:

| Category of fixed assets | Usefully Life(year) | Residual Value% | Annual depreciation |
|---|---|---|---|
| Leasehold improvement | Shorter of beneficial period and lease | - | - |
| Computer and communication equipment | 4 | - | 25% |
| Furniture and fixtures | 5-10 | - | 10% - 20% |

The Company reviews its fixed assets on an individual basis at each period end and provides for impairment losses when the recoverable value of the fixed assets falls below the carrying value due to continuing slump of market value, technical obsolescence, and damage or long period idleness.

**9. Construction in progress**

The cost of construction in progress is determined according to the actual expenditure incurred for the construction.

Construction in progress is transferred to fixed assets when the asset is ready for its intended use.

**10. Long-term deferred expenses**

Improvement on leased properties is amortised over the lease term [or economic useful lives] on straight line basis.

Expenses incurred during the Company's pre-operating period are recorded as long-term deferred expenses and recorded into current profit and loss in production period.

**11. Revenue**

***(1) Revenue from rendering of services***

Where the outcome of a transaction involving the providing of services can be estimated reliably, at the end of the period, revenue associated with the transaction is recognized using the percentage of completion method.

The stage of completion of a transaction involving the providing of services is determined according to the proportion of costs incurred to the estimated total costs.

The outcome of a transaction involving the providing of services can be estimated reliably only when all of the following conditions can be satisfied at the same time:

A. The amount of revenue can be measured reliably;

B. The associated economic benefits are likely to flow into the enterprise;

C. The stage of completion of the transaction can be measured reliably;

D. The costs incurred and to be incurred in the transaction can be measured reliably.

If the outcome of a transaction involving the providing of services can't be estimated reliably, the revenue of providing of services is recognized at the service cost that incurred and is estimated to obtain compensation and the service cost incurred is recognized in profit or loss for the current period. If the service cost incurred is not to obtain compensation, revenue cannot be recognized.

**12. Subsidy income**

Subsidy income is calculated and recognized in the income statement upon receipt of the subsidy.

**13. Income Tax**

Income tax is recognized using the tax payable method.

## IV. CHANGES IN SIGNIFICANT ACCOUNTING POLICIES, ACCOUNTING ESTIMATES AND CORRECTION OF ERRORS IN PRIOR PERIODS

**(1) Changes in significant accounting policies and accounting estimates**

During the reporting period, the company has no changes in accounting policies and accounting estimates.

**(2) Corrections of errors in prior periods**

During the reporting period, the company has no corrections of errors.

## V. TAXATION

**1. Main types of taxes and corresponding tax rates**

| Tax type | Tax basis | Tax rate% |
|---|---|---:|
| VAT | Taxable income | 6 |
| Urban maintenance and construction tax | Turnover tax payable | 7 |
| Education fees | Turnover tax payable | 3 |
| Local additional education fees | Turnover tax payable | 2 |
| Enterprise income tax | Taxable profits | 25 |

**2. Tax preferential treatments and approval documents**

***(a) Tax exemption of offshore outsourcing revenue***

According to the Appendix 4 of Cai Shui [2016] 36,Zero VAT Rate and Tax Free Policy for Cross-border Taxable Acts, zero VAT rate is applicable to offshore service outsourcing business completely consumed overseas. Therefore, the company's offshore outsourcing business income in line with the regulations in the current period is exempt from VAT.

***(b) Additional deduction of input tax***

According to Ministry of finance, the State Administration of Taxation and the General Administration of Customs [2019] 39, Deepening VAT reform, from 1 April 2019 to 31 December 2021, taxpayers of production and consumer services are allowed 10% additional deduction of current input tax to offset tax payable.

According to Announcement No. 11 of 2022 of the Ministry of Finance and the State Administration of Taxation <Announcement on VAT Policy relating to Promoting the Relief and Development of Service Industries encounter difficulties >, Article 7 of <Announcement of the General Administration of Taxation of the Ministry of Finance on Deepening the Relevant Policies of the Value Value-Added Tax Reform> (Announcement No. 39 of 2019 of the General Administration of Taxation of the Ministry of Finance) and <Announcement of the State Administration of Taxation of the Ministry of Finance on Clarifying the VAT Super-deduction Policy for the Domestic Service Industry> (Announcement No. 87 of 2019 of the State Administration of Taxation of the Ministry of Finance) The implementation period, of the Value-Added Tax Super-deduction Policy for daily Domestic services, has been extended to December 31, 2022.

# INDEPENDENT AUDITOR'S REPORT

**TO THE SHAREHOLDERS OF**
**TATA CONSULTANCY SERVICES (THAILAND) LIMITED**

## Opinion

I have audited the financial statements of Tata Consultancy Services (Thailand) Limited (the "Company"), which comprise the statement of financial position as at 31 March 2023, the statements of income and changes in equity for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2023 and its financial performance for the year then ended in accordance with the Thai Financial Reporting Standard for Non-Publicly Accountable Entities (TFRS for NPAEs).

## Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing (TSAs). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Company in accordance with the *Code of Ethics for Professional Accountants including Independence Standards* issued by the Federation of Accounting Professions (Code of Ethics for Professional Accountants) that is relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics for Professional Accountants. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with TFRS for NPAEs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with TSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with TSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

# Notes to the financial statements

These notes form an integral part of the financial statements.

The financial statements issued for Thai statutory and regulatory reporting purposes are prepared in the Thai language. These English language financial statements have been prepared from the Thai language statutory financial statements and were approved and authorised for issue by the directors on 19 May 2023.

## 1 GENERAL INFORMATION

Tata Consultancy Services (Thailand) Limited, the "Company", is incorporated in Thailand on 12 May 2013 and has its registered office at 1818, Rasa Two Building, 17th Floor, Room No. 1707, Phetchaburi Road, Makkasan Sub-district, Ratchathewi District, Bangkok.

The parent company and ultimate parent company during the financial year were Tata Consultancy Services Asia Pacific Pte. Ltd. and Tata Consultancy Services Limited, which were incorporated in Singapore and India, respectively.

The principal activities of the Company are IT consulting, software solutions and IT outsourcing services.

## 2 BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements are prepared in accordance with Thai Financial Reporting Standard for Non-Publicly Accountable Entities (TFRS for NPAEs) and guidelines promulgated by the Federation of Accounting Professions.

In addition, the Company has complied Thai Financial Reporting for Publicly Accountable Entities ("TFRS for PAEs") as follows:

| TFRS | Topic |
|---|---|
| TAS 33 | Earnings per share |

The financial statements are prepared and presented in Thai Baht, rounded in the notes to the financial statements to the nearest thousand unless otherwise stated. They are prepared on the historical cost basis except as stated in the accounting policies.

The preparation of financial statements in conformity with TFRS for NPAEs requires management to make judgments, estimates and assumptions that affect the application of the Company's accounting policies. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

## 3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

### (a) Foreign currency transactions

Transactions in foreign currencies are translated to Thai Baht at the foreign exchange rates ruling at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Thai Baht at the exchange rates at that date. Gains or losses arising on translation are recognised in the statement of income.

Non-monetary assets and liabilities arising from foreign currency translations that are measured at cost are translated to Thai Baht at the exchange rates at the dates of the transactions.

### (b) Cash and cash equivalents

Cash and cash equivalents comprise call deposits and short-term fixed deposits in bank.

### (c) Trade and other receivables

Trade and other receivable are stated at their invoice value less allowance for doubtful accounts.

The allowance for doubtful accounts is assessed primarily on analysis of payment histories. Bad debts are written off when incurred. Bad debts recovered are recognised in other income in the statement of income.

**(d) Contract work in progress**

Unbilled contracts work in progress represents the gross unbilled amount expected to be collected from customers. Unbilled contract work in progress measured at cost of contract work plus profit recognised to date (see note 3(i)) less progress billings and recognised losses. Cost of contract work includes all expenditure related to specific contracts.

Revenue from rendering of services that is recognised for which contract billings are undue is presented as "unbilled contract work in progress" under current assets in the statement of financial position. If progress billing exceeds recognised revenue, then the difference is presented as "excess of progress billings over contract work in progress" under current liabilities in the statement of financial position.

**(e) Equipment**

***Owned assets***

Equipment are measured at cost less accumulated depreciation and losses on decline in value.

Cost includes expenditure that is directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of equipment have different useful lives, they are accounted for as separate items (major components) of equipment.

Any gains and losses on disposal of an item of equipment are determined by comparing the proceeds from disposal with the carrying amount of equipment, and are recognised in statement of income.

***Subsequent costs***

The cost of replacing a part of an item of equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of equipment are recognised in statement of income as incurred.

***Depreciation***

Depreciation is calculated based on the depreciable amount which excludes assets under construction, which is the cost of an asset, or other amount substituted for cost, less its residual value.

Depreciation is charged to the statement of income on a straight-line basis over the estimated useful lives of each component of an item of equipment. The estimated useful lives are as follows:

| | | |
|---|---|---|
| Furniture, fixtures and office equipment | 4 - 5 | years |

**(f) Losses on decline in value**

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indication of a permanent decline in value. If any such indication exists, the assets' recoverable amounts are estimated. A loss on decline in value is recognised if the carrying amount of an asset exceeds its recoverable amount. The loss on decline in value is recognised in the statement of income.

**(g) Trade and other payables**

Trade and other payables are stated at cost.

**(h) Provision**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate method.

***Provision for retirement benefits***

Provision for retired benefits are recognised using the best estimate method at the reporting date. The Company derecognises the provision when actual payment is made.

## Notes to the financial statements

**(i) Revenue**

Revenue excludes value added taxes and is arrived at after deduction of trade discounts.

***Services rendered***

Service income is recognised as services are provided.

***Contract revenue***

Contract revenue includes the initial amount agreed in the contract plus any variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and can be measured reliably. As soon as the outcome of a construction contract can be estimated reliably, contract revenue and expenses are recognised in the statement of income in proportion to the stage of completion of the contract.

The stage of completion is assessed based on cost-to-cost method. When the outcome of a contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable. An expected loss on a contract is recognised immediately in the statement of income.

**(j) Operating leases**

Payments made under operating leases are recognised on a straight-line basis over the term of the lease. Contingent rentals are recognised as expense in the accounting period in which they are incurred.

**(k) Income tax**

Income tax is calculated on the taxable income or loss for the year, using tax rates enacted at the reporting date.

**(l) Earnings (loss) per share**

Basic earnings (loss) per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

## 4. CASH AND CASH EQUIVALENTS

(Unit : in thousand Baht)

| | 2023 | 2022 |
|---|---|---|
| Cash at banks - current accounts | **3,107** | 7,043 |
| Cash at bank - short term fixed deposits | **-** | 22,003 |
| **Total** | **3,107** | 29,046 |

## 5. TRADE ACCOUNTS RECEIVABLE

(Unit : in thousand Baht)

| | 2023 | 2022 |
|---|---|---|
| Related parties | **15,568** | 8,785 |

| Provision for accumulated leave | **7,367** | 7,399 |
| Accrued bonus | **7,067** | 7,202 |
| Advances received from customers | **848** | - |
| **Total** | **83,923** | 161,923 |

### 11. PROVISION FOR RETIREMENT BENEFITS

(Unit : in thousand Baht)

| | 2023 | 2022 |
|---|---|---|
| At 1 April | **5,566** | 4,252 |
| Additions | **-** | 1,314 |
| Reversal | **(328)** | - |
| **At 31 March** | **5,238** | 5,566 |

## 12. LEGAL RESERVE

Legal reserve is set up under the provision of the Civil and Commercial Code, which requires that a company shall allocate not less than 5% of its net profit to a reserve account ("legal reserve") upon each dividend distribution, until the balance reaches an amount not less than 10% of the registered authorised capital. The legal reserve is not available for dividend distribution.

## 13. ADMINISTRATIVE EXPENSES

(Unit : in thousand Baht)

| | 2023 | 2022 |
|---|---|---|
| Employee benefit expenses | **48,441** | 38,309 |
| Facility expenses | **2,536** | 1,554 |
| Depreciation expenses | **1,434** | 776 |
| Travelling expenses | **1,075** | 825 |
| Professional fees | **1,008** | 1,187 |
| Communication expenses | **205** | 270 |
| Recruitment expenses | **167** | 855 |
| Reversal of bad and doubtful debts | **-** | (3,026) |
| Others | **12,627** | 18,792 |
| **Total** | **67,493** | 59,542 |

## 14. EMPLOYEE BENEFIT EXPENSES

(Unit : in thousand Baht)

| | 2023 | 2022 |
|---|---|---|
| Salaries and overtime and bonuses | **183,274** | 220,711 |
| Contribution to defined contribution plan | **4,234** | 3,854 |
| Provision for employee benefits | **(328)** | 1,314 |
| Others | **6,321** | 2,022 |
| **Total** | **193,501** | 227,901 |

The define contribution plan comprises a provident fund established by the Company for its employees. Membership to the fund is on a voluntary basis. Contributions are made monthly by the employees at rates 5% of their basic salaries and by the Company at rates 5% of the employee's basic salaries. The provident fund is registered with the Ministry of Finance as juristic entity and is managed by a licensed Fund Manager.

## 15.BASIC EARNINGS (LOSS) PER SHARE

The calculations of basic earnings (loss) per share for the years ended 31 March 2023 and 2022 were based on the profit or loss for the years attributable to ordinary shareholders of the Company and the number of ordinary shares outstanding during the years as follows:

(in thousand Baht / thousand shares)

| | 2023 | 2022 |
|---|---|---|
| **Profit (loss) attributable to ordinary shareholders of' the Company** | **(3,866)** | 12,746 |
| **Number of ordinary shares outstanding** | **800** | 800 |
| **Basic earnings (loss) per share *(in Baht)*** | **(4.83)** | 15.93 |

## Notes to the financial statements

### 16. DIVIDENDS

The board of directors of the Company have approved dividends as follows:

| Approval date | Payment schedule | Dividend rate per share (Baht) | Amount (in thousand Baht) |
|---|---|---|---|
| **27 February 2023** | **March 2023** | **12.50** | **10,000** |
| 17 February 2022 | March 2022 | 47.00 | 37,600 |

### 17. COMMITMENTS

(Unit : in thousand Baht)

| | 2023 | 2022 |
|---|---|---|
| *Non-cancellable operating lease commitments* | | |
| Within 1 year | **2,398** | 2,398 |
| After 1 year but within 5 years | **1,399** | 3,796 |
| **Total** | **3,797** | 6,194 |

As at 31 March 2023, the Company had operating lease agreements covering its office premises and service for the periods 3 years expiring on various dates up to 31 October 2024.

# Independent Auditor's Report

**No. : 00290/2.1005/AU.1/05/1694-3/1/V/2023**
**THE SHAREHOLDERS,**
**BOARD OF COMMISSIONERS AND DIRECTOR**
**PT TATA CONSULTANCY SERVICES INDONESIA:**

**Report on Audit of the Financial Statements**

### Opinion

We have audited the financial statements of PT Tata Consultancy Services Indonesia ("the Company"), which comprise the statement of financial position as of 31 March 2023, the statements of profit or loss and other comprehensive income, changes in equity, and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of 31 March 2023, and its financial performance and its cash flows for the year then ended in accordance with Indonesian Financial Accounting Standards.

### Basis for Opinion

We conducted our audit in accordance with Standards on Auditing established by the Indonesian Institute of Certified Public Accountants. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report, We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Indonesia, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Indonesian Financial Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes forming part of Financial Statements

### 1. GENERAL

**a.** PT Tata Consultancy Services Indonesia (the "Company") was established in the Republic of Indonesia in 2006.

The Company's office is located at Gedung Menara Prima #16 Unit F, Jl. DR. Ide Anak Agung Gde Agung Blok 6.2, Kuningan, Jakarta Selatan 12950.

**b.** The Company is engaged in the Information Technology (IT) services, consulting and business solutions.

### 2. BASIS OF PREPARATION

**a. Statement of compliance**

The financial statements have been prepared in accordance with Indonesian Financial Accounting Standards ("SAK").

**b.** The Company's Director approved the financial statements for issuance on 17 May 2023.

**c. Basis of measurement**

The financial statements are prepared on the accrual basis using the historical cost concept, except where the accounting standards require fair value measurement.

**d. Functional and presentation currency**

The financial statements are presented in Rupiah, rounded to the nearest million, which is the Company's functional currency.

**e. Use of judgments, estimates and assumptions**

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from the estimated amounts.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

**(i) Judgments**

Information about judgments made in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in Note 10 – revenue recognition: contractual performance obligations, timing of revenue recognition and revenue classification.

**(ii) Assumptions and estimation uncertainties**

Information about the assumptions and estimation uncertainties that may result in a material adjustment to the carrying amounts of assets and liabilities in the following year is included in Note 8 – Measurement of employee benefits obligation: actuarial assumptions.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

**a. Cash equivalents**

Short-term time deposits with original maturities of three months or less are considered as cash equivalents.

**b. Fixed assets**

Fixed assets are measured using the cost model, i.e. initially measured at cost and subsequently carried net of accumulated depreciation and accumulated impairment losses. Depreciation is applied using the straight-line method over the estimated useful lives of the assets as follows:

## Notes forming part of Financial Statements

| | | |
|---|---|---|
| Computers | : | 4 years |
| Installations | : | 2 years |
| Office equipment | : | 5 - 10 years |
| Furniture and fixtures | : | 5 - 10 years |
| Leasehold improvement | : | lease period |

**c. Impairment of non-financial assets**

The carrying amount of the each cash-generating unit ("CGU") within non-financial assets is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognized if the carrying amount of a CGU exceeds its recoverable amount. A CGU is the smallest identifiable asset group that generates cash flows that largely are independent from other assets. Impairment losses are recognized in profit or loss.

The recoverable amount of a CGU is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

**d. Post-employment benefits**

The obligation for post-employment benefits is calculated at the present value of estimated future benefits that the employees have earned in return for their services in the current and prior periods. The calculation is performed by a qualified actuary using the project unit credit method.

Gains or losses arising from actuarial remeasurement of the net defined benefit liability are recognized immediately in other comprehensive income. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in profit or loss.

**e. Financial instruments**

*(i) Financial assets*

On initial recognition, a financial asset is classified as measured at amortized cost; fair value through other comprehensive income ("FVOCI") – debt investment; FVOCI – equity investment; or, fair value through profit or loss ("FVTPL").

Financial assets are not reclassified subsequent to their initial recognition, unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

The financial assets that are measured at amortized cost consist of cash in banks and cash equivalents, trade and other receivables and refundable deposits. These financial assets are initially recognized at fair value plus directly attributable transaction costs, and subsequently are measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognized in profit or loss. Gains or losses on derecognition of these financial assets are recognized in profit or loss.

*(ii) Financial liabilities*

Financial liabilities are classified as either measured-at-amortized cost, or at FVTPL. A FVTPL financial liability is measured as such if it is classified as held-for-trading, if it is a derivative, or if it is designated as measured-at-FVTPL on initial recognition.

Trade and other payables are initially recognized at fair value plus transaction costs and subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Gains or losses on derecognition are also recognized in profit or loss.

*(iii) Derecognition*

**Financial assets**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred: i.e. when control over the financial asset is relinquished.

In transactions where a financial asset is transferred but the risks and rewards associated with ownership are somehow retained the transferred asset is not derecognized.

**Financial liabilities**

The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled, or otherwise extinguished. The Company also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability, based on the modified terms, is recognized at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

*(iv) Offsetting*

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

*(v) Impairment*

The Company recognizes loss allowances for expected credit loss ("ECL") on financial assets measured at amortized cost.

*Measurement of ECLs*

ECLs are a probability-weighted estimates of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

*Presentation of allowance for ECL in the statement of financial position*

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The Company measures loss allowances at an amount that reflects the lifetime ECL, except for cash in banks and cash equivalents and refundable deposits for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, wherein the loss allowances are determined based on the 12-month ECL.

Loss allowances for trade and other receivables, and for contract assets that are measured at amortized cost, are measured at an amount that represents the lifetime ECL.

## Notes forming part of Financial Statements

**f. Leases**

At inception of a contract, the Company determines if a contract is, or contains, a lease by considering whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration. A contract conveys the right to control the use of an identified asset if all of the following conditions are met:

- the contract involves the use of substantially all of the capacity of an identified asset that is physically distinct (as specified explicitly or implicitly in the contract). If the supplier has a substantive substitution right, then the asset cannot be considered as identifiable;

- the Company has the right to obtain substantially all of the economic benefits from the use of the asset throughout the period of use; and

- the Company has the right to direct the use of the asset: i.e. it has decision-making rights that are most relevant to changing how and for what purpose the asset is used.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of fixed assets. In addition, the right-of-use asset is periodically reduced by impairment losses if any and adjusted for certain remeasurements (as described below) of the lease liability. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability consist of the following:

- fixed payments, including in-substance fixed payments;

- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

- amounts expected to be payable under a residual value guarantee; and

- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an option renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase option, a term extension option or a termination option.

When the lease liability is measured this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company's right-of-use assets are presented as "Fixed assets". The lease liability are presented as "Lease liabilities" in the statement of financial position.

**g. Revenue**

Revenue is measured based on the consideration specified in a contract with a customer. The Company recognizes revenue when in transfers control over a product or service to a customer.

The following table provides information about the nature and timing of the satisfaction of performance obligation in contracts with customers, including significant payment terms, and the related revenue recognition policies.

| Type of product / service | Nature and timing of satisfaction of performance obligations, including significant payment terms | Revenue recognition policies |
|---|---|---|
| Consultancy, maintenance and support services | Invoices are issued on a basis of contractual terms and are usually payable within 30 - 90 days. | Revenue is recognized based on time elapsed mode and revenue is straight lined over the period of performance. |
| Time and material and job contracts | Invoices are issued on a monthly basis and are usually payable within 30 - 90 days. | Revenue is recognized on output basis measured by units delivered, efforts expended, number of transactions processed, etc. |
| Fixed price contracts | Invoices are issued on the basis contractual milestone and are usually payable within 30 - 90 days. | Revenue is recognized using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations. |
| Third party hardware or software<br>Internally developed software and manufactured systems<br>(collectively termed as "products") | Customers obtain control of the products when the products are delivered to the customer's premises. Invoices are generated and revenue is recognized at that point in time. Invoices are usually payable within 30 – 90 days. | Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.<br><br>Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer. |

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned revenue is recognized when there is billings in excess of revenues.

**h. Foreign currency transactions**

Transactions in foreign currencies are translated to the Company's functional currency (Rupiah) at the rates of exchange prevailing at transaction date. Monetary assets and liabilities denominated in foreign currencies are retranslated to the functional currency at the exchange rate at the reporting date. Foreign currency gains or losses on monetary items are

## Notes forming part of Financial Statements

comprised of the difference between amortized cost measured in the functional currency at the beginning of the period as adjusted for effective interest and payments during the period, and the amortized cost measured in foreign currency translated at the exchange rate at reporting date.

Non-monetary assets and liabilities denominated in a foreign currency that are measured at historical cost are translated using the exchange rate at the date of the transaction.

Foreign currency gains and losses on retranslation of monetary assets and liabilities that arise from operating activities are generally recognized in profit or loss.

### i. Finance income

Finance income comprises interest income on funds invested in banks.

### j. Income tax

Income tax expense consist of current and deferred corporate income tax. Current tax and deferred tax are recognized in profit or loss except to the extent that they relate to items recognized directly in equity or in other comprehensive income.

Current tax expense is the amount of tax paid, or payable on taxable income or loss for the year, using tax rates substantively enacted as of the reporting date, and includes true-up adjustments made to the previous years' tax provisions either to reconcile them with the income tax reported in annual tax returns, or to account for differences arising from tax assessments. Current tax expense is measured using the best estimate of the amount expected to be paid or received, taking into consideration the uncertainty associated with the complexity of tax regulations.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted as of the reporting date. This accounting policy also requires the recognition of tax benefits, such as tax loss carry forwards, which are originated in the current period that are expected to be realized in the future periods, to the extent that realization of such benefits is probable.

Deferred tax assets represent the net remaining balance of deferred tax benefits that have been originated and utilized through the reporting date. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of their realization through future taxable profits improves.

## 4. CASH IN BANKS AND CASH EQUIVALENTS

(In millions of Rupiah)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Cash in banks | **5,885** | 8,546 |

| | **36,929** | 51,348 |
| | **85,478** | 75,361 |

## Notes forming part of Financial Statements

### 7. UNEARNED REVENUE

(In millions of Rupiah)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Balance at 1 April | **5,436** | 13,371 |
| Billings during the year | **16,609** | 5,436 |
| Revenue recognized during the year | **(5,125)** | (13,371) |
| Balance at 31 March | **16,920** | 5,436 |

### 8. EMPLOYEE BENEFITS OBLIGATION

In accordance with Indonesian labor regulations, the Company is required to provide certain post-employment benefits to its employees when their employment is terminated or when they retire. These benefits are primarily based on years of service and the employees' compensation at termination or retirement.

The following table reflects the balance of the obligation for post-employment benefits as of the reporting dates, as well as the movements in the obligation, and the expense recognized during 2023 and 2022:

(In millions of Rupiah)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Movement in the defined benefit obligation** | | |
| Defined benefit obligation, beginning of year | **5,104** | 3,802 |
| - Past service cost | **(542)** | (383) |
| - Current service cost | **1,257** | 1,375 |
| - Interest cost | **284** | 256 |
| **Included in other comprehensive income** | | |
| Actuarial (gains) losses arising from: | | |
| - financial assumptions | **(17)** | 62 |
| - experience adjustment | **(429)** | (5) |
| **Others** | | |
| - Benefits paid | **(266)** | (3) |
| Defined benefit obligation, end of year | **5,391** | 5,104 |
| Short-term employee benefits obligation | **(131)** | (332) |
| Employee benefits obligation | **5,260** | 4,772 |

**Actuarial assumptions**

Principal assumptions used in the actuarial calculations were as follows:

| | 2023 | 2022 |
|---|---|---|
| Discount rate | **6.01% - 7.21% per annum** | 3.18% - 7.34% per annum |
| Future salary increase rate | **7.00% per annum** | 7.00% per annum |

At 31 March 2023, the weighted-average duration of the defined benefit obligation was 13.65 years (2022: 17.41 years).

The discount rate is used in determining the present value of the benefit obligation at valuation date. In general, the discount rate correlates with the yield on high quality zero coupon government bonds that are traded in active capital markets at the reporting date.

The future salary increase assumptions projects the benefit obligation starting from the valuation date through the normal retirement age. The salary increase rate is generally determined by applying inflation adjustments to pay scales, and by taking account of the length of service.

**Sensitivity analysis**

It is reasonably possible that the key actuarial assumptions applied in estimating the post-employment benefits may turn out to be different than expected. The range of such reasonably expected variability would affect the defined benefit obligation at the reporting date by the following amounts:

(In millions of Rupiah)

| | 2023 | | 2022 | |
|---|---|---|---|---|
| | 1% increase | 1% decrease | 1% increase | 1% decrease |
| Discount rate | **(442)** | **504** | (513) | 604 |
| Future salary increase rate | **498** | **(446)** | 599 | (518) |

This analysis depicts the approximate sensitivity of the benefits obligation to a reasonably possible change in assumptions, but does not take account of the variability in the timing of the distribution of benefit payments expected under the plan.

## 9. SHARE CAPITAL AND APPROPRIATED RETAINED EARNINGS

As of 31 March 2023 and 2022, the Company's authorized share capital amounted to Rp 2,508 million (250 shares at a nominal value of Rp 10,030,000 (whole Rupiah) or USD 1,000 per share), of which amounted to Rp 1,003 million (100 shares at a nominal value of Rp 10,030,000 (whole Rupiah) or USD 1,000 per share) have been fully issued and paid-up by the following shareholders:

| | Nominal value | | | |
|---|---|---|---|---|
| **Shareholders** | **Number of shares** | **In millions of Rupiah** | **USD** | **%** |
| Tata Consultancy Services Asia Pacific Pte., Ltd, Singapore | 99 | 993 | 99,000 | 99% |
| Tata Consultancy Services Malaysia Sdn., Bhd, Malaysia | 1 | 10 | 1,000 | 1% |
| | 100 | 1,003 | 100,000 | 100% |

Based on the General Shareholders' Meeting, the Company established a statutory reserve of 20% of the issued and paid up share capital amounting to Rp 201 million in accordance with the Indonesian Limited Liability Company Law.

## 10. REVENUE AND CONTRACT ASSETS

**Revenue**

(In millions of Rupiah)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Rendering of consultancy, maintenance and support services (timing on revenue recognition: overtime):** | | |
| Third parties | **179,604** | 181,615 |
| Related parties (Note 15a) | **8,919** | 4,000 |
| | **188,523** | 185,615 |
| **Sales of hardware and software (timing on revenue recognition: point in time):** | | |
| Third parties | **2,100** | 3,672 |
| | **190,623** | 189,287 |

## Notes forming part of Financial Statements

### Contract assets

The contract assets primarily relate to the Company's right for consideration for work completed but not billed at the reporting date for its consultancy services. The following table provide information about contract assets from contracts with customers:

(In millions of Rupiah)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Balance 1 April | **65,849** | 50,373 |

| Others | **1,754** | 1,778 |
| | **24,462** | 22,930 |

## 13. TAXATION

**a. Claims for tax refund consist of:**

(In millions of Rupiah)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| **Corporate income tax:** | | |
| Fiscal year 2017 | **-** | 16,686 |
| **Value added tax:** | | |
| Fiscal year 2017 | **-** | 149 |
| | **-** | 16,835 |

**Corporate income tax (CIT) - fiscal year 2013**

The 2013 CIT overpayment case is being processed at the Supreme Court following a judicial review filed by the Company disputing the amount of Rp 4,858 million on 5 February 2020. As of 31 March 2022, the Company recognized a full provision for this tax dispute. As of the issuance of these financial statements, no verdict on the judicial review has been issued yet.

**Corporate income tax (CIT) - fiscal year 2017**

The 2017 CIT overpayment case has been processed at the Tax Court following an appeal filed by the Company disputing the amount of Rp 16,686 million on 30 December 2020. In November 2022, tax court issued a verdict that approve the Company's claim of Rp 16,617 million, which is lower than the initial claim. The Company agreed with the verdict result and charged the unrecoverable amount of Rp 69 million as adjustment to prior years' tax expense. In December 2022, the Company received the CIT refund of Rp 16,617 million.

**Value added tax (VAT) - fiscal year 2017**

The 2017 VAT underpayment case have been processed at the Tax Court following an appeal filed by the Company disputing the amount of Rp 149 million on 17 December 2020. In November 2022, tax court issued a verdict that approve the Company's appeal of Rp 149 million. In December 2022, the Company received the VAT refund of Rp 149 million.

**b. Income tax payable consist of:**

(In millions of Rupiah)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Corporate income tax: | | |
| Fiscal year 2023 | **775** | - |
| Fiscal year 2022 | **-** | 3,944 |
| Fiscal year 2018 | **1,214** | - |
| Income tax installments, article 25 | **630** | 519 |
| | **2,619** | 4,463 |

The Company's corporate income tax (CIT) for fiscal year 2018 has been audited by the Tax Authorities. The tax assessment letter issued in March 2023, resulting an underpayment of CIT of Rp 1,214 million. The Company agreed with the tax assessment result and recorded the CIT underpayment of Rp 1,214 million as part of income tax payables as of 31 March 2023.

## Notes forming part of Financial Statements

**c. The components of income tax recognized in profit or loss are as follows:**

(In millions of Rupiah)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| **Current tax expense:** | | |
| Current year | **10,115** | 12,369 |
| Provision for the 2013 corporate income tax | **-** | 4,858 |
| Adjustments to prior years' tax expense | **(315)** | - |
| | **9,800** | 17,227 |
| **Deferred tax benefit:** | | |
| Origination and reversal of temporary differences | **(1,462)** | (2,138) |
| | **8,338** | 15,089 |

**d. Income tax expense is reconciled with profit before tax as follows:**

(In millions of Rupiah)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Profit before tax | **38,136** | 39,903 |
| Statutory tax rate | **22%** | 22% |
| | **8,390** | 8,779 |
| Non-deductible expenses | **263** | 1,452 |
| Provision for the 2013 corporate income tax | **-** | 4,858 |
| Adjustments to prior years' tax expense | **(315)** | - |
| Income tax expense | **8,338** | 15,089 |

**e. Recognized deferred tax balances and the movement thereof during the year were comprised of the following:**

(In millions of Rupiah)

| | Year ended March 31, 2022 | Recognized in profit or loss | Recognized in other comprehensive income | Year ended March 31, 2023 |
|---|---|---|---|---|
| Deferred tax assets (liabilities): | | | | |
| Provision for impairment of trade receivables | **3,005** | **(81)** | **-** | **2,924** |
| Accrued expenses | **1,236** | **1,360** | **-** | **2,596** |
| Employee benefits obligation | **1,122** | **162** | **(98)** | **1,186** |
| Fixed assets | **(4)** | **21** | **-** | **17** |
| Deferred tax assets, net | **5,359** | **1,462** | **(98)** | **6,723** |

Back to content

(In millions of Rupiah)

| | Year ended March 31, 2021 | Recognized in profit or loss | Recognized in other comprehensive income | Year ended March 31, 2022 |
|---|---|---|---|---|
| Deferred tax assets (liabilities): | | | | |
| Provision for impairment of trade receivables | 2,500 | 505 | - | 3,005 |
| Accrued expenses | (128) | 1,364 | - | 1,236 |
| Employee benefits obligation | 836 | 273 | 13 | 1,122 |
| Fixed assets | - | (4) | - | (4) |
| Deferred tax assets, net | 3,208 | 2,138 | 13 | 5,359 |

The temporary difference that give rise to the deferred tax asset for the provision for impairment of trade receivables does not expire, however before such provision can be deductible the Company must provide evidence that the receivables are not collectible, and thereby must write off the uncollectible balances. Management believes that the Company will be able to provide evidence that the receivables are not collectible as required by the Indonesian Income Tax Law.

**f.** Under the taxation laws of Indonesia, the Company submits tax returns on the basis of self-assessment. The tax authorities may assess or amend taxes within the statute of limitations, under prevailing regulations.

The Company's tax positions may be challenged by the tax authorities. The Company's tax positions are formed on sound technical bases, in compliance with the tax regulations. Accordingly, management believes that no accruals for potential income tax liabilities is necessary. This assessment relies on estimates and assumptions and may involve judgment about future events. New information may become available that causes management to change its judgment. Such changes will impact tax expense in the period in which such determination is made.

**g.** In October 2021, Law No. 7/2021 amended the previously promulgated Law No. 2/2020, and thereby changed the statutory tax rate applicable for 2022 onwards from 20% to 22%.

## 14. DISTRIBUTIONS TO SHARE HOLDERS

The annual general shareholders' meeting on 27 February 2023 declared the distribution of cash dividends of Rp 31,000 million. The dividends were paid on 15 March 2023.

The annual general shareholders' meeting on 17 February 2022 declared the distribution of cash dividends of Rp 21,513 million. The dividends were paid on 8 March 2022.

## 15. RELATED PARTIES

The Company is ultimately controlled by Tata Sons Limited (incorporated in India).

The Company's parent company is Tata Consultancy Services Asia Pacific Pte., Ltd (incorporated in Singapore) and its intermediate parent is Tata Consultancy Services Limited (incorporated in India).

The Company's entities under common control are Tata Consultancy Services Malaysia Sdn., Bhd (incorporated in Malaysia), Tata Consultancy Services (China) Co., Ltd. and Tata America International Corporation (incorporated in United States).

## 16. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

**Financial instruments**

The Company's financial assets and liabilities are expected to be realized, or settled in the near term. Therefore, their carrying amounts approximate their fair values.

**Financial risk management**

The main risks arising from the Company's financial instruments are credit risk, liquidity risk and currency risk.

**Credit risk**

Credit risk is the risk of financial loss in the event that a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Company's credit risk principally arises from trade receivables from customers.

The carrying amounts of financial assets represent the maximum credit exposure.

**Trade and other receivables and contract assets**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate.

The Company minimizes its exposure to credit risk of trade and other receivables and contract assets by assessing and monitoring the credit worthiness of customers. The exposure is also further limited by mandating payment terms of no longer than 30 days and by actively enforcing collection from customers prior to the due date.

## Notes forming part of Financial Statements

The Company's most significant customer, PT Bank Negara Indonesia (Persero), Tbk., accounts for Rp 37,905 million of the trade receivables carrying amount at 31 March 2023 (2022: Rp 14,314 million).

An analysis of the credit quality of trade and other receivables and contract assets is summarized below:

(In millions of Rupiah)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| | Carrying amount | Carrying amount |
| Not past due | **99,480** | 71,951 |
| Past due: | | |
| Less than 90 days | **27,067** | 26,574 |
| 91 days to 1 year | **4,805** | 5,832 |
| 1 year and above | **54** | 116 |
| | **131,406** | 104,473 |

The following table provides information about the exposure to credit risk and ECLs for trade and other receivables and contract assets as at 31 March 2023 and 2022:

(In millions of Rupiah)

| | 31 March 2023 | | |
|---|---|---|---|
| | Weighted average loss rate | Gross carrying amount | Loss allowance |
| Not past due | **0%** | **99,480** | **-** |
| Past due: | | | |
| Less than 90 days | **0%** | **27,067** | **-** |
| 91 days to 1 year | **0%** | **4,805** | **-** |
| 1 year and above | **99%** | **13,344** | **13,290** |
| | | **144,696** | **13,290** |

(In millions of Rupiah)

| | 31 March 2022 | | |
|---|---|---|---|
| | Weighted average loss rate | Gross carrying amount | Loss allowance |
| Not past due | **0%** | **71,951** | **-** |
| Past due: | | | |
| Less than 90 days | **0%** | **26,574** | **-** |
| 91 days to 1 year | **20.16%** | **7,305** | **1,473** |
| 1 year and above | **99.06%** | **12,276** | **12,160** |
| | | **118,106** | **13,633** |

The movement in the allowance for impairment in respect of trade and other receivables and contract assets during the year was as follows:

(In millions of Rupiah)

| | Year ended March 31,2023 | Year ended March 31, 2022 |
|---|---|---|
| Balance at 1 April | **13,633** | 11,083 |
| Net remeasurement of loss allowance | **(343)** | 2,550 |
| Balance at 31 March | **13,290** | 13,633 |

**Cash in banks and cash equivalents**

The Company's cash in banks and cash equivalents are deposited at reputable banks that are subject to tight regulations, therefore, the exposure to loss is minimized.

**Refundable deposits**

Refundable deposits represents cash paid in advance by the Company whereby the Company expects to be refundable after a specific period of time, or when certain conditions are satisfied, therefore, no significant credit risk factors was identified.

**Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company manages this liquidity risk by on-going monitoring of the projected and actual cash flows.

The following are the contractual maturities of financial liabilities, including estimated interest payments:

(In millions of Rupiah)

| | | Contractual cash flows |
|---|---|---|
| | Carrying amount | Total/Within 1 year |
| **31 March 2023** | | |
| **Financial liabilities** | | |

## Notes forming part of Financial Statements

**Currency risk**

The Company is exposed to currency risk on few sales and purchases that are denominated in a currency other than their functional currency, primarily in US Dollars. Management mitigates the overall risk by buying or selling currencies of US Dollars at spot rate when necessary.

The Company's net exposure to currency risk is as follows:

(In full amount)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| In full amount | **US Dollars** | US Dollars |
| Assets | **836,915** | 233,477 |
| Liabilities | **(562,269)** | (473,066) |
| Net exposure | **274,646** | (239,589) |

At reporting dates, balances of monetary assets and liabilities denominated in US Dollars are translated into Rupiah using the prevailing exchange rates which is Rp 14,925/US Dollars at 31 March 2023; and Rp 14,369/US Dollars at 31 March 2022.

The Company believes that a strengthening/weakening of Rupiah, against the US Dollars would not have significant impact to equity and profit or loss after income tax. This analysis is based on US Dollars rate variances that management considers as being reasonably possible at the reporting date. The analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecasted sales and purchases.

**Capital risk management**

The Company manages capital with the objective of being able to continue as a going concern and sustaining its ability to provide returns for shareholders and benefits for other stakeholders, as well as maintaining an optimal capital structure to minimize the effective cost of capital. This objective is achieved by limiting the amounts of dividends.

### Report on the Audit of the Financial Statements

## Opinion

We have audited the financial statements of Tata Consultancy Services (Philippines), Inc. (the "Company"), a wholly-owned subsidiary of Tata Consultancy Services Asia Pacific Pte. Ltd., which comprise the statements of financial position as at March 31, 2023 and 2022, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2023 and 2022, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standard (PFRSs).

## Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

## Report on the Supplementary Information Required Under Revenue Regulations No. 15-2010 of the Bureau of Internal Revenue

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes, duties and license fees in Note 27 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management. The supplementary information has been subjected to the auditing procedures applied in our audits of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## Notes forming part of the Financial Statements

### 1. CORPORATE INFORMATION

Tata Consultancy Services (Philippines) Inc. (the "Company") was organized under the laws of the Republic of the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on September 19, 2008. The Company's principal activities are to provide information technology (IT), business solutions and outsourcing services.

The Company is a wholly-owned subsidiary of Tata Consultancy Services Asia Pacific Pte. Ltd. (the "Parent Company"), a company incorporated under the laws of Singapore. Tata Consultancy Services Limited (the "Intermediate Parent"), a company incorporated in India and Tata Sons Limited ("the Ultimate Parent"), a company incorporated in India is the Company's ultimate parent company.

The Company is registered with the Philippine Economic Zone Authorities (PEZA) under Republic Act No. 7916 (The Special Economic Zone Act of 2005) as an Ecozone IT Enterprise on June 2, 2010.

The Company is concurrently registered with the Philippine Board of Investments (BOI) under Executive Order No. 226 (Omnibus Investment Code of 1987) as an Export Market Enterprise on December 22, 2022.

### 2. BASIS OF PREPARATION

**Statement of Compliance**

The financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs). PFRSs are based on International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB). PFRSs which are issued by the Philippine Financial and Sustainability Reporting Standards Council (FRSC), consist of PFRSs, Philippine Accounting Standards (PASs), and Philippine Interpretations.

**Basis of Measurement**

The financial statements of the Company have been prepared on the historical cost basis of accounting, except for the retirement benefit obligation which is measured at the present value of defined benefit obligation, certain financial instruments which are measured at fair value or amortized cost at the end of each reporting period & Lease liability which is measured at amortized cost.

**Functional and Presentation Currency**

The financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Philippine Peso, which is the Company's functional currency. All amounts are rounded to the nearest Peso, except when otherwise indicated.

**Authorization for Issuance of the Financial Statements**

The accompanying financial statements were approved and authorized for issue by the Company's Board of Directors (BOD) on May 15, 2023.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all years presented in the financial statements, except for the changes in accounting policies as explained below.

**Adoption of New or Revised Standards, Amendments to Standards and Interpretations**

The Company has adopted the following amendments to standard and interpretation starting April 1, 2022 and accordingly changed its accounting policies. Except as otherwise indicated, the adoption of these new standards did not have any significant impact on Company's financial statements.

- *Property, Plant and Equipment - Proceeds before Intended Use (Amendments to PAS 16 Property, Plant and Equipment)*. The amendments prohibit an entity from deducting from the cost of an item of property, plant and equipment the proceeds from selling items produced before that asset is available for use. The proceeds before intended use should be recognized in profit or loss, together with the costs of producing those items which are identified and measured in accordance with *PAS 2 Inventories*.

  The amendments also clarify that testing whether an item of property, plant and equipment is functioning properly means assessing its technical and physical performance rather than assessing its financial performance.

For the sale of items that are not part of a company's ordinary activities, the amendments require the company to disclose separately the sales proceeds and related production cost recognized in profit or loss and specify the line items in which such proceeds and costs are included in the statement of comprehensive income. This disclosure is not required if such proceeds and cost are presented separately in the statement of comprehensive income.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. Earlier application is permitted. The amendments apply retrospectively, but only to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented in the financial statements in which the company first applies the amendments.

- *Onerous Contracts - Cost of Fulfilling a Contract (Amendment to PAS 37 Provisions, Contingent Liabilities and Contingent Assets)*. The amendments clarify that the cost of fulfilling a contract when assessing whether a contract is onerous includes all costs that relate directly to a contract - i.e. it comprise both incremental costs and an allocation of other direct costs.
- The amendments are effective for annual reporting periods beginning on or after January 1, 2022 to contracts existing at the date when the amendments are first applied. At the date of initial application, the cumulative effect of applying the amendments is recognized as an opening balance adjustment to retained earnings or other component of equity, as appropriate. The comparatives are not restated. Earlier application is permitted.
- Annual Improvements to PFRS Standards 2018-2020. This cycle of improvements contains amendments to four standards:
  - *Subsidiary as a First-time Adopter (Amendment to PFRS 1 First-time Adoption of Philippine Financial Reporting Standards)*. The amendment simplifies the application of PFRS 1 for a subsidiary that becomes a first-time adopter of PFRS later than its parent. The subsidiary may elect to measure cumulative translation differences for all foreign operations at amounts included in the consolidated financial statements of the parent, based on the parent's date of transition to PFRS.
  - *Fees in the '10 per cent' Test for Derecognition of Financial Liabilities (Amendment to PFRS 9 Financial Instruments)*. The amendment clarifies that for the purpose of performing the '10 per cent' test for derecognition of financial liabilities, the fees paid net of fees received included in the discounted cash flows include only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.
  - *Lease Incentives (Amendment to Illustrative Examples accompanying PFRS 16 Leases)*. The amendment deletes from the Illustrative Example 13 the reimbursement relating to leasehold improvements to remove the potential for confusion because the example had not explained clearly enough the conclusion as to whether the reimbursement would meet the definition of a lease incentive in PFRS 16.
  - *Taxation in Fair Value Measurements (Amendment to PAS 41 Agriculture)*. The amendment removes the requirement to exclude cash flows for taxation when measuring fair value, thereby aligning the fair value measurement requirements in PAS 41 with those in PFRS 13 *Fair Value Measurement*.

The amendments are effective for annual reporting periods beginning on or after January 1, 2022. Earlier application is permitted.

- *Reference to the Conceptual Framework (Amendment to PFRS 3 Business Combinations)*. The amendments:
  - updated PFRS 3 so that it now refers to the 2018 Conceptual Framework
  - added a requirement that, for transactions and other events within the scope of PAS 37 *Provisions, Contingent Liabilities and Contingent Assets* or IFRIC 21 *Levies*, an acquirer applies PAS 37 or IFRIC 21 instead of the Conceptual Framework to identify the liabilities it has assumed in a business combination; and
  - added an explicit statement that an acquirer does not recognize contingent assets acquired in a business combination.

The amendments are effective for business combinations occurring in reporting periods starting on or after January 1, 2022. Earlier application is permitted.

## Notes forming part of the Financial Statements

**Standard Issued But Not Yet Adopted**

A number of new standards and amendments to standards are effective for annual periods beginning after April 1, 2022. However, the Company has not early adopted the following new or amended standards in preparing these financial statements. Unless otherwise stated, none of these are expected to have a significant impact on the Company's financial statements.

**Effective January 1, 2023**

- *Classification of Liabilities as Current or Non-current (Amendments to PAS 1 Presentation of Financial Statements)*. To promote consistency in application and clarify the requirements on determining whether a liability is current or non-current, the amendments:

  - removed the requirement for a right to defer settlement of a liability for at least twelve months after the reporting period to be unconditional and instead requires that the right must have substance and exist at the end of the reporting period;
  - clarified that a right to defer settlement exists only if the company complies with conditions specified in the loan agreement at the end of the reporting period, even if the lender does not test compliance until a later date; and
  - clarified that settlement of a liability includes transferring a company's own equity instruments to the counterparty, but conversion options that are classified as equity do not affect classification of the liability as current or non-current.

The amendments apply retrospectively for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted.

In November 2021, the International Accounting Standards Board issued the Exposure Draft, *Non-Current Liabilities with Covenants* after considering stakeholder feedback on the December 2020 tentative agenda decision issued by the IFRS Interpretations Committee about the amendments. The exposure draft proposes to again amend IAS 1 as follows:

  - Conditions which the entity must comply within twelve months after the reporting period will have no effect on the classification as current or non-current.
  - Additional disclosure requirements will apply to non-current liabilities subject to such conditions to enable the assessment of the risk that the liability could become repayable within twelve months.
  - Separate presentation in the statement of financial position will be required for non-current liabilities for which the right to defer settlement is subject to conditions within 12 months after the reporting period.

The effective date of the amendments will be deferred to no earlier than January 1, 2024.

- *Definition of Accounting Estimates (Amendments to PAS 8 Accounting Policies, Changes in Accounting Estimates and Errors)*. To clarify the distinction between changes in accounting policies and changes in accounting estimates, the amendments introduce a new definition for accounting estimates, clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty. The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that an accounting estimate is developed to achieve the objective set out by an accounting policy. Developing an accounting estimate includes both selecting a measurement technique and choosing the inputs to be used when applying the chosen measurement technique. The effects of changes in such inputs or measurement techniques are changes in accounting estimates. The definition of accounting policies remains unchanged. The amendments also provide examples on the application of the new definition.

  The amendments are effective for annual reporting periods beginning on or after January 1, 2023, with earlier application permitted, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the amendments are applied.

- *Disclosure of Accounting Policies (Amendments to PAS 1 Presentation of Financial Statements and PFRS Practice Statement 2 Making Materiality Judgements)*. The amendments are intended to help companies provide useful accounting policy disclosures. The key amendments to PAS 1 include:

  - requiring companies to disclose their material accounting policies rather than their significant accounting policies;
  - clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves

immaterial and as such need not be disclosed; and

- clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

  The amendments to PFRS Practice Statement 2 include guidance and additional examples on the application of materiality to accounting policy disclosures.

  The amendments are effective from January 1, 2023. Earlier application is permitted.

- *Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to PAS 12 Income Taxes)*. The amendments clarify that that the initial recognition exemption does not apply to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning obligations. The amendments apply for annual reporting periods beginning on or after January 1, 2023. Earlier application is permitted.

  For leases and decommissioning liabilities, the associated deferred tax assets and liabilities will be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other appropriate component of equity at that date. For all other transactions, the amendments apply to transactions that occur after the beginning of the earliest period presented.

*Effective January 1, 2024*

*Lease Liability in a Sale and Leaseback (Amendment to PFRS 16 Leases)* In September 2022, the board issued 'Lease Liability in a Sale and Leaseback (Amendments to PFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in PFRS 15 to be accounted for as a sale. The company does not expect this amendment to have any significant impact in its financial statements

*Effective January 1, 2025*

- *PFRS 17 Insurance Contracts* replaces the interim standard, *PFRS 4 Insurance Contracts*. Reflecting the view that an insurance contract combines features of both a financial instrument and a service contract, and considering the fact that many insurance contracts generate cash flows with substantial variability over a long period, PFRS 17 introduces a new approach that:
  - combines current measurement of the future cash flows with the recognition of profit over the period services are provided under the contract;
  - presents insurance service results (including presentation of insurance revenue) separately from insurance finance income or expenses; and
  - requires an entity to make an accounting policy choice portfolio-by-portfolio of whether to recognize all insurance finance income or expenses for the reporting period in profit or loss or to recognize some of that income or expenses in other comprehensive income.

Under PFRS 17, groups of insurance contracts are measured based on fulfilment cash flows, which represent the risk-adjusted present value of the entity's rights and obligations to the policy holders, and a contractual service margin, which represents the unearned profit the entity will recognize as it provides services over the coverage period. Subsequent to initial recognition, the liability of a group of insurance contracts represents the liability for remaining coverage and the liability for incurred claims, with the fulfilment cash flows remeasured at each reporting date to reflect current estimates.

Simplifications or modifications to the general measurement model apply to groups of insurance contracts measured using the 'premium allocation approach', investment contracts with discretionary participation features, and reinsurance contracts held.

PFRS 17 brings greater comparability and transparency about the profitability of new and in-force business and gives users of financial statements more insight into an insurer's financial health. Separate presentation of underwriting and financial results will give added transparency about the sources of profits and quality of earnings.

PFRS 17 is effective for annual periods beginning on or after January 1, 2025. Full retrospective application is required, unless it is impracticable, in which case the entity chooses to apply the modified retrospective approach or the fair value approach. However, if the entity cannot obtain reasonable and supportable information necessary to apply the modified retrospective approach, then it applies the fair value approach. Early application is permitted for entities that apply *PFRS 9 Financial Instruments* on or before the date of initial application of PFRS 17.

## Notes forming part of the Financial Statements

*Deferral of the local implementation of Amendments to PFRS 10 and PAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

- *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to PFRS 10 Consolidated Financial Statements and PAS 28 Investments in Associates and Joint Ventures)*. The amendments address an inconsistency between the requirements in PFRS 10 and in PAS 28, in dealing with the sale or contribution of assets between an investor and its associate or joint venture.

  The amendments require that a full gain or loss is recognized when a transaction involves a business (whether it is housed in a subsidiary or not). A partial gain or loss is recognized when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

  Originally, the amendments apply prospectively for annual periods beginning on or after January 1, 2016 with early adoption permitted. However, on January 13, 2016, the FRSC decided to postpone the effective date of these amendments until the IASB has completed its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint venture.

**Financial Assets & Financial Liabilities**

Financial assets and liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The entity derecognises financial liabilities when, and only when, the entity obligations are discharged, cancelled or have expired.

**Financial Assets at Amortized Cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial Assets at Fair Value through Other Comprehensive Income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial Assets at fair Value through Profit or Loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

**Financial Liabilities**

Financial liabilities are measured at amortized cost using the effective interest method.

**Impairment of Financial Assets (Other than at Fair Value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. PFRS 9 requires expected credit losses to be measured through a loss allowance. The entity recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the entity has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**Prepayments**

Prepayments represent expenses not yet incurred but already paid in cash. Prepayments are initially recorded as assets and measured at the amount of cash paid. Subsequently, these are charged to profit or loss as they are consumed in operations or expire with the passage of time.

Prepayments are classified in the statements of financial position as current assets when the cost of services related to the prepayments are expected to be incurred within one year or the Company's normal operating cycle, whichever is longer. Otherwise, prepayments are classified as noncurrent assets.

**Property and Equipment**

Property and equipment are initially measured at cost. The cost of an item of property and equipment comprises:

- its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates;
- any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by Management; and
- the initial estimate of the future costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

At the end of each reporting period, item of property and equipment measured using the cost model are carried at cost less any subsequent accumulated depreciation, amortization and impairment losses.

Subsequent expenditures relating to an item of property and equipment that have already been recognized are added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Company. All other subsequent expenditures are recognized as expenses in the period in which those are incurred.

Depreciation is computed on the straight-line method based on the estimated useful lives of the assets as follows:

| | Number of Years |
|---|---|
| Computer equipment | 4 |
| Furniture and fixtures | 5 |
| Office equipment | 5 - 10 |
| Leasehold improvements | 5 or lease term, whichever is shorter |

Properties in the course of construction for production, rental or administrative purposes, or for purposes not yet determined, are carried at cost, less any recognized impairment loss. Cost includes professional fees and for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Depreciation of these assets commences at the time the assets are ready for their intended use.

## Notes forming part of the Financial Statements

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

**Leases**

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

*As a Lessee*

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices.

The Company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the lessee's incremental borrowing rate. Generally, the Company uses the lessee's incremental borrowing rate as the discount rate.

The Company determines the lessee's incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets.

The Company has elected not to recognize right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including IT equipment. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

**Impairment of Nonfinancial Assets**

At the end of each reporting period, the Company assesses whether there is any indication that any of its nonfinancial assets, which comprise of property and equipment, may have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit (CGU) to which the asset belongs. A reasonable and consistent basis of allocation can be identified, assets are also allocated to individual (CGUs), or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized as an expense.

Impairment losses recognized in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. A reversal of an impairment loss is recognized as income.

**Share Capital**

Share capital are classified as equity. Incremental costs directly attributable to the issuance of new shares or options are shown in equity as a deduction from the proceeds, net of tax.

**Treasury Shares**

When share capital recognized as equity is repurchased, the amount of the consideration paid, which includes directly attributable costs, net of any tax effects, is recognized as a deduction from equity. Repurchased shares are classified as treasury shares and are presented in the reserve for own shares. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is presented in additional paid-in capital.

**Retained Earnings**

Retained earnings represent accumulated profits or losses. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Unappropriated retained earnings represent that portion which is free and can be declared as dividends to stockholders. Appropriated retained earnings represent that portion which has been restricted and, therefore, not available for dividend declaration. When appropriation is no longer needed, it is reversed.

**Other Comprehensive Income (OCI)**

Other comprehensive income represents income and expense that are not recognized in profit or loss as required or permitted by the related accounting standards.

**Revenue Recognition**

The Company earns revenue primarily from providing IT services, business solutions and outsourcing services. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognized on output basis measured by units delivered, efforts expended, number of transactions processed, etc.

## Notes forming part of the Financial Statements

- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognized based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognized using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognized upfront at the point in time when the system/software is delivered to the customer. In cases where implementation and/or customization services rendered significantly modifies or customizes the software, these services and software are accounted for as a single performance obligation and revenue is recognized over time on a POC method .
- Revenue from the sale of distinct third party hardware is recognized at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalization. Such costs are amortized over the contractual period or useful life of the license, whichever is less. The assessment of this criteria requires the application of judgement, when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognized when there are billings in excess of revenues. Contract liability is presented in the Company's financial statements as "unearned revenue".

The billing schedules agreed with customers could include periodic performance-based payments and/or milestone-based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with PAS 37, the Company recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography, and nature of services.

Use of significant judgments in revenue recognition

- The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products and services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

- Judgment is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. The Company has applied the practical expedient provided by PFRS 15, whereby the Company does not adjust the transaction price for the effects of the time value of money where the period between when the control on goods and services transferred to the customer and when payment thereof is due, is one year or less. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.
- The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- Revenue for fixed-price contracts are recognized using percentage-of-completion method. The Company uses judgment to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**Finance and other income**

*Interest Income*

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

*Other Income*

Other income is income generated outside the normal course of business and is recognized when it is probable that the economic benefits will flow to the Company and it can be measured reliably.

**Expense Recognition**

Costs and expenses are recognized when incurred and have been classified according to their primary functions in the following categories:

*Cost of revenue*

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licenses, depreciation and amortization of production related equipment and software, facility expenses, communication expenses and other project related expenses.

*Selling, general and administrative expenses*

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances, facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortization expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

## Notes forming part of the Financial Statements

### Employee Benefits

*Short-term Benefits*

The Company recognizes a liability net of amounts already paid and an expense for services rendered by employees during the accounting period that are expected to be settled wholly before twelve months after the end of the reporting period. A liability is also recognized for the amount expected to be paid under short-term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

*Compensated absences*

Compensated absences are recognized as undiscounted liability as at the end of the reporting periods.

*Post-employment Benefits*

The Company classifies its retirement benefit as defined benefit plans. Under the defined benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements).
- Net interest expense or income.

The Company presents the first two components of defined benefit costs in profit or loss in the line item of cost of services and general and administrative expenses. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the statements of financial position represents the present value of the defined benefit obligation.

### Taxes

Current and deferred taxes are recognized in profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Income tax expense represents the sum of current tax expense and deferred tax.

*Current Tax*

The current tax expense is based on taxable profit for the year. Taxable profit differs from net income as reported in the statements of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. As a PEZA-registered entity, the Company is entitled to corporate income tax holiday (ITH) for four years for IT and Business Process Outsourcing (BPO) projects effective on the committed date of start of commercial operations, or the actual date of start of commercial operations, whichever is earlier. The Company's liability for current tax is calculated using 0% tax rate for PEZA-registered activities under ITH and 5% tax rate for PEZA and BOI-registered activities and 25% tax rate for ordinary activities.

*Deferred Tax*

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences, while deferred tax assets are generally recognized for all deductible temporary differences and carry forward benefits of unused net operating loss carry over (NOLCO), to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and carry forward benefits of NOLCO can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognized deferred income tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that sufficient future taxable profits will allow the deferred income tax asset to be recovered.

Deferred tax liabilities and assets are measured using substantial enacted tax rates that are expected to apply in the period in which the liability is settled or the asset realized.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets against current tax liabilities and they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

*Value-added Tax (VAT)*

Revenues, expenses and assets are recognized net of the amount of VAT, except:

- where the sales tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of VAT included.

The net amount of sales tax recoverable from or payable to the tax authority is included as part of receivables or payables in the Company's statements of financial position.

**Foreign Currency Denominated Transactions and Translation**

Transactions in currencies other than Philippine Peso are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Gains and losses arising on settlement and retranslation are included in profit or loss for the year. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

**Related Parties and Related Party Transactions**

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control. Related parties may be individuals or corporate entities.

**Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable (i.e., more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of the provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to any provision is presented in profit or loss, net of reimbursement. If the effect of the time value of money is material, provisions are discounted using the current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

**Contingencies**

Contingent liabilities are not recognized in the financial statements but are disclosed in the notes to the financial statements unless the outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but disclosed in the notes to the financial statements when an inflow of economic benefits is probable.

**Events After the Reporting Period**

The Company identifies events after the end of the reporting period as those events, both favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are authorized for issue. The financial statements of the Company are adjusted to reflect those events that provide evidence of conditions that existed at the end of the reporting period. Non-adjusting events after the end of the reporting period are disclosed in the notes to the financial statements when material.

## Notes forming part of the Financial Statements

### 4. SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

In the application of the Company's accounting policies, Management is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on the historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

**Critical Judgments in Applying Accounting Policies**

The following are the critical judgments, apart from those involving estimations, that management have made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognized in financial statements.

*Determining Functional Currency*

Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has been determined to be the Philippine Peso. The Philippine Peso is the currency of the primary economic environment in which the Company operates. It is the currency that mainly influences the Company in determining the costs and selling price of its services.

*Determining Term and Discount Rate of Lease Agreement*

The company evaluates if an arrangement qualifies to be a lease as per the requirements of PFRS 16. Identification of a lease requires significant judgment. The entity uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the entity is reasonably certain not to exercise that option. In assessing whether the entity is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the entity to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Entity revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

**Key Sources of Estimation Uncertainty**

The following are the key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Key source of estimation of uncertainty in respect of revenue recognition, impairment has been discussed in their respective policies.

*Estimating Impairment Losses on Trade Receivable*

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. PFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Back to content

As at March 31, 2023 and 2022, the management provided for allowances amounting to nil and P0.008 million, respectively considering doubtful collection from accounts (see Note 6).

Trade receivables recognized in the Company's statements of financial position amounted to P1,815.61 million and P1,309.07 million, as at March 31, 2023 and 2022, respectively (see Note 6).

*Estimating Useful Lives of Property and Equipment*

The useful lives of the Company's property and equipment are estimated based on the period over which the assets are expected to be available for use. The estimated useful lives are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the Company's assets. In addition, the estimation of the useful lives is based on the Company's collective assessment of industry practice, internal technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. A reduction in the estimated useful lives of property and equipment would increase the recognized operating expenses and decrease non-current assets.

There is no change in the EUL of the Company's property and equipment in 2023 and 2022.

As at March 31, 2023 and 2022, the carrying amounts of the Company's property and equipment amounted to P238.24 million and P250.16 million, respectively (see Note 8).

*Estimating Impairment of Nonfinancial Assets*

The Company performs an impairment review when certain impairment indicators are present. Determining the recoverable amount of property and equipment, which require the determination of future cash flows expected to be generated from the continued use and ultimate disposition of such assets, require the Company to make estimates and assumptions that can materially affect the financial statements. Future events could cause the Company to conclude that property and equipment and intangible asset are impaired. Any resulting impairment loss could have a material adverse impact on the financial position and results of operations.

The preparation of the estimated future cash flows involves significant judgment and estimations. While the Company believes that its assumptions are appropriate and reasonable, significant changes in the assumptions may materially affect the assessment of recoverable values and may lead to future additional impairment charges.

As at March 31, 2023 and 2022, the Company's management determined that there are no impairment indicators affecting its property and equipment.

*Recoverability of Deferred Tax Assets*

The Company reviews its deferred tax assets at each reporting date and reduces the carrying amounts to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. The Company also reviews expected timing and rates upon reversal of temporary differences and adjust impact of deferred tax assets accordingly. The Company's assessment on the recognition of deferred tax assets is based on the forecasted taxable income of the subsequent reporting periods. This forecast is based on Company's past results and future expectation on revenues and expenses.

As at March 31, 2023 and 2022, Company has not recognized deferred tax assets for retirement benefit obligation, bonus and leave liability as management believes it is not probable that future taxable profits from its non-PEZA-registered and PEZA registered activities will be available against which the company can utilize the carryforward benefits of retirement benefit obligation, bonus and leave liability, respectively (see Notes 20 and 22).

*Estimating Retirement Benefit Obligation and Expense*

The determination of the retirement benefit obligation and expense is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions include discount rates, mortality rates and rates of compensation increase, among others. Actual results that differ from the assumptions are accumulated and amortized over future periods and therefore, generally affect the recognized expense and recorded obligation in such future periods. While the Company believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the retirement obligations.

## Notes forming part of the Financial Statements

The retirement benefit expense charged to operations amounted to P39.84 million and P32.67 million in 2023 and 2022, respectively. The carrying amount of the retirement benefit obligation in the Company's statements of financial position amounted to P179.26 million P155.86 million as at March 31, 2023 and 2022, respectively (see Note 12).

*Estimating Provisions and Contingent Liabilities*

The Company is involved in a certain claim, which arise in the normal course of business. The management believes that the claims lack legal basis and will contest any future proceedings. The estimate on the probable costs for the resolution of these possible claims is based upon analysis of potential results. Currently, the Company does not believe these claims will have a material adverse effect on the Company's financial statements. It is possible that future financial performance could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceeding.

Contingent liabilities are disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote.

### 5. CASH AND CASH EQUIVALENTS

This account consists of:

| | Note | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| Cash on hand | | **P95,000** | P398,960 |
| Cash in banks | 23, 24 | **200,336,331** | 125,100,191 |
| Cash equivalents | 23, 24 | **289,653,750** | 245,000,000 |
| | | **P490,085,081** | P370,499,151 |

Cash pertains to cash on hand and unrestricted cash in banks, which earned an average interest of 0.01%. Interest for time deposit earned an average interest of 0.85% and 0.08% in 2023 and 2022, respectively. Income earned on cash in banks amounted to P0.10 million and P0.32 million in 2023 and 2022, respectively, while interest income earned on time deposits amounted to P0.25 million and to P0.05 million in 2023 and 2022, respectively.

### 6. TRADE RECEIVABLES - NET

This account consists of:

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Trade:** | | |
| Billed receivables | **P1,335,292,674** | P967,719,442 |
| Unbilled receivables | **480,321,711** | 341,361,320 |
| | **1,815,614,385** | 1,309,080,762 |
| Allowance for impairment losses | **-** | (8,578) |
| | **P1,815,614,385** | P1,309,072,184 |

The average credit period taken on sales of services is 15-75 days. No interest is charged in the receivable exceeding the credit period.

Out of the total trade receivables, due from related parties amounted to P927.58 million and P811.41 million as at March 31, 2023 and 2022, respectively (see Note 19).

**Movements of allowance for impairment losses:**

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Balance at beginning of year | **P8,578** | P24,854,462 |
| Reversal | **(8,578)** | (24,845,884) |
| Balance at end of year | **P -** | P8,578 |

## 7. PREPAYMENTS AND OTHER CURRENT ASSETS

This account consist of:

| | Note | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| Contract assets | 15, 19 | **P160,131,235** | P147,546,484 |
| Prepaid expenses | | **65,324,296** | 109,561,737 |
| Advances to employees | | **11,456,424** | 7,901,377 |
| Advance Rent | | **11,017,243** | 504,696 |
| Other receivables | | **4,892,409** | 6,836,344 |
| Sublease receivable | | **1,884,985** | - |
| Refundable deposits | 21, 23, 24 | **1,833,600** | 1,833,600 |
| Others | | **14,095,313** | 9,247,103 |
| | | **P270,635,505** | P283,431,341 |

Prepaid expenses include health medical insurance.

Other receivables include receivables from Social Security System for advances made on behalf of the Company's employees.

## 8. PROPERTY AND EQUIPMENT

Movements in the carrying amounts of the property and equipment are as follows:

| | Computer Equipment | Furniture and Fixtures | Office Equipment | Leasehold Improvements | Construction in Progress | Total |
|---|---|---|---|---|---|---|
| **Cost** | | | | | | |
| Balance, March 31, 2021 | P422,870,225 | P93,058,694 | P265,917,659 | P489,810,614 | P9,311,687 | P1,280,968,879 |
| Disposal/(adjustment) | (53,196) | - | - | (6,968,772) | - | (7,021,968) |
| Addition | 102,343,972 | 732,333 | 1,817,623 | 2,302,083 | 47,927,115 | 155,123,126 |
| Reclassifications | 5,379,961 | - | 1,100,000 | - | (6,479,961) | - |
| Balance, March 31, 2022 | 530,540,962 | 93,791,027 | 268,835,282 | 485,143,925 | 50,758,841 | 1,429,070,037 |
| Disposal/(Adjustment) | **(96,427)** | **-** | **-** | **-** | **-** | **(96,427)** |
| Additions | **86,400,820** | **-** | **1,691,506** | **-** | **374,356** | **88,466,682** |
| Reclassifications | **39,393,920** | **-** | **10,700,920** | **-** | **(50,094,840)** | **-** |
| **Balance, March 31, 2023** | **656,239,275** | **93,791,027** | **281,227,708** | **485,143,925** | **1,038,357** | **1,517,440,292** |
| **Accumulated Depreciation and Amortization** | | | | | | |
| Balance, March 31, 2021 | 350,232,892 | 76,766,674 | 213,566,926 | 425,356,334 | - | 1,065,922,826 |
| Depreciation and Amortization | 48,757,261 | 5,830,788 | 17,263,778 | 41,162,484 | - | 113,014,311 |
| Disposals | (23,331) | - | - | - | - | (23,331) |
| Balance, March 31, 2022 | 398,966,822 | 82,597,462 | 230,830,704 | 466,518,818 | - | 1,178,913,806 |
| Depreciation and Amortization | **73,170,089** | **4,241,735** | **16,600,635** | **6,330,646** | **-** | **100,343,105** |
| Disposals | **(60,336)** | **-** | **-** | **-** | **-** | **(60,336)** |
| **Balance, March 31, 2023** | **472,076,575** | **86,839,197** | **247,431,339** | **472,849,464** | **-** | **1,279,196,575** |

## Notes forming part of the Financial Statements

| | Computer Equipment | Furniture and Fixtures | Office Equipment | Leasehold Improvements | Construction in Progress | Total |
|---|---|---|---|---|---|---|
| **Carrying Amounts** | | | | | | |
| March 31, 2022 | P131,574,140 | P11,193,565 | P38,004,578 | P18,625,107 | P50,758,841 | P250,156,231 |
| **March 31, 2023** | **P184,162,700** | **P6,951,830** | **P33,796,369** | **P12,294,461** | **P1,038,357** | **P238,243,717** |

The total amount of additions to property and equipment includes cash acquisitions amounting to P87.59 million and P113.86 million as at March 31, 2023 and 2022, respectively.

Management believes that there are no impairment indicators offsetting the Company's property and equipment.

Depreciation and amortization is recognized in profit or loss as follows:

| | Note | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|---|
| Cost of services | 16 | **P87,892,946** | P101,216,084 |
| General and administrative expenses | 17 | **12,450,159** | 11,798,227 |
| | | **P100,343,105** | P113,014,311 |

## 9. INTANGIBLE ASSET - NET

| | Note | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|---|
| Cost | | **P30,406** | P30,406 |
| Amortization | 16 | **(18,828)** | (11,225) |
| Carrying Amount, March 31, 2023 | | **P11,578** | P19,181 |

## 10. OTHER NONCURRENT ASSETS

This account consists of:

| | Note | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| Refundable deposits | 21, 23, 24 | **P78,318,047** | P76,827,879 |
| Sublease receivable | | **7,233,918** | - |
| Contract assets | 15 | **252,781** | 3,137,374 |
| Others | | **18** | 18 |
| | | **P85,804,764** | P79,965,271 |

## 11. TRADE AND OTHER PAYABLES

This account consists of:

| | Note | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| Trade payables | | **P843,328,789** | P516,440,852 |
| Accrued short-term employee benefits | | **644,345,745** | 514,264,286 |
| Unearned revenues | 15 | **125,274,539** | 132,292,403 |
| Withholding taxes payables | | **110,864,200** | 70,274,841 |
| Provision for volume discount | | **31,759,149** | 39,614,432 |
| Output VAT - net | | **19,284,190** | 17,354,212 |
| Other statutory payables | | **35,027,038** | 25,416,062 |
| | 24 | **P1,809,883,650** | P1,315,657,088 |

The average credit period on purchases of goods and services from suppliers is 30-45 days. No interest is charged on the trade payables. The Company has financial risk management policies in place to ensure that all payables are paid within the credit timeframe.

Accrued short-term employee benefits include provision for employee bonus, sick leave, and vacation leave accruals.

Output VAT is net of input VAT amounting to P13.01 million and P8.00 million as at March 31, 2023 and 2022, respectively. Claims for tax credit amounted to P34.06 million and P9.26 million as at March 31, 2023 and 2022.

Out of the total trade payables, due to related parties amounted to P 837.29 million and P454.70 million as at March 31, 2023 and 2022, respectively (see Note 19).

Refer to Note 15 for changes in contract liabilities, presented above as "Unearned revenues".

## 12. RETIREMENT BENEFIT PLAN

The Company operates a defined benefit plan for qualifying employees. Under the plan, the employees upon reaching the age of 60 years or more but not beyond 65 years, which is declared the compulsory retirement age, and have served at least five years in the Company are entitled to retirement benefits equivalent to at least one half month salary for every year of service rendered in the Company.

The plan typically exposes the participants to actuarial risks such as: interest rate risk, longevity risk and salary risk.

**Interest Rate Risk**

A decrease in the government bond interest rate will increase the plan liability.

**Longevity Risk**

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

**Salary Risk**

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the present value of the defined benefit obligation were carried out at March 31, 2023 by an independent actuary. The present value of the defined benefit obligation and the related current service cost were measured using the Projected Unit Credit Method.

## Notes forming part of the Financial Statements

The principal assumptions used for the purposes of the actuarial valuations were as follows:

| | Valuation at | |
|---|---|---|
| | **2023** | **2022** |
| Discount rate | **6.64%** | 5.72% |
| Expected rate of salary increase | **4.50%** | 4.00% |

Amounts recognized in profit or loss and other comprehensive income in respect of this defined benefit plan are as follows:

| | Defined Benefit Obligation | |
|---|---|---|
| | **2023** | **2022** |
| Balance at beginning of year | **P155,862,750** | P140,293,079 |
| **Included in Profit or Loss** | | |
| Current service cost | **30,926,289** | 25,624,177 |
| Interest cost | **8,915,349** | 7,042,713 |
| | **39,841,638** | P32,666,890 |
| **Contribution paid** | **-** | (3,154,837) |
| **Included in OCI** | | |
| Remeasurement loss (gain) arising from: | | |
| Changes in financial assumptions | **(10,221,633)** | (16,732,094) |
| Deviations of experience from assumptions | **(6,219,540)** | 2,789,712 |
| | **(16,441,173)** | (13,942,382) |
| **Balance at end of year** | **P179,263,215** | P155,862,750 |

The total retirement benefits expense charged to cost of services amounted to P31.94 million and P26.09 million in 2023 and 2022, respectively. Total retirement benefits expense charged to general and administrative expenses amounted to P7.91 million and P6.58 million in 2023 and 2022, respectively (see Notes 16, 17 and 18).

The reasonably possible changes to the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

| | Increase (Decrease) in Defined Benefit Obligation | |
|---|---|---|
| | **As at March 31, 2023** | **As at March 31, 2022** |
| **Discount rate** | | |
| Increase by 0.5% | **(P11,489,853)** | (P10,617,540) |
| Decrease by 0.5% | **12,642,709** | 11,752,271 |
| **Salary rate** | | |
| Increase by 0.5% | **12,897,046** | 11,929,047 |
| Decrease by 0.5% | **(11,847,205)** | (10,895,891) |
| **Employee Turnover** | | |
| Increase by 10% | **15,074,409** | 14,393,636 |
| Decrease by 10% | **(15,074,409)** | (14,393,636) |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the Projected Unit Credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the statements of financial position.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

There has been no change in the process used by the Company to manage its risks from prior periods.

## 13. SHARE CAPITAL

An analysis of the Company's share capital is as follows:

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Authorized 3,000,000 ordinary shares of P100 par value | | |
| Issued | **P2,762,000** | P2,762,000 |
| Treasury shares | **(380,000)** | (380,000) |
| Total issued and outstanding | **P2,382,000** | P2,382,000 |

The Company has one class of ordinary shares which carries no right to fixed income.

**Treasury Shares**

On July 26, 2017, the BOD approved to buy-back 380,000 shares from Tata Consultancy Services Asia Pacific Pte. Ltd. for P1,454 per share for a total of P552.52 million. These shares will not be retired and shall be deemed as treasury shares.

## 14. RETAINED EARNINGS

Under the Revised Corporation Code of the Philippines, the Company is prohibited to retain surplus profits in excess of one hundred percent (100%) of its paid-up capital except: when justified by definite corporate expansion projects or programs approved by the BOD; when a company is prohibited under any loan agreement with any financial institution or creditor, whether local or foreign, from declaring dividends without its consent, and such consent has not yet been secured; or when it can be clearly shown that such retention is necessary under special circumstances, such as when there is a need for reserve for probable contingencies.

The Company has appropriated its retained earnings for various future business expansion as follows:

On May 14, 2021, the BOD approved appropriation of P100.00 million out of the total retained earnings of P898.04 as at March 31, 2021 for business expansion for the next three years.

On February 17, 2022, the BOD approved the declaration of cash dividends at P109.15 per share amounting to P260.00 million. The dividends were paid on March 04, 2022.

On March 3, 2023, the Company reversed the appropriated retained earnings amounting to P100 million for the purpose of business expansion but due to the business requirement, the expansion was put on hold. Further, the BOD approved the declaration of cash dividends at P208.65 per share amounting to P497 million. The dividends were paid on March 14, 2023. Furthermore, the BOD approved the appropriation of reserve fund in the amount of P400 million out of the total retained earnings of P1,072.07 million as at March 31, 2023 of which P200 million is allocated for Panorama Tower expansion in 2024 while the remaining is allocated for business expansion of the Company which is expected to continue in 2025 to 2026.

## Notes forming part of the Financial Statements

### 15. REVENUE

An analysis of the Company's revenue is as follows:

| | Note | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|---|
| Sale of service to third parties | | **P2,131,540,844** | P1,380,029,664 |
| Sale of service to related parties | 19 | **4,422,223,340** | 3,912,483,640 |
| | | **P6,553,764,184** | P5,292,513,304 |

Sale of services is net of volume discount amounting to P77.65 million and P49.07 million in 2023 and 2022, respectively.

Revenue disaggregation by industry vertical is as follows:

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Banking, financial and insurance | **P1,981,075,912** | P1,425,069,385 |
| Energy, Resources and Utilities | **1,424,540,633** | 1,162,927,487 |
| Life Sciences and Healthcare | **663,867,450** | 731,548,849 |
| Communication, media, and technology | **861,815,198** | 919,115,983 |
| High-tech industry practice | **830,875,701** | 430,265,617 |
| Others | **791,589,290** | 623,585,983 |
| **Total** | **P6,553,764,184** | P5,292,513,304 |

Revenue disaggregation by geography is as follows:

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| America | **P3,093,528,410** | P2,498,701,155 |
| Asia Pacific | **2,322,445,117** | 1,967,362,608 |
| Europe | **223,043,695** | 223,987,322 |
| Others | **914,746,962** | 602,462,219 |
| Total | **P6,553,764,184** | P5,292,513,304 |

| | Note | As at March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|---|
| **Contract Assets Movement** | | | |
| Balance at the beginning of the year | | **P150,683,858** | P107,467,933 |
| Revenue recognized during the year | | **108,168,010** | 97,482,437 |
| Invoices raised during the year | | **(100,332,852)** | (55,314,456) |
| Translation exchange difference | | **1,865,000** | 1,047,944 |
| **Balance at the end of the year** | 7, 10 | **P160,384,016** | P150,683,858 |

| | Note | As at March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|---|
| **Contract Liabilities Movement** | | | |
| Balance at the beginning of the year | | **(P132,292,403)** | (P103,728,840) |
| Increase due to invoicing during the year excluding amounts recognized as revenue during the year | | **(103,184,741)** | (128,922,887) |
| Revenue recognized that was included in the contract liability balance at the beginning of the period | | **108,827,519** | 102,148,540 |
| Translation exchange difference | | **1,375,086** | (1,789,216) |
| **Balance at the end of the year** | 11 | **(P125,274,539)** | (P132,292,403) |

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in PFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations P3 billion out of which 36.58% is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

## 16. COST OF SERVICES

This account consists of:

a. Sales to related parties were made at the Company's usual list prices. Purchases and direct cost-intercompany charges, representing subcontract costs for employee-related costs recoveries and reimbursements, were made at market price discounted to reflect the services purchased and the relationships between the parties. Sale of services is net of volume discount amounting to P77.17 million and P49.59 million in 2023 and 2022, respectively.

   Contract assets amounting to P9.83 million and P20.32 million are recognized from the Intermediate Parent as at 2023 and 2022, respectively.

b. On December 23, 2009, the BOD approved the subscription of the Company to Tata Brand Equity & Business Promotion Scheme (Scheme) and authorized its intermediate parent company, Tata Consultancy Services Limited, to enter into a Brand Equity and Business Promotion Agreement through its authorized signatories with Ultimate parent company Tata Sons Limited, on behalf of the Company, towards the Company's subscription to the Scheme. Total fees charged to the Company amounted to P5.33 million and P3.44 million in 2023 and 2022, respectively (see Note 17).

c. The Company's Parent Company has allocated its management cost to all its Asia Pacific subsidiaries. The management cost is allocated based on time spent of management personnel for respective subsidiaries. Total charges allocated to the Company amounted to P23.69 million and P18.21 million in 2023 and 2022, respectively (see Note 17).

d. On April 1, 2013, the Company and its Intermediate parent signed an agreement for General Services and Cost Sharing. The Company is a subsidiary company of Tata Consultancy Services Limited, a group of companies (the "TCS group"), that is engaged in business of promoting, marketing, designing, developing, delivering, maintaining information technology services and products and delivery of information technology-enabled services. The Corporate Office of Tata Consultancy Services Limited ("TCS-HQ") raises charges on various subsidiaries distributing the expenses incurred by TCS-HQ comprising cost towards staffing and support activities and other support functions which has been provided by TCS-HQ and which can reasonably be allocated to subsidiaries. The Company hereby recognizes the efficiency and acknowledges benefit of the said referred services since services are not locally performed within the Philippines. Total management cost allocated to the Company amounted to P48.13 million and P28.69 million in 2023 and 2022, respectively (see Note 17).

**Remuneration of Key Management Personnel**

The remuneration of the key management personnel of the Company consists of short-term benefits amounting to P17.80 million and P14.96 million in 2023 and 2022, respectively.

## 20. INCOME TAXES

The Company's income tax expense represents current tax expense amounting to P69.96 million and P52.04 million in 2023 and 2022, respectively.

The reconciliation of the income tax expense computed at the statutory tax rate of 5% and the income tax expense shown in profit or loss is as follows:

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Income before income tax | **P618,395,991** | P434,825,527 |
| Income tax at statutory rate | **P30,919,800** | P21,741,276 |
| Income subject to 25% in ordinary tax | **850,327** | - |
| Additions to (reductions in) income: | - | - |
| Tax resulting from the tax effects of: | | |
| Non-deductible expenses | **38,206,713** | 28,178,603 |
| Prior Period Adjustment | **-** | 2,136,244 |
| Income subject to final tax | **(17,437)** | (18,705) |
| **Income tax expense** | **P69,959,403** | P52,037,418 |

As at March 31, 2023 and 2022, the gross amount of the Company's unrecognized deferred tax assets on retirement benefit obligations amounted to P31.94 million and P26.09 million as of March 31, 2023 and 2022, respectively, on accrued bonuses amounted to P59.71 million and P29.36 million as of March 31, 2023 and 2022, respectively and on accrued leave amounted to P32.78 million and P29.27 million as of March 31, 2023 and 2022, respectively.

Management believes it is not probable that future taxable profits from the Company's non-PEZA-registered and PEZA-registered activities will be available against which the Company can utilize the benefits from retirement benefit obligation, bonus and leave liability. As a result, the Company has not recognized the deferred tax assets on retirement benefit obligation, accrued bonus and leave.

The Fiscal Incentives Regulatory Board (FIRB) issued FIRB Resolution No. 017-22 for Registered Business Enterprises (RBEs) in IT-BPM sector allowing the Investment Promotion Agencies (IPAs) to continue implementing the work from home (WFH) arrangement without adversely affecting the fiscal incentives under the CREATE Act from April 1, 2022 until September 12, 2022 only. The number of employees under the WFH arrangement shall not exceed thirty percent (30%) of the total workforce of the RBE, while the remaining seventy percent (70%) of the total workforce shall render work or service within the geographical boundaries of the ecozone of freeport being administered by the IPA with which the project/activity is registered. The Company has exceeded the threshold which were subjected to regular income tax of 25% covering the period from April 1 to June 30, 2022 only.

Notes forming part of the Financial Statements

## 21. LEASES

The Company has entered into lease agreements with third parties in respect of the leases of office building spaces ranging from five to six years, renewable at the option of the lessee. The rent is payable monthly with an escalation rate ranging from 5% to 6% on the subsequent years. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

**Right-of-Use Assets**

The details of the right-of-use assets held by the Company is as follows:

| | Additions for the Year Ended March 31, 2023 | Deletion for the Year Ended March 31, 2023 | Net Carrying Amount as at March 31, 2023 |
|---|---|---|---|
| Building | **P228,108,696** | **P -** | **P678,707,380** |
| Building - Security Deposit | **2,842,948** | **-** | **7,115,040** |
| **Total** | **P230,951,644** | **P -** | **P685,822,420** |

| | Additions for the Year Ended March 31, 2022 | Deletion for the Year Ended March 31, 2022 | Net Carrying Amount as at March 31, 2022 |
|---|---|---|---|
| Building | P236,594,842 | P - | P725,759,503 |
| Building - Security Deposit | 2,052,177 | - | 7,197,294 |
| **Total** | P238,647,019 | P - | P732,956,797 |

Amortization on right-of-use asset is as follows:

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Building | **P275,160,819** | P258,079,561 |
| Building - Security Deposit | **P2,925,202** | 2,774,285 |
| **Total** | **P278,086,021** | P260,853,846 |

Amortization of right-of-use assets charges to cost of services amounted to P278.09 million and P260.83 million in March 31, 2023 and 2022 respectively..

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Lease Liabilities** | | |
| Balance at April 1 | **P765,976,072** | P788,072,923 |
| Payments made | **(318,105,649)** | (309,968,677) |
| Interest charge for the year | **49,549,533** | 51,276,985 |
| Additions to lease liabilities | **238,686,836** | 236,594,841 |
| **Balance at March 31** | **P736,106,792** | P765,976,072 |

Total cash outflow for leases is P318.10 million and P309.97 million for the year ended March 31, 2023 and 2022, respectively.

**Other Leases**

The Company applied the recognition exemption for right-of-use asset and lease liability on various short-term leases. Rental expense incurred on these lease agreements amounted to P1.19 million and P4.87 million in March 31, 2023 and 2022 respectively (see notes 16 and 17).

**Security Deposits**

Total deposits made on these lease agreements amounted to P80.15 million and P78.66 million as at March 31, 2023 and 2022 (see Notes 7 and 10). Total advance rent amounted to 11.02 million and Nil as at March 31, 2023 and 2022, respectively (see Notes 7 and 10).

Interest income recognized in the statements of comprehensive income amounted to P2.89 million and P2.78 million in 2023 and 2022, respectively.

At the end of each reporting period, the Company had outstanding commitments for future minimum rentals payable under these lease agreements as follows:

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Not later than one year | **P321,495,340** | P269,856,264 |
| Later than one year but not later than five years | **471,707,955** | 570,858,991 |
| | **P793,203,295** | P840,715,255 |

All additions, alteration and improvements made on the leased office units at Bench Tower and Panorama by the lessee (except movable furniture and fixtures, equipment, appliances, electronic items and others) installed at the lessee's expense and removable without damaging the leased office units and the premises, shall become the lessor's property upon the termination of the contract or its extension, without any obligation on the lessor's part to reimburse the lessee for the value thereof.

Should the lessor decide, at its sole discretion, that it does not wish to retain any of the said additions, alterations and improvements, it shall so advise the lessee at least 60 days prior to the termination of the Contract, and the lessee hereby undertakes to remove such additions, alterations and improvements from the leased office units at its sole expense.

Said obligation is considered contingent since the existence will be confirmed only by the occurrence or non-occurrence of an uncertain future event, i.e., lessor's decision prior to termination of contract.

## 22. REGISTRATION WITH PHILIPPINE ECONOMIC ZONE AUTHORITY AND PHILIPPINE BOARD OF INVESTMENTS

As discussed in Note 1, the Company was registered with PEZA to set up an I.T.-enabled facility to perform information technology outsourcing services and BPO to all types of enterprises, organizations, entities and companies at the E-Square Information Technology Park, Bonifacio Global City, Taguig City. As a registered enterprise, the Company's project shall be entitled to incentives granted to non-pioneer projects under R.A. 7916 (The Special Economic Zone Act of 2005), as amended, and the PEZA IT. Guidelines.

Incentives include the following:

a. Corporate Income Tax Holiday (ITH) for four (4) years for original project effective on the committed date of start of commercial operations, or the actual date of start of commercial operations, whichever is earlier; ITH entitlement for the original project can also be extended for another three (3) years provided specific criteria are met for each additional year and prior PEZA approval is obtained; duly approved and registered "Expansion" and "New" projects are entitled to a three-year and four-year ITH, respectively;

b. Tax and duty-free importation of merchandise which include raw materials, capital equipment, machineries, and spare parts;

c. Exemption from wharfage dues and export tax, impost, or fees;

d. VAT zero-rating of local purchases subject to compliance with Bureau of Internal Revenue (BIR) and PEZA requirements; and

e. Exemption from payment of any and all local government imposts, fees, licenses or taxes except real estate tax; however, machinery installed and operated in the ecozone for manufacturing, processing or for industrial purposes shall not be subject to payment of real estate taxes for the first three years of operation of such machineries; production equipment not attached to real estate shall be exempt from real property taxes.

## Notes forming part of the Financial Statements

At the end of ITH, the following incentives shall apply:

a. The Company shall pay a 5% final tax on gross income, in lieu of all national and local taxes.

b. Additional deduction for training expenses (1/2 of value) against the 5% tax on gross income earned, but not to exceed 3%, subject to guidelines to be formulated by PEZA in coordination with the Department of Labor and Employment and the Department of Finance.

The 9th Floor of Entec2 Building, IT Services and Processing Outsourcing was under ITH until August 2019 and obtained an extension until August 2021. The 8th Floor of Entec2 Building, IT Services and Processing Outsourcing was under ITH until August 2021.

The Company was registered with PEZA to set up an I.T.-enabled facility to perform information technology outsourcing services and BPO to all types of enterprises, organizations, entities and companies at the E-Square Information Technology Park, Bonifacio Global City, Taguig City. As a registered enterprise, the Company's project shall be entitled to incentives granted to non-pioneer projects under R.A. 7916 (The Special Economic Zone Act of 2005), as amended, and the PEZA IT. Guidelines.

Incentives include the following:

As discussed in Note 1, the Company was concurrently registered with the Philippine Board of Investments (BOI) under Executive Order No. 226 (Omnibus Investment Code of 1987), as amended, Title XIII of the National Internal Revenue Code of 1997, as amended by Republic Act No. 11534, or the CREATE Act, and the Fiscal Incentives Review Board Resolution No. 026-22. As a registered enterprise, the Company's project shall be entitled to the remaining incentives and subject to the representations and commitments set forth in its application for registration with PEZA, the provisions of the above-cited law, the rules and regulations promulgated thereunder, and the terms and conditions with PEZA and its Registrations or Supplemental Agreement. PEZA shall monitor the registered project's compliance thereof and administer the availment of remaining incentives.

Incentives include the following until 11 April 2031:

a. Five (5%) tax on Gross Income Earned

b. Duty Exemption

c. VAT Exemption and Zero Rating.

### 23. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair values of the Company's financial assets and financial liabilities are shown below:

| | As at March 31, 2023 | | As at March 31, 2022 | |
|---|---|---|---|---|
| | Carrying Amount | Fair Value | Carrying Amount | Fair Value |
| **Financial Assets** | | | | |
| Cash and cash equivalents | **P490,085,081** | **P490,085,081** | P370,499,151 | P370,499,151 |
| Trade receivables | **1,815,614,385** | **1,815,614,385** | 1,309,072,184 | 1,309,072,184 |
| Refundable deposits | **80,151,647** | **80,151,647** | 78,661,480 | 78,661,480 |
| | **P2,385,851,113** | **P2,385,851,113** | P1,758,232,815 | P1,758,232,815 |
| **Financial Liabilities** | | | | |
| Trade and other payables* | **P1,358,397,629** | **P1,358,397,629** | P920,440,754 | P920,440,754 |
| Lease liabilities | **736,106,792** | **736,106,792** | 765,976,074 | 765,976,074 |
| | **P2,094,504,421** | **P2,094,504,421** | P1,686,416,828 | P1,686,416,828 |

** Excluding non-financial instruments amounting to P451.49 million and P395.21 million as at March 31, 2023 and 2022, respectively.*

The difference between the carrying amount of the trade and other payables disclosed in the statements of financial position and the amount disclosed in this note pertains to government payables, provisions and deferred revenues that are not considered as financial liabilities.

Back to content

Due to the short-term maturities of cash, trade receivables, other receivables, current refundable deposits and trade and other payables, their carrying amounts approximate their fair values.

The fair value of noncurrent refundable deposits cannot be measured reliably since there were no comparable market data and inputs for the sources of fair value such as discounted cash flow analysis. However, Management believes that their carrying amounts approximate their fair values. Fair value measurement of lease liabilities is not required.

## 24. FINANCIAL RISK MANAGEMENT

### Financial Risk Management Objectives and Policies

The Company's activities expose it to a variety of financial risks such as market risks (including foreign exchange risk and interest rate risk), credit risk and liquidity risk The Company's overall risk management program seeks to minimize potential adverse effects on the financial performance of the Company. The policies for managing specific risks are summarized below:

### Market Risk

Market risk refers to the possibility that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's profit or the value of its holdings of financial instruments. The Company focuses on two market risk areas such as interest rate risk and foreign currency risk. The objective and management of these risks are discussed below:

### Foreign Exchange Risk

Foreign exchange risk arises when an investment's value changed due to changes in currency exchange rate. The Company undertakes certain transactions denominated in foreign currencies. Hence, exposures to exchange rate fluctuations arise with respect to transactions other than the functional currency. Foreign exchange risk arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the Company's functional currency. Significant fluctuation in the exchange rates could significantly affect the Company's financial position. The exposure is managed partly by natural hedges that arise from offsetting assets and liabilities that are denominated in foreign currencies. The Company kept its foreign currency transaction at a minimum to minimize the effect of foreign currency fluctuations.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities and their Philippine peso equivalents at the end of each reporting period are as follows:

| | | As at March 31, 2023 | | As at March 31, 2022 | |
|---|---|---|---|---|---|
| | Currency | Currency Amount | PHP | Currency Amount | PHP |
| **Financial Assets** | | | | | |
| **Cash** | USD | **5,000,115** | **271,848,811** | 1,306,516 | 67,618,076 |
| | AUD | **7,348** | **266,798** | 6,488 | 251,049 |
| | | | **272,115,609** | | 67,869,125 |
| **Trade receivables** | USD | **21,411,196** | **1,164,073,172** | 14,396,107 | 745,070,601 |
| | GBP | **2,975,155** | **199,941,309** | 2,396,168 | 162,805,100 |
| | AUD | **3,387,493** | **122,988,402** | 3,669,634 | 142,004,629 |
| | EUR | **360,565** | **21,322,203** | (54,919) | (3,165,495) |
| | MYR | **208,050** | **2,563,145** | 14,440 | 177,672 |
| | AED | **-** | **-** | 5,552 | 78,230 |
| | KRW | **5,821,442** | **243,115** | 15,896,222 | 678,864 |
| | SGD | **(21,009)** | **(858,914)** | (21,009) | (803,027) |
| | CAD | **57,108** | **2,290,358** | - | - |
| | | | **1,512,562,790** | | 1,046,846,574 |

## Notes forming part of the Financial Statements

| | Currency | As at March 31, 2023 | | As at March 31, 2022 | |
|---|---|---|---|---|---|
| | | Currency Amount | PHP | Currency Amount | PHP |
| **Financial Liabilities** | | | | | |
| **Trade and other payables** | USD | **4,098,007** | **223,542,456** | 2,628,884 | 136,574,606 |
| | EUR | **48,017** | **2,839,527** | 5,463 | 314,897 |
| | INR | **13,543,009** | **8,953,879** | 7,179,224 | 4,908,572 |
| | GBP | **80,645** | **5,419,670** | 209,005 | 14,200,653 |
| | AUD | **149,837** | **5,440,065** | (97,403) | (3,769,232) |
| | | | **246,195,597** | | 152,229,496 |
| | | | **1,538,482,802** | | 962,486,203 |

Foreign exchange rates as at March 31 are shown in the following table:

| | 2023 | 2022 |
|---|---|---|
| **Closing exchange rate:** | | |
| USD | **54.37** | 51.75 |
| AUD | **36.31** | 38.70 |
| GBP | **67.20** | 67.94 |
| INR | **0.66** | 0.68 |
| EUR | **59.14** | 57.64 |
| MYR | **12.32** | 12.30 |
| AED | **14.80** | 14.09 |
| KRW | **0.04** | 0.04 |
| SGD | **40.88** | 38.22 |
| CAD | **40.11** | 41.33 |

The sensitivity rate used in reporting foreign currency risk internally to key management personnel is 10% and it represents Management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% in foreign currency rates. The sensitivity analysis includes all the Company's foreign currency denominated monetary assets and liabilities.

The table below details the Company's sensitivity to a 10% increase and decrease in the Philippine Peso against the relevant foreign currencies. The sensitivity rate used reporting foreign currency risk internally to key management personnel is 10% and it represents Management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% in foreign currency rates. The sensitivity analysis includes all the Company's foreign currency denominated monetary assets and liabilities. A positive number below indicates an increase in profit when the Philippine Peso strengthens 10% against the relevant currency. For a 10% weakening of the Philippine Peso against the relevant currency, there would be an equal and opposite impact on the profit and the balances below would be negative.

| | March 31, 2023 | |
|---|---|---|
| | Effect on Income before Income Tax | |
| | 10% Increase in the Exchange Rate | 10% Decrease in the Exchange Rate |
| USD | **121,237,953** | **(121,237,953)** |
| GBP | **19,452,164** | **(19,452,164)** |
| SGD | **(85,891)** | **85,891** |
| AUD | **11,781,513** | **(11,781,513)** |
| INR | **(895,388)** | **895,388** |
| MYR | **256,314** | **(256,314)** |
| EUR | **1,848,268** | **(1,848,268)** |
| AED | **-** | **-** |
| KRW | **24,312** | **(24,312)** |
| CAD | **229,036** | **(229,036)** |
| | **153,848,281** | **(153,848,281)** |

| | March 31, 2022 | |
|---|---|---|
| | Effect on Income before Income Tax | |
| | 10% Increase in the Exchange Rate | 10% Decrease in the Exchange Rate |
| USD | 67,611,408 | (67,611,408) |
| GBP | 14,860,444 | (14,860,444) |
| SGD | (80,302) | 80,302 |
| AUD | 14,602,490 | (14,602,490) |
| INR | (490,857) | 490,857 |
| MYR | 17,767 | (17,767) |
| EUR | (348,039) | 348,039 |
| AED | 7,823 | (7,823) |
| KRW | 67,886 | (67,886) |
| | 96,248,620 | (96,248,620) |

Management does not foresee or expect any significant change in its foreign currency risk exposures or in the strategies it employs to manage them soon.

**Interest Rate Risk**

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest.

The primary source of the Company interest rate risk relates to cash in banks. The interest rates on these assets are disclosed in Note 5 to the financial statements.

The cash in banks are short-term in nature and with the current interest rate level, any variation in the interest will not have a material impact on profit or loss of the Company.

## Notes forming part of the Financial Statements

### Credit Risk

Credit risk refers to the possibility that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, when appropriate, as a means of mitigating the risk of financial loss from defaults.

The Company uses other publicly available financial information and its own trading records to rate its major customers. The Company's exposure and the credit ratings of its counterparties are continuously monitored, and the aggregate value of transactions concluded is spread amongst approved counterparties.

The following table presents the Company's maximum exposure to credit risk without taking account of the value of any collateral obtained.

| | Note | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|
| Cash in banks | 5 | **P200,336,331** | P125,100,191 |
| Cash equivalents | 5 | **289,653,750** | 245,000,000 |
| Trade receivables | 6 | **1,815,614,385** | 1,309,072,184 |
| Refundable deposits | 7, 10, 23 | **80,151,647** | 78,661,480 |
| | | **P2,385,756,113** | P1,757,833,855 |

The Company does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

As at March 31, 2023 and 2022, the aging analysis of the Company's financial assets is as follows:

| | Neither Past Due nor Impaired | Past Due Account but not Impaired | | | | Impaired Financial Assets | Total |
|---|---|---|---|---|---|---|---|
| | | 1-90 Days Past Due | 91-180 Days Past Due | 181-270 Days Past Due | Over 271 Days Past Due | | |
| **2023** | | | | | | | |
| Cash in banks | **P200,336,331** | **P -** | **P -** | **P -** | **P -** | **P -** | **P200,336,331** |
| Cash equivalents | **289,653,750** | **-** | **-** | **-** | **-** | **-** | **289,653,750** |
| Trade receivables | **1,815,614,385** | **-** | **-** | **-** | **-** | **-** | **1,815,614,385** |
| Refundable deposits | **80,151,647** | **-** | **-** | **-** | **-** | **-** | **80,151,647** |
| | **P2,385,756,113** | **P -** | **P -** | **P -** | **P -** | **P -** | **2,385,756,113** |

| | Neither Past Due nor Impaired | Past Due Account but not Impaired | | | | Impaired Financial Assets | Total |
|---|---|---|---|---|---|---|---|
| | | 1-90 Days Past Due | 91-180 Days Past Due | 181-270 Days Past Due | Over 271 Days Past Due | | |
| 2022 | | | | | | | |
| Cash in banks | P125,100,191 | P - | P - | P - | P - | P - | P125,100,191 |
| Cash equivalents | 245,000,000 | - | - | - | - | - | 245,000,000 |
| Trade receivables | 1,309,063,606 | - | - | - | - | 8,578 | 1,309,072,184 |
| Refundable deposits | 78,661,480 | - | - | - | - | - | 78,661,480 |
| | P1,757,825,277 | P - | P - | P - | P - | P8,578 | P1,757,833,855 |

The Company provided an allowance on past due account that believed to be impaired. Management believes that there is no change in the credit quality of financial assets from the date credit was initially granted up to the end of each reporting period.

The table below details the credit quality of the Company neither past due nor impaired financial assets:

| | Neither Past Due nor Impaired | | |
|---|---|---|---|
| | **High Grade** | **Satisfactory Grade** | **Total** |
| **2023** | | | |
| Cash in banks | **P200,336,331** | **P -** | **P200,336,331** |
| Cash equivalents | **289,653,750** | **-** | **289,653,750** |
| Trade receivables | **1,815,614,385** | **-** | **1,815,614,385** |
| Refundable deposits | **-** | **80,151,647** | **80,151,647** |
| | **P2,305,604,466** | **P80,151,647** | **P2,385,756,113** |

| | Neither Past Due nor Impaired | | |
|---|---|---|---|
| | High Grade | Satisfactory Grade | Total |
| 2022 | | | |
| Cash in banks | P125,100,191 | P - | P125,100,191 |
| Cash equivalents | 245,000,000 | - | 245,000,000 |
| Trade receivables | 1,309,063,606 | - | 1,309,063,606 |
| Refundable deposits | - | 78,661,480 | 78,661,480 |
| | P1,679,163,797 | P78,661,480 | P1,757,825,277 |

The Company uses internal ratings to determine the credit quality of its financial assets. These have been mapped to the summary rating below.

*High Grade* - This applies to highly rated financial obligors, strong corporate counterparties, and personal borrowers with whom the Company has excellent repayment experience.

*Satisfactory Grade* - This applies to financial assets that are performing as expected, including loans and advances to small and medium sized entities and recently established businesses.

*Acceptable Grade* - This applies to counterparties with risk profiles that are subject to closer monitoring and scrutiny with the objective of managing risk and moving accounts to improved rating category.

*Low Grade* - This applies to risks that is neither past due nor expected to result in loss but where the Company requires a workout of the relationship unless an early reduction in risk is achievable.

*Cash in Banks and Cash Equivalents*

Cash in banks and cash equivalents are held with counterparties with high external credit ratings. The credit quality of these financial assets is high grade. Impairment on cash in banks and cash equivalents have been measured on a 12-month ECL basis and reflects the short maturities of the exposures. The Company considers that its cash in banks and cash equivalents have low risk based on the external credit ratings of its counterparties.

*Trade Receivables*

The Company computes impairment loss on trade receivables based on past collection experiences, current circumstances, and the impact of future economic conditions, if any, available at the reporting period. Loss rates are based on actual credit loss experience. Any adjustments to the loss rates for forecasts of future economic conditions are not expected to be material. The Company applies the simplified approach in providing for ECL prescribed by PFRS 9, which permits the use of the lifetime expected loss provision and applies a provision matrix. The maturity of the Company's trade receivables is less than one year so the lifetime expected credit losses and the 12-month expected credit losses are similar.

## Notes forming part of the Financial Statements

*Other Receivables and Refundable Deposits*

With respect to credit risk arising from other receivables and refundable deposits, the Company's exposure to credit risk arises from default of the counterparty with a maximum exposure equal to the carrying amount of these financial assets. The Company trades only with reputable and recognized third parties.

*Liquidity Risk*

Liquidity risk is the possibility that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows. The Company maintains adequate highly liquid assets in the form of cash and cash equivalents to assure necessary liquidity.

### 25. CAPITAL RISK MANAGEMENT

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing the return to shareholders. The Company is governed by the following fundamental strategies:

a. The Company enters bank guarantee for some operational transactions.

b. It does not enter high risk security or equity investments. The Company's overall strategy remains unchanged from 2015.

The capital structure of the Company consists of equity attributable to the shareholders comprising of share capital and retained earnings.

Equity is defined as capital and retained earnings of the Company, while assets include current and noncurrent assets.

The Company's equity ratio is as follows:

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Total equity | **P839,258,896** | P771,381,135 |
| Total assets | **3,586,217,450** | 3,026,100,156 |
| Equity ratio | **0.23:1** | 0.25:1 |

The Company has not externally imposed capital requirement. There was no change in the Company's approach to capital management for the years ended March 31, 2023 and 2022.

### 26. CONTINGENT LIABILITIES AND COMMITMENT

The Company has contractually committed P8.20 million and P15.60 million as at March 31, 2023 and 2022 respectively, for purchase of property, plant, and equipment. The company has given financial guarantees worth P47.94 million and P45.67 million as at March 31, 2023 and 2022, respectively.

The Company has contingent liability in respect of tax demand received from tax authority during the year of P165.26 million and P85.63 million as at March 31, 2023 and 2022, respectively. This demand order is being contested by the Company based on the management evaluation and advice of tax consultant.

## 27. SUPPLEMENTARY INFORMATION REQUIRED BY THE BUREAU OF INTERNAL REVENUE (BIR) UNDER REVENUE REGULATIONS (RR) NO. 15-2010

In addition to the disclosures mandated under PFRS, and such other standards and/or conventions as may be adopted, companies are required by the BIR to provide in the notes to the financial statements, certain supplementary information for the taxable year. The amounts relating to such information may not necessarily be the same with those amounts disclosed in the financial statements which were prepared in accordance with PFRS. Following are the tax information required for the taxable period ended March 31, 2023:

### A. VAT

| | Amount |
|---|---|
| Output VAT | **P84,454,932** |
| Basis of the Output VAT | |
| Vatable sales | **P703,791,101** |
| Exempt sales | **-** |
| Zero-rated sales | **5,678,124,130** |
| | **P6,381,915,231** |

| | Amount |
|---|---|
| Input VAT | |
| Beginning of the year | **P9,268,854** |
| Current year's domestic purchases: | |
| Domestic purchases of goods other than capital goods | **47,828** |
| Purchase of capital goods exceeding 1 million | **9,116,544** |
| Purchase of capital goods not exceeding 1 million | **96,743** |
| Importation of goods other than capital goods | **-** |
| Domestic purchases of services | **24,794,713** |
| Total | **43,324,682** |
| Less: Input VAT applied the year | **(9,268,854)** |
| Balance at the end of the period | **P34,055,828** |

### B. Withholding Taxes

| | Amount |
|---|---|
| Withholding tax - compensation | **P414,379,375** |
| Withholding tax - expanded | **28,181,671** |
| Withholding tax - final | **76,754,139** |
| Fringe benefit tax | **1,444,696** |
| | **P520,759,881** |

## Notes forming part of the Financial Statements

### C. All Other Taxes (Local and National)

Details of the Company's other taxes and licenses and permits paid or accrued during 2023 are as follows:

| | Amount |
|---|---|
| **Charged to Cost of Services** | |
| PEZA processing fee for local sales, permit fees | **P4,713,852** |
| **Charged to General and Administrative Expenses** | |
| Permit fees, fringe benefit tax | **1,409,391** |
| | **P6,123,243** |

### D. As at March 31, 2023 the Company received Letter of Authority, Preliminary Assessment Notice, and Notice of Discrepancy

During the Fiscal year 2022-23, Company received a Formal Letter of Demand Notice from the Bureau of Internal Revenue covering fiscal year 2019, amount of P 183 Mn (Including Base Amount, Penalty & Interest) for deficiency taxes on Income Tax, Withholding Tax, Final Tax, Fringe Benefit Tax, Documentary Stamp Tax, Withholding Vat, Value-Added Tax. This demand order is being contested by the Company based on the management evaluation and advise of tax consultant.

On March 17, 2022, the Company received a Letter of Authority from the Bureau of Internal Revenue for Value-Added Tax covering fiscal year 2020. On March 21, 2023, a Preliminary Assessment Notice has been received amounting to P 4.812 Mn (including Base Amount, Penalty & Interest) for deficiency taxes on Value-Added Tax and Final Withholding Value-Added Tax. The Company submitted the response on April 4, 2023 opposing the proposed assessment and submitted further additional documentary evidences.

On September 30, 2022, the Company received from the Bureau of Internal Revenue an Audit Assessment Notice for Failure to Register Annual Books of Accounts covering the calendar year 2020 amounting to P0.05Mn. On October 5, 2022, the Company submitted the response refuting the proposed assessment and submitted documentary evidences.

On April 29, 2022, the Company received a Letter of Authority from the Bureau of Internal Revenue for all internal revenue taxes except Value-Added Tax covering fiscal year 2020. The Company submitted on December 19, 2022 books of accounts, documentary, and registration requirements. On March 20, 2023, a Notice of Discrepancy has been received amounting to P1,109.20 Mn (including Base Amount, Penalty & Interest). The Company submitted the response on April 19, 2023 opposing the proposed assessment and submitted further additional documentary evidences.

Information on amounts of customs duties, tariff fees and excise taxes are not applicable, since there is not transaction that the Company will be subjected to these taxes during the year.

# INDEPENDENT AUDITOR'S REPORT

May 10, 2023

**TO THE BOARD OF DIRECTORS OF**
**TATA CONSULTANCY SERVICES JAPAN, LTD**.

KPMG AZSA LLC Tokyo Office
Yasuhisa Yajima
Designated Limited Liability Partner
Engagement Partner
Certified Public Accountant

## Opinion

We have audited the financial statements, which comprise the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the accompanying supplementary schedules ("the financial statements and the accompanying supplementary schedules") of Tata Consultancy Services Japan, Ltd. ("the Company") as at March 31, 2023 and for the year from April 1, 2022 to March 31, 2023 in accordance with Article 436-2-1 of the Companies Act.

In our opinion, the financial statements and the accompanying supplementary schedules referred to above present fairly, in all material respects, the financial position and the results of operations of the Company for the period, for which the financial statements and the accompanying supplementary schedules were prepared, in accordance with accounting principles generally accepted in Japan.

## Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements and the Accompanying Supplementary Schedules* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Other Information

The other information comprises the business report and its supplementary schedules . Management is responsible for the preparation and presentation of the other information. Corporate auditors are responsible for overseeing the directors' performance of their duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the financial statements and the accompanying supplementary schedules does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements and the accompanying supplementary schedules, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the accompanying supplementary schedules or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### Responsibilities of Management and Corporate Auditors for the Financial Statements and the Accompanying Supplementary Schedules

Management is responsible for the preparation and fair presentation of the financial statements and the accompanying supplementary schedules in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements and the accompanying supplementary schedules that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements and the accompanying supplementary schedules, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Corporate auditors are responsible for overseeing the directors' performance of their duties with regard to the design, implementation and maintenance of the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements and the Accompanying Supplementary Schedules

Our objectives are to obtain reasonable assurance about whether the financial statements and the accompanying supplementary schedules as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements and the accompanying supplementary schedules.

As part of our audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements and the accompanying supplementary schedules, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the objective of the audit is not to express an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements and the accompanying supplementary schedules or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate whether the presentation and disclosures in the financial statements and the accompanying supplementary schedules are in accordance with accounting standards generally accepted in Japan, the overall presentation, structure and content of the financial statements and the accompanying supplementary schedules, including the disclosures, and whether the financial statements and the accompanying supplementary schedules represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with corporate auditors regarding, among other matters, the planned scope and timing of the audit, significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Interest required to be disclosed by the Certified Public Accountants Act of Japan

We do not have any interest in the Company which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

## (Notes to Significant Accounting Policies)

### 1. VALUATION STANDARD AND METHOD OF INVENTORY (MERCHANDISE, SUPPLIES)

At cost determined by the specific identification method (The balance sheet amount has been determined at the lower of cost and net realizable value.)

### 2. DEPRECIATION METHOD OF FIXED ASSETS

**(1) Tangible fixed assets excluding leased assets:** Straight-line method:

Major useful lives are as follows:

| | |
|---|---|
| Buildings | 5-10 years |
| Tools, furniture and fixtures | 4-10 years |

**(2) Intangible fixed assets excluding leased assets**

Software

Internal use: Straight-line method over the anticipated useful period (2-7 years)

**(3) Leased assets**

Finance leases that do not transfer ownership of leased assets to the lessee:

Depreciation is computed using the straight-line method based on the lease term or the applicable useful life of an owned fixed asset, whichever is shorter, with a residual value of zero.

### 3. PROVISION

**(1) Provision for doubtful debts**

The Company provides for possible credit losses stemming from monetary claims and other receivables. Estimates of irrecoverable amounts are determined by considering historical loan-loss ratios for general receivables and on consideration of recoverable amounts on a case-by-case basis in instances of suspected bad debt or other dubious accounts.

**(2) Provision for bonuses**

Provision for bonuses is recorded based on estimated bonus payment amounts.

**(3) Provision for loss on contracts**

In anticipation of loss arising from contracts, the excess of estimated future cost over the order amount is recorded for which the loss is foreseeable and the amount can be reasonably estimated.

### 4. RECOGNITION OF REVENUES AND COSTS

For system integration contracts, etc., we assume an obligation to fulfill the provision of products and services in accordance with customer specifications, and as the obligation is satisfied over a certain period of time, revenue is recognized in accordance with the manner in which expenses are incurred (such as the progress measured as the ratio of actual costs to total estimated costs). With respect to maintenance and support service contracts, we have obligations to provide support services related to product maintenance and software development, etc., and because these obligations are fulfilled over a certain period of time, we recognize revenues based on a percentage of the total amount of goods or services transferred (the Output Method) or as time passes.

For products such as hardware equipment, revenue is recognized upon transfer of control because performance obligations are satisfied primarily when products are sold and the delivery to the customer is completed.

Transaction prices are measured based on the amount of consideration that the company expects to be entitled to in exchange for the transfer of promised goods or services to customers. The amount of consideration promised does not include important financial factors.

## Notes forming part of the Financial Statements

(Translation)

### 5. ACCOUNTING TREATMENT OF CONSUMPTION TAXES

Accounting treatment of consumption taxes is based on the tax exclusion method.

## (Notes on Accounting Estimates)

Items whose amounts are recorded in the financial statements for the current fiscal year based on accounting estimates and which may have a material impact on the financial statements for the following fiscal year are as follows.

Deferred tax assets 2,593 million yen

Provision for loss on order received 309 million yen

Information on important accounting estimates for identified items

The recognition of deferred tax assets takes into account the possibility that deductible temporary differences may be made available to taxable income in the future. In assessing the recoverability of deferred tax assets, the expected reversal of deferred tax liabilities, expected future taxable income and tax planning are taken into account.

Our company estimates deferred tax assets based on its past taxable income levels and future business plans for the periods in which deferred tax assets can be recognized and believes that the calculation is reasonable. However, the projections of future taxable income may change depending on market trends and economic conditions surrounding our company.

Please refer to (Notes on Items Related to Important Accounting Policies 3. Accounting Standard for the Provision (3) Reserve for Loss on Orders Received) for the accounting standard of the reserve for loss on orders received.

## (Notes to Changes in Accounting Policies)

**Application of Accounting Standard for Fair Value Measurement**

The Company has applied the "Implementation Guidance on Accounting Standard for Fair Value Measurement" (ASBJ (Accounting Standards Board of Japan) Guidance No. 31, June 17, 2021. Hereafter referred to as the "Guidance on Accounting Standard for Fair Value Measurement") from the beginning of the fiscal year, and in accordance with the transitional measures set forth in Article 27-2 of Accounting Standard for Fair Value Measurement, it will apply the new accounting policy provided in the Guidance on Accounting Standard for Fair Value Measurement preopectively. This has no impact on the financial statements.

## (Notes to Balance Sheet)

### 1. Of notes receivable, accounts receivable and contract assets, the amounts of receivables and contract assets arising from contracts with customers are as follows, respectively:

| | |
|---|---|
| Notes receivable | 0 million yen |
| Accounts receivable | 12,059 million yen |
| Contract assets | 1,759 million yen |

### 2. Financial assets and liabilities from/to affiliates:

| | |
|---|---|
| Short-term financial assets | ¥ 1,627 million |
| Short-term financial liabilities | ¥ 3,577 million |

### 3. Accumulated depreciation of tangible fixed assets ¥ 5,434 million

The accumulated depreciation includes accumulated impairment losses.

# FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

# Unitary Report of the Board of Statutory Auditors to the shareholder

**To the Shareholders' Meeting of Tata Consultancy Services Italia S.r.l.**

## Introduction

On the basis of the mandate granted by the company Tata Consultancy Services Italia S.r.l. (hereinafter the "Company"), the Board of Statutory Auditors has performed in the year closing on March 31, 2023, both the functions provided for in Article 2403 et seq. of the Italian Civil Code and the statutory audit functions provided for in Article 2409-bis of the Italian Civil Code.

This unitary report includes in section A) the "Report of the independent auditor pursuant to Article 14 of Legislative Decree No. 39 of 27 January 2010" and in section B) the "Report pursuant to Article 2429, paragraph 2 of the Italian Civil Code".

It is recalled that the Board of Statutory Auditors was appointed by the ordinary shareholders' meeting of June 6, 2020, and it will remain in office until the approval of the Company's financial statements as at March 31, 2023; the statutory audit of the Company is also entrusted to the same.

The Board of Directors has made available the following documents approved on April 28,2023 relating to the financial statement at March 31, 2023: financial statements (Balance Sheet, Income Statement and Cash Flow Statement), explanatory note and Management report.

### A) Report of the independent auditor pursuant to Article 14 of Legislative Decree No. 39 of 27 January 2010

**Report on the financial statements**

***Opinion***

We have carried out the statutory audit on the Company's financial statements, consisting of the balance sheet as at March 31, 2023, the income statement, the cash flow statement for the year closing on that date and the explanatory notes.

In our opinion, the financial statements gives a true and fair view of the financial position of the Company at March 31, 2023 and the net income and the cash flow for the year ending on that date, in accordance with Italian legislation on the criteria for their preparation.

***Elements underlying the opinion***

We conducted our statutory audit in accordance with international auditing standards (ISA Italia). Our responsibilities pursuant to these principles are further described in the section Responsibility of the auditor for the financial statement of this report. We are independent of the Company in compliance with the rules and principles on ethics and independence applicable in the Italian legal system for auditing the financial statements.

We consider that the audit evidence obtained is sufficient and appropriate to provide our opinion.

***Responsibility of directors and Board of Statutory Auditors for the financial statements***

The directors are responsible for filing a financial statement that provides a true and fair view in accordance with Italian legislation governing its preparation and according to the terms provided for by the law, for such internal control necessary to enable the preparation of a financial statement free from material misstatements whether due to fraud or error.

The directors are responsible for assessing the Company's ability to continue operating as an operating entity and, in drafting the financial statements, for the appropriateness of the use of the assumption of business continuity, as well as for adequate disclosure in matter. The directors use the assumption of business continuity in the preparation of the financial statements unless they have assessed that the conditions for the liquidation of the Company or for the interruption of the activity exit or have no realistic alternatives to such choices.

The Board of Statutory Auditors is responsible for supervising, within the terms provided by law, the process of preparing the Company's financial disclosure.

### *Responsibility of the auditor for the financial statements*

Our objectives are the acquisition of reasonable assurance that the financial statements as a whole do not contain significant errors, due to fraud or unintentional behavior or events, and the issuance of an audit report that includes our opinion. Reasonable security means a high level of security which, however, does not provide the assurance that a financial audit carried out in accordance with ISA Italia international auditing standards will always identify a significant error, if this exists. Errors can result from fraud or unintentional behavior or events and they are considered significant if it can reasonably be expected that they, individually or as a whole, are able to influence the economic decisions made by the users on the basis of the financial statements.

As part of the financial audit carried out in accordance with ISA Italia international auditing standards, we have exercised professional judgment and maintained professional scepticism throughout the financial audit. Furthermore:

- we have identified and assessed the risks of material misstatement in the financial statements due to fraud or unintentional behavior or events; we have defined and performed audit procedures in response to these risks; we have acquired sufficient and appropriate audit evidence on which to base our judgment. The risk of not identifying a significant error due to fraud is higher than the risk of not identifying a significant error deriving from unintentional behavior or events, since fraud can imply the existence of collusion, falsification, intentional omission, misleading representations or forcing internal control;
- we have acquired an understanding of the internal control relevant for auditing purposes in order to define appropriate audit procedures in the circumstances and not to express an opinion on the effectiveness of the internal control of the company;
- we have assessed the appropriateness of the accounting principles used and the reasonableness of accounting estimates made by the directors, including the related disclosure;
- we have come to a conclusion on the appropriateness of the use by the directors of the assumption of business continuity and, considering the audit evidence, on the possible existence of significant uncertainty regarding events or circumstances that may give rise to significant doubts about the ability of the company to continue operating as an operating entity. In the presence of significant uncertainty, we are obliged to draw attention to the audit report on the related disclosures in the financial statements, or, if such disclosure is inadequate, to reflect this fact in the formulation of our opinion. Our conclusions are based on the audit evidence obtained up to the date of this report. However, subsequent events or circumstances may result in the Company ceasing to operate as an operating entity;
- we have assessed the presentation, structure and content of the financial statements as a whole, including the disclosure, and whether the financial statements represent the underlying transactions and events in order to provide a correct representation;
- we have communicated to the managers of the governance activities, identified at an appropriate level as required by the ISA Italia, among other aspects, the scope and timing planned for the audit and the significant results that emerged, including any significant deficiencies in the internal control identified during the financial audit.

### Report on other legislative and regulatory provisions

The directors are responsible for preparing the Company's management report as at March 31, 2023, including its consistency with the related annual financial statements and its compliance with the law.

We have followed the procedures required in auditing standard (ISA Italia) No. 720B in order to express an opinion on the consistency of the directors' report, which is the responsibility of directors, with the financial statements of the Company as at March 31 2023 and on compliance with the law, as well as to make a declaration on any significant errors.

In our opinion, the directors' report is consistent with the financial statements of the Company as at March 31, 2023 and it is prepared in accordance with the law.

With reference to the declaration pursuant to Article 14, paragraph 2, let. e), of Legislative Decree 39/2010, issued on the basis of the knowledge and understanding of the Company and the relative context acquired during the audit activities, we have nothing to report.

## B) Report on supervisory activities pursuant to Article 2429, paragraph 2, of the Italian Civil

During the financial statement as at March 31, 2023, our activity was inspired by the provisions of the law and the rules of conduct of the Board of Statutory Auditors issued by the National Council of Chartered Accountants and

Accounting Experts, in respect of which we carried out the self-assessment, with a positive result, for each member the Board of Statutory Auditors.

**B1) Supervisory activities pursuant to Article 2403 et seq. of the Italian Civil Code**

We've monitored compliance with the law and the bylaws and compliance with the principles of correct administration.

We have participated in the shareholders' meetings and the meetings of the board of directors, in relation to which, on the basis of the information available, we have not detected violations of the law and the bylaws, nor manifestly imprudent, risky transactions in potential conflict of interest or such as compromise the integrity of the company's assets.

We've acquired from the financial director, during the meetings held, information on the general performance of the management and its foreseeable evolution, as well as on the most significant transactions, due to their size or characteristics, carried out by the company and, on the basis of information acquired, we did not have particular observations to report.

We have acquired knowledge and supervised, as far as we are responsible, on the adequacy and functioning of the Company's organizational structure, also by collecting information from the heads of the departments and in this regard we have no particular observations to report.

We have acquired knowledge and supervised, as far as we are responsible, on the adequacy and functioning of the administrative-accounting system, as well as on the reliability of the latter to correctly represent the management facts, by obtaining information from the heads of the functions and the examination of company documents, and in this regard, we have no particular observations to report.

No complaints were received from the shareholders pursuant to Article 2408 of the Italian Civil Code.

During the year no opinions provided by the law were issued by the Board of Statutory Auditors.

During the course of the supervisory activity, as described above, no other significant facts emerged such as to be worthy of mention in this report.

**B2) Observations on the financial statements**

As far as we're aware, the administrative body has not departed from the provisions of law established at Article 2423, paragraph 4, of the Italian Civil Code. The results of the statutory audit of the financial statements performed by this Board are set out in Section A of this report.

**B3) Observations and proposals on the approval of the financial statements**

In view of the results of the activities performed by us, the Board of Statutory Auditors proposes to the shareholders' meeting to approve the financial statements at March 31, 2023, as prepared by the directors.

The Board of Statutory Auditors agrees with the proposed allocation of the operating result made by the directors in the explanatory notes.

Milan, May 8th, 2023
For the Board of Statutory Auditors
The Chairman - **Davide Attilio Rossetti**

# SUPPLEMENTARY NOTES, INITIAL PART PUBLISHING PRINCIPLES

## STRUCTURE AND CONTENTS OF THE FINANCIAL STATEMENTS

The financial statements for the financial year closed as of 31/03/2023, composed of the Balance Sheet, Income Statement and Notes correspond to the results of duly kept accounting entries and have been drawn up in accordance with the provisions of articles 2423 and 2423-bis of the Civil Code as well as in accordance with the accounting principles and accounting guidelines drawn up by the Italian Accounting Body (O.I.C.).

The financial statement has been drawn up on the basis of the company as a going concern.

It is structured in accordance with the provisions of articles 2424 and 2425 of the Civil Code according to the recitals set out by article 2423-ter. The Notes, which are an integral part of the Financial Statements, comply with the contents of articles 2427, 2427-bis and with all the other provisions that refer to them.

The entire document and all its related parts have been drawn up to give a fair and true picture of the company's assets and financial situation as well as of the operating results. It gives, where necessary, additional supplementary information for this purpose.

In accordance with the provisions of  Art. 2423, each item is presented with the amount of the corresponding item from the previous year.

Interested parties are referred to the contents of the Management Report as regards information related to the company's operating and financial trend, to relations and transactions with correlated parties as well as to important events which have taken place after closure of the financial year.

## ACCOUNTING PRINCIPLES

In accordance with the provisions of Art. 2423-bis of the Civil Code, following principles have been complied with while preparing the Financial Statements:

- prudential approach to entry assessment in accordance with the going-concern value and taking into account the substance of the transaction or arrangement;
- only profits actually achieved during the financial year are reported;
- proceeds and charges related to the financial year have been stated irrespective to their occurrence and payment;
- risks and losses accrued in the financial year are reported even if they became known after closure;
- sundry elements included in the various Financial Statements items have been assessed separately.

The assessment criteria provided for by art. 2426 of the Civil Code have been maintained unchanged compared to those used in the previous financial year.

The Financial Statements and these Notes have been drawn up in units of Euros.

### Applied evaluation criteria

The assessment criteria provided for by art. 2426 of the Civil Code have been applied when drawing up these Financial statements.

### Intangible fixed assets

Intangible fixed assets have been entered at their purchase or in-house production cost inclusive of directly allocated additional costs.

The relevant amounts are entered after deduction of depreciation expenses, calculated systematically using the rates indicated below and related to their residual possibility of use.

There have been no changes in depreciation rates from the previous financial year.

Pursuant to section 5) of Art. 2426, please note that there has been no distribution of dividends exceeding the total remaining reserves available to cover the total costs for start-up, expansion and development costs that have not been amortized.

Fixed assets with value at the date of closure of the financial year that is enduringly lower than the value as calculated above, have been entered at that lesser value; with the exception of goodwill, this has not been made in the following financial statements if the reasons for the adjustment made no longer exist.

**Tangible fixed assets**

Tangible fixed assets have been entered in the Financial Statements at their purchase or in-house production cost. This cost includes additional costs as well as directly allocated costs.

The related amounts are entered after deduction of depreciation expenses, calculated systematically using the rates indicated below and related to their residual possibility of use that takes into account the use, destination and economic-technical duration of the assets.

| Description | Applicable rates |
|---|---|
| Other assets: | |
| - Furniture | 20% |
| - Electronic office equipment | 25% |

There have been no changes in depreciation rates from the previous financial year.

Fixed assets with value at the date of closure of the financial year that is enduringly lower than the value as calculated above, have been entered at that lesser value; this has not been made in the following financial statements if the reasons for the adjustment made no longer exist.

**Receivables**

Receivables have been entered according to their presumed collection value by allocating specific allowances for bad debts to which a sum is annually allocated corresponding to the risk of non-collectability of the receivables recorded in the financial statements, related to debtor's general economic conditions, sector of business and place of origin.

The actual policy of the company is to allocate into the bad debts those receivables which last for more than 9 months.

**Liquid assets**

The item contains cash in hand both in Euro and in foreign currency, stamps and monetary reserves resulting from accounts held by the company with financing institutions, all expressed at their nominal values and explicitly converted into Italian currency when the accounts were in foreign currency.

**Accruals and deferrals**

Accruals and deferrals have been calculated according to the temporal accruals principle of accounting.

**Contingency funds for risks and charges**

These have been allocated to cover losses or liabilities of a specific nature, certain or probable to exist, but for which, at the closure of the financial year, it was not yet possible to determine the amount or the date of occurrence.

These funds were assessed by applying general criteria of prudence and accrual. No generic contingency funds for risks lacking economic justifications were created.

**Severance pay**

The severance pay fund corresponds to the Company's real commitment with each employee, calculated pursuant to existing laws and, in particular, to the provisions of art. 2120 of the Civil Code, to the collective labor agreements and to company's supplementary agreements.

This liability is subject to revaluation by applying indexes.

**Payables**

Payables are expressed at their nominal value and include, where applicable, interest come due and collectable at the date of closure of the financial year.

**Conversion criteria for values expressed in currency**

Receivables and payables originally expressed in foreign currency are converted into euros at the exchange rates at the date of occurrence. Exchange differences arising during payment of payables and collection of receivables in foreign currency are allocated to the Income Statement.

The existing receivables in currency at the end of the financial year have been converted into euros at the rate valid on the day of closure of the Financial Statement; profits and losses coming from the exchange have been entered in the Income Statement under the C.17-bis "Exchange profits/losses" item, allocating, if necessary, an amount equal to the net profits emerging from the algebraic sum of the values to net worth reserve that cannot be distributed until the time of collection.

As to the amount entered under C.17-bis item we clarify that the collected part of losses on exchanges is equal to euros 84.031, while that not collected profit is equal to euros 109.280.

**Recording of revenue and costs**

Income and proceeds are entered after deduction of returns, discounts and allowances as well as of taxes directly connected with sale of the products and lending of the services.

In particular:

- revenue for supply of services are calculated according to the actual supply of the service and in accordance with the relevant contracts. Revenue related to works in progress on order is calculated with the method of the percentage of completion of the works;
- costs are recorded according to the accruals principle of accounting;
- proceeds and financial charges are calculated according to the temporal accruals principle of accounting.

**Income taxes**

Financial year income taxes are allocated in accordance with the accruals principle of accounting and are calculated in accordance with existing laws and on the basis of the estimated taxable income. In the Balance Sheet the debt is indicated in the "Tax payables" item and the credit in the "Tax receivable" item.

We specify the following concerning detection of the fiscal effects caused by temporary differences between entry of economic items in the Financial Statements and the time they become fiscally important.

Deferred taxes were calculated according to the temporary taxable differences applying the tax rate valid at the moment these temporary differences will generate increases in the taxable base.

Assets for advanced taxes, in accordance with the prudence principle, were calculated on the deductible temporary differences applying the tax rate which is valid at the moment these differences generate a decrease in the taxable base, according to the principle of the reasonable certainty of the existence of future taxable bases sufficient to reabsorb the variations specified above.

The amount of advanced taxes is revised every year to check the existence of the reasonable certainty of having, in the future, fiscally taxable income sufficient to recover the entire amount of the advanced taxes.

The amount of deferred and advanced taxes is also subject to recalculation whenever there are changes in the taxation rates originally considered.

## Notes forming part of the Financial Statements

### SUPPLEMENTARY NOTES, ASSETS

**Fixed assets**

**Tangible fixed assets**

The following schedule illustrates the composition of tangible fixed assets and the variations that took place during the financial year.

(EUR)

| Financial year item | As at March 31, 2022 | Increases | Decreases | As at MARCH 31, 2023 |
|---|---|---|---|---|
| Other assets | 99.769 | 234.284 | - | 334.053 |
| - Electronic equipment | 99.769 | 234.284 | - | 334.053 |
| Fixed assets in progress and down payments | - | 59.488 | - | 59.488 |
| **Totals** | 99.769 | 293.772 | - | 393.541 |

Tangible fixed assets, after deduction of the depreciation fund, are equal to euros 393.541 (euros 99.769 at the end of the previous financial year).

**Changes in tangible fixed assets**

The following schedule illustrates the components that contributed to calculating the net book value of the Financial statements (art. 2427, point 2 of the Civil Code).

(EUR)

| | Land and buildings | Plant and machinery | Industrial and commercial equipment | Other tangible fixed assets | Tangible assets in process and advances | Total tangible fixed assets |
|---|---|---|---|---|---|---|
| **Year opening balance** | | | | | | |
| Cost | 0 | 0 | 0 | 391.801 | 0 | 391.801 |
| Amortisation (amortisation fund) | 0 | 0 | 0 | 292.032 | 0 | 292.032 |
| Balance sheet value | 0 | 0 | 0 | 99.769 | 0 | 99.769 |
| **Changes during the year** | | | | | | |
| Increases for purchases | 0 | 0 | 0 | 312.081 | 59.488 | 371.569 |
| Depreciation/amortisation for the year | 0 | 0 | 0 | 77.797 | 0 | 77.797 |
| **Total changes** | 0 | 0 | 0 | 234.284 | 59.488 | 293.772 |
| **Year closing balance** | | | | | | |
| Cost | 0 | 0 | 0 | 703.882 | 59.488 | 763.370 |
| Amortisation (amortisation fund) | 0 | 0 | 0 | 369.829 | 0 | 369.829 |
| Balance sheet value | 0 | 0 | 0 | 334.053 | 59.488 | 393.541 |

Following report shows the details of "Other goods" balance sheet item, indicating the movements relating to each component..

(EUR)

| Description | Furnitures | Electronic office machinery | Automobiles and motorcycles | Motor vehicles | Assets different from the above | Rounding off | Other tangible fixed assets balance |
|---|---|---|---|---|---|---|---|
| Historic cost | 1.573 | 390.228 | - | - | - | - | 391.801 |
| Previous financial year revaluations | - | - | - | - | - | | - |
| Initial depreciation fund | 1.573 | 290.459 | - | - | - | - | 292.032 |
| Financial year initial balance | - | 99.769 | - | - | - | - | 99.769 |
| Financial year purchases | - | 312.081 | - | - | - | - | 312.081 |
| Financial year depreciations | - | 77.797 | - | - | - | - | 77.797 |
| **Final balance** | - | 99.769 | - | - | - | - | 334.053 |

The increase in electronic office equipment of EUR 312.081 is composed of PCs used by engineers that became operational during the year.

**Fixed Assets in progress and down payments**

The fixed asstes in progress amounting to Euro 59.488 are mainly referred to PCs used by engineers, relates to the PCs which are not in use at the year end.

## CURRENT ASSETS

**Receivables included among current assets**

**Changes and deadline of receivables posted to current assets**

The following schedule illustrates the composition, the variation and the expiration dates of receivables present in current assets (art. 2427, point 4 and 6 of the Civil Code).

(EUR)

| | Year opening balance | Change during the year | Year closing balance | Amount due within 12 months | Amount due beyond 12 months | of which beyond 5 years |
|---|---|---|---|---|---|---|
| Trade receivables included among current assets | 11.302.976 | 1.019.290 | 12.322.266 | 12.322.266 | - | - |
| receivables due from parent companies included among current assets | 2.343.063 | (760.164) | 1.582.899 | 1.582.899 | - | - |
| receivables due from companies controlled by parent companies posted to current assets | 1.154.294 | 453.885 | 1.608.179 | 1.608.179 | - | - |
| Tax receivables included among current assets | 624.401 | 250.217 | 874.618 | 874.618 | - | - |
| Assets for prepaid tax included among current assets | 259.197 | (3.480) | 255.717 | - | - | - |
| Other receivables included among current assets | 163.210 | 30.442 | 193.652 | 8.630 | 185.022 | - |
| **Total receivables included among current assets** | 15.847.141 | 990.190 | 16.837.331 | 16.396.592 | 185.022 | - |

## Notes forming part of the Financial Statements

### Breakdown of receivables included among current assets by geographic area

Receivables of current assets are subdivided according to geographic areas where the debtor does business (art. 2427, point 6 of the Civil Code):

(EUR)

| Geographic area | Italy | Europe | Rest of the world | Total |
|---|---|---|---|---|
| Trade receivables included among current assets | **12.322.266** | **-** | **-** | **12.322.266** |
| Receivables due from parent companies included among current assets | **-** | **31.405** | **1.551.494** | **1.582.899** |
| receivables due from companies controlled by parent companies posted to current assets | **-** | **1.604.706** | **3.473** | **1.608.179** |
| Tax receivables included among current assets | **874.618** | **-** | **-** | **874.618** |
| Assets for prepaid tax included among current assets | **255.717** | **-** | **-** | **255.717** |
| Other receivables included among current assets | **189.538** | **-** | **4.114** | **193.652** |
| **Total receivables included among current assets** | **13.642.139** | **1.636.111** | **1.559.081** | **16.837.331** |

### Receivables with customers

(EUR)

| Description | As at March 31, 2022 | As at March 31, 2023 | Variation |
|---|---|---|---|
| Trade receivables | 11.586.481 | **12.322.266** | **735.785** |
| Bad Debt Fund | (283.505) | **-** | **283.505** |
| **Total** | 11.302.976 | **12.322.266** | **1.019.290** |

### Receivables with controlling companies

(EUR)

| Description | As at March 31, 2022 | As at March 31, 2023 | Variation |
|---|---|---|---|
| Tata Consultancy Services LTD | 2.211.620 | **1.551.494** | **(660.126)** |
| Tata Consultancy Services Netherlands B,V, | 131.443 | **31.405** | **(100.038)** |
| **Total** | 2.343.063 | **1.582.899** | **(760.164)** |

The receivables here classified are all related to the commercial transactions occurred with the direct mother company and also with the ultimate mother company. All the transactions have been made at arms'lenght principle.

### Receivables from businesses subject to the control of the parent companies

(EUR)

| Description | As at March 31, 2022 | Variation | As at March 31, 2023 |
|---|---|---|---|
| TCS Africa Holdings LTD | 11 | **31** | **42** |
| Tata Consultancy Services Osterreich GmbH | 404.509 | **(145.328)** | **259.181** |
| Tata Consultancy Services Switzerland LTD | 11.715 | **34.038** | **45.753** |
| Tata Consultancy Services Deutschland GmbH | 638.835 | **53.809** | **692.644** |
| Tata Consultancy Services Luxembourg S.A. | 7.160 | **(2.120)** | **5.040** |
| Tata Consultancy Services France SAS | 72.498 | **486.593** | **559.091** |

## Notes forming part of the Financial Statements

Adjustment of the nominal value of the receivables to the presumed break up value was done by using a specific allowance for bad debts which sustained, during the financial year, the following movements:

(EUR)

| Description | Initial balance | Uses | Allocations | Final balance |
|---|---|---|---|---|
| Allowance for bad debts of the current assets | 283.505 | **283.505** | **-** | **-** |

**Liquid funds**

The balance detailed below represents the amount and variations in liquid assets existing at the time of closure of the financial year (art. 2427, point 4 of the Civil Code).

(EUR)

| | As at March 31, 2022 | Change during the year | As at March 31, 2023 |
|---|---|---|---|
| Bank and post office deposits | 3.873.586 | **838.692** | **4.712.278** |
| **Total liquid funds** | 3.873.586 | **838.692** | **4.712.278** |

**Accrued income and prepayments**

The composition and variations for the item under examination are detailed as follows (art. 2427, point 7 of the Civil Code):

(EUR)

| | As at March 31, 2022 | Change during the year | As at March 31, 2023 |
|---|---|---|---|
| Accrued income | 0 | **239.922** | **239.922** |
| Deferred income | 136.249 | **(10.374)** | **125.875** |
| **Total accrued income and prepaid expenses** | 136.249 | **229.548** | **365.797** |

## SUPPLEMENTARY NOTES, LIABILITIES AND NET EQUITY

**Shareholders' equity**

Changes in shareholders' equity for the three previous years are shown below:

(EUR)

| | Amount as at March 31, 2020 | Increases / Decreases | Amount as at March 31, 2021 | Increases / Decreases | Amount as at March 31, 2022 |
|---|---|---|---|---|---|
| Share Capital | 100.000 | - | 100.000 | - | 100.000 |
| Legal reserve | 20.000 | - | 20.000 | - | 20.000 |
| Contributions to cover losses | 2.100.000 | - | 2.100.000 | - | 2.100.000 |
| Miscellaneous other reserves | (1) | 1 | - | - | - |
| Retained earnings (accumulated losses) | 558.651 | 935.642 | 1.494.293 | 3.001.150 | 4.495.443 |
| Net profit (loss) for the year | 935.643 | 2.065.507 | 3.001.150 | (1.066.969) | 1.934.181 |
| **Total** | 3.714.293 | 3.001.150 | 6.715.443 | 1.934.182 | 8.649.625 |

### Changes in shareholders' equity

Net worth existing at the closure of the financial year amounts to Euros 8.586.839 and has experienced the following evolution (art. 2427, point 4 of the Civil Code).

(EUR)

| | Year opening balance | Destination of the previous year's result | | Other changes | | | Result for the year | Year closing balance |
|---|---|---|---|---|---|---|---|---|
| | | Dividend allocations | Other destinations | Increases | Decreases | Reclassifications | | |
| Capital | 100.000 | - | - | - | - | - | - | 100.000 |
| Legal reserve | 20.000 | - | - | - | - | - | - | 20.000 |
| Other reserves | | - | - | - | - | - | - | |
| Contributions to cover losses | 2.100.000 | - | - | - | - | - | - | 2.100.000 |
| Miscellaneous other reserves | 1 | - | - | 2 | - | - | - | 3 |
| Total other reserves | 2.100.001 | - | - | 2 | - | - | - | 2.100.003 |
| Profit (loss) carried forward | 4.495.443 | - | - | 1.934.181 | - | - | - | 6.429.624 |
| Profit (loss) for the year | 1.934.181 | - | 1.934.181 | - | - | - | (56.919) | (56.919) |
| **Total shareholders' equity** | 8.649.625 | - | 1.934.181 | 1.934.183 | - | - | (56.919) | 8.592.708 |

### Use of shareholders' equity

Details are given, in particular, related to the reserves that compose the Net Worth, specifying their origin or nature, and their possible uses and distributability limits as well as their uses in previous financial years (art. 2427, point 7-bis of the Civil Code):

*Explanation column "Origin/nature": C = Capital reserve; U = Profit reserve.*

*Explanation column "Possible use": A = for capital increase; B = to cover losses; C = for distribution to shareholders.*

(EUR)

| | Amount | Origin / nature | Possible use | Available amount | Summary of uses in the three previous years | |
|---|---|---|---|---|---|---|
| | | | | | to cover losses | for other reasons |
| Capital | 100.000 | C | B | - | - | - |
| Legal reserve | 20.000 | U | B | - | - | - |
| Other reserves | | | | | - | - |
| Contributions to cover losses | 2.100.000 | C | B | 2.100.000 | - | - |
| Miscellaneous other reserves | 3 | - | - | - | - | - |
| Total other reserves | 2.100.003 | - | - | 2.100.000 | - | - |
| Profit carried forward | 6.429.624 | - | - | 6.429.624 | - | - |
| **Total** | 8.649.627 | - | - | 8.529.624 | - | - |
| Unavailable amount | | | | - | | |
| Residual available share | - | - | - | 8.529.624 | - | - |

Key: A: for capital increase, B: to hedge losses, C: distribution to shareholders, D: for other article of association restraints, E: other

As of 31/03/2023 capital was fully underwritten and paid up.

## Notes forming part of the Financial Statements

### Provisions for risks and charges

The composition and the movements in the single items are given in the following schedule (art. 2427, point 4 of the Civil Code).

(EUR)

| | Other Funds | Total provisions for risks and charges |
|---|---|---|
| Year opening balance | - | - |
| Changes during the year | | |
| Operating accrual | 117.516 | 117.516 |
| **Total changes** | 117.516 | 117.516 |
| **Year closing balance** | 117.516 | 117.516 |

The Management, in the financial year closed as of 31.03.2023, evaluated the portfolio project as at the year end and decided to accrue a contingency for foreseeable losses on turnkey projects for an amount equal to Euro 117.516.

This schedule gives a detailed description of the item related to other contingency funds for risks and charges as well as the variations since the previous financial year, because they are held to be of appreciable amount (art. 2427, point 7 of the Civil Code).

(EUR)

| **Description** | As at March 31, 2022 | Variation | As at March 31, 2023 |
|---|---|---|---|
| Other provisions for risks and charges: | - | - | - |
| Loss on turnkey projects | - | 117.516 | 117.516 |
| **Total** | - | 117.516 | 117.516 |

### Staff severance fund

The fund being allocated represents the actual debt of the company with its employees as of 31/03/2023 after deduction of paid advances.

The severance pay is directly deposited in the pension fund for employees who have opted for complementary social security which is shown on "Other"; in other cases the severance pay is transferred to the Treasury Fund managed by INPS. the amount booked as use is related to amount paid during the year.

Composition and uses are listed in the following schedule (art. 2427, point 4 of the Civil Code).

(EUR)

| | Staff severance fund |
|---|---|
| Year opening balance | 1.145.103 |
| Changes during the year | |
| Operating accrual | 558.064 |
| Use in the financial year | 81.485 |
| Other changes | (117.653) |
| **Total changes** | 358.926 |
| **Year closing balance** | 1.504.029 |

## PAYABLES DUE TO COMPANIES CONTROLLED BY PARENT COMPANIES

### Payables changes and due date

| Sundry operating charges | 61.235 | **331.902** | **270.667** | **442.01** |
| **Totals** | 42.413.244 | **44.048.278** | **1.631.321** | **-** |

### Costs raw materials, ancillary materials, consumables and good

They include mainly the costs for the purchases of the goods and products required for the office uses.

### Costs for services

They include all the costs relating to the services incurred by the company during the year. In particular: costs related to the providing of services for the projects (Euro 25.025.577), marketing and sponsorship related (Euro 80.754), legal, fiscal and consultancy expenese (Euro 459.897), recharge of company overhead (Euro 571.135) , communication costs (Euro 384.217).

### Use of third party assets

They include the fees incurred by the Company in relation to its offices (euro 155.144), the apartments rented for its employees (Euro 1.607.228) and for the rent of the cars given to the employees (Euro 179.004).

**Costs for personnel**

It represents the full costs for employees, including also the accruals for vacation and deferred provided by law.

**Depreciation tangible assets**

They have been calculated applying the rates provided by our fiscal law.

**Sundry operations charge**

They represent the residual category in which those costs not classified previously are accounted, like registration tax, stamp duty, government concession tax, fines and other management costs.

**Financial income and charges**

A schedule is also given concerning the composition of the "C.16.d) Proceeds other than the previous ones" item.

(EUR)

| Description | Others | Total |
|---|---|---|
| Bank and postal interest | 45.899 | 45.899 |
| **Total** | 45.899 | 45.899 |

## INCOME TAX FOR THE YEAR, CURRENT, DEFERRED AND PREPAID

**Operating income taxes**

The composition of the "Operating income taxes" item is illustrated in the following table:

(EUR)

| Description | As at March 31, 2022 | Variation | Var,% | As at March 31, 2023 |
|---|---|---|---|---|
| Current taxes | 1.737.941 | (736.549) | (42,09) | 1.006.392 |
| Taxes relative to previous periods | - | 28.072 | - | 28.072 |
| Advanced taxes | (101.716) | 101.716 | (100,00) | - |
| **Totals** | 1.636.225 | (734.334) | - | 901.891 |

"Current taxes" are composed by:

- IRES: Euros 674.346;
- IRAP: Euros 332.046.

**Deferred taxation (art. 2427, point 14 of the Civil Code)**

Deferred taxes were calculated taking into account the amount of all the temporary differences generated from application of tax regulations and applying the rates valid at the moment these differences arose.

Assets for advanced taxes were detected as it is reasonably certain that there will be, during subsequent financial year, a taxable base not inferior to the amount of the differences that will be written off. The total amount at the year end is Euro 102.201.

For a full disclosure, it is reported that the company pays IRAP tax in four different regions:

- Tuscany: IRAP applicable rate 4,82%;
- Emilia-Romagna: IRAP applicable rate 3,9%;
- Lombardy: IRAP applicable rate 3,9%;
- Piedmont: IRAP applicable rate 3,9%.

## Notes forming part of the Financial Statements

Below are comments over several areas of the company's overall performance.

## MACROECONOMIC TREND AND MARKET CONDITIONS

The last financial year was characterised by the beginning of the war with Ukraine which had as consequence an increase of the price due to an increase of costs for energy. For Italy there was an increase of PIL +3.9% and then a slow down to 0.4% into 2023.

However, the company's IT sector shows a trend which is favourable.

## MARKET STRATEGY

The target market of your company is software consultancy. The target customer group did not experience any particular changes during the year. In fact, the markets in which Tata Consultancy Services Italia Srl is engaged, are traditional ones in which the ultimate Indian parent company is well recognized worldwide.

The Company has a prestigious pool of clients including the best Italian companies.

Sales by country are detailed below:

(EUR)

| Geographic area | Previous financial year balance | Variation | Var, % | Current financial year balance |
|---|---|---|---|---|
| Italy | 40.397.689 | **(1.635.724)** | **(4,05)** | **38.761.965** |
| Europe | 4.350.016 | **477.973** | **10,99** | **4.827.989** |
| Rest of the world | 829.526 | **106.285** | **12,81** | **935.811** |
| **Total** | 45.577.231 | **(1.051.466)** | **-** | **44.525.765** |

Sales expenditure split by cost category is shown below:

(EUR)

| Category | Domestic | European Marker | Foreign Countries |
|---|---|---|---|
| Advertising | **80.754** | **-** | **-** |
| **Total** | **80.754** | **-** | **-** |

## OPERATIONAL STRATEGY

The company operations are located mainly in Milan, Turin, Mogliano, Maranello, Genova and Firenze.

The sole existing operating units are located in Firenze, Maranello (MO) and Torino.

## INVESTMENT STRATEGY

Investment during the period is detailed below:

| **Investment in tangible fixed assets** | Financial year purchases |
|---|---|
| Fixed assets in progress and down payments | **59.488** |
| Other assets | **312.081** |
| **Total** | **371.569** |

## FINANCIAL STRUCTURE AND STRATEGY

The company's net financial debt is detailed below; the report, based on ESMA guidelines, highlights the composition of the financial debt; a negative value states a situation in which financial assets are greater than financial liabilities.

(EUR)

| Description | Previous financial year | Variation | Current financial year |

In compliance with the provisions of art. 2428 par. 2 of the Civil Code, we point out the main financial and non-financial indicators of results.

| Structural indexes | Meaning | Previous financial year | Current financial year | Comment |
|---|---|---|---|---|
| **Primary structure ratio**<br>Net worth<br>--------------------------<br>Financial year fixed assets | The index measures the capacity of the company's financial structure to cover long term investments with its own resources. | 86,70 | **21,83** | The net worth is sufficient to guarantee entirely the fixed assets. |
| **Secondary structure ratio**<br>Net worth + Consolidated liabilities<br>--------------------------<br>Financial year fixed assets | The index measures the capacity of the company's financial structure to cover long term with long term sources. | 98,17 | **25,95** | Sources and Uses are in balance with reference to the timing. |

| Patrimonial and financial indexes | Meaning | Previous financial year | Current financial year | Comment |
|---|---|---|---|---|
| **Leverage (financial dependence)**<br>Invested capital<br>-------------------------<br>Net worth | The index measures the intensity of use of indebtedness to cover invested capital. | 2,31 | **2,60** | It has to be said that the company does not obtain financial resources outside of the Group |
| **Flexibility of the uses**<br>Circulating assets<br>-------------------------<br>Invested capital | It allows to better define the percentage mix of uses, which depends substantially on the kinds of activity of the company and on the flexibility level of the business structure. The more flexible the structure of the uses is, the greater the capacity of the business to adapt itself to the changeable market conditions.. | 99,50 | **98,24** | The invested capital corresponds almost totally to the circulating assets, showing how flexible is the company structure. Totally reflects the characteristic of the activity performed. |
| **Total debt ratio**<br>Third party financing<br>-------------------------<br>Net worth | The index represents the equilibrium degree of the financial sources. | 1,31 | **1,60** | The third party financing indicatively refers to internal sources of the Group. |

| Managerial indexes | Meaning | Previous financial year | Current financial year | Comment |
|---|---|---|---|---|
| **Personnel efficiency**<br>Net operating revenue<br>-------------------------<br>Financial year cost of personnel | The index shows the personnel productivity, calculated as the ratio between the net operating revenue and the cost of personnel. | 3,38 | **2,88** | |
| **Days' payables outstanding**<br>Payables with Suppliers* 365<br>-------------------------<br>Financial year purchases | The index measures, in days, the commercial extension received from the suppliers. | 23 | **29** | |
| **Days' sales in receivable**<br>Receivables with Customers * 365<br>-------------------------<br>Net operating revenue | The index measures, in days, the commercial extension offered to customers. | 91 | **101** | |

| Liquidity indexes | Meaning | Previous financial year | Current financial year | Comment |
|---|---|---|---|---|
| **Quick ratio**<br>Prompt liquidity + deferred liquidity<br>-------------------------<br>Short term period payables | The index measures the degree of coverage of short term payables by assets presumably collectible in the short term. | 1,94 | **1,80** | It is equal to the availability rate, since the Company has no stock.<br>There is a good relation between the sources and the uses of the financial resources, in fact the current assets are able to cover the current liability on time. |

| Profitability indexes | Meaning | Previous financial year | Current financial year | Comment |
|---|---|---|---|---|
| **Return on debt (R.O.D.)**<br>Financial year financial charges.<br>-------------------------<br>Financial year payable costs | The index measures the percentage remuneration of external financial providers expressed by the interest on financial year payable costs come due during the Financial year. | - | **-** | |
| **Return on sales (R.O.S.)**<br>Financial year operating result<br>-------------------------<br>Net operating revenue | The index measures the percentage efficiency of current operations with respect to sales. | 7,72 | **2,04** | |
| **Return on investment (R.O.I.)**<br>Financial year operating result<br>-------------------------<br>Financial year invested capital | The index offers a summary percentage measurement of the economics of current operations and the capacity of the company to self-finance irrespective to the choices of the financial structure. | 17,63 | **4,06** | |
| **Return on Equity (R.O.E.)**<br>Financial year operating result<br>-------------------------<br>Net worth | The index offers a summary percentage measurement of the global economics of company operation as a whole and on the capacity to finance the owner's equity. | 22,36 | **(0,66)** | |

## INFORMATION ABOUT THE ENVIRONMENT

At present the commitment about social and territory responsibility is an integral part of its principles and behaviours, which are oriented towards technology excellence, maintenance of high security levels, environmental protection and energy effectiveness as well as towards the training, the sensitization and involvement of the personnel as far as social responsibility matters are concerned.

Therefore, the company's environmental strategy is based upon the following principles:

- optimize the use of renewable energy and natural resources;
- minimize negative environmental impacts and maximize positive ones;
- spread a correct approach to environmental culture;
- achieve continuous improvement in environmental performances;
- adopt purchasing policies in respect of environmental issues.

Particularly the following initiatives were undertaken during the year:

- Scrupulous separate waste collection to improve recycling: plastic, organic, aluminium, glass, toner;
- All the paper used to print is Eco-compatible and could be disposed via WC.

## ENVIRONMENTAL LITIGATION

At the moment the Company is not involved in any civil or criminal litigation with third parties for damages caused to the environment or environmental crimes.

## INFORMATION ABOUT THE PERSONNEL

### SAFETY

The Company operates in its environment in accordance with the provisions of Decree-Law 81/08 for workers safety.

Activities in this area include:

- train employees and collaborators;
- recurrent medical examinations;
- organize and train safety intervention teams provided by law;
- permanent corporate monitoring from RSPP;
- preparation and distribution of documents regarding Decree-Law 81/08.

Particularly the following initiatives were undertaken during the year:

– update risk assessment documents;
– update and edit of procedures regarding safety and health at work;
– training course for n. 44 new employees.

### INJURIES

During the year no injuries occurred to employees.

### LITIGATION

Currently the Company is not involved in any litigation of any kind with employees or former employees.

With reference to the employed personnel we report following data:

- n. 86 men and n. 28 women are employed with a permanent contract;
- the average length of employment is 3/4 years;
- n.44 employees was hired during the year.

## DESCRIPTION OF THE MAIN RISKS AND UNCERTAINTIES WHICH MAY HAVE AN IMPACT ON THE COMPANY

In the course of its business activities, the Company is exposed to risks and uncertainties arising from exogenous factors related to the overall macroeconomic framework or the specific environment the Company operates in, as well as risks related to strategic decisions and internal risk management.

The identification and mitigation of these risks were carried out on a regular basis through consistent monitoring and immediate reactions in face of risk events.

The Company can count on a central risk management, although it allows its supervisors to take care of identification, monitoring and mitigation of the risks themselves. The aim is to estimate the impact of each risk according to going concern premises, reduce risks' occurrence and/or moderate their effect in proportion to the determining factor (controllable by the Company or not).

On the topic of business risks, the main risks identified, monitored and managed by the company are as follows:

- risks dependent on exogenous variables;
- risk related to competitiveness;
- risks related to the demand / macro-economic cycles.

### RISKS DEPENDENT ON EXOGENOUS VARIABLES

The company is exposed to foreign exchange risk as it deals in multi currencies. However, the risk is hedged to a great extent as the expenses are incurred in the respective foreign currency.

### RISK RELATED TO COMPETITIVENESS

The company operates in highly competitive industry, which is reflected in intense price competition of products and services..

### RISK RELATED TO OVERALL ECONOMIC DEVELOPMENT

In the course of its business activities, the Company is exposed to risks and uncertainties arising from exogenous factors related to the overall macroeconomic framework and the consequent reduction in IT spending by the companies, in containing their costs, could impact the Company's business.

### INFORMATION EX ART. 2428 C. 6 BIS

The company does not have investments in financial activities.

### AIMS AND POLICIES ON FINANCIAL RISK MANAGEMENT

The Company aims to contain financial risks through a control system managed by the Executive Board and monitored by internal auditors.

### COMPANY'S EXPOSURE TO RISKS

### CREDIT RISK

The Company has a policy to extend credit terms, on an average 60 days, after carefully considering the credit worthiness of its clients based on reports obtained from Credit Rating Agencies.

Doubtful debts represent the 2.71% of the total amount of all receivables towards customers. The Company has a good portfolio of clients and carries on careful checks on the clients' credit worthiness. It is specified that, as per company policy, the receivables considered in the doubtful/ bad debts are those which have remained unrealized beyond 9 months.

### LIQUIDITY RISK

Policy of the company is to manage accurately its spare funds, using tools able to schedule revenues and expenditures. The company intends to maintain liquidity reserves in order to avoid liquidity risk.

### RESEARCH AND DEVELOPMENT

The Company has not made significant investments in Research and Development during the year.

### TRANSACTIONS WITH SUBSIDIARIES, ASSOCIATED AND PARENT COMPANIES AND OTHER GROUP COMPANIES

Throughout the period ended 31st March 2023 the Company held commercial relations with companies of the Group.

Contract terms have been negotiated according to market conditions and do not give rise to significant advantages to any of the parties involved. Intercompany transactions are made at arm's length value.

The amount of the intercompany trade relations is listed below:

(EUR)

## ANNUAL ACCOUNTS AND REPORT OF THE REVISEUR D'ENTREPRISES AGREE

**MARCH 31, 2023**

**89 D, Rue Pafebruch**

**L-8308 Capellen**

**R.C.S. Luxembourg: B112.110**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

**CONTENTS** **PAGE**

# MANAGEMENT REPORT FY 2022-23

TATA Consultancy Services Luxembourg S. A. (Company), during the fiscal year ending on the 31st of March 2023 has registered continuous growth. It has done so through the expansion and enhanced presence within its key customers. The Company continues to work closely with the TCS relationship teams managing global TCS customers that have operations in Luxembourg. The major component of the growth has been from one of TCS's global clients. The long-term relationship with this customer, the quality of service and innovative offerings has led to consolidating TCS's presence and to marked growth in revenue. The service contracts currently in place signifies enhanced revenue growth for this fiscal year and for the years to come.

Finding and hiring local highly qualified resources remains an important challenge in growing our presence in the country. A regular communication with the teams in offshore locations servicing Luxembourg accounts continues to be a key success factor.

However, within the above limits, the Company regularly plans to position and showcase its services and solutions for acquiring new customers and to develop new areas of business with existing customers.

On the basis of the current visibility, the revenue for the year 2023-24 are expected to be at the same level as that of the revenue during the year 2022-23.

There are no significant events after the balance sheet date which has a bearing on the financial statements for the year 2022-23.

The ongoing military operation in Ukraine does not have any direct impact on the company as there are no customers in or dependencies on Ukraine, Belarus and Russia. The war may affect the economies of Europe and the world in general which may impact the company in future. However, as per current visibility, it is not possible to reliably estimate the impact as the events are evolving continuously.

Currently, the Company has no significant credit risks, other than those which have already been allowed for, nor any concentrations of credit with a single customer or geographical region which carries an unusual high credit risk. The Company bears no significant third-party interest risk.

The Company operates in a competitive market scenario which is reflected in the competitive prices for services.

The Company does not hold own shares and does not have investment in the shares of parent company and the Company does not have branches. The Company did not incur research and development expenses.

The total net turnover for the year was EUR 89.35 million compared to EUR 84.97 million for the previous year. The year ended with a net profit of EUR 6.31 million as compared to EUR 6.18 million for the previous year. The net profit at the current level is expected to continue going forward.

# REPORT OF THE REVISEUR D'ENTREPRISES AGREE

**To the Board of Directors of**
**Tata Consultancy Services Luxembourg S.A.**
**89D, Rue Pafebruch**
**L - 8308 Capellen**
**Luxembourg**

## Report on the audit of the annual accounts

### Opinion

We have audited the annual accounts of Tata Consultancy Services Luxembourg S.A. (the "Company"), which comprise the balance sheet as at 31 March 2023, and the profit and loss account for the year then ended, and notes to the annual accounts, including a summary of significant accounting policies.

In our opinion, the accompanying annual accounts give a true and fair view of the financial position of the Company as at 31 March 2023 and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts.

### Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession ("Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the « Responsibilities of "réviseur d'entreprises agréé" for the audit of the annual accounts » section of our report. We are also independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the annual accounts, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other information

The Board of Directors is responsible for the other information. The other information comprises the information stated in the annual report including the management report but does not include the annual accounts and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the annual accounts does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the annual accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

### Responsibilities of the Board of Directors for the annual accounts

The Board of Directors is responsible for the preparation and fair presentation of the annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## Responsibilities of the réviseur d'entreprises agréé for the audit of the annual accounts

The objectives of our audit are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

— Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

— Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

— Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

— Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Company to cease to continue as a going concern.

— Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Report on other legal and regulatory requirements

The management report is consistent with the annual accounts and has been prepared in accordance with applicable legal requirements.

## Notes forming part of the Financial Statements

### 1. ORGANISATION AND BUSINESS PURPOSE

TATA CONSULTANCY SERVICES LUXEMBOURG S.A. (the "Company") was incorporated on October 28, 2005 as a "Société Anonyme" under the laws of the Grand Duchy of Luxembourg for an unlimited period.

The Company is registered at 89 D, Rue Pafebruch, L-8308 Capellen and its commercial register number is R.C.S. Luxembourg B112.110.

The Company is a subsidiary of Tata Consultancy Services Netherlands B.V., a company organised under the Netherlands' laws under registered number 33237130 and whose registered address is Gustav Mahlerplein 85-91, 1082 MS Amsterdam, the Netherlands.

Tata Consultancy Services Netherlands B.V., a company organised under the Netherlands' laws is a subsidiary of TATA Consultancy Services Limited, a company incorporated under the laws of India under registered number L22210MH1995PLC084781 and whose registered address is Nirmal Building, 9th Floor, Nariman Point, Mumbai - 400 021, India.

The Company's object is the management and operating of information technology ("IT") and communication systems of credit institutions, professionals of the financial sector, undertakings for collective investment or pension funds established under Luxembourg or foreign laws. The Company may also develop and own IT and communication systems and make them available to its aforesaid clients.

The object includes the processing and transfer of data stored in the IT systems.

The Company may also provide IT systems implementation and maintenance services.

The Company co-operates with other entities of the Tata Consultancy Services Group.

The Company has the status of a professional of the financial sector, as such it may carry out any activities deemed useful for the accomplishment of its object remaining however within the limitations of articles 29(1), 29(2), 29(3) and 29(4) of the amended Luxembourg law of April 5, 1993 relating to the financial sector.

The Company's financial year starts on April 1 and ends on March 31 every year.

The consolidated accounts of TATA Consultancy Services Limited, which form the smallest and largest body of undertakings in which the Company is included, are available at the following address: Nirmal Building, 9th Floor, Nariman Point, Mumbai - 400 021, India.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of preparation**

The Company maintains its books and records in Euro (EUR) and the annual accounts have been prepared in accordance with Luxembourg legal and regulatory requirements and the going concern principle under the historical cost convention.

Accounting policies and valuation rules are, besides the ones laid down by the amended Law of 19 December 2002, determined and applied by the board of directors of the Company (the "Board of Directors").

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires the Board of Directors to exercise its judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the period in which the assumptions changed. The Board of Directors believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstance.

**Significant accounting policies**

*2.1. Formation Expenses*

The formation expenses of the Company are directly charged to the profit and loss account of the year in which they are incurred.

## Notes forming part of the Financial Statements

*2.2. Tangible assets*

The value of tangible fixed assets with limited useful economic lives is reduced by value adjustments calculated on a straight-line basis to write off the value of such assets systematically over their useful economic lives.

The depreciation rates applied are as follows:

- Plant and machinery: 10%, 20% or 25%
- Other fixtures and fittings, tools and equipment: 10%, 20% or 25%

*2.3. Debtors*

Debtors are valued at their nominal value. They are subject to value adjustments where their recovery is compromised. These value adjustments are not continued if the reasons for which the value adjustments were made have ceased to apply.

*2.4. Creditors*

Debts are recorded at their reimbursement value. Where the amount repayable on account is greater than the amount received, the difference is recorded in the profit and loss account when the debt is issued.

*2.5. Foreign currency translation*

These annual accounts are expressed in EUR.

The transactions made in a currency other than EUR are translated into EUR at the exchange rate prevailing at the transaction date.

Long-term assets expressed in currencies other than EUR are translated into EUR at the exchange rate effective at the time of the transaction. At the balance sheet date, these assets remain translated at historic exchange rates.

Cash at bank is translated at the exchange rate effective at the balance sheet date. Exchange losses and gains are recorded in the profit and loss account of the year.

All other assets and liabilities expressed in a currency other than EUR are translated separately respectively at the lower and at the higher of the value converted at the historical exchange rate or the value determined on the basis of the exchange rates prevailing at the balance sheet date. Solely the unrealized exchange losses are recorded in the profit and loss account. The exchange gains are recorded in the profit and loss account at the moment of their realisation.

Where there is an economic link between an asset and a liability, these are valued in total according to the method described above and the net unrealised losses are recorded in the profit and loss account whereas the net unrealised exchange gains are not recognised.

*2.6. Revenues from operations*

Revenues which are derived from management and operating of Information Technology are recognised over the term of related contract in the period when the services are provided.

Works in progress are classified as invoices to be issued under the caption "Trade debtors". Then invoices are issued in accordance with milestones set in the "Statement of work" agreed with each client.

*2.7. Provisions*

Provisions are intended to cover losses or debts the nature of which is clearly defined and which, at the date of the balance sheet are either likely to be incurred or certain to be incurred but uncertain as to their amount or as to the date on which they will arise.

Provisions may also be created to cover charges that have originated in the financial year under review or in previous financial year, the nature of which is clearly defined and which, at the date of the balance sheet, are either likely to be incurred or certain to be incurred but uncertain as to their amount or the date on which they will arise.

*Provision for taxation*

Provisions for taxation corresponding to the tax liability estimated by the Company for the financial years are recorded under the caption "Other creditors - Tax authorities". The advance tax payments are shown in the assets of the balance sheet under the "Other debtors" item.

*2.8. Prepayments*

This asset item includes expenditure incurred during the financial year but relating to a subsequent financial year.

*2.9. Deferred income*

This liability item includes income received during the financial year but relating to a subsequent financial year.

## 3. TANGIBLE ASSETS

The following movements have occurred in the course of the financial year:

(EUR)

| | Plant & machinery | Other fixtures & fittings, tools & equipment | Payments on account & tangible fixed assets under development | Total |
|---|---|---|---|---|
| **Gross book value - opening balance** | **551.175,74** | **562.291,28** | **11.000,00** | **1.124.467,02** |
| Additions for the year | **11.000,00** | **4.052,00** | **4.647,00** | **19.699,00** |
| Disposals for the year | **-** | **-** | **-** | **-** |
| Transfers for the year | **-** | **-** | **(11.000,00)** | **(11.000,00)** |
| **Gross book value - closing balance** | **562.175,74** | **566.343,28** | **4.647,00** | **1.133.166,02** |
| **Accumulated value adjustment - opening balance** | **(545.697,89)** | **(542.065,88)** | **-** | **(1.087.763,77)** |
| Allocations for the year | **(3.450,55)** | **(13.990,41)** | **-** | **(17.440,96)** |
| Reversals for the year | **-** | **-** | **-** | **-** |
| Transfers for the year | **-** | **-** | **-** | **-** |
| **Accumulated value adjustment - closing balance** | **(549.148,44)** | **(556.056,29)** | **-** | **(1.105.204,73)** |
| **Net book value - closing balance** | **13.027,30** | **10.286,99** | **4.647,00** | **27.961,29** |
| **Net book value - opening balance** | **5.477,85** | **20.225,40** | **11.000,00** | **36.703,25** |

## 4. TRADE DEBTORS AND AMOUNTS OWED BY AFFILIATED UNDERTAKINGS

Trade debtors are resulting from IT application support and application development business.

Claims on affiliated undertakings amount to EUR 980.065,04 (March 31, 2022: EUR 897.551,29) and result from sales and services provided. Income on work in process not yet invoiced to clients amounts to EUR 1.658.316,10 (March 31, 2022: EUR 1.894.995,16).

## 5. OTHER DEBTORS

Other debtors may be broken down as follows:

(EUR)

| | Within one year | After more than one year | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|---|
| Staff allowance for travel and recoverable expenses | **225.269,18** | **-** | **225.269,18** | 245.566,31 |
| Withholding tax on remunerations and wages | **-** | **-** | **-** | 158.448,33 |
| Advances for taxes | **3.262.924,51** | **-** | **3.262.924,51** | 2.757.099,95 |
| **TOTAL** | **3.488.193,69** | **-** | **3.488.193,69** | 3.161.114,59 |

## Notes forming part of the Financial Statements

### 6. PREPAYMENTS

This asset item includes expenditure incurred during the financial year but relating to the subsequent financial year for an amount of EUR 3.930.513,61 (March 31, 2022: EUR 1.163.434,83).

### 7. CAPITAL AND RESERVES

#### 7.1 Subscribed capital

As at March 31, 2023, the issued capital of the Company amounts to EUR 5.600.000,00 consisting of 5.600 registered shares with par value of EUR 1.000,00 fully paid up.

#### 7.2 Reserves

*7.2.1. Legal reserve*

In accordance with Luxembourg commercial law, the Company is required to transfer a minimum of 5% of its net profit for each financial year to a legal reserve. This requirement ceases to be necessary once the balance on the legal reserve reaches 10% of the issued share capital. The legal reserve is not available for distribution to the shareholders.

*7.2.2. Other non available reserves*

The Company reduced its Net Wealth Tax liability in accordance with paragraph 8a of the Luxembourg Net Wealth Tax law. The Company allocates under non-distributable reserves an amount that corresponds to five times the amount of reduction of the Net Wealth Tax. This reserve is non-distributable for a period of five years from the year following the one during which the Net Wealth Tax was reduced.

### 8. MOVEMENTS FOR THE YEAR ON CAPITAL, RESERVES AND PROFIT AND LOSS ITEMS

The movements for the year are as follows:

(EUR)

| | Subscribed capital | Legal reserve | Other available reserves | Other non available reserves | Dividend | Result brought forward | Result for the financial year | TOTAL |
|---|---|---|---|---|---|---|---|---|
| **Balance as at March 31, 2022** | 5.600.000,00 | 560.000,00 | 234.536,34 | | | 453.114,63 | 6.179.162,21 | 13.026.813,18 |
| **Movements for the year:** | | | | | | | | |
| - Allocation of previous year's result | **-** | **-** | **(234.536,34)** | **325.650,00** | **6.000.000,00** | **88.048,55** | **(6.179.162,21)** | **-** |
| - Dividend distribution | **-** | **-** | **-** | | | **-** | **-** | **(6.000.000,00)** |
| - Result for the year | **-** | **-** | **-** | | | **-** | **6.311.895,00** | **6.311.895,00** |
| **Balance as at March 31, 2023** | **5.600.000,00** | **560.000,00** | **-** | **325.650,00** | **-** | **541.163,18** | **6.311.895,00** | **13.338.708,18** |

## 9. OTHER PROVISIONS

Other provisions may be broken down as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Provision for subcontracting expenses | **77.390,00** | 52.445,00 |
| Provision for emoluments | **246.212,71** | 254.397,46 |
| Provision for intercompany expenses | **361.380,09** | 324.876,18 |
| Provision for professional fees | **101.865,69** | 89.648,35 |
| Others | **387.261,24** | 427.249,68 |
| | **1.174.109,73** | 1.148.616,67 |

### 9.1 Others

"Others" consists mainly of Tata Brand Equity Provision (EUR 220.466,00) and Marketing related expenses (EUR 119.799,00).

## 10. TRADE CREDITORS

Trade creditors are made up of suppliers payable.

**Report On The Special Purpose Ind As Financial Statements**

## Opinion

We have audited the accompanying Special purpose Ind AS financial statements of Tata Consultancy Services Osterreich GmbH ('the Company), which comprises the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and the summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the special purpose Ind AS financial statements"). The special purpose Ind AS financial statements have been prepared by the management as described in Note 2 to the Special Purpose Ind AS financial statements.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Special purpose Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2023, and it's profit (including other Comprehensive Income), Changes in Equity and its Cash Flows for the year ended on that date.

## Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Special purpose Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Special purpose Ind AS financial statements under the provisions of the Act and the Rules thereunder and fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Management's Responsibility for special purpose Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Special purpose Ind AS financial statements that give a true and fair view of the state of affairs, profit/ loss and (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Special purpose Ind AS financial statements that give a true and fair view and are free from misstatement, whether due to fraud or error.

In preparing these Special purpose Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Special purpose Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Special purpose Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special purpose Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

  Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**Report on Other Legal and Regulatory Requirements (To the extent applicable to a Company incorporated outside India)**

1. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

**Restriction on Distribution and Use**

This Special purpose Ind AS financial statements have been prepared for the limited purpose of consolidated financial statements, to comply with the Section 129(3) of the Companies Act 2013, of Tata Consultancy Services Limited for the year ended 31st March,2023 in accordance with Accounting Standard specified in section 133 of the Companies Act 2013. Our report is intended solely for the information and use of Board of Directors of the company and Tata Consultancy Services Limited for the preparation of consolidated this Special purpose Ind AS financial statements as aforesaid and for the use at their annual general meetings for the information of their members. It is not intended to be and should not be used by anyone other than specified parties.

## Notes forming part of the Financial Statements

### 1. CORPORATE INFORMATION

Tata Consultancy Services Osterreich GmbH is into business of providing a wide range of information technology and consultancy services.

The Company is incorporated in Austria. The address is Orbi Tower, Thomas Klestil-Platz 13, 1030 Wien, Austria. Tata Consultancy Services Netherlands B.V, the holding Company owned 100% of the Company's equity share capital.

### 2. STATEMENT OF COMPLIANCE

This special purpose financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time for sole purpose of inclusion for Tata Consultancy Services Limited (Intermediate Holding Company) under the requirement of Section 129(3) of the Companies Act, 2013 ('the Act').

### 3. BASIS OF PREPARATION

These financial statements have been prepared on the historical cost basis, except for certain financial instruments, which are measured at fair values or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and realisation in cash and cash equivalents of the consideration for such a services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been presented in EURO which is the functional currency of the Company.

The functional currency is the currency of the primary economic environment in which the Company operates.

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the standalone financial statements have been discussed in the respective notes.

### 4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

**a) Revenue recognition**

- The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

- Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.
- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b) Useful lives of property, plant and equipment**

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c) Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d) Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**e) Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**f) Employee benefits**

All the employees of the Company have been seconded from the holding Company. The costs relating to the employee cost is reimbursed to the holding Company which is including the retirement cost as applicable to such seconded employees. Hence no separate actuarial valuation is required to be done by the Company.

Back to content

## Notes forming part of the Financial Statements

**g) Lease**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### 5. RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

**Ind AS 1 – Presentation of Financial Statements**

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

**Ind AS 12 – Income Taxes**

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

**Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition,accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

### 6. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of asset to another entity. The Company derecognises a financial liabilities when, and only when, the Company's obligations are discharged , cancelled or have expired.

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets amortised cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit and loss are immediately recognised in statement of profit and loss.

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of Balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, the Company recognises lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a) Trade Receivables**

Trade receivables (unsecured) consist of following:

(EUR)

| Trade Receivable - Current | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Considered good | **5,076,855** | 3,209,818 |
| | **5,076,855** | 3,209,818 |

Above balances of trade receivables includes balance with related parties (Refer Note 17)

## Notes forming part of the Financial Statements

Ageing for trade receivables - current outstanding as at March 31, 2023 is as follows:

(EUR)

| Particulars | Outstanding for following periods from due date of payment | | | | | | |
|---|---|---|---|---|---|---|---|
| | Not due | Less than 6 | 6 months - 1 | 1-2 years | 2-3 years | More than 3 | Total |

### f) Other financial liabilities

Other financial liabilities consist of the following:

(EUR)

| **Other financial liabilities – Current** | **As at March 31, 2023** | **As at March 31, 2022** |
|---|---|---|
| Accrued Payroll | **1 71,432** | 87,795 |
| Others | **5,276** | 5,038 |
| | **176,708** | 92,833 |

## g) Financial instruments by category

The carrying value of financial instruments by categories as of March 31, 2023 is as follows:

(EUR)

| | Amortised cost | Total carrying value |
|---|---|---|
| **Financial assets:** | | |
| Cash and cash equivalents | **1,176,676** | **1,176,676** |
| Trade receivables | **5,076,855** | **5,076,855** |
| Unbilled receivables | **23,997** | **23,997** |
| Loans receivables | **38,333** | **38,333** |
| Other financial assets | **17,016** | **17,016** |
| **Total** | **6,332,877** | **6,332,877** |
| **Financial liabilities:** | | |
| Trade payables | **5,405,587** | **5,405,587** |
| Lease liabilities | **13,903** | **13,903** |
| Other financial liabilities | **176,708** | **176,708** |
| **Total** | **5,596,199** | **5,596,199** |

The carrying value of financial instruments by categories as of March 31, 2022 is as follows:

(EUR)

| | Amortised cost | Total carrying value |
|---|---|---|
| **Financial assets:** | | |
| Cash and cash equivalents | 9 45,562 | 9 45,562 |
| Trade receivables | 3,209,818 | 3,209,818 |
| Unbilled revenues | 5,214 | 5,214 |
| Loans receivables | 15,000 | 15,000 |
| Other financial assets | 17,151 | 17,151 |
| **Total** | 4,192,745 | 4,192,745 |
| **Financial liabilities:** | | |
| Trade payables | 4,097,880 | 4,097,880 |
| Lease liabilities | 32,775 | 32,775 |
| Other financial liabilities | 92,833 | 92,833 |
| **Total** | 4,223,488 | 4,223,488 |

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables, loans receivables and trade payables as at March 31, 2023 and March 31, 2022 approximate the fair value. Difference between carrying amounts and fair values of bank deposits, earmarked balances with banks, other financial assets and other financial liabilities subsequently measured at amortised cost is not significant in each of the periods presented. Fair value measurement of lease liabilities is not required.

## Notes forming part of the Financial Statements

### h) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

There are no financial liabilities or assets measured at fair value at the end of each reporting period.

### i) Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

**Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company.

Considering the countries and economic environment in which the Company operates , its operations are subject to risk arising from fluctations in exchange rates in those countries.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Its hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

The foreign exchange rate sensitivity is calculated by aggregation of net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all currencies by 10% against the functional currency of the Company.

The following analysis has been worked out based on the net exposures of the Company as of the date of balance sheet which could affect the statements of profit and loss and equity.

The following table sets forth information relating to unhedged foreign currency exposure as of March 31, 2023

(EUR))

| | 2023 | | | | | |
|---|---|---|---|---|---|---|
| | USD | SEK | CHF | HUF | DKK | NOK |
| **Net financial assets** | 2 03,766 | - | - | - | - | - |
| **Net financial liabilities** | 45,518 | 2,785 | 6,365 | 102 | 3,070 | 129 |

10% appreciation / depreciation of the functional currency of the Company with respect to various foreign currencies would result in increase / decrease in the Company's profit before taxes by approximately EUR 14,580 for the year ended March 31, 2023 .

The following table sets forth information relating to unhedged foreign currency exposure as of March 31, 2022

(EUR)

| | 2022 | | | | | |
|---|---|---|---|---|---|---|
| | USD | SEK | CHF | HUF | DKK | NOK |
| Net financial assets | 191,007 | - | - | - | - | - |
| Net financial liabilities | 56,104 | 229 | 3,243 | 68 | 2,039 | 58 |

10% appreciation / depreciation of the functional currency of the Company with respect to various foreign currencies would result in increase / decrease in the Company's profit before taxes by approximately EUR 1,293 for the year ended March 31, 2022.

- **Interest rate risk**

The Company is not exposed to interest rate risk.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables (PY unbilled revenue), investments, cash and cash equivalents, bank deposits and other financial assets. None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was EUR 6,294,544 as of March 31, 2023 and EUR 4,177,744 March 31, 2022 , respectively, being the total of the carrying amount of balances with banks, trade receivables, unbilled receivables and other financial assets excluding equity & loans.

- **Trade Receivables and Contract Assets**

The entity's exposure to credit risk with regards to trade receivables and contract assets is influenced mainly by the individual characteristics of each customer in relation to the industry practices and business environment in which they operate. The entity limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 365 days for its customers after which they are in default (credit impaired). To manage this risk, the Company has a robust Credit Management process in place. The Company has adopted a policy of dealing only with creditworthy counterparties. The Company's exposure of the counterparties is continuously monitored and necessary changes to the credit terms are made. The carrying amounts of financial assets represent the maximum credit risk exposure. None of the customer balances have been written off and no customer balances have been credit impaired at the reporting date.
The following customers form more than 10% of outstanding trade receivable and unbilled receivables (PY Unbilled revenue) as at March 31, 2023 and March 31, 2022 are as follows.

(EUR)

| | As at March 31, 2023 | | As at March 31, 2022 | |
|---|---|---|---|---|
| | Total Trade receivables and Unbilled revenue | Percentage | Total Trade receivables and Unbilled revenue | Percentage |
| Customer A | **4,118,153** | **76%** | 2,962,061 | 94% |
| Customer B | **500,132** | **9%** | 13,388 | 0% |
| Customer C | **224,441** | **4%** | 12,119 | 6% |

Company's cash and cash equivalents, trade receivables, unbilled receivables (PY unbilled revenue), short-term loans and other financial assets are substantially held in Austria.

## Notes forming part of the Financial Statements

- **Geographic concentration of credit risk**

The Company is not exposed to the risk as the customer base of Company is concentrated in Austria.

**Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company consistently generated sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(EUR)

| As at March, 31 2023 | Due in 1st year | Due in 2nd year | Total |
|---|---|---|---|
| **Non-derivative financial liabilities:** | | | |
| Trade payables | **5,405,587** | | **5,405,587** |
| Lease Liability | **9,243** | **4,660** | **13,903** |
| Other financial liabilities | **176,708** | **-** | **176,708** |
| **Total** | **5,591,539** | **4,660** | **5 ,596,199** |

(EUR)

| As at March, 31 2022 | Due in 1st year | Due in 2nd year | Total |
|---|---|---|---|
| **Non-derivative financial liabilities:** | | | |
| Trade payables | 4,097,880 | - | 4,097,880 |
| Lease Liability | 18,873 | 13,902 | 32,775 |
| Other financial liabilities | 92,833 | - | 92,833 |
| Total | 4,209,586 | 13,902 | 4,223,488 |

**Other risk**

Financial assets of EUR 1,176,676 as at March 31, 2023 (PY: EUR 945,562 as at March 31, 2022) carried at amortised cost is in the form of cash and cash equivalents, where the Company has assessed the counterparty credit risk. Trade receivables of EUR 50,76,855 as at March 31, 2023 (PY:EUR 32,09,818 March 31, 2022) forms a significant part of the financial assets carried at amortised cost, which is valued considering provision for allowance using expected credit loss method. In addition to the historical pattern of credit loss, we have considered the likelihood of increased credit risk and consequential default considering emerging situations due to COVID-19. This assessment is not based on any mathematical model but an assessment considering the nature of verticals, impact immediately seen in the demand outlook of these verticals and the financial strength of the customers in respect of whom amounts are receivable. The Company has specifically evaluated the potential impact with respect to customers in Retail, Manufacturing and Energy verticals which could have an immediate impact and the rest which could have an impact with a lag. The Company closely monitors its customers who are going through financial stress and assesses actions such as change in payment terms, discounting of receivables with institutions on no-recourse basis, recognition of revenue on collection basis etc., depending on severity of each case. The same assessment is done in respect of unbilled receivables EURO 23,997 as at March 31, 2023 (EUR 5,214 March 31, 2022) while arriving at the level of provision that is required.

**j) Equity instruments**

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Authorised :** | | |
| Equity share capital | **35,000** | 35,000 |
| (Share Capital of EUR 35000, PY EUR 35000) | | |
| | **35,000** | 35,000 |
| **Issued, subscribed and paid up:** | | |
| Equity share capital | **35,000** | 35,000 |
| (Share Capital of EUR 35000, PY EUR 35000) | | |
| | **35,000** | 35,000 |

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

**i) Reconciliation**

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |

| **Total** | **35,000** | **100%** | **35,000** | **100%** | 0% |

## 7. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(EUR)

| | Additions for the year ended March 31, 2023 | Net carrying amount as at March 31, 2023 |
|---|---|---|
| Leasehold building | - | - |
| Leased Motor Cars | - | **13,548** |
| **Total** | - | **13,548** |

Depreciation on right-of-use asset is as follows:

(EUR)

| | Year ended March 31, 2023 |
|---|---|
| Leasehold building | - |
| Leased Motor Cars | **(9,141)** |
| **Total** | **(9,141)** |

The details of the right-of-use asset held by the Company is as follows:

(EUR)

| | Additions for the year ended March 31, 2022 | Net carrying amount as at March 31, 2022 |
|---|---|---|
| Leasehold building | - | - |
| Leased Motor Cars | - | **22,688** |
| **Total** | - | **22,688** |

Depreciation on right-of-use asset is as follows:

(EUR)

| | Year ended March 31, 2022 |
|---|---|
| Leasehold building | **(37,411)** |
| Leased Motor Cars | **(9,141)** |
| **Total** | **(46,552)** |

Interest on lease liabilities is EUR 211 for the year ended on March 31, 2023 and EUR 521 for year ended March 31,2022..

Lease contracts entered by the Company majorly pertains for motor cars taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

## Notes forming part of the Financial Statements

### 8. NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

#### a) Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| Type of asset | Useful Lives |
|---|---|
| Computer equipment | 4 years |

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Property, plant and equipment consist of the following:

(EUR)

| | Computer Equipment |
|---|---|
| **Cost as at April 1, 2022** | **11,506** |
| Additions | **778** |
| Disposals | **-** |
| **Cost as at March 31, 2023** | **12,284** |
| **Accumulated depreciation as at April 1, 2022** | **(8,059)** |
| Depreciation for the year | **(1,807)** |
| **Accumulated depreciation as at March 31, 2023** | **(9,867)** |
| **Net Carrying amount as at March 31, 2023** | **2,417** |

(EUR)

| | Computer equipment |
|---|---|
| **Cost as at April 1, 2021** | 11,506 |
| Additions | - |
| Disposals | - |
| **Cost as at March 31, 2022** | 11,506 |
| **Accumulated depreciation as at April 1, 2021** | (6,155) |
| Depreciation for the year | (1,905) |
| **Accumulated depreciation as at March 31, 2022** | (8,059) |
| **Net Carrying amount as at March 31, 2022** | 3,446 |

**b) Other assets**

Other assets consist of the following:

(EUR)

| Other assets – Current | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Considered Good** | | |
| Contract assets | **314,197** | 649,400 |
| Prepaid expenses | **347,988** | 21,792 |
| Others | **34,979** | - |
| | **697,164** | 671,192 |

**c) Other liabilities**

Other liabilities consist of the following:

(EUR)

| Other liabilities - Current | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Indirect tax payable and other statutory liabilities | **618,163** | 252,911 |
| Advance received from customers | **-** | 8,700 |
| | **618,163** | 261,611 |

## 9. OTHER EQUITY

Other equity consist of the following:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Retained earnings** | | |
| Opening balance | **400,226** | 594,135 |
| Profit/(Loss) for the year | **29,497** | ( 193,909) |
| | **429,723** | 400,226 |

## 10. REVENUE RECOGNITION

The Company earns revenue primarily from providing information technology , consultancy services and business solutions for its customers. The Company offers a consulting-led, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the entity expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.

## Notes forming part of the Financial Statements

- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue from subsidiaries is recognised based on transaction price which is at arm's length.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of licence whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

Revenue disaggregation by nature of services is as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Consultancy services | **8,736,003** | 7,977,125 |
| **Total** | **8,736,003** | 7,977,125 |

Revenue disaggregation by industry vertical is as follows:

(EUR)

| Industry Vertical | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Banking, Financial Services and Insurance | **5 ,590,409** | 7 ,149,167 |
| Manufacturing | **233,029** | 246,313 |
| Communication, Media and Technology | **105,318** | - |
| Energy & Utilities | **2 ,377,994** | 385,139 |
| Others | **429,252** | 196,506 |
| | **8,736,003** | 7,977,125 |

Revenue disaggregation by geography is as follows:

(EUR)

| Geography | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Europe | **8,736,003** | 7,977,125 |
| | **8,736,003** | 7,977,125 |

Geographical revenue is allocated based on the location of the customers.

**Information about major customers:**

UniCredit Services GmbH & UniCredit Business Integrated Solutions Austria GmbH represents 10% or more of the Company's total revenue during the year ended March 31, 2023 and March 31, 2022.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in Ind AS 115. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is EUR 22,497,993 out of which 20% is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in Contract assets are as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| **Balance at the beginning of the year** | **649,400** | 98,483 |
| Revenue recognised during the year | **314,197** | 596,202 |
| Invoices raised during the year | **( 649,400)** | (45,285) |
| **Balance at the end of the year** | **314,197** | 649,400 |

## Notes forming part of the Financial Statements

Changes in Unearned and deferred revenue are as follows :

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| **Balance at the beginning of the year** | **(33,402)** | (292,809) |
| Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year | **33,402** | 292,809 |
| Increase due to invoicing during the year, excluding amounts recognised as revenue during the year | **(406,777)** | (33,402) |
| **Balance at the end of the year** | **(406,777)** | (33,402) |

Reconciliation of revenue recognized with the Contracted price is as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Contracted price | **8,736,003** | 7,977,125 |
| **Revenue recognised** | **8,736,003** | 7,977,125 |

### 11. OTHER INCOME

Other income consist of the following:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Net foreign exchange gains/(loss) | **(263)** | 3 ,096 |
| Other income | **4,843** | (501) |
| | **4,580** | 2,595 |

### 12. EMPLOYEE BENEFITS

**Defined contribution plans**

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

***Compensated absences***

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

Employee benefit expenses consist of the following:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Salaries, incentives and allowances | **983,060** | 586,689 |
| Contributions to Retirement funds | **70,960** | 44,573 |
| Staff welfare expenses | **33,693** | 10,008 |
| | **1,087,713** | 641,270 |

Employee benefit obligations consist of the following:

(EUR)

| **Employee benefit obligations – Current** | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Other employee benefit obligations | **12,172** | 8,099 |
| | **1 2,172** | 8,099 |

## 13. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in employee benefit expenses, cost of equipment and software licenses, depreciation and amortisation expense and other expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivable and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, recruitment and training, entertainment, etc.

### a) Other expenses

Other expenses consist of the following:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Fees to external consultants (including subcontractor cost)* | **2 ,830,362** | 2 ,677,818 |
| Project expenses | **4 ,558,715** | 4 ,713,120 |
| Facility expenses | **48,785** | 18,890 |
| Travel expenses | **20,373** | 8 ,727 |
| Communication expenses | **1 ,235** | 1 ,096 |
| Other expenses | **135,575** | 124,038 |
| | **7,595,044** | 7,543,689 |

* Cost of personnel on deputation from TCS

## Notes forming part of the Financial Statements

### 14. FINANCE COSTS

Finance costs consist of the following:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Other interest costs | **4 ,547** | 4 ,930 |
| Interest on lease liabilities | **211** | 521 |
| | **4,758** | 5,451 |

### 15. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

**Current income taxes**

The current income tax expense for the entity has been computed based on the tax laws applicable in the jurisdiction in which it operates.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction provided the Company has a legally enforceable right to set off the recognised amounts and intends to settle the asset and liability on a net basis.

**Deferred income taxes**

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company recognises interest levied and penalties related to income tax assessments in income tax expenses.

The Income-tax expenses consist of the following:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| **Current tax** | | |
| Current tax benefit pertaining to prior years | **4,056** | - |
| | **4,056** | - |
| **Deferred tax** | | |
| Deferred tax (benefit)/ expense for current year | **8,567** | (65,236) |
| Deferred tax (benefit)/ expense pertaining to prior years | **-** | - |
| | **8,567** | (65,236) |
| **Total income tax expense recognised in current year** | **12,623** | (65,236) |

The reconciliation of estimated income-tax expenses at statutory income tax rate to the income tax expenses reported in the statement of profit and loss is as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Profit/(Loss) before taxes | **42,120** | ( 259,146) |
| Enacted Income tax rate in Osterreich | **24%** | 25.00% |
| Expected Income tax expense | **10,109** | (64,786) |
| Tax on others pertaining to timing difference | **2,515** | 450 |
| **Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:** | | |
| | **12,623** | (65,236) |

The tax rates under TCS Osterreich Income Tax Act, for the year ended March 31, 2023 is 24% and March 31, 2022 is 25%

Significant components of net deferred tax assets and deferred tax liabilities for the year ended March 31, 2023 are as follows:

**As at March 31, 2023**

(EUR)

| **Particulars** | Opening balance | Recognised in profit or loss | Recognised in retained earnings | Closing Balance |
|---|---|---|---|---|
| **Deferred tax assets/ (liabilities) in relation to** | | | | |
| Accumulated Losses | **59,783** | **(8,567)** | **-** | **51,215** |
| **Total deferred tax assets/ (liabilities)** | **59,783** | **(8,567)** | **-** | **51,215** |

Gross deferred tax assets and liabilities are as follows:

(EUR)

| **As at March 31, 2023** | Assets | Liabilities | Net |
|---|---|---|---|
| **Deferred tax assets/ (liabilities) in relation to** | | | |
| Others | **217,103** | **(165,887)** | **51,215** |
| **Total deferred tax assets/ (liabilities)** | **217,103** | **(165,887)** | **51,215** |

## Notes forming part of the Financial Statements

Significant components of net deferred tax assets and deferred tax liabilities for the year ended March 31, 2022 are as follows:

(EUR)

| Particulars | Opening balance | Recognised in profit or loss | Recognised in retained earnings | Closing Balance |
|---|---|---|---|---|
| **Deferred tax assets/ (liabilities) in relation to** | | | | |
| Accumulated Losses | (5,454) | 65,236 | - | 59,783 |
| **Total deferred tax liabilities** | (5,454) | 65,236 | - | 59,783 |

Gross deferred tax assets and liabilities are as follows:

(EUR)

| As at March 31, 2021 | Assets | Liabilities | Net |
|---|---|---|---|
| **Deferred tax assets/ (liabilities) in relation to** | | | |
| Others | 238,379 | 178,596 | 59,783 |
| **Total deferred tax assets/ (liabilities)** | 238,379 | 178,596 | 59,783 |

### 16. SEGMENT INFORMATION

The Company publishes the standalone financial statements of the Company along with the consolidated financial statements. In accordance with Ind AS 108, Operating Segments, the Company has disclosed the segment information in the consolidated financial statements.

# Auditor's report on the financial statements

*This is a translation into English of the statutory auditor's report on the financial statements of the Company issued in French and it is provided solely for the convenience of English speaking users.*

*This statutory auditor's report includes information required by European regulation and French law, such as information about the appointment of the statutory auditors or verification of the management report and other documents provided to shareholders.*

*This report should be read in conjunction with, and construed in accordance with, French law and professional auditing standards applicable in France.*

## TATA CONSULTANCY SERVICES FRANCE S.A.

1, Terrasse Bellini - 92919 La Défense

### Statutory Auditors' report on the financial statements annuels

For the year ended March 31, 2023

### To the annual general meeting of Tata Consultancy Services France S.A.,

#### Opinion

In compliance with the engagement entrusted to us by your annual general meeting, we have audited the accompanying financial statements of Tata Consulting Services France S.A. for the year ended March 31, 2023.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the Company as at March 31, 2023 and of the results of its operations for the year then ended in accordance with French accounting principles.

#### Basis for Opinion

***Audit Framework***

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the Statutory Auditors Responsibilities for the Audit of the Financial Statements section of our report.

***Independence***

We conducted our audit engagement in compliance with independence requirements of the French Commercial Code (code de commerce) and the French Code of Ethics (code de déontologie) for statutory auditors rules applicable to us, for the period from April 1, 2022 to the date of our report.

#### Justification of Assessments

In accordance with the requirements of Articles L.823-9 and R.823-7 of the French Commercial Code (code de commerce) relating to the justification of our assessments, we inform you of the following matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period.

These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on specific items of the financial statements.

Your company performs an impairment test on goodwill as described in notes « V. Principes comptables – Méthodes d'évaluation » and « V.1 Immobilisations incorporelles » to the financial statements. Our work consisted in assessing the reasonableness of data and assumptions on which estimates are based and reviewing the calculations made by the Company.

#### Specific Verifications

We have also performed, in accordance with professional standards applicable in France, the specific verifications required by French laws and regulations.

***Information given in the management report and in the other documents with respect to the financial position and the financial statements provided to the Shareholders***

We have no matters to report as to the fair presentation and the consistency with the financial statements of the information given in the management report of the Board of Directors approved on May 22, 2023 and in the other documents with respect to the financial position and the financial statements provided to the Shareholders.

We attest the fair presentation and the consistency with the financial statements of the information relating to payment terms, required under Article D.441-6 of the French Commercial Code (Code de commerce).

In accordance with French law, we report to you that the non-financial statement provided for in article L.225-102-1 of the French Commercial Code (code de commerce) is not included in the management report and that your Chief Executive Officer has not designated an independent third party to perform such procedures.

***Report on Corporate governance***

We attest that the Board of Directors' report on corporate governance sets out the information required by Article L.225-37-4 of the French Commercial Code.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of thefinancial statements in accordance with French accounting principles and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless it is expected to liquidate the Company or to cease operations.

The financial statements were approved by the Board of Directors.

### Statutory Auditors' Responsibilities for the Audit of the Financial Statements

Our role is to issue a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As specified in Article L.823-10-1 of the French Commercial Code (code de commerce), our statutory audit does not include assurance on the viability of the Company or the quality of management of the affairs of the Company.

As part of an audit conducted in accordance with professional standards applicable in France, the statutory auditor exercises professional judgment throughout the audit and furthermore:

- Identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence considered to be sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the financial statements.
- Assesses the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. This assessment is based on the audit evidence obtained up to the date of his audit report. However, future events or conditions may cause the Company to cease to continue as a going concern. If the statutory auditor concludes that a material uncertainty exists, there is a requirement to draw attention in the audit report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to modify the opinion expressed therein.
- Evaluates the overall presentation of the financial statements and assesses whether these statements represent the underlying transactions and events in a manner that achieves fair presentation.

## Notes forming part of the Financial Statements

### I. NATURE OF THE ACTIVITY AND ACCOUNTING STANDARDS

TATA CONSULTANCY SERVICES FRANCE SA is an IT services company launched in 1995. The company offers a wide range of specialized services related to IT systems set up, ranging from consulting to expert advice in advanced technologies.

The balance sheet total before appropriation of earnings for the financial year is 237,392,587 euro and the statement of income for the year, presented in list form, recorded a profit of 3,596,315 euro on a turnover of 317,243,512 euro.

The financial year was 12 months-long, from 01/04/2022 to 31/03/2023, just like the previous FY that ended on 31/03/2022.

The notes and the tables below are an integral part of the annual accounts.

The accounts for the bygone FY were drawn up and presented in compliance with accounting rules and principles stipulated by articles 121-1 to 121-5 and the subsequent ones of the Plan Comptable Général.

General accounting conventions have been applied in line with the principle of prudence and with the basic accounting concepts of going concern, consistency of accounting methods from one financial year to another, independence of financial years and pursuant to the general rules for drawing up and presenting annual accounts.

The basis for evaluating the items recorded in the accounts is the historical-cost method.

The accounting conventions applied comply with the provisions of the Commercial Code, more specifically, of the accounting decree of 29/11/83 as well as the regulation by ANC 2014-03 and the regulation by ANC 2018-07 prescribed by the Plan Comptable Général, applicable on the closure of the financial year.

The company's accounts for the current FY have been finalized according to the principle of going concern with financial support from Tata Consultancy Services Netherlands BV.

### II. CHARACTERISTIC FACTS OF THE PERIOD

**1. Events from previous years affecting this one.**

- On 1 July 2021, TCS France entered into a sub-lease agreement with the Company GREEN YELLLOW (S.A.S. with a capital of 16,854 thousand euros) for the premises of 2 floors (24th and 25th) leased in the building complex located "Tour Initiale" at La Défense (92919), 1, Terrasse Bellini.

  This sublease was granted for a period of 9 years and expiring on 16 February 2030, for an annual rent of 1,025 thousand euros. This agreement has a 28.6-month rent deduction.
- Tax audits started on January 28, 2021 for the FY 2017-2018 to 2019-2020. The wrap-up meeting took place on December 14, 2021. On January 25, 2023, the tax authorities sent the company a rectification proposal, which resulted in an adjustment of various taxes for a total amount of €218K (including surcharges and penalties). In its reply to the tax authorities on March 27, 2023, the company explained why it was not liable for this adjustment. No provision has therefore been made in respect of this tax audit in the year ended March 31, 2023. No response had been received by the Company from the tax authorities at the date of book closing.
- TCS France went through a URSSAF inspection for the application of social security legislation, unemployment insurance and AGS wage guarantee since January 1, 2018. The inspection commenced on April 8, 2021. The tax adjustments were notified on 22 December 2021 and amount to 187 K€. After an exchange of views, the Company agreed to a settlement of 136 K€. A provision for the remaining risk (€52K) was made in the accounts for this year ended on March 31, 2023.
- The emergence of an armed conflict between Russia and Ukraine in early 2022 impacted economic and business activities worldwide. However, this situation did not have any major impact on our business during this fiscal year.

### III. NOTEWORTHY EVENTS THAT TOOK PLACE DURING THE FY

The company has registered revenues of 317.2 million Euro for FY 2022-2023 which is 9.55% higher than the last FY, for comparable scope.

The result of the year was a profit of 3.6 million Euro after considering 464 thousand euros of profit-sharing due to employees (including social contributions) and 437 thousand euros of corporate taxes. As on 31 March 2022, the result of TCS France recorded a profit of 4.4 million Euro.

The return to profitability is due to increased revenues, controlled gross margins from key customers, improved utilization rates and a continued focus on operational efficiencies.

Finally, the company is working on identifying expenses incurred during this fiscal year which qualify for research tax credit, as was done for the year ended on March 31, 2022.

## IV. NOTEWORTHY EVENTS FOLLOWING BOOK CLOSING

Apart from the above-mentioned points, the company has not identified any other significant event that could have an impact on the next financial year.

## V. ACCOUNTING PRINCIPLES – METHODS OF EVALUATION

**General rules for drawing up and presenting accounts**

Methods of evaluation and calculation used for the accounts of the financial year that ended on 31 March 2023 are identical to those used for the previous financial year closed on 31 March 2022.

**Method of evaluation chosen for certain items in the income statement**

***Research and development spend***

The company's spend on research and development is meant to develop its know-how and define its new technical positioning, especially in line with the potential customers' expectations. The corresponding expenses are recorded under the charges for the financial year in which they were incurred, depending upon their nature.

***Tangible and intangible assets***

Gross value of tangible and intangible assets corresponds to their initial value obtained after adding the extra expenses needed for readying them for use.

Depreciation is calculated over the normal lifetime of the assets which are generally as follows:

| | | |
|---|---|---|
| • Software | Linear | 1 year |
| • Licences | Linear | 1 year |
| • Interior layout | Linear | 3 to 7 years |
| • Transport equipment | Linear | 4 years |
| • Office equipment | Linear | 4 years |
| • IT equipment | Linear | 3 to 4 years |
| • Furniture | Linear | 5 to 7 years |

***Intangible assets - Goodwill***

Goodwill is assessed once a year based on the updated projections of future cash flow (c.f. § Financial assets hereafter).

Goodwill represents the cost of activities acquired as stated upon the date of acquisition of the business minus the buyer's participation.

Goodwill is not amortised as it is for an unlimited duration.

Goodwill is subject to a depreciation test annually or when the events or circumstances indicate a possible loss of value. If the recoverable amount is estimated to be lower than the book value, the book value is reduced to the recoverable value. A loss in value is recorded in the profit and loss account.

***Financial assets***

The security deposits are entered in the assets of the balance sheet for the amount corresponding to their payments.

***Client receivables and recognition of revenues***

*Sequential performance contracts (T & M):*

Services provided and not billed on the date of closing, in case of T&M contracts are considered as "due for billing"

*Fixed price contracts:*

Only that percentage of the fixed price contracts that has been delivered is taken into consideration.

According to this method, the revenue tagged to each contract is pro-rata to the time spent by associates as on the date of accounts closing.

When the amount of predictable costs for completion of an engagement could potentially record a loss, a provision for this risk is made based on the best available estimate of the losses at the date of accounts closing.

*Account receivables:*

Receivables are considered at their nominal value. A depreciation allowance is made on a case by case basis when the inventory value is lower than the book value, depending upon the risks of non-recovery.

*Conversion of Account receivables and payables into foreign currency:*

Receivables and debts in foreign currency are converted and considered in Euros based on the last known exchange rate on the date of the transaction. Assets and debts shall be revalued at the exchange rate on the date of closure of the FY.

When the application of the conversion rate at the date of FY closing impacts the amounts previously considered, the difference in the conversion rate is reported in a transitory account and adjusted later on, based on the:

- asset side of the income statement for the differences corresponding to unforeseeable losses (due to foreign exchange adjustment)
- liability side of the income statement for the differences corresponding to unforeseeable gains (due to foreign exchange adjustment)

Unrealised losses call for the earmarking of a provision commensurate with the risk.

In compliance with ANC no 2015-05, foreign exchange margins on payables and receivables fall under operating result and not under financial result.

***Provision for risks and charges***

At the closing of accounts, provisions have to be made for risks and charges that have been identified but not factored and are likely to result as a consequence of the events that have occurred over the financial year. These provisions are estimated on a case by case basis, depending upon the information available.

***Credit risk***

Financial instruments that pose a credit risk to the company include mainly cash and cash equivalents, investments in securities and client receivables.

The company's cash and cash equivalents are mainly expressed in Euro and are in the safekeeping of two major French banks.

Transactions on bank accounts in foreign currency shall be entered against their equivalent value on the date of transaction. The balance in foreign currency is updated as per the prevalent exchange rate and recorded in the financial result.

**Assumptions and estimations made by the Management**

For drawing up the financial statement, TCS FRANCE S.A management needs to give estimates and make assumptions that are likely to have an impact on the values of assets, liabilities, revenues and charges as well as on the information given in the appendices.

These assumptions are determined based on the "going concern" principle and depend upon the information available on the date of drawing up the accounts and upon corresponding historical data as well as upon other factors deemed relevant in the circumstances.

Upon each book closure, the assumptions and estimations can be reviewed if the circumstances on which they were based have changed or new information is available to the management. The items in the future financial statements could vary from the present estimations on account of the changes in assumed values.

## VI. NOTES ON THE INCOME STATEMENT

### 1. Intangible assets

(EUR in Thousand)

| | Gross value | | | | Depreciations | | | | Net Values |
|---|---|---|---|---|---|---|---|---|---|
| | 31/03/2022 | Increase | Decrease | 31/03/2023 | 31/03/2022 | Allowances | Provision | 31/03/2023 | 31/03/2023 |
| Merger losses TCS France | 37,456 | - | - | **37,456** | - | - | - | - | **37,456** |
| Other intangible assets | 20,278 | - | - | **20,278** | (1,096) | - | - | **(1,096)** | **19,182** |

| Aralys | 5,598 | - | - | **5,598** | - | - | - | - | **5,598** |
| **Total** | 20,278 | - | - | **20,278** | (1,095) | - | - | **(1,095)** | **19,182** |

Goodwill, just like participating interests, listed in paragraph V.3 was tested for impairment during the financial year that ended.

The Company considers goodwill and merger losses (56.6 million Euro) as one single asset contributing to the activity of TCS FRANCE SA whose assets have been evaluated as part of the depreciation test.

## Notes forming part of the Financial Statements

The recoverable value of this asset subject to test is equivalent to its value in use. It is calculated based on the updated projections of future cash flows, based on the following hypotheses:

- Budgetary data for 2023-24 and revenue projections for FYs 2024-2025 to 2027-2028 have been approved by the Management.

  These assumptions are laid down, based on the visibility that the management has of the various sectors and growth prospects. These projections have been made at the end of the first quarter of 2023 in connection with the drawing up of a business plan for 2023-2024 and for the four subsequent FYs. They take into account the assumption of business as usual:

- Final values are calculated over 5 years by taking into account a perpetual growth rate of 1.5%.

- The discount rate considered as on 31 March 2023 is 9.45%.

The recoverable amount of the asset tested, calculated based on these assumptions seems to be higher than the net accounting value of the asset tested. No depreciation has been noticed as on 31 March 2023 on the tested asset following the execution of the depreciation test.

***Key influencing factors***

The recoverable value of TCS FRANCE S.A. is based on the assumption that the revenue targets will be reached and cost-cutting plan will give expected results. The company has estimated revenue projections based on the existing orders, materialisation of the expected contracts and the market's development potential. Estimated reduction in sales costs, general operational expenses and administrative expenses is based upon the cost optimisation initiatives such as continuous focus on resource utilisation.

The company has carried out an analysis of the sensitivity of values to changes in the key assumptions and it has revealed that:

- A variation of +1 point of the discount rate and / or of -1 point of the perpetual growth rate would not result in a recoverable value of the tested assets to be lower than their accounting value.
- An annual variation of -5% of revenue targets and / or +4% of operational expenses (SG&A) over 2024-28 would not result in a lower recoverable amount of assets tested than their accounting value. Beyond this variation, the accounting value of the assets tested could be challenged.

**2. Tangible assets**

(EUR in Thousand)

| | Gross value | | | | |
|---|---|---|---|---|---|

| Profit or loss for the FY | 4,354 | **-** | **(4,354)** | **-** | **3,596** | **3,596** |
| **Total** | (6,617) | **-** | **-** | **-** | **3,596** | **(3,021)** |

Registered capital

| | Number of securities | Face value | Total in Euro |
|---|---|---|---|
| **31 March 2023** | **14,867,651** | **0.03** | **446,030.53** |

***Shares entitled to double voting rights***

A shareholder who can prove that s/he has personally held those shares for at least two years, enjoys double voting rights.

As of 31 March 2023, there are no securities with double voting rights

***Own shares of Group***

None.

***Stock options***

No stock options have been floated since 30 September 2010.

***Subscription warrants for founders' shares***

There have been none since 30 September 2010.

***Free shares***

No free shares have been allotted since 27 October 2007.

***Holding***

TCS FRANCE S.A. previously known as ALTI S.A. is held wholly by Tata Consultancy Services Netherlands since 28 June 2013.

## 9. Provisions for risks and charges

(EUR in Thousand)

| | Time period | 31 March 2022 | Contributions | Allowances | Used provision | Unused provision | 31 March 2023 |
|---|---|---|---|---|---|---|---|
| **Provisions for risks** | | | | | | | |
| Labour cases | 1 to 5 years | 673 | **-** | **223** | **(57)** | **-** | **839** |
| URSSAF inspection | 1 to 5 years | 411 | **-** | **-** | **(135)** | **-** | **276** |
| Foreseeable loss | 1 year | 217 | **-** | **-** | **-** | **(168)** | **49** |
| Exchange rate related losses | 1 year | 67 | **-** | **61** | **-** | **(67)** | **61** |
| **Total** | | 1,369 | **-** | **284** | **(192)** | **(235)** | **1,225** |

***Labour cases***

The company has identified and classified the risks (high, medium, low) related to disputes with its employees. Based on its lawyers' opinions, the company has evaluated the extent of its liability involved.

Disputes are of 2 types:

1. Employees disagreeing with their being laid-off
2. Employees demanding additional remuneration (for working Sunday, for being on call etc.)

To factor for the disputes in front of the "Prud'hommes" between TCS FRANCE S.A and its current or former employees, the company has set aside a provision for risk when there is a probability of an outflow of funds, based on the best risk evaluation along with the legal counsels. A provision of 839 K Euro has been earmarked as on 31 March 2023.

## Notes forming part of the Financial Statements

***URSSAF inspection***

Alti SA, having become TCS FRANCE S.A., went through a URSSAF inspection in FY 2012 whose conclusions have been formally contested by the company. Provision has been made for the total amount of payroll tax revision in the said financial year.

In February 2018, URSSAF proposed a transaction for the FYs 2010 and 2011. Based on the discussions underway, the amount payable towards the above is 0.2 million Euro.

The findings of the URSSAF inspection, which began on April 8, 2021, aim for an adjustment of €0.2 million. After various discussions held between the company and the tax authorities over the year, the company agreed to a settlement of €136 K. As on March 31, 2023, the amount in dispute was €52 K, for which the provision has been earmarked.

### 10. Financial loans and debts

The various loans and financial debts (€394 K) consist of the security deposits received:

- for a sub-lease agreement for €270 K,
- by the expatriates for the accommodation they rent for €124 K.

### 11. Accounts payables

Payment term of accounts payables is less than a year.

(EUR in Thousand)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Accounts payables | **5,112** | 1,207 |
| Group vendors | **136,699(*)** | 121,485(*) |
| Invoices yet to be received from outside the group | **24,934** | 20,341 |
| Unbilled payables within the group | **10,007** | 10,777 |
| **Total** | **176,752** | 153,810 |

(*) paid in arrears 94,704 k€ (74,964 k€ as on 31 March 2022)

### 12. Other payables

Payment term for these payables is less than one year.

(EUR in Thousand)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Expense bills | **127** | 42 |

## Notes forming part of the Financial Statements

### 5. Extraordinary income and charges

The break-up of the extraordinary results is as follows:

(EUR in Thousand)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Penalties | **-** | - |
| Transfer – Disposal of fixed assets | **(1)** | (1) |
| Donations | **-** | - |
| **Total** | **(1)** | (1) |

### 6. Corporate taxes and employee profit sharing

Impact of tax provisions on the result is as follows:

(EUR in Thousand)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Corporate tax | **437** | 642 |
| Employee profit-sharing | **387** | 503 |
| **Total** | **824** | 1,145 |

The above profit-sharing amount does not take into account social contributions (20%).

As on 31 March 2023, after considering the result for the FY 2022-2023 i.e. (4,498) k Euro, and the limitation on the use of losses for the FY, the amount of losses carried forward stands at 78,037 K€.

**Tax break-up between operating and extraordinary results**

(EUR in Thousand)

| | Pre-tax | Tax | Post-tax |
|---|---|---|---|
| Operating result | **4,422** | **(437)** | **3,985** |
| Extraordinary result | **(1)** | **-** | **(1)** |
| Employee profit-sharing | **(387)** | **-** | **(387)** |
| Tax credit | **-** | **-** | **-** |
| Tax readjustment | **-** | **-** | **-** |
| **TOTAL** | **4,034** | **(437)** | **3,596** |

**Projected tax rebate / excess tax:**

(EUR in Thousand)

| | Base | Post-tax effect | |
|---|---|---|---|
| | | Surcharge | Rebate |
| Conversion adjustments as on 31 March 2023 | **61** | **15** | **-** |
| Provision for foreign currency adjustment | **61** | **-** | **15** |
| Organic | **488** | **-** | **122** |
| Building-related | **324** | **-** | **81** |
| Employee profit-sharing and social contributions | **465** | **-** | **116** |
| Carry-forward losses | **78,036** | **-** | **19,509** |
| **Total** | **-** | **15** | **19,844** |

Tax slab considered starting from 2022: 25%

**7. List of subsidiaries and interests**

None.

**8. Directors' remuneration**

Salaries paid out for the year 2022/-2023 by TCS FRANCE SA are as follows:

(EUR in Thousand)

| | Gross annual remuneration paid out |
|---|---|
| Rammohan Gourneni | 563 |
| Jean Pernet | 30 (included in the overhead expenses) |
| Pradeep Gaitonde | - |

No advance payments, credits or allotment of free shares were extended to the members of the Management Committee.

**9. Other information**

*Commitments and other contractual obligations*

(EUR in Thousand)

| | Total | < 1 year | 1 to 5 years | > 5 years |
|---|---|---|---|---|
| Financing lease commitments | None | | | |
| Operational lease commitments | 19,172 | 2,830 | 11,666 | 4,676 |
| Other long-term commitments | None | | | - |
| **Total** | 19,172 | 2,830 | 11,666 | 4,676 |

*Commitments related to retirement benefits*

There is no special contractual commitment within TCS FRANCE SA. The employees of the Group are covered by the provisions of the "SYNTEC Collective Convention" in terms of retirement gratuity.

On this basis, the commitment amount is 5,371 K Euro including social security contributions as on 31 March 2023 against 6,574 K Euro as on 31 March 2022. No provision has been made for this amount in the company accounts that have just been closed.

The cost of the services defined is determined using the actuarial valuation method based on projected unit credit.

The calculations were based on the following assumptions:

- Discount rate: 3.85%
- Annual salary increase rate: 2.23%
- Mortality table: TH/TF 00-02
- Turnover rate:

| Age | Turnover rate |
|---|---|
| 16-44 years | 15.38% |
| 45-49 years | 5.77% |
| 50-59 years | 2% |
| 60 years and above | 0% |

## Notes forming part of the Financial Statements

*Auditors' fees*

The auditor' fee are split as follows:

(EUR in Thousand)

| | Year ended March 31, 2023 | Year ended March 31, 2022 | Year ended March 31, 2021 |
|---|---|---|---|
| Auditing | **109** | 89 | 90 |

Auditor' fee as it appears in the income statement for the FY is 108,500 Euros that is made up of the following:

- Fee charged for auditing the accounts: 108,500 Euros
- Fee charged for advice and services that are part of the advisory obligations arising from the legal auditing of the accounts, as defined by the professional rules and standards mentioned in II of article L.822-11: 0 Euro

### VIII. IDENTITY OF THE HOLDING COMPANY

# INDEPENDENT AUDITORS' REPORT

## REPORT OF THE STATUTORY AUDITOR TO THE GENERAL MEETING OF SHAREHOLDERS OF TATA CONSULTANCY SERVICES SWITZERLAND LTD, ZURICH

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of Tata Consultancy Services Switzerland Ltd (the Company), which comprise the balance sheet as at 31 March 2023, and the income statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements comply with Swiss law and the Company's articles of incorporation.

#### Basis for Opinion

We conducted our audit in accordance with Swiss law and Swiss Standards on Auditing (SA-CH). Our responsibilities under those provisions and standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the provi-sions of Swiss law, together with the requirements of the Swiss audit profession, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Board of Directors' Responsibilities for the Financial Statements

The Board of Directors is responsible for the preparation of the financial statements in accordance with the provisions of Swiss law and the Company's articles of incorporation, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern, and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Swiss law and SA-CH will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Swiss law and SA-CH, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based

on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Report on Other Legal and Regulatory Requirements

In accordance with article 728a para. 1 item 3 CO and PS-CH 890, we confirm that an internal control system ex-ists, which has been designed for the preparation of financial statements according to the instructions of the Board of Directors.

We further confirm that the proposed appropriation of available earnings complies with Swiss law and the Com-pany's articles of incorporation. We recommend that the financial statements submitted to you be approved.

## Notes forming part of the Financial Statements

## 1. GENERAL INFORMATION

Tata Consultancy Services Switzerland Ltd ("the Company") was incorporated on January 15, 1985. The Company was established as a limited company in Switzerland and is domiciled in Oerlikon, ZH. Its main activities consist of providing software products and computer services in Switzerland. The Company is a wholly-owned subsidiary of Tata Consultancy Services Netherlands BV in the Netherlands ("the Group"). The Group is ultimately owned by Tata Consultancy Services Ltd, Mumbai, India.

The share capital is divided into 150,000 registered shares of CHF 10 par value.

The average number of full-time employees during 2023 and 2022 did not exceed 250.

As the Company is a wholly-owned subsidiary of Tata Consultancy Services Ltd in Mumbai, India that prepares consolidated financial statements in accordance with IFRS, the Company is exempt from additional disclosure requirements for larger companies in accordance with Art. 961d para 1 CO and also exempt to prepare consolidated accounts in accordance with Art 963a para. 1 CO.

## 2. KEY ACCOUNTING AND VALUATION PRINCIPLES

**Principles of financial reporting**

The annual accounts for the Company have been prepared in accordance with the regulations of Swiss financial reporting law. The main accounting and valuation principles used, which are not already specified by the Code of Obligations, are described as follows.

**Estimates and assumptions made by management**

Financial reporting under the Code of Obligations requires certain estimates and assumptions to be made by management. These are made continuously and are based on past experience and other factors (e.g. anticipations of future results, which seem appropriate under the circumstances). The results subsequently achieved may deviate from these estimates.

Actual items in the annual accounts, which are based on the estimates and assumptions made by management, are as follows:

- trade receivables
- unbilled revenue
- accrued expenses

**Foreign currency items**

The functional currency is Swiss Francs (CHF). Transactions in foreign currencies are converted into the functional currency (CHF) at the exchange rate on the day the transaction takes place.

- Monetary assets and liabilities in foreign currencies are converted into the functional currency (CHF) at the exchange rate on the balance sheet date. Any profits or losses resulting from the exchange are recorded in the profit and loss account.
- Non-monetary assets and liabilities at historical costs are converted at the foreign exchange rate at the time of the transaction. Any foreign exchange profits are deferred in the balance sheet as not having an effect on net income. Foreign exchange losses, on the other hand, are recorded in the profit and loss account.

**Related parties**

Related parties include subsidiary companies, members of the board of directors and the shareholders of the Company. Transactions with related parties must take place under proper market conditions (dealing at an arm,s length).

**Trade receivables**

Trade receivables are recorded at their original net invoice amount, less a value adjustment for specific receivables carrying risk (contingency reserves). Value adjustments are carried out for receivables, which are more than 12 months overdue (in arrears) for the full amount, 50% of the amount for receivables which are overdue for 9 to 12 month or for which specific risks have been identified. Doubtful receivables are written off.

**Tangible fixed assets**

The straight-line depreciation method is used for tangible fixed assets according to their expected useful life. Useful lives are established as follows and are revised each year:

- Leasehold improvements — according to rent contract
- Furniture and fixtures — 5 years
- Computer — 4 years
- Office equipment — 4 to 5 years

If there is any evidence of an over-valuation, the accounting values are checked and adjusted where necessary.

**Revenue recognition**

Revenue from contracts priced on a time and material basis are recognised when services are rendered and related costs are incurred.

Revenue from turnkey contracts, which are generally time bound fixed price contracts, are recognised over the life of the contract using the percentage of completion method, with contract costs determining the degree of completion. Foreseeable losses on such contracts are recognised when probable.

Revenue from sale of software licenses are recognised upon delivery.

Revenue from maintenance contracts are recognised on pro-rata basis over the period of the contract.

In respect of Business Process Services, revenue on time and material and unit priced contracts is recognised as the related services are rendered, whereas revenue from fixed price contracts is recognised using the percentage of completion method with contract cost determining the degree of completion.

When recognized revenue is not billed then it is accounted as unbilled revenue in balance sheet.

Revenue is reported net of discounts.

## 3. INFORMATION RELATING TO ITEMS ON THE BALANCE SHEET AND STATEMENT OF INCOME

|---|---|

# MANAGEMENT REPORT

## EVOLUTION OF BUSINESS DURING THE YEAR

The revenue from operations during the financial year 2022-2023 was 63.413.832 euros, which has shown an increase of 39% against the previous year, due to the generally prevailing economic conditions in Spain and across the world after the worst part of the pandemic. The main activity contributing to this turnover continued to be information technology (IT) and IT enabled services.

The employee benefit expenses of 35.369.150 euros represent 55% of sales, being the direct cost of the activities. The employee cost increased by 40% compared to the previous year in line with the improvement in turnover.

Operative income for the year 2022-2023 was 6.337.692 euros which is higher than the previous year by 147% due to the improvement of margins after the adjustments in costs of projects.

Financial income showed a loss of 372.199 euros due to the movements of the exchange rate Euro/USD, which has not been favorable to the Company in this financial year.

The company's investments in fixed assets during the year have been mainly in hardware and improvement of the facilities to develop its activities.

The main clients of the Company are multinational companies and the companies in the field of transportation, life sciences & healthcare and financial services.

The main business risks that the Company faces arises from the general economic situation and specifically the services business in information technology, where the principal players are the multinational companies.

The Company uses its Secure Borderless Work Space TM (SBWSTM) model, which allowed its employees to work remotely, with support from minimal associates working from office, to ensure business support to all its customers. The Company was able to seamlessly adapt and extend this model to prospect for new business, sell, contract and execute programs with strong cybersecurity framework, project management practices and systems needed to ensure that work allocation, monitoring and reporting continued as normal.

## PAYMENT TERMS TO SUPPLIERS

The average term for payments to suppliers has been 95 days which is almost similar to the previous year. In order to avoid the overdues over and above the contracted payment terms, the Company will keep strengthening their processes going forward. Payables to the group companies constitute a major component of the total payables.

## POSITION OF THE COMPANY

The equity of the Company was 13.622.786 euros. Share capital is represented by 60.200 shares with a face value of Euro 1, fully subscribed and paid. At the end of the year all the share capital belongs to the Group's company TCS Netherlands, B.V. and indirectly, all the share capital is owned by the company TATA CONSULTANCY SERVICES LIMITED.

## BUSINESS FORECAST

The evolution of inflation rates in recent times, jointly with the challenges in hiring personnel are generating pressure on wages that may affect margins in the future, although their effect is not expected to be significant in the long term.

## OBJECTIVES AND MANAGEMENT OF FINANCIAL RISKS

Management of risk is controlled by the company according to the policies approved by the Directors:

- **Market risk**

  There are no financial investments made by the company. Hence there are no market risks in respect of financial investments.

- **Credit risk**

  The Company has a concentrated credit risk in few clients outside the group, being mainly multinational companies. The Company has policies to assess that the revenue is generated from the clients having a clean track record of payments. The Company has policies to limit the amount of credit risk with any customer.

  Impairment for credit risk from clients' insolvencies implies an elevated level of judgment by the Management and review of individual balances based on the credit quality of the clients, current trends and historical analysis of the insolvencies at an aggregated level with no forecasts of material impairments for credit risk.

- **Liquidity risk**

  The company has a prudent management of the liquidity risk, based in holding adequate cash in order to meet its payment commitments.

  No financial instruments are carried at fair value. Financial instruments carried at amortised cost as of 31 March 2023 are 24.883.058 euros and were 18.798.419 euros as of 31 March 2022.

  Financial assets of 5.133.227 carried at amortised cost is in the form of cash and cash equivalents, bank deposits and earmarked balances with banks where the Company has assessed the counterparty credit risk. Trade receivables of 19.346.499 euros forms a significant part of the financial assets carried at amortised cost, which is valued considering provision for allowance for doubtful debts. The Company closely monitors its customers who are going through financial stress and assesses suitable actions on case-to-case basis. Similar assessment is done in respect of unbilled receivables while arriving at the level of provision that is required. Basis this assessment, the allowance for doubtful trade receivables of 8.048 euros is considered adequate.

- **Foreign currency exchange risk**

  The Company has considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness. The Company continues to believe that there is no impact on effectiveness of its hedges.

- **Interest rate risk**

  Since the company's financial assets and liabilities do not accrue interest, the interest rate risk is not significant.

- **Price risk**

  There are no financial investments made by the company. Hence there are no price risks in respect of financial investments.

## ENVIRONMENT

There are no significant assets dedicated to protection and improvement of the environment, neither any major expenses of this nature have been incurred during the year. Equally, it is estimated that no material contingency related to protection and improvement of environment exists.

## OWN SHARES

The Company does not own any shares of the company, neither any transaction on its own shares has been carried out during the year.

## ACTIVITIES OF RESEARCH AND DEVELOPMENT

The company did not incur any research and development expenses in the current year.

## STATEMENT OF NON-FINANCIAL INFORMATON

The company has used the exemption for preparing of the Statement of Non-Financial Information established in article 262.5 of the Law of Capital Companies, considering that the group's ultimate parent company, TATA CONSULTANCY SERVICES LIMITED, includes in its consolidated report the Company and its subsidiary, which has been prepared in accordance with GRI standards. This consolidated report will be deposited in the relevant Indian Register and is available on the group's website.

The present management report included from pages 1 to 4 above has been issued by the Board of Directors in Madrid, on 02 May 2023.

# Independent Auditor's Report

**To the Sole Shareholder of**
**Tata Consultancy Services De España, S.A.U.**

## Opinion

We have audited the financial statements of TATA CONSULTANCY SERVICES DE ESPAÑA, S.A.U.,(the Company), which comprise the balance sheetas of31 March2023, the statementof income, the statement of changes in equity, the statement of cash-flowsand the notes to the financial statementsfor the year then ended.

In our opinion, the accompanyingfinancial statements express, in all material matters, a true and fair view of the equityand financial position of the Companyas of31 March2023, and of its financial performanceand its cash-flows for the year then ended in accordance with the applicable accounting framework,which isidentified in note 2and, specifically, with the principles and accounting criteria included in it.

## Basis for Opinion

We conducted our audit in accordance with the regulation of the audit activity currently in force in Spain. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the ethical requirements, included those of independence, which are applicableto our audit of the financial statements in Spainas obliged by the regulation of the audit activity in Spain. In this way, we have not rendered services different to the audit of the financial statements neither other situations nor circumstances have happened that, according to those established in the mentioned regulation, have affected to the necessary independence in a way that it has been compromised.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Most relevant audit matters

The most relevant audit matters are those matters that, in our professional judgment, were considered as most significant risks of material misstatement in our audit of the financial statements for the current period. These risks have been addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and do not provide a separate opinion on those risks.

We have determined that the issues described below are the most relevant audit matters which we have to disclose in our report.

## Progress of revenue in services rendered

As explained in the attached notes to the financial statements 4 h) and 9, the Company estimates the value of the works performed at the end of the fiscal year but unbilled on that date and records the corresponding amount of assets as trade debtors for services rendered.

On our side, the procedures applied in our audit have consisted of an analysis of the criteria employed in the calculations of the amount of "Unbilled revenue", checking through selective samples of the data used in those calculations, checking their arithmetic integrity and comparison with the accounting balance.

## Other information: Management report

Other information comprises exclusively the management report for the financial year ended on 31 March 2023, whose preparation is a responsibility of the Directors of the Company and is not a part of the financial statements.

Our audit opinion on the financial statements does not cover the management report. Our responsibility on the management report, in accordance with the compulsory legal regulation of the audit activity, consists in:

a) Check only that the statemen of non-financial information, has been provided in the form established by the applicable regulation and, otherwise, to report on it

b) Assessing and disclosing the concordance of the rest of information included in the management report with the financial statements, from the knowledge about the Company obtained when performing the audit of the mentioned financial statements andalsoto assess and disclose whether the content and disclosuresof this part of the management report are in conformity with the applicable regulation. If, based on the work that we have performed, we conclude that there exist material misstatements, we are obliged to inform of it.

Based on our work performed, as described above, we have checked that the informationmentioned in the paragraph a) above is disclosed ad established in the applicable regulation and the resto of the informationthat is contained in the management report is in accordance with the information of the financial statementsfor the year ended on 31 March 2023 and its content and disclosures are in conformity with the applicable regulation.

## RESPONSIBILITIES OF THE DIRECTORS OF THE COMPANY FOR THE FINANCIAL STATEMENTS

The Directors are responsible for the preparation and fair presentation of the attached financial statements in order to present the true and fair view of the equity and financial position and the financial performance of the Company in conformity with the legal framework of financial information applicable to the Company in Spain, which is identified in note 2, and for such internal control as the Directors determine necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

When preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or haveno realistic alternative but to doso.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the legal regulation of the audit activity in Spain, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors of the company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the risks communicated to the Directors, we determine those risks that were of most significance in the audit of the financial statements of the current period and are therefore considered the most significant risks.

We describe these risks in our auditor's report unless law or regulation precludes public disclosure about the risks.

## Notes forming part of the Financial Statements

## 1. GENERAL INFORMATION ABOUT THE COMPANY AND NATURE OF ITS ACTIVITY.

### a) Incorporation and company's name

On 30 May 2003, TATA CONSULTANCY SERVICES DE ESPAÑA, S.A.U. was incorporated, whose social address is situated at Santa Leonor 65, F building, 28037 in Madrid.

### b) Social purpose

According to the by laws the social purpose is, advisory and consultancy services, implementation and maintenance services related to information systems and information technologies.

The Company's activity is focused on rendering Information Technology and IT enabled Services.

### c) Group companies

The company is integrated in the TCS group as disclosed in note 13, the group's company TATA CONSULTANCY SERVICES NETHERLANDS, B.V., whose social address situated at Symphony Towers 20th floor, Gustav Malherplein 85-91, Amsterdam (The Netherlands) is the direct parent company and the sole shareholder. The last parent company is the company TATA CONSULTANCY SERVICES LIMITED, with social address at 9th Floor, Nirmal Building, Nariman Point, Mumbai 400 021 (India).

### d) Consolidated financial statements

The directors of the last parent company issue the consolidated financial statements as of 31 March 2023, which will be presented before the authority of India.

The company and its subsidiary TATA CONSULTANCY SERVICES PORTUGAL, UNIPESSOAL LIMITADA form a group of companies as established in the article 42 of the Spanish Commercial Code. The Directors issue consolidated financial statements for the Group that will be presented before the House of Companies in Madrid.

## 2. BASIS OF PRESENTATION

### a) True and fair view

The financial statements have been prepared from the accounting records of the Company according to the current commercial law and the rules established in the General Accounting Plan, in order to present the true and fair view of the equity and financial position as of 31 March 2023 and the results of its operations, changes in net equity and cash flows for the year then ended.

The financial statements as of 31 March 2023 have not been submitted to the approval of the sole shareholder; nevertheless, the Directors hope that they will be approved without changes.

### b) Functional and presentation currency

The financial statements are presented in euros, rounded to the nearest unit, which is the functional and presentation currency for the Company.

### c) Changes in accounting standards

Law 18/2022 has introduced the obligation to report on the monetary volume and number of invoices paid in a period lower than the maximum established in the payment terms regulations and the percentage they represent on the total number of invoices and on the monetary amount of payments to suppliers. As it is the first year of application, comparative information is not included for this concept.

### d) Comparative figures

the statement of profit and loss, the statement of changes in equity, the cash flow statement and the notes, in addition to the figures for the year ended on 31 March 2023 (that are pending to be approved by the Sole Shareholder), those for the prior year which were included in the financial statements for the year ended on 31 March 2022 which have been approved by the sole shareholder.

## Notes forming part of the Financial Statements

**e) Significant valuation issues and use of estimates and relevant judgements in applying the accounting policies.**

Preparing the financial statements require applying relevant accounting estimates and making judgments, forecasts and hypotheses in the process of applying the accounting policies of the Company. In this process, the aspects that imply a major level of judgment, complexity or where hypotheses and forecasts are significant for preparing the financial statements are mainly, the recognition of turnover and expense by reference to the stage of completion. This method is based on the estimations of the stage of completion of the projects. Based on the method to establish the completion of the projects, the forecasts include the cost incurred in executing the projects.

**f) Addition of entries**

Some entries of the balance sheet, the statement of profit and loss, the statement of changes in equity, the cash flow statement and the notes are disclosed or added in order to enable easy comprehension, although when material, the information has been disaggregated in the notes.

## 3. DISTRIBUTION OF INCOME

The Directors will propose to the sole shareholder the next distribution of income:

(EUR)

| | Year ended March 31, 2023 |
|---|---|
| Basis of distribution | |
| Income for the year | **5.241.300** |
| | **5.241.300** |
| Distribution | |
| Prior's years earnings | **5.241.300** |
| | **5.241.300** |

## 4. VALUATION AND RECORDING STANDARDS

**a) Intangible assets**

Assets included as intangible are software that is initially valued at cost. Costs of maintenance are expensed when incurred. As at 31 March 2023 and 2022, all of them are fully amortised.

**b) Tangible assets**

Assets included as tangible assets are recorded at cost of acquisition. Tangible assets are presented in the balance sheet at cost less accumulated amortisation.

Depreciation is calculated on a straight-basis method, during their estimated useful lives, in such a way that at the end of it, the net value is zero. Percentages of amortisation annually applied are:

| | |
|---|---|
| Furniture and fixtures | 20.0% |
| Computers | 25.0% |

The company reviews the residual value, useful life and method of amortisation of property, plant and equipment at the end of each year. Modifications in established criteria are recognised as change of estimations.

After the initial recognition of the asset, only those costs that increases the capacity, productivity or enhances the useful life are capitalised, writing-off those elements substituted. The daily maintenance costs are expensed when incurred.

The company evaluates periodically the possible existence of impairment in the value of tangible assets.

**c) Operating leases**

The company has the right of use for some assets under lease contracts. Given that those contracts do not transfer to the Company substantially all the risk and benefits inherent to the property of the goods, those leases are classified as operating leases.

Amounts paid for operating leases are recognised as expense on a straight-line basis during the term of the contract.

**d) Financial instruments**

i) ***Classifications and separation of financial instruments***

Financial instruments are classified initially as a financial asset or a financial liability, as appropriate, according to the arrangement and definition of financial asset or financial liability.

In order to be valued, financial instruments are classified as financial assets or liabilities at fair value through profit or loss, financial assets at amortised cost and financial assets at cost. The classification in those categories is made initially according to the instrument and the Management intention.

Financial instruments are recognised when the company is obliged by a contract or arrangement.

Transactions of purchase or sale of financial assets documented in contracts in which reciprocal obligations must be carried out in an established time and cannot be settled by difference are recognised at the date of contract or settlement.

ii) ***Non-compensation principle***

A financial asset and a financial liability are compensated only when the company has the right to compensate the recognised amounts and has the intention to settle the net amount or cancel the asset and the liability simultaneously.

iii) ***Financial assets at amortised cost***

Financial assets at amortised cost are trade and non-trade credits with fixed collections or fixable that are not traded in an active market and different from other financial assets. These assets are initially recognised at fair value, including transactions costs and are valued after initial measurement at amortised cost using the effective interest rate method. Nevertheless, financial assets that does not have an interest rate or from which the maturity is less than a year and the effects are not material, are valued at face value.

iv) ***Rental Deposits***

Rental Deposits given are initially valued as financial instruments. After the initial valuation, given that the effect is not material, these are valued at face value.

v) ***Interests***

Interests are recognised using the effective interest rate method, which is the rate that equals the book value of the financial instrument with the cash flows estimated in the life of the instrument, from their contract conditions and with no loss for future credit risk.

vi) ***Derecognition of financial assets***

The company derecognises a financial asset or a part of it, when it gets expired or when the rights on the cash flows of the financial asset are transferred, being necessary that risks, and rewards of ownership are substantially transferred.

When the financial asset is derecognised, the difference between the amount received net of transactions costs and the book value of the financial asset is the resultant profit or loss which arises upon de-recognition of the financial asset is included in the income for the year.

The company applies the average price in order to evaluate and derecognise the cost of equity instruments or debt that are included in a portfolio and have the same rights.

## Notes forming part of the Financial Statements

vii) ***Impairment of financial assets***

A financial asset or a group of financial assets is impaired and a loss for impairment arises, if there is objective evidence of the impairment as a consequence of the events that have occurred after the initial recognition of the asset and which affects the estimated future cash flows from the asset or group of financial assets, that can be reliably estimated.

For financial assets at amortised cost, it is considered that there exists impairment when an event that causes reduction or delay in the future estimated cash flows, motivated by an insolvency of the debtor.

The amount of the impairment is the difference between the account value of the financial asset and the current value of the cash flows estimated, excluding future losses for credit risk, using the effective interest rate. For those financial assets with variable interest rate, the interest rate on the date of valuation is used according to the arrangement.

Losses for impairment are recognised in the income statement and it is reversible in future years if the decrease can be objectively related to a future event. Nevertheless, the reversal of the loss has a limit in the amortised cost of the asset with no loss for impairment.

viii) ***Financial liabilities at amortised cost.***

Financial liabilities at amortised cost, including trade creditors and other payable, are initially recognised at fair value, less, in case costs of transaction which are directly attributable to issuing them. After initial recognition, financial liabilities at amortised cost are valued using the effective interest rate method. Nevertheless, financial liabilities that do not have an established interest rate and the maturity is less than a year and the effect is not material are valued at face value.

ix) ***Derecognition of financial liabilities***

The Company derecognizes a financial liability or a part of it when it has accomplished the obligation included in the liability or it is legally freed from the responsibility included in the liability, from a trial or agreement with the creditor.

**e) Cash and equivalents**

Cash and equivalents include cash in hand and disposable bank deposits in credit entities. Other investments of great liquidity are also included if they are easily converted in fixed amounts of cash and the risk of change value is not material. For these reasons, investments with a maturity of less than three months from acquisition are included.

**f) Accruals**

Turnover and expense invoiced that have not been carried out at the end of the year is recorded as a current liability or asset as short-term accruals.

**g) Turnover and expenses**

Turnover and expenses are accrued independent of the time / moment of cash flows from them. Nevertheless, the company only recognises profits realisable at the end of the year, but risks and losses are recognised when known.

**h) Revenue from services rendered**

- The Company's contracts with customers could include commitments to transfer multiple products and services to a customer. The Company assesses the commitment related to the product/services in a contract and identifies distinct performance obligation in the contract. Which involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price can be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price unless it is a payment for a distinct product or service form the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and it is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations

to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period. The Company considers indicator such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- Revenues for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of the completion of the performance obligation.

**i) Employee benefit expenses**

The company recognises the cost of the cash bonuses to employees when there is an obligation, legal or constructive, because of past events and can be reliably estimated.

Employee termination benefits are recognised when there is a formal plan and there is a valid expectation in the affected staff that the termination is going to be carried out, as the plan has been started or the main characteristics have been informed.

**j) Corporate tax**

Expense or turnover for corporate tax includes current and deferred income tax.

Current income tax is the amount to be paid or collected for the corporate tax from the taxable base for the year. Assets or liabilities for the current income tax are valued for the amounts that are expected to be paid or recovered from the tax authority, using the current law and tax rates or those approved and pending to be published at the end of the year.

Income tax, current or deferred is recognised in the statement of profit and loss unless it arises from a transaction or event that is recognised in the same year or in other years and is recognised directly in net equity or a business combination.

Deductible temporary differences are recognised if it is likely with high probability that there will exist positive taxable bases in the future, enough for their compensation.

Deferred tax assets are valued according to the tax rates that will be applied in the years when it is expected to compensate those assets with the law and rates currently applicable.

**k) Classification of current and non-current assets and liabilities**

Assets are classified in the balance sheet as current when it is expected to be recovered or is intended to be sold or consumed in the normal operating cycle, are kept mainly to trade, is expected to be sold in twelve month after the end of the year or is cash or cash equivalents, except in those cases when they cannot be exchanged or used to settle a liability, at least in the next twelve months after the end of the year, when they are classified as non-current.

Liabilities are classified in the balance sheet as current when it is expected to be settled in the normal operating cycle, are kept mainly to trade, and must be settled in the next twelve months or the company does not have the right to delay the cancellation of the liability during the next twelve months after the end of the year, presented as non-current in any other case.

Financial liabilities are classified in the balance sheet as current when it must be settled in the next twelve months after the end of the year although the initial maturity is for a period higher to twelve months and there exists an agreement for refinancing or restructuring payments in a term completed after the end of the year and before the annual accounts are issued. In any other circumstance, they are classified as non-current liabilities.

**l) Transaction with related parties**

Transactions carried out with related parties are recognised at fair value of the consideration to be given or received. The main transactions carried out during the year with related parties have been recorded with the criteria given below:

- Services rendered have been evaluated at cost of the work carried out plus a market margin.
- Cash balances for credits generate interests according to preferential market rates.

## Notes forming part of the Financial Statements

**m) Foreign currency transactions**

Those transactions in foreign currency are converted to the functional currency by applying the current exchange rates between the functional and the foreign currency at the date when the transactions are carried out. Nevertheless, the Company uses monthly exchange rates for those transactions carried out in that term.

Monetary assets and liabilities denominated in foreign currency have been converted to euros by applying the exchange rate at the end of the year and non-monetary assets valued at historic cost are converted applying the exchange rate when the transaction was carried out. Finally, conversion to euros of the non-monetary assets that are valued at fair value has been carried out by applying the exchange rate at the date when the valuation of the asset was made.

## 5. TANGIBLE ASSETS

a) Composition and movement as of 31 March 2023 in accounts included as tangible assets have been as follows:

(EUR)

| | Balances as at March 31, 2022 | Additions (Expense) | Disposals | Transfers | Balances as at March 31, 2023 |
|---|---|---|---|---|---|
| **Cost value** | | | | | |
| Computers | **944.376** | **309.184** | **-** | **-** | **1.253.560** |
| Office equipment | **84.419** | **11.620** | **-** | **-** | **96.039** |
| Furniture and fixtures | **1.221.775** | **200.471** | **-** | **-** | **1.422.246** |
| Tangible assets in progress | **(146)** | **107.610** | **-** | **-** | **107.464** |
| | **2.250.424** | **628.885** | **-** | **-** | **2.879.309** |
| **Cumulated amortisation** | | | | | |
| Computers | **(621.621)** | **(178.767)** | **-** | **-** | **(800.388)** |
| Office equipment | **(28.845)** | **(17.586)** | **-** | **-** | **(46.431)** |
| Furniture and fixtures | **(1.057.546)** | **(98.648)** | **-** | **-** | **(1.156.194)** |
| | **(1.708.012)** | **(295.001)** | **-** | **-** | **(2.003.013)** |
| **Net value** | | | | | |
| Computers | **322.755** | | | | **453.172** |
| Office equipment | **55.574** | | | | **49.608** |
| Furniture and fixtures | **164.229** | | | | **266.052** |
| Tangible assets in progress | **(146)** | | | | **107.464** |
| **Total** | **542.412** | | | | **876.296** |

b) Composition and movement as of 31 March 2022 in accounts included as tangible assets have been as follows:

(EUR)

| | Balances as at March 31, 2021 | Additions (Expense) | Disposals | Transfers | Balances as at March 31, 2022 |
|---|---|---|---|---|---|
| **Cost value** | | | | | |
| Computers | 915.719 | 217.973 | (191.161) | 1.845 | 944.376 |
| Office equipment | 78.216 | 6.203 | - | - | 84.419 |
| Furniture and fixtures | 1.134.194 | 16.118 | - | 71.463 | 1.221.775 |
| Tangible assets in progress | 73.162 | | | (73.308) | (146) |
| | 2.201.291 | 240.294 | (191.161) | - | 2.250.424 |
| **Cumulated amortisation** | | | | | |
| Computers | (672.483) | (140.299) | 191.161 | - | (621.621) |
| Office equipment | (12.438) | (16.407) | - | - | (28.845) |
| Furniture and fixtures | (969.999) | (87.547) | - | - | (1.057.546) |
| | (1.654.920) | (244.253) | 191.161 | - | (1.708.012) |
| **Net value** | | | | | |
| Computers | 243.236 | | | | 322.755 |
| Office equipment | 65.778 | | | | 55.574 |
| Furniture and fixtures | 164.195 | | | | 164.229 |
| Tangible assets in progress | 73.162 | | | | (146) |
| **Total** | 546.371 | | | | 542.412 |

c) There are no significant tangible assets fully amortised.

d) The Company has contracted insurance policies in order to cover the risk for the goods in tangible assets. The coverage of those policies is considered enough.

## 6. OPERATING LEASES

a) The Company has taken on lease from third parties office buildings and vehicles. The total leases expenses incurred during the year as of 31 March 2023 have amounted to 526.008 euros and in the prior year as of 31 March 2022 were 451.167 euros.

b) The main lease contract included in the a) above is for lease for the facilities that the Company occupies in Santa Leonor, 65, F Building in Madrid, where is also the social address, which has incurred rents and expenses for an amount of 617.593 euros in this year and 562.159 euros in the prior year. This contract ends in April 2024.

c) The company has made rental deposits for 93.461 euros.

## Notes forming part of the Financial Statements

d) Amount of lease commitments at the end of the year is as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Amounts to pay** | | |
| Less than 1 year | **497.253** | 472.320 |
| Between 1 and 5 years | **98.656** | 501.621 |
| More than 5 years | **-** | - |
| **Total** | **595.909** | 973.941 |

e) The Company does not foresee any large-scale contraction in demand which could result in significant down-sizing of its employee base rendering the physical infrastructure redundant. The leases that the Company has entered with lessors towards properties used as delivery centres / sales offices are long term in nature and no changes in terms of those leases are expected.

## 7. FINANCIAL INSTRUMENTS

a) The classification of financial assets by categories and classes, without cash and equivalents nor equity instruments in group's companies is as follows:

(EUR)

| | Balance As at March 31, 2023 | Balance As at March 31, 2022 |
|---|---|---|
| **Short term financial assets** | | |
| **Financials assets at amortised cost** | | |
| Trade receivables and other debtors | **19.656.370** | 14.249.753 |
| Other financial assets | **93.461** | 65.663 |
| **Total** | **19.749.831** | 14.315.416 |

b) The classification of financial liabilities by categories and classes is as follows:

(EUR)

| | Balance As at March 31, 2023 | Balance As at March 31, 2022 |
|---|---|---|
| **Short term financial liabilities** | | |
| **Financial liabilities at amortised cost** | | |
| Trade payables and other creditors | **9.652.980** | 9.180.432 |
| **Total** | **9.652.980** | 9.180.432 |

c) Nature and level of risk from financial instruments

Management of risk is controlled by the company according to the policies approved by the Directors:

**i. *Market risk***

There are no financial investments made by the company. Hence there are no market risks in respect of financial investments.

**ii. *Credit risk***

The Company has a concentrated credit risk in few clients outside the group, being mainly multinational companies. The Company has policies to assess that the revenue is generated from the clients having a clean track record of payments. The Company has policies to limit the amount of credit risk with any customer.

Impairment for credit risk from clients' insolvencies implies an elevated level of judgment by the Management and review of individual balances based on the credit quality of the clients, current trends and historical analysis of the insolvencies at an aggregated level. No impairments for credit risk are forecasted.

**iii. *Liquidity risk***

The company has a prudent management of the liquidity risk, based in holding adequate cash in order to meet its payment commitments.

No financial instruments are carried at fair value. Financial instruments carried at amortised cost as of 31 March 2023 are 24.883.058 euros and were 18.798.419 euros as of 31 March 2022.

Financial assets of 5.133.227 carried at amortised cost is in the form of cash and cash equivalents, bank deposits and earmarked balances with banks where the Company has assessed the counterparty credit risk. Trade receivables of 19.346.499 euros forms a significant part of the financial assets carried at amortised cost, which is valued considering provision for allowance for doubtful debts. The Company closely monitors its customers who are going through financial stress and assesses suitable actions on case-to-case basis. Similar assessment is done in respect of unbilled receivables while arriving at the level of provision that is required.

**iv. *Foreign currency exchange risk***

The Company has considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness. The Company believes that there is no impact on effectiveness of its hedges.

**v. *Interest rate risk***

As the financial assets and liabilities do not generate interests, the interest rate risk is not material.

**vi. *Price risk***

There are no financial investments made by the company. Hence there are no price risks in respect of financial investments.

## 8. EQUITY INSTRUMENTS FROM GROUP'S COMPANIES

a) The balance of equity instruments in group companies are shares of TATA CONSULTANCY SERVICES PORTUGAL UNIPESSOAL LIMITADA, owning the 100% of its share capital.

b) The social address of that company is Avenida José Gomes Ferreira 15, 7º-U, Miraflores - Algés (Portugal) and its activities are in consultancy of information technologies.

c) The financial information of it is as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Net equity** | | |
| Share capital | **5.500** | 5.500 |
| Reserves | **1.572.353** | 535.453 |
| Income for the year | **2.290.939** | 1.118.631 |
| **Total** | **3.868.792** | 1.659.584 |

d) That company is not listed in stock exchange and during the years as of 31 March 2023 and 2022 has not paid dividends.

## Notes forming part of the Financial Statements

### 9. TRADE RECEIVABLES

a) Detail of the balance is as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Clients | | |
| For services rendered | **16.165.660** | 12.463.447 |
| Unbilled revenue | **3.180.839** | 1.637.985 |
| **Total** | **19.346.499** | 14.101.432 |

b) No movement of credit risk impairment has arisen during the year nor in the prior year.

### 10. BALANCES AND TRANSACTIONS WITH GROUP'S COMPANIES

a) Detail of debtor balances and revenues for services rendered to group's companies is as follows:

(EUR)

| | Assets | | Turnover for services | |

## 11. PREPAID EXPENSES

a) Detail of the balance and movement is as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Project expenses | | |
| Balance at the beginning of the year | **53.519** | 18.161 |
| Transfer to income for the year | **(53.519)** | (18.161) |
| Services TCS Limited | **365.272** | - |
| Other prepaid expenses | **50.951** | 53.519 |
| **Total** | **416.223** | 53.519 |

## Notes forming part of the Financial Statements

### 12. CASH AND BANK BALANCES

a) Detail of the balance by categories is as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Cash in credit entities | | |
| Current accounts, Euro | **5.129.697** | 4.479.362 |
| Current accounts, USD | **3.530** | 3.641 |
| **Total** | **5.133.227** | 4.483.003 |

### 13. SHAREHOLDERS' FUNDS

a) Share capital is represented by 60.200 shares with a face value of 1 euro each, fully subscribed and paid being the sole shareholder being the group's company TATA CONSULTANCY SERVICES NETHERLANDS, B.V.

b) Indirectly, all the share capital belongs to the company TATA CONSULTANCY SERVICES LIMITED in both years.

c) Detail of reserves is as follows:

(EUR)

| | March 31, 2023 | March 31, 2022 |
|---|---|---|
| Reserves | | |
| Legal Reserve | **12.040** | 12.040 |
| Other reserves | **124.592** | - |
| **Total** | **136.632** | 12.040 |

d) The legal reserve has been created according to the Law of Capitalists Companies, establishing that in any case, an amount equal to 10 per cent of the profit in the year will be dedicated to it until it is, at least, 20 per cent of the share capital. This reserve is not distributable to the shareholders and it can only be used to compensate losses in case other reserves are not available for the same.

e) The balance of income from previous years are profits pending to be distributed according to the sole shareholder's decisions.

### 14. PUBLIC ENTITIES AND TAX POSITION.

a) Detail of balances is as follows:

(EUR)

| | Non Current | | Current | |
|---|---|---|---|---|
| | March 31, 2023 | March 31, 2022 | March 31, 2023 | March 31, 2022 |
| **Assets** | | | | |
| Deferred tax assets | **25.957** | 242.641 | **-** | - |
| Current tax assets | **-** | - | **295.038** | 71.559 |
| | **25.957** | 242.641 | **295.038** | 71.559 |
| **Liabilities** | | | | |
| Withholdings on personal tax | **-** | - | **386.457** | 272.705 |
| Added Value Tax | **-** | - | **919.646** | 739.223 |
| Social Security Entities | **-** | - | **977.037** | 674.157 |
| | **-** | - | **2.283.140** | 1.686.085 |

b) The company has generated losses in prior years, hoping to be able to compensate the negative tax bases arisen with positive tax bases in future years. The tax rate used in calculating the applicable tax to the future company's operations is 25%. The tax credit from the negative tax bases amounts 1.606.804 euros and it was 2.348.256 euros at the end of the prior year, with a decrease of 741.452 euros and 252.972 euros in the prior year applied in the corporate tax for the year. The tax credit has not been recognised as the directors consider that currently, for prudent reasons, there is not a high probability for compensating with positive tax bases of future years.

c) Detail of negative bases pending to be compensated in the corporate tax is as follows:

| End of the original year | Euro |
|---|---|
| 31/03/2013 | 1.058.526 |
| 31/03/2014 | 2.289.977 |
| 31/03/2015 | 2.493.129 |
| 31/03/2016 | 585.585 |
| | 6.427.217 |

d) The reconciliation between the net amount of revenues and expenses for the year and the taxable base is as follows:

(EUR)

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| **Balance of revenues and expenses** | | |
| For the year | **5.241.300** | 2.178.694 |
| Corporate tax | **724.193** | 311.971 |
| Permanent differences | **193.826** | 14.524 |
| Capitalisation reserve | **(234.142)** | - |
| Temporary differences | | |
| Depreciation non-deductible | **(9.815)** | (16.273) |
| Compensation of negative bases | **(2.906.600)** | (1.241.027) |
| Taxable base | **3.008.762** | 1.247.889 |
| Tax amount | **(752.191)** | (311.972) |
| Deductions for R&D | **-** | (79.278) |
| Withholdings and payments in advance | **1.047.228** | 304.253 |
| **Net receivable (payable)** | **295.038** | 71.559 |

e) The reconciliation between the income before tax and the tax expense for income tax is as follows:

(EUR)

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| **Income before taxes for the year** | **5.965.493** | 2.490.665 |
| Income for corporate tax recognised in the statement of profit and loss | | |
| Amount at tax general rate | **(1.491.373)** | (622.666) |
| Operating losses carry forwards | **726.650** | 310.257 |
| Other Permanent differences | **40.530** | 438 |
| | **(724.193)** | (311.971) |

## Notes forming part of the Financial Statements

f) Detail and movements for deferred tax assets are as follows:

(EUR)

| | As at March 31, 2022 | Additions | Reduction | As at March 31, 2023 |
|---|---|---|---|---|
| **Deferred tax assets** | | | | |
| Deductions pending to apply | 159.810 | - | (1.775) | **158.035** |
| Other deferred tax assets | 82.831 | - | (214.909) | **(132.078)** |
| | 242.641 | - | (216.684) | **25.957** |

Deductions pending to apply come from expenses in research and development incurred during the years 2015 to 2019.

g) Movements for the prior year are as follows:

(EUR)

| | As at March 31, 2021 | Additions | Reduction | As at March 31, 2022 |
|---|---|---|---|---|
| **Deferred tax assets** | | | | |
| Deductions pending to apply | 237.375 | - | (77.565) | 159.810 |
| Other deferred tax assets | 84.545 | - | (1.714) | 82.831 |
| | 321.920 | - | (79.279) | 242.641 |

h) The company has open to be reviewed tax assessment for the years given below:

| Tax issue | |
|---|---|
| Corporate tax | 2012 to 2022 |
| Value Added Tax | 2018 to 2022 |
| Withholdings on personal tax | 2018 to 2022 |
| Local tax | 2018 to 2022 |

Consequently, among others, of different possible interpretations of the current tax law, additional tax liabilities could arise as a result of a tax audit. Nevertheless, the directors of the company consider that in that case those liabilities would not affect materially to the financial statements.

## 15. SERVICES RENDERED

a) Detail of the amount by geographical areas is as follows:

(EUR)

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| **Area** | | |
| Europe | **61.089.470** | 42.512.193 |
| United Kingdom | **1.656.949** | 2.795.898 |
| Americas | **357.932** | 328.710 |
| | **309.480** | - |
| **Total** | **63.413.832** | 45.636.800 |

## 16. WORKS PERFORMED BY OTHER COMPANIES

a) The entire amount comes from works in consultancy subcontracted to other companies. Approximately, 76% of the balance in the year ended as at 31 March 2023 and 63% in the prior year is from acquisition of services from group's companies.

b) Detail of expense by geographical markets is as follows:

(EUR)

| | For the year ended March 31, 2023 | For the year ended March 31, 2022 |
|---|---|---|
| **Area** | | |
| Spain | **1.387.612** | 5.491.708 |
| Rest of Europe | **5.668.229** | 100.242 |
| America | **110.048** | 367.611 |
| Asia Pacific | **10.616.457** | 8.446.984 |
| **Total** | **17.782.346** | 14.406.545 |

## 17. PERSONNEL

a) The average staff during the years by categories is as follows:

| | For the year ended March 31, 2023 | | | For the year ended March 31, 2022 | | |
|---|---|---|---|---|---|---|
| | Women | Men | Total | Women | Men | Total |
| **Categories** | | | | | | |
| Managers | **1** | **-** | **1** | 1 | - | 1 |
| Technicians | **111** | **543** | **654** | 90 | 426 | 516 |
| Administrative | **12** | **12** | **24** | 8 | 9 | 17 |
| **Total** | **124** | **555** | **679** | 99 | 435 | 534 |

b) Staff at the end of the year is as follows:

| | For the year ended March 31, 2023 | | | For the year ended March 31, 2022 | | |
|---|---|---|---|---|---|---|
| | Women | Men | Total | Women | Men | Total |
| **Categories** | | | | | | |
| Managers | **1** | **-** | **1** | 1 | - | 1 |
| Technicians | **121** | **588** | **709** | 97 | 456 | 553 |
| Administrative | **12** | **11** | **23** | 8 | 9 | 17 |
| **Total** | **134** | **599** | **733** | 106 | 465 | 571 |

c) Staff includes 6 handicapped persons, with a level higher than 33%, hired as technicians in both financial years.

## Notes forming part of the Financial Statements

d) Detail of the balance of social charges in both years is as follows:

(EUR)

| | As of March 31, 2023 | As of March 31, 2022 |
|---|---|---|
| **Social charges** | | |
| Social Securiy charged to the company | **7.598.639** | 5.415.292 |
| Other social charges | **559.599** | 298.585 |
| **Total** | **8.158.238** | 5.713.877 |

### 18. EXTERNAL SERVICES

a) Detail of the balances by concepts is as follows:

(EUR)

| | As of March 31, 2023 | As of March 31, 2022 |
|---|---|---|
| **External services** | | |
| Leases and maintenance of facilities | **818.517** | 683.083 |
| External consultants | **443.495** | 297.853 |
| Travel expenses | **509.483** | 173.804 |
| Communications | **190.908** | 189.359 |
| Other expenses | **1.659.972** | 1.792.199 |
| **Total** | **3.622.375** | 3.136.298 |

### 19. BALANCES AND TRANSACTIONS IN FOREIGN CURRENCIES

Detail of balances and transactions performed in foreign currency different from euros is as follows:

| | US Dollar | | GB Pound | | Other currencies | |
|---|---|---|---|---|---|---|
| | March 31, 2023 | March 31, 2022 | March 31, 2023 | March 31, 2022 | March 31, 2023 | March 31, 2022 |
| **Balance sheet** | | | | | | |
| Trade receivables and other debtors | **181.685** | 437.046 | **44.875** | 310.570 | **1.129.958** | 130.251 |
| Trade payables and other creditors | **190.854** | 60.764 | **9.806** | 42.877 | **467.158** | 94.182 |
| Cash and equivalents | **3.530** | 3.641 | **-** | - | **-** | - |
| **Statement of profit and loss** | | | | | | |
| Services rendered | **2.436.687** | 1.636.144 | **853.527** | 1.381.643 | **10.389.402** | 1.828.636 |
| Services received | **590.694** | 254.968 | **-** | 11.987 | **59.923** | 108.889 |

## 20. INFORMATION ON DEFERRED PAYMENTS TO SUPPLIERS. THIRD ADDITIONAL DISPOSITION “COMMITMENT TO INFORM” LAW 15/2010, 5 JULY

a) The detailed information to be presented related to payments delayed is as follows:

(EUR)

| | March 31, 2023 | March 31, 2022 |
|---|---|---|
| Average period of payments to suppliers | **95 days** | 106 days |
| Ratio of paid transactions | **113 days** | 71 days |
| Ratio of payable transactions | **31 days** | 146 days |
| Amount of payments carried out | **24.196.486 100%** | 6.749.866 |
| Amount of payments in legal term | **9.772.546 40%** | - |
| Amount of payments pending | **6.526.592 27%** | 5.971.634 |
| Total number of invoices | **3.634 0%** | |
| Number of invoices paid in the legal term | **1.742 48%** | |

b) The excess in the average period of payments over the legal limit is explained because the payments are to those suppliers that are Group's Companies and therefore, the payment to them is carried out depending of the availability of cash in the Company. Therefore, average period of payments to third parties is approximately 40 days.

## 21. OTHER COMMITMENTS AND CONTINGENCIES

The company does not have bank guarantees neither the directors know other material contingencies different to those from the leases.

## 22. INFORMATION RELATED TO THE DIRECTORS AND OTHER RELATED PARTIES

a) In both years, the directors, three men in this year and three men in the prior year, have not received any remuneration for their functions in the company. Additionally, at the end of both years there were no balances pending with directors, neither the company has commitments for pensions or life insurances with old or current directors of the company.

b) Accomplishing the article 229 of the Spanish Law of Capitalistic Companies, the Directors settle that they do not have any situation of conflict of interests with the activities carried out by the Company and also they do not own significant stakes in other companies with the same, similar or complementary activity to the social purpose neither execute functions in other companies different from those belonging to the TCS group.

c) The top executive has received as salaries during the year ended on 31 March 2023 an amount of 208.538 euros and was 201.828 euros for the year ended on 31 March 2022.

## 23. ENVIRONMENTAL INFORMATION

At the end of the year, there are no significant assets dedicated to protection and improvement of the environment and no significant expenses of this nature have been incurred during the year. It is also estimated that no material contingency related to protection and improvement of environment exists, and hence it is not considered necessary to record any provisions in respect of risks and expenses for environmental reasons.

## Notes forming part of the Financial Statements

### 24. REMUNERATION TO THE AUDITORS

Fees of professional services accrued for BNFIX have been:

(EUR)

| | March 31, 2023 | March 31, 2022 |
|---|---|---|
| **Fees** | | |
| Audit | **7.350** | 7.350 |
| Tax advising | **7.222** | 7.413 |
| | **14.572** | 14.763 |

### 25. SUBSEQUENT EVENTSW

After the end of the year, no facts or circumstances have arisen that could affect materially to these financial statements.

The present financial statements included from pages 1 to 25 above have been issued by the Board of Directors in Madrid, on 02 May 2023.

# MANAGEMENT REPORT

## Introduction

In accordance with what is stated in the by-laws and in accordance with the applicable requirements of the Commercial Companies Code, the Management of TATA CONSULTANCY SERVICES PORTUGAL, UNIP.LDA submits the MANAGEMENT REPORT for the year 2022 for consideration in the General Meeting of the Company.

## Company Performance

The company's activity improved satisfactorily in 2022 and despite the challenges, the company presents positive net results, which is an increase of 93% compared to the previous year, representing 18.0% of turnover.

The results obtained by the company in the current financial year were within the estimates made, as better described in chapter < Analysis of Economic and Financial position of the Company>.

We project the continuation of the company's growth on a sustainable basis, despite of taking into account the constant uncertainty of the markets' s evolution.

## Economic and financial Company position analyses

The comparative situation of the various company indicators is shown in the following table:

(EUR)

| | 2020 | 2021 | 2022 |
|---|---|---|---|
| Sales | 3,820,212 | 6,662,320 | **12,035,084** |
| Income before Tax | 593,047 | 1,224,665 | **2,789,814** |
| Net income | 541,347 | 1,118,631 | **2,162,749** |
| | | | |
| Current assets | 3,551,301 | 4,607,876 | **7,811,135** |
| Non-current Assets | 9,569 | 54,645 | **115,668** |
| TOTAL ASSETS | 3,560,870 | 4,662,522 | **7,926,803** |
| TOTAL EQUITY | 540,953 | 1,659,584 | **3,822,333** |
| TOTAL LIABILITIES | 3,019,918 | 3,002,938 | **4,104,469** |
| TOTAL LIABILITY AND EQUITY | 3,560,870 | 4,662,522 | **7,926,803** |
| | | | |
| Number of employees | 11 | 11 | **11** |
| Employee Expenses | 891,802 | 919,331 | **1,015,268** |

The 2022 fiscal year was influenced by an increase turnover volume, from 6,662,320 € in 2021 to 12,035,084 € in the year to which this report concerns.

The net turnover increase led to the improvement in the operating and current results, with an increase of 1,565,149 € while compared with previous year.

In 2022, the company proved to be self-sufficient to meet its cash requirements and did not take recourse to Banks for financial operations.

The financial position of the company, is presented in the following table:

## Indicators

| Indicator | 2020 | 2021 | 2022 |
|---|---|---|---|
| Financial autonomy | 15.18% | 35.59% | **48.22%** |
| Solvency | 17.90% | 55.27% | **93.13%** |

The operations of the company will continue as at the present, the current assets exceed current liabilities, net equity has improved. The company will be provided with all the necessary mechanisms to ensure the continuity of operations, the realization of its assets and the settlement of its liabilities, in the normal course of its operations.

## Human resources

Regarding the employees, in 2022, the company maintained the same number of employees as in the previous year.

## Market Conditions

As in the previous year, the price levels practiced by the Company in 2022 were maintained this year by the consideration to maintain the services quality, which will enable sustained growth for the coming years. The market for our services has been characterized as quite competitive. Despite the increase in competition, which is highly competitive in terms of prices, the quality ofTATA CONSULTANCY SERVICES PORTUGAL, UNIP, LDA. services, together with the seriousness with which the company operates, has allowed us to continue to improve the trust and preference of our current customers.

## Communication and Image

In the perspective of the increase in sales volume, during the year 2022 and, in order to increase the market share, TATA CONSULTANCY SERVICES PORTUGAL , UNIP.LDA has benefited from an international corporate image.

## Investments

Direct investment in 2022 was 75,965 € in IT equipment.

## Relevant subsequent events

The year 2022 ended with signs of an economic recovery which is expected to continue in 2023 and is expected to slow down in subsequent years.

Prices are likely to rise, as in the previous year, which entails some uncertainty for all activities, and a general increase in prices is expected in all sectors of the economy.

However, taking into account the present scenario, We expect would not have any impact on the continuity of the Company. Hence the assumption of the continuity of operations as a going concern used in the preparation of these financial statements, remains appropriate.

Events occurring after the balance sheet date on conditions that existed at the balance sheet date have been are considered in the preparation of the financial statements.

## Business Forecast

Management believes that the results obtained at all levels by the company reinforce its stability both in economic and financial terms and in terms of the current market share.

The Company's activity in the first months of the next fiscal year is expected to remain identical compared to the activity in 2022.

Management believes that the company has adequate facilities to manage with the desirable evolution in turnover.

## Proposal for profit appropriation

Management proposes that the net profit for 2022, in the amount of 2,162,749.42 €, should be transferred to the Retained Earnings account.

## Final note

To the Companies and Entitles that honorcd us with their preference, we thank the trust, shown, which was an important incentive and compensation for the efforts assumed by those who work in this Company.

To all the employees who contributed to the company's performance, with its professionalism and dedication, the Management expresses its gratitude.

# STATUTORY AUDIT REPORT

(Translation of a report originally issued in Portuguese. In the event of discrepancies, the Portuguese language version prevails)

## Report on the Audit of the Financial Statements

### Opinion

We have audited the financial statements of TATA Consultancy Services (Portugal), Unipessoal, Lda. (the Entity), which comprise the balance sheet as at 31 March 2023 (which shows total assets of Euro 7,924,736 and total shareholders' equity of Euro 3,822,333 including a net profit of Euro 2,162,749), the statement of income, the statement of changes in equity and the statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly in all material respects, the financial position of TATA Consultancy Services (Portugal), Unipessoal, Lda. as at 31 March 2023, and its financial performance and its cash flows for the year then ended, in accordance with generally accepted accounting principles in Portugal.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and other technical and ethical standards and recommendations issued by the Institute of Statutory Auditors. Our responsibilities under those standards are described in the "Auditor's responsibilities for the audit of the financial statements" section below. In accordance with the law we are independent of the Entity and we have fulfilled our other ethical responsibilities in accordance with the ethics code of the Institute of Statutory Auditors.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of management for the financial statements

Management is responsible for:

- the preparation of the financial statements, which present fairly the financial position, the financial performance and the cash flows of the Entity in accordance with the with generally accepted accounting principles in Portugal.
- the preparation of the Management' Report, in accordance with the applicable law and regulations;
- the creation and maintenance of an appropriate system of internal control to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error;
- the adoption of appropriate accounting policies and criteria;
- the assessment of the Entity's ability to continue as a going concern, disclosing, as applicable, events or conditions that may cast significant doubt on the Entity's ability to continue its activities.

### Auditor's responsibilities for the audit of the financial statements

Our responsibility is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- communicate with those charged with governance, including the supervisory board, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit;

Our responsibility also includes verifying that the information included in the Management' report is consistent with the financial statements.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

### Management's report

In compliance with paragraph 3 e) of article No. 451 of the Portuguese Company Law, it is our understanding that the Management's report has been prepared in accordance with applicable requirements of the law and regulation, that the information included in the Management' report is consistent with the audited financial statements and, taking into account the knowledge and assessment about the Entity, no material misstatements were identified.

THE CERTIFIED ACCOUNTANT

MANAGEMENT

## Notes forming part of the Financial Statements, As of March 31, 2023

### 1. INTRODUCTORY NOTE

TATA Consultancy Services (Portugal), Unipessoal, Lda. ("The Company"), has its head office in Amadora, was founded on July 4, 2005 and its corporate object consists of IT consultancy services.

The Company is included in TATA Group (whose mother company has its head office in India), which includes several companies with head office in Europe and America, with which it has transactions related to the development of its operations (Note 16), so that its activity and results are influenced by decisions taken at group level.

These financial statements were approved by Management on May 5, 2023.

### 2. ACCOUNTING REFERENCE FOR THE PREPARATION OF THE FINANCIAL STATEMENTS

The accompanying financial statements have been prepared in compliance with the requirements in force in Portugal in accordance with Decree-Law 158/2009, of 13 July and the conceptual structure, modified by Decree-Law 98/2015, of 2 June, interpretation standards and accounting and financial reporting standards ("NCRF"), contained in Notices 8254/2015, 8258/2015 and 8256/2015, which together make up the Portuguese Accounting Standards System ("Sistema de Normalização Contabilística" or "SNC"). These standards and interpretations are hereinafter referred to generally as "NCRF".

### 3. PRINCIPAL ACCOUNTING POLICIES

#### 3.1. Bases of presentation

The accompanying financial statements were prepared on a going concern basis as from the Company's accounting records, in accordance with NCRF.

#### 3.2. Tangible fixed assets

Tangible fixed assets are initially recorded at acquisition cost, which includes the purchase cost and any other direct expenses to put the assets in the location and conditions needed to operate in the intended manner and, when applicable, the initial estimates of dismantling and removing assets and restoration of the places of installation/operation of the assets that the Company expects to incur.

Depreciations are recognised after the asset is available for use, in a straight-line basis, according to its estimated useful life for each group of assets, as follows:

| | Years |
|---|---|
| Administrative equipment | 3 to 8 |
| Tangible fixed assets | 8 to 16 |

Useful life and the depreciation method are revised on an annual basis. The effect of any change is recognised prospectively in the statement of profit and loss.

Costs of maintenance and repair (subsequent expenditure) that are not likely to generate future economic benefits are recorded as expenses in the period they are incurred on.

The gain (or loss) on disposal or write-off of a plant and equipment is determined as the difference between the amount received in the transaction and the amount of the asset and is recognized in the period in which it occurs.

#### 3.3. Income tax

Income tax for the year consists of current tax and deferred tax. Current tax and deferred tax are recognized in the statement of profit and loss, except when they are related with items recorded directly in equity. In such cases current and deferred tax are also recorded in equity.

Income tax for the period is calculated based on the Company's taxable results. The taxable income differs from the accounting profit or loss, as it excludes several costs and earnings that are deductible or taxable in other years. Taxable income also excludes costs and earnings that will never be deductible or taxable, according to tax rules in force.

Deferred tax relates to the temporary differences between assets and liabilities for accounting and tax purposes.

Deferred tax liabilities are recorded for all taxable temporary differences.

Deferred tax assets are recorded for deductible temporary differences, only when there is reasonable expectation of sufficient future taxable income to use them. Temporary differences underlying deferred tax assets are reviewed at each balance sheet date in order to recognise or adjust them based on the current expectation of their future recovery.

Deferred tax assets and liabilities are calculated and assessed using the tax rates expected to be in force when the temporary differences reverse, based on tax rates (and tax legislation) that are formally or substantially issued at the reporting date.

The compensation between deferred tax assets and liabilities is only allowed when: (i) the Company has the legal right to do the compensation between this assets and liabilities for liquidating purposes; (ii) those assets and liabilities relate to income tax of the same fiscal authority; and (iii) the Company has the intention of compensating for liquidation purposes.

### 3.4. Financial assets and liabilities

Financial assets and liabilities are recorded in the balance sheet when the Company becomes part of the correspondent arrangements, as established by NCRF 27 – Financial Instruments.

*Financial assets and liabilities at cost or at amortised cost*

The financial assets and liabilities are measured at cost or at amortised cost net of accumulated impairment losses (in the case of financial assets) when:

- The maturity is defined; and
- They have a fix or determinate repayment; and
- They do not constitute or incorporate a derivative financial instrument.

The amortised cost is the amount at which a financial asset or financial liability is measured at initial recognition, less principal repayments and plus or minus a cumulative amortisation, using the effective interest method, of any difference between the original amount and the amount at the maturity date. The effective interest rate is the rate that discounts cash flows associated with the financial instrument net carrying amount.

Assets and liabilities at cost or at amortised cost net of accumulated impairment losses include, namely:

- Trade receivables;
- Other receivables;
- Suppliers;
- Other payables;
- Group companies.

*Cash and cash equivalents*

"Cash and cash equivalents" include cash, bank deposits and term deposits with maturity up to three months and that can be demanded immediately with insignificant risk of losses.

*Trade receivables and other receivables*

Trade receivables and other receivables are recorded at cost or amortised cost net of eventual impairment losses. Generally, the amortised cost of these assets doesn't differ from its nominal value.

*Suppliers and other payables*

Suppliers and other payables are recorded at cost or amortised cost.

Generally, the amortised cost of these liabilities doesn't differ from its nominal value.

## Notes forming part of the Financial Statements, As of March 31, 2023

*Impairment of financial assets*

Financial assets classified "at cost or at amortised cost" are tested for impairment at each reporting date. Such financial assets are impaired when there is objective evidence that, as a result of one or more events after their initial recognition, their estimated future cash flows are negatively affected.

For financial assets measured at amortised cost, the impairment loss recognised corresponds to the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the respective original effective interest rate.

For financial assets measured at cost, the impairment loss recognised corresponds to the difference between the asset's carrying amount and the best estimate of the fair value of the asset.

Impairment losses are recognized in the statement of profit and loss in the period in which they are determined.

Subsequently, if the amount of the impairment loss decreases and such reduction can be objectively related to an event that took place after the recognition of that loss, it is reversed through the statement of profit and loss. The reversal shall be done within the limits of the amount that would be recognized (amortised cost) if the loss had not been initially accounted for. Reversal of impairment losses are recognized in the statement of profit and loss.

*Derecognition of financial assets and liabilities*

The Company derecognizes the financial assets only when the contractual rights to receive the cash flows expire, or when the financial assets and the risks and rewards of its ownership are transferred to other entity. The Company derecognizes the financial assets transferred, even if some significant risks and rewards remain, when the transference of control occurs.

The Company derecognizes financial liabilities only when the corresponding obligation specified in the contract is either discharged, cancelled or expires.

### 3.5. Foreign currency balances and transactions

Transactions in foreign currency (different from functional currency) are recorded at the exchange rate of the transaction date. At each reporting date, the foreign currency monetary items are translated at the exchange rate of that date.

Exchange gains and losses arising from differences between the historical exchange rates and those prevailing at the date of collection, payment or at the reporting date are recorded in the statement of profit and loss for the period.

### 3.6. Provisions and contingent assets and liabilities

*Provisions*

Provisions are recognized when there is a present legal or implied obligation resulting from a past event, the resolution of which will probably require expending internal resources, the amount of which can be reasonably estimated.

The amount recorded in provisions is the present value of the best estimate at the reporting date, needed to settle the obligation. The estimate is determined based on risks and uncertainties related to the obligation. The amount of provisions is reviewed and adjusted at each reporting date so as to reflect the best estimate at that time.

*Contingent liabilities*

Contingent liabilities are not recorded in the financial statements, but are disclosed when the possibility of outflows of resources including economic benefits is not remote.

*Contingent assets*

Contingent assets are not recorded in the financial statements, but are disclosed when economic future inflows of resources are likely to occur.

### 3.7. Revenue

Revenue is measured at fair value of the compensation received or to be received. Revenue to be recorded is offset of the estimated discounts and other rebates.

Revenue provided by rendered services (projects) is recognised according to the stage of completion method of the transaction/service at the financial position date, subject to the following conditions:

- The amount of revenue can be reliably measured;
- It is probable that future economic benefits flow to the Company; and
- Incurred cost or costs to be incurred with transactions can be measured reliably.

### 3.8. Accruals basis

Costs and earnings are recorded in the period to which they relate, independently of the date they are paid or received. Costs and earnings for which the real value is not known are estimated.

Costs and earnings attributed to the current period and which expenses and revenues will occur in future periods as well as costs and earnings that have already occurred but that respect to future periods are recorded as assets or liabilities.

### 3.9. Leases

As of March 31, 2023 and 2022, the Company has long term lease contracts, which, due to their characteristics, according to NCRF 9 - Leases, taking into account the substance over form principle, are recognized in the financial statements as operational leases. Payments of operational leases are recorded as costs in a straight line basis during the period of the lease. The operating assignment contract was considered for the purpose of recognizing the mobile assets underlying it and the associated debt.

### 3.10. Critical judgments/estimates in applying the accounting standards

In the preparation of the financial statements' judgments, estimates and assumptions were made, that can affect the value of the assets and liabilities presented, as well as earnings and costs of the period.

These estimates are based on the best knowledge available at the time and on the actions planned, and are constantly revised based on the information available at the financial position date. However, situations can happen in subsequent periods which are not predictable at the time of the approval of the financial statements and thus, were not considered on those estimates. Changes in estimates that occur after the date of the financial statements will be corrected prospectively. For this reason and due to that uncertainty, real results can differ from the corresponding estimates.

The most significant estimates reflected in the financial statements refer to: (i) impairment analysis of receivables; (ii) revenue recognition of ongoing projects

### 3.11. Subsequent events

Events that occur after the balance sheet date that provide additional information on conditions that existed as of that date ("adjustable events") are reflected in the financial statements. Events that occur after the balance sheet date that provide information on conditions that exist after that date ("non-adjustable events"), if material, are disclosed in the notes to the financial statements.

## 4. CASH FLOWS

Cash and cash equivalents include cash and bank deposits immediately callable. Cash and cash equivalents as of March 31, 2023 and 2022, are detailed as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Bank deposits immediately callable | **2,724,492** | 1,836,073 |
| Cash and equivalents | **2,724,492** | 1,836,073 |

## Notes forming part of the Financial Statements, As of March 31, 2023

### 5. ACCOUNTING POLICIES, CHANGES IN ESTIMATES AND ERRORS

In the year ended as of March 31, 2023, there were no changes in accounting policies in relation to those used in the year ended as of March 31, 2022, presented for comparative purposes, nor were material errors relating to prior years identified.

### 6. TANGIBLE FIXED ASSETS

During the years ended March 31, 2023 and 2022, the movements in tangible fixed assets, as well as in the respective accumulated depreciations and impairment losses, were as follows:

(EUR)

| Administrative equipment | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Gross assets:** | | |
| Beginning balance | **92,636** | 60,428 |
| Increases | **75,965** | 32,208 |
| Ending balance | **168,601** | 92,636 |
| **Accumulated depreciation and impairment losses:** | | |
| Beginning balance | **61,505** | 55,555 |
| Depreciation of the year | **16,142** | 5,950 |
| Ending balance | **77,647** | 61,505 |
| **Net assets** | **90,954** | 31,131 |
| **Other tangible fixed assets** | | |
| **Gross assets:** | | |
| Beginning balance | **4,790** | - |
| Increases | **-** | 4,790 |
| Ending balance | **4,790** | 4,790 |
| **Accumulated depreciation and impairment losses:** | | |
| Beginning balance | **100** | - |
| Depreciation of the year | **599** | 100 |
| Ending balance | **699** | 100 |
| **Net assets** | **4,091** | 4,690 |
| **Total Net assets** | **95,045** | 35,821 |

### 7. INCOME TAX

The Company is subject to corporate income tax, in accordance with article 87 of the Portuguese Corporate Income Tax Code ("IRC"), at the rate of 21%. This rate is increased up to a maximum of 1.5% of Municipal Surcharge.

For 2022, the nominal tax rate can vary between 22.5% and 29.5% depending on the determined taxable income, which will be taxable at the follow rates:

- IRC rate : 17% to the first 25,000 Euros;
- IRC rate: 21% over remaining taxable income;
- Municipal surcharge: 1.5% over taxable income;
- State surcharge: 3% over taxable income if 1,500,000 < taxable income <= 7,500,000 Euros, 5% over taxable income if 7,500,000 Euros < taxable income <= 35,000,000 Euros or 7% over taxable income if taxable income > 35,000,000 Euros.

In accordance with article 88 of the Portuguese Corporate Income Tax Code, the Company is also subject to autonomous taxation of certain expenses at the rates mentioned therein.

In accordance with applicable Portuguese legislation, income tax returns are subject to review and correction by the tax authorities for a period of four years (five years for social security) except where there are tax losses, tax benefits have been granted or there is litigation in progress where, depending on the circumstances, the period can be extended or suspended. Accordingly, the Company's tax returns for the years 2019 to 2022 are still subject to review. Management believes that possible corrections arising from inspections by the tax authorities of those tax returns will not have a significant impact on the financial statements of March 31, 2023 and 2022.

As of March 31, 2023 and 2022, there were no temporary differences between accountant and tax in order to create deferred taxes in the financial statements.

For the years ended March 31, 2023 and 2022, the tax rate reconciliation is as follows:

**Reconciliation of the tax rate**

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Profit / (Loss) before income tax | **2,789,814** | 1,224,665 |
| Nominal tax rate (<25,000 net income) | **17.00%** | 17.00% |
| Nominal tax rate (>25,000 net income) | **21.00%** | 21.00% |
| Municipal Tax | **1.50%** | 1.50% |
| Expected income tax | **626,708** | 274,550 |
| **Nominal tax rate** | **22.46%** | 22.42% |
| Profit / (Loss) before income tax | **2,789,814** | 1,224,665 |
| Permanent differences | **(20,593)** | 64,909 |
| Tax losses carried forward for which no deferred taxes were recorded | **(201,123)** | (902,702) |
| Profit for tax proposes | **2,568,098** | 386,872 |
| Income tax (<25,000) | **4,250** | 4,250 |
| Income tax (>25,000) | **534,051** | 75,993 |
| Income tax (municipal tax) | **41,538** | 19,344 |
| **Income tax(State tax)** | **38,077** | - |
| Autonomous taxation | **9,149** | 6,447 |
| **Total income tax (note 15)** | **627,065** | 106,034 |
| **Effective tax rate** | **22.48%** | 8.66% |

## Notes forming part of the Financial Statements, As of March 31, 2023

### 8. TRADE RECEIVABLES AND OTHER RECEIVABLES

As of March 31, 2023 and 2022, trade receivables and other receivables present the following composition:

(EUR)

| | As at March 31, 2023 | | | As at March 31, 2022 | | |
|---|---|---|---|---|---|---|
| | Gross Amount | Impairment Losses | Net Amount | Gross Amount | Impairment Losses | Net Amount |
| **Current:** | | | | | | |
| Trade receivables | **3,031,500** | **(11,053)** | **3,020,447** | 1,824,435 | (12,443) | 1,811,992 |
| Other receivables | **1,223,471** | **-** | **1,223,471** | 597,964 | - | 597,964 |
| | **4,254,971** | **(11,053)** | **4,243,918** | 2,422,399 | (12,443) | 2,409,956 |

As of March 31, 2023 and 2022, trade receivables include 1,394,447 Euros and 1,498,506 Euros, respectively, related with Group companies (Note 16).

For the years ended March 31, 2023 and 2022, movements occurred in impairment losses, were as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Beginning balance | **12,443** | 11,894 |
| Increase | **-** | - |
| Decrease | **-** | - |
| Effect of exchange rate adjustments | **(1,390)** | 549 |
| | **11,053** | 12,443 |

As of March 31, 2023 and 2022, the variance occurred in this rubric includes 1,390 Euros and 549 Euros, respectively, due to foreign exchange actualization.

**Other receivables**

As of March 31, 2023 and 2022, this caption was as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Accrued income:** | | |
| Unbilled services rendered | **1,187,740** | 582,537 |
| Other debtors | **35,731** | 15,427 |
| | **1,223,471** | 597,964 |

As of March 31, 2023 and 2022, other receivables included 1,156,578 Euros and 393,202 Euros respectively, related with Group companies (Note 16).

## 9. ADVANCES TO SUPPLIERS

As of March 31, 2023, there were no advances to suppliers.

## 10. DEFERRALS

As of March 31, 2023 and 2022, these captions were detailed as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Deferred assets:** | | |
| Supplies and services | **1,838** | 33,767 |
| Payroll expenses | **115** | 2,229 |
| | **1,953** | 35,996 |
| **Deferred liabilities:** | | |
| Services rendered | **51,848** | 12,466 |

As of March 31, 2023, and 2022, there were no active deferrals with related parties.

## 11. QUOTA CAPITAL AND RESERVES

As of March 31, 2023 and 2022, the Company's fully subscribed and paid up quota capital was made up of one quota with the nominal value of 5,500 Euros. As of those dates, quota capital was totally owned by TATA Consultancy Services España, S.A. (head office at Spain).

**Legal reserve:**

Portuguese legislation establishes that at least 5% of annual net profit must be appropriated to legal reserves until the reserve equals the statutory minimum requirement of 20% of quota capital. This reserve is not available for distribution, except in the case of liquidation of the Company, but may be used to absorb losses once other reserves and retained earnings have been exhausted. The balance of this item as at 31 March 2023 is 17,574 Euros.

**Results application:**

As approved at the General Shareholders' Meeting held on April 23, 2021, the results of the year ended on March 31, 2021, EUR 541,347 were transferred to Retained earnings/(losses).

As approved at the General Shareholders' Meeting held on April 23, 2022 the results of the year ended on March 31, 2022, EUR 1,118,631 were transferred to Retained earnings/(losses).

## 12. LEASES

**Operating leases**

As of March 31, 2023 and 2022, the Company has part of its operational lease contracts related to rented vehicles. The minimum non-cancellable lease payments as of March 31, 2023 and 2022, are as follows:

## Notes forming part of the Financial Statements, As of March 31, 2023

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Until 1 year | **2,840** | 9,042 |
| Between 1 and 5 years | **-** | - |
| | **2,840** | 9,042 |

### 13. OTHER PAYABLES

As of March 31, 2023 and 2022, the caption "Other payables" had the following composition:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| **Accrued costs:** | | |
| Employees | **122,538** | 137,250 |
| supplies and services Group (Note 16 (a) | **57,216** | 23,046 |
| Bonuses | **58,440** | 59,187 |
| Audit | **6,500** | 6,500 |
| Credits to be granted | **29,580** | 50,805 |
| Subcontracts | **1,304,025** | 711,133 |
| Others | **50,583** | 101,189 |
| Other creditors | **53,877** | 49,877 |
| Other creditors - Group (Note 16) (a) | **10,416** | 10,173 |
| | **1,693,174** | 1,149,160 |

As of March 31, 2023 and 2022 other payables included 67,632 Euros and 33,219 Euros, respectively, related with Group companies (Note 16).

### 14. SUPPLIERS

As of March 31, 2023 and 2022, the caption "Suppliers" was as follows:

(EUR)

| | As at March 31, 2023 | As at March 31, 2022 |

## 17. RENDERED SERVICES

Rendered services by the Company during the years ended March 31, 2023 and 2022, were as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Internal market | **2,410,008** | 1,404,523 |
| External market (a) | **9,625,076** | 5,257,797 |
| | **12,035,084** | 6,662,320 |

(a) As of March 31, 2023 and 2022 rendered services included 9,625,076 Euros and 5,257,797 Euros, respectively, related with Group companies (Note 16).

## 18. SUPPLIES AND SERVICES

The caption "Supplies and services" for the years ended March 31, 2023 and 2022, is made up as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Subcontracts | **7,921,733** | 3,891,738 |
| Fees | **0** | 366,685 |
| Rents and leases | **126,587** | 95,433 |
| Travel expenses | **11,429** | 690 |
| Specialized services | **50,453** | 45,937 |
| Communication | **12,053** | 5,364 |
| Others | **59,211** | 55,062 |
| | **8,181,466** | 4,460,909 |

During the years ended March 31, 2023 and 2022, these captions included 1,293,354 Euros and 946,222 Euros, respectively, related to services rendered by Group companies (Note 16).

A new lease agreement was done, following the change of the Company's headquarters, resulting in an increase in the rents and leases value.

In the current financial year, no services were obtained through self-employed workers, which justifies the variation recorded.in the fees Item.

## 19. PAYROLL EXPENSES

The caption "Payroll expenses" of the years ended March 31, 2023 and 2022, was as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Staff remuneration | **782,333** | 671,213 |
| Bonuses | **47,439** | 44,587 |
| Social security charges | **163,821** | 141,514 |
| Others | **21,675** | 62,017 |
| | **1,015,268** | 919,331 |

During the years ended March 31, 2023 and 2022, the average number of personnel was 17 and 11, respectively.

## Notes forming part of the Financial Statements, As of March 31, 2023

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Foreign exchange rate gains | **-** | 32,964 |
| Others | **-** | - |
| | **-** | 32,964 |

### 22. OTHER OPERATING EXPENSES

The composition of caption "Other operating expenses" for the years ended March 31, 2023 and 2022, was as follows:

(EUR)

| | Year ended March 31, 2023 | Year ended March 31, 2022 |
|---|---|---|
| Foreign exchange rate losses | **51,922** | 62,567 |
| Others | **477** | 1,154 |
| | **52,399** | 63,721 |

### 23. SUBSEQUENT EVENTS

The year 2022 ended with strong signs of an economic recovery which is expected to continue in 2023 and is expected to slow down in subsequent years. Prices are likely to rise, which entails some uncertainty for all activities, and a general increase in prices is expected In all sectors of the economy.

Events occurring after the balance sheet date on conditions that existed at the balance sheet date have been are considered in the preparation of the financial statements.

### 24. RISKS

**Credit risks**

The company is exposed to credit risk related with the possibility of the other part failing to comply with contractual obligations, resulting in losses relating to assets fulfilment.

Credit risk is mainly related with receivables, as a result of the Company´s operations, namely data-processing consultancy rendered services to its clients.

This risk is monitored, on a regular basis, with the objective of:

- limit credit granted to clients, considering the profile and age of account receivables;
- monitor the progress of granted credit level;
- analyse the recoverability of receivables on a regular basis.

Impairment losses for accounts receivable are calculated considering:

- analysis of aged accounts receivable;
- client risk's profile;
- clients' financial conditions.

As of March 31, 2023, Management is convicted that estimated impairment losses for accounts receivable are appropriately accounted for in the financial statements.

## 25. NOTE ADDED FOR TRANSLATION

These financial statements are a translation of financial statements originally prepared in Portuguese in conformity with Portuguese legislation and following generally accepted accounting principles in Portugal. In the event of discrepancies, the Portuguese language version prevails.

Commercial Registration No 1010425494
Headquarters in Riyadh

**To the Shareholders of Tata Consultancy Services Saudi Arabia Company**

## Opinion

We have audited the financial statements of Tata Consultancy Services Saudi Arabia Company ("the Company"), which comprise the statement of financial position as at 31 December 2022, the statements of profit or loss and other comprehensive income, changes in shareholder's equity and cash flows for the year then ended, and notes to the financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

## Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards), that is endorsed in the Kingdom of Saudi Arabia, that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA, the applicable requirements of the Regulations for Companies, Company's Articles of Association and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Board of Directors, are responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of **Tata Consultancy Services Saudi Arabia ("the Company")**.

# Notes forming part of the Financial Statements

## 1. CORPORATE INFORMATION

Tata Consultancy Services Saudi Arabia ("The Company") is a Foreign limited liability Company registered in the Kingdom of Saudi Arabia under commercial registration numbered 1010435987 dated 14 Shawwal 1436H (Corresponding to 30 July 2017).

The registered address of Company is - Akaria Center II, office no 172, 7th floor, Olaya Road, P.O Box 300055, Riyadh - 11372, Kingdom of Saudi Arabia.

The Company provides all services related to information technology and services include business process management, application support and maintenance services, infrastructure and its maintenance support, call center services relating to any industry or trade or application or domain services. The Company's full service portfolio consist of activities related to software development, implementation, support and maintenance of any industry, trade, application, product, device, computer, microscopic including consulting, design and implementation of software, hardware for all these services processors, provide software and hardware consulting and information processing services.

The financial statements were approved by the Board of Directors and authorized for issue on dated 01 Ramadan 1444H (Corresponding to 23 March 2023)

## 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

The principal accounting policies applied in the preparation of these financial statements have been consistently applied to all periods presented.

## 3. BASIS OF PREPARATION

These financial statements have been prepared on historical cost basis using the going concern concept except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period and defined benefit plans which are measured in accordance with IAS 19. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The company changed its accounting period in the previous year. Accordingly this financial statements covers the nine month's period as comparatives from 1st April 2021 to 31st December 2021.

The financial statements are presented in Saudi Arabian Riyals, which is the functional and presentation currency of the Company. Foreign currency transactions are translated into functional currency at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated into the functional currency using exchange rates prevailing on the date of statement of financial position. Gains and losses arising on conversion of foreign currency denominated monetary assets and liabilities are included in profit or loss. Non monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not translated.

Assets and liabilities of entities with functional currency other than presentation currency have been translated to the presentation currency using exchange rate prevailing on the date of statement of financial position.

## 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the year/period presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and has been discussed below. Key source of estimation of uncertainty in respect of revenue recognition, employee benefits and fair value measurement of financial instruments have been discussed in their respective policies.

The Company uses the following critical accounting estimates in preparation of its consolidate financial statements:

### a. Revenue recognition

Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

### b. Useful lives of property, plant and equipment

The Company reviews the carrying amount of property, plant and equipment at the end of each reporting period. This reassessment may affect depreciation expense in future periods. The carrying amount of property, plant and equipment as on December 31, 2022 was SAR 1,894,654 (December 31, 2021 was SAR 1,623,471)

### c. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

### d. Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period.

### e. Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable than an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation as at the date of the statement of financial position. These are reviewed at the end of each reporting period adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. Contingent asset is neither recognised nor disclosed in the financial statements.

### f. Employee benefits

The cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each statement of financial position date. The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

## Notes forming part of the Financial Statements

**g. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### 5. NATURE AND PURPOSE OF RESERVES

**a. Retained earnings**

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

**b. Statutory reserves**

10% of the net profit shall be set aside as statutory reserve as per the Company's article of association, until it has built up a reserve equal to 50% of its share capital. Remaining profit shall be distributed amongst the shares proportionately to their share holding.

### 6. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and liabilities arising from a single transaction[1] |

[1]Effective for annual periods beginning on or after January 1, 2023.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 - Income Taxes**

In May 2021, IASB Issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

## 7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

**Cash and cash equivalents**

Tata Consultancy Services Saudi Arabia considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Trade receivables**

Trade receivables without a significant financing component are initially measured at transaction price.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

## Notes forming part of the Financial Statements

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**Derecognition**

***(a) Financial asset***

The Company derecognises a financial asset when the contractual right to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flow in a transaction in which substantially all of the risks and rewards of the ownership of financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of financial asset.

The Company enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases the transferred assets are not derecognised.

***(b) Financial liability***

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises financial liability when its terms are modified and cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of financial liability the difference between the carrying amount extinguished and the consideration paid (including any non cash asset transferred or liabilities assumed) is recognised in profit or loss.

**Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liabilities simultaneously.

**(a) Cash and cash equivalents**

(Amount in SAR)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Balance with bank - current account | **21,950,699** | 13,651,679 |
| Deposits with banks (original maturity less than 3 months) | **-** | 25,000,000 |
| **Total** | **21,950,699** | 38,651,679 |

**(b) Trade Receivables**

(Amount in SAR)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables* | **67,212,298** | 36,774,809 |
| Less: Allowance for doubtful trade receivables** | **(5,771)** | - |
| **Total** | **67,206,527** | 36,774,809 |

* Trade receivables include balance with related party (refer note number - 15)

**There is no provision recognised as per ECL Model. Amount shown here is recognised basis recoverability of specific party

**Movement in the allowance for doubtful trade receivables is given below:**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| **Opening balance** | **-** | 614,668 |
| Add: charge / (reversal) to profit and loss | **5,771** | (614,668) |
| **Closing balance** | **5,771** | - |

**(c) Other financial assets**

Other financial asset consist of the following:

(Amount in SAR)

| **Other current financial assets** | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Premises security deposit | **250,720** | 180,720 |
| Employee advances | **216,809** | 191,241 |
| Accrued interest | **-** | 1,128 |
| Imprest | **4,886** | 37,244 |
| **Total** | **472,415** | 410,333 |

**(d) Trade and other payables**

(Amount in SAR)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables* | **11,846,038** | 5,600,351 |
| Accrued expenses | **9,450,921** | 1,796,997 |
| **Total** | **21,296,959** | 7,397,348 |

* Trade payables include balance with related party (refer note number - 15)

## Notes forming part of the Financial Statements

### (e) Other financial liabilities - current

(Amount in SAR)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Accrued payroll | **2,906,300** | 1,109,813 |
| Capital creditors | **-** | 249,815 |
| **Total** | **2,906,300** | 1,359,628 |

### (f) Financial instruments by category

The carrying value of financial instruments by categories as of December 31, 2022 is as follows:

(Amount in SAR)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **21,950,699** | **21,950,699** |
| Trade receivables | **67,206,527** | **67,206,527** |
| Unbilled receivables | **3,054,248** | **3,054,248** |
| Other financial assets | **472,415** | **472,415** |
| | **92,683,889** | **92,683,889** |
| **Financial liabilities** | | |
| Trade and other payables | **21,296,959** | **21,296,959** |
| Lease liabilities | **6,282,020** | **6,282,020** |
| Other financial liabilities | **2,906,300** | **2,906,300** |
| | **30,485,279** | **30,485,279** |

The carrying value of financial instruments by categories as of December 31, 2021 is as follows:

(Amount in SAR)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 38,651,679 | 38,651,679 |
| Trade receivables | 36,774,809 | 36,774,809 |
| Unbilled receivables | 137,617 | 137,617 |
| Other financial assets | 410,333 | 410,333 |
| | 75,974,438 | 75,974,438 |
| **Financial liabilities** | | |
| Trade and other payables | 7,397,348 | 7,397,348 |
| Lease liabilities | 9,441,669 | 9,441,669 |
| Other financial liabilities | 1,359,628 | 1,359,628 |
| | 18,198,645 | 18,198,645 |

The fair values of financial assets and financial liabilities as at December 31, 2022 and December 31, 2021 approximate the carrying amounts.

## (g) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

## (h) Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

### Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rate may have potential impact on the financial statement, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than functional currency of the Company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the respective functional currencies of Company.

The following analysis has been worked out based on the net exposures of the Company.

The following table sets forth information relating to foreign currency exposure as at December 31, 2022:

(equivalent SAR)

| | INR | USD | Other |
|---|---|---|---|
| Net financial assets | **42,264** | **6,762,812** | **13,940** |
| Net financial liabilities | **6,658** | **5,707,947** | **12,030** |

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of Tata Consultancy Services Saudi Arabia would result in decrease / increase in the Company's profit before taxes by approximately SAR 109,238 for the year ended December 31, 2022.

## Notes forming part of the Financial Statements

The following table sets forth information relating to foreign currency exposure as at December 31, 2021:

(equivalent SAR)

| | INR | USD | Other |
|---|---|---|---|
| Net financial assets | 384,855 | 8,612,110 | 144,263 |
| Net financial liabilities | (1,554) | 5,375,886 | 3,041 |

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of Tata Consultancy Services Saudi Arabia would result in decrease / increase in the Company's profit before taxes by approximately SAR 376,386 for the period ended December 31, 2021.

- **Interest rate risk**

The Company is not exposed to interest rate risk.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, cash and cash equivalents, and other financial assets.

- **Exposure to credit risk**

The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was SAR 95,939,070 and SAR 77,169,818 as of December 31, 2022 and December 31, 2021, respectively being the total of the carrying amount of balance with bank, trade receivable, unbilled receivable and other financial assets. Balance with bank is placed with a bank with high credit ratings. As of December 31, 2022, there were no indications that any defaults will occur on trade receivable, unbilled receivables, contract assets or other financial assets.

Details of single customer who contribute to more than 10% of outstanding trade receivables, unbilled receivables and contract assets as at December 31, 2022 and December 31, 2021.

(Amount in SAR)

| | As at December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | Amounts | Percentage | Amounts | Percentage |
| Customer A | **12,986,953** | **18%** | 14,320,283 | 38% |
| Customer B | **-** | **-** | 8,355,291 | 22% |
| Customer C | **-** | **-** | 5,706,878 | 15% |
| Customer D | **30,848,293** | **43%** | - | - |
| Customer E | **8,911,238** | **12%** | - | - |

- **Geographic concentration of credit risk**

The Company has a geographic concentration of trade receivables (net of allowances), unbilled receivables and contract assets is as given below:

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Saudi Arabia | **99%** | 97% |
| Others | **1%** | 3% |

Geographical concentration of trade receivables, unbilled receivables and contract assets is allocated based on the location of the customers.

The Company uses an allowance matrix to measure the expected credit loss of trade receivable from customers. The expected credit loss allowance is based on the ageing of the days the receivables are due and are as follows:

(Amount in SAR)

| **December 31, 2022** | **Weighted average loss rate** | **Gross carrying amount*** | **Loss allowance** | **Credit impaired** |
|---|---|---|---|---|
| **No Due** | **0.00%** | **5,774,935** | **-** | **No** |
| **1-90** | **0.00%** | **17,105,700** | **-** | **No** |
| **91-180** | **0.00%** | **643,919** | **-** | **No** |
| **181-272** | **0.00%** | **53,286** | **-** | **No** |
| **273-364** | **0.00%** | **-** | **-** | **No** |
| **365-455** | **0.00%** | **-** | **-** | **No** |
| **456-546** | **0.00%** | **-** | **-** | **No** |
| **>547** | **100.00%** | **-** | **-** | **Yes** |

(Amount in SAR)

| December 31, 2021 | **Weighted average loss rate** | **Gross carrying amount*** | **Loss allowance** | **Credit impaired** |
|---|---|---|---|---|
| Not Due | 0.00% | 6,492,671 | - | No |
| 1-90 | 0.00% | 7,049,231 | - | No |
| 91-180 | 0.00% | 0 | - | No |
| 181-272 | 0.00% | 23,659 | - | No |
| 273-364 | 0.00% | - | - | No |
| 365-455 | 0.00% | - | - | No |
| 456-546 | 0.00% | - | - | No |
| >547 | 100.00% | - | - | Yes |

*Gross carrying amount excludes inter-company and retention receivable from customers.

There is no credit risk for intercompany receivables as the receivables are due from Holding company and retention receivable from customers are considered through time value of money.

The above table provides the loss allowance calculated as per ECL and Management is expected to make at the minimum this amount as provision of bad and doubtful debts against trade receivables.

**Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

## Notes forming part of the Financial Statements

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Amount in SAR)

| December 31, 2022 | Due in 1st year | Due in 2nd to 5th year | Total |
|---|---|---|---|
| **Financial Liabilities** | | | |
| Trade and other payables | **21,296,959** | **-** | **21,296,959** |
| lease liabilities | **3,362,501** | **3,029,144** | **6,391,645** |
| Other financial liabilities | **2,906,300** | **-** | **2,906,300** |
| **Total** | **27,565,760** | **3,029,144** | **30,594,904** |

| December 31, 2021 | Due in 1st year | Due in 2nd to 5th year | Total |
|---|---|---|---|
| **Financial liabilities** | | | |
| Trade and other payables | 7,397,348 | - | 7,397,348 |
| Lease liabilities | 3,368,501 | 6,391,645 | 9,760,145 |
| Other financial liabilities | 1,359,628 | - | 1,359,628 |
| **Total** | 12,125,477 | 6,391,645 | 18,517,121 |

**(i) Equity instruments**

The authorised, issued, subscribed and fully paid up share capital consist of the following:

(Amount in SAR)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Authorised, issued, subscribed and paid up Share Capital** | | |
| Share Capital at SR 3,750 (1,000 shares) | **3,750,000** | 3,750,000 |
| | **3,750,000** | 3,750,000 |

| Share holding | Percentage | No of Share | Amount per Share | Total |
|---|---|---|---|---|
| Tata Consultancy Services Netherlands B.V | 76% | 760 | 3,750 | 2,850,000 |
| Saudi Desert Rose Holding B.V | 24% | 240 | 3,750 | 900,000 |
| | | | | 3,750,000 |

The Share capital of Saudi is SR 3,750,000 divided into 1000 Shares @ 3,750 carry one vote per share and have right to dividend.

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

## 8. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs Incurred and an estimate of costs to be Incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets Is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

## Notes forming part of the Financial Statements

(Amount in SAR)

| | Additions for the year ended December 31, 2022 | Net carrying amount as at December 31, 2022 |
|---|---|---|
| Leasehold building | **-** | **6,962,800** |
| Office equipment | **-** | **3,384** |
| **Total** | **-** | **6,966,184** |

(Amount in SAR)

| | Additions for the period ended December 31, 2021 | Net carrying amount as at December 31, 2021 |
|---|---|---|
| Leasehold building | 98,822 | 10,415,615 |
| Office equipment | 38 | 9,226 |
| **Total** | 98,860 | 10,424,841 |

Depreciation on right-of-use asset is as follows:

| | Year ended December 31, 2022 |
|---|---|
| Leasehold building | **3,452,814** |
| Leasehold improvements | **-** |
| Furniture and fixtures | **-** |
| Office equipment | **5,842** |
| **Total** | **3,458,656** |

| | Period ended December 31, 2021 |
|---|---|
| Leasehold building | 2,620,329 |
| Leasehold improvements | - |
| Furniture and fixtures | - |
| Office equipment | 4,411 |
| **Total** | 2,624,740 |

Interest on lease liabilities is SAR 214,852 and SAR 229,825 for the year ended on December 31, 2022 and December 31, 2021, respectively.[Refer Note 12(b)]

The Company incurred SAR 5,002,155 and SAR (136,591) for the year ended December 31, 2022 and December 31, 2021, respectively, towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is SAR 5,469,049 and SAR 170,808 for the year ended December 31, 2022 and December 31, 2021, respectively, including cash outflow for short-term leases and leases of low-value assets.

The Company does not have lease term extension options that are not reflected in the measurement of lease liabilities.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

## 9. NON-FINANCIAL ASSETS AND LIABILITIES

### a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property and equipment so as to expense the cost over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| **Type of asset** | **Method** | **Useful life (in years)** |
|---|---|---|
| Computer equipment | Straight line method | 4 years |
| Plant and machinery | Straight line method | 10 years |
| Furniture and fixtures | Straight line method | 4 to 10 years |
| Office equipment | Straight line method | 4 to 10 years |
| Electrical installations | Straight line method | 4 to 10 years |

Depreciation is not recorded on capital work in progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

## Notes forming part of the Financial Statements

Property, plant and equipment is derecognised from the statement of financial position on its disposal or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal is the difference between the proceeds and the carrying amount and is recognised in profit and loss.

Property, Plant and equipment consist of the following:

(Amount in SAR)

| | Plant and machinery | Leasehold improvements | Computer equipment | Furniture and fixtures | Office equipment | Electrical installations | Total |
|---|---|---|---|---|---|---|---|
| **Cost as at January 1, 2022** | **120,000** | **-** | **4,774,643** | **15,950** | **1,185,465** | **1,110,319** | **7,206,377** |
| Additions | **-** | **52,145** | **733,625** | **210,782** | **598,861** | **17,093** | **1,612,506** |

| Capital work-in-progress | | | | | | | **-** |
| **Total** | | | | | | | **1,894,654** |

| | Plant and machinery | Leasehold improvements | Computer equipment | Furniture and fixtures | Office equipment | Electrical installations | Total |
|---|---|---|---|---|---|---|---|
| **Cost as at April 1, 2021** | 120,000 | - | 4,725,948 | 15,950 | 1,156,021 | 1,110,319 | 7,128,238 |
| Additions | - | - | 51,885 | - | 29,444 | - | 81,329 |
| Disposals | | | 3,190 | | - | - | 3,190 |
| **Cost as at December 31, 2021** | 120,000 | - | 4,774,643 | 15,950 | 1,185,465 | 1,110,319 | 7,206,377 |
| **Accumulated depreciation as at April 1, 2021** | 60,000 | - | 4,607,907 | 9,570 | 1,110,858 | 515,747 | 6,304,082 |
| Depreciation for the year | 9,041 | - | 52,565 | 2,403 | 20,567 | 87,710 | 172,286 |
| Disposals | - | - | 3,190 | - | - | - | 3,190 |
| **Accumulated depreciation as at December 31, 2021** | 69,041 | - | 4,657,282 | 11,973 | 1,131,425 | 603,457 | 6,473,178 |
| **Net carrying amount as at December 31, 2021** | 50,959 | - | 117,361 | 3,977 | 54,040 | 506,862 | 733,199 |
| Capital work-in-progress | | | | | | | 890,272 |
| **Total** | | | | | | | 1,623,471 |

**b. Other intangible assets**

Intangible assets purchased including acquired in business combination, are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences and customer-related intangibles. Following table summarises the nature of intangibles and their estimated useful lives:

| Type of asset | Useful lives |
|---|---|
| Rights under licensing agreement and software licences | Lower of licence period and 2-5 years |
| Customer-related intangibles | 3 years |

Intangible assets are amortised on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value- in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Intangible assets consist of the following:

(Amount in SAR)

| | Software licences | Others | Total |
|---|---|---|---|
| **Cost as at January 1, 2022** | **83,494** | **-** | **83,494** |
| Additions | **-** | **-** | **-** |
| Disposals | **-** | **-** | **-** |
| **Cost as at December 31, 2022** | **83,494** | **-** | **83,494** |

| **Total** | **5,427,962** | 4,069,955 |

## 10. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.

Transaction price attributed in case of contracts with subsidiary is arrived at on the basis of arm's length price. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company has signed an agreement with the branch of Tata Consultancy Services Limited (affiliate) in Saudi Arabia to mutually provide IT Support services at 7% markup on the cost of each party effective from January 2022. In accordance with the agreement the Company has started accounting it as revenue as the agreement meets IFRS 15 criteria to recognise revenue as principal.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

## Notes forming part of the Financial Statements

**Revenue disaggregation by nature of services is as follows:**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Revenue from consultancy services | **234,221,689** | 78,812,772 |
| Revenue from sale of equipment and software licences | **297,323** | - |
| **Total** | **234,519,012** | 78,812,772 |

**Revenue disaggregation by industry vertical is as follows:**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Energy, resources and utilities | **61,968,656** | 42,373,765 |
| Manufacturing | **10,001,455** | 10,764,543 |
| Banking , financial services and insurance | **63,926,035** | 25,442,215 |
| Retail and consumer business | **3,808,294** | 232,249 |
| Communication, media and technology | **60,423,610** | - |
| Governance | **27,038,146** | - |
| Others | **7,352,816** | - |
| **Total** | **234,519,012** | 78,812,772 |

**Revenue disaggregation by geography is as follows:**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Middle east | **232,906,935** | 78,448,751 |
| Others | **1,612,077** | 364,021 |
| **Total** | **234,519,012** | 78,812,772 |

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has applied practical expedient of not disclosing the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is SAR 114,847,904 out of which 76.98% is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

| Revenue recognised that was included in the unearned and deferred revenue balance at the beginning of the year / period | **(58,019)** | (120,975) |
| Increase due to invoicing during the year, excluding amounts recognised as revenue during the year / period | **338,348** | 96,083 |
| Translation exchange difference | **(3,577)** | (62) |
| **Balance at the end of the year / period** | **372,773** | 96,021 |

## 11. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

**Cost of revenue**

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licences, depreciation and amortisation of production related equipment and software, facility expenses, communication expenses and other project related expenses.

**Selling, general and administrative expenses**

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances, facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortisation expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

## Notes forming part of the Financial Statements

**Expenses by function**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Cost of revenue | **185,237,703** | 51,333,193 |
| Selling, general and administrative expenses | **43,044,962** | 27,787,075 |
| **Total** | **228,282,665** | 79,120,268 |

Costs and expenses are recognized when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised into employee benefit expenses, depreciation and other operating expenses. Employee benefit expenses include salaries, incentives and allowances, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as corporate overhead allocation, commission and brokerage, recruitment and training, entertainment, etc.

(Amount in SAR)

| **Expenses by nature** | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Fees to external consultants | **22,973,050** | 6,290,308 |
| Facility expenses* | **10,491,651** | 4,150,515 |
| Communication | **1,014,580** | 363,517 |
| Travel expenses | **10,904,729** | 846,764 |
| Other expenses | **(2,470,912)** | 964,157 |
| Bad debts and advances written off, allowance for doubtful trade receivable and advances (net) | **5,771** | (614,668) |
| Project expense | **210,928** | 30,436 |
| Cost of equipment and software licenses | **6,345** | - |
| **Total** | **43,136,142** | 12,031,029 |

*Facility expenses includes short term lease expenses amounting SAR 5,002,155 for December 31, 2022 (SAR (136,591) for December 31, 2021).

## 12. OTHER (EXPENSES) / INCOME

### a. Finance and other income

Interest income is recognised using the effective interest method.

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Interest income is recognised using the effective interest method | | |
| Interest income - bank deposits | **27,538** | 247,304 |
| **Total** | **27,538** | 247,304 |

**b. Finance costs**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Interest on lease liabilities | **214,852** | 229,825 |
| Other interest (benefit) / expense | **(10,000)** | 695 |
| **Total** | **204,852** | 230,520 |

**c. Other non-operating loss (net)**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Net foreign exchange loss | **90,303** | 76,152 |
| **Total** | **90,303** | 76,152 |

## 13. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the period / year.

***Current income taxes***

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

***Deferred income taxes***

Deferred income taxes are provided for the temporary differences between the tax base of assets and liabilities and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Company. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

The income tax expense consists of the following:

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| **Current tax** | | |
| Current tax expense | **1,514,838** | 132,593 |
| Deferred tax (credit) / expense | **(338,581)** | 574,416 |
| **Total** | **1,176,257** | 707,009 |

## Notes forming part of the Financial Statements

The reconciliation of estimated income tax expense at the Saudi statutory income tax rate to income tax expense reported in statements of profit or loss and other comprehensive income is as follows:

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Income before income taxes | **5,968,730** | (366,864) |
| Income tax rate | **20%** | 20% |
| Expected income tax expense | **1,193,746** | (73,373) |
| **Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:** | | |
| Tax pertaining to prior years | **-** | - |
| Tax effect due to permanent difference | **(17,489)** | 780,382 |
| **Total income tax expense** | **1,176,257** | 707,009 |

**Income tax movement**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Opening tax liability | **(3,458,331)** | (1,012,755) |
| Provision for current tax charged to profit and loss | **1,514,838** | 132,593 |
| Tax paid | **(1,289,085)** | (2,578,169) |
| **Net income tax liability** | **(3,232,578)** | (3,458,331) |

1. The Company has filed its income tax declaration ("return") for and upto the year ended December 31, 2021 with the Zakat, Tax and Customs Authority ("ZATCA").
2. Management requested the final zakat tax certificate for FY 22 after submission of the tax return of FY 21, which had been issued by the ZATCA valid until April 30th, 2023.
3. During September 2020, ZATCA raised an assessment with additional tax of SAR 3,196,579 plus delay fines for the periods ended 31 March 2017 to 31 March 2019. The Company did not agree with the assessment and has filed an appeal with the ZATCA. Post submission of the appeal, The Company opted to avail the benefit of ZATCA's tax amnesty initiative to waive the delay fines. Accordingly, the Company had accepted the assessment and settled the additional tax claim of SAR 1.32 million (net of the tax over-payment of SAR 1.9 million for the year ended 31 March 2017) and the delay fines have been waived. The case registered with the General Secretariat of Tax Committees (GSTC) has been dismissed.
4. No assessment raised for FY 20 and 21 and there are no outstanding/ongoing assessment with the ZATCA.

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2022 are as follows:

(Amount in SAR)

| | Opening balance | Recognised / reversed through profit or loss | Recognised in other comprehensive income | Closing balance |
|---|---|---|---|---|
| **Deferred tax assets / (liabilities) In relation to:** | | | | |
| Property, plant and equipment and intangibles | **1,358,172** | **(153,826)** | **-** | **1,204,346** |
| Provision for employee benefits | **4,311,832** | **467,419** | **(219,486)** | **4,559,765** |
| Provision for doubtful debts | **-** | **1,154** | **-** | **1,154** |
| Leases | **474,640** | **23,834** | **-** | **498,474** |
| **Net deferred tax assets** | **6,144,644** | **338,581** | **(219,486)** | **6,263,739** |

**Gross deferred tax assets and liabilities are as follows:**

(Amount in SAR)

| | Assets | Liabilities | Net |
|---|---|---|---|
| Deferred tax assets/ (liabilities) in relation to: | | | |
| Property, plant and equipment and intangibles | **1,204,346** | **-** | **1,204,346** |
| Provision for employee benefits | **4,559,765** | **-** | **4,559,765** |
| Provision for doubtful debts | **1,154** | **-** | **1,154** |
| Leases | **498,474** | **-** | **498,474** |
| **Net deferred tax assets** | **6,263,739** | **-** | **6,263,739** |

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2021 are as follows:

(Amount in SAR)

| | Opening balance | Recognised / reversed through profit or loss | Recognised in other comprehensive income | Closing balance |
|---|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to:** | | | | |
| Property, plant and equipment and intangibles | 1,340,554 | 17,618 | - | 1,358,172 |
| Provision for employee benefits | 3,454,031 | (522,764) | 1,380,565 | 4,311,832 |
| Provision for doubtful debts | 122,933 | (122,933) | - | - |
| Leases | 420,977 | 53,663 | - | 474,640 |
| **Net deferred tax assets** | 5,338,495 | (574,416) | 1,380,565 | 6,144,644 |

(Amount in SAR)

| **Gross deferred tax assets and liabilities are as follows:** | Assets | Liabilities | Net |
|---|---|---|---|
| **Deferred tax assets in relation to:** | | | |
| Property, plant and equipment and intangibles | 1,358,172 | - | 1,358,172 |
| Provision for employee benefits | 4,311,832 | - | 4,311,832 |
| Leases | 474,640 | - | 474,640 |
| **Net deferred tax assets** | 6,144,644 | - | 6,144,644 |

## Notes forming part of the Financial Statements

**IFRIC 23 Interpretation uncertainty over income tax treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

**Application of IFRIC 23**

The Company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no instances of any uncertain tax treatment in the past and on that basis it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

### 14. EMPLOYEE BENEFITS

***Defined benefit plan***

The Company operates a defined benefit plan for employees in accordance with Saudi Labor and Workman Law as defined by the conditions stated in the laws of the Kingdom of Saudi Arabia. The cost of providing the benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements for actuarial gains and losses are recognised in the statement of financial position with a corresponding credit to retained earnings through other comprehensive income in the period in which they occur.

Remeasurements are not reclassified to statement of profit or loss in subsequent periods.

Past service cost are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date the Company recognises related restructuring costs

***Compensated absences***

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as actuarially determined liability at the present value of the obligation at the year end.

Employee cost consist of the following:

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Salaries & bonus | **157,454,589** | 52,928,599 |
| Contributions to provident and other funds | **12,763,862** | 6,923,973 |
| Staff welfare | **10,997,492** | 4,423,914 |
| **Total** | **181,215,943** | 64,276,486 |

**Employee benefit obligation consist of the following:**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| **Employee benefit obligations - current** | | |
| Compensated absences | **10,514,467** | 9,498,465 |
| Gratuity liability | **-** | - |
| **Total** | **10,514,467** | 9,498,465 |

(Amount in SAR)

| Employee benefit obligations - Non-current | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Gratuity liability | **16,131,968** | 15,908,300 |
| **Total** | **16,131,968** | 15,908,300 |

**Defined benefit plans**

**Gratuity**

In accordance with Saudi Labour Law, The Company operate a scheme of Gratuity which is a defined benefit plan. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment at an amount equivalent to:-

For service more than 2 years and less than 5 years - 1/3 of retirement benefits.

For service more than 5 years and less than 10 years - 2/3 of retirement benefits.

For service more than 10 years - Full retirement benefits

There is a vesting period of 2 years for the payment of end of services benefit.

**The assumptions used in accounting for the defined benefit plan are set out below:**

(Amount in SAR)

| | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Discount rate | **5.10%** | 2.30% |
| Salary escalation rate | **3.63%** | 3.45% |
| Attrition rate | **19.95%** | 20.32% |
| **The following table provides a reconciliation from the opening balances to closing balances for defined benefit liability** | | |
| Benefit obligations, beginning of the year | **15,908,300** | 7,993,505 |
| **Included in profit and loss statement** | | |
| - Service cost | **3,509,900** | 2,322,544 |
| - Interest cost | **344,500** | - |
| **Included In other comprehensive income / (loss)** | | |
| (Gain) / loss on remeasurement of the net defined benefit liability | **(1,097,400)** | 6,902,823 |
| Benefits paid | **(2,526,500)** | (1,310,572) |
| **Total** | **16,138,800** | 15,908,300 |

(Amount in SAR)

| Sensitivity Analysis | Year ended December 31, 2022 | Period ended December 31, 2021 |
|---|---|---|
| Effect of "+0.50" change in rate of discounting | **(383,500)** | (427,600) |
| Effect of "-0.50" change in rate of discounting | **402,700** | 451,500 |
| Effect of "+0.50" change in salary escalation | **406,500** | 444,200 |
| Effect of "-0.50" change in salary escalation | **(390,600)** | (424,900) |

# Financial Statements, Management Report and audit opinion

## 1. Audit Engagement

**In the shareholder's meeting on 12 August 2022 of TCS Business Services GmbH, Düsseldorf, – hereinafter also referred to as the "Company" or "TBS" –**

we were elected as auditor for the fiscal year 2022/23. The management of the Company there- upon engaged us to audit the Company's annual Financial Statements – including the accounting records – and the Management Report as of 31 March 2023 and to report on the result of our audit in accordance with professional practice. On 27 July 2022, the management confirmed receipt and acceptance of our Engagement Letter dated 18 July 2022.

In accordance with § 317 German Commercial Code (HGB), we conducted our audit according to German generally accepted standards for the audit of Financial Statements promulgated by the Institute of Public Auditors in Germany (Institut der Wirtschaftsprüfer in Deutschland, "IDW"), as set forth in the IDW Auditing Standards (IDW AuS).

In accordance with § 321 (4a) HGB, we confirm that we observed the applicable independence requirements during our audit of the Financial Statements.

We based the following report on the results of our audit. We observed the audit standard IDW AuS 450 (n.v.) in preparing the audit report.

Our audit work was performed from April until May 2023 in our offices. Necessary audit evidence was sent to us digitally via e-mail or was made available for download on a Cloud-Server. During the audit, there were online meetings via a video conference system. The audit was completed on 5 May 2023.

The General Engagement Terms for Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften dated 1 January 2017, which are attached to this report, are applicable to this engagement and our responsibility, also in relation to third parties. The amount of our liability is determined in accordance with § 323 (2) HGB. No. 1 para. 2 and no. 9 of the General Engagement Terms apply in relation to third parties.

## 2 Basic Findings

### 2.1 Comments on the management assessment of the situation

The management of the Company prepared the Financial Statements and the Management Report on an unqualified going concern assumption.

In accordance with § 321 (1) sentence 2 HGB, an assessment of the position of the Company as expressed in the Financial Statements and in the Management Report prepared by the management shall precede the report. In this assessment, particular emphasis was placed on the going concern assumption and the assessment of the opportunities and risks of the Company's future development as expressed in the Financial Statements and the Management Report, to the extent that the audited documents permitted such an assessment.

Our report is based on the management assessment of the position of the Company as documented in the Management Report. We have evaluated the assessments included therein in terms of their plausibility and consistency with the findings of our audit. In accordance with professional regulations, we do not endeavour to make our own predictions and do not provide information concerning the position of the Company in place of the management.

The Management Report includes the following core statements about the Company's **financial situation and business performance (including the business result):**

- "In 2023, the German economy was significantly impacted by the weak overall economic development caused by the energy crisis triggered by the Ukraine war. A recovery of the economy due to the waning of the COVID 19 pandemic and easing supply bottlenecks was thus slowed down. According to the German Federal Statistical Office, gross domestic product increased by 1.8% in 2023. In the fourth quarter of 2023, however, GDP contracted by 0.4%. This was caused in particular by restraint in private consumer spending and investment due to high inflation.
- Despite difficult economic conditions with the Ukraine war, inflation and disrupted supply chains, the IT industry suffered only minor losses in growth rates in 2023. Based on Bitkom data, the IT market grew by 6.5% in 2023, compared with 9.1% in the previous year. The individual sub-segments recorded the following growth rates in 2023: IT hardware 5.3% (previous year: 11.9%), software 9.2% (previous year: 11.3%), IT services 5.5% (previous year: 5.4%).

- The number of staff employed by the Company decreased from an average of 115 in the financial year 2021/2022 to an average of 102 in the financial year 2022/2023 due to fluctuation. The Company employs all staff in Germany, of which 79 are based in Düsseldorf and 23 in Berlin. All operating costs for these employees, together with all other costs of the Company, are charged in full to TATA Consultancy Services Deutschland GmbH at a mark-up of 7% (cost plus method).
- Sales for the financial year fell by 772 kEUR to 16,755 kEUR compared with the financial year 2021/2022. Due to the cost-plus method, revenues are largely dependent on the costs incurred at TCS Business Services GmbH. Due to the decrease in the number of employees and the associated decrease in personnel costs, lower revenues than expected were generated in the financial year. Because of the fall in personnel costs, the calculation of a fixed overhead rate led to a lower pre-tax profit for the year. This fell from 1,370 kEUR to 424 kEUR. Our key financial performance indicators of sales and pre-tax profit therefore declined in 2022/2023.
- The reduction in net income compared with the previous year, resulting in a net loss for the financial year, is mainly due to increased interest expenses in connection with the discounting of pension provisions.
- Overall, the forecast for fiscal 2022/2023 was not fully achieved. Management considers business performance in 2022/2023 to be satisfactory."

These core statements about the Company's financial situation and business performance are discussed in sufficient detail in the Management Report and are understandable in and of themselves; we therefore refer to the Management Report, appended as Appendix 1.4, for further details.

The Management Report prepared by the Company's management includes the following core statements on the **opportunities and risks of the Company's future development:**

- "TCS' ability to generate growth and maintain economic momentum is linked to its ability to consistently meet customers' ever-changing business needs and help them transform by deploying new digital technologies in their businesses. TCS Enterprise Cloud and Digital Services & Solutions continue to offer significant growth opportunities in the market. Significant investments have been made to further develop these services. In addition, new business areas are being developed, expanded and marketed to both existing and new customers (including German SMEs). Based on current visibility (taking into account COVID-19), TCS assesses the opportunities as medium.
- Here again, reference is made to the risks of TCS. In general, customers' willingness to invest is influenced by the overall economic development in the respective countries or in Europe as a whole, as well as by their confidence in a positive economic development. As the Company generates the majority of its sales in Germany, the development of the German economy is decisive for the Company's growth. Based on current knowledge, the Company considers the risk to be low.
- Based on the cost-plus method, no significant risks are seen here, with the exception of potential interest charges in connection with pension provisions.
- Foreign currency risks arise in particular from the conclusion of transactions in US dollars and other foreign currencies. A weakening of the dollar or other foreign currencies against the euro could therefore lead to foreign currency losses. The risk is considered to be low. The interest rate risks arising from pension commitments are to be offset by covering them with securities.
- At TCS, default and liquidity risks are limited by the selection of customers and close cooperation in payment transactions between sales and administration within the framework of a functioning dunning system. TCS has a solvent and creditworthy customer base. Bad debt losses are the absolute exception. In addition, there is a long-standing cooperation with the majority of customers. In this respect, we consider the financial risk of a liquidity bottleneck, in particular due to possible late payments to us by our sister company TCS, to be low.
- Management does not see any risks that could jeopardize the Company's ability to continue as a going concern."

These core statements about the opportunities and risks of the Company's future development are discussed in sufficient detail in the Management Report and are understandable in and of themselves; we therefore refer to the Management Report, appended as Appendix 1.4, for further details.

Based on our assessment of the financial situation of the Company, which we derived on the basis of the findings of our audit of the Financial Statements and of the Management Report – to the extent the audited documents permitted such an assessment – we have concluded that the assessment by the management on the position of the Company, particularly with respect to its ability to continue as a going concern and the opportunities and risks of future development, appears to be realistic.

### 2.2 Irregularities and violations of statutory provisions

We found no infringements against requirements that were unrelated to accounting.

## 3 Subject, nature and scope of the audit

The Company is a medium-sized Company within the meaning of § 267 (2) HGB. The audit constitutes a statutory audit in accordance with §§ 316 ff. HGB.

The subject of our audit were the Financial Statements as of 31 March 2023, which were compiled in accordance with the requirements of the German commercial law and consist of the balance sheet, income statement and the notes to the Financial Statements –including the accounting records–, as well as the Management Report for the financial year ended 31 March 2023.

The starting point for our audit were the assets, liabilities and capital accounts carried forward from the Financial Statements for the financial year from 1 April 2021 to 31 March 2022. The Financial Statements from the previous year were audited by us and received an unqualified audit opinion.

We audited the Financial Statements to verify assets and liabilities as well as to determine compliance with the regulations of the German Commercial Code (HGB) applicable for the Financial Statements of limited liability companies concerning recognition and measurement as well as classification of the items shown in the Financial Statements and for the required disclosures in the notes to the Financial Statements and profit appropriation. In addition, we audited compliance with the supplementary commercial law regulations pursuant to the relevant provisions of the Limited Liability Companies Act (GmbHG), as well as the supplementary provisions of the Shareholders' Agreement. Our audit included accounting records.

We audited the Management Report to determine whether it is consistent with the Financial Statements as well as with the findings of the audit, whether it complies with the relevant statutory provisions and whether it gives a true and fair view of the Company's position; in doing so, we also audited whether the opportunities and risks of the Company's future development had been accurately depicted.

The maintenance of the accounting records and the preparation of the Financial Statements as well as the other documents provided and statements made for this purpose are the responsibility of the management of TCS. Our responsibility is to express an opinion on the Financial Statements, including the maintenance of the accounting records and Management Report based on the audit we conducted.

In accordance with professional practice, we point out that our audit does not include the identification of violations outside of the accounting, fraud audits or other special audits. This applies in particular to the audit of compliance with the provisions of tax law or regulations governing price controls, laws limiting competition, laws controlling certain aspects of specific business operations *(Bewirtschaftungsrecht)*, foreign exchange, labour and social security laws, as well as to the adequacy of insurance coverage.

Pursuant to § 317 (4a) HGB, the audit need not cover whether the Company will continue to operate as a going concern or whether the effectiveness and efficiency of the management is assured.

The audit of compliance with other legal provisions is only a part of the responsibilities of the audit of the financial reports in that these other provisions usually have repercussions on the Financial Statements or the Management Report.

In conducting our audit, we observed the provisions of § 316 ff. HGB and the relevant professional opinions, statements and auditing standards set out in the German Generally Accepted Standards for Financial Statement Audits promulgated by the "Institut der Wirtschaftsprüfer" (IDW). Those standards require that we plan and perform the audit to provide reasonable assurance that the accounting system, the Financial Statements, and the Management Report contain no significant deficiencies. During the audit, evidence supporting the disclosures in the accounting records, Financial Statements and the Management Report is examined primarily by means of appropriate sampling and analytical audit procedures. The audit included assessing the accounting, measurement and classification and consolidation principles used and significant estimates made by the managing directors, as well as evaluating the overall presentation of the Financial Statements and Management Report.

We believe that our audit provides a reasonable basis for our opinion.

Audit planning and execution was based on a risk- and process-oriented audit approach. Our riskand process-oriented audit procedures were conducted based on an audit strategy. That strategy is developed from an assessment of the economic and legal environment in which the Company operates, its objectives, strategies and business risks, which we assessed on the basis of critical success factors. We supplement the subsequent audit of the accounting-related internal control system and its effectiveness with process analyses that we perform on a regular basis, particularly in the case of organisational and/or procedural changes, with the aim of determining their influence on relevant items in the annual Financial Statements and thus being able to assess the business risks and our audit risk. We considered the findings of the audit of the processes and the accounting-related internal control system when selecting the analytical audit procedures (plausibility assessments) and the individual case reviews with respect to the evidence supporting the disclosures in the Financial Statements.

Key factors were the general assessment of the business environment (industry-specific factors in particular) and information from the management about key corporate objectives and strategies as well as business risks (client-specific factors).

The audit planning was also influenced by our preliminary appraisal of the position of the Company and the fundamental assessment of the accounting-related internal control system and risk management.

Based on an overall assessment of these factors, we developed an audit programme and defined the focal points, nature and scope of the audit procedures, their sequence and the resources to be used. In so doing, we observed the principles of materiality and risk-orientation. We conducted our audit primarily with the aid of suitable selection processes (full survey, deliberate selection, test samples) and analytical audit procedures.

Based on our risk assessment, the following areas represent the focal points of our audit:

- valuation of financial assets,
- completeness and valuation of other provisions and pension provisions,
- completeness of balance sheet notes, notes and statements made in the Management Report.

The Company has established internal controls in various areas. We obtained an overview of the accounting internal control system and considered the findings of our audit procedures with respect to the internal control system in the further planning of our audit. Due to the transparent nature of the processes, we opted not to audit the functioning of the internal controls. Audit certainty was ensured primarily through individual case reviews.

These comprised plausibility checks and the audit of business transactions and inventories. In accordance with the principle of materiality and the risk of error, our audit procedures were mainly conducted based on samples. The following audit procedures were carried out individually:

*Valuation of financial assets*

To prepare our impairment test of the financial assets, we obtained securities account statements from the custodian bank and assured ourselves that the Company was indeed the holder of the securities. Additionally, we compared the capitalized book values of these securities to year-end rates for the financial year as well as to up-to-date stock market prices at the date of our audit. This audit yielded no indications of necessary depreciations.

*Completeness and valuation of other provisions and pension provisions*

The composition and development of other provisions and pension provisions in comparison to the previous year was audited on its completeness based on our acquired understanding of the business activities and through conversations with the management.

We obtained pension surveys from the actuary Lurse Pension & Benefits Consulting GmbH, Hanover, to audit the pension obligations. In addition, we obtained securities account statements from the custodian bank to audit the cover assets and received assurance that the cover assets were barred from distribution to any other creditors and were solely used to fulfil payments resulting from pension obligations. Furthermore, fair value of these securities was compared to year-end rates for the financial year.

*Completeness of balance sheet notes, notes and statements made in the Management Report*

The completeness of notes to the balance sheet, notes and statement of the Management Report was verified through interviewing the management and employees of the Company as well as examined against the background of our other audit procedures. We placed particular emphasis on verifying the correct attribution of balance sheet items and on the measurement and collateral security of the contingent liabilities.

*Additional auditing procedures*

Liabilities were audited on completeness and correct cost recognition through a cut-off test.

Receivables towards affiliated companies have been agreed with the companies concerned.

To match the balances and liabilities with banks we gathered bank statements as of 31 March 2023 and loan agreements. Additionally, we checked bank balance confirmations as of 31 March 2023 during our audit procedures to ensure the completeness of the notes to the balance sheet with regards to collaterals and contingent liabilities.

To audit the assets and liabilities, we reviewed excerpts from the commercial register, delivery and service contracts as well as other business records. We have requested confirmations from the Company's lawyers on pending legal disputes. We also requested a confirmation by the Company's tax consultant relating to possible tax risks.

The management and the contact persons named by them provided all explanations and evidence. In accordance with professional practice, the management confirmed in writing in a Company Letter of Representation dated 5 May 2023 that the accounting records and the Financial Statements as of 31 March 2023 included all assets, liabilities (obligations, risks, etc.), accruals, expenses and income as reflected on the balance sheet, all required disclosures were made, and all existing contingent liabilities were made known to us. According to management's statements, as of 31 March 2023, in accordance with our audit findings, there were no other obligations or contingent liabilities requiring disclosure other than those reported in the balance sheet or in the notes to the Financial Statements.

In this report, management has further stated that the Management Report also contains, with regards to expected developments, all aspects essential for the assessment of the situation of the Company as well as the disclosures required pursuant to § 289 HGB. The management also reported that no material transactions had taken place after the end of the financial year, and no such transactions were identified in the course of our audit.

## 4 Findings and explanations regarding the accounting

### 4.1 Conformity of the Financial Statements with legal requirements

#### 4.1.1 Accounting records and other documents audited

The Company's business transactions are recorded completely, consecutively, and on a timelybasis. The chart of accounts is clear and well-arranged. The vouchers are orderly and conclusive.

In our opinion, the accounting and additionally audited records comply with statutory provisions, the generally accepted accounting principles and the supplementary provisions of the articles of association throughout the financial year. In our opinion, the information included in the other documents examined by us led to a proper presentation in the Company's accounting records, the Financial Statements and the Management Report.

The internal control system established by the Company for accounting purposes is consistent with the business purpose and the scope of business is adequately regulated with regards to the organisation and control of processes.

For the accounting software used by the Company, "DATEV Kanzlei-Rechnungswesen", issued by DATEV eG, Nuremberg, there exists a software certificate pursuant to IDW AuS 880 issued by the auditing company Ernst & Young GmbH, Munich, dating from 28th February 2023. According to this certificate, the software complies with the generally accepted accounting principles and allows for accounting procedures in accordance with these principles. In the course of our audit, we did not detect any issues that negate this finding. The additionally used accounting software constitutes a simple IT-system. We therefore abstained from a detailed system audit.

#### 4.1.2 Financial Statements

Based on our audit, we state that the Financial Statements appended as Appendices 1.1 to 1.3

- were properly deduced from the inventory, the accounting and other audited records,
- complied with the principles of recognition, presentation and measurement, including the generally accepted standards on accounting, as well as with the supplementary provisions of the Shareholder's Agreement. We state that the principle of consistency stated in § 252 para. 1 No. 6 HGB was adhered to.
- the notes to the Financial Statements comply with the legal requirements in Germany and include all necessary presentations, classifications, explanations, and justifications with regard to the evidence, preparation of the balance sheet, and the appraisal of the individual items of the balance sheet and the profit and loss statement as well as the other necessary information. Exemptions for medium-sized companies were applied appropriately.

Pursuant to § 286 para. 4 HGB, the Company has abstained from declaring the remuneration of the board members. We confirm that the Company complies with the legal requirements necessary to claim this exemption.

#### 4.1.3 Management Report

The Management Report for the financial year 2022/2023 includes all required components pursuant to § 289 HGB. Concerning the Management Report appended as Appendix 1.4 we have determined the following:

- Concordant with our findings, the business performance and the position of the Company are accurately portrayed; the Management Report is consistent with the Financial Statements and the findings of our audit.

- The Management Report complies with the statutory requirements.
- The Management Report gives a true and fair view of the Company's position.
- The Management Report accurately portrays the material risks and opportunities of future developments.

Please refer also to Appendix 1.4 for information about the Company's position from the management.

### 4.2 Overall picture conveyed by the Financial Statements

#### 4.2.1 Economic background

The Company's core business is the provision of services in all areas of information technology, corporate management, digital data processing, consultancy either for one's own account or for account of another or in cooperation with third parties, including the support of research and development as well as distribution, development and maintenance of computer equipment, products, software and hardware as well as distribution of software licences of all sorts nationally and internationally. Currently, the Company is solely providing services to Tata Consultancy Services Deutschland GmbH (TCS). These services are billed using the cost-plus-method.

#### 4.2.2 Findings regarding the overall picture conveyed by the Financial Statements

In our opinion, based on the findings of our audit, the Financial Statements as of 31 March 2023, consisting of the balance sheet, income statement and the notes to the Financial Statements, provide an overall true and fair view of the Company's net assets, financial position and results of operations in accordance with the generally accepted accounting principles.

#### 4.2.3 Measurement bases and grooming transactions

The Company retained the accounting and measurement methods used for the items of the balance sheet and the income statement of the previous year. In order to maintain continuity with the previous year, the accounting and measurement options were not exercised again.

For the presentation of the measurement bases and other transactions not included in the balance sheet, please refer to the notes to the Financial Statements provided by the management as appended in Appendix 1.3.

During our audit, we also found no evidence of one-sided application of margins of discretion for the purpose of a targeted manipulation of the results for the financial year or of grooming transactions taken which would have resulted in accounting differing from the economic situation.

### 4.3 Analysis of the Company's economic position

Because of the transparency of the annual Financial Statements and the additional explanations and breakdowns in the Management Report, we have abstained from explanations and breakdowns on items of the Financial Statements and an analysis of the assets, financial and profit situation in accordance with the order.

## 5 Reproduction of audit opinion and signature of audit report

Upon completion of our audit, we issued the following unqualified audit opinion for the balance sheet, statement of income and notes to the Financial Statements (appended as Appendices 1.1 to 1.3) as well as for the Management Report (appended as Appendix 1.4) for the financial year from 1 April 2022 to 31 March 2023 of Financial Statements of TCS Business Services GmbH, Düsseldorf, as of 31 March 2023:

# Independent Auditor's Report

**To TCS Business Services GmbH, Düsseldorf:**

## Audit opinion

We have audited the annual Financial Statements of TCS Business Services GmbH, Düsseldorf, which comprise the balance sheet as of 31 March 2023, the statement of income and the notes to the Financial Statements. In addition, we have audited the Management Report of TCS Business Services GmbH, Düsseldorf, for the financial year from 1 April 2022 to 31 March 2023.

In our opinion, based on the knowledge obtained in the audit,

- the accompanying Financial Statements comply, in all material aspects, with the requirements of German commercial law as applicable to corporations and, in compliance with these requirements, give a true and fair view of the assets, liabilities, and financial position of the Company as of 31 March 2023 and of its financial performance for the financial year from 1 April 2022 to 31 March 2023, and
- the accompanying Management Report as a whole provides an appropriate view of the Company's position. In all material aspects, this Management Report is consistent with the Financial Statements, complies with German legal requirements and appropriately presents the opportunities and risks of future developments.

Pursuant to § 322 (3) sentence 1 HGB, we declare that our audit has not led to any reservations relating to the legal compliance of the Financial Statements and of the Management Report.

## Basis for the audit opinion

We conducted our audit of the Financial Statements and of the Management Report in accordance with § 317 HGB and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Our responsibilities under those requirements and principles are further described in the „Auditor's Responsibilities for the Audit of the Financial Statements and of the Management Report" section of our auditor's report. We are independent of the Company in accordance with the requirements of German commercial and professional law, and we have fulfilled our German professional responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements and on the Management Report.

## Responsibilities of the management for the Financial Statements and the Management Report

The management is responsible for the preparation of the Financial Statements that comply, in all material aspects, with the requirements of German commercial law as applicable to corporations and that the Financial Statements, in compliance with these requirements, give a true and fair view of the assets, liabilities, financial position, and financial performance of the Company. In addition, the management are responsible for such internal controls as they have determined necessary to enable the preparation of Financial Statements that are free from material misstatements, whether due to fraud or error.

In preparing the Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern. They also have the responsibility for disclosing, as applicable, matter related to going concern. In addition, they are responsible for financial reporting based on the going concern basis of accounting unless there is an intention to liquidate the Company or to cease operations, or there is no realistic alternative but to do so.

Furthermore, the management is responsible for the preparation of the Management Report that, as a whole, provides an appropriate view of the Company's position and is, in all material aspects, consistent with the Financial Statements, complies with German legal requirements, and appropriately presents the opportunities and risks of future developments. In addition, the management is responsible for such arrangements and measures (systems) as they have considered necessary to enable the preparation of a Management Report that is in accordance with the applicable German legal requirements, and to be able to provide sufficient appropriate evidence for the assertions in the Management Report.

## Auditor's Responsibilities for the Audit of the Financial Statements and of the Management Report

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatements, whether due to fraud or error, and whether the Management Report as a whole provides an appropriate view of the Company's position and, in all material respects, is consistent with the Financial Statements and the knowledge obtained in the audit, complies with the German legal requirements and appropriately presents the opportunities and risks of future developments, as well as to issue an auditor's report that includes our audit opinion on the Financial Statements and the Management Report.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with § 317 HGB and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer (IDW) will always detect a material misstatement. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements and this Management Report. We exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of the Financial Statements and of the Management Report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our audit opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit of the Financial Statements and of the arrangements and measures (systems) relevant to the audit of the Management Report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of these systems.
- Evaluate the appropriateness of accounting policies used by the management and the reasonableness of estimates made by the management and related disclosures.
- Conclude on the appropriateness of the management use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the Financial Statements and in the Management Report or, if such disclosures are inadequate, to modify our respective audit opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to be able to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements present the underlying transactions and events in a manner that the Financial Statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with the requirements of the German commercial law.
- Evaluate the consistency of the Management Report with the Financial Statements, its conformity with German law, and the view of the Company's position it provides.
- Perform audit procedures on the prospective information presented by the management in the Management Report. On the basis of sufficient appropriate audit evidence we evaluate, in particular, the significant assumptions used by the management as a basis for the prospective information and evaluate the proper derivation of the prospective information from these assumptions. We do not express a separate audit opinion on the prospective information and on the assumptions used as a basis. There is substantial unavoidable risk that future events will differ materially from the prospective information.

We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

"The audit opinion was issued by the signatories of this audit report on 5 May 2023. IDW AuS 400 (n. v.) "Principles for audit opinions of Financial Statements" was observed in issuing the audit opinion.

We issue the above audit report on the Financial Statements and the Management Report as of 31 March 2023 of TCS Business Services GmbH, Düsseldorf, in compliance with the statutory regulations as well as IDW AuS 450 (n. V.) „Generally accepted standards for the issuance of long form audit reports for the audits of Financial Statements".

The audit report was signed as follows in accordance with § 321 (5) HGB and § 32 German Public Accountants Act:

Düsseldorf, 5 May 2023

**Appendix 1.3**

## Notes forming part of the Financial Statements

### I. GENERAL INFORMATION ON THE COMPANY

The registered office TCS Business Services GmbH is in Düsseldorf. It is registered in the Commercial Register of the Local Court (Amtsgericht) in Düsseldorf under HRB 84792.

### II. GENERAL INFORMATION ON THE CONTENT AND PRESENTATION OF THE FINANCIAL STATEMENTS

The Company is a medium-sized Company within the meaning of § 267 (2) HGB.

The Financial Statements of TCS Business Services GmbH were compiled while maintaining the classification and valuation principles of the previous year in accordance with the legal requirements for medium-sized companies by the German Commercial Code (HGB). Additionally, the provisions of the Limited Liability Act (GmbHG) were adhered to. The income statement was prepared according to the nature of expense method.

### III. ACCOUNTING POLICIES

The Financial Statements contain all assets, liabilities, deferred items, expenses and income in compliance with legal requirements. Items on the assets side were not offset with items from the liabilities side, expenses were not offset with income unless this was explicitly required pursuant to § 246 German Commercial Code.

The opening entries of the opening balance sheet were properly transferred from the previous years' statement. The valuation was based on the assumption of the Company's ability as a going concern. Assets and liabilities were valued individually.

Assets and liabilities were measured prudently, i.e. all foreseeable risks and losses which have occurred by the balance sheet date were taken into consideration, even if these only become known between the balance sheet date and the date of the preparation of the Financial Statements. Income was only recognized if it was realised ahead of the reporting date. Expenses and income of the financial year were recognized regardless of the date of payment.

Property, plant and equipment are measured at cost less scheduled straight-line depreciation and unscheduled impairment losses if permanent impairment is expected. Scheduled straightline depreciation is measured based on the estimated operating lifespan. Tangible assets have an estimated lifespan of four years.

Financial assets were measured at cost or at a lower market value in case of expected permanent impairment.

Receivables and other assets are measured at acquisition costs. Recognizable individual risks as well as the risks of receivables default are recognized through value adjustments. Cash and cash equivalents are measured at face value.

Expenditures/income before the balance sheet date, insofar as they constitute costs/revenue for a period following this date, are presented as deferred items.

Provisions made for uncertain liabilities regarding pension obligations were estimated based on prudent commercial assessment with their probable settlement value which also accounts for expected wage developments. Provisions were made based on the projected unit credit method (PUC). Calculations were based on the guideline tables 2018 G of Dr. Heubeck. Provisions were discounted based on the average market interest rate annual for the last ten years of 1.8 per cent (Previous year: 1.8 per cent). According to historical experience, pension adjustments of 2.00 per cent, wage adjustments of 3.5 per cent as well as a rise of the upper limit for social security expenses of 2.5 per cent were considered.

Profit effects resulting from changes in the applied actuarial interest rate were shown within the personnel costs.

Assets that solely serve for fulfilment of pension obligations and cannot be seized by any other creditors were measured at fair value (cover assets). Income and expenditures from these assets were netted with the expenses resulting from provisions compounding. Additionally, these assets were charged against their underlying obligations. As this yields an obligation surplus at the balance sheet date, the result is shown with the provisions for pensions.

Provisions for taxation and other provisions which are uncertain regarding their value and/or their date of occurrence were measured on the basis of prudent commercial assessment at the expected settlement amount for these uncertain liabilities.

Current liabilities are reported with their repayment or settlement amount.

## Notes forming part of the Financial Statements

Assets and liabilities in foreign currencies with maturity dates of less than a year were measured based on the mean spot exchange rate of the balance sheet date. All other assets and liabilities were measured either at the exchange rate on the date of invoicing or the higher mean spot exchange rate of the balance sheet date.

Deferred taxes were recognized for amounts resulting from temporary differences between the amounts shown in the commercial balance sheet and the tax balance sheet if these differences are expected to scale down in the following fiscal years. An overall resulting tax burden is shown as deferred tax liabilities in the balance sheet. In case of an overall resulting tax relief, the company does not apply the optional capitalization pursuant to § 274 (1) sentence 2 German Commercial Code.

Pursuant to § 273 (1) sentence 3 German Commercial Code, deferred taxes are shown without offsetting.

### IV. EXPLANATORY NOTES ON THE BALANCE SHEET

The developments of the individual items of the fixed assets are shown in the statement of movements in fixed assets (gross).

Receivables from affiliated companies result exclusively from receivables for deliveries and services.Within the other assets, an amount of 26 kEUR (Previous year: 26 kEUR) has a maturity date of more than a year.

The amounts barred from distribution pursuant to § 268 (8) German Commercial Code amount to 281 kEUR and are composed of 20 kEUR for covering of long-term work accounts and of 261 kEUR for covering pension obligations. The amounts barred from distribution therefore solely result from the capitalization of covering amounts at fair value.

From the discounting of provisions for pensions at the average market interest rate of the last ten years in comparison to the discounting at the average market interest rate of the last seven years results a difference of 1,382 kEUR. This difference is barred from distribution pursuant to § 253 (6) sentence 2 German Commercial Code.

The overall amount barred from distribution amounts therefore to 1,663 kEUR.

For netting liabilities from pension obligations with amounts for cover assets, the following amounts were determined:

Settlement amount of liabilities: 18,030 kEUR

Acquisition costs of the netted assets: 8,295 kEUR

Netted assets at fair value: 8,557 kEUR

Netted income: 511 kEUR

The amount at fair value results from the end of day stock market price for the securities of the cover assets on the balance sheet date and was measured on the basis of securities account statements.

Other provisions (3,881 kEUR) essentially comprise provisions for bonus payments (2,074 kEUR), anniversary bonuses (953 kEUR), vacation payments (258 kEUR) and for overdue receivables (166 kEUR).

As in the previous year, all liabilities will be due within one year.

Liabilities to affiliated companies comprise solely of trade payables.

Deferred tax balances for the financial year have developed as follows:

| | At the beginning of the financial year | Change | At the end of the financial year |
|---|---|---|---|
| Deferred tax assets | **3,189,100.00** | **571,200.00** | 3,760,300.00 |
| Deferred tax liabilities | **2,575,400.00** | **(222,000.00)** | 2,353,400.00 |

In accordance with § 274 (1), the resulting tax reduction is not recognized as tax asset in the balance sheet.

**Appendix 1.3**

## Notes forming part of the Financial Statements

### V. EXPLANATORY NOTES ON THE INCOME STATEMENT

Other operating income in the amount of 23 kEUR (Previous year: 0 kEUR) comprises solely of income from foreign currency translation.

Other operating expenses contain expenses from foreign currency translation in the amount of 38 kEUR (Previous year: 25 kEUR).

The amount of other interest and similar expenses contains expenses resulting from provisions compounding for pension obligations in the amount of 296 kEUR. In the previous year, income resulting from provisions compounding for pension obligations in the amount of 291 kEUR was shown in other interest and similar income.

The transition from net losses to net profit is calculated as follows:

| | | |
|---|---|---|
| | Net loss | **520 kEUR** |
| + | Accumulated profit brought forward | **1,113 kEUR** |
| = | Net profit | **593 kEUR** |

### VI. OTHER DISCLOSURES

**Other financial obligations**

As of 31 March 2023, the other financial obligations amount to 773 kEUR.

**Members of the Company's executive bodies**

During the financial year, the Company's business activities were managed by the following individuals:

Sapthagiri Chapalapalli

Pradeep Gaitonde

Mr. Sapthagiri Chapalapalli is responsible for Sales and Mr. Pradeep Gaitonde is responsible for Accounting and Finance. Mr. Sapthagiri Chapalapalli is employed by Tata Consultancy Services Deutschland and Mr. Pradeep Gaitonde is employed by Tata Consultancy Services Limited, India.

The Company made use of the protection clause pursuant to § 286 (4) German Commercial Code.

**Average number of employees during the financial year**

The total average number of employees amounts to 102 (Previous year: 115). The Company has only salaried employees.

**Parent company**

Tata Consultancy Services Limited, Mumbai, India, prepares the consolidated financial statement for the smallest group of companies and Tata Sons Limited, Mumbai, India, prepares the consolidated financial statements for the largest group of companies, into which Tata Consultancy Services Deutschland GmbH is respectively included.

The consolidated financial statements can be obtained from Bombay House, Mumbai, India.

The consolidated financial statements of Tata Consultancy Services Limited, Mumbai, India, are published under the register number 11-84781 and the consolidated financial statements of Tata Sons Limited, Mumbai, India, are published under the register number 478.

**Appendix 1.4**

## Management report for the business

### I. COMPANY PROFILE

#### 1. Business Model

The Company operates in the information technology market. It provides services in the areas of management consulting and software development. It currently provides services exclusively for Tata Consultancy Services Deutschland GmbH (TCS), which is charged using the cost-plus method.

#### 2. Human Resources

The number of staff employed by the Company decreased from an average of 115 in the financial year 2021/2022 to an average of 102 in the financial year 2022/2023 due to fluctuation. The Company employs all staff in Germany, of which 79 are based in Düsseldorf and 23 in Berlin. All operating costs for these employees, together with all other costs of the Company, are charged in full to TATA Consultancy Services Deutschland GmbH at a mark-up of 7% (cost plus method).

### II. ECONOMIC REPORT

#### 1. General economic conditions and industry environment

In 2023, the German economy was significantly impacted by the weak overall economic development caused by the energy crisis triggered by the Ukraine war. A recovery of the economy due to the waning of the COVID 19 pandemic and easing supply bottlenecks was thus slowed down. According to the German Federal Statistical Office, gross domestic product increased by 1.8% in 2023. In the fourth quarter of 2023, however, GDP contracted by 0.4%. This was caused in particular by restraint in private consumer spending and investment due to high inflation.

Despite difficult economic conditions with the Ukraine war, inflation and disrupted supply chains, the IT industry suffered only minor losses in growth rates in 2023. Based on Bitkom data, the IT market grew by 6.5% in 2023, compared with 9.1% in the previous year. The individual sub-segments recorded the following growth rates in 2023: IT hardware 5.3% (previous year: 11.9%), software 9.2% (previous year: 11.3%), IT services 5.5% (previous year: 5.4%).

#### 2. Business Performance

Sales for the financial year fell by 772 kEUR to 16,755 kEUR compared with the financial year 2021/2022. Due to the cost-plus method, revenues are largely dependent on the costs incurred at TCS Business Services GmbH. Due to the decrease in the number of employees and the associated decrease in personnel costs, lower revenues than expected were generated in the financial year. Because of the fall in personnel costs, the calculation of a fixed overhead rate led to a lower pre-tax profit for the year. This fell from 1,370 kEUR to 424 kEUR. Our key financial performance indicators of sales and pre-tax profit therefore declined in 2022/2023.

The reduction in net income compared with the previous year, resulting in a net loss for the financial year, is mainly due to increased interest expenses in connection with the discounting of pension provisions.

Overall, the forecast for fiscal 2022/2023 was not fully achieved. Management considers business performance in 2022/2023 to be satisfactory.

#### 3. Assets, liabilities, financial situation and financial performance

Financial performance

Sales decreased from 17,527 kEUR to 16,755 kEUR. Due to the cost-plus method used, it is not possible to analyze sales by product and/or region. Rather, the decrease is mainly attributable to lower personnel expenses and material expenses. In addition, the net loss for the year is mainly influenced by increased interest expenses for additions to pension provisions, as the cost-plus method only relates to earnings before interest and taxes (EBIT).

(kEUR)

| | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|
| Earnings after taxes | **(520)** | 330 |

## Management report for the business

The development of the main types of expenses in relation to total output is shown below:

| | 01.04.2022 – 31.03.2023 | 01.04.2021 – 31.03.2022 |
|---|---|---|
| | % | **%** |
| Cost of purchased services | 0 | **2** |
| Personnel expenses | 82 | **82** |
| Other operating expenses | 11 | **9** |

The cost of purchased services mainly relates to services provided by affiliated companies.

Financial position

Compared to March 31, 2022, cash and cash equivalents decreased from 814 kEUR to 447 kEUR, which is mainly attributable to the cash flow from operating activities. This decreased significantly from 10,355 kEUR to 5,932 kEUR due to increased receivables from affiliated companies. The development of cash and cash equivalents is largely dependent on the Group's internal liquidity management. The Company was able to meet its payment obligations at all times in the year under review.

All liabilities and accruals (with the exception of pension accruals) have a short-term maturity. They account for 40.7% of the balance sheet total.

The Company reports positive net working capital of 3,879 kEUR (previous year: 2,404 kEUR). Net working capital comprises inventories, cash and cash equivalents, current receivables and other assets less current provisions and liabilities.

Assets and liabilities

Assets increased from 17,016 kEUR to 13,020 kEUR compared to March 31, 2022, mainly due to the increase in receivables from affiliated companies.

The range of trade receivables (receivables * 360 / sales) has increased from 123 days in the previous year to 222 days in the current fiscal year. Management does not see any impairment risks, as the trade receivables are exclusively due from a solvent sister company.

Compared to March 31, 2022, equity decreased by 520 kEUR to 618 kEUR. The equity ratio amounts to 3.6% (previous year: 8.7%). The deterioration in the equity ratio results from the net loss for the year.

Provisions (15,225 kEUR) mainly comprise provisions for pensions (9,473 kEUR), bonus payments (2,119 kEUR), anniversary payments (953 kEUR), vacation (258 kEUR), outstanding invoices (166 kEUR) and tax provisions (1,827 kEUR).

The increase of 965 kEUR in other liabilities compared with the previous year is mainly due to VAT liabilities. In the previous year, these were settled before the end of the reporting period and thus before they were due.

## III. FORECAST, OPPORTUNITIES AND RISKS

### 1. Forecast

Expected general economic conditions and industry environment

Although the global economy recovered from the effects of the Corona pandemic in 2022, it was held back by high energy prices and increasingly tight monetary policy due to inflationary pressure. In its spring forecast for 2023, the Kiel Institute for the World Economy (IfW) expects the global economy to grow by only 2.5% measured on a purchasing power parity basis, despite a noticeable revival in China. For 2024, the IfW forecasts growth of 3.2%. The IfW also expects inflation to fall in the coming months due to a renewed drop in commodity prices. However, inflation is expected to remain high and is not expected to approach the target levels until the end of 2024.

Appendix 1.4

## Management report for the business

For the euro area, the IfW expects the economy to be driven in particular by stronger private consumption. However, due to the significant tightening of monetary policy, GDP is only expected to grow by 1.1% in 2023. Growth of 1.6% is forecast for 2024.

In its spring forecast, the IfW sees a slight improvement in the German economy. The institute now expects GDP to increase by 0.5% in 2023 and by 1.4% in 2024. This is 0.2% (2023) and 0.1% (2024) more than expected in the winter forecast. The economic consequences of the Ukraine war are named as the main reason for the still restrained growth. High inflation is reducing the disposable income of private households and leading to a decline in private consumer spending. Inflation is estimated at 5.4% for 2023 and 2.0% for 2024.

Despite the current crises, supply chain disruptions and inflation mentioned above, business expectations in the digital industry are predominantly optimistic. According to surveys by Bikom, these were at their highest level in March since the start of the Russian war of aggression on Ukraine. According to calculations by Bitkom and the ifo Institute, the digital index, which reflects business expectations for the coming three months, was 25.1 points in March, 8 points higher than in February and the same as a year ago. The forecasts for the current year are positive for a large proportion of IT and telecommunications companies. More than a third of the companies are planning to increase investment compared with the previous year, while half want to maintain the level of investment. Employment expectations also remain positive.

Outlook for the company

All operating risks are borne by TCS, as the company uses the cost-plus method of accounting based on EBIT. With regard to the number of employees, a further slight decrease in the number of employees is expected. The development of the Company is thus largely dependent on the development of costs as well as on the development of TCS.

Therefore, the forecast of TCS is discussed in the following:

In order to achieve growth above the industry average in fiscal year 2023/24 and in subsequent years, management plans to position its services and solutions with new customers and to develop new business areas with existing customers, in line with the above approach. In Germany, investments were made in the TCS Enterprise Cloud and in digital services. Both areas offer the company meaningful opportunities to develop new services and solutions. The Company plans to continue to target the SME segment in Germany, which has proven successful and will be further expanded.

Based on the current forecasts for the company, we expect our key figures for sales and earnings before taxes to continue at the current level with a corresponding impact on operating profit in 2023/2024.

### 2. Risk report

Industry-specific risks

Here again, reference is made to the risks of TCS. In general, customers' willingness to invest is influenced by the overall economic development in the respective countries or in Europe as a whole, as well as by their confidence in a positive economic development. As the Company generates the majority of its sales in Germany, the development of the German economy is decisive for the Company's growth. Based on current knowledge, the Company considers the risk to be low.

Income-related risks

Based on the cost-plus method, no significant risks are seen here, with the exception of potential interest charges in connection with pension provisions.

Financial risks

Foreign currency risks arise in particular from the conclusion of transactions in US dollars and other foreign currencies. A weakening of the dollar or other foreign currencies against the euro could therefore lead to foreign currency losses. The risk is considered to be low. The interest rate risks arising from pension commitments are to be offset by covering them with securities.

## Management report for the business

Reference is again made here to the financial risks of TCS: At TCS, default and liquidity risks are limited by the selection of customers and close cooperation in payment transactions between sales and administration within the framework of a functioning dunning system. TCS has a solvent and creditworthy customer base. Bad debt losses are the absolute exception. In addition, there is a long-standing cooperation with the majority of customers. In this respect, we consider the financial risk of a liquidity bottleneck, in particular due to possible late payments to us by our sister company TCS, to be low.

Management does not see any risks that could jeopardize the Company's ability to continue as a going concern.

Impact of the war in Ukraine

The company does not have any business exposure to either Ukraine or Russia markets.

**3. Opportunities**

TCS forecasts are again used for the opportunities report:

TCS' ability to generate growth and maintain economic momentum is linked to its ability to consistently meet customers' ever-changing business needs and help them transform by deploying new digital technologies in their businesses. TCS Enterprise Cloud and Digital Services & Solutions continue to offer significant growth opportunities in the market. In addition, new business areas are to be developed, expanded and marketed to both existing and new customers (including German SMEs). Based on current knowledge, TCS assesses the opportunities as medium.

# General Engagement Terms

**[German Public Auditors and Public Audit Firms] as of January 1, 2017**

## 1. Scope of application

(1) These engagement terms apply to contracts between German Public Auditors (*Wirtschaftsprüfer*) or German Public Audit Firms (*Wirtschaftsprüfungsgesellschaften*) – hereinafter collectively referred to as "German Public Auditors" – and their engaging parties for assurance services, tax advisory services, advice on business matters and other engagements except as otherwise agreed in writing or prescribed by a mandatory rule.

(2) Third parties may derive claims from contracts between German Public Auditors and engaging parties only when this is expressly agreed or results from mandatory rules prescribed by law. In relation to such claims, these engagement terms also apply to these third parties.

## 2. Scope and execution of the engagement

(1) Object of the engagement is the agreed service – not a particular economic result. The engagement will be performed in accordance with the German Principles of Proper Professional Conduct (*Grundsätze ordnungsmäßiger Berufsausübung*). The German Public Auditor does not assume any management functions in connection with his services. The German Public Auditor is not responsible for the use or implementation of the results of his services. The German Public Auditor is entitled to make use of competent persons to conduct the engagement.

(2) Except for assurance engagements (*betriebswirtschaftliche Prüfungen*), the consideration of foreign law requires an express written agreement.

(3) If circumstances or the legal situation change subsequent to the release of the final professional statement, the German Public Auditor is not obligated to refer the engaging party to changes or any consequences resulting therefrom.

## 3. The obligations of the engaging party to cooperate

(1) The engaging party shall ensure that all documents and further information necessary for the performance of the engagement are provided to the German Public Auditor on a timely basis, and that he is informed of all events and circumstances that may be of significance to the performance of the engagement. This also applies to those documents and further information, events and circumstances that first become known during the German Public Auditor's work. The engaging party will also designate suitable persons to provide information.

(2) Upon the request of the German Public Auditor, the engaging party shall confirm the completeness of the documents and further information provided as well as the explanations and statements, in a written statement drafted by the German Public Auditor.

## 4. Ensuring independence

(1) The engaging party shall refrain from anything that endangers the independence of the German Public Auditor's staff. This applies throughout the term of the engagement, and in particular to offers of employment or to assume an executive or non-executive role, and to offers to accept engagements on their own behalf.

(2) Were the performance of the engagement to impair the independence of the German Public Auditor, of related firms, firms within his network, or such firms associated with him, to which the independence requirements apply in the same way as to the German Public Auditor in other engagement relationships, the German Public Auditor is entitled to terminate the engagement for good cause.

## 5. Reporting and oral information

To the extent that the German Public Auditor is required to present results in writing as part of the work in executing the engagement, only that written work is authoritative. Drafts are non-binding. Except as otherwise agreed, oral statements and explanations by the German Public Auditor are binding only when they are confirmed in writing. Statements and information of theGerman Public Auditor outside of the engagement are always non-binding.

## 6 Distribution of a German Public Auditor's professional statement

(1) The distribution to a third party of professional statements of the German Public Auditor (results of work or extracts of the results of work whether in draft or in a final version) or information about the German Public Auditor acting for

the engaging party requires the German Public Auditor's written consent, unless the engaging party is obligated to distribute or inform due to law or a regulatory requirement.

(2) The use by the engaging party for promotional purposes of the German Public Auditor's professional statements and of information about the German Public Auditor acting for the engaging party is prohibited.

## 7 Deficiency rectification

(1) In case there are any deficiencies, the engaging party is entitled to specific subsequent performance by the German Public Auditor. The engaging party may reduce the fees or cancel the contract for failure of such subsequent performance, for subsequent non-performance or unjustified refusal to perform subsequently, or for unconscionability or impossibility of subsequent performance. If the engagement was not commissioned by a consumer, the engaging party may only cancel the contract due to a deficiency if the service rendered is not relevant to him due to failure of subsequent performance, to subsequent non-performance, to unconscionability or impossibility of subsequent performance. No. 9 applies to the extent that further claims for damages exist.

(2) The engaging party must assert a claim for the rectification of deficiencies in writing (Textform) [Translators Note: The German term "Textform" means in written form, but without requiring a signature] without delay. Claims pursuant to paragraph 1 not arising from an intentional act expire after one year subsequent to the commencement of the time limit under the statute of limitations.

(3) Apparent deficiencies, such as clerical errors, arithmetical errors and deficiencies associated with technicalities contained in a German Public Auditor's professional statement (long-form reports, expert opinions etc.) may be corrected – also versus third parties – by the German Public Auditor at any time. Misstatements which may call into question the results contained in a German Public Auditor's professional statement entitle the German Public Auditor to withdraw such statement – also versus third parties. In such cases the German Public Auditor should first hear the engaging party, if practicable.

## 8. Confidentiality towards third parties, and data protection

(1) Pursuant to the law (§ [Article] 323 Abs 1 [paragraph 1] HGB [German Commercial Code: Handelsgesetzbuch], § 43 WPO [German Law regulating the Profession of Wirtschaftsprüfer: Wirtschaftsprüferordnung], § 203 StGB [German Criminal Code: Strafgesetzbuch]) the German Public Auditor is obligated to maintain confidentiality regarding facts and circumstances confided to him or of which he becomes aware in the course of his professional work, unless the engaging party releases him from this confidentiality obligation.

(2) When processing personal data, the German Public Auditor will observe national and European legal provisions on data protection.

## 9. Liability

(1) For legally required services by German Public Auditors, in particular audits, the respective legal limitations of liability, in particular the limitation of liability pursuant to § 323 Abs. 2 HGB, apply.

(2) Insofar neither a statutory limitation of liability is applicable, nor an individual contractual limitation of liability exists, the liability of the German Public Auditor for claims for damages of any other kind, except for damages resulting from injury to life, body or health as well as for damages that constitute a duty of replacement by a producer pursuant to § 1 ProdHaftG [German Product Liability Act: Produkthaftungsgesetz], for an individual case of damages caused by negligence is limited to € 4 million pursuant to § 54 a Abs. 1 Nr. 2 WPO.

(3) The German Public Auditor is entitled to invoke demurs and defenses based on the contractual relationship with the engaging party also towards third parties.

(4) When multiple claimants assert a claim for damages arising from an existing contractual relationship with the German Public Auditor due to the German Public Auditor's negligent breach of duty, the maximum amount stipulated in paragraph 2 applies to the respective claims of all claimants collectively.

(5) An individual case of damages within the meaning of paragraph 2 also exists in relation to a uniform damage arising from a number of breaches of duty. The individual case of damages encompasses all consequences from a breach of duty regardless of whether the damages occurred in one year or in a number of successive years. In this case, multiple acts or omissions based on the same source of error or on a source of error of an equivalent nature are deemed to be a single breach of duty if the matters in question are legally or economically connected to one another. In this event theclaim against the German Public Auditor is limited to € 5 million. Thelimitation to the fivefold of the minimum amount insured does not apply to compulsory audits required by law.

(6) A claim for damages expires if a suit is not filed within six months subsequent to the written refusal of acceptance of the indemnity and the engaging party has been informed of this consequence. This does not apply to claims for damages resulting from scienter, a culpable injury to life, body or health as well as for damages that constitute a liability for replacement by a producer pursuant to § 1 ProdHaftG. The right to invoke a plea of the statute of limitations remains unaffected.

## 10. Supplementary provisions for audit engagements

(1) If the engaging party subsequently amends the financial statements or management report audited by a German Public Auditor and accompanied by an auditor's report, he may no longer use this auditor's report. If the German Public Auditor has not issued an auditor's report, a reference to the audit conducted by the German Public Auditor in the management report or any other public reference is permitted only with the German Public Auditor's written consent and with a wording authorized by him.

(2) lf the German Public Auditor revokes the auditor's report, it may no longer be used. lf the engaging party has already made use of the auditor's report, then upon the request of the German Public Auditor he must give notification of the revocation.

(3) The engaging party has a right to five official copies of the report. Additional official copies will be charged separately.

## 11. Supplementary provisions for assistance in tax matters

(1) When advising on an individual tax issue as well as when providing ongoing tax advice, the German Public Auditor is entitled to use as a correct and complete basis the facts provided by the engaging party – especially numerical disclosures; this also applies to bookkeeping engagements. Nevertheless, he is obligated to indicate to the engaging party any errors he has identified.

(2) The tax advisory engagement does not encompass procedures required to observe deadlines, unless the German Public Auditor has explicitly accepted a corresponding engagement. In this case the engaging party must provide the German Public Auditor with all documents required to observe deadlines – in particular tax assessments – on such a timely basis that the German Public Auditor has an appropriate lead time.

(3) Except as agreed otherwise in writing, ongoing tax advice encompasses the following work during the contract period:

a) preparation of annual tax returns for income tax, corporate tax and business tax, as well as wealth tax returns, namely on the basis of the annual financial statements, and on other schedules and evidence documents required for the taxation, to be provided by the engaging party

b) examination of tax assessments in relation to the taxes referred to in (a)

c) negotiations with tax authorities in connection with the returns and assessments mentioned in (a) and (b)

d) support in tax audits and evaluation of the results of tax audits with respect to the taxes referred to in (a)

e) participation in petition or protest and appeal procedures with respect to the taxes mentioned in (a).

In the aforementioned tasks the German Public Auditor takes into account material published legal decisions and administrative interpretations.

(4) If the German Public auditor receives a fixed fee for ongoing tax advice, the work mentioned under paragraph 3 (d) and (e) is to be remunerated separately, except as agreed otherwise in writing.

(5) Insofar the German Public Auditor is also a German Tax Advisor and the German Tax Advice Remuneration Regulation (*Steuerberatungsvergütungsverordnung*) is to be applied to calculate the remuneration, a greater or lesser remuneration than the legal default remuneration can be agreed in writing (*Textform*).

(6) Work relating to special individual issues for income tax, corporate tax, business tax, valuation assessments for property units, wealth tax, as well as all issues in relation to sales tax, payroll tax, other taxes and dues requires a separate engagement. This also applies to:

a) work on non-recurring tax matters, e.g. in the field of estate tax, capital transactions tax, and real estate sales tax;

b) support and representation in proceedings before tax and administrative courts and in criminal tax matters;

c) advisory work and work related to expert opinions in connection with changes in legal form and other re-organizations, capital increases and reductions, insolvency related business reorganizations, admission and retirement of owners, sale of a business, liquidations and the like, and

d) support in complying with disclosure and documentation obligations.

(7) To the extent that the preparation of the annual sales tax return is undertaken as additional work, this includes neither the review of any special accounting prerequisites nor the issue as to whether all potential sales tax allowances have been identified. No guarantee is given for the complete compilation of documents to claim the input tax credit.

## 12. Electronic communication

Communication between the German Public Auditor and the engaging party may be via e-mail. In the event that the engaging party does not wish to communicate via e-mail or sets special security requirements, such as the encryption of e-mails, the engaging party will inform the German Public Auditor in writing (Textform) accordingly.

## 13. Remuneration

(1) In addition to his claims for fees, the German Public Auditor is entitled to claim reimbursement of his expenses; sales tax will be billed additionally. He may claim appropriate advances on remuneration and reimbursement of expenses and may make the delivery of his services dependent upon the complete satisfaction of his claims. Multiple engaging parties are jointly and severally liable.

(2) If the engaging party is not a consumer, then a set-off against the German Public Auditor's claims for remuneration and reimbursement of expenses is admissible only for undisputed claims or claims determined to be legally binding.

## 14. Dispute Settlement

The German Public Auditor is not prepared to participate in dispute settlement procedures before a consumer arbitration board (Verbraucherschlichtungsstelle) within the meaning of § 2 of the German Act on Consumer Dispute Settlements (*Verbraucherstreitbeilegungsgesetz*).

## 15. Applicable law

The contract, the performance of the services and all claims resulting therefrom are exclusively governed by German law.

## REPORT ON THE AUDIT OF THE ANNUAL FINANCIAL STATEMENTS AND THE MANAGMENT REPORT

**For the financial year ended December 31, 2022**

The English language text below is a translation provided for information purposes only. The original German text shall prevail in the event of any discrepancies between the English translation and the German original.

# FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

| **CONTENT** | **Page** |
|---|---|

# INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors**
**TCS Technology Solutions AG**

**Report on the Financial Statements**

We have reviewed the accompanying Condensed Financial Statements of TCS Technology Solutions AG (The Company), which comprise condensed balance sheet as on 31st December 2022, the condensed statement of profit & loss and condensed statement of cash flows flow for the year ended on 31st December 2022, and the statement of accounting policies and related notes to the condensed financial statements.

## Management's Responsibility for separate Financial Statements

The Company's management is responsible for the preparation and fair presentation of these condensed financial statements in accordance with the India Accounting Standards (referred to as "IND AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (India Accounting Standards) Rules as amended from time to time; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of condensed financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express a conclusion on the accompanying condensed financial statements. Based on our review, we express moderate assurance as to whether the said Financial Statements of The Company if free from any material misstatement. A review is limited primarily to the enquiries with concerned employees of the company and analytical procedures applied to financial data thus provided less assurance than audit. We have not performed an audit and accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these financial statements do not give a true and fair view of (or present fairly, in all material respects) the financial position of the company as at 31st December, 2022, and of its financial performance and the cash flows for the year ended on 31st December, 2022, in accordance with the Accounting Standards referred to in the Companies Act, 2013 and other accounting principles generally accepted in India .

## Other Matters

Previous figures for the year ended for December 2021 have been taken as per Financial Statements considered by the management for the consolidation of Audited Ind AS consolidated Financial Statements of parent Company; TATA Consultancy Services Ltd.; for the year ended December 2021.
Restriction on Distribution and Use

These financial statements have been prepared for the limited purpose of consolidated financial statements, to comply with the Section 129(3) of the Companies Act, 2013, of Tata Consultancy Services Limited for the year ended 31st December 2022 in accordance with India Accounting Standards (IND AS). Our report is intended solely for the information and the use of Board of Directors of the company and Tata Consultancy Services Limited for the preparation of consolidated financial statements as aforesaid and for the use at their annual general meetings for the information of their members. It is not intended to be and should not be used by anyone other than specified parties.

## Notes forming part of the Financial Statement

## 1. CORPORATE INFORMATION

TCS Technology Solutions AG is an IT service provider that provides project management, application management and infrastructure support services.

The Company is incorporated in Germany with registered office at Bundeskanzlerplatz 4, 53113 Bonn, Germany. Tata Consultancy Services Netherlands B.V, the holding company acquired 100% of the company's equity share capital on 1st January 2021.

## 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time. This special purpose financial statements have been prepared for Tata Consultancy Services Limited (Ultimate Holding Company) under the requirement of Section 129(3) of the Companies Act, 2013('the Act').

## 3. BASIS OF PREPARATION

These special purpose financial statements have been presented in EURO which is the functional currency of the Company. These special purpose financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in division II of Schedule III to the Company's Act, 2013. Based on the nature of services rendered to customer and time elapsed between deployment of resources and realisation in cash and cash equivalents of the consideration for such a services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under Indirect method.

## 4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements is in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

**a) Revenue recognition**

- The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

## Notes forming part of the Financial Statement

- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b) Useful lives of property, plant and equipment**

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c) Impairment of investments in subsidiaries**

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

**d) Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**e) Provisions of Income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period

**f) Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**g) Employee benefits**

The accounting of employee benefit plan is in the nature of defined contribution and have been explained under employee benefits note.

**h) Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

## 5. RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022, as below:

**Ind AS 103 – Reference to Conceptual Framework**

The amendments specifiy that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

**Ind AS 16 – Proceeds before intended use**

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

**Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract**

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

**Ind AS 109 – Annual Improvements to Ind AS (2021)**

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

**Ind As 106- Annual Improvements to Ind AS (2021)**

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Group does not expect the amendment to have any significant impact in its financial statements.

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

## Notes forming part of the Financial Statement

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

**Investment in subsidiaries**

Investment in subsidiaries are measured at cost less impairment loss, if any.

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

# TCS URUGUAY S.A.

## FINANCIAL STATEMENTS

**For the year ended**
**December 31st, 2022**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

# INDEPENDENT AUDITORS' REPORT

**TO THE SHAREHOLDERS AND BOARD OF DIRECTORS OF**
**TCS URUGUAY S.A.**

## Opinion

We have audited the financial statements of TCS Uruguay S.A. (the "Company"), which comprise the statement of financial position as of December 31st, 2022, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of TCS Uruguay S.A. as of December 31st, 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

## Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Uruguay, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether TCS Uruguay S.A.'s financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

**SEE ACCOMPANYING NOTES TO FINANCIAL STATEMENTS.**

# Notes to the financial statements December 31, 2022

## 1. GENERAL INFORMATION

TCS Uruguay S.A. (the Company) is a private company whose headquarter is located on Monte Caseros 2600, in Montevideo, Uruguay.

The Company is part of a wider economic group, represented by TCS Iberoamerica S.A., therefore, the results of its operations could be affected to operate without this support.

The Company's main activities are the development of software, provision of IT services and process outsourcing services aimed at both local and foreign markets.

The financial statements have been approved by the Entity´s Board of Directors for their issuance on Mach 16th, 2023 and will be submitted to the Shareholders meeting for approval.

## 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with International Financial Reporting Standards (hereinafter "IFRS") adopted by the International Accounting Standards Board (IASB), translated into Spanish, and interpretations prepared by the Interpretations Committee of the International Financial Reporting Standards or the previous Interpretations Committee, in accordance with the Appropriate Accounting Standards in Uruguay pursuant to Decrees 291/014, 292/014 and 124/011.

## 3. BASIS OF PREPARATION

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Uruguayan peso. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

## 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

### a. Revenue Recognition

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b. Useful lives of property, plant and equipment and intangibles**

The Company reviews the useful life of property, plant and equipment and intangibles at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**e. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**f. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

## 5. NATURE AND PURPOSE OF RESERVES

**Legal reserve**

The Legal reserve has reached the maximum amount established by Article 93 of Law 16.060.

**Retained earnings**

On November 12, 2021 it was determined to distribute dividends in advanced for a total of $ 330.727.500 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

On July 15, 2021 it was determined to distribute dividends in advanced for a total of $ 219.325.000 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

## Notes to the financial statements December 31, 2022

### 6. REGISTRATION OF FINANCIAL STATEMENTS

According to Decree 156/16 dated May 30, 2016, commercial companies will not be able to distribute dividends as long as they do not comply with the obligation to register, within the established terms, the financial statements to the Auditoría Interna de la Nación (AIN), institution that regulates the commercial companies.

To date, the Company has complied with this obligation for the year ended on December 31, 2021. For the year ended on December 31, 2022 the company has time to comply until June 30, 2023.

### 7. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1] |
| Amendments to IFRS 16 | Lease Liability in a sale and Leaseback[2] |
| Amendments to IAS 1 | Non-current Liabilities with Covenants[2] |

[1]Effective for annual periods beginning on or after January 1, 2023.

[2]Effective for annual periods beginning on or after January 1, 2024.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

**IFRS 16- Lease Liability in a Sale and Leaseback**

In September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 1 – Non-current Liabilities with Covenants**

In October 2022, IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The Company does not expect the amendments to have any significant impact on its classification of non-current liabilities in its statement of financial position.

The company has applied IFRIC 23 effective for annual periods beginning on or after January 1, 2019 as below:

**IFRIC 23 Interpretation Uncertainty over Income Tax Treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

**Application of IFRIC 23**

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

## 8. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company´s obligations are discharged, cancelled or have expired.

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

## Notes to the financial statements December 31, 2022

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a. Cash and cash equivalents**

Cash and cash equivalents consist of the following:

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Cash in hand | **30.603** | 24.379 |
| Current account balances with banks | **116.172.642** | 123.878.056 |
| **Total** | **116.203.245** | 123.902.435 |

**b. Investments**

Investments consist of the following:

(Uruguayan Pesos)

| **Investments carried at cost** | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Fully paid equity shares | | |
| i. TCS Argentina S.A. | **3.128** | 3.128 |
| ii. TCS Inversions Chile Ltda. | **29** | 29 |
| iii. MGDC S.C. | **353.841.756** | 73.116 |
| iv. TCS Guatemala S.A. | **444.671** | 444.671 |
| **Total Investments - Non current** | **354.289.584** | 520.944 |

## c. Trade receivables-Billed

Trade receivables- Billed consist of the following:

(Uruguayan Pesos)

| Trade receivables – Billed - Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables - Billed | **639.697.639** | 476.704.945 |
| Less: Provision for volume discount | **(30.791.426)** | (13.999.363) |
| **Total** | **608.906.213** | 462.705.582 |

Trade receivables- Billed include balances with related parties amounting to UYU 622.418.996 and UYU 465.361.951 for the period ended on December 31,2022 and December 31, 2021 respectively. (Refer note 17)

## d. Other financial assets

Other financial assets consist of the following:

(Uruguayan Pesos)

| Other financial assets – Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Employee advances (*) | **14.807.859** | 12.739.319 |
| Loan to related parties | **22.945.616** | 26.817.000 |
| Deposits for premises | **4.823.815** | - |
| Accrued Interest | **2.189.138** | 200.222 |
| Others | **40.071** | 44.695 |
| **Total** | **44.806.499** | 39.801.236 |

(*) Include recoverable advances to foreign employees deputed in Uruguay.

(Uruguayan Pesos)

| Other financial assets – Non-current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Deposits for premises | **-** | 3.842.645 |
| Loan to related parties | **55.526.705** | 16.760.625 |
| **Total** | **55.526.705** | 20.603.270 |

## e. Trade Payables

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables | **17.621.525** | 18.502.462 |
| Accrued expenses | **14.841.602** | 10.072.949 |
| **Total** | **32.463.127** | 28.575.411 |

## Notes to the financial statements December 31, 2022

### f. Other financial liabilities

Other financial liabilities consist of the following:

(Uruguayan Pesos)

| Other financial liabilities – Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Accrued payroll | **24.223.981** | 17.601.428 |
| Capital Creditors | **7.342.763** | 4.270 |
| Security Deposits | **1.331.000** | 1.094.500 |
| **Total** | **32.996.559** | 18.700.198 |

### g. Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2022 is as follows:

(Uruguayan Pesos)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **116.203.245** | **116.203.245** |
| Trade receivables | | |
| Billed | **608.906.213** | **608.906.213** |
| Unbilled | **103.739.602** | **103.739.602** |
| Other financial assets | **100.333.204** | **100.333.204** |
| **Total** | **929.182.264** | **929.182.264** |
| **Financial liabilities** | | |
| Trade payables | **32.463.127** | **32.463.127** |
| Borrowings | **80.142.000** | **80.142.000** |
| Lease liability | **17.331.155** | **17.331.155** |
| Other financial liabilities | **32.996.559** | **32.996.559** |
| **Total** | **162.932.841** | **162.932.841** |

The carrying value of financial instruments by categories as at December 31, 2021 is as follows:

(Uruguayan Pesos)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 123.902.435 | 123.902.435 |
| Trade receivables | | |
| Billed | 462.705.582 | 462.705.582 |
| Unbilled | 54.260.580 | 54.260.580 |
| Other financial assets | 60.404.506 | 60.404.506 |
| **Total** | 701.273.103 | 701.273.103 |
| **Financial liabilities** | | |
| Trade payables | 28.575.411 | 28.575.411 |
| Lease Liabilities | 53.669.781 | 53.669.781 |
| Other financial liabilities | 18.700.198 | 18.700.198 |
| **Total** | 100.945.390 | 100.945.390 |

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at December 31, 2022 and December 31, 2021 approximate the fair value. Difference between carrying amounts and fair values of other financial assets and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented. Fair value measurement of lease liabilities is not required.

**h. Fair value hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**i. Financial risk management**

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company´s exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10 percentage against the respective functional currency of the Company.

The following analysis has been worked out based on the net exposures for Company as at the date of statement of financial position which could affect the statement of profit or loss and other comprehensive income and equity.

The following table sets forth information relating to unhedged foreign currency exposure as at December 31, 2022 and 2021:

(Uruguayan Pesos)

| **December 2022** | **USD** | **GBP** | **EUR** | **AUD** | **CAD** | **BRL** | **DKK** | **CHF** | **MXN** |
|---|---|---|---|---|---|---|---|---|---|
| Net financial assets | **833.297.634** | **5.281.963** | **93.233.906** | **315.623** | **22.168.255** | **590.485** | **141** | **18.930.477** | **8.491.890** |
| Net financial liabilitites | **101.293.569** | **151.757** | **(366)** | **(3.841)** | **343.566** | **(0)** | **0** | **-** | **-** |

(Uruguayan Pesos)

| December 2021 | USD | GBP | EUR | AUD | CAD | BRL | DKK |
|---|---|---|---|---|---|---|---|
| Net financial assets | 643.627.933 | 10.662.199 | 7.417.791 | 340.799 | 8.528.840 | 2.929.488 | (4.718) |
| Net financial liabilitites | 29.419.371 | 263.881 | 297.604 | (4.563) | 9.821 | - | - |

10 percentage appreciation / depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's profit before taxes by approximately UYU 88.052.569 for the period ended December 31, 2022 and UYU 64.351.622 for the period ended December 31, 2021 respectively.

- **Interest rate risk**

The Company is not exposed to interest rate risk.

## Notes to the financial statements December 31, 2022

***Credit risk***

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents, and other financial assets. Cash and cash equivalents include an amount of held with a bank UYU 116.172.642 having high quality credit rating which are individually in excess of 10 percentage or more of the Company's total cash and cash equivalents as at 31st December, 2022 (UYU 123.878.056 as at 31st December, 2021). None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was UYU 1.017.831.653 and UYU 731.769.773 as at December 31, 2022 and December 31, 2021 respectively, being the total of the carrying amount of balances with banks, trade receivables, contract assets and other financial assets.

Company's exposure to customers is diversified, and single customer which contributes individually to more than 10 percentage of outstanding trade receivable and contract assets as at December 31, 2022 and December 31, 2021, respectively are as follows:

| | As at December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | Total trade receivables and contract assets | Percentage | Total trade receivables and contract assets | Percentage |
| Customer A | **629.411.173** | **79** | 527.447.170 | 92 |

**Geographic concentration of credit risk**

Geographic concentration of trade receivables (gross and net of allowances) and contract assets is as follows:

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| | **Net %** | Net % |
| Americas | **83** | 91 |
| Europe | **15** | 4 |
| Others | **2** | 5 |
| | **100** | 100 |

Geographical concentration of trade receivables and contract assets is allocated based on the location of the customers.

***Liquidity risk***

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Uruguayan Pesos)

| December 31, 2022 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | **32.463.127** | **-** | **-** | **-** | **32.463.127** |
| Lease liability (*) | **17.647.245** | **-** | **-** | **-** | **17.647.245** |
| Other financial liabilities | **32.996.559** | **-** | **-** | **-** | **32.996.559** |
| **Total** | **83.106.931** | **-** | **-** | **-** | **83.106.931** |

(Uruguayan Pesos)

| December 31, 2021 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | 28.575.411 | - | - | - | 28.575.411 |
| Lease liabilities (*) | 40.034.305 | 15.395.625 | - | - | 55.429.930 |
| Other financial liabilities | 18.700.199 | - | - | - | 18.700.199 |
| **Total** | 87.309.915 | 15.395.625 | - | - | 102.705.540 |

(*) Amounts are presented at nominal value and not book value.

**j. Equity instruments**

The authorised, issued, subscribed and fully paid up share capital consists of the following:

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Authorised** | | |
| Outstanding balance of equity shares of uruguayan pesos 1 each (540.000 shares) | **540.000** | 540.000 |
| **Total** | **540.000** | 540.000 |
| **Issued, Subscribed and Fully paid up** | | |
| Outstanding balance of equity shares of uruguayan pesos 1 each (540.000 shares) | **540.000** | 540.000 |
| **Total** | **540.000** | 540.000 |

**Details of shares held by shareholders in the Company Equity Shares.**

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |

| **TCS Iberoa merica S.A. (Holding Company)** | **540.000** | 540.000 |
| **% Holding in class** | **100%** | 100% |

Fully paid equity shares, which have a par value of 540.000 Uruguayan pesos (UYU 1 each) carry one vote per share and have a right to dividend. In the event of liquidation of the Company, the holders of shares are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding

## Notes to the financial statements December 31, 2022

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

## 9. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(Uruguayan Pesos)

| | Additions for year ended December 31, 2022 | Net carrying amount as on December 31, 2022 |
|---|---|---|
| Buildings | **1.483.466** | **11.327.243** |
| **Total** | **1.483.466** | **11.327.243** |

(Uruguayan Pesos)

| | Addition for the year ended December 31, 2021 | Net carrying amount as on December 31, 2021 |
|---|---|---|
| Buildings | - | 37.078.727 |
| **Total** | - | 37.078.727 |

Depreciation on right-of-use asset is as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Buildings | **27.234.951** | 19.430.833 |
| **Total** | **27.234.951** | 19.430.833 |

Interest on lease liabilities are UYU 1.573.838 and UYU 2.165.604 for the period ended on December 31, 2022 and December 31, 2021 respectively.

The Company incurred UYU Nil and UYU Nil for the period ended December 31, 2022 and December 31, 2021 towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow are UYU 41.730.509 and UYU 30.035.778 for the period ended December 31, 2022 and December 31, 2021 respectively for long term and short term leases.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

## 10. NON-FINANCIAL ASSETS AND LIABILITIES

### a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| Type of asset | Useful lives |
|---|---|
| Leasehold improvements | Lease term |
| Computer equipment | 4 years |
| Furniture, fixtures, office equipment and other assets | 4-10 years |

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

## Notes to the financial statements December 31, 2022

Property, plant and equipment consist of the following:

(Uruguayan Pesos)

| | Leasehold improvements | Computer equipments | Furniture & fixtures | Office equipments | Electrical Installations | Automobiles | Total |

| **Total** | | | | | | | 115.393.157 |

**b. Other intangible assets**

Intangible assets purchased including acquired in business combination, are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences.

Following table summarises the nature of intangibles and their estimated useful lives:

| Type of asset | Useful lives |
|---|---|
| Rights under licensing agreement and software licences | Lower of licence period and 2-5 years |

Intangible assets are amortised on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Intangible assets consist of the following:

**Intangible assets**

(Uruguayan Pesos)

| | Software Licences |
|---|---|
| **Gross block as of December 31, 2021** | **342.102** |
| Purchases | **-** |

| Other current liabilities - Others | **-** | - |
| **Total** | **86.799.367** | 67.293.299 |

## 11. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method .
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

## Notes to the financial statements December 31, 2022

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals, and geography.

Revenue disaggregation by nature of services is as follows:

(Uruguayan Pesos)

| | For the year ended December 31, 2022 | For the nine months period ended December 31, 2021 |
|---|---|---|
| Consultancy services | **3.269.277.594** | 2.026.171.414 |
| **Total** | **3.269.277.594** | 2.026.171.414 |

Revenue disaggregation by industry vertical is as follows:

**Industry Vertical**

(Uruguayan Pesos)

| | For the year ended December 31, 2022 | For the nine months period ended December 31, 2021 |
|---|---|---|
| Banking, financial and insurance | **367.062.425** | 232.515.612 |
| Manufacturing | **386.541.722** | 242.054.064 |
| Retail and consumer products | **190.877.145** | 81.845.558 |
| Communication, media and technology | **1.688.190.858** | 1.068.905.781 |
| Life Sciences & Healthcare | **422.001.648** | 285.081.231 |
| Others | **214.603.796** | 115.769.168 |
| **Total** | **3.269.277.594** | 2.026.171.414 |

Revenue disaggregation by geography is as follows:

**Geography**

(Uruguayan Pesos)

| | For the nine months period ended December 31, 2022 | For the nine months period ended December 31, 2021 |
|---|---|---|
| Americas | **2.901.748.047** | 1.888.850.077 |
| Others | **367.529.548** | 137.321.337 |
| **Total** | **3.269.277.595** | 2.026.171.414 |

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is 2.334.449.594 Uruguayan Pesos out of which 50.82 percentage is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Balance at the beginning of the year | **30.496.670** | 22.652.944 |
| Increase due to revenue recognized during the year, excluding amounts billed during the year | **86.493.557** | 25.703.013 |
| Invoice raised that was included in the contract asset balance at the beginning of th period | **(25.791.767)** | (17.884.813) |
| Translation exchange difference | **(2.549.071)** | 25.526 |
| **Total** | **88.649.389** | 30.496.670 |

Changes in unearned and deferred revenue (contract liabilities) are as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Balance at the beginning of the year | **37.835.143** | 16.580.886 |
| Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year. | **(34.329.391)** | (16.187.830) |
| Increase due to invoicing during the year, excluding amounts recognised as revenue during the year. | **54.647.248** | 36.714.393 |
| Translation exchange difference | **(2.895.920)** | 727.694 |
| **Total** | **55.257.080** | 37.835.143 |

## Notes to the financial statements December 31, 2022

### 12. OPERATING EXPENSES RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

The costs of the Company are broadly categorized into employee benefits expenses, depreciation and amortization and other operating expenses. Employee benefits expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, and other expenses.

(Uruguayan Pesos)

| **Other operating expenses** | **Year ended December 31, 2022** | **Nine months period ended December 31, 2021** |
|---|---|---|
| Communication | **13.466.166** | 10.280.922 |
| Facility Running Expenses | **48.880.849** | 32.928.855 |
| Fees to External consultants | **6.723.722** | 4.172.911 |
| Other Expenses | **43.689.572** | 54.105.320 |
| Travel Expenses | **50.364.480** | 23.947.341 |
| | **163.124.789** | 125.435.349 |

(Uruguayan Pesos)

| **Expenses by function** | **Year ended December 31, 2022** | **Nine months period ended December 31, 2021** |
|---|---|---|
| Cost of revenue | **2.219.043.984** | 1.209.660.184 |
| Selling, general and administrative expenses | **466.499.201** | 293.592.212 |

| Others | **1.538** | 91.344 |
| **Total** | **(70.365.380)** | 3.038.661 |

## 14. INCOME TAXES

### Income Tax

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that is related to a business combination, or items recognized directly in equity or in other comprehensive income.

### Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if certain criteria are met.

### Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets is recognized for unused tax losses and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets is reviewed at each reporting date and is reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset only if certain criteria are met.

## Notes to the financial statements December 31, 2022

The income tax expense consists of the following:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| **Current income tax expense** | | |
| Domestic | **1.343.730** | 36.415.125 |
| Overseas | **9.655.475** | 2.071.692 |
| | **10.999.205** | 38.486.817 |
| **Deferred income tax expense / (benefit)** | | |
| Domestic | **5.262.390** | (2.792.893) |
| | **5.262.390** | (2.792.893) |
| **Total income tax expense** | **16.261.595** | 35.693.924 |

The reconciliation of income tax expense and book net income is as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| **Income before income taxes** | **510.451.527** | 525.208.619 |
| Federal income tax rate | **25%** | 25% |
| Expected income tax expense | **127.612.882** | 131.302.155 |
| **Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:** | | |
| Income exempt from tax | **(621.698.433)** | (358.947.049) |
| Tax pertaining to prior years: | | |
| Current Tax | **(4.493.019)** | (62.111) |
| Fixed Assets of SEZ/STP | **(7.843.619)** | (4.016.433) |
| Disallowable expenses: | | |
| Income exempt related disallowed expenses | **533.238.935** | 267.573.563 |
| Other Permanent differences: | | |
| Other adjustments | **(10.555.151)** | (156.201) |
| **Total income tax expense** | **16.261.595** | 35.693.924 |

Significant components of net deferred tax assets and liabilities for the period ended December 31, 2022 are as follows:

(Uruguayan Pesos)

| | Nine months period ended December 31, 2021 | Recognized / reversed through profit or loss | Year ended December 31, 2022 |
|---|---|---|---|
| **Originated by:** | | | |
| Property, plant and equipment | **1.513.528** | **(1.794.120)** | **(280.592)** |
| Lease liabilities | **1.244.793** | **(918.252)** | **326.541** |
| Provisions | **2.784.637** | **(2.550.018)** | **234.619** |
| | **5.542.958** | **(5.262.390)** | **280.568** |

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2021 are as follows:

(Uruguayan Pesos)

| | Year ended March 31, 2021 | Recognized / reversed through profit or loss | Nine months period ended December 31, 2021 |
|---|---|---|---|
| **Originated by:** | | | |
| Property, plant and equipment | 1.814.297 | (300.769) | 1.513.528 |
| Lease liabilities | 676.047 | 568.746 | 1.244.793 |
| Provisions | 259.722 | 2.524.915 | 2.784.637 |
| | 2.750.066 | 2.792.892 | 5.542.958 |

### Investment tax credit

On June 25, 2014 the Ministry of Economy and Finance determined to give a tax benefit to TCS Uruguay S.A. under regulatory Decree 455/07 of Law 16.906 of Promotion and protection of investments. This benefit grants an exemption of 20.277.929 IU from IRAE (Corporate income tax) for 40.71 percentage of the eligible investment to be used in a 6-year term and an exemption from IP (Net worth tax) on movable fixed assets for the whole of their useful lives and on civil works for a term of 8 years.

### Direct Tax Contingencies

There are no contingency in relation to Direct tax matters.

## 15. EMPLOYEE BENEFITS

### Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position.

## Notes to the financial statements December 31, 2022

Employee cost consist of the following:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Salaries, incentives and allowances | **2.153.660.589** | 1.167.411.209 |
| Contributions to Provident and Other Funds | **233.681.952** | 126.748.120 |
| Staff Welfare | **40.252.522** | 19.042.380 |
| | **2.427.595.063** | 1.313.201.709 |

Employee benefit obligations consist of the following:

**Employee benefit obligations – Current**

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Benefits to employees | **226.865.078** | 168.539.389 |
| Other employee benefit obligations | **1.150.486** | 1.103.163 |
| **Total** | **228.015.564** | 169.642.552 |

## 16. COMMITMENTS AND CONTINGENCIES

**Capital commitments**

The Company has contractually committed (net of advances) UYU 3.852.731 and UYU 11.239.448 as at December 31, 2022 and December 31, 2021 respectively, for purchase of property, plant and equipment.

**Contingencies**

- **Direct tax matters**

Refer note 14.

- **Indirect tax matters**

There are no contingency in relation to Indirect tax matters.

- **Other claims**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

**CONTENT** **PAGE**

# INDEPENDENT AUDITOR’S REPORT

**TO THE SHAREHOLDERS AND BOARD OF DIRECTORS OF TCS SOLUTION CENTER S.A.**

## Opinion

We have audited the financial statements of TCS Solution Center S.A. (the “Company”), which comprise the statement of financial position as of December 31st, 2022, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of TCS Solution Center S.A. as of December 31st, 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

## Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants’ Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Uruguay, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company’s financial reporting process.

## Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether TCS Solution Center S.A.’s financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

Montevideo, Uruguay
March 16th, 2023

## Notes forming part of the Financial Statements

### 1. GENERAL INFORMATION

TCS Solution Center S.A. (the "Company") is a private company and user of the tax free zone according to Law 15.921, located in República Oriental del Uruguay (R.O.U.). Its offices and headquarters are situated in Zonamerica, on Ruta 8 Km. 17.500, Montevideo.

The Company has a branch office offshore, TCS Solution Center (Colombia Branch) in Bogotá D.C., incorporated on August 15, 2006 in accordance with Colombian law.

These financial statements have been consolidated with such branch.

The Company's main activities are the development of software, and provision of IT services within the Tax free zone and offshore.

The financial statements have been approved by the Entity´s Board of Directors for their issuance on March 16th , 2023 and will be submitted to the Shareholders meeting for approval.

### 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with International Financial Reporting Standards (hereinafter "IFRS") adopted by the International Accounting Standards Board (IASB), translated into Spanish, and interpretations prepared by the Interpretations Committee of the International Financial Reporting Standards or the previous Interpretations Committee, in accordance with the Appropriate Accounting Standards in Uruguay pursuant to Decrees 291/014, 292/014 and 124/011.

### 3. BASIS OF PREPARATION

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the company are segregated. The company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Uruguayan peso. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

### 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

**a. Revenue Recognition**

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b. Useful lives of property, plant and equipment and intangibles**

The Company reviews the useful life of property, plant and equipment and intangibles at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**e. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**f. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

## 5. NATURE AND PURPOSE OF RESERVES

**Legal reserve**

The legal reserve is a reserve fund created in compliance with article 93 of Law 16.060 for commercial companies, which establishes that no less than 5 Percentage of the net profit for the year should be used to increase the mentioned reserve, until it reaches 20 Percentage of the paid-in capital.

## Notes forming part of the Financial Statements

**Retained earnings**

On November 30, 2022 it was determined to distribute dividends in advanced for a total of $ 187.112.000 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

On May 12, 2022 it was determined to distribute dividends in advanced for a total of $ 321.498.100 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

On March 23, 2022 it was determined to distribute dividends in advanced for a total of $ 211.610.000 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

On November 12, 2021 it was determined to distribute dividends in advanced for a total of $ 220.485.000 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

On July 15, 2021 it was determined to distribute dividends in advanced for a total of $ 252.223.750 Uruguayan Pesos in accordance to article 100 of Law 16.060, which have been cancelled at year end.

**Other equity**

The balance of the account corresponds to the difference of exchange rate in the Colombia branch with functional currency Colombian Pesos, within an equity account as set forth in IAS 21.

### 6. REGISTRATION OF FINANCIAL STATEMENTS

According to Decree 156/16 dated May 30, 2016, commercial companies will not be able to distribute dividends as long as they do not comply with the obligation to register, within the established terms, the financial statements to the Auditoría Interna de la Nación (AIN), institution that regulates the commercial companies.

To date, the Company has complied with this obligation for the year ended on December 31, 2021. For the year ended on December 31, 2022 the Company has time to comply until June 30, 2023.

### 7. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1] |
| Amendments to IFRS 16 | Lease Liability in a sale and Leaseback[2] |
| Amendments to IAS 1 | Non-current Liabilities with Covenants[2] |

[1]Effective for annual periods beginning on or after January 1, 2023.

[2]Effective for annual periods beginning on or after January 1, 2024.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

**IFRS 16- Lease Liability in a Sale and Leaseback**

In September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 1 – Non-current Liabilities with Covenants**

In October 2022, IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The Company does not expect the amendments to have any significant impact on its classification of non-current liabilities in its statement of financial position.

**IFRIC 23 Interpretation Uncertainty over Income Tax Treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

**Application of IFRIC 23**

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

## 8. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company´s obligations are discharged, cancelled or have expired.

## Notes forming part of the Financial Statements

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a. Cash and cash equivalents**

Cash and cash equivalents consist of the following:

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Cash in hand | **67.927** | 73.055 |

| **Total** | **24.042.600** | 2.231.896 |

## Notes forming part of the Financial Statements

### e. Trade Payables

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables | **55.953.116** | 68.665.168 |
| Accrued expenses | **25.774.697** | 27.580.716 |
| **Total** | **81.727.813** | 96.245.884 |

### f. Other financial liabilities

Other financial liabilities consist of the following:

(Uruguayan Pesos)

| **Other financial liabilities – Current** | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Accrued payroll | **100.285.968** | 109.952.038 |
| Capital Creditors | **1.641.166** | 35.652.560 |
| Security deposits | **682.000** | 599.500 |
| **Total** | **102.609.134** | 146.204.098 |

### g. Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2022 is as follows:

(Uruguayan Pesos)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **585.122.375** | **585.122.375** |
| Trade receivables | | |
| Billed | **831.667.137** | **831.667.137** |
| Unbilled | **143.775.647** | **143.775.647** |
| Other financial assets | **48.671.905** | **48.671.905** |
| **Total** | **1.609.237.064** | **1.609.237.064** |
| **Financial liabilities** | | |
| Trade payables | **81.727.813** | **81.727.813** |
| Lease liability | **157.237.678** | **157.237.678** |
| Other financial liabilities | **102.609.134** | **102.609.134** |
| **Total** | **341.574.625** | **341.574.625** |

The carrying value of financial instruments by categories as at December 31, 2021 is as follows:

(Uruguayan Pesos)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 933.225.209 | 933.225.209 |
| Trade receivables | | |
| Billed | 930.469.197 | 930.469.197 |
| Unbilled | 197.635.647 | 197.635.647 |
| Other financial assets | 21.006.595 | 21.006.595 |
| **Total** | 2.082.336.648 | 2.082.336.648 |
| **Financial liabilities** | | |
| Trade payables | 96.245.884 | 96.245.884 |
| Lease Liabilities | 281.237.493 | 281.237.493 |
| Other financial liabilities | 146.204.098 | 146.204.098 |
| **Total** | 413.735.437 | 413.735.437 |

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at December 31, 2022 and December 31, 2021 approximate the fair value. Difference between carrying amounts and fair values of other financial assets and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented. Fair value measurement of lease liabilities is not required.

**h. Fair value hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**i. Financial risk management**

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company´s exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

Back to content

## Notes forming part of the Financial Statements

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10 percentage against the respective functional currency of the Company.

The following analysis has been worked out based on the net exposures for Company as at the date of statement of financial position which could affect the statement of profit or loss and other comprehensive income and equity.

The following table sets forth information relating to unhedged foreign currency exposure as at December 31, 2022 and December 31,2021:

(Uruguayan Pesos)

| **December 31, 2022** | **USD** | **GBP** | **CAD** | **COP** | **MXN** | **ARS** |
|---|---|---|---|---|---|---|
| Net financial assets | **596.968.556** | **(377.422)** | **1.092.022** | **944.985.391** | **4.403.560** | **556.180** |
| Net financial liabilitites | **54.135.757** | **-** | **(32)** | **1 74.199.691** | **186.518** | **-** |
| **December 31, 2022** | **AUD** | **EUR** | **DKK** | **BRL** | **UDF** | **CLP** |
| Net financial assets | **606.840** | **39.162.557** | **7.218.380** | **458.388** | **158.204** | **666.566** |
| Net financial liabilitites | **-** | **(127)** | **(3.033)** | **-** | **-** | **-** |

(Uruguayan Pesos)

| December 31, 2021 | **USD** | **GBP** | **CAD** | **COP** | **MXN** | **ARS** |
|---|---|---|---|---|---|---|
| Net financial assets | 848.669.980 | (466.154) | - | 1.196.468.131 | 4.966.545 | 1.052.221 |
| Net financial liabilitites | 100.541.968 | (0) | 109.887 | 296.874.144 | 212.001 | - |
| December 31, 2021 | **AUD** | **EUR** | **DKK** | **BRL** | **UDF** | **CLP** |
| Net financial assets | - | 10.335.604 | 8.192.416 | - | 312.164 | 467.807 |
| Net financial liabilitites | - | (5.890) | (3.574) | - | - | - |

10 percentage appreciation / depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's profit before taxes by approximately UYU 136.738.045 for the period ended December 31, 2022 and UYU 167.227.018 for the year ended December 31, 2021 respectively.

- **Interest rate risk**

The Company is not exposed to interest rate risk.

***Credit risk***

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents and other financial assets. Cash and cash equivalents include an amount of 101.561.610 Uruguayan Pesos held with a bank in Uruguay and 388.423.186 Uruguayan Pesos held with banks in Colombia having high quality credit rating which are individually in excess of 10 percentage or more of the Company's total cash and cash equivalents as at December 31, 2022 (an amount of 383.937.150 Uruguayan Pesos held with a bank in Uruguay and 507.047.816 Uruguayan Pesos held with banks in Colombia as at December 31, 2021). None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was UYU 1.620.730.054 and UYU 2.147.441.689 as at December 31, 2022 and December 31, 2021, respectively, being the total of the carrying amount of balances with banks, trade receivables, contract assets and other financial assets.

Company's exposure to customers is diversified, and single customer which contributes individually to more than 10 percentage of outstanding trade receivable and contract assets as at December 31, 2022 and December 31, 2021, respectively are as follows:

(Uruguayan Pesos)

| | As at December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | Total trade receivables and contract assets | Percentage | Total trade receivables and contract assets | Percentage |
| Customer B | **434.700.422** | **44%** | 352.176.509 | 30% |
| Customer A | **206.312.275** | **21%** | 274.949.778 | 23% |
| Customer C | **80.630.276** | **8%** | 176.423.445 | 15% |

**Geographic concentration of credit risk**

Geographic concentration of trade receivables (net of allowances) and contract assets is as follows:

| | As at December31, 2022 | As at December 31, 2021 |
|---|---|---|
| | **Net %** | Net % |
| America | **91%** | 96% |
| Europe | **5%** | 2% |
| Others | **4%** | 2% |

Geographical concentration of trade receivables and contract assets is allocated based on the location of the customers.

The allowance for lifetime expected credit loss on trade receivables for the period ended December 31, 2022 and December 31, 2021 was UYU 35.466.345 and UYU 70.284.111, respectively. The reconciliation of allowance for doubtful trade receivables is as follows:

(Uruguayan Pesos)

| | Year ended December 31,2022 | Nine months period end December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the Year** | **70.284.111** | 37.147.109 |
| Changes during the year | **-** | 35.918.522 |
| Bad Debts written off | **(19.179.005)** | - |
| Provision written back | **(181.449)** | - |
| Translation Exchnage difference | **(15.457.312)** | (2.781.520) |
| **Balance at the End of the Year** | **35.466.345** | 70.284.111 |

***Liquidity risk***

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

## Notes forming part of the Financial Statements

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Uruguayan Pesos)

| December 31, 2022 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |

(*) Amounts are presented at nominal value and not book value.

### i. Equity instruments

The authorised, issued, subscribed and fully paid up share capital consists of the following:

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Authorised** | | |
| Equity shares of uruguayan pesos 1 each ( 359.244.073shares) | **359.244.073** | 359.244.073 |
| **Total** | **359.244.073** | 359.244.073 |
| **Issued, Subscribed and Fully paid up** | | |
| Outstanding balance of Equity shares of uruguayan pesos 1 each (359.244.073 shares) | **359.244.073** | 359.244.073 |
| **Total** | **359.244.073** | 359.244.073 |

**Details of shares held by shareholders in the Company Equity Shares**

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| TCS Iberoa merica S.A. (Holding Company) | **359.244.073** | 359.244.073 |
| **% Holding in class** | **100%** | 100% |

Fully paid equity shares, which have a par value of 359.244.073 Uruguayan pesos (UYU 1 each) carry one vote per share and have a right to dividend. In the event of liquidation of the Company, the holders of shares are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding.

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

## 9. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(Uruguayan Pesos)

| | Additions for the year ended December 31, 2022 | Net carrying amount as at December 31, 2022 |
|---|---|---|
| ROU Leasehold Building | **139.821.046** | **122.234.219** |
| ROU Leasehold office equipment | **769.202** | **381.001** |
| ROU Leasehold improvements | **-** | **34.509.036** |
| **Total** | **140.590.248** | **157.124.256** |

## Notes forming part of the Financial Statements

(Uruguayan Pesos)

| | Additions for nine months period ended December 31, 2021 | Net carrying amount as at December 31, 2021 |
|---|---|---|
| ROU Leasehold Building | 31.644.096 | 216.331.167 |
| ROU Leasehold improvements | - | 53.914.075 |
| **Total** | 31.644.096 | 270.245.242 |

Depreciation on right-of-use asset is as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| ROU Leasehold Building | **69.173.475** | 69.916.347 |
| ROU Computer equipment | **-** | 14.947.828 |
| ROU Leasehold office equipment | **322.726** | - |
| ROU Leasehold improvements | **7.243.507** | 8.675.540 |
| **Total** | **76.739.708** | 93.539.715 |

Interest on lease liabilities is UYU 19.015.114 for the period ended on December 31, 2022 (UYU 16.062.997 for the year ended on December 31, 2021).

The Company incurred UYU 12.418.234 for the period ended December 31, 2022 (UYU 12.296.963 for the year ended December 31, 2021) towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow is UYU 115.075.940 for the period ended December 31, 2022 for long term and short term leases (UYU 101.533.569 for the year ended December 31, 2021).

The Company has applied the practical expedient available under IFRS 16 with respect to COVID -19 rent concessions and accordingly credited the lease concessions of UYU 539.334 received during the period to the profit or loss for the period.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

### 10. NON-FINANCIAL ASSETS AND LIABILITIES

#### a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| Type of asset | Useful lives |
|---|---|
| Leasehold improvements | Lease term |
| Computer equipment | 4 years |
| Furniture, fixtures, office equipment and other assets | 4-10 years |

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Property, plant and equipment consist of the following:

(Uruguayan Pesos)

| | Leasehold improvements | Computer equipments | Furniture & fixtures | Office equipments | Electrical Installations | Total |
|---|---|---|---|---|---|---|
| **Gross block as of December 31, 2021** | **121.863.713** | **1.462.888.221** | **15.486.829** | **22.438.536** | **23.694.845** | **1.646.372.144** |

**b. Other intangible assets**

Intangible assets purchased including acquired in business combination, are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences.

Following table summarises the nature of intangibles and their estimated useful lives:

| Type of asset | Useful lives |
|---|---|
| Rights under licensing agreement and software licences | Lower of licence period and 2-5 years |

Intangible assets are amortised on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Intangible assets consist of the following:

| **Total** | **124.120.800** | 153.592.567 |

## 11. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company´s contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

## Notes forming part of the Financial Statements

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals, and geography.

Revenue disaggregation by nature of services is as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Consultancy services | **4.668.677.855** | 3.680.953.362 |
| Sale of equipment and software licences | **34.740.503** | 41.666.233 |
| **Total** | **4.703.418.358** | 3.722.619.595 |

Revenue disaggregation by industry vertical is as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Banking, Financial and Insurance | **2.833.596.161** | 2.324.874.608 |
| Manufacturing | **31.531.956** | 38.185.431 |
| Retail and Consumer Products | **592.892.240** | 454.057.344 |
| Communication, Media and Technology | **395.150.416** | 370.987.775 |
| Others | **850.247.585** | 534.514.437 |
| **Total** | **4.703.418.358** | 3.722.619.595 |

Revenue disaggregation by geography is as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Americas | **4.328.820.387** | 3.497.560.081 |
| Others | **374.597.971** | 225.059.514 |
| **Total** | **4.703.418.358** | 3.722.619.595 |

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is 1.613.724.184 Uruguayan Pesos out of which 63,63 percentage is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Balance at the beginning of the year | **65.105.041** | 13.841.246 |
| Increase due to revenue recognized during the year, excluding amounts billed during the year | **10.929.736** | 62.652.940 |
| Invoice raised that was included in the contract asset balance at the beginning of the period | **(50.056.482)** | (10.882.800) |
| Translation exchange difference | **(14.485.305)** | (506.345) |
| **Balance at the end of the year** | **11.492.990** | 65.105.041 |

Changes in unearned and deferred revenue (contract liabilities) are as follows:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Balance at the beginning of the year | **125.537.055** | 49.625.344 |
| Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year | **(23.468.552)** | (28.518.901) |
| Increase due to invoicing during the year, excluding amounts recognised as revenue during the year | **(48.459.708)** | 106.592.463 |
| Translation exchange difference | **(25.949.959)** | (2.161.851) |
| **Balance at the end of the year** | **27.658.836** | 125.537.055 |

## 12. OPERATING EXPENSES RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

The costs of the Company are broadly categorized into employee benefits expenses, depreciation and amortisation and other Operating Expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel costs, cost of equipment and software licenses, communication expenses and other expenses.

## Notes forming part of the Financial Statements

(Uruguayan Pesos)

| Other operating expenses | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|

| Others | **10.644.590** | 6.305.644 |
| **Total** | **(29.906.124)** | 16.773.759 |

## 14. INCOME TAXES

**Income Tax**

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

TCS Solution Center S.A. is exempted of income tax for being user of the Tax free zone in accordance with law 15.921.

TCS Colombia branch is tax by a current Income tax at a 35 percentage.

**Current tax**

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

**Deferred tax**

The Company accounts for the deferred income taxes using the balance sheet approach. Deferred income taxes are provided for the temporary differences between the tax base of assets and liabilities and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

## Notes forming part of the Financial Statements

The income tax expense consists of the following:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| **Current income tax expense** | | |
| Domestic | **10.345.479** | 1.626.744 |
| Overseas | **155.109.903** | 169.543.762 |
| | **165.455.382** | 171.170.506 |
| **Deferred income tax expense / (benefit)** | | |
| Overseas | **28.785.495** | (24.628.557) |

| | **98.162.056** | **(28.785.495)** | **(19.834.533)** | **49.542.028** |

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2021 are as follows:

(Uruguayan Pesos)

| | Year ended March 31, 2021 | Recognised / reversed through profit or loss | Unrealized translation adjustment | Nine months period ended December 31, 2021 |
|---|---|---|---|---|
| Originated by: | | | | |
| Property, plant and equipment | 56.227.483 | 1.768.223 | (4.325.654) | 53.670.052 |
| Lease liabilities | 3.158.969 | (893.282) | (201.956) | 2.063.731 |
| Other | 21.265.733 | 23.753.616 | (2.591.076) | 42.428.273 |
| | 80.652.185 | 24.628.557 | (7.118.686) | 98.162.056 |

**Direct Tax Contingencies**

The Company has contingent liability of UYU NIL and UYU 96.375.257 as at December 31, 2022 and December 31, 2021, respectively, in respect of tax demands which are being contested by the Company based on the management evaluation and advice of tax consultants. The Company has evaluated and concluded that this tax demand by authorities will not succeed on ultimate resolution.

## 15. EMPLOYEE BENEFITS

**Defined contribution plans**

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company provides retirement benefits such as pension (other than Company managed fund) and foreign defined contribution plans to its employees which are treated as defined contribution plans.

**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**Compensated absences**

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position.

Employee cost consist of the following:

(Uruguayan Pesos)

| | Year ended December 31, 2022 | Nine months period ended December 31, 2021 |
|---|---|---|
| Salaries, incentives and allowances | **2.758.442.339** | 1.993.679.633 |
| Contributions to Provident and Other Funds | **299.535.094** | 243.358.428 |
| Staff Welfare | **71.091.615** | 28.928.667 |
| | **3.129.069.048** | 2.265.966.728 |

## Notes forming part of the Financial Statements

Employee benefit obligations consist of the following:

**Employee benefit obligations – Current**

(Uruguayan Pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Benefits to employees | **135.070.893** | 141.020.475 |
| Other employee benefit obligations | **1.574.731** | 3.074.554 |
| **Total** | **136.645.624** | 144.095.029 |

## 16. COMMITMENTS AND CONTINGENCIES

**Capital commitments**

The Company has contractually committed (net of advances) UYU 3.495.643 and UYU 10.638.613 as at December 31, 2022 and December 31, 2021, respectively, for purchase of property, plant and equipment.

**Contingencies**

- **Direct tax matters**

Refer to note No.14.

- **Indirect tax matters**

There are no contingency in relation to Indirect tax matters.

- **Other claims**

Claims aggregating UYU 5.344 and UYU 16.536.896 as at December 31, 2022 and December 31, 2021, respectively, against the Company have not been acknowledged as debts.

## 17. RELATED PARTY TRANSACTIONS AND BALANCES

Company's principal related parties consist of its ultimate holding company Tata Consultancy Services Limited and its subsidiaries, affiliates and key managerial personnel. The company's related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

## 18. SUBSEQUENT EVENTS

On December 22, 2022, the Company Board approved the termination of operations in Free Trade Zone which entitled the company to avail tax exemption in accordance with law 15.921, and the process to enable the exit was initiated. The cancellation of the contract between TCS Solution Center S.A. and Free Trade Zone developer Zonamerica S.A. was authorized by the authorities (Dirección Nacional de Zonas Francas) with effective date January 10, 2023. From this date, the operations of the Company are taxed as per general tax regime of Uruguay.

# LETTER TO SHAREHOLDERS

**FOR THE REGULAR FISCAL PERIOD FROM JANUARY 01, 2022 TO DECEMBER 31, 2022**
**(INFORMATION NOT COVERED BY THE INDEPENDENT AUDITORS' REPORT)**

**To the Shareholders of**
**TATA Consultancy Services Argentina S.A.**

In compliance with legal provisions in force and the bylaws, the Board of Directors is pleased to submit for your consideration the following documentation for the regular fiscal period of 12 months ended December 31, 2022: the letter to shareholders, balance sheet, statements of profit or loss, changes in shareholders' equity and cash flows, notes 1 to 10 and exhibits I to IV, the independent auditors' report and supervisory auditor's report.

## 1. MAIN CONTENTS OF BUSINESS POLICIES AND OBJECTIVES

### a. Company's business, background and structure

The Company's main business is to sell and provide IT design services.

### b. Financial position and business development

During the past period, the company has changed its financial year end from 31st, March to 31st, December and accordingly, the financial statements for the past period have been prepared for nine months commencing from 1st April 2021 to 31st, December 2021. Current year figures represent amounts for 12 month period, from 1st January 2022 to 31st Decemeber 2022, hence are not strictly comparable with past year figures.

The amounts included in the Statement of changes in shareholders' equity are stated in constant currency as of December 31, 2022.

### c. Decision taking and internal control

As it relates to decision taking, the Company is ruled by decisions adopted at meetings of directors and shareholders.

However, various systems have been implemented in relation to strategic planning, administrative procedures, IT and communication, personnel assessment and management and quality control, contributing to a proper internal control, to ensure that objectives are achieved efficiently and effectively, based on reliable financial information and in compliance with laws and regulations in force.

## 5. INCOME/LOSS FOR THE YEAR

During this regular fiscal period, the Company recorded a profit in the amount of $53,378,317.

## 6. DIRECTORS' AND SUPERVISORY AUDITORS' COMPENSATION

The members of the Board of Directors and the Supervisory Auditors have communicated, as in prior years, their decision not to receive any compensation for their performance during the year under analysis, in each of their related positions, with the exception of Alberto Arana, who has been assigned fees for his services to the Company during the year.

## 7. COMPANY'S PROSPECTS AND OBJECTIVES FOR NEXT FISCAL YEAR

Prospects for this year are encouraging, considering the substantial improvement in the results of each project.

Finally, we wish to express our gratitude to our customers, suppliers, advisors and financial entities that have supported us and, particularly, to all our staff for the commitment and cooperation shown.

# Notes forming part of the Financial Statements

## 1 - DESCRIPTION OF THE BUSINESS AND FINANCIAL POSITION

### 1.1 Description of the business

TATA Consultancy Services Argentina S.A. (hereinafter either "TATA Consultancy Services Argentina S.A." or "the Company") was duly organized under the laws of the Republic of Argentina, and its formation is documented by deed dated November 19. 2001.

The Company is mainly engaged in rendering IT and communications services.

Its registered office is located at Uspallata 3046, City of Buenos Aires. within the Technological District of the City of Buenos Aires.

### 1.2 Financial situation of the Company

During the last years the Company has incurred in recurring losses, having needed capital contributions to avoid its dissolution due to loss of share capital.

As of December 31, 2022, the Company presents a positive net equity of $122,208,780 and the principal shareholder has the intention and capacity to continue providing financial support to the Company if necessary.

## 2 - ACCOUNTING STANDARDS

The financial statements have been prepared in accordance with the professional accounting standards in force set forth by the Technical Resolutions issued by the Argentine Federation of Professional Councils of Economic Sciences (FACPCE) and approved by the Professional Council of Economic Sciences of the City of Buenos Aires (CPCECABA), and considering the provisions of the Companies Law and the regulations of the Supervisory Board of Companies (I.G.J.). The most significant accounting standards applied by the Company have been as follows:

### 2.1 Reporting currency

These financial statements have been prepared in constant currency (Argentine pesos purchasing power at the end of the current reporting period) in accordance with I.G.J. General Resolution 10/2018, effective December 28, 2018, and Resolution 107/2018 issued by the Steering Committee (CD) of the CPCECABA, as amended, which provided for the need to restate the financial statements for fiscal years ended on or after July 1, 2018 in constant currency, in line with Resolution 539/2018 issued on September 29, 2018 by the Governing Board (JG) of the FACPCE. Moreover, JG FACPCE Resolution No. 539

a. identified the existence of an inflationary context as from July 1, 2018, as the accumulated inflation rate estimated by the Internal Wholesale Price Index (IPIM) in the most recent three years had exceeded 100%; a necessary condition to restate the financial statement amounts in accordance with the guidelines set by RT 39 of the FACPCE "Professional accounting standards: amendments to RT Nos. 6 and 17. Restatement in constant currency". and

b. approved the general and particular standards to be considered in terms of restatement of financial statements in constant currency in accordance with the adjustment methods set forth by RT 6 "Financial statements in constant currency". including certain optional simplification.

Upon applying RT 6, the monetary restatement of accounting information (non-monetary assets and liabilities. equity items. and revenues and expenses) must be retroactive as if the economy had always been hyperinflationary. using indexation rates derived from a series of indexes resulting from the combination of the Consumer Price Index (IPC) at a general level, published by the National Institute of Statistics and Censuses (INDEC). with base month December 2016 = 100, with the IPIM at a general level. published by the INDEC for prior periods.

In addition, prior fiscal year figures presented for comparative purposes shall be restated for inflation. which does not imply changes in the decisions taken based on the financial information for such fiscal year.

### 2.2 Criteria for recognition, measurement and presentation of assets, liabilities, shareholders' equity, revenue and cash flows

These financial statements have been prepared in accordance with the presentation criteria set forth by the Technical Resolutions of the FACPCE.

For comparative purposes only. certain reclassifications were made to prior-year information in order to disclose the figures on a consistent basis. The modification of the comparative information does not imply changes in the decisions taken based thereon.

Using the simplification introduced by Resolution 11/2019 issued by the Steering Committee of the CPCECABA. the Company opted not to present the reconciliation required up to that date by accounting standards in force between the income tax charged to P&L and that resulting from applying the prevailing tax rate to the income or loss for accounting purposes.

## 2.3 Valuation criteria

The Company has consistently adopted the following recognition and measurement criteria in the preparation of the financial statements:

### *2.3.1 Revenue recognition*

Revenues from the provision of services are recognized as services are provided.

Income derived from the provision of services relating to a project is recognized in the statement of profit or loss in proportion to the percentage of completion of the transaction at year-end. The percentage of completion is valued in accordance with the progress achieved.

Sales of equipment are recognized in the income statement when the significant risks and benefits of ownership of the goods are transferred to the buyer.

Revenue is shown net of discounts.

### *2.3.2 Short-term investments and investment in subsidiary.*

Time deposits: at nominal value plus interest accrued at period-end.

### *2.3.3 Foreign currency (Exhibit III)*

Transactions agreed in foreign currency are converted to Argentine pesos at the exchange rate prevailing to the date of the transaction.

The assets and liabilities stated in foreign currency are converted into Argentine pesos by applying the exchange rates prevailing at year-end.

Exchange gains/losses are recognized in Financial gains/losses (including RECPAM) of the Statement of profit or loss.

### *2.3.4 Fixed assets*

They have been valued at acquisition cost restated under Note 2.1, net of the related accumulated depreciation. The acquisition cost includes all the necessary expenses required to bring the assets to a working condition for their intended use.

Depreciation is calculated by applying the straight line method at annual rates sufficient to extinguish assets value by the end of their estimated useful lives.

The net book value of fixed assets, taken as a homogenous group, does not exceed their estimated recoverable value based on information available at the date of issuance of these financial statements.

### *2.3.5 Allowances*

**Deducted from assets:**

- For bad debts: it has been set up to reduce the valuation of accounts receivable to their probable recoverable value, based on the analysis of doubtful accounts.

**Included in liabilities:**

- For contingencies: it has been set up for contingent situations that might result in liabilities for the Company. The related amounts and likelihood of occurrence have been estimated considering expectations of Company's Management and the opinion of legal advisors.

### *2.3.6 Income tax*

The income tax is recognized by applying the deferred tax method. Based on such method, besides the provision for the tax payable for the year,

the future tax effect of the tax loss carryforwards, if any, and of the deductible temporary differences derived from the valuation of assets and liabilities for accounting purposes in constant currency and for tax purposes are recognized as deferred tax assets, to the extent of the recoverability thereof through future taxed earnings, and the future tax effects of the temporary differences between the valuation for accounting purposes in constant currency and for tax purposes of assets and liabilities are recognized as deferred tax liabilities.

## Notes forming part of the Financial Statements

Deferred tax assets and liabilities are stated at nominal value (not discounted). derived from applying to the recognized temporary differences the income tax rate effective at the date when reversal is expected. and presented in their net amount as non-current assets or liabilities, as applicable.

The annual variation in net deferred tax assets or liabilities is recorded as an income tax expense or benefit. as applicable.

Dated December 29th, 2017, the National Executive Power put in force by Decree N° 1112/2017 Law N° 27,430 that established different modifications to the tax system. including among others, the Income Tax. Value Added Tax and Internal Taxes.

Among the most important modifications introduced by the Law are the following: (i) the progressive reduction of the tax rate for Income Tax for certain companies , including the Limited Liabilities companies and Corporations from 35% to 30% for the fiscal years started on January 1st, 2018 and, from 30% to 25% for fiscal years started January 1st, 2020. (ii) the allocations of dividends and similar profits received by people and undivided successions as profits taxable in Income Tax with a rate of 7% and 13% for fiscal years started on January 1st, 2018 and January 1st, 2020 respectively. (iii) the possibility that the people, undivided successions and subjects included in article 49 of Income Tax Law, text ordered in 1997 and its modifications, residents in the country, revalue, for tax purposes, certain goods located or economically used in the country and that are affected to the generation of taxable profits in Income Tax.

Likewise, the mentioned Law 27,430 modified Art 95 of Income Tax Law by adding that the procedure for the inflation tax adjustment would be applicable in the fiscal year in which the percentage of variation of the prices index of the second paragraph of Art 89, accrued in the 36 months previous to the closing of the fiscal year, is over 100% with a transition regime for the determination of the accrued indexes since January 1st, 2018.

Law 27,430 was then amended by the current Law 27,468 that replaced the IPC (Consumers Price Index) for the IPIM (Wholesale Domestic Prices Index) and modified the transition regime, which will be in force for the first, second and third fiscal year started on January 1st, 2018, when the variation of the index calculated from the beginning as of the closing of each of those fiscal years is over 55%, 30% and 15 % respectively.

In addition, on December 23, 2019, Executive Order No. 58/2019 partially passed Law No. 27541 on social solidarity, which law modifies the application of inflation adjustment referred to in Chapter VI. Income Tax Act (restated text in accordance with Executive-Order 824/2019), for the first and second fiscal periods commencing as from January 1, 2019, to be computed when the requirements set forth in the last two paragraphs of Section 106, of the aforementioned Act are met; this amendments state that one sixth of the adjustment shall be applied to said fiscal period while the remaining five sixths shall be equally applied to the five following fiscal periods; this goes without prejudice to any outstanding third from previous periods, as stated in Section 194 of the aforementioned Act. Moreover, such Act established the suspension of section 86 provisions. subsections d) and e) of Law No. 27430 until the fiscal periods commencing on January 1, 2021 inclusive. establishing that for such suspension period the tax rate provided in subsections a) and b) of section 73 of the Income Tax Act, restated text in 2019, shall be of 30%.

On June 16, 2021, the Argentine Executive Branch passed and publish Law No. 27630, which abolished the generalized reduction of tax rates previously explained and introduced a new scale tax rates system, which shall be valid for the fiscal period commenced as from January 1, 2021, as follows:

| Accumulated taxable net profit | | $ to be paid | Plus percentage | Over $ surplus |
|---|---|---|---|---|
| From $ | To $ | | | |
| **$ 0** | **$ 5.000.000** | **$ 0** | **25** | **$ 0** |
| **$ 5.000.001** | **$ 50.000.000** | **$ 1.250.000** | **30** | **$ 5.000.000** |
| **$ 50.000.001** | **Sin tope** | **$ 14.750.000** | **35** | **$ 50.000.000** |

The estimated amounts in this scale will be annually adjusted as from January 1, 2022, considering the annual variation of CPI (consumer price index) provided by INDEC (Argentine Statistics Bureau) for October of the year previous to the adjustment regarding the same month on the previous year. Amount determined that way shall be applied for the fiscal period starting after each update.

Moreover, as ordered by Law No. 27630, the rate applicable to dividends over generated income in fiscal periods commenced as from January 1, 2018 was unified in the 7%.

### *2.3.7 Use of estimates*

The preparation of these financial statements requires that estimates and assessments be made about the assets and liabilities recorded, the contingent assets and liabilities disclosed to the date of issuance of these financial statements as well as income and expenses recorded during the year.

The Company's management makes estimates to calculate, among others, depreciation of fixed assets, the recoverable value of non-current assets, the income tax benefit and the allowances for contingencies and bad debts. The actual value of future results may differ from the estimates and assessments made to the date of preparation of these financial statements.

### *2.3.8 Profit and loss accounts*

Original values have been restated in year-end currency, except for:

**a) Depreciation**

Depreciation and amortization expenses were calculated by applying the depreciation and amortization rates to restated amounts determined as indicated in Note 2.3.4.

**b) Financial gains/(losses) (including gain or loss on net monetary position - RECPAM).**

It is determined based on the difference between the income/loss for the year and the subtotal of the Statement of income accounts restated in constant currency. It includes:

- the gain or loss on net monetary position. and
- financial gains.

### *2.3.9 Lease agreements in force*

The Company classifies its lease agreements into "financial" or "operating" leases in accordance with the provisions of Technical Resolution 18 of FACPCE, and pursuant to the economic substance thereof.

As of December 31, 2022, the Company does not have any financial lease in force. Operating leases costs are accrued over the term of the agreement.

### *2.3.10 Customer advance*

Accounts receivable are stated according to their likelihood of recovery. When there is an intention and possibility of an early negotiation, they are stated at net realization value.

Receivables with related parties that do not accrue any interest are stated at nominal value.

Each time financial statements are prepared, the recoverability of accounts receivable is analyzed by estimating future collections and considering the existence of guarantees with a high likelihood of foreclosure An allowance for bad debts is recognized in the amount deemed non-recoverable; the changes in the allowance are recorded in Financial and holding gains/losses (including gain or loss on net monetary position - RECPAM) of the Statement of profit or loss.

### *2.3.11 Accounts receivables*

Receivables are valued considering their probable destination. When there is the intention and feasibility of negotiating them in advance, they are valued at their net realizable value.

### *2.3.12 Accounts payable*

Payables are stated according to their likelihood of recovery. When there is an intention and possibility of an early settlement, they are stated at settlement value.

The remaining payables are stated at their original value plus interest calculated by applying the effective rate determined upon initial recognition, less payments made.

Payables with related parties that do not accrue any interest are stated at nominal value. Payables in foreign currency are stated in Argentine Pesos at the exchange rate prevailing at year-end.

Loans with related parties that do not accrue interest are valued at their nominal value.

Each time financial statements are prepared, the recoverability of the recorded loan balances is analyzed by estimating future collections and taking into account the existence of guarantees whose probability of execution is high. A provision for bad debts is recognized for the amount that it considers not recoverable; the variation in the forecast is recognized in the line Financial and holding results (including the result from exposure to changes in the purchasing power of the RECPAM currency) of the Income Statement.

## Notes forming part of the Financial Statements

***2.3.13 Statement of cash flows***

The Company presents the statement of cash flows by applying the indirect method. Cash includes cash and banks and cash equivalents. Cash equivalents include short-term and highly liquid investments that can be easily converted into cash known beforehand, and are subject to insignificant exchange rate risks.

All the accounts of this statement are stated in constant currency at the end of the reporting period.

The monetary gain/loss provided by cash and cash equivalents is presented in the statement of cash flows segregated from the cash flows provided by operating, investing and financing activities, as a specific item of the reconciliation between cash and cash equivalents at the beginning and end of the fiscal year.

Balances included in Cash and cash equivalents are as follows:

(Amount in ARS)

| | As at December 31, 2022 | As at December 31,2021 |
|---|---|---|
| Cash and banks | **161.657.644** | 186.140.816 |
| Short-term investments | **350.000.000** | 319.460.819 |
| **Total** | **511.657.644** | 505.601.635 |

***2.3.14 Shareholders' equity***

Shareholders' equity balance adjusted at beginning of year have been adjusted at year-end by applying the indexation rates described in Note 2.1.

The capital was restated in constant currency. as indicated in Note 2.1. The difference between the restated amount and the nominal value is disclosed as "Capital adjustment".

Retained earnings have been restated at year-end, under Note 2.1.

Income for the year was determined based on the difference between the algebraic sum of the equity at the beginning plus the quantitative movements of the equity and the equity at the closing, measured in constant currency as of December 31, 2022.

## 3 - BREAKDOWN OF THE MAIN BALANCE SHEET ACCOUNTS

### 3.1 Cash and bank

| **Total payables** | **780.360.437** | 927.325.252 |

Payables do not accrue any interest nor do they have adjustment clauses as of December 31, 2022 and 2021.

## Notes forming part of the Financial Statements

### 8 - INCOME TAX AND DEFERRED TAX

Deferred tax assets and liabilities are broken down as follows:

(Amount in ARS)

| Deferred tax liabilities | | As at December 31, 2022 | As at December 31, 2022 |
|---|---|---|---|
| Fixed assets | | **5.002.171** | 2.878.469 |
| Inflation adjustment for tax purposes | | **2.924.180** | 2.761.307 |
| **Total deferred tax liabilities** | (Note 3.6.2) | **7.926.351** | 5.639.776 |

For reporting purposes. the breakdown of main deferred tax asset items is as follows:

(Amount in ARS)

| Deferred tax assets | As at December 31, 2022 | As at December 31, 2022 |
|---|---|---|
| Tax loss carryforwards | **50.496.623** | 127.506.967 |
| **Total deferred tax assets** | **50.496.623** | 127.506.967 |

Due to the uncertainty regarding the generation of taxable profits in the future before its statute of limitations, the Company has not recognized the deferred tax asset as of December 31 2022.

The detail of historical accumulated tax loss carryforwards in the amount of $168.322.076 and the expiration of the limitation period thereof are as follows:

(Amount in ARS)

| Expiration | Tax loss carryfoward | Rate % | Computable total |
|---|---|---|---|
| 2024 | 82.904.016 | 30% | 24.871.205 |
| 2025 | 58.973.700 | 30% | 17.692.110 |
| 2026 | 26.444.360 | 30% | 7.933.308 |
| | 168.322.076 | | 50.496.623 |

The income tax benefit is as follows:

(Amount in ARS)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Due to variation in deferred tax | **(2.286.576)** | (652.185) |
| Due to expiration of IGMP credit | **-** | (565.017) |
| **Total income tax** | **(2.286.576)** | (1.217.202) |

### 9 - RECENT EVOLUTION OF THE FINANCIAL-ECONOMIC CONTEXT IN WHICH THE COMPANY OPERATES

The Company operates in a complex context due to the macroeconomic conditions, whose main variables have had a strong volatility, such as regulatory, social and political, both at the national and international level.

The operations results may be affected by the fluctuations in the inflation index and the exchange rate regarding the Argentine Peso against other currency, the variations in the interest rates, which have an impact in the capital cost, the changes in government policies, capital control and other political or economical events at national and international level. Additionally, the Argentine Government faces the challenge of achieving a successful debt negotiation with the International Monetary Fund, which could significantly impact on the economy in the mid and long term.

In this context, on December 20, 2019, the Argentine Congress passed Law No. 27 541 denominated "Social Solidarity and Productive Reactivation Law" within the Public Emergency framework, declaring the public emergency in the economic, financial, fiscal, administrative, provisional, rate, energetic, health and social areas, delegating to the Argentine Executive Branch broad powers to ensure the sustainability of public debt, regulating the rates of the energy system through a renegotiation of the integral rate revision in force and reorganizing the regulatory agencies of the energy sectors, among others. Moreover, the electricity and natural gas rates shall be kept for a maximum term of 180 days on households, commerce and industries.

Such law modified the personal property tax, increasing its aliquot, and enabled the Argentine Executive Power to set higher aliquots for financial assets located abroad. Moreover, a 30% new tax on foreign currency was created. Such tax reaches the purchase of foreign bills and currency for saving or without a specific purpose. As part of the measures package aimed at reducing the fiscal deficit, such law suspended the pension adjustment system for 180 days, among others.

Additionally, on April 30, 2020, the Argentine Central Bank ("BCRA") issued Communication "A" 7001 (amended by Communication "A" 7030, Communication "A" 7042 and Communication "A" 7052 and its supplementary and amendments, hereinafter "Communication "A" 7001", which establishes certain limitations on the transference of securities to and from Argentina.

As per Communication "A" 7001, access to the Argentine exchange market for the purchase or transference in foreign currency abroad (for any purpose) shall be subjected to the previous consent from the Central Bank if the individual or entity seeking access to the Argentine exchange market has sold securities with foreign currency settlement or has transferred such values to deposit entities abroad during 90 calendar days immediately before.

Moreover, such communication established the following: (i) that the individual or entity shall commit not to sell or transfer during 90 calendar days after such access; (ii) temporary restrictions to access the Sole and Free Exchange Market ("MULC") to make certain imports payments and for the payment of loan principal when the creditor is a related entity.

Then, on September 16, 2020, Communication "A" 7106 issued by BCRA came into effect. It was then supplemented by Communication "A" 7133. As per point 7 of Communication "A" 7106, debtors registering principal due dates scheduled between October 15, 2020 and March 31, 2021 (the "Relevant Period") for financial indebtedness operations abroad and issuance of debt securities with public registry in the country denominated in foreign currency shall submit before BCRA a refinancing plan based on certain conditions so that BCRA can grant access to the exchange market for the payment of such amortizations. among others. The relevant period was extended to June 30, 2022 by Communication "A" 7416.

The company has no due dates within the "relevant period". The Company's Board of Directors shall analyze the evolution of the matters described. as well as the possible modifications that may be implemented by the Argentine Government. and it shall evaluate the impacts they may have on the equity, financial. income and cash flow in the future.

The Company operates in a complex economic environment, where its main variables are highly volatile, both nationally and internationally. Some of the main economic indicators in Argentina are:

In November 2022, the monthly estimator of economic activity (EMAE) varied 2.6% compared to the same month in 2021.

Accumulated inflation between January 1, 2022 and December 31, 2022 reached 95% (CPI).

The peso depreciated 72% against the US dollar, according to the exchange rate of National Bank of Argentina.

In recent years, the monetary authority imposed further foreign exchange restrictions in order to limit the demand for dollars. which now requires the prior authorization to the Central Bank of the Republic of Argentina for certain transactions, the following being applicable to the Company: – Payment of debts between residents in foreign currency– Payment for imports of goods coming from abroad.

In addition, the exchange regime already determined how the entry and settlement in national currency of the funds obtained as a result of the following operations and concepts: – Exports of goods and services – Collections of pre-financing. advances and post-financing of exports of goods

These exchange restrictions, or those issued in the future, could affect the Company's ability to access the Single and Free Exchange Market to acquire the necessary currencies to meet its financial obligations. Assets and liabilities in foreign currency as of December 31, 2022 have been measured considering the current prices in the Single and Free Exchange Market. Management permanently monitor the evolution of the variables that affect the business, to define its course of action and identify the possible impacts on its patrimonial and financial situation. The Company's financial statements must be read in the light of these circumstances.

In addition, among the most important indicators in economic terms, it is possible to highlight the following:

- Retail inflation for 2022 amounted to 94.79%.
- The Argentine Peso devaluation compared with the US Dollar was of 72% in the period from December 2021 to December 2022, as per the wholesale average exchange rate of Banco de la Nación Argentina. Due to the exchange restrictions in force, there is an exchange gap of approximately 95.73% between the official US Dollar rate and its rate in parallel market, which impacts on the economic activity level and effects BCRA reserves.

## 10 - SUBSEQUENT EVENTS

No events or transactions have occurred from year-end to the date of issuance of these financial statements that would have a material effect on the financial position of the Company or the results of its operations at year-end.

# INDEPENDENT AUDITORS' REPORT

**To the President and Directors of**
**TATA Consultancy Services Argentina S.A.**
Legal address: Uspallata 3046
City of Buenos Aires

Taxpayer Identification Number: 30-70784821-5

## Report on the financial statements

We have audited the accompanying financial statements of TATA Consultancy Services Argentina S.A. (hereinafter, "the Company"), for the regular fiscal period of 12 months beginning January 01, 2022 and ended December 31, 2022 which comprise the balance sheet. the statements of profit or loss, changes in shareholders' equity and cash flows for the year then ended, notes 1 to 10 and exhibits I to IV presented as supplementary information.

The figures and other information for the year of 9 months period ended December 31, 2021 are an integral part of these financial statements and are presented for the purpose of being construed solely in relation to the figures and information of the current year.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the professional accounting standards in force in the City of Buenos Aires, Republic of Argentina, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement.

## Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the auditing standards set forth by Technical Resolution No. 37 of the FACPCE. Those standards require that we comply with the ethical requirements, and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. We relied on our professional judgment to select the procedures to be performed, including assessing the risk that the financial statements may include material misstatements derived from errors or irregularities. When performing this risk assessment, we considered the Company's existing internal controls on the preparation and presentation of financial statements for the purpose of selecting the adequate auditing procedures, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes assessing the accounting principles used and the reasonableness of the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022, the results of its operations, the changes in equity and cash flows for the year then ended, in conformity with professional accounting principles in force in the City of Buenos Aires, Republic of Argentina.

## Report on other legal and regulatory requirements

In compliance with legal requirements in force, we report that:

a. the accompanying financial statements arise from the Company's accounting records, and their transcription into the Journal and Inventory Book is pending;

b. we have performed the anti-money laundering and terrorist financing procedures set forth by the applicable professional standards issued by the FACPCE; and

c. as of December 31, 2022, the accrued liability for retirement and pension contributions payable to the Pension Fund System arising from the accounting records amounted to $ 20,130,437 no amounts being due as of that date

# SUPERVISORY AUDITOR'S REPORT

**To the Shareholders of**
**TATA CONSULTANCY SERVICES ARGENTINA S.A.**

Uspallata 3647.
City of Buenos Aires
Taxpayer Identification Number: 30-70784821-5

In my capacity as Regular Supervisory Auditor of TATA CONSULTANCY SERVICES ARGENTINA S.A., based on the provisions of subsection 5, section 294 of the Companies Law, I have examined the documents described in paragraph 1. Based on the documents referred to above, my responsibility is to report on such documentation, based on the work mentioned in paragraph 2.

## 1. DOCUMENTS UNDER EXAMINATION

a) Balance Sheet as of December 31, 2022

b) Statement of profit or loss for the regular fiscal period of 12 months ended December 31, 2022.

c) Statement of changes in shareholders' equity for the regular fiscal period of 12 months ended December 31, 2022

d) Statement of cash flows for the regular fiscal period of 12 months ended December 31, 2022.

e) Notes 1 to 10 and Exhibits I to IV.

## 2. SCOPE OF EXAMINATION

My examination was made in compliance with the supervisory auditors' standards in force Those standards require that the financial statements be examined in conformity with the auditing standards in force, including the verification of the consistency of the documents examined with the information on corporate decisions recorded in the minutes of the Board of Directors' meetings as well as the compliance of such decisions with the law and the bylaws in their formal and documentary aspects. An audit requires that the auditor plans and performs the procedures to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit also includes examining, on a test basis, evidence supporting the disclosures in the financial statements, as well as evaluating the accounting principles used, the significant estimates made by the Board of Directors, and the overall presentation of the financial statements taken as a whole. As it is not the supervisory auditor's responsibility to exercise management control, I have not considered in my examination the business criteria and decisions adopted by the Company to prepare my report.

In addition, I have verified that the Letter to Shareholders for the year ended December 31, 2022 contains the information required by section 66 of the Companies Law and that its figures agree with the Company's accounting records and other relevant documentation.

## 3. OPINION

Based on the examination conducted, in my opinion, the financial statements described in paragraph 1 present fairly, in all material respects, the financial position of TATA CONSULTANCY SERVICES ARGENTINA S.A. as of December 31, 2022. the results of its operations, the changes in shareholders' equity and cash flows for the year then ended, in conformity with professional accounting principles in force.

With regard to the Board of Directors' Letter to Shareholders, I have no comments to make as it relates to my area of responsibility. The assertions on future events stated therein are the Board of Directors' exclusive responsibility.

These accompanying financial statements and the related inventory arise from the accounting records which, in their formal aspects, are kept pursuant to the legislation in force.

City of Buenos Aires, 16.03.2023

## FINANCIAL STATEMENTS

**For the year ended**
**December 31, 2022**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

# INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS

**TO**

**THE SHAREHOLDERS AND MANAGEMENT OF**

**TATA CONSULTANCY SERVICES DO BRASIL LTDA.**

**São Paulo – SP**

## Opinion

We have audited the accompanying financial statements of Tata Consultancy Services do Brasil Ltda. ("Company"), which comprise the balance sheet as of December 31, 2022, and the related statements of income statement, comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Tata Consultancy Services do Brasil Ltda. as of December 31, 2022 and its operating performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the Company in accordance with the relevant ethical requirements set forth in the Code of Ethics for Professional Accountants and the professional standards issued by the Federal Accounting Council and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibility of management and those charged with governance for the financial statements

The Company's Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements, unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative to avoid doing so.

Those charged with governance are those individuals responsible for overseeing the Company's financial reporting process.

## Auditor's responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements taken as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Brazilian and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Brazilian and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. In addition, we:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve override of internal control, collusion, forgery, intentional omissions or misrepresentations;

- Obtain an understanding of the internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management;

- Conclude on the appropriateness of Management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements, including those regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

### 1. CORPORATE INFORMATION

Tata Consultancy Services do Brasil Ltda. ("the Company") is headquartered in the City of Barueri, State of São Paulo, and is engaged mainly in the provision of information technology services, involving: (a) IT consulting services, such as provision of computer program, software, computer system project and IT technical project development services, information technology-related implementation services, including study, support, infrastructure, research, creation, adaptation, design, preparation, data warehousing, training, data processing, systematization, automated management, database, data retrieval, installation, technical maintenance and support; (b) business process outsourcing (BPO), such as provision of labor in administrative, accounting, payroll, tax department routines, human resource management, financial department routines, controllership and other administrative service and customer service areas; (c) sale of computer programs, software, either materialized or not, recorded computer programs and the assignment and licensing and use of systems.

To provide services to specific customers, the Company has branches in Aracaju/SE, Belo Horizonte/MG, Brasília/DF,Campinas/SP, Corumbá/MS, Itabira/MG, Joinville/SC, Londrina/PR, Macaé/RJ, Mariana/MG, Nova Lima/MG, Parauapebas/PA, Rio de Janeiro/RJ, Santos/SP, São Luis/MA, São Paulo/SP and Vitória/ES.

The Company is incorporated and domiciled in Brazil. The address of its corporate office is Alameda Madeira, 328 - 13° andar - Alphaville Industrial, Barueri - SP, Postal Code 06454-010.

The Executive Committee authorized the issuance of these financial statements at the meeting held on March 16, 2023.

### 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB)..

### 3. BASIS OF PREPARATION

These financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value or amortized cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows have been prepared using indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Brazilian Real (R$). Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

### 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of with International Financial Reporting Standards (IFRS) requires management to make estimates and judgment's that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

**a. Revenue Recognition**

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b. Useful lives of property, plant and equipment**

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c. Impairment of goodwill**

The Company estimates the value-in-use of the cash generating units (CGUs) based on the future cash flows after considering current economic conditions and trends, estimated future operating results and growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The discount rates used for the CGUs represent the weighted average cost of capital based on the historical market returns of comparable companies.

**d. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**e. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. The deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**f. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**g. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

## 5. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1] |
| Amendments to IFRS 16 | Lease Liability in a sale and Leaseback[2] |
| Amendments to IAS 1 | Non-current Liabilities with Covenants[2] |

[1]Effective for annual periods beginning on or after January 1, 2023.

[2]Effective for annual periods beginning on or after January 1, 2024.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty".

Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements. .

### IFRS 16- Lease Liability in a Sale and Leaseback

In September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The Company does not expect this amendment to have any significant impact in its financial statements.

### IAS 1 – Non-current Liabilities with Covenants

In October 2022, IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The Company does not expect the amendments to have any significant impact on its classification of non-current liabilities in its statement of financial position.

The company has applied IFRIC 23 effective for annual periods beginning on or after January 1, 2019 as below:

### IFRIC 23 Interpretation Uncertainty over Income Tax Treatment

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

### Application of IFRIC 23

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

## 6. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

### Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

### Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

### Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortized cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the company are recognised at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a. Cash and cash equivalents**

Cash and cash equivalents consist of the following:

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Balances with banks | **4,727** | 3,996 |
| Cash on hand | **8** | - |
| Bank deposits (original maturity less than three months) | **40,000** | 44,061 |
| **Total** | **44,735** | 48,057 |

**b. Trade Receivable - Billed**

Trade Receivable - Billed consist of the following:

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables - billed | **173,496** | 109,798 |
| Less: Allowance for doubtful trade receivables - billed | **(1,269)** | (22) |
| **Total** | **172,228** | 109,776 |

Trade Receivable - Billed include balances with related parties amounting to 49,217 thousands BRL reais (22,930 thousands BRL reais for 2021).

### c. Other financial assets

Other financial assets consist of the following:

**Other financial assets – Current**

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Employee loans and advances | **762** | 465 |
| Security deposits | **59** | 39 |
| Others | **146** | 45 |
| **Total** | **967** | 549 |

### d. Trade Payables

Trade payables consist of the following:

**Trade payables – Current**

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables | **7,199** | 2,530 |
| Accrued expenses | **7,333** | 7,795 |
| **Total** | **14,532** | 10,325 |

Trade payables include balances with related parties amounting to 6,335 thousands BRL reais (5,877 thousands BRL reais for 2021).

### e. Other financial liabilities

Other financial liabilities consist of the following:

**Other financial liabilities – Current**

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Capital creditors | **481** | 42 |
| Liabilities towards customer contracts | **3,709** | 2,844 |
| Accrued payroll | **27,689** | 17,085 |
| Caution money | **498** | 283 |
| **Total** | **32,377** | 20,254 |

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

### f. Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2022 is as follows:

(in thousand BRL Reais)

| | Amortised cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **44,735** | **44,735** |
| Trade receivables | | |
| Billed | **172,228** | **172,228** |
| Unbilled | **52,400** | **52,400** |
| Other financial assets | **967** | **967** |
| **Total** | **270,330** | **270,330** |
| **Financial liabilities** | | |
| Trade payables | **14,532** | **14,532** |
| Lease Liabilities | **44,946** | **44,946** |
| Other financial liabilities | **32,377** | **32,377** |
| **Total** | **91,855** | **91,855** |

The carrying value of financial instruments by categories as at December 31, 2021 is as follows:

(in thousand BRL Reais)

| | Amortised cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 48,057 | 48,057 |
| Trade receivables | | |
| Billed | 109,776 | 109,776 |
| Unbilled | 39,628 | 39,628 |
| Other financial assets | 549 | 549 |
| **Total** | 198,010 | 198,010 |
| **Financial liabilities** | | |
| Trade payables | 10,325 | 10,325 |
| Lease Liabilities | 44,805 | 44,805 |
| Other financial l iabilities | 20,254 | 20,254 |
| **Total** | 75,384 | 75,384 |

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at December 31, 2022 and December 31, 2021 approximate the fair value. The difference between carrying amounts and fair values of other financial assets, other financial liabilities and borrowings subsequently measured at amortized cost is not significant in each of the periods presented. Fair value measurement of lease liabilities is not required.

### g. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)..

- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**h. Financial risk management**

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity. Considering the economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10 percentage against the respective functional currency of the Company.

The following analysis has been worked out based on the net exposures for the company as at the date of statement of financial position which could affect the statement of profit or loss and other comprehensive income and equity.

The following table sets forth information relating to foreign currency exposure as at December 31, 2022:

(in thousand BRL Reais)

| | USD | GBP | EUR | Others* |
|---|---|---|---|---|
| Net financial assets | **50,903** | **4,178** | **1,027** | **288** |
| Net financial liabilitites | **3,005** | **670** | **-** | **216** |

10 percentage appreciation / depreciation of the respective foreign currencies with respect to functional currency of the company would result in decrease / increase in the Company's profit before taxes by approximately 5,251 thousands BRL reais for the year ended December 31, 2022.

The following table sets forth information relating to foreign currency exposure as at December 31, 2021:

(in thousand BRL Reais)

| | USD | GBR | EUR | Others* |
|---|---|---|---|---|
| Net financial assets | 22,100 | 2,381 | 751 | 674 |
| Net financial liabilities | 2,117 | 162 | 3 | 114 |

10 percentage appreciation / depreciation of the respective foreign currencies with respect to functional currency of the company would result in decrease / increase in the Company's profit before taxes by approximately 2,351 thousands BRL reais for the period ended December 31, 2021.

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

*Others include currencies such as Swiss Franc, Swedish Krona, Uruguayan Peso, Mexican Peso, Indian Rupee and Canadian Dollar.

- **Interest rate risk**

The Company's investments are primarily in fixed rate interest-bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

***Credit risk***

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents and other financial assets. Cash and cash equivalents include an amount of 41,623 thousands BRL reais held with banks in Brasil having high quality credit rating which are individually in excess of 10 percentage or more of the Company's total cash and cash equivalents as at December 31, 2022. None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was 291,301 thousand BRL reais and 211,787 thousand BRL reais as at December 31, 2022 and as at December 31, 2021, respectively, being the total of the carrying amount of balances with banks, trade receivables, contract assets and other financial assets.

Tata Consultancy Services do Brasil Ltda.'s exposure to customers is diversified and single customer contributes to more than 10 percentage of outstanding trade receivable and contract assets as at December 31, 2022 and as at December 31, 2021 as follows:

| | As at December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | Trade receivable and contract assets | Percentage | Trade receivable and contract assets | Percentage |
| Customer B | **61,939** | **25%** | 29,559 | 18% |
| Customer C | **53,407** | **22%** | 18,151 | 11% |
| Customer A | **20,369** | **8%** | 15,607 | 10% |

- **Geographic concentration of credit risk**

Geographic concentration of trade receivables (gross and net of allowances) and contract assets is as follows:

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| | Net Percentage | Net Percentage |
| Ibero America | **72%** | 77% |
| America | **25%** | 17% |
| Others | **3%** | 6% |

Geographical concentration of trade receivables and contract assets is allocated based on the location of the customers.

The allowance for lifetime expected credit loss on trade receivables for the years ended December 31, 2022, and 2021 was 1,269 thousand BRL reais and 22 thousand BRL reais respectively. The reconciliation of allowance for doubtful trade receivables is as follows:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the year** | **22** | 3 |
| Charge to Profit and loss account | **1,246** | 20 |
| Provision written off | **1** | (1) |
| **Balance at the end of the year** | **1,269** | 22 |

***Liquidity risk***

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(in thousand BRL Reais)

| **December 31, 2022** | Due in 1st. year | Due in 2nd. year | Due in 3rd. to 5th. year | Due after 5years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | **14,532** | **-** | **-** | **-** | **14,532** |
| Lease Liabilities | **11,917** | **11,470** | **26,113** | **10,913** | **60,413** |
| Other financial liabilities | **32,377** | **-** | **-** | **-** | **32,377** |
| **Total** | **58,826** | **11,470** | **26,113** | **10,913** | **107,322** |

(in thousand BRL Reais)

| **December 31, 2021** | Due in 1st. year | Due in 2nd. year | Due in 3rd. to 5th. year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | 10,325 | - | - | - | 10,325 |
| Lease Liabilities | 10,926 | 10,909 | 24,082 | 14,906 | 60,823 |
| Other financial liabilities | 20,254 | - | - | - | 20,254 |
| **Total** | 41,505 | 10,909 | 24,082 | 14,906 | 91,402 |

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

### j. Equity instruments

The authorized, issued, subscribed and fully paid up share capital consist of the following:

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **(a) Authorized** | | |
| Equity shares of BRL reais 1 each (175,801,586 shares ) | **175,802** | 175,802 |
| | **175,802** | 175,802 |
| **(b) Issued, Subscribed and Paid up** | | |
| Equity shares of BRL reais 1 each (175,801,586 shares ) | **175,802** | 175,802 |
| **Total** | **175,802** | 175,802 |

**Details of shares held by shareholders in the Company Equity Shares**

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| TCS Iberoamerica Sociedad Anonima (Holding Company) | **175,802** | 175,802 |
| TCS Solution Center S.A. * | **-** | - |
| Percentage Holding in class | **100%** | 100% |

*TCS Solution Center S.A. holds one share of the company, amount is zero because of rounding off.

Fully paid equity shares, which have a par value of 175,802 thousands BRL reais (BRL 1 each) carry one vote per share and have a right to dividend. In the event of liquidation of the Company, the holders of shares are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding.

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

## 7. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses an incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognizes the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(in thousand BRL Reais)

| | Additions for the year ended December 31, 2022 | Net carrying amount as at December 31, 2022 |
|---|---|---|
| Buildings | **4,317** | **32,826** |
| Leasehold Improvements | **-** | **4,800** |
| **Total** | **4,317** | **37,626** |

(in thousand BRL Reais)

| | Additions for the year ended December 31, 2021 | Net carrying amount as at December 31, 2021 |
|---|---|---|
| Buildings | 5,055 | 31,620 |
| Leasehold Improvements | - | 6,392 |
| **Total** | 5,055 | 38,012 |

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

Depreciation on right-of-use asset is as follows:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Buildings | **5,880** | 5,352 |
| Lease hold Improvements | **1,592** | 1,592 |
| **Total** | **7,472** | 6,944 |

Interest on lease liabilities is 4,702 thousands BRL reais and 4,474 thousands BRL reais for the year ended on December 31, 2022 and 2021, respectively.

The Company incurred 452 thousand BRL reais and 329 thousand BRL reais for the years ended December 31, 2022 and 2021, respectively, towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is 12,099 thousand BRL reais and 10,500 thousand BRL reais for the years ended December 2022 and 2021, respectively, including cash outflow for short-term leases and leases of low-value assets.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course.

The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

## 8. NON-FINANCIAL ASSETS AND LIABILITIES

### a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis with highlighted portion so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| Type of asset | Useful lives |
|---|---|
| Leasehold improvements | Lease term |
| Computer equipment | 4 years |
| Furniture, fixtures, office equipment and other assets | 4-10 years |

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Property, plant and equipment consist of the following:

(in thousand BRL Reais)

| | Leasehold improvement | Computer equipment | Electrical installations | Furniture and fixtures | Office equipments | Total |
|---|---|---|---|---|---|---|
| **Gross block as at January 1, 2022** | **7,295** | **28,744** | **2,839** | **1,975** | **2,802** | **43,655** |

| **Total** | | | | | | 25,694 |

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

### b. Goodwill

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is analyzed for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

The financial projections consider the increase in economic uncertainties due to COVID-19, reassessment of the discount rates, revisiting the growth rates factored while arriving at terminal value and subjecting these variables to sensitivity analysis. If the recoverable amount of a CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit.

Goodwill consist of the following:

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the year** | **33,106** | 33,106 |
| Foreign currency exchange gain / (loss) | **-** | - |
| **Balance at the end of the year** | **33,106** | 33,106 |

Goodwill of 33,106 thousands BRL Reais as at December 31, 2022 and December 31, 2021 has been allocated to the entity as a CGU. The Company prepared an analysis of the estimated value-in-use of the CGU based on current conditions and future projections/ cash flows using a 3.5 percentage annual growth rate for periods subsequent to the originally forecasted period of 10 years and discount rate of 20.37 percentage. An analysis of the projected revenues, costs, margin, SG&A, and growth rates, based on reasonably probable assumptions and key parameters (eg. operating margin, discount rates and long term average growth rate etc.), did not identify any circumstances where the recoverable amount of the CGU is below its carrying amount. As such, no impairment losses were recorded as of December 31, 2022 and 2021.

### c. Other Intangible assets

Intangible assets purchased including acquired in business combination, are measured at cost as at the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licenses.

Following table summarizes the nature of intangibles and their estimated useful lives:

| Type of asset | Useful lives |
|---|---|
| Rights under licensing agreement and software licenses | Lower of license period and 2-5 years |

Intangible assets are amortized on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Intangible assets consist of the following:

(in thousand BRL Reais)

| | Software licences | Total |
|---|---|---|
| **Cost as at January 1, 2022** | **13** | **13** |
| Additions | **-** | **-** |
| **Cost as at December 31, 2022** | **13** | **13** |
| **Accumulated amortisation as at January 1, 2022** | **8** | **8** |
| Amortization for the period | **3** | **3** |
| **Accumulated amortisation as at December 31, 2022** | **11** | **11** |
| **Net carrying amount as at December 31, 2022** | **2** | **2** |

(in thousand BRL Reais)

| | Software licences | Total |
|---|---|---|
| **Cost as at January 1, 2021** | 13 | 13 |
| Additions | - | - |
| Disposals | - | - |
| **Cost as at December 31, 2021** | 13 | 13 |
| **Accumulated amortisation as at January 1, 2021** | 4 | 4 |
| Amortization for the period | 4 | 4 |
| **Accumulated amortisation as at December 31, 2021** | 8 | 8 |
| **Net carrying amount as at December 31, 2021** | 5 | 5 |

The estimated amortization for the years subsequent to December 31, 2022 is as follows:

(in thousand BRL Reais)

| Year Ending December 31, | Amortisation expenses (In thousands BRL Reais) |
|---|---|
| **2023** | **2** |
| **Total** | **2** |

**d. Other assets**

Other assets consist of the following:

**(a) Other assets – Current**

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Advances to suppliers | **331** | 4 |
| Prepaid expenses | **608** | 2,444 |
| Contract assets | **19,893** | 10,738 |
| Contract fulfillment costs | **-** | 197 |
| **Total** | **20,832** | 13,383 |

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

### (b) Other assets – Non-current

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Prepaid expenses | **62** | 103 |
| Contract assets | **1,079** | 3,039 |
| Others | **803** | 853 |
| **Total** | **1,944** | 3,995 |

Contract fulfilment cost of 197 thousands BRL reais and 267 thousands BRL reais for the year ended December 31, 2022 and 2021, respectively, have been amortized in the profit or loss. Refer note 9 for changes in contract assets.

### e. Other liabilities

Other liabilities consist of the following:

**Other liabilities – Current**

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Indirect tax payable and other statutory liabilities | **33,469** | 22,965 |
| Advance received from customers | **118** | 195 |
| **Total** | **33,587** | 23,160 |

### f. Provisions

Provisions consist of the following:

(in thousand BRL Reais)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Provision towards legal claims | **5,114** | 4,750 |
| Provision for forseeable losses | **-** | 139 |
| **Total** | **5,114** | 4,889 |

## 9. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customization services rendered significantly modifies or customizes the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method .
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalization. Such costs are amortized over the contractual period or useful life of the license, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as trade receivable - unbilled (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue disaggregation by nature of services is as follows:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Consultancy Services | **868,120** | 656,474 |
| **Total** | **868,120** | 656,474 |

Revenue disaggregation by industry vertical is as follows:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Industry Vertical** | | |
| Banking, Financial and Insurance | **200,630** | 176,045 |
| Manufacturing | **240,870** | 220,272 |
| Retail and Consumer Products | **60,195** | 56,035 |
| Communication, Media and Technology | **33,365** | 34,011 |
| Others | **333,060** | 170,111 |
| **Total** | **868,120** | 656,474 |

Revenue disaggregation by geography is as follows:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Geography** | | |
| Ibero America | **630,193** | 460,157 |
| America | **202,782** | 156,817 |
| Europe | **34,441** | 37,757 |
| India | **580** | 1,468 |
| Others | **124** | 275 |
| **Total** | **868,120** | 656,474 |

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is 290,975 thousands BRL Reais out of which 61.99 percentage is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

**Changes in contract assets are as follows:**

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the year** | **13,777** | 9,444 |
| Invoices raised that were included in the contract assets | | |
| Balance at the beginning of the year | **13,914** | 8,908 |
| Increase due to revenue recognised during the year excluding amounts billed during the year | **(6,666)** | (4,894) |
| Translation exchange difference | **(53)** | 119 |
| **Balance at the end of the year** | **20,972** | 13,717 |

**Changes in unearned and deferred revenue are as follows:**

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the year** | **21,382** | 18,063 |
| Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year. | **(20,491)** | (17,984) |
| Increase due to invoicing during the year, excluding amounts recognised as revenue during the year. | **14,204** | 20,364 |
| Translation exchange difference | **(661)** | 939 |
| **Balance at the end of the year** | **14,434** | 21,382 |

## 10. COST RECOGNITION

Costs and expenses are recognized when incurred and have been classified according to their nature in the following categories:

The costs of the Company are broadly categorized into employee benefits expenses, depreciation and amortization and other operating expenses. Employee benefits expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts, and other expenses.

## Notes forming part of the Financial Statements

| Net foreign exchange gains (losses) | **(546)** | (1,236) |
| Others | **-** | 25 |
| **Total** | **(563)** | (1,223) |

## 12. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

***Current income taxes***

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

***Deferred income taxes***

The Company accounts for the deferred income taxes using the balance sheet approach. Deferred income taxes are provided for the temporary differences between the tax base of assets and liabilities and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

The income tax expense consists of the following:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Current Tax** | | |
| Current tax expense for current year | **26,107** | 22,097 |
| Current tax benefit pertaining to prior years | **11** | 506 |
| | **26,118** | 22,603 |
| **Deferred tax** | | |
| Deferred tax (benefit) / expense for current year | **6,349** | 11,612 |
| Deferred tax expense / (benefit) pertaining to prior years | **(8)** | 124 |
| | **6,341** | 11,736 |
| **Total** | **32,459** | 34,339 |

The reconciliation of estimated income tax expense at statutory income tax rate to income tax expense reported in statement of profit or loss is as follows:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Profit before taxes | **87,162** | 94,999 |
| Federal income tax rate | **34%** | 34% |
| Expected income tax expense | **29,635** | 32,300 |
| **Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense** | | |
| Tax pertaining to prior years | **3** | 630 |
| Others (net) | **2,821** | 1,409 |
| **Total income tax expense** | **32,459** | 34,339 |
| **Effective Tax Rate** | **37%** | 36% |

Significant components of net deferred tax assets and liabilities for the period ended December 31, 2022 are as follows:

(in thousand BRL Reais)

| | Opening balance | Recognised in profit or loss | Closing balance |
|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to** | | | |
| Goodwill Amortization | **(11,256)** | **-** | **(11,256)** |
| Accumulated Losses (refer note a) | **28,082** | **(11,466)** | **16,616** |
| Lease liabilities (Refer Note 7) | **2,310** | **224** | **2,534** |
| Others | **8,650** | **4,900** | **13,550** |
| **Total deferred tax asset / (liabilities)** | **27,786** | **(6,341)** | **21,444** |

Significant components of net deferred tax assets and liabilities for the period ended December 31, 2021 are as follows:

(in thousand BRL Reais)

| | Opening balance | Recognised/Reversed in profit or loss | Closing balance |
|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to** | | | |
| Goodwill Amortization | (11,256) | - | (11,256) |
| Accumulated Losses (refer note a) | 37,986 | (9,904) | 28,082 |
| Lease Liabilities (Refer Note 7) | 1,897 | 413 | 2,310 |
| Others | 10,895 | (2,245) | 8,650 |
| **Total deferred tax asset / (liabilities)** | 39,522 | (11,736) | 27,786 |

**Note**

**a)** As at December 31, 2022, the Company's accumulated tax loss carry forwards is 48,873 thousands BRL reais (82,595 thousands BRL reais as at December 31, 2021). In accordance with the prevailing tax law, tax loss carry forwards may be carried forward indefinitely, but their utilization is limited to 30 percentage of future annual taxable income.

**Direct tax Contingencies**

The company has ongoing disputes with Tax authorities in Brasil. These mainly include utilization of tax credit by the Company not validated by tax authority. As at December 31, 2022, the company has contingent liability of 20,066 thousands BRL reais (December 31, 2021: 194 thousands BRL reais) in respect of tax demands which are being contested by the Company based on the management evaluation and on the advice of tax consultants.

## Notes forming part of the Financial Statements

**(Free translation from the original issued in Portuguese. In the event of any discrepancies, the Portuguese Language version shall prevail.)**

## 13. EMPLOYEE BENEFITS

### Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognized for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position.

Employee costs consist of the following:

(in thousand BRL Reais)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Salaries, incentives and allowances | **516,360** | 357,584 |
| Contribution to provident and other funds | **99,136** | 70,067 |
| Staff welfare expenses | **46,232** | 31,555 |
| **Total** | **661,728** | 459,206 |

Employee benefit obligations consist of the following:

### Employee benefit obligations – Current

(in thousand BRL Reais)

| | As at December, 2022 | As at December, 2021 |
|---|---|---|
| Compensated absences | **39,030** | 28,442 |
| Other employee benefit obligations | **193** | 213 |
| **Total** | **39,223** | 28,655 |

## 14. COMMITMENTS AND CONTINGENCIES

- **Capital Commitments**

  The company has contractually committed (net of advances) 8,171 thousands BRL reais and 3,320 thousands BRL reais as at December 31 2022 and 2021 respectively, for purchase of property, plant and equipment.

- **Direct tax matters**

  Refer note 12.

- **Indirect tax matters**

  The company has ongoing disputes with Tax authorities in Brasil. These mainly include utilization of tax credit by the Company not validated by tax authority. As at December 31, 2022, the company has contingent liability of 3,960 thousands BRL reais (December 31, 2021: 4,287 thousands BRL reais) in respect of tax demands which are being contested by the Company based on the management evaluation and on the advice of tax consultants.

- **Other claims**

  As at December 31, 2022, claims aggregating 1,285 thousands BRL reais (December 31, 2021: 2,109 thousands BRL reais) against the Company have not been acknowledged as debts.

## 15. RELATED PARTY TRANSACTIONS

The Company's principal related parties consist of its ultimate holding company Tata Consultancy Services Limited and its subsidiaries and key managerial personnel. The related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

Transactions with related parties are as follows:

# INDEPENDENT AUDITOR'S REPORT

**TO THE STOCKHOLDERS OF**
**TATA CONSULTANCY SERVICES DE MEXICO, S.A. DE C.V.**

## Opinion

We have audited the accompanying financial statements of TATA Consultancy Services de México, S.A. de C.V., (the "Company"), which comprise the statements of financial position as of December 31, 2022 and 2021, and the statements of comprehensive income, changes in stockholders' equity and cash flows, for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of TATA Consultancy Services de México, S.A. de C.V., as of December 31, 2022, and 2021, and its financial performance and its cash flows for the years then ended, in conformity with International Financial Reporting Standards (IFRSs), issued by the International Accounting Standards Board (IASB).

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report, and the related "Exhibit". We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Mexico in accordance with the Instituto Mexicano de Contadores Públicos A.C.'s Code of Professional Ethics (IMCP Code) and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA and IMCP Codes. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, or otherwise, making the appropriate disclosures.

Those charged with governance are responsible for overseeing the Company´s financial reporting process.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of TATA Consultancy Services de México, S.A. de C.V. as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**SALLES, SAINZ – GRANT THORNTON, S. C.**

Mexico City, Mexico
**March 9, 2023**

C.P.A. Fernando Robles Garibay

**Additional description of our responsibilities regarding the audit of the financial statements**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a true and fair view.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes forming part of the Financial Statements

### 1. REPORTING ENTITY

Tata Consultancy Services de México, S.A. de C.V. (the "Company") is a subsidiary de TCS Iberoamérica, SA and is engaged in providing information technology and consultancy services, application development, IT infrastructure management, including services under contracts for software development, implementation and other related services. It was incorporated as a corporation with variable capital, in accordance with Mexican law, on April 9, 2003, with a duration of 99 years and with principal place of business in Avenida Eugenia, No. 197, piso 6-A Colonia Narvarte, Alcaldía Benito Juarez, Mexico City.

**Authorization**

On March 9, 2023 Mr. Claudio Yukio Yoshida (Finance Director) and Rajeev Gupta (Country Head, Mexico) authorised the issuance of the accompanying financial statements and related notes thereto.

In accordance with the General Corporations Law and the bylaws of Tata Consultancy Services de México, S.A. de C.V., the stockholders are empowered to modify the financial statements after issuance. The accompanying financial statements will be submitted to the next Stockholders' Meeting for approval.

### 2. STATEMENT OF COMPLIANCE

The accompanying financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), issued by International Accounting Standard Board (IASB).

### 3. BASIS OF PREPARATION

These financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value or amortized cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows have been prepared using indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Mexican Pesos. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

***Functional and reporting currency***

The aforementioned financial statements are presented in Mexican pesos (reporting currency), which is the same as the local currency and the functional currency.

To determine the functional currency, management assesses the economic environment in which it primarily generates and disburses cash. For this, factors related to sales, costs, sources of financing and cash flows generated by the operation are considered

As of December 31, 2022 and 2021, the peso/dollar exchange rates were $19.50 and $20.42, respectively. Unless otherwise indicated, all financial information presented in pesos has been rounded to the nearest millions. When referring to "US" or dollars, it refers to amounts expressed in millions of dollars of the United States of America or U.S.D, when referring to "EUR" means millions of Euro, "CAD" means millions Canadian dollar, "BRL" means millions of Brazilian real, "UYU" means millions of Uruguayan Peso, and "COP" means millions of Colombian peso.

***Foreign currency***

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of execution or settlement. Monetary assets and liabilities denominated in foreign currency are translated at the exchange rate in force at the statement of financial position date. Exchange differences arising from assets and liabilities denominated in foreign currencies are reported on the statement of comprehensive income.

***Prepayments***

Mainly include prepayments for the purchase of services that are received after the date of the statement of financial position and in the ordinary course of operations.

***Presentation of statement of cash flows***

The statements of cash flows of the Company are presented using the indirect method.

## 4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the years presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised, and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

### (a) Revenue recognition

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine degree of completion of the performance obligation.

### (b) Useful lives of leasehold improvements, furniture and equipment

The Company reviews the carrying amount of equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

### (c) Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been explained under note 14.

### (d) Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at the end of each reporting period adjusted to reflect the current best estimates. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Contingent liabilities are not recognised in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

### (e) Foreign currency

Transactions in foreign currency are translated at the exchange rate prevailing on the date of execution or settlement. Monetary assets and liabilities are at the exchange rate on the balance sheet date. Gains and losses arising on conversion of foreign currency denominated monetary assets and liabilities are reported on the statement of income, on other (losses)/ gains, net.

## Notes forming part of the Financial Statements

**(f) Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**(g) Employee benefits**

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

**(h) Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### 5. NATURE AND PURPOSE OF RESERVES

**Retained earnings.**

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

**Statement of comprehensive income presentation**

The Company opted for reporting comprehensive income in a single statement that includes all the items that comprise net income or loss and other comprehensive income (OCI), entitled "Statement of Comprehensive Income". Additionally, the "Operating profit" line item is included, which results from subtracting the cost of sales and expenses from total revenues, as this line item is considered to provide a better understanding of the Company's economic and financial performance.

Given that the Company is a service entity, ordinary costs and expenses are presented based on their nature, as the information so reported is clearer.

**Capital stock**

Common shares are classified in stockholders' equity.

### 6. NEWLY ISSUED IFRS NOT YET ADOPTED

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective, other than the amendment to IFRS 16 for COVID-19-Related Rent Concessions where earlier application is permitted:

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1] |

[1]Effective for annual periods beginning on or after January 1, 2023.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

## 7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

## Notes forming part of the Financial Statements

***Cash and cash equivalents***

The company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

***Financial assets at amortised cost***

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

***Financial assets at fair value through other income***

Financial assets are measured at fair value through other income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other income.

***Financial assets at fair value through profit or loss***

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

***Financial liabilities***

Financial liabilities are measured at amortised cost using the effective interest method.

***Capital stock***

Common shares are classified in stockholders' equity.

***Impairment of Financial assets (other than at fair value)***

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12- month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a. Cash and cash equivalents**

Cash and cash equivalents consist of the following:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Current account balances with banks | **31.45** | 44.89 |
| Bank deposits (original maturity less than three months) | **1,247.81** | 815.03 |
| **Total** | **1,279.26** | 859.92 |

As of December 31, 2022, and 2021 there is no restricted cash.

In note 7 (g) the Company discloses the sensitivity analysis for financial assets and liabilities.

**b. Trade receivables - Billed**

Trade receivables -Billed consist of the following:

|---|---|---|
| Employee advances | **83.55** | 40.31 |
| Others | **0.67** | 0.12 |
| **Total** | **84.23** | 40.43 |

**b) Other non-current financial assets**

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Deposits for premises | **10.31** | 10.84 |
| Security deposit | **0.45** | 133.31 |
| **Total** | **10.76** | 144.15 |

**f. Other financial liabilities**

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Capital Creditors | **13.30** | 7.20 |
| Payable for volume discount | **0.93** | 1.05 |
| **Total** | **14.37** | 8.25 |

**g. Financial instruments by category**

The carrying value of financial instruments by category as at December 31, 2022 is as follows:

## Notes forming part of the Financial Statements

(In millions of Mexican pesos)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash | **1,279.26** | **1,279.26** |
| Trade receivables | | |
| Billed | **591.26** | **591.26** |
| Unbilled receivables | **99.31** | **99.31** |
| Related parties | **1,332.07** | **1,332.07** |
| Other financial assets | **94.99** | **94.99** |
| **Total** | **3,396.89** | **3,396.89** |
| **Financial liabilities** | | |
| Trade and other payables | **293.36** | **293.36** |
| Related parties | **179.15** | **179.15** |
| Lease Liability | **299.24** | **299.24** |
| Other financial liabilities | **14.37** | **14.37** |
| **Total** | **786.12** | **786.12** |

The carrying value of financial instruments by category as at December 31, 2021 is as follows:

(In millions of Mexican pesos)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash | 859.92 | 859.92 |
| Trade receivables | | |
| Billed | 447.23 | 447.23 |
| Unbilled receivables | 70.37 | 70.37 |
| Related parties | 1,298.65 | 1,298.65 |
| Other financial assets | 184.58 | 184.58 |
| **Total** | 2,860.75 | 2,860.75 |
| **Financial liabilities** | | |
| Trade and other payables | 74.43 | 74.43 |
| Related parties | 178.53 | 178.53 |
| Lease Liability | 286.43 | 286.43 |
| Other financial liabilities | 8.25 | 8.25 |
| **Total** | 547.64 | 547.64 |

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables and trade and other payables as at December 31, 2022 and December 31, 2021 approximate the fair value. Difference between carrying amounts and fair values of other financial assets and other financial liabilities subsequently measured at amortised cost is not significant in each of the periods presented.

**h. Fair value hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices, included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**i. Financial risk management**

Tata Consultancy Services de México, S.A. de C.V. is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. Tata Consultancy Services de México, S.A. de C.V has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

**j. Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

**k. Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar and Euro.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency the Company.

The following analysis has been worked out based on the net exposures for the Company as at the date of statement of financial position which could affect the statement of profit or loss and other income and equity.

The following table sets forth information relating to foreign currency exposure as at December 31, 2022 and December 31, 2021:

## Notes forming part of the Financial Statements

(In millions of Mexican pesos)

| | 2022 | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|
| **2022** | **USD** | **EUR** | **GBP** | **CAD** | **CHF** | **COP** | **ARS** | **BRL** | **CLP** | **PEN** | **UYU** |
| **Net financial assets** | **2,558.38** | **28.04** | **3.96** | **24.90** | **0.46** | **5.51** | **1.71** | **1.97** | **2.52** | **0.98** | **0.26** |
| **Net financial liabilitites** | **220.00** | **0.25** | **2.89** | **0.38** | **0.36** | **(0.00)** | **-** | **-** | **-** | **-** | **-** |

(In millions of Mexican pesos)

| | 2021 | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|
| **2021** | **USD** | **EUR** | **GBP** | **CAD** | **CHF** | **COP** | **ARS** | **BRL** | **CLP** | **PEN** | **UYU** |
| Net financial assets | 1,996.70 | 18.25 | 7.11 | 18.99 | (0.39) | 4.62 | 2.50 | 3.03 | 0.08 | 1.76 | - |
| Net financial liabilitites | 232.21 | 2.25 | 0.31 | 0.31 | 0.38 | - | - | - | - | - | - |

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of Tata Consultancy Services de México, S.A. de C.V would result in decrease / increase in the Company's profit before tax by approximately MXN 240.48 and MXN 181.72 for the year ended December 31, 2022 and December 31, 2021 respectively.

***l) Interest rate risk***

The Company's investments are primarily in fixed rate bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

***m) Credit risk***

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, investments, cash and cash equivalents, bank deposits and other financial assets. Cash and cash equivalents include an amount of MXN 1,279.26 and MXN 859.92 held with a Mexican bank having high quality credit rating as at 31st December' 2022 and 31st December' 2021. None of the other financial instruments of the Company result in material concentration of credit risk.

**Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was MXN 3,396.89 and MXN 2,860.75 as of December 31, 2022 and December 31, 2021, respectively being the total of the carrying amount of cash and cash equivalents, trade receivables and unbilled receivables and other financial assets.

**Trade receivables - Billed and Unbilled**

The Company's exposure to credit risk with regards to trade receivables and unbilled receivables is influenced mainly by the individual characteristics of each customer in relation to the industry practices and business environment in which they operate. The Company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 272 days for its customers after which they are in default (credit impaired). To manage this risk, the Company

Back to content

has a robust Credit Management process in place. The Company has adopted a policy of dealing only with creditworthy counterparties. The Company's exposure of the counterparties are continuously monitored and necessary changes to the credit terms are made. The carrying amounts of financial assets represent the maximum credit risk exposure.

Tata Consultancy Services de México, S.A. de C.V.'s exposure to customers is diversified and single customer which explains more than 10% of outstanding total trade receivable as at December 31, 2022 and 2021 are as follows:

(In millions of Mexican pesos)

| | As on December 31, 2022 | | As on December 31, 2021 | |
|---|---|---|---|---|
| | Total Trade receivables and Contract assets | Percentage | Total Trade receivables and Contract assets | Percentage |
| Customer A | **1,180.76** | **53.87** | 1,198.06 | 63.24 |
| Customer B | **364.78** | **16.64** | 214.16 | 11.30 |

None of the other financial instruments of the Company result in material concentration of credit risk.

**Geographic concentration of credit risk**

Geographic concentration of trade receivables billed (net of allowances) and trade receivables unbilled is as follows:

(In millions of Mexican pesos)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| | % | % |
| Americas | **96.11** | 98.90 |

Geographical concentration of trade receivables billed and trade receivables unbilled is allocated based on the location of the customers.

The Company uses an allowance matrix to measure the expected credit loss of trade receivable from customers. The expected credit loss allowance is based on the ageing of the days the receivables are due and are as follows:

(In millions of Mexican pesos)

| **As of December 31, 2022** | Weighted average loss rate | Gross Carrying Amount* | Loss Allowance | Credit impaired |
|---|---|---|---|---|
| No Due | **0.12%** | **589.01** | **(0.69)** | **No** |
| 1-90 | **0.72%** | **-** | **-** | **No** |
| 91-180 | **9.84%** | **-** | **-** | **No** |
| 181-272 | **35.79%** | **-** | **-** | **No** |
| >272 | **100.00%** | **-** | **-** | **Yes** |

*Gross carrying amount excludes inter-company receivables.

**n. Liquidity risk**

Liquidity risk refers to the risk that Tata Consultancy Services de México, S.A. de C.V cannot meet its financial obligations. The objective of Liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

## Notes forming part of the Financial Statements

Tata Consultancy Services de México, S.A. de C.V consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The table below provides details regarding the contractual maturities of significant financial liabilities:

(In millions of Mexican pesos)

| As of December 31, 2022 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade and other payables | **293.36** | **-** | **-** | **-** | **293.36** |
| Related parties | **179.15** | **-** | **-** | **-** | **179.15** |

| Other financial liabilities | **14.37** | **-** | **-** | **-** | **14.37** |
| **Total** | **573.09** | **71.86** | **167.85** | **19.20** | **832.01** |

(In millions of Mexican pesos)

| As of December 31, 2021 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade and other payables | 74.41 | - | - | - | 74.41 |
| Related parties | 178.53 | - | - | - | 178.53 |
| Lease Liability | 70.95 | 60.18 | 137.81 | 58.62 | 327.56 |
| Other financial liabilities | 8.25 | - | - | - | 8.25 |
| **Total** | 332.13 | 60.18 | 137.81 | 58.62 | 588.74 |

### o. Stockholders' equity

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **(a) Authorised** | | |
| Equity shares of MXN 1 each (2,614,406 shares) | **2.61** | 2.61 |
| | **2.61** | 2.61 |
| **(b) Issued, Subscribed and Paid up** | | |
| Equity shares of MXN 1 each (2,614,406 shares) | **2.61** | 2.61 |
| **Total** | **2.61** | 2.61 |

### A) Structure of share capital

As of December 31, 2022, share capital fully issued and paid is represented by 50,000 common shares (corresponding to the minimum fixed portion) with a par value of MXN 1 each. The fixed and variable portion is represented by 2,614,406 shares of MXN 1 each.

In the event of liquidation of the Company, the holders of shares are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding.

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

(In millions of Mexican pesos)

| **Other Comprehensive income (OCI)** | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Remeasurement in Defined Benefit Obligation | **11.79** | 40.22 |
| **Total Other Comprehensive Income/(loss)** | **11.79** | 40.22 |

### B) Restriction in stockholders' capital

In accordance with the General Corporations Law, five percent of net income for the year must be appropriated to the statutory reserve, until it reaches one-fifth of share capital. As of December 31, 2022 and 2021, the same has been constituted at MXN 10,000.

Retained earnings and other Stockholder's contributions, on which no income tax has been paid, are subject to income taxes in the event of distribution, at the rate of 30%, payable by the Company; consequently, the stockholders may only receive 70% of such amounts.

Stockholder contributions may be refunded to the stockholders tax-free, to apply that exemption, such contributions must be equal or less of the balance of the Contributed Capital Account (CUCA for its Acronym in Spanish). As of December 31, 2022, and 2021, the CUCA amount is in process of being updated.

### C) Dividend

Distribution of dividends or profits to the shareholders that come from the CUFIN, will not generate income tax to legal entities resident in the country, until the balance of said account is zero. Dividends paid to individuals and legal entities resident abroad, on profits generated from January 1, 2014 and onwards, are subject to a 10% tax, which has the character of final payment.

The dividends paid to TCS Iberoamérica, S.A. and TCS Solution Center, S.A., are taxed at a lower rate than that mentioned above, since it applied the benefits of the agreement between the United Mexican States and the Oriental Republic of Uruguay to avoid double taxation.

As of December 31, 2022, and 2021 the restated balance of the CUFIN account (Net taxable income account or CUFIN for its Acronym in Spanish), is $4,408.40 and $3,411.02 pesos, respectively.

## 8. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

## Notes forming part of the Financial Statements

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Company has adopted IFRS 16, effective annual reporting period beginning January 1, 2020 and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (January 1, 2019).

The details of the right- of – use asset held by the Company is as follows:

(In millions of Mexican pesos)

| | Additions for the year ended December 31, 2022 | Net carrying amount as at December 31, 2022 |
|---|---|---|
| ROU Leasehold Building | **88.52** | **290.15** |
| ROU Leasehold Building - Security deposit | **0.96** | **2.82** |
| **Total** | **89.48** | **292.97** |

(In millions of Mexican pesos)

| | Additions for the year ended December 31, 2021 | Net carrying amount as at December 31, 2021 |
|---|---|---|
| ROU Leasehold Building | 26.93 | 277.56 |
| ROU Leasehold Building - Security deposit | 0.87 | 2.49 |
| **Total** | 27.80 | 280.05 |

Depreciation on right – of – use asset is as follows:

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Depreciation - Leasehold Buildings | **75.59** | 68.55 |
| Depreciation - Leasehold Building - Security deposit | **0.64** | 0.58 |
| **Total** | **76.22** | 69.13 |

Interest on lease liabilities is MXN 15.28 and MXN 15.85 for the years ended on December 31, 2022 and 2021, respectively.

The Company incurred MXN 4.65 and MXN 2.89 for the years ended December 31, 2022 and 2021, respectively, towards expenses relating to short-term leases and leases of low-value assets. The total cash outflow for leases is MXN 88.68 and MXN 80.83 for the years ended December 31, 2022 and 2021, respectively, including cash outflow for short-term leases and leases of low-value assets.

The Company has applied the practical expedient available under IFRS 16 with respect to COVID -19 rent concessions and accordingly credited the lease concessions of MXN Nil and MXN 0.80 received for the years ended December 31, 2022 and 2021 to the profit or loss for the year.

Lease contracts entered by the company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The company does not have any lease restrictions and commitment towards variable rent as per the contract.

There are no property leases that contain extension options.

## 9. NON-FINANCIAL ASSETS AND LIABILITIES

### a. Leasehold improvements, furniture and equipment

Improvements to leased buildings are carried at cost. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

The furniture and equipment are stated at cost less accumulated depreciation.

Depreciation is calculated on the amount susceptible to depreciation, corresponding to the cost of an asset, or another amount that replaces the cost.

Depreciation is recognised in the statement of comprehensive income using the straight-line method according to the estimated useful life of each component of an item of furniture and equipment, since this better reflects the usage pattern expected of the future economic benefits included in the asset. Leased assets are depreciated for the duration of the lease or the useful life of the assets, whichever is lower, unless there is reasonable certainty that the Company will acquire ownership of the leased assets at the end of the lease.

The annual depreciation rates of the assets as follows:

| | % average rate of depreciation |
|---|---|
| Improvements to leased buildings, Electrical installations, Plant and Machinery | 5 – 10 |
| Office furniture and equipment | 20 |
| Computers | 25 |

## Notes forming part of the Financial Statements

**Subsequent expenditures**

Expenditures for repairs and modifications or improvements that prolong the useful life of the assets beyond the originally estimated, which allows the entity to obtain future economic benefits that can be measured reliably, are capitalised as fixed assets.

***Impairment of Non-financial assets***

**i. Tangible assets**

Leasehold improvements, furniture and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

**Leasehold improvements, furniture and equipment comprise the following:**

(In millions of Mexican pesos)

| | Lease Improvements | Transportation equipment | Computer equipment | Furniture and fixtures | Office Equipment | Electrical Installations | Plant and Machinary | Total |
|---|---|---|---|---|---|---|---|---|
| **Gross block as of January 1, 2022** | 122.65 | 0.68 | 234.76 | 40.53 | 87.42 | 73.60 | 17.80 | 577.45 |

MXN 128.85 has been capitalised and transferred to property, plant and equipment during the year ended December 31, 2021

**ii.Intangible assets**

***i. Other intangible assets***

Other intangible assets that are acquired by the Company and have defined useful lives are recorded at cost less accumulated amortisation.

**ii. Amortisation**

The amortisation is calculated on the cost of the asset or other amount that replaces cost, less the residual value. The amortisation is recognised in the statement of income under the straight-line method based on the estimated useful life of the intangible assets, other than goodwill, from the date they are available for use, this reflects the expected usage pattern of the future economic benefits included in the asset. The estimated useful lives for the current and comparative periods are as shown follow:

## Notes forming part of the Financial Statements

- **Software for internal use** **3 years**

  The amortisation methods, useful lives and residual values of intangible assets are reviewed at the end of each year and adjusted if necessary.

## 10. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

1. Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.

2. Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

3. In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.

4. Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customization services rendered significantly modifies or customizes the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method ..

5. Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.

6. The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

   Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

   The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

   Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of license, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing to customers follow different schedules based upon the nature and type of goods and services being transferred. The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

Revenue disaggregation by industry vertical is as follows:

(In millions of Mexican pesos)

| **Industry Vertical** | **For the year ended December 31, 2022** | **For the year ended December 31, 2021** |
|---|---|---|
| Banking, Financial & Insurance | **5,018.71** | 4,088.09 |
| Retail and Consumer Products | **1,553.16** | 1,226.33 |
| Manufacturing | **668.46** | 426.85 |
| Consumer, Media and Technology | **622.44** | 731.44 |
| Others | **2,129.22** | 1,368.09 |
| **Total** | **9,991.99** | 7,840.80 |

Revenue disaggregation by geography is as follows:

(In millions of Mexican pesos)

| **Geography** | **For the year ended December 31, 2022** | **For the year ended December 31, 2021** |
|---|---|---|
| America | **9,467.83** | 7,394.45 |
| Europe | **231.55** | 201.77 |
| Others | **292.61** | 244.58 |
| **Total** | **9,991.99** | 7,840.80 |

## Notes forming part of the Financial Statements

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has applied practical expedient of not disclosing the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is MXN 4,642.91 out of which 63.12 % is expected to be recognised as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Activity in contract assets is given as below:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Opening balance | **78.41** | 40.23 |

| +/- Translation | **(2.48)** | 0.16 |
| **Closing balance** | **179.71** | 78.41 |

Activity in contract liabilities is given as below:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Opening balance | **(144.44)** | (82.14) |
| (-) Revenue recognised that was included in the contract liability balance at the beginning of the period | **141.24** | 72.98 |
| +/ (-) Increase due to invoicing during the year, excluding amounts recognised as revenue during the year | **(126.01)** | (133.21) |
| +/- Translation | **4.70** | (2.07) |
| **Closing balance** | **(124.51)** | (144.44) |

### 11. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their nature in the following categories:

The costs of the Company are broadly categorised into employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licenses, communication expenses and other expenses.

**Other operating expense**

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Fees to external consultants and others | **627.31** | 525.23 |
| Facility expense | **56.36** | 47.14 |
| Travel expense | **39.90** | 23.35 |
| Communication expense | **62.48** | 63.55 |
| Project Expense | **8.25** | 3.37 |
| Bad debts and advances written off, allowance for doubtful trade receivable and advances (net) | **0.31** | 0.52 |
| Expenses for administrative services | **0.10** | 0.10 |
| Other expenses | **277.85** | 179.94 |
| **Total** | **1,072.56** | 843.20 |

**Expense by function**

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Cost of revenue | **7,144.42** | 5,427.24 |
| Selling, general and administrative expenses | **1,270.02** | 943.64 |
| **Total** | **8,414.45** | 6,370.88 |

## 12. EMPLOYEE BENEFITS

**Retirement benefits costs from termination benefits**

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur.

Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be re-classified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements).
- Remeasurement

The Company presents the first two components of defined benefit costs in profit or loss. Gains and losses for reduction of service are accounted for as past service costs.

The retirement benefit obligation recognised in the statement of financial position represents the actual deficit or surplus in the Company's defined benefit plans.

## Notes forming part of the Financial Statements

Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

**Short-term and other long-term employee benefits**

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Employee benefit expense consists of the following:

(In millions of Mexican pesos

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Salaries, incentives and allowances | **5,905.23** | 4,412.00 |
| Contribution to provident and other funds | **1,133.80** | 830.84 |
| Staff welfare expenses | **124.25** | 89.89 |
| | **7,163.28** | 5,332.73 |

Employee benefit obligations consists of the following:

(In millions of Mexican pesos)

| **Employee benefit obligations** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Defined benefit obligation | **192.01** | 157.92 |
| Employee statutory profit sharing | **186.98** | 194.30 |
| Liabilities for social securities contributions | **108.51** | 80.06 |
| Liability for long service leave | **195.33** | 157.47 |
| Bonus accrual | **10.47** | 6.04 |
| Total employee benefit obligations | **693.31** | 595.79 |
| Current | **501.29** | 437.87 |
| Non-current | **192.01** | 157.92 |
| | **693.31** | 595.79 |

**a. Defined contribution plans**

The Company manages a plan that covers seniority premiums for all staff working in Mexico, which consists of a single payment of 12 days per year worked based on final salary, not to exceed twice the minimum wage established by law. The related liability and annual cost of benefits is calculated by an independent actuary using the method of projected unit credit.

The plans typically expose the Entity to actuarial risks as investment risk, Interest rate, longevity and salary.

| | |
|---|---|
| Interest risk | A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments. |
| Longevity risk | The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability. |
| Salary risk | The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. |

No other post-retirement benefits are provided to these employees.

The most recent actuarial valuation of the present value of the defined benefit obligation were carried out as of December 31, 2022 and 2021 by Independents actuaries, who are members of the Institute of Actuaries of Mexico. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Discount rates | **9.40%** | 8.30% |
| Inflation long term rates | **4.64%** | 4.64% |
| Salaries increase rates | **5.20%** | 5.20% |

Amounts recognised in comprehensive income in respect of these defined benefit plans are as follows:

(In millions of Mexican pesos

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Remeasurement in Defined Benefit Obligation | **11.79** | 40.22 |
| **Total Other Comprehensive Income** | **11.79** | 40.22 |

Activity in the present value of the defined benefit obligation was as follows:

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Personnel Transferred | **102.84** | 106.33 |
| Current service cost | **115.33** | 68.54 |
| Financial cost | **22.57** | 9.77 |
| Benefits paid during the year | **(5.99)** | (5.03) |
| Actuarial obligation (income) / loss | **(44.01)** | (17.05) |
| Prior Service Cost (Seniority recognition) | **1.26** | - |
| Net liability arising from defined benefit obligation | **192.00** | 162.56 |

## Notes forming part of the Financial Statements

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

If the discount rate is 1.00 basis points higher (lower), the defined benefit obligation would decrease by MXN 25.13 (increase by MXN 30.65).

If the expected salary growth increases (decreases) by 1.00, the defined benefit obligation would increase by MXN 25.77 (decrease by MXN 21.64).

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the statement of financial position.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

## 13. OTHER INCOME

**Finance income and cost, and other gains, (losses)**

**Interest income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

**Finance cost**

Financial costs include interest expenses on loans. The loan costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in income using the effective interest method.

**a. Finance and other income**

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Interest income on bank deposits | **10.04** | 1.98 |
| Sublease Rent - Misc Income | **1.17** | 1.16 |
| Interest revenue - Other Deposits | **0.57** | 0.52 |
| Interest income on loans | **0.59** | 0.42 |
| **Total** | **12.37** | 4.08 |

**b. Finance cost**

|---|---|---|
| Lease Interest | **15.28** | 15.85 |
| Others | **270.09** | 219.44 |
| **Total** | **285.37** | 235.29 |

**c. Other (losses)/ gains**

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Net foreign exchange (loss) / gain | **(84.82)** | 9.14 |
| Others | **5.86** | 4.18 |
| **Total** | **(80.18)** | 13.32 |

## 14. INCOME TAXES (IT)

Income tax expense represents the sum of the tax currently payable and deferred tax.

1. Current tax

Current income tax ("ISR") is recognised in the results of the year in which is incurred.

2. Deferred tax

Deferred income taxes are recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred IT assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

A deferred tax loss carry forward asset, tax credits and deductible temporary differences are recognised to the extent that it is likely that taxable income may be available in the future against which they can be applied. The deferred assets are reviewed as of the reporting date and are reduced to the extent that the realisation of the corresponding tax benefit is no longer probable.

IT Law effective as of January 1, 2014 imposes an IT rate of 30% for 2014 and thereafter.

**The income tax expense consists of the following:**

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Current income tax expense | **701.59** | 801.88 |
| Deferred income tax | **(20.89)** | (144.02) |
| **Total** | **680.70** | 657.86 |

## Notes forming part of the Financial Statements

Income tax expense attributable to income before income taxes, differed from the amounts computed by applying the Mexican statutory rates of 30% IT to income before income taxes, as a result of the items shown below:

(In millions of Mexican pesos)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Income before income taxes | **1,224.36** | 1,066.24 |
| Income tax rate | **30%** | 30% |
| Expected income tax expense | **367.31** | 375.87 |
| Tax pertaining to prior years [1] | **369.45** | 270.31 |
| Non Deductable | **59.48** | 125.39 |
| Inflation Adjustment | **(220.60)** | (208.93) |
| Non-deductible payroll | **65.82** | 92.42 |
| Other Non deductible | **39.24** | 2.80 |
| | **680.70** | 657.86 |

[1] Direct review provision. As noted in footnote 13 c), the Company was subject to an audit from the Tax Administration Service ("SAT" or "Tax Authority"). During 2022 the company signed conclusive agreements with the Mexican Tax Authorities for the years 2015 and 2014 respectively, on the basis of which, the company paid in November 2022, MXN 203.3 for 2014 and MXN 545.1 for 2015 (amounts include surcharges and inflation)

The tax effects of temporary differences that give rise to significant portions of the deferred income tax assets and liabilities, are presented below:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| **Deferred income asset:** | | |
| Advance payments | **96.59** | 42.34 |

### 3 Employee profit sharing (PTU)

For the year ended December 31, 2022 and 2021, the Company generated a tax base for employee profit sharing of MXN 145.25 and MXN 170.83 respectively.

**Direct tax contingencies**

a) In accordance with Mexican tax law, the tax authorities are empowered to examine transactions carried out during the five years prior to the most recent income tax return filed.

b) In accordance with the IT Law, companies carrying out transactions with related parties are subject to certain requirements as to the determination of prices, which should be similar to those that would be used in arm's-length transactions.

Should the tax authorities examine the transactions and reject the related-party prices, they could assess additional taxes plus the related inflation adjustment and interest, in addition to penalties of up to 100% of the omitted taxes.

c) **Tax Contingencies Note in TMCV Financials of FYE 2020 (pertaining to FYE 2013)**

On September 11, 2019, the company has received a notification from the Tax Authority determining a tax debit for the amount of MXN 838.09 for income tax and value added tax, update surcharge and fines, corresponding to fiscal year 2013, as well as an alleged omission in the provisional income tax payment for certain months corresponding to fiscal years 2014 and 2015.

In the opinion of the internal and external lawyers of the Company approximately a part of this tax debit is unduly determined by the tax authority, among other reasons, because the authority is including the omitted amounts payment of MXN 120 made by the Company on September 2, 2019 correcting its tax situation. Such amount was determined on the conclusive agreement between the Company and the Mexican Tax Authorities signed before the Taxpayer Defense Office (PRODECON). In consequence, on September 2, 2019, the Company submitted the complementary tax filings with the corresponding corrections. The Company has also submitted similar complimentary tax filling for the period Jan-Feb 2014, correcting the fiscal situation amounting to MXN 9.6.

On October 24, 2019, an appeal for revocation was filled against said resolution before the Central Administration of the Contentious of Large Taxpayers of the Tax Administration Service.

On December 5, 2019, the Company presented the information requested in the SAT notification.

Currently, the appeal for revocation is under study by the officials of the Central Administration of the Contentious of Large Taxpayers of the Tax Administration Service. In case of obtaining an unfavorable resolution, the Company will file an annulment petition before the Federal Court of Administrative Justice, against the decision of the tax credit.

As a result of management's evaluation, the Company decided to recognise a provision of MXN 232.2 during 2019, pertaining to income tax from the observations from the Tax Authority. For the remaining matter of observation from the Tax Authority, the Company has evaluated that the ultimate outcome of the matter cannot be determined presently and, accordingly, no provision for any effects on the Company that may result has been made in the financial statements. During 2020, 2021 and 2022 the Company has not made any additional provision related to this matter.

**d. Tax Contingencias Note for FYE 2014 / 2015**

During 2021 the company has received notifications from the Tax Authority determining a tax debit for income tax, update and surcharge corresponding to fiscal years of 2014 and 2015, and for VAT and related update and surcharge corresponding to fiscal year 2015.

On November 25, 2022 and November 30,2022, the company singed conclusive agreements with the Mexican Tax Authorities for the years 2015 and 2014 respectively, on the basis of which, the company paid in November 2022, MXN 203.3 for 2014 and MXN 545.1 for 2015.

For the year 2015, the Mexican Tax Authorities, contended that VAT should be charged on exports. Based on legal opinion obtained for this issue, the Company believes that there is sound legal basis for obtaining a ruling in its favor from the Courts and hence, excluded this issue from the conclusive agreement. Accordingly, no provision has been made in the financial statements for this issue.

TCS Mexico has received Tax Audit Notices for the years 2016 on Feb 9th, 2021 and 2017 on August 12th 2022. As a result of management's evaluation, the Company decided to maintain a total provision of MXN 344.6 Mn. in 2022.

## 15. BUSINESS AND CREDIT CONCENTRATION

For the years ended at December 31, 2022 and 2021, consultancy services rendered to related parties represented 73% and 74%, respectively of the Company's total consultancy service revenue.

For the years ended at December 31, 2022 and 2021, purchase of services from a related party represented 8% and 7%, respectively of the Company's total operating expenses.

## 16. CONTINGENCIES AND COMMITMENTS

Liabilities for loss contingencies are recorded when it is probable that a liability has been incurred and the amount thereof can be reasonably estimated. When a reasonable estimation cannot be made, disclosure is provided in the notes to the financial statements. Contingent revenues, earnings or assets are not recognised until realisation is assured.

1 The Company has entered into service agreements with related parties, under which these companies provide technical assistance services necessary for the Company's operations. These agreements are for a period ending on December 2022. Total payments under these agreements, reported under administrative expenses, were MXN 667.84 in 2022 and MXN 571.16 in 2021.

2 The Company is involved in a number of lawsuits and claims arising in the normal course of business. It is expected that the final outcome of these matters will not have significant adverse effects on the Company's financial position and income (loss).

3 Claims aggregating MXN 17.47 and MXN 10.53 as at December 31, 2022 and 2021 respectively against the Company, have not been acknowledged as debts.

4 The Company has contractually committed (net of advances) MXN 35.91 as at December 31, 2022 and MXN 9.46 as at December 31, 2021 for purchase of equipment.

## 17. RELATED PARTY DISCLOSURE

The Company does not have business operations with members of management and close relatives outside operations at arm's length and available to the general public and for non-significant amounts.

**For the year ended**
**December 31, 2022 and 2021**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

# INDEPENDENT AUDITOR'S REPORT

**TO THE PARTNERS OF**
**MGDC S. C.**

## Opinion

We have audited the accompanying financial statements of MGDC, S.C., (the "Company"), which comprise the statements of financial position as of December 31, 2022 and 2021, and the statements of comprehensive income, changes in the partner's equity and cash flows, for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of MGDC, S.C., as of December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended, in conformity with International Financial Reporting Standards (IFRSs), issued by the International Accounting Standards Board (IASB).

## Basis for opinion

We conducted our audits in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report, and the related "Exhibit". We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Mexico in accordance with the Instituto Mexicano de Contadores Públicos A.C.'s Code of Professional Ethics (IMCP Code) and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA and IMCP Codes. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, or otherwise, making the appropriate disclosures.

Those charged with governance are responsible for overseeing the Company´s financial reporting process.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of MGDC, S.C., as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**SALLES, SAINZ – GRANT THORNTON, S. C.**

Mexico City, Mexico
**March 9, 2023**

C.P.A. Fernando Robles Garibay

**Additional description of our responsibilities regarding the audit of the financial statements**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a true and fair view.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Notes forming part of the Financial Statements

### 1. REPORTING ENTITY

MGDC S.C. (the "Company") is a subsidiary of TCS Uruguay S.A. and TATA Consultancy Services Argentina S.A. Its main activity is to provide administrative services mainly to its related parties. It was incorporated as a Civil Society in accordance with Mexican law, on March 16, 2007, with a duration of 99 years, its main business center is located at Camino el ITESO No. 8699, Colonia El Mante, C.P. 45609 in the municipality of Tlaquepaque, Guadalajara, Jalisco.

**Authorization**

On March 9, 2023 Mr. Claudio Yukio Yoshida (Finance Director) and Rajeev Gupta (Country Head) authorized the issuance of the accompanying financial statements and related notes thereto.

In accordance with the General Corporations Law and the bylaws of MGDC S.C., the partners' are empowered to modify the financial statements after issuance. The accompanying financial statements will be submitted to the next Partners' Meeting for approval.

**A)** The Company incurred a net loss of $193 million of pesos during the year ended December 31, 2021 and accumulated deficit of $64.98 million as of that date, due to onetime events related to provisions for tax contingencies, a lawsuit lost and others. The Company's current liabilities exceeded its total assets by $60.57 million.

The Management has evaluated the significance of these events, the financial and operational aspects that may impact the future performance of the company as well as the nature and condition of the business. The Management concluded that these events are unlikely to repeat in the foreseeable future. Considering that there have not been any changes to the Company's market, strategy and operations, it is reasonable to expect that it will continue generating profits in the coming years.

To cover the referred financial need it has been approved the funding of MXN 189.6 Mn. by a combination of debt and capital infused, in the following proportion:

**(a)** Loan for USD 1 Mn. to be paid in 5 years at an annual interest rate of 4.5% annual. The loan would be provided by TCS Solution Center S.A.

**(b)** Capital infusion of MXN 169.6 Mn.

Due to current restrictions on outflow of foreign currency from Argentina, the contribution would be made by its majority Partner TCS Uruguay S.A only.

### 2. STATEMENT OF COMPLIANCE

The accompanying financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), issued by International Accounting Standard Board (IASB).

### 3. BASIS OF PREPARATION

These financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value or amortized cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows have been prepared using indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Mexican Pesos. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

***Functional and reporting currency***

The aforementioned financial statements are presented in Mexican pesos (reporting currency), which is the same as the local currency and the functional currency.

To determine the functional currency, management assesses the economic environment in which it primarily generates and disburses cash. For this, factors related to sales, costs, sources of financing and cash flows generated by the operation are considered.

As of December 31, 2022 and 2021, the peso/dollar exchange rates were $19.50 and $20.42, respectively. Unless otherwise indicated, all financial information presented in pesos has been rounded to the nearest millions. When referring to "US" or dollars, it refers to amounts expressed in millions of dollars of the United States of America or U.S.D, when referring to "EUR" means millions of Euro, "CAD" means millions Canadian dollar, "BRL" means millions of Brazilian real, "UYU" means millions of Uruguayan Peso, and "COP" means millions of Colombian peso.

***Foreign currency***

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of execution or settlement. Monetary assets and liabilities denominated in foreign currency are translated at the exchange rate in force at the statement of financial position date. Exchange differences arising from assets and liabilities denominated in foreign currencies are reported on the statement of comprehensive income.

***Prepayments***

Mainly include prepayments for the purchase of services that are received after the date of the statement of financial position and in the ordinary course of operations.

***Presentation of statement of cash flows***

The statements of cash flows of the Company are presented using the indirect method.

## 4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

### (a) Useful lives of leasehold improvements, furniture and equipment

The Company reviews the carrying amount of leasehold improvement, furniture and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

### (b) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

## Notes forming part of the Financial Statements

**(c) Valuation of deferred tax assets**

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy has been explained under note number 13.

**(d) Provisions and contingent liabilities**

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at the end of each reporting period adjusted to reflect the current best estimates. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Contingent liabilities are not recognized in the financial statements. Contingent assets are neither recognized nor disclosed in the financial statements.

**(e) Employee benefits**

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

**(f) Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### 5. NATURE AND PURPOSE OF RESERVES

***Statement of comprehensive income presentation***

The Company opted for reporting comprehensive income in a single statement that includes all the items that comprise net income or loss and other comprehensive income (OCI), entitled "Statement of Comprehensive Income". Additionally, the "Operating (loss) profit" line item is included, which results from subtracting the cost of sales and expenses from total revenues, as this line item is considered to provide a better understanding of the Company's economic and financial performance.

Given that the Company is a service entity, ordinary costs and expenses are presented based on their nature, as the information so reported is clearer.

***Partners' equity***

Partner contributions are classified in partners' equity.

### 6. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1] |

[1]Effective for annual periods beginning on or after January 1, 2023.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

## 7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

***Cash and cash equivalents***

MGDC S.C. considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Back to content

## Notes forming part of the Financial Statements

***Financial assets at amortized cost***

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

***Financial assets at fair value through other comprehensive income***

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

***Financial assets at fair value through profit or loss***

Financial assets are measured at fair value through profit or loss unless they are measured at amortied cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

***Financial liabilities***

Financial liabilities are measured at amortized cost using the effective interest method.

***Equity instruments***

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received net of direct issue cost.

***Impairment of financial assets (other than at fair value)***

The Company assesses at each date of statement of financial position whether a financial asset or a Company of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**IFRIC 23 Interpretation Uncertainty over Income Tax Treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

**Application of IFRIC 23**

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

**a. Cash and cash equivalents**

Cash and cash equivalents consists of the following:

Back to content

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Current account balances with banks | **27.34** | 9.11 |
| Bank deposits (original maturity less than three months ) | **35.00** | - |
| **Total** | **62.34** | 9.11 |

As of December 31, 2021 and 2020 there is no restricted cash.

The Company discloses in Note 7 (f) the sensitivity analysis for financial assets and liabilities.

**b. Related parties**

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables | **17.32** | 6.03 |
| **Total** | **17.32** | 6.03 |

Trade receivables include balances with related parties (Refer note 17).

**c. Other financial assets**

Other financial assets consist of the following:

**a) Other financial assets-current**

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Employee loans and advances | **0.76** | 6.62 |
| Fair value of foreign exchange derivative assets | **0.03** | - |
| Other Deposits | **-** | 0.16 |
| **Total** | **0.79** | 6.78 |

**b) Other financial assets-non-current**

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Deposits for premises | **0.42** | 0.36 |
| Other Deposits | **0.39** | 0.39 |
| **Total** | **0.81** | 0.75 |

## Notes forming part of the Financial Statements

**d. Financial instruments by category**

The fair values of the following financial assets and financial liabilities as at December 31, 2022 and December 31, 2021 approximate the carrying amounts due to short term maturities of these instruments:

(In millions of Mexican pesos)

| | As of December 31, 2022 | | As of December 31, 2021 | |
|---|---|---|---|---|
| | Amortised cost | Total carrying value | Amortised cost | Total carrying value |
| **Financial assets:** | | | | |
| Cash | **62.34** | **62.34** | 9.11 | 9.11 |
| Trade receivables | **17.32** | **17.32** | 6.03 | 6.03 |
| Other financial assets | **1.60** | **1.60** | 7.52 | 7.52 |
| **Total** | **81.26** | **81.26** | 22.66 | 22.66 |
| **Financial liabilities:** | | | | |
| Trade and other payables | **29.53** | **29.53** | 48.33 | 48.33 |
| Leaseliabilities | **-** | **-** | 2.28 | 2.28 |
| Other financial liabilities | **1.82** | **1.82** | 0.70 | 0.70 |
| **Total** | **31.35** | **31.35** | 51.31 | 51.31 |

Carrying amounts of cash, trade receivables and trade payables as at December 31, 2022 and 2021 approximate the fair value. Difference between carrying amounts and fair values of other financial assets, other financial liabilities subsequently measured at amortized cost is not significant in each of the years presented.

**e. Fair value hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**f. Financial risk management**

MGDC. S.C. is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The company has a risk management policy which covers risks associated with the financial assets and liabilities.

***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

*Foreign currency exchange rate risk*

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss, other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency the Company.

(In millions of Mexican pesos)

| | 2022 | |
|---|---|---|
| | USD | EUR |
| **Net financial assets** | **25.48** | **-** |
| **Net financial liabilitites** | **15.73** | **-** |

(In millions of Mexican pesos)

| | 2021 | |
|---|---|---|
| | USD | EUR |
| Net financial assets | 3.53 | 0.02 |
| Net financial liabilitites | 0.17 | - |

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of MGDC, S. C. would result in decrease / increase in the Company's profit before tax by approximately MXN 9.74 for the year ended December 31, 2022 and MXN 3.38 for the year ended December 31, 2021 respectively.

*Interest rate risk*

The Company is not exposed to interest rate risk.

*Credit risk*

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was MXN 81.26 and MXN 22.66 as of December 31, 2022 and December 31, 2021, respectively being the total of the carrying amount of cash and cash equivalents, trade receivables and other financial assets. Cash and cash equivalents are held with bank with high credit ratings. As at December 31, 2022, there were no indications that any defaults will occur on trade receivables or other financial assets.

MGDC S.C's total revenue is inter-company and hence there is no credit risk.

*Liquidity risk*

Liquidity risk refers to the risk that MGDC S.C. cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

## Notes forming part of the Financial Statements

MGDC S.C. consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due. MGDC S.C. does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to lease liabilities as and when they fall due.

The table below provides details regarding the contractual maturities of significant financial liabilities:

(In millions of Mexican pesos)

| | Due in 1st year | Total |
|---|---|---|
| **December 31, 2022** | | |
| **Non-derivative financial liabilities:** | | |
| Trade and other payables | **29.53** | **29.53** |
| Other financial liabilities | **1.82** | **1.82** |
| **Total** | **31.35** | **31.35** |
| **December 31, 2021** | | |
| **Non-derivative financial liabilities** | | |
| Trade and other payables | 48.31 | 48.31 |
| Lease liabilities | 2.36 | 2.36 |
| Other financial liabilities | 0.70 | 0.70 |
| **Total** | 51.37 | 51.37 |

*Other risk*

Financial assets of MXN 62.34 as at December 31,2022 carried at amortised cost is in the form of cash and cash equivalents, bank deposits and earmarked balances with banks where the Company has assessed the counterparty credit risk. Trade receivables of MXN 17.32 as at December 31,2022 forms a significant part of the financial assets carried at amortised cost which is valued at cost as the receivables are entirely intercompany receivables.

### g. Partners' capital

#### a) Structure of partners' capital

As of December 31, 2021, partners' capital fully issued and paid is represented by 2 social portions with a value per part equivalent to 49,500 pesos and 500 pesos, each, in total the value of the capital was 50,000 pesos.

In the Extraordinary Partners´ Meeting held on March 23, 2022 was approved to increase the capital of the Company in the amount of $169.60, which was fully issued and paid. As of December 31, 2022, partners´ capital is represented by 2 social portions with a value per part equivalent to 169,649,500 pesos and 500 pesos, each, in total 169,650,000 pesos."

#### b) Other Comprehensive income (OCI)

At December 31, 2022 and 2021 OCI are comprised as follows:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Opening balance | **(20.31)** | (20.82) |
| Remeasurement of defined plan obligations | **1.33** | 0.51 |
| Closing balance | **(18.98)** | (20.31) |

**c) Restriction in Partners' capital**

In accordance with the General Corporations Law, five percent of net income for the year must be appropriated to the statutory reserve, until it reaches one-fifth of share capital. As of December 31, 2022 has not been constituted.

Retained earnings and other partner's contributions, on which no income tax has been paid, are subject to income taxes in the event of distribution, at the rate of 30%, payable by the Company; consequently, the stockholders may only receive 70% of such amounts.

Partners contributions may be refunded to the stockholders tax-free, to apply that exemption, such contributions must be equal or less of the balance of the Contributed Capital Account (CUCA for its Acronym in Spanish). As of December 31, 2022, and 2021, the CUCA amount is in process of being updated.

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

**d) Dividend**

Distribution of dividends or profits to the shareholders that come from the CUFIN, will not generate income tax to legal entities resident in the country, until the said account has exhausted balance. Dividends paid to individuals and legal entities resident abroad, on profits generated from January 1, 2014 and onwards, are subject to a 10% tax, which has the character of final payment.

As of December 31, 2022, and 2021 the restated balance of the CUFIN account (Net taxable income account or CUFIN for its Acronym in Spanish), is $609.26 and $632.28 pesos, respectively.

## 8. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by

## Notes forming part of the Financial Statements

increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognizes the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

**Liabilities for financial leases**

| Lease Liabilities | Currency | Nominal Interest rate | Lease Start date | Lease end date | Years | Nominal value | Book value |
|---|---|---|---|---|---|---|---|
| Inmobiliaria Graciela Sc | MXN | 8.08% | 1-Jan-20 | 31-Dec-22 | 3 | 2.36 | 2.28 |

The details of the right- of – use asset held by the Company is as follows:

(In millions of Mexican pesos)

| | Additions for the year ended December 31, 2022 | Net carrying amount as at December 31, 2022 |
|---|---|---|
| Building | **0.15** | **-** |
| **Total** | **0.15** | **-** |

(In millions of Mexican pesos)

| | Additions for the year ended December 31, 2021 | Net carrying amount as at December 31, 2021 |
|---|---|---|
| Building | 0.14 | 2.11 |
| Building - Security deposit | 0.01 | 0.03 |
| **Total** | 0.15 | 2.14 |

Depreciation on right – of – use asset is as follows:

(In millions of Mexican pesos)

| | year ended December 31, 2022 | year ended December 31, 2021 |
|---|---|---|
| Building | **2.26** | 2.11 |
| Building - Security deposit | **0.03** | 0.09 |
| **Total** | **2.29** | 2.20 |

Interest on lease liabilities is MXN 00.09 and MXN 0.26 for the year ended on December 31, 2022 and December 31, 2021. During the year ended 2022 and 2021 company has not incurred any expenses relating to short-term leases and leases of low-value assets.

The total cash outflow on leases recognized in the statements of cash flows is MXN 2.52 and MXN 2.26 for December 31, 2022 and December 31, 2021 respectively.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

There are no property leases that contain extension options.

## 9. NON-FINANCIAL ASSETS AND LIABILITIES

### a. Leasehold improvements, furniture and equipment

Improvements to leased buildings are carried at cost. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

The furniture and equipment are stated at cost less accumulated depreciation.

Depreciation is calculated on the amount susceptible to depreciation, corresponding to the cost of an asset, or another amount that replaces the cost.

Depreciation is recognized in the statement of comprehensive income using the straight-line method according to the estimated useful life of each component of an item of furniture and equipment, since this better reflects the usage pattern expected of the future economic benefits included in the asset. Leased assets are depreciated for the duration of the lease or the useful life of the assets, whichever is lower, unless there is reasonable certainty that the Company will acquire ownership of the leased assets at the end of the lease.

The annual depreciation rates of the assets as follows:

| | % average rate of depreciation |
|---|---|
| Improvements to leased buildings | 5 – 10 |
| Office furniture and equipment | 20 |
| Computers and equipment | 25 |

Minor repairs and maintenance costs are expensed as incurred.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

**Subsequent expenditures**

Expenditures for repairs and modifications or improvements that prolong the useful life of the assets beyond the originally estimated, which allows the entity to obtain future economic benefits that can be measured reliably, are capitalized as fixed assets.

***Impairment of Non-financial assets***

**Tangible and intangible assets**

Leasehold improvements, furniture and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

## Notes forming part of the Financial Statements

**Leasehold improvements, furniture and equipment comprise the following:**

(In millions of Mexican pesos)

| | Leasehold improvements | Computer equipments | Furniture and office equipment | Total |
|---|---|---|---|---|
| **Gross block as at January 1, 2022** | **52.65** | **36.70** | **61.25** | **150.60** |
| Purchases | **-** | **-** | **-** | **-** |
| **Gross block as at December 31, 2022** | **52.65** | **36.70** | **61.25** | **150.60** |
| **Accumulated depreciation as at January 1, 2022** | **49.30** | **36.45** | **56.34** | **142.09** |
| Depreciation for the year | **3.21** | **0.16** | **1.23** | **4.60** |
| **Accumulated depreciation as at December 31, 2022** | **52.51** | **36.61** | **57.58** | **146.69** |
| **Net carrying amount as at December 31, 2022** | **0.14** | **0.09** | **3.68** | **3.91** |
| Capital work-in-progress | | | | **0.15** |
| **Total** | | | | **4.06** |

(In millions of Mexican pesos)

| | Leasehold improvements | Computer equipments | Furniture and office equipment | Total |
|---|---|---|---|---|
| **Gross block as at January 1, 2021** | 52.65 | 36.70 | 59.88 | 149.23 |
| Purchases | - | - | 1.37 | 1.37 |
| **Gross block as at December 31, 2021** | 52.65 | 36.70 | 61.25 | 150.60 |
| **Accumulated depreciation as at January 1, 2021** | 45.79 | 36.15 | 55.05 | 136.99 |
| Depreciation for the year | 3.51 | 0.29 | 1.30 | 5.10 |
| **Accumulated depreciation as at December 31, 2021** | 49.30 | 36.45 | 56.34 | 142.09 |
| **Net carrying amount as at December 31, 2021** | 3.36 | 0.25 | 4.90 | 8.51 |
| Capital work-in-progress | | | | - |
| **Total** | | | | 8.51 |

*MXN 1.37 has been capitalised and transferred to property, plant and equipment during the year ended December 31, 2021.

Capital work in progress mainly include investments in equipment for the normal operation of MGDC employees, there is no investment in delivery centers.

b. Intangible assets

### i. Other intangible assets

Other intangible assets that are acquired by the Company and have defined useful lives are recorded at cost less accumulated amortization.

### ii. Amortization

The amortization is calculated on the cost of the asset or other amount that replaces cost, less the residual value.

The amortization is recognized in the statement of comprehensive income under the straight-line method based on the estimated useful life of the intangible assets, other than goodwill, from the date they are available for use, this reflects the expected usage pattern of the future economic benefits included in the asset. The estimated useful lives for the current and comparative periods are as shown follow:

| | |
|---|---|
| **Software for internal use** | **3 years** |

The amortization methods, useful lives and residual values of intangible assets are reviewed at the end of each year and adjusted if necessary.

(In millions of Mexican pesos)

| | Software licenses | Total |
|---|---|---|
| **Cost as at January 1, 2022** | **3.10** | **3.10** |
| Addition during the year | **-** | **-** |
| Disposal during the year | **-** | **-** |
| **Gross block as at December 30, 2022** | **3.10** | **3.10** |
| **Accumulated amortisation as at January 1, 2022** | **3.10** | **3.10** |
| Amortisation for the year | **-** | **-** |
| Disposal during the year | **-** | **-** |
| **Accumulated amortisation as at December 31, 2022** | **3.10** | **3.10** |
| **Net carrying amount as at December 31, 2022** | **-** | **-** |

(In millions of Mexican pesos)

| | Software licenses | Total |
|---|---|---|
| **Cost as at January 1, 2021** | 3.10 | 3.10 |
| Addition during the year | 0.01 | 0.01 |
| Disposal during the year | - | - |
| **Gross block as at December 31, 2021** | 3.11 | 3.11 |
| **Accumulated amortisation as at January 1, 2021** | 3.10 | 3.10 |
| Amortisation for the year | - | - |
| Disposal during the year | - | - |
| **Accumulated amortisation as at December 31, 2021** | 3.10 | 3.10 |
| **Net carrying amount as at December 31, 2021** | 0.01 | 0.01 |

## Notes forming part of the Financial Statements

### c. Other assets

Other assets are comprised as follows:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Advance to suppliers | **-** | 22.45 |
| Prepaid expenses | **0.06** | 2.73 |
| Tax Credit Entitlements | **78.80** | 95.04 |
| Other advances, Gross | **0.81** | 0.95 |
| **Total** | **79.67** | 121.17 |
| Allowance for doubtful accounts* | **(20.00)** | - |
| **Total** | **59.67** | 121.17 |

* During 2022 the company has recognized an allowance for doubtful accounts until the process of submission of returns to claim creditable VAT is finalized.

### d. Trade and other payables

Trade and other payable consist of the following:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payable | **8.56** | 10.47 |
| Accrued expenses | **2.65** | 22.24 |
| Other | **18.32** | 15.62 |
| **Total** | **29.53** | 48.33 |

### e. Other liabilities

Other liabilities consist of the following:

(In millions of Mexican pesos)

| **Other liabilities-current** | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Advance received from customers | **-** | 20.40 |
| Indirect tax payable and other statutory liabilities | **3.59** | 16.42 |
| **Total** | **3.59** | 36.82 |

## 10. REVENUE RECOGNITION

The Company earns revenue by providing staffing solutions in the form of manpower services to its customer (being a related party), relating to various fields of operations of the customer.

The Company has a single performance obligation to provide manpower services to its customer. Revenue is recognized upon transfer of services to the customer in an amount that reflects the consideration which the Company expects to receive in exchange for those services based on the expected cost plus margin approach, in accordance with the terms of the underlying arrangement. Billings are made in accordance with the terms of the contract with the related party, which is generally on a monthly basis.

The Company has applied practical expedient to recognize revenue for services in proportion to the amount it has right to invoice the customer in accordance with the terms of the arrangement.

Revenue excludes taxes collected from customers.

All the revenue is derived from the customer in Ibero America.

## 11. COST RECOGNITION

Costs and expenses are recognized when incurred and have been classified according to their nature in the following categories:

The costs of the Company are broadly categorized into employee benefit expense, depreciation and amortization and operation and other expense. Employee benefit expenses include employee compensation, allowances, contribution to various funds and staff welfare expenses. Operation and other expense mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licenses, communication expenses and other expenses.

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Fees to external consultants and others | **7.94** | 10.77 |
| Facility expenses | **5.06** | 5.03 |
| Other expenses | **28.88** | 53.05 |
| **Total** | **41.88** | 68.85 |

**Expense by function**

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Cost of revenue | **5.40** | 8.28 |
| Selling, general and administrative expenses | **152.66** | 172.35 |
| **Total** | **158.06** | 180.63 |

## 12. FINANCIAL INCOME, COST AND OTHER GAINS (NET)

### a. Finance and other income

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly

## Notes forming part of the Financial Statements

discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Interest income on bank deposits | **1.27** | 0.01 |
| Rental revenue | **-** | 2.63 |
| Others | **0.03** | 0.03 |
| **Total** | **1.30** | 2.67 |

b. **Finance costs**

Financial costs include interest expenses on loans. The loan costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in income using the effective interest method.

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Interest on lease liabilities | **0.09** | 0.26 |
| Other interest costs | **(12.01)** | 82.99 |
| **Total** | **(11.92)** | 83.25 |

c. **Other gains, (net)**

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Net gain on disposal of property, plant and equipment | **-** | 0.11 |
| Net foreign exchange gain | **0.66** | 2.58 |
| Others | **0.13** | 3.09 |
| **Total** | **0.79** | 5.78 |

## 13. INCOME TAXES (IT) AND EMPLOYEE STATUTORY PROFIT SHARING (ESPS)

Income tax expense represents the sum of the tax currently payable and deferred tax.

1. **Current tax**

Current income tax ("ISR") and employee statutory profit sharing (ESPS) are recognized in the results of the year in which is incurred.

2. **Deferred tax**

Deferred tax are recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Entity expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

A deferred tax loss carry forward asset, tax credits and deductible temporary differences are recognized to the extent that it is likely that taxable income may be available in the future against which they can be applied. The deferred tax assets are reviewed as of the reporting date and are reduced to the extent that the realization of the corresponding tax benefit is no longer probable.

IT Law effective as of January 1, 2014 imposes an IT rate of 30% for 2014 and thereafter.

**The income tax expense consists of the following:**

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Current income tax | **(14.44)** | 82.12 |
| Deferred income tax | **(4.27)** | (25.23) |
| **Total** | **(18.71)** | 56.90 |

Income tax expense attributable to income before income taxes, differed from the amounts computed by applying the Mexican statutory rates of 30% IT to income before income taxes, as a result of the items shown below:

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Income before income taxes | **0.66** | (136.11) |
| Statutory rate | **30%** | 30% |
| Income tax | **0.20** | (40.83) |
| Tax pertaining to prior years and other | **(19.84)** | 56.32 |
| No deductibles | **8.60** | 45.54 |
| Inflation effects | **(7.68)** | (4.13) |
| | **(18.71)** | 56.90 |

## Notes forming part of the Financial Statements

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2022 are as follows:

(In millions of Mexican pesos)

| 2022 | Opening balance | Recognised in profit or loss | Recognised in / reclassified from other comprehensive income | Exchange difference | Closing balance |
|---|---|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to** | | | | | |
| Leasehold improvements, furniture and equipment and intangible assets | (1.96) | (10.18) | - | - | (12.14) |
| Receivables, financial assets at amortized cost | 93.38 | 18.71 | - | - | 112.09 |
| Transition impact of IFRS 16 | (1.59) | (0.12) | - | - | (1.71) |
| Others | (51.97) | (4.15) | - | - | (56.12) |
| **Total deferred tax asset / (liabilities)** | 37.86 | 4.26 | - | - | 42.12 |

(In millions of Mexican pesos)

| As at December 31, 2021 | Assets | Liabilities | Net |
|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to** | | | |
| Leasehold improvements, furniture and equipment and intangible assets | - | 12.14 | (12.14) |
| Receivables, financial assets at amortized cost | 112.09 | - | 112.09 |
| Transition impact of IFRS 16 | - | 1.71 | (1.71) |
| Others | - | 56.12 | (56.12) |
| **Total deferred tax asset / (liabilities)** | 112.09 | 69.96 | 42.12 |

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2021 are as follows:

(In millions of Mexican pesos)

| 2021 | Opening balance | Recognised in profit or loss | Recognised in / reclassified from other comprehensive income | Exchange difference | Closing balance |
|---|---|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to** | | | | | |
| Leasehold improvements, furniture and equipment and intangible assets | 12.25 | (14.21) | - | - | (1.96) |
| Receivables, financial assets at amortized cost | (18.07) | 111.45 | - | - | 93.38 |
| Transition impact of IFRS 16 | 0.10 | (1.69) | - | - | (1.59) |
| Others | 18.35 | (70.32) | - | - | (51.97) |
| **Total deferred tax asset / (liabilities)** | 12.63 | 25.23 | - | - | 37.86 |

(In millions of Mexican pesos)

| As at December 31, 2020 | Assets | Liabilities | Net |
|---|---|---|---|
| **Deferred tax assets / (liabilities) in relation to** | | | |
| Leasehold improvements, furniture and equipment and intangible assets | - | 1.96 | (1.96) |
| Receivables, financial assets at amortized cost | 93.38 | - | 93.38 |
| Transition impact of IFRS 16 | | 1.59 | (1.59) |
| Others | | 51.97 | (51.97) |
| **Total deferred tax asset / (liabilities)** | 93.38 | 55.52 | 37.86 |

## Notes forming part of the Financial Statements

**Employee profit sharing (PTU)**

For the year ended December 31, 2022 and 2021, the Company generated a tax base for employee profit sharing of MXN Nil and MXN 4.57 respectively.

**Direct tax contingencies**

a) In accordance with Mexican tax law, the tax authorities are empowered to examine transactions carried out during the five years prior to the most recent income tax return filed.

b) In accordance with the IT Law, companies carrying out transactions with related parties are subject to certain requirements as to the determination of prices, which should be similar to those that would be used in arm's-length transactions.

   Should the tax authorities examine the transactions and reject the related-party prices, they could assess additional taxes plus the related inflation adjustment and interest, in addition to penalties of up to 100% of the omitted taxes.

c) There are no tax related contingencies in FYE 2022.

### 14. EMPLOYEE BENEFITS

**Retirement benefits costs from termination benefits**

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognized in other comprehensive income in the period in which they occur.

Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements).
- Remeasurement.

The Company presents the first two components of defined benefit costs in profit or loss. Gains and losses for reduction of service are accounted for as past service costs.

The retirement benefit obligation recognized in the statement of financial position represents the actual deficit or surplus in the Company's defined benefit plans.

Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

**Short-term and other long-term employee benefits**

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Employee benefit expense consists of the following:

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Salaries, incentives and allowances | **78.37** | 78.52 |
| Social security contributions and payroll rated taxes | **29.21** | 32.03 |
| Staff welfare expenses | **1.71** | (6.06) |
| | **109.29** | 104.49 |

Employee benefit obligations consists of the following:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| **Employee benefit obligations** | | |
| Defined benefit obligation | **5.61** | 4.41 |
| Employee statutory profit sharing | **0.47** | 7.33 |
| Liabilities for social securities contributions | **(1.63)** | (2.02) |
| Liability for long service leave | **3.23** | 6.31 |
| Bonus accrual | **1.29** | 0.82 |
| **Total employee benefit obligations** | **8.97** | 16.85 |
| Current | **3.36** | 12.44 |
| Non-current | **5.61** | 4.41 |
| | **8.97** | 16.85 |

**a. Defined contribution plans**

The Company manages a plan that covers seniority premiums for all staff working in Mexico, which consists of a single payment of 12 days per year worked based on final salary, not to exceed twice the minimum wage established by law. The related liability and annual cost of benefits is calculated by an independent actuary using the method of projected unit credit.

The plans typically expose the Entity to actuarial risks as investment risk, Interest rate, longevity and salary.

| | |
|---|---|
| Interest risk | A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments. |
| Longevity risk | The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability. |
| Salary risk | The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. |

No other post-retirement benefits are provided to these employees.

## Notes forming part of the Financial Statements

The most recent actuarial valuation of the present value of the defined benefit obligation were carried out as of December 31, 2022 and 2021 by Independents actuaries, who are members of the Institute of Actuaries of Mexico. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Discount rates | **9.40%** | 8.30% |
| Inflation long term rates | **4.00%** | 4.64% |
| Salaries increase rates | **4.64%** | 5.20% |

**b. Amtounts recognised in comprehensive income in respect of these defined benefit plans are as follows:**

(In millions of Mexican pesos)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Service cost | **0.82** | 1.26 |
| Personnel transfer | **1.35** | (3.48) |
| Financial cost | **0.36** | 0.45 |
| **Net cost for the year** | **2.53** | (1.77) |

**c. The amount included in the statement of financial position arising from the entity's obligation in respect of its defined benefit plans is as follows:**

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| **Net liability arising from defined benefit obligation** | **5.61** | 4.41 |

Movements in the present value of the defined benefit obligation were as follows:

(In millions of Mexican pesos)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Opening defined benefit obligation | **4.41** | 7.08 |
| Current service cost | **0.82** | 0.91 |
| Personnel transferred | **1.35** | (3.48) |
| Financial cost | **0.36** | 0.45 |
| Benefits paid during the year | **-** | (0.04) |
| Actuarial obligation (income) / loss | **(1.33)** | (0.51) |
| **Net liability arising from defined benefit obligation** | **5.61** | 4.41 |

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

If the discount rate is 1 basis points higher (lower), the defined benefit obligation would decrease by $0.83 (increase by $1.01). If the expected salary growth increases (decreases) by 1, the defined benefit obligation would increase by $0.87 (decrease by $0.72).

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the statement of financial position.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

## 15. BUSINESS AND CREDIT CONCENTRATION

As of December 31, 2022 and 2021, the 100% of revenue provided for the consultancy services were provided to related parties.

## 16. CONTINGENCIES AND COMMITMENTS

Liabilities for loss contingencies are recorded when it is probable that a liability has been incurred and the amount thereof can be reasonably estimated. When a reasonable estimation cannot be made, disclosure is provided in the notes to the financial statements. Contingent revenues, earnings or assets are not recognized until realization is assured.

a) The Company has entered into service agreements with related parties, under which the Company provides consultancy services and IT support services necessary for these companies operations. Total revenues under these agreements, reported under consultancy services, were MXN 144.71 in 2022 and MXN 119.32 in 2021.

b) As at December 31, 2022, claims aggregating to MXN 4.31 against the Company have not been acknowledged as debts.

c) The Company is involved in a number of lawsuits and claims arising in the normal course of business. It is expected that the final outcome of these matters will not have significant adverse effects on the Company's financial position and income (loss).

d) The Company does not have any contractually committed (net of advances) as at December 31, 2022 and December 31, 2021 for purchase of leasehold improvements, furniture and equipment.

## 17. RELATED PARTY DISCLOSURE

### a. Operations with management and close family

The Company does not have business operations with members of management and close relatives outside operations at arm's length and available to the general public and for non-significant amounts.

# INDEPENDENT AUDITORS' REPORT

**THE PARTNER OF**
**TCS INVERSIONES CHILE LIMITADA**

We have audited the accompanying separate financial statements of TCS Inversiones Ltda., which comprise the separate statement of financial position as of December 31, 2022 and 2021, and the related separate statements of comprehensive income, changes in equity, and cash flows for the year then ended, and the related notes to the separate financial statements.

## Management's Responsibility for the Separate Financial Statements

Management is responsible for the preparation and fair presentation of these separate financial statements in accordance with the International Financial Reporting Standards. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of separate financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these separate financial statements based on our audit.

We conducted our audit in accordance with Chile generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the separate financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the separate financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the separate financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the separate financial statements referred to above present fairly, in all material respects, the financial position of TCS Inversiones Ltda. as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the year then ended in accordance with the International Financial Reporting Standards.

## Emphasis of matter

The accompanying separate financial statements have been prepared to reflect the individual financial position of TCS Inversiones Ltda. before consolidating, on a line-by-line basis, with the financial statements of its subsidiaries. Accordingly, for proper interpretation purposes, these separate financial statements need to be read and analyzed along with the consolidated financial statements of TCS Inversiones Ltda.

## Other Matters

The above translation of the auditors' report is provided as a free translation from the Spanish language original, which is the official and binding version. Such translation has been done solely for the convenience of non-Spanish readers.

# Index

# Notes to the Separate Financial Statements

## 1. GENERAL INFORMATION

TCS Inversiones Chile Limitada was incorporated by TCS IberoAmérica S.A. and Gabriel Rozman on December 16, 2002, and is engaged in investments, on its own or on behalf of third parties, in any type of movable and immovable property, tangible or intangible assets, purchase and sale, export, import, manufacturing, production, consignment, lease, trading, representation and distribution of any type of physical and intangible assets; rendering of all types of advisory and consultancy services, and services associated with computer, IT and general communication; and the representation, concession and operation of the franchise of any type of companies, brands and/or products associated with the above-mentioned operations.

On October 26, 2005, the articles of incorporation were amended via public deed, increasing the Company's capital through an amount contributed by the partner TCS IberoAmérica S.A.

On December 28, 2006, Tatasolution Center S.A. (a subsidiary of Tata Consultancy Services Chile S.A.), was incorporated in Ecuador and commenced its operations on June 1, 2007. It is mainly engaged in providing IT services, software development and maintenance, and administrative and operating processes (BPO) primarily to financial institutions.

On December 29, 2006, Tata Consultancy Services BPO Chile S.A. (formerly - Tata Consultancy Services (TCS) Chile Limitada) acquired 100% of shares of its subsidiary Tata Consultancy Services BPO Chile S.A. (formerly - Comicrom S.A.). Consequently, such subsidiary was dissolved by operation of law.

At Extraordinary Shareholders' Meeting held on July 30, 2010, the shareholders agreed on the merger through incorporation of Tata Consultancy Services BPO Chile S.A. to Tata Consultancy Services Chile S.A., and accordingly, at such meeting the company's name was changed from Tata Consultancy Services BPO Chile S.A. to Tata Consultancy Services Chile S.A.

On April 26, 2017, Mr. Gabriel Rozman sells, assigns and transfers to TCS Uruguay S.A. the entirety of his ownership interest in the Company, which represents 0.000004% of the Company's capital.

In Chile, it established its operations in 2003, and currently has 9 employees who perform support and advisory functions in the areas of finance, legal, marketing, and sales for the subsidiaries in the Latin American region.

## 2. BASIS OF PRESENTATION OF THE SEPARATE FINANCIAL STATEMENTS

### (A) Use of estimates and judgments

The preparation of these separate financial statements in conformity with the recognition and measurement principles under IFRS, requires that Management performs estimates and judgments which have an impact on the reported balances of assets and liabilities, the disclosures of contingent liabilities at the reporting date, and the balance of income and expenses for the reporting periods.

The underlying estimates and assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized in the period in which the estimate is revised and any future periods affected.

The key source of estimation uncertainty at the reporting date, which may result in a material adjustment to the carrying amounts of assets and liabilities within the subsequent financial year, relates to the impairment of goodwill, useful lives of items of furniture and equipment, valuation of deferred tax assets, provisions and contingent liabilities, as detailed below. The main key sources of estimation uncertainty related to revenue recognition, employee benefits, and fair value measurement of financial instruments, have been assessed based on the applicable policies.

***Useful lives of items of furniture and equipment.***

The Company reviews the carrying amount of items of furniture and equipment at the end of each reporting period. This reassessment may result in changes to the depreciation expense for future periods.

***Measurement of deferred tax assets.***

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period.

***Provisions and contingent liabilities***

Provisions are recognized when the Company has a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate can be made of the amount of the obligation. Provisions shall be reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Contingent liabilities are not recognized in the financial statements. Contingent assets are not recognized or disclosed in the financial statements.

***Fair value measurement of financial instruments.***

When the Company is not able to measure the fair value of financial assets and financial liabilities in the statement of financial position based on quoted prices in active markets, the fair value is measured using valuation techniques which include the discounted cash flow model. Inputs to these models are obtained from observable markets where possible, otherwise a degree of judgment is required to establish fair values. The judgments include considering inputs such as liquidity risk, credit risk and volatility. Changes in the assumptions with respect to these factors could affect the reported fair value of financial instruments. The policy has been explained in further detail in Note 4 (h).

**(B) Statement of compliance**

These separate financial statements of TCS Inversiones Chile LTDA. (hereinafter the "Company"), for the year ended December 31, 2022, are presented in Chilean pesos and have been prepared in accordance with IAS 27, "Separate Financial Statements" included in International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board (hereinafter the "IASB"), applying the exception described in paragraph 4 of IFRS 10, Consolidated Financial Statements. Likewise, these financial statements are exempt from disclosure provisions contained in IFRS 12.

The information contained in these separate financial statements is the responsibility of the Company's Management which expressly states it has applied all the principles and criteria included in IAS 27 and IFRS; the separate financial statements have been approved by the Administration on February 21, 2022.

The translation of these financial statements is provided as a free translation from the Spanish language original, which is the official and binding version. Such translation has been made solely for the convenience of non-Spanish readers.

**(C) Comparative information**

The separate statements of financial position at 31 December 2022 and the separate statements of comprehensive income, changes in equity and cash flows for the year then ended have been prepared in accordance with International Financial Reporting Standards, on a basis consistent with the criteria used at 31 December 2021.

**(D) Historical cost basis**

The separate financial statements have been prepared on the historical cost basis. Generally, the historical cost is based on the fair value of the consideration paid in exchange for goods and services. The fair value is the price that would be received for selling an asset or paid for transferring a liability in an orderly transaction between market participants on the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. For purposes of measurement and/or disclosure in these separate financial statements, fair value is determined as described above, except for the determination of value in use under IAS 36, which has been measured at market value.

**(E) Period covered**

These separate financial statements of TCS Inversiones Chile LTDA. were prepared as of December 31, 2022 and 2021 and for the years then ended.

**(F) Currency**

The functional currency of TCS Inversiones Chile Ltda. is the Chilean peso.

Transactions in foreign currencies are translated into the respective functional currencies of Group companies at the exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

**(G) Basis of translation**

Balances of assets and liabilities in UF (inflation-adjusted units), U.S. dollars and other foreign currencies have been translated to Chilean pesos at the exchange rates in force at the closing date of the separate financial statements. At

## Notes to the Separate Financial Statements

the reporting date, the effective exchange rates are detailed as follows:

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| U.S. dollar | **855,56** | 844,69 |
| Inflation-adjusted unit (UF) | **35,110.98** | 30,991.74 |

Foreign currency translation differences and adjustments are debited or credited to profit or loss, as applicable, in accordance with IFRS.

**(H) Classification of balances (current and non-current)**

In the accompanying statement of financial position, balances are classified according to their maturities, i.e. as current those with maturities of 12 months or less and non-current those with maturities exceeding 12 months.

**(I) Statement of cash flows**

For the preparation of the statement of cash flows, the Company uses the following definitions:

Cash and cash equivalents relates to cash on hand, cash in bank current accounts, time deposit and highly-liquid fixed income mutual fund deposits held in financial entities with original maturities of up to three months and insignificant risk of loss of value.

The statement of cash flows considers the following account categories:

*(a) Operating activities*

Operating activities are the principal revenue-producing activities of the entity and other activities that are not investing or financing activities. .

*(b) Investing activities*

Investing activities are the acquisition and disposal of long-term assets and other investments not included in cash and cash equivalents.

*(c) Financing activities*

Financing activities are activities that result in changes in the size and composition of the contributed equity and borrowings of the entity.

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The entity has consistently applied the following accounting policies to all periods presented in these separate financial statements.

The accounting policies set out below have been used in the preparation of these separate financial statements. As required by IFRS 1, these policies have been defined considering the IFRS effective as of December 31, 2022.

**(A) Provisions and contingent liabilities**

A provision is a liability of uncertain timing or amount. Provisions are recognized in the balance sheet when the following requirements are met in a copulative manner:

- The Company has a present legal or constructive obligation as a result of a past event.
- It is probable that at the reporting date an outflow of economic benefits will be required to settle the obligation.
- The obligation can be estimated reliably.

A contingent asset or liability is an obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

**(B) Offsetting of balances and transactions**

Generally, in the separate financial statements there is no offsetting of assets or liabilities or revenue and expenses, except for those cases where offsetting is required or permitted by any standard and such presentation is the reflection of the substance of the transaction.

Revenues and expenses generated by transactions which contractually or mandatorily because of the enactment of a law include the possibility of offsetting, are those for which the Company intends either to settle the obligations on a net basis, or to realize the asset and settle the liability simultaneously.

**(C) Classification of balances (current and non-current)**

In the accompanying statement of financial position, balances are classified according to their maturities, i.e. as current those with maturities of 12 months or less and non-current those with maturities exceeding 12 months.

**(D) New accounting pronouncements**

**Recent accounting standards**

The Group has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 16 | Property, plant and equipment: Proceeds before intended use (1) |
| Amendments to IAS 37 | Onerous Contracts - Costs of Fulfilling a Contract (1) |
| Amendments to IFRS 3 | Business Combinations - Reference to Conceptual Framework (1) |
| Annual Improvements to IFRS Standards 2018 -2020 | IFRS 9 and IFRS 16 |
| Amendments to IAS 1 | Classification of Liabilities (2) |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies (2) |
| Amendments to IAS 8 | Definition of Accounting Estimates (2) |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction (2) |

(1) Effective for annual periods beginning on or after January 1, 2022.

(2) Effective for annual periods beginning on or after January 1, 2023.

**IAS 16 – Proceeds before intended use**

In May 2020, IASB amended IAS 16, which prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements..

**IAS 37 – Onerous Contracts - Costs of Fulfilling a Contract**

In May 2020, IASB issued Onerous Contracts - Cost of Fulfilling a Contract, which specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Group does not expect the amendment to have any significant impact in its financial statements.

**IFRS 3 – Reference to Conceptual Framework**

In May 2020, IASB published Reference to Conceptual Framework, that update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework; add to IFRS 3 a requirement that, for transactions and other events within the scope of IAS 37 or IFRIC 21, an acquirer applies IAS 37 or IFRIC 21 (instead of the Conceptual Framework) to identify the liabilities it has assumed in a business combination; and add to IFRS 3 an explicit statement

## Notes to the Separate Financial Statements

that an acquirer does not recognise contingent assets acquired in a business combination. These changes do not significantly change the requirements of IFRS 3. The Group does not expect the amendment to have any significant impact in its financial statements.

**IFRS 9 – Annual Improvements to IFRS Standards - 2018-2020**

In May 2020, IASB amended IFRS 9 as part of its Annual Improvements to IFRS Standards 2018-2020. The amendment clarifies which fees an entity includes when it applies the '10 percent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

**IFRS 16 – Annual Improvements to IFRS Standards - 2018-2020**

In May 2020, IASB issued an amendment to Illustrative Example 13 accompanying IFRS 16, as part of its Annual Improvements to IFRS Standards - 2018-2020, which removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example. The amendment is only as regards the Illustrated Example, therefore, no effective date is stated. The Group does not expect the amendment to have any significant impact in its financial statements.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Group does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Group does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group will evaluate the impact, if any, in its financial statements.

**IFRS 16 – Annual Improvements to IFRS Standards - 2019-2020**

In May 2020, IASB issued an amendment to Illustrative Example 13 accompanying IFRS 16, as part of its Annual

Improvements to IFRS Standards - 2019-2020, which removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example. The amendment is only as regards the Illustrated Example, therefore, no effective date is stated. The Group does not expect the amendment to have any significant impact in its financial statements.

## 4. FINANCIAL ASSETS AND FINANCIAL LIABILITIES, AND EQUITY INSTRUMENTS

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or reduce the fair value of financial assets or financial liabilities in the initial recognition.

**Financial assets**

*Cash and cash equivalents*

The Company classifies as cash and cash equivalents all highly-liquid financial instruments, which are readily convertible into known amounts of cash subject to an insignificant risk of changes in value, with maturities of three months or less from the date of acquisition. Cash and cash equivalents comprise cash in banks not restricted for withdrawal and use.

*Financial assets at amortized cost*

Financial assets are subsequently measured at amortized cost if those financial assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

*Financial assets at fair value through other comprehensive income.*

Financial assets are measured at fair value through other comprehensive income if they are held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has adopted the irrevocable option of presenting the subsequent changes in the fair values of capital investments not held for trading in other comprehensive income.

*Financial assets at fair value through profit and loss*

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income at initial recognition. Transaction costs directly attributable to the acquisition of financial assets or assumption of financial liabilities at fair value through profit or loss are immediately recognized in the interim condensed statement of profit or loss.

**Financial liabilities**

Other financial liabilities are measured at amortized cost using the effective interest method.

**Equity securities**

Equity securities are contracts which establish a residual interest on the Company's assets after deducting all its liabilities. Equity securities issued by the Company are recognized at the amount of the income received net of direct cost of issue.

**Impairment of financial assets (not measured at fair value)**

At each reporting date, the Company assesses whether a financial asset or group of financial assets is impaired. IFRS 9 requires that expected credit losses are measured through a loss allowance. The Company recognizes lifetime expected credit losses for all its contract assets and/or trade receivables that do not contain a significant financing component. To determine the allowance for doubtful accounts, the Company has used a practical expedient for the calculation of the allowance for expected credit losses of trade receivables using an allowance matrix. The allowance

## Notes to the Separate Financial Statements

matrix considers the historical credit loss experience and is adjusted for prospective information. The allowance for expected credit losses is based on the maturity of accounts receivable past due and the rates used in the allowance matrix. For the remaining financial assets, expected credit losses are measured at an amount equal to 12-month expected credit losses or an amount equal to lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

### (A) Cash and cash equivalents

As of December 31, 2022, and 2021, this caption is composed of the following:

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Cash in banks** | **164,257** | 114,439 |
| **Deposits -Foreign banks** | **1,072,041** | 170,358 |
| **Total** | **1,236,298** | 284,797 |

As of December 31, 2022 and 2021, cash in banks is as follows:

(ThCh$)

| Bank | Currency | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|---|
| Banco Santander | Chilean pesos | **38,445** | 42,907 |
| Banco Santander | U.S. dollar | **125,812** | 71,532 |
| **Total** | | **164,257** | 114,439 |

Cash and cash equivalents have no availability restrictions.

The Company has made no investing or financing transactions that do not require the use of cash and cash equivalents.

**Deposits-Foreign banks**

As of December 31, 2022, cash in deposits is as follows:

| Bank Name / Counterparty Name | Placement date | Maturity date | Currency | Total Days | Closing Amount |
|---|---|---|---|---|---|
| Banco Santander | 22-Dec-22 | 06-Jan-23 | USD | 15 | 1,072,041 |

As of December 31, 2021, cash in deposits is as follows:

| Bank Name / Counterparty Name | Placement date | Maturity date | Currency | Total Days | Closing Amount |
|---|---|---|---|---|---|
| Banco Santander | 24-Dec-21 | 10-Jan-22 | CLP | 17 | 170,358 |

### (B) Investments

**Investments in subsidiaries held at cost**

For the preparation of the separate financial statements the Company has used the exemption described in paragraph 4 of IFRS 10, which allows not using the equity method of accounting to recognize investments in subsidiaries in which the entity has control and significant influence provided that certain conditions are met. The Company meets each and every of such conditions as of December 31, 2022 and 2021. The Company's shareholders have authorized the preparation of the separate financial statement because the Company's financial information is included in the consolidated financial statements of its ultimate Parent, Tata Consultancy Services Limited (India), which have been prepared and presented in accordance with IFRS as issued by the IASB, and can be found at the web site: https://www.tcs.com/investor-relations.

Investments in subsidiaries are recognized at cost and relate to:

(ThCh$)

| | | | Ownership interest | | Carrying amount of the investment | |
|---|---|---|---|---|---|---|
| Taxpayer ID No. | Company | Country | As at December 31, 2022 in % | As at December 31, 2021 in % | As at December 31, 2022 | As at December 31, 2021 |
| Foreign | TATA SOLUTION CENTER S.A. | Ecuador | **1.0000** | 1.0000 | **55,916** | 55,916 |
| 76.385.060-9 | Tata Consultancy Services Chile | Chile | **99.9998** | 99.9998 | **32,070,655** | 32,070,655 |
| **Total** | | | | | **32,126,571** | 32,126,571 |

The Company determines whether it is necessary to recognize an impairment loss in the subsidiaries. The Company determines at each reporting date whether there is objective evidence that the investment in the subsidiary is impaired; if this is the case, the Company calculates the impairment amount as the difference between the higher of the value in use and fair value of the subsidiary and the acquisition cost and recognizes the amount in the statement of profit or loss.

Changes in investments in subsidiaries held at cost by the Company are as follows:

(ThCh$)

| Taxpayer ID No. | Company | Country | Carrying amount of the investments | Additions | Disposals | Carrying amount of the investment as of December 31, 2021 |
|---|---|---|---|---|---|---|
| **2022** | | | | | | |
| 76.385.060-9 | Tata Consultancy Services Chile S.A. (Ex BPO) | Chile | **32,070655** | **-** | **-** | **32,070,655** |
| Foreign | TATA SOLUTION CENTER S.A. | Ecuador | **55,916** | **-** | **-** | **55,916** |
| **Total** | | | **32,126,571** | **-** | **-** | **32,126,571** |
| **2021** | | | | | | |
| 76.385.060-9 | Tata Consultancy Services Chile S.A. (Ex BPO) | Chile | 32,070,655 | - | - | 32,070,655 |
| Foreign | TATA SOLUTION CENTER S.A. | Ecuador | 55,916 | - | - | 55,916 |
| **Total** | | | 32,126,571 | - | - | 32,126,571 |

Management has performed impairment testing and estimates that there is no risk of loss in the value of the assets recorded at December 31, 2022 and 2021

## Notes to the Separate Financial Statements

As of December 31, 2022 and 2021, goodwill amounting to ThCh$17,720,950 which is recorded in Tata Consultancy Services Chile S.A.'s ledgers and recognized through the investment in this company, has been allocated to the cash-generating unit Tata Consultancy Services Chile S.A. The Company makes an estimate of the value in use of the Tata Consultancy Services Chile S.A. cash-generating unit based on future cash flows using an annual growth rate of 3% after a forecast of five years considering a discount rate of 8,21%. A sensitivity analysis of changes in measurement parameters (operating margin, discount rate and average long-term growth rate) based on assumptions fairly probable has identified no probable scenario where recoverable amounts of the cash-generating unit may decrease to less than the carrying amount.

As of December 31, 2022, and 2021, the financial information contained in the financial statements of the companies over which the Company has control is detailed as follows:

(ThCh$)

| Taxpayer ID No. | Company | Ownership interest | | | As of 31.12.2022 | | | |
|---|---|---|---|---|---|---|---|---|
| | | Country | Direct | Indirect | Assets | Liabilities | Equity | Profit or loss |
| 76385060-9 | Tata Consultancy Services Chile S.A. | Chile | **99.9998** | **0.0002** | **49,288,127** | **9,048,926** | **40,239,200** | **7,580,828** |

| 76385060-9 | Tata Consultancy Services Chile S.A. | Chile | 99.9998 | 0.0002 | 47,802,221 | 7,343,217 | 40,459,004 | 8,540,357 |
| Foreign | TATASOLUTION CENTER S.A. | Ecuador | 1 | 99 | 22,400,247 | 11,862,564 | - | 6,356,283 |
| Foreign | Tata Consultancy Services Sucursal del Perú | Perú | - | 100.000 | 10,169,577 | 7,973,099 | 2,196,478 | 795,730 |

### (C) Trade and other receivables, current

#### (a) Trade receivables are detailed as follows:

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Receivables due from related parties | **740,382** | 983,686 |
| **Total** | **740,382** | 983,686 |

The fair value of trade receivables corresponds to the same business amounts net of the related allowance for doubtful accounts.

#### (b) Trade receivables past due, unpaid but not impaired are detailed as follows:

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Up to 30 days | **740,382** | 983,686 |
| **Total** | **740,382** | 983,686 |

## (D) Other financial assets

As of December 31, 2022 and 2021, other current financial assets are as follows:

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Advances to employees | **14,697** | 974 |
| Interest Accrued on investments | **1,151** | 5 |
| **Total** | **15,848** | 979 |

## (E) Trade payables

Trade and other payables are recognized at their nominal amount, since their average payment term is short and there is no significant difference when compared to their fair value.

As of December 31, 2022 and 2021, trade and other payables are detailed as follows:

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables | **86,678** | 40,917 |
| Accounts payable due to related parties | **5,365** | 7,624 |
| **Total** | **92,043** | 48,441 |

## (F) Payables due to related entities

As of December 31, 2022 and 2021, non-current other financial liabilities are detailed as follows:

(ThCh$)

| Taxpayer ID No. | Company | Relationship | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|---|---|
| 76.385.060-9 | Tata Consultancy Services Chile S.A. (Ex BPO) | Subsidiary | **-** | 127,768 |
| **Total** | | | **-** | 127,768 |

## (G) Equity disclosures

### (a) Subscribed, fully-paid capital and number of shares

As of December 31, 2022, and 2021, the Company's share capital is composed of the following:

(ThCh$)

| Series | Subscribed capital | Paid-in capital |
|---|---|---|
| Single | 15,290,305 | 15,290,305 |

Capital management is intended to maximize the value for the shareholders, safeguard business continuity, and support the Company's growth. The Company determines capital requirements based on annual operating plans, long-term investment plans and other strategic investment plans. Financing requirements are met through capital and cash flows from operating activities generated. The Company is not subject to any capital requirement imposed externally.

## Notes to the Separate Financial Statements

**(H) Financial assets and financial liabilities**

As of December 31, 2022, the carrying amount of financial instruments by category is as follows:

(ThCh$)

| **2022** | **Amortized cost** | **Total carrying amount** |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **1,236,298** | **1,236,298** |
| Trade and other receivables | **740,382** | **740,382** |
| Other financial assets | **15,848** | **15,848** |
| **Total** | **1,992,528** | **1,992,528** |
| **Financial liabilities** | | |
| Trade payables | **92,043** | **92,043** |
| Payables due to related entities, non-current | **-** | **-** |
| **Total** | **92,043** | **92,043** |

As of December 31, 2021, the carrying amount of financial instruments by category is detailed as follows:

(ThCh$)

| **2021** | **Amortized cost** | **Total carrying amount** |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 284,797 | 284,797 |
| Trade and other receivables | 983,686 | 983,686 |
| Other financial assets | 979 | 979 |
| **Total** | 1,269,462 | 1,269,462 |
| **Financial liabilities** | | |
| Trade payables | 48,441 | 48,441 |
| Payables due to related entities, non-current | 127,768 | 127,768 |
| **Total** | 176,209 | 176,209 |

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables (prior year: unbilled revenue), and trade payables as of December 31, 2022 and 2021, approximate their fair value. The difference between carrying amounts and fair values of bank deposits, cash in banks, other financial assets, other financial liabilities and subsequent loans measured at amortized cost is not significant for each period presented.

**Fair value hierarchy**

Fair value hierarchy is based on valuation techniques used to measure the fair value of observable and unobservable inputs, and includes the following three levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair values are determined totally or in part using a valuation model based on assumptions that are not supported by market transaction prices currently observable in the same instrument or based on available market data.

**(I) Financial risk management**

The Company is mainly exposed to variations in foreign exchange rates, credit, liquidity and interest rate risks that may negatively affect the fair value of its financial instruments. The Company has a risk management policy that covers the risks associated with financial assets and financial liabilities. The risk management policy is approved by the Board of Directors. The approach applied by the risk management committee is to assess the unforeseeability of the financial environment and mitigate the potential negative effects on the Company's financial performance.

*(a) Market risk*

The Company is exposed to market risk related to the risk of fluctuations in the fair value or future cash flows from a financial instrument because of changes in market prices. Such changes in the value of financial instruments may arise from movements in foreign currency exchange rates, interest rate, credit, liquidity and other changes in the market. The exposure to market risk relates mainly to the currency risk.

*(b) Currency risk*

The fluctuation of foreign currency exchange rate differences may have a potential effect in the statement of profit or loss and other comprehensive income, where any transaction refers to one or more currencies when assets / liabilities are denominated in a currency that is different from the entity's functional currency.

Considering the economic environment of the country in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in such country. The risks mainly relate to the fluctuations in U.S. dollar against the Company's functional currency.

The exchange rate sensitivity is calculated by adding the net exposure to currency risk and a simultaneous change of parallel exchange rates of all currencies by 10% compared to the Company's functional currency.

The analysis below has been prepared based on the Company's net exposure at the reporting date that may affect the statements of profit or loss and other comprehensive income and equity.

As of December 31, 2022, the information related to the exposure to the currency risk is detailed as follows:

(ThCh$)

| **2022** | **USD** | **UF** |
|---|---|---|
| Net financial assets | **858,636** | **-** |
| Net financial liabilities | **77,174** | **762,223** |

The appreciation / depreciation of 10% of related foreign currencies with respect to the functional currency of the Company would result in a decrease / increase in profit before taxes of approximately ThCh$ 19,239 for the year ended December 31, 2022.

As of December 31, 2021, the information related to the exposure to currency risk is as follows:

(ThCh$)

| **2021** | **USD** | **UF** |
|---|---|---|
| Net financial assets | 1,211,774 | - |
| Net financial liabilities | 827,019 | 451,843 |

The appreciation / depreciation of 10% of related foreign currencies with respect to the functional currency of the Company would result in a decrease / increase in profit before taxes of approximately ThCh$3(67,088) for the year ended December 31, 2021.

*(c) Interest rate risk*

The Company is not exposed to interest rate risk.

*(d) Credit risk*

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual terms or obligations. Credit risk includes the direct risk of default and impairment of credit quality, as well as the concentration of risks. Credit risk is controlled by the analysis of credit limits and the credit capability of customers on an ongoing basis that have been obtained the credit after receiving the authorizations required.

Financial instruments subject to concentrations of credit risk include mainly trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. As of December 31, 2022, cash and cash equivalents include ThCh$1,236,298 held in a bank located in Chile with a high quality credit rating exceeding individually 10% or more of the Company's total cash and cash equivalents as of December 31, 2022. None of the Company's other financial instruments result in a significant concentration of credit risk.

## Notes to the Separate Financial Statements

**Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. As of December 31, 2022 and 2021, the maximum credit exposure amounted to ThCh$1,992,528 and ThCh$1,269,462, respectively, which corresponds to total carrying amount of cash in banks, bank deposits, trade receivables, unbilled revenue, other financial assets and investments.

**Trade receivables and contract assets**

The exposure to credit risk with respect to trade receivables and contract assets is mainly influenced by individual features of each customer in connection with the practices in the industry and the economic environment in which they operate. The entity limits its exposure to credit risk of trade receivables by establishing a maximum payment period of 272 days for its customers. Subsequent to this, the customers are at default (impaired loan). To manage this risk, the Company has a strong credit management process. The Company has adopted a policy to engage operations only with solvent counterparties. The counterparties' exposure is monitored on a regular basis, and changes to the credit conditions are made as required. The carrying amount of financial assets represents the maximum credit exposure. The Company has derecognized no customer balances, and only a few balances have impaired at the reporting date.

As of December 31, 2022 and 2021, the Company's exposure to customer is diversified; however, certain customers concentrate more than 10% of trade receivables and unbilled revenue:

(ThCh$)

| | As at December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | Total receivables and provisions for revenue | percent | Total receivables and provisions for revenue | percent |
| Customer A | **424,531** | **57** | 537,813 | 55 |
| Customer B | **97,260** | **13** | 112,413 | 11 |

*(e) Liquidity risk*

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations. Liquidity risk management is intended to maintain sufficient liquidity and ensure that funds are available for use as per the requirements.

On a regular basis, the Company generated sufficient cash flows from operations to meet its financial obligations as they mature.

(ThCh$)

| **As of December 31, 2022** | Expired in 1st year | Expired in 2nd year | Expired between the 3rd and 5th year | Expired in 5th year | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | **92,043** | **-** | **-** | **-** | **92,043** |

## 6. NON-FINANCIAL ASSETS AND LIABILITIES

### A. Furniture and equipment

On the date of transition to International Financial Reporting Standards, the Company elected to define deemed cost as the alternative for maintaining the assets measured at their acquisition cost adjusted and discounted for accumulated depreciation, where applicable, under Chilean standards applied until the date of adoption of IFRS.

The cost of items of furniture and equipment comprises their acquisition cost plus any other costs directly attributable to bringing the assets to a working condition for their intended use as foreseen by Management and the initial estimate of the costs of dismantling and removing the items and restoring the site on which they are located. Financial cost is capitalized in accordance with IAS 23.

Repair, preservation and maintenance expenses are expensed in profit or loss in the period in which they are incurred. Note that certain items of furniture and equipment of TCS Inversiones Chile LTDA. require regular reviews. In this sense, the items that are replaced are recognized separately from the rest of the asset and with a disaggregation level which allows their amortization in the period between the present and next repair.

Expansion, modernization and improvement costs that represent an increase in productivity, capacity or efficiency, or an increase in the useful life, are capitalized as an increase in the value of the assets.

The gain or loss from selling or retirement of an asset is calculated as the difference between the price obtained from the sale and the carrying amount in the accounting records with a debit or credit to profit or loss for the period.

Depreciation Items of furniture and equipment are depreciated using the straight-line method by distributing the acquisition cost of the assets less their estimated residual value over the estimated useful lives of assets.

The residual value and useful life of items of furniture and equipment are reviewed on an annual basis, and depreciation starts when assets are brought to working condition for their intended use.

The main items of property, plant and and their related useful lives are shown below:

| | Useful life (years) |
|---|---|
| Furniture | 5 |
| Machinery and computer equipment | 4 |
| Electrical and air conditioning equipment | 10 |
| Storage facilities | 10 |

## Notes to the Separate Financial Statements

**Depreciation**

Land is recognized separately from the buildings or facilities that may stand on them, it has an indefinite useful life and, accordingly, it is not depreciated.

TCS Inversiones Chile Ltda., at least annually, assesses the existence of a possible impairment of assets in furniture and equipment. Any reversal of the impairment loss is recognized in profit or loss, where applicable.

**Impairment**

Furniture and equipment with a limited useful life are assessed to recover them as long as there is any indication that their carrying amount may not be recoverable. Should such indication exist, the recoverable amount (i.e. the higher of its fair value less costs to sell and its value in use) is determined based on an individual asset, unless such asset generates no cash inflows that are largely independent from other assets. In such cases, the recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is lower than its carrying amount, then the asset's carrying amount (or CGU) is reduced to its recoverable amount. Impairment losses are recognized in profit or loss.

**a. Detail**

The detail by class of furniture and equipment at each year-end, net and gross, is as follows:

**Classes of furniture and equipment, net**

(ThCh$)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| IT equipment | **3,674** | 4,007 |
| Office equipment | **834** | 2,054 |
| **Total furniture and equipment, net** | **4,508** | 6,061 |

### B. Payable due to related entities

As of December 31, 2022, and 2021, there are no payable due to related party are detailed as follows:

(ThCh$)

| Taxpayer ID No. | Company | Relationship | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|---|---|
| Foreign | Tata Consultancy Services Limited | Parent | **-** | 9 |
| **Total** | | | **-** | 9 |

## 7. INCOME TAX AND DEFERRED TAXES

Income tax expense comprises the current income tax expense and net variation in the deferred income tax asset or liability during the year. Current taxes and deferred taxes are recognized in profit or loss, except when they relate to items recognized in other comprehensive income or directly recognized in equity, in which case they are also recognized in other comprehensive income or directly in equity, respectively.

### Current income taxes

Current income tax is based on the tax profit for the year, and is calculated using the tax rates enacted at the reporting date.

Prepaid taxes and current income tax provisions are recognized in the statement of financial position upon offsetting such prepaid taxes and income tax provisions generated from the same tax jurisdiction and where the relevant tax payment unit is aimed at settling the asset and liability on a net tax basis.

**Deferred income taxes**

The Company recognizes deferred income taxes using the statement of position method. Deferred taxes are obtained from temporary differences between the tax base of assets and liabilities, and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantially enacted tax rates or rates expected to be applied on taxable income in the years the Company expects to receive them or the temporary differences are settled. Deferred tax assets and liabilities are offset when they relate to the income taxes collected by the same tax authority and the relevant company intends to settle its assets and liabilities on a net tax basis.

The carrying amount of deferred tax assets is reviewed at each reporting date and discounted to the extent that it is not probable that sufficient taxable profit will be available to allow the use of a portion or all that deferred tax asset.

**(A) Income tax recognized in profit or loss for the year**

(ThCh$)

| Income tax expense | Accumulated for the period from January through December | |
|---|---|---|
| | **As at December 31, 2022** | **As at December 31, 2021** |
| Income tax from prior periods | **(5,157)** | 981 |
| Other current tax income/(expenses) | **(215,375)** | (79,402) |
| Current tax expense | **(220,532)** | (78,421) |
| Deferred tax income/(expense) related to the generation and reversal of temporary differences for current tax | **99,781** | 22,733 |
| Income tax expense, net | **(120,751)** | (55,688) |

**(B) Reconciliation of accounting profit or loss to taxable profit or loss**

(ThCh$)

| Income tax expense | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Net gain | **8,331,439** | 8,948,199 |
| Effective tax rate | **27,0%** | 27,0% |
| Tax expense using the legal rate | **(2,249,489)** | (2,416,014) |
| Adjustment of income tax recorded in prior periods | **13,900** | (14,773) |
| Non-taxable income | **(5,157)** | 982 |
| Other adjustments to net taxable income | **2,106,166** | 2,335,200 |
| Tax expense using the effective rate | **13,829** | 38,917 |
| **Total** | **(120,751)** | (55,688) |

## Notes to the Separate Financial Statements

On September 29, 2014, Law No. 20.780 was enacted in Chile, establishing a permanent change in the corporate income tax rate of 21% starting from 2014, up to a 27% starting from 2019.

On January 27, 2016, the Act that simplifies the tax reform was passed, which is intended to simplify the income tax system in force from 2017; make adjustments to the value-added tax; as well as to the anticircumvention rules. Concerning tax system, the proposed amendment considers that Shareholders' corporations (openly and closely held), as in the case of the Company should always be taxed according to the partially-integrated system. Later, this system will be the general taxation regime for companies beginning from the commercial year 2017.

### (C) Deferred taxes

As of December 31, 2022, and 2021, the detail of accumulated balances of deferred tax assets and liabilities is as follows:

(ThCh$)

| Recognized deferred tax assets related to: | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Accrued vacations | **97,639** | 88,621 |
| Other | **209,539** | 118,776 |
| **Total deferred taxes** | **307,178** | 207,397 |

## 9. OPERATING PROFIT

The Company obtains revenue from providing personnel solutions associated with loan staff to its customers (which are related parties), associated with different customers' operating areas.

The Company has a single performance obligation which is providing labour services to its customers. Revenue is recognized when services are provided to customers for an amount that reflects the consideration the Company expects to receive in exchange for such services, using the expected cost plus a margin approach, in accordance with the terms of the underlying agreement. Invoices are issued according to contractual terms entered into with the related party, which are usually monthly.

The Company has applied the practical expedient for recognizing service revenue in proportion to the amount it is entitled to invoice to customers in accordance with the terms of the agreement.

Back to content

## Notes to the Separate Financial Statements

Revenue excludes taxes collected from customers.

All revenue is obtained from customers located in Latin America

(ThCh$)

| | Accumulated | |
|---|---|---|
| | As at December 31, 2022 | As at December 31, 2021 |
| Consulting services and administrative support | **3,533,260** | 3,499,241 |
| **Total Revenue** | **3,533,260** | 3,499,241 |

## 10. OTHER OPERATING EXPENSES

As of December 31, 2022 and 2021, other operating expenses are as follows:

# INDEPENDENT AUDITOR'S REPORT

**TO THE PRESIDENT, BOARD OF DIRECTORS AND STOCKHOLDERS OF TATA CONSULTANCY SERVICES CHILE S.A.**

We have audited the accompanying separate financial statements of Tata Consultancy Services Chile S.A., which comprise the separate statement of financial position as of December 31, 2022 and 2021, and the related separate statements of comprehensive income, changes in equity, and cash flows for the years then ended, and the related notes to the separate financial statements.

## Management's Responsibility for the Separate Financial Statements

Management is responsible for the preparation and fair presentation of these separate financial statements in accordance with the International Financial Reporting Standards. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of separate financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these separate financial statements based on our audit. We conducted our audit in accordance with Chile generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the separate financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the separate financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the separate financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the separate financial statements referred to above present fairly, in all material respects, the financial position of Tata Consultancy Services Chile S.A. as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the year then ended in accordance with the International Financial Reporting Standards.

## Emphasis of matter

The accompanying separate financial statements have been prepared to reflect the individual financial position of Tata Consultancy Services Chile S.A. before consolidating, on a line-by-line basis, with the financial statements of its subsidiaries. Accordingly, for proper interpretation purposes, these separate financial statements need to be read and analyzed along with the consolidated financial statements of Tata Consultancy Services Limited.

## Other Matters

The above translation of the auditors' report is provided as a free translation from the Spanish language original, which is the official and binding version. Such translation has been done solely for the convenience of non-Spanish readers.

TATA CONSULTANCY SERVICES CHILE S.A

**Notes forming part of the Financial Statements**

## 1. Overview of the Company

On October 18, 2005, Tata Consultancy Services (TCS) Chile Limitada was incorporated via public deed.

On December 1, 2006, the shareholders agreed to incorporate the Company as a closely-held shareholders' corporation in conformity with Articles No. 96 and 97 of Law No. 18.046 (the Public Company Act). The Company is referred to as Tata Consultancy Services BPO Chile S.A.

On December 28, 2006, Tatasolution Center S.A. (a subsidiary of Tata Consultancy Services Chile S.A.), was incorporated in Ecuador and commenced its operations on June 1, 2007. It is mainly engaged in providing IT services, software development and maintenance, and administrative and operating processes (BPO) primarily to financial institutions.

On December 29, 2006, Tata Consultancy Services BPO Chile S.A. (formerly - Tata Consultancy Services (TCS) Chile Limitada) acquired 100% of shares of its subsidiary Tata Consultancy Services BPO Chile S.A. (formerly - Comicrom S.A.). Consequently, such subsidiary was dissolved by operation of law.

On February 15, 2010, the foreign subsidiary "Tata Consultancy Services Sucursal Perú" was incorporated via public deed.

At Extraordinary Shareholders' Meeting held on July 30, 2010, the shareholders agreed on the merger through absorption of Tata Consultancy Services BPO Chile S.A. by Tata Consultancy Services Chile S.A., and accordingly, at such meeting the company's name was changed from Tata Consultancy Services BPO Chile S.A. to Tata Consultancy Services Chile S.A.

In Chile, the Company began operations in 2003 and currently has 1,223 employees in offices located in Santiago (Head office), Valparaíso, Concepción and Buin, having operations throughout Chile through its Technical Service and Regional Exchange areas to provide services to more than 100 customers from several industries, e.g. Bank and Financial Services, Retail, Insurance, Telecommunications, Manufacturing, Governance, Mining and Transportation

These separate financial statements have to be read and analyzed in conjunction with the consolidated financial statements of Tata Consultancy Services Limited.

## 2. Basis for the Preparation of Financial Statements

These financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value or amortized cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows have been prepared using indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Chilean pesos (Thch$). Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes

## Basis of presentation of the separate financial statements

### (a) Use of estimates and judgments

The preparation of these separate financial statements in conformity with the recognition and measurement principles under IFRS, requires that Management make estimates and judgments which have an impact on the reported balances of assets and liabilities, the disclosures of contingent liabilities at the reporting date, and the balance of income and expenses for the reporting periods.

The underlying estimates and assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized in the period in which the estimate is revised and any future periods affected.

The key source of estimation uncertainty at the reporting date, which may result in a material adjustment to the carrying amounts of assets and liabilities within the subsequent financial year, relates to the impairment of goodwill, useful lives of items of furniture and equipment, valuation of deferred tax assets, provisions and contingent liabilities, as detailed below. The main key sources of estimation uncertainty related to revenue recognition, employee benefits, and fair value measurement of financial instruments, have been assessed based on the applicable policies.

**Revenue recognition**

- The Company's contracts with customers may include multiple goods or services promised to customers. The Company assesses the goods / services promised in a contract and identifies distinct performance obligations in it. The identification of a different performance obligation implies judgment to determine the deliverables involved and the customer's ability to benefit from the good or service, independently of such deliverables.

- In addition, the Company is required to apply judgment to determine the transaction price of the contract. The transaction price could be a fixed amount of customer consideration, or a variable consideration including elements such as volume discounts, service level credits, performance bonuses, price concessions, and incentives. In addition, the transaction price is adjusted for the effects of the time value of money if the contract contains a significant financing component. Any consideration payable to the customer is adjusted at the transaction price, unless it relates to a payment for a different good or service of the customer. The estimated amount of the variable consideration is adjusted in the transaction price only to the extent that it is highly probable that that there will be no significant reversal of the retained earnings recognized, and it is reassessed at each reporting period. The Group allocates the elements of variable considerations to all performance obligations of the contract, unless there is observable evidence that such elements relate to one or more different performance obligations.

- The Company applies judgment to determine the appropriate stand-alone selling price for a performance obligation. Regularly, the Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of the separate goods or service promised in the contract. When the stand-alone selling price is not observable, the Company uses the expected cost plus a margin approach to allocate the transaction price to each separate performance obligation.

- The Company applies judgment to determine whether a performance obligation is satisfied at a point in time or over time. It takes into account indicators such as the manner in which the customer consumes the benefits as services are rendered or who controls the asset as it is created, or whether the Company has an enforceable right to payment for performance completed through the present date and the alternative use of such product or service, the transfer of significant risks and rewards to the customer, the acceptance of delivery by the customer, etc.

- Revenue from fixed-price contracts is recognized using the percentage of completion method. The Company applies judgment to estimate the future cost until completion of the contracts and it uses judgment to determine the progress towards complete satisfaction of the performance obligation.

- The costs incurred in complying with the contracts are generally recorded as expenses incurred, except for certain software license costs which comply with capitalization criteria. Such costs are amortized over the lower of the contract term or the license useful life. The assessment of this criterion requires judgment, particularly when considering whether the costs create or enhance resources that will be used in satisfying performance obligations, and whether such costs are expected to be recovered.

**Impairment of goodwill**

The Company estimates the value in use of cash generating units (CGU) based on future cash flows after taking into account current economic conditions and trends, estimated future operating profit or loss, growth rate, and estimated future economic and regulatory conditions The Company estimates cash flows using internal forecasts. The discount rates used for the CGUs represent the weighted average cost of principal based on the historic market performance of comparable companies.

**Useful lives of items of furniture and equipment.**

The Company reviews the carrying amount of items of furniture and equipment at the end of each reporting period. This reassessment may result in changes to the depreciation expense for future periods.

**Measurement of deferred tax assets.**

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period.

**Provisions and contingent liabilities**

Provisions are recognized when the Company has a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate can be made of the amount of the obligation. Provisions shall be reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Contingent liabilities are not recognized in the financial statements. Contingent assets are not recognized or disclosed in the financial statements.

**Fair value measurement of financial instruments.**

When the Company is not able to measure the fair value of financial assets and financial liabilities in the statement of financial position based on quoted prices in active markets, the fair value is measured using valuation techniques which include the discounted cash flow model. Inputs to these models are obtained from observable markets where possible, otherwise a degree of judgment is required to establish fair values. The judgments include considering inputs such as liquidity risk, credit risk and volatility.

Changes in the assumptions with respect to these factors could affect the reported fair value of financial instruments. The policy has been explained in further detail in Note 4.

**Leases**

The Company assesses whether an agreement is classified as a lease as per the requirements of IFRS 16. Identifying a lease requires significant judgment. The Company uses significant judgment to assess the lease term (including early renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both: periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

In general, the discount rate is based on the specific incremental interest rate for the lease under assessment or a lease portfolio with similar characteristics.

**B. Statement of compliance**

These separate financial statements of Tata Consultancy Services Chile S.A. (hereinafter the "Company"), for the year ended December 31, 2022, are presented in Chilean pesos and have been prepared in accordance with IAS 27, "Separate Financial Statements" included in International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board (hereinafter the "IASB"), applying the exception described in paragraph 4 of IFRS 10, Consolidated Financial Statements. Likewise, these financial statements are exempt from disclosure provisions contained in IFRS 12.

The information contained in the separate financial statements is the responsibility of the Company's Management which expressly states it has applied all the principles and criteria included in IAS 27 and IFRS; the separate financial statements have been approved by the Board of Directors on February 13, 2023.

The translation of these financial statements is provided as a free translation from the Spanish language original, which is the official and binding version. Such translation has been made solely for the convenience of non-Spanish readers.

**C. Historical cost basis**

The separate financial statements have been prepared on the historical cost basis. Generally, the historical cost is based on the fair value of the consideration paid in exchange for goods and services. The fair value is the price that would be received for selling an asset or paid for transferring a liability in an orderly transaction between market participants on the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. For purposes of measurement and/or disclosure in these separate financial statements, fair value is determined as described above, except for the determination of value in use under IAS 36, which has been measured at market value.

**D. Separate financial statements**

**(a) Separate statements of financial position**

In the separate statements of financial position of Tata Consultancy Services Chile S.A., balances are classified on the basis of their maturities; i.e., as current when they have maturities of 12 months or less, and non-current when the maturity exceeds 12 months. If any obligations exist which maturity is less than 12 months, but according to the Company, its long-term refinancing is secured through credit contracts available unconditionally with long-term maturities, they are classified as long-term liabilities.

**(b) Separate statements of comprehensive income**

Tata Consultancy Services Chile S.A. has opted to present its statements of income classified by nature.

**(c) Separate statements of cash flows**

Tata Consultancy Services Chile S.A. has opted to present its statements of cash flows using the indirect method.

**E. Reporting period**

These separate financial statements of Tata Consultancy Services Chile S.A. were prepared as of December 31, 2022 and 2021 and for the years then ended.

**F. Currency**

The functional currency of Tata Consultancy Services Chile S.A. is the Chilean peso.

Transactions in foreign currencies are translated into the respective functional currencies of Group companies at the exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.

**G. Basis of translation**

Balances of assets and liabilities in UF (inflation-adjusted units), U.S. dollars and other foreign currencies have been translated to Chilean pesos at the exchange rates in force at the closing date of the separate financial statements. At the reporting date, the effective exchange rates are detailed as follows:

(ThCh$)

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| US Dollar | **855,56** | 844,69 |
| Inflation- adjusted units (UF) | **35,110.98** | 30.991,74 |

Foreign currency translation differences and adjustments are debited or credited to profit or loss, as applicable, in accordance with IFRS. The exchange rates used by the Company at the reporting date do not significantly differ from those currently in force.

**H. Classification of balances (current and non-current)**

In the accompanying statement of financial position, balances are classified according to their maturities, i.e. as current those with maturities of 12 months or less and non-current those with maturities exceeding 12 months.

**I. Statement of cash flows**

For the preparation of the statement of cash flows, the Company uses the following definitions:

Cash and cash equivalents relates to cash on hand, cash in bank current accounts, time deposit and highly-liquid fixed income mutual fund deposits held in financial entities with original maturities of up to three months and insignificant risk of loss of value.

The statement of cash flows considers the following account categories:

**(a) Operating activities**

Operating activities are the principal revenue-producing activities of the entity and other activities that are not investing or financing activities.

**(b) Investing activities**

Investing activities are the acquisition and disposal of long-term assets and other investments not included in cash and cash equivalents.

**(c) Financing activities**

Financing activities are activities that result in changes in the size and composition of the contributed equity and borrowings of the entity.

## 3. Summary of significant accounting policies

The entity has consistently applied the following accounting policies to all periods presented in these separate financial statements.

The accounting policies set out below have been used in the preparation of these separate financial statements. As required by IFRS 1, these policies have been defined considering the IFRS effective as of December 31, 2022.

**A. Provisions and contingent liabilities**

A provision is a liability of uncertain timing or amount. Provisions are recognized in the balance sheet when the following requirements are met in a copulative manner:

- The Company has a present legal or constructive obligation as a result of a past event.
- It is probable that at the reporting date an outflow of economic benefits will be required to settle the obligation.
- The obligation can be estimated reliably.

A contingent asset or liability is an obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

**B. Employee benefits**

The Company recognizes accrued vacation expenses using the accrual method. Such benefit is applicable to all personnel and relates to a fixed amount according to each employee's contract, which is recorded at its nominal value.

**C. Offsetting of balances and transactions**

Generally, in the separate financial statements there is no offsetting of assets or liabilities or revenue and expenses, except for those cases where offsetting is required or permitted by any standard and such presentation is the reflection of the substance of the transaction.

Revenues and expenses generated by transactions which contractually or mandatorily because of the enactment of a law include the possibility of offsetting, are those for which the Company intends either to settle the obligations on a net basis, or to realize the asset and settle the liability simultaneously.

**D. Recent accounting standards**

The Group has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities (2) |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies (2) |
| Amendments to IAS 8 | Definition of Accounting Estimates (2) |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction (2) |

(1) Effective for annual periods beginning on or after January 1, 2022.

(2) Effective for annual periods beginning on or after January 1, 2023.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Group does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Group does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group will evaluate the impact, if any, in its financial statements.

In May 2020, IASB issued an amendment to Illustrative Example 13 accompanying IFRS 16, as part of its Annual Improvements to IFRS Standards - 2018-2020, which removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example. The amendment is only as regards the Illustrated Example, therefore, no effective date is stated. The Group does not expect the amendment to have any significant impact in its financial statements.

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or reduce the fair value of financial assets or financial liabilities in the initial recognition.

**Notes forming part of the Financial Statements**

## 4. Financial assets and financial liabilities, and equity instruments

**Financial assets**

**Cash and cash equivalents**

The Company classifies as cash and cash equivalents all highly-liquid financial instruments, which are readily convertible into known amounts of cash subject to an insignificant risk of changes in value, with maturities of three months or less from the date of acquisition. Cash and cash equivalents comprise cash in banks not restricted for withdrawal and use.

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if those financial assets are held within a business model whose objective is to hold assets in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income.**

Financial assets are measured at fair value through other comprehensive income if they are held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has adopted the irrevocable option of presenting the subsequent changes in the fair values of capital investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit and loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income at initial recognition. Transaction costs directly attributable to the acquisition of financial assets or assumption of financial liabilities at fair value through profit or loss are immediately recognized in the interim condensed statement of profit or loss.

**Financial liabilities**

Other financial liabilities are measured at amortized cost using the effective interest method.

**Equity securities**

Equity securities are contracts which establish a residual interest on the Company's assets after deducting all its liabilities. Equity securities issued by the Company are recognized at the amount of the income received net of direct cost of issue.

**Impairment of financial assets (not measured at fair value)**

At each reporting date, the Company assesses whether a financial asset or group of financial assets is impaired. IFRS 9 requires that expected credit losses are measured through a loss allowance. The Company recognizes lifetime expected credit losses for all its contract assets and/or trade receivables that do not contain a significant financing component. To determine the allowance for doubtful accounts, the Company has used a practical expedient for the calculation of the allowance for expected credit losses of trade receivables using an allowance matrix. The allowance matrix considers the historical credit loss experience and is adjusted for prospective information. The allowance for expected credit losses is based on the maturity of accounts receivable past due and the rates used in the allowance matrix. For the remaining financial assets, expected credit losses are measured at an amount equal to 12-month expected credit losses or an amount equal to lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.

### A. Cash and cash equivalents

As of December 31, 2022 and 2021, this caption is composed of the following:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Cash on hand | **1,530** | 3,866 |
| Time deposits | **4,529,244** | 3,955,366 |
| Cash in banks | **922,018** | 1,382,851 |
| **Total** | **5,452,792** | 5,342,083 |

As of December 31, 2022 and 2021, cash in banks is as follows:

[ThCh$]

| **Bank** | **Type of currency** | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|---|
| Banco Santander | Chilean pesos | **702,930** | 1,134,915 |
| Banco Santander | U.S. dollar | **210,237** | 226,357 |
| Banco Scotiabank Chile (ex BBVA) | Chilean pesos | **8,851** | 21,579 |
| **Total** | | **922,018** | 1,382,851 |

Cash and cash equivalents have no availability restrictions.

The Company has made no investing or financing transactions that do not require the use of cash and cash equivalents.

### Deposits

As of December 31, 2022 and 2022, cash in deposits is as follows:

| Bank Name / Counterparty Name | Placement date | Maturity date | Currency | Total Days | Closing Amount |
|---|---|---|---|---|---|
| Banco Santander | 28-Dec-22 | 4-Jan-23 | CLP | 7 | 2,100,000 |
| Scotiabank | 13-Dec-22 | 12-Jan-23 | CLP | 30 | 888,000 |
| Scotiabank | 29-Dec-22 | 23-Jan-23 | CLP | 25 | 65,000 |
| Banco Santander | 23-Dec-22 | 9-Jan-23 | USD | 17 | 926,244 |
| Scotiabank | 22-Dec-22 | 23-Jan-23 | CLP | 32 | 370,000 |
| Scotiabank | 27-Dec-22 | 26-Jan-23 | CLP | 30 | 180,000 |
| | | | | | **4,529,244** |

As of December 31, 2022 and 2021, cash in deposits is as follows:

## Notes forming part of the Financial Statements

| Bank Name / Counterparty Name | Placement date | Maturity date | Currency | Total Days | Closing Amount |
|---|---|---|---|---|---|
| Banco Santander | 24-Dec-21 | 03-Jan-22 | CLP | 10 | 1,000,000 |
| Banco Santander | 22-Dec-21 | 06-Jan-22 | USD | 15 | 2,555,366 |
| Scotiabank | 22-Dec-21 | 06-Jan-22 | CLP | 15 | 400,000 |
| | | | | | **3,955,366** |

**B. Investments**

Investment in equity shares at fair value through other comprehensive income

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

For the investment in equity shares, the company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income which would otherwise be measured at fair value through profit or loss.

Investment in equity shares recognized at fair value through other comprehensive income is:

[ThCh$]

| Name | 2022 | 2021 |
|---|---|---|
| Fully paid Equity shares | 38,511 | - |
| Less: Changes in fair value of Investment | 634 | - |
| Investment in Equity shares | 37,877 | - |

**Investments in subsidiaries held at cost**

For the preparation of the separate financial statements the Company has used the exemption described in paragraph 4 of IFRS 10, which allows not using the equity method of accounting to recognize investments in subsidiaries in which the entity has control and significant influence provided that certain conditions are met. The Company meets each and every of such conditions as of December 31, 2022 and 2021. The Company's shareholders have authorized the preparation of the separate financial statement because the Company's financial information is included in the consolidated financial statements of its ultimate Parent, Tata Consultancy Services Limited (India), which have been prepared and presented in accordance with IFRS as issued by the IASB, and can be found at the web site: https://www.tcs.com/investor-relations. Investments in subsidiaries are recognized at cost and relate to:

Investments in subsidiaries are recognized at cost and relate to:

| Subsidiary | Country | Shares % | Address |
|---|---|---|---|
| | | % | |
| TATASOLUTION CENTER S.A. | Ecuador | **99.00** | **Francisco Salazar N°10-6 Quito** |
| Tata Consultancy Services Sucursal del Peru | Peru | **100.00** | **Av Nicolas Ayllon 2941, 3er Piso, El Agustino, Lima10 - Peru** |

The Company determines whether it is necessary to recognize an impairment loss in the subsidiaries. The Company determines at each reporting date whether there is objective evidence that the investment in the subsidiary is impaired; if this is the case, the Company calculates the impairment amount as the difference between the higher of the value in use and fair value of the subsidiary and the acquisition cost and recognizes the amount in the statement of profit or loss.

This caption includes investments in subsidiaries held at cost by the Company. The detail is as follows:

[ThCh$]

| | | | Ownership interest | | Carrying amount of the investment | |
|---|---|---|---|---|---|---|
| Taxpayer ID | Company's Name | Country | 2022 Ownership interest % | 2021 Ownership interest % | 2022 Carrying amount | 2021 Carrying amount |

### C. Trade and other receivables, current

**(a) Trade receivables are detailed as follows:**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables - Billed | **6,119,608** | 4,501,000 |
| Receivables due from related parties - Billed | **571,735** | 721,104 |
| **Total** | **6,691,343** | 5,222,104 |

The fair value of trade receivables corresponds to the same business amounts net of the related allowance for doubtful accounts.

**(b) Trade receivables past due, unpaid but not impaired are detailed as follows**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Up to 30 days | **6,583,891** | 4,781,366 |
| 31 to 60 days | **104,479** | 226,704 |
| 61 to 180 days | **5,011** | 63,024 |
| Over 180 days | **289,715** | 319,478 |
| Impairment | **(291,754)** | (168,468) |
| **Total** | **6,691,342** | 5,222,104 |

**(c) Unbilled trade receivables are detailed as follows:**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables - Unbilled | **1,220,993** | 2,047,132 |
| Trade receivables from related parties - Unbilled | **62,205** | 96,297 |
| **Total** | **1,283,198** | 2,143,429 |

Fair value of unbilled trade receivables corresponds to the same business amounts net of the related allowance for doubtful accounts.

**D. Other financial assets**

**(a) As of December 31, 2022 and 2021, other current financial assets are as follows:**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Accrued interest on loans to related parties | **603,654** | 617,753 |
| Cash advances and loans to employees | **28,774** | 15,345 |
| Loans to related companies | **-** | - |
| Other financial assets | **1,612** | 1,612 |
| Other financial assets from related parties | **(5)** | 80 |
| **Total** | **634,035** | 634,790 |

**(b) As of December 31, 2022 and 2021, other non-current financial assets are detailed as follows:**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Loans to related companies | **-** | 127,768 |
| **Totales** | **-** | 127,768 |

Loans granted to related parties have on-demand maturities and annual simple interest rate between 4% and 6%.

**E. Trade payables**

As of December 31, 2022 and 2021, trade and other payables are detailed as follows:

**Current**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables | **532,204** | 398,768 |
| Payables due to related parties | **976,749** | 601,754 |
| Other payables | **1,703** | 4,221 |
| **Total** | **1,510,656** | 1,004,743 |

**Notes forming part of the Financial Statements**

### F. Other financial liabilities

As of December 31, 2022 and 2021, other current non-financial liabilities are detailed as follows:

**Current**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Liabilities for contracts with customers | **-** | 24,566 |
| Liabilities for contracts with related companies | **12,653** | 7,039 |
| Other employee benefits | **243,619** | 181,184 |
| Other financial liabilities | **105,517** | - |
| **Total** | **361,789** | 212,789 |

### G. Other non-financial liabilities

As of December 31, 2022 and 2021, other current non-financial liabilities are detailed as follows:

**Current**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Employee withholdings | **650,687** | 513,669 |
| Payroll tax with holdings | **77,986** | 65,917 |
| VAT fiscal debit, net | **194,730** | 250,490 |
| Other payables | **21,612** | 12,145 |
| **Total** | **945,015** | 842,221 |

### H. Equity disclosures

Subscribed, fully-paid capital and number of shares

As of December 31, 2022 and 2021, the Company's share capital is composed of the following:

**Number of shares**

[ThCh$]

| Series | No. Subscribed | No. Of paid shares | No. Of shares with voting rights |
|---|---|---|---|
| **Single** | **431,926** | **431,926** | **431,926** |

**Capital**

[ThCh$]

| Series | Subscribed capital | Share capital |
|---|---|---|
| Single | 16,997,134 | 16,997,134 |

Capital management is intended to maximize the value for the shareholders, safeguard business continuity, and support the Company's growth. The Company determines capital requirements based on annual operating plans, long-term investment plans and other strategic investment plans. Financing requirements are met through capital and cash flows from operating activities generated. The Company is not subject to any capital requirement imposed externally.

**I. Financial assets and financial liabilities**

As of December 31, 2022, the carrying amount of financial instruments by category is as follows:

**2022**

[ThCh$]

| | Amortized cost | Total carrying amount |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **5,452,792** | **5,452,792** |
| Trade Receivables | | |
| Billed | **6,691,343** | **6,691,343** |
| Unbilled | **1,283,198** | **1,283,198** |
| Other current & non-current financial assets | **634,035** | **634,035** |
| **Total** | **14,061,368** | **14,061,368** |
| **Financial liabilities** | | |
| Trade payables | **1,510,656** | **1,510,656** |
| Other financial liabilities | **361,789** | **361,789** |
| **Total** | **1,872,445** | **1,872,445** |

As of December 31, 2021, the carrying amount of financial instruments by category is detailed as follows:

**2021**

[ThCh$]

| | Amortized cost | Total carrying amount |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 5,342,083 | 5,342,083 |
| Trade Receivables | | |
| Billed | 5,222,104 | 5,222,104 |
| Unbilled | 2,143,429 | 2,143,429 |
| Other current & non-current financial assets | 634,790 | 634,790 |
| **Total** | 13,342,406 | 13,342,406 |
| **Financial liabilities** | | |
| Trade payables | 1,004,743 | 1,004,743 |
| Other financial liabilities | 212,789 | 212,789 |
| **Total** | 1,217,532 | 1,217,532 |

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables (prior year: unbilled revenue), and trade payables as of December 31, 2022 and 2021, approximate their fair value. The difference between carrying amounts and fair values of bank deposits, cash in banks, other financial assets, other financial liabilities and subsequent loans measured at amortized cost is not significant for each period presented.

**Fair value hierarchy**

Fair value hierarchy is based on valuation techniques used to measure the fair value of observable and unobservable inputs, and includes the following three levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs). Fair values are determined totally or in part using a valuation model based on assumptions that are not supported by market transaction prices currently observable in the same instrument or based on available market data.

**J. Financial risk management**

The Company is mainly exposed to variations in foreign exchange rates, credit, liquidity and interest rate risks that may negatively affect the fair value of its financial instruments. The Company has a risk management policy that covers the risks associated with financial assets and financial liabilities. The risk management policy is approved by the Board of Directors. The approach applied by the risk management committee is to assess the unforeseability of the financial environment and mitigate the potential negative effects on the Company's financial performance.

**(a) Market risk**

The Company is exposed to market risk related to the risk of fluctuations in the fair value or future cash flows from a financial instrument because of changes in market prices. Such changes in the value of financial instruments may arise from movements in foreign currency exchange rates, interest rate, credit, liquidity and other changes in the market. The exposure to market risk relates mainly to the currency risk.

**(b) Currency risk**

The fluctuation of foreign currency exchange rate differences may have a potential effect in the statement of profit or loss and other comprehensive income, where any transaction refers to one or more currencies when assets / liabilities are denominated in a currency that is different from the entity's functional currency.

Considering the economic environment of the country in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in such country. The risks mainly relate to the fluctuations in U.S. dollar against the Company's functional currency.

The exchange rate sensitivity is calculated by adding the net exposure to currency risk and a simultaneous change of parallel exchange rates of all currencies by 10% compared to the Company's functional currency.

The analysis below has been prepared based on the Company's net exposure at the reporting date that may affect the statement of profit or loss and other comprehensive income.

As of December 31, 2022, the information related to the exposure to the currency risk is detailed as follows:

| 2022 | USD | MXN | UF | COP |
|---|---|---|---|---|
| **Financial assets, net** | **1,572,872** | **33,975** | **253,111** | **747** |
| **Financial liabilities, net** | **963,581** | **-** | **199,211** | **-** |

The appreciation / depreciation of 10% of related foreign currencies with respect to the functional currency of the Company would result in a decrease / increase in profit before taxes of approximately ThCh$ 697,14 for the year ended December 31, 2022.

As of December 31, 2021 the information related to the exposure to currency risk is as follows:

| 2021 | USD | MXN | UF | EUR | COP |
|---|---|---|---|---|---|
| Financial assets, net | 5,980,353 | 46,328 | 734,601 | (14,473) | 51,225 |
| Financial liabilities, net | 972,871 | - | 146,824 | - | - |

The appreciation / depreciation of 10% of related foreign currencies with respect to the functional currency of the Company would result in a decrease / increase in profit before taxes of approximately ThCh$ 5,678 for the year ended December 31, 2021.

**(c) Interest rate risk**

The Company is not exposed to interest rate risk.

**(d) Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual terms or obligations. Credit risk includes the direct risk of default and impairment of credit quality, as well as the concentration of risks. Credit risk is controlled by the analysis of credit limits and the credit capability of customers on an ongoing basis that have been obtained the credit after receiving the authorizations required.

Financial instruments subject to concentrations of credit risk include mainly trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. As of December 31, 2022, cash and cash equivalents include ThCh$5,452,792 held in a bank located in Chile with a high quality credit rating exceeding individually 10% or more of the Company's total cash and cash equivalents. None of the Company's other financial instruments result in a significant concentration of credit risk.

**Exposure to liquidity risk**

The carrying amount of financial assets represents the maximum credit exposure. As of December 31, 2022 and 2021, the maximum credit exposure amounted to ThCh$ 14.758 and ThCh$14.051, respectively, which corresponds to total carrying amount of cash in banks, bank deposits, trade receivables, unbilled revenue, other financial assets and investments.

**Trade receivables and contract assets**

The exposure to credit risk with respect to trade receivables and contract assets is mainly influenced by individual features of each customer in connection with the practices in the industry and the economic environment in which they operate. The entity limits its exposure to credit risk of trade receivables by establishing a maximum payment period of 272 days for its customers. Subsequent to this, the customers are at default (impaired loan). To manage this risk, the Company has a strong credit management process. The Company has adopted a policy to engage operations only with solvent counterparties. The counterparties' exposure is monitored on a regular basis, and changes to the credit conditions are made as required. The carrying amount of financial assets represents the maximum credit exposure. The Company has derecognized no customer balances, and only a few balances have impaired at the reporting date.

As of December 31, 2022 and 2021, the Company's exposure to customer is diversified; however, certain customers concentrate more than 10% of trade receivables and unbilled revenue:

[ThCh$]

| | As of December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | **Total receivables and provisions for revenue** | **%** | **Total receivables and provisions for revenue** | **%** |
| Customer A | **1,128,048** | **13%** | 1,021,088 | 13% |
| Customer B | **982,853** | **11%** | 968,394 | 12% |

**Geographical concentration of credit risk.**

The geographical concentration of trade receivables (gross and net of provisions) and unbilled revenue are detailed as follows:

## Notes forming part of the Financial Statements

| Geographic concentration of credit | 2022<br>% | 2021<br>% |
|---|---|---|
| Ibero-america | **93%** | 92% |
| Other | **7%** | 8% |

Geographical concentration of trade receivables and unbilled revenue are assigned by the customer location.

The Company uses a provision matrix to measure the expected credit loss from receivables from customers. The expected credit loss is based on credit maturity dates and is detailed as follows:

[ThCh$]

| 31-12-2022 | Weighted -average loss rate | Gross carrying amount | Loss allowance | Credit-impaired |
|---|---|---|---|---|
| No Due | **0%** | **5,649** | **(1)** | **No** |
| 1-90 | **0%** | **478** | **(1)** | **No** |
| 91-180 | **1%** | **-** | **-** | **No** |
| 181-272 | **28%** | **-** | **-** | **No** |
| >273 | **100%** | **-** | **-** | **Yes** |

[ThCh$]

| 31-12-2021 | Weighted -average lotss rate | Gross carrying amount | Loss allowance | Credit-impaired |
|---|---|---|---|---|
| No Due | 0% | 3,731 | - | No |
| 1-90 | 0% | 514 | - | No |
| 91-180 | 0% | 77 | - | No |
| 181-272 | 0% | - | - | No |
| >273 | 100% | - | - | Yes |

* The gross carrying amount excludes intercompany receivables

**Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations. Liquidity risk management is intended to maintain sufficient liquidity and ensure that funds are available for use as per the requirements.

On a regular basis, the Company generated sufficient cash flows from operations to meet its financial obligations as they mature.

The Company addresses no significant liquidity risk related to its lease liabilities, because current assets are sufficient to comply with obligations related to lease liabilities when they mature.

The detail of the contractual maturities of significant financial liabilities is included in the tables below:

[ThCh$]

| 2022 | Expired in 1st year | Expired in 2nd year | Expired in 3rd and 5th year M& | Expired more than 5th year | Total |

Transactions among the Company and its related parties correspond to customary operations in terms of their objective and conditions.

Balances receivable and payable are mainly expressed in U.S. dollars and for interest-bearing loans of an approximate annual average rate ranging from 4% to 6% not associated with a repayment schedule, the classification is based on the expected collection period of such accounts receivable.

For 2022, current receivables mainly relate to trade receivables of ThCh$6,691,343 (services rendered), other current financial assets of ThCh$ 634,035 (loans and interests) while for 2021 this item mainly relates to trade receivables of ThCh$5,222,104 (services rendered), other current financial assets of ThCh$ 634,790 (loans and interests).

Non-current receivables relate to other non-current financial assets of ThCh$ 0 and ThCh$ 127.768 for 2022 and 2021, respectively (loans and interests).

Intercompany payables mainly relate to trade payables of ThCh$831,095 and ThCh$ 651.836for 2022 and 2021, respectively (services rendered).

## 6. Income tax assets (net)

### A. As of December 31, 2022 and 2021, current tax assets are as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Monthly provisional income tax payments | **1,050,031** | 364,789 |
| Credit for training expenses | **-** | - |
| Credit from profits of Perú and other credti | **311,901** | 284,665 |
| Credith from dividends of Ecuador | **1,582,496** | 2,025,029 |
| Provision for income tax | **(2,944,428)** | (2,326,283) |
| **Total** | **-** | 348,200 |

## Notes forming part of the Financial Statements

**B. As of December 31, 2022 and 2021, non-current tax assets are as follows:**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Remaining balance from prior year | **366,344** | 1,463,055 |
| Provision for income tax | **704,087** | (1,096,711) |
| **Total** | **1,070,431** | 366,344 |

**IFRIC 23 Interpretation Uncertainty over Income Tax Treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

**Application of IFRIC 23**

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

## 7. Non-financial assets and liabilities

**A. Furniture and equipment**

The cost of items of furniture and equipment comprises their acquisition cost plus any other costs directly attributable to bringing the assets to a working condition for their intended use as foreseen by Management and the initial estimate of the costs of dismantling and removing the items and restoring the site on which they are located. Financial cost is capitalized in accordance with IAS 23.

Repair, preservation and maintenance expenses are expensed in profit or loss in the period in which they are incurred. Note that certain items of furniture and equipment of Tata Consultancy Services Chile S.A. require regular reviews. In this sense, the items that are replaced are recognized separately from the rest of the asset and with a disaggregation level which allows their amortization in the period between the present and next repair.

Expansion, modernization and improvement costs that represent an increase in productivity, capacity or efficiency, or an increase in the useful life, are capitalized as an increase in the value of the assets.

The gain or loss from selling or retirement of an asset is calculated as the difference between the price obtained from the sale and the carrying amount in the accounting records with a debit or credit to profit or loss for the period.

**Depreciation**

Items of furniture and equipment are depreciated using the straight-line method by distributing the acquisition cost of the assets less their estimated residual value over the estimated useful lives of assets.

The residual value and useful life of items of furniture and equipment are reviewed on an annual basis, and depreciation starts when assets are brought to working condition for their intended use.

The main items of property, plant and their related useful lives are shown below:

| | Financial useful life (years) |
|---|---|
| Furniture and supplies | 5 |
| Computers and Equipment | 4 |
| Electrical and air conditioning equipment | 10 |
| Archive installations | 10 |

Land is recognized separately from the buildings or facilities that may stand on them, it has an indefinite life and, accordingly, it is not depreciated.

Tata Consultancy Services Chile S.A., at least annually, assesses the existence of a possible impairment of assets in furniture and equipment. Any reversal of the impairment loss is recognized in profit or loss, where applicable.

**Impairment**

Furniture and equipment with a limited useful life are assessed to recover them as long as there is any indication that their carrying amount may not be recoverable. Should such indication exist, the recoverable amount (i.e. the higher of its fair value less costs to sell and its value in use) is determined based on an individual asset, unless such asset generates no cash inflows that are largely independent from other assets. In such cases, the recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is lower than its carrying amount, then the asset's carrying amount (or CGU) is reduced to its recoverable amount. Impairment losses are recognized in profit or loss.

### (a) Detail

The detail by class of furniture and equipment at each year-end, net and gross, is as follows:

(ThCh$)

| Classes of furniture and equipment, net | As of December 31, 2022 | As at December 31, 2021 |

**(c) Additional information**

**(i) Insurance**

The Company has entered into insurance policies to cover the possible risks to which the different elements of furniture and equipment may be exposed to, as well as possible claims that might be presented due to the exertion of its activity; these policies sufficiently cover the risks to which they are exposed to.

**(ii) Depreciation cost**

The depreciation of assets is calculated using the straight-line method during their economic useful life.

Such useful life has been determined based on the expected natural impairment, technical or business obsolescence from changes and/or improvements in production and changes in the market demands of products obtained from operations of such assets.

**(iii) Operating leases**

TCS records properties and equipment leased under operating lease agreements. Most lease agreements include renewal and escalation clauses. Rental expenses from operating leases amounted to MCh$ 16 and MCh$ 25 in fiscal years 2022 and 2021, respectively.

Below there is a summary of future minimum lease rental commitments for operating leases:

| Supplier 2022 | Concept | UF value annual | Beginning date | Completion date | Concept |
|---|---|---|---|---|---|
| **Sociedad lautaro Rios e hijos Ltda.** | **Leasehold of Valparaiso's branch** | **480** | **12-02-2022** | **12-02-2023** | **Automatically renewable for a 1-year period.** |
| **2021** | | | | | |
| Sociedad lautaro Rios e hijos Ltda. | Leasehold of Valparaiso's branch | 480 | 12-02-2021 | 12-02-2022 | Automatically renewable for a 1-year period. |

## Notes forming part of the Financial Statements

Future commitments are as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Leasehold of properties** | | |
| Upto a year | **15,797** | 14,888 |
| Between a year and five years | **-** | - |
| More than five years | **-** | - |
| **Total** | **15,797** | 14,888 |

### B. Goodwill

Goodwill represents the positive difference between the acquisition cost and the fair value of the identifiable assets acquired, liabilities and contingent liabilities of the acquiree. Goodwill is initially measured at cost and subsequently measured at cost less impairment losses, if any. Goodwill is reviewed annually for the existence of any impairment indications or more frequently if events or changes in circumstances exist indicating that the carrying amount may be impaired.

**Impairment**

CGUs to which goodwill has been allocated are tested for impairment annually, or more frequently when there is indication for impairment. The financial projections basis which the future cash flows have been estimated consider the increase in economic uncertainties due to COVID-19, reassessment of the discount rates, revisiting the growth rates factored while arriving at terminal value and subjecting these variables to sensitivity analysis. If the recoverable amount of a CGU is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit.

Relates to goodwill generated as a result of the acquisition of Comicrom S.A. in 2005.

On November 7, 2005, Tata Consultancy Services BPO Chile S.A. (formerly, Tata Consultancy Services (TCS) Chile Ltda.) acquired from Opencrom S.A., 99.99% of ownership interest in Comicrom S.A. The initial balance paid amounted to ThCh$12,099,597 (historical amount), generating an initial goodwill of ThCh$8,584,142 (historical amount) at such date.

The Company determined the fair value of assets and liabilities of the acquiree based on the purchase assessment process, requiring the involvement of external professional specialists, who issued a report on March 10, 2006. Such report determined that no significant differences existed between the initial assessment of the fair value of the acquiree's assets and liabilities and the amount reported by the external specialists.

The purchase and sale contract for the property of Comicrom S.A. included price adjustment provisions subject to the compliance with certain financial ratios until 2010, which were part of the final determination of the price paid and goodwill.

As of December 31, 2022 and 2021, goodwill amounting to ThCh$17,720,950 has been allocated to the Tata Consultancy Services Chile S.A. cash-generating unit. The company makes an estimate of the value in use of the Tata Consultancy Services Chile S.A. cash-generating unit based on future cash flows using an annual growth rate of 3% after a forecast of five years considering a discount rate of 8.63%. A sensitivity analysis of changes in measurement parameters (operating margin, discount rate and average long-term growth rate) based on assumptions fairly probable has identified no probable scenario where recoverable amounts of the cash-generating unit may decrease to less than the carrying amount.

## C. Other non-current assets

The other non-current assets as of December 31, 2022 and 2021, respectively, are detailed below:

[ThCh$]

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Security Deposit | **36,897** | 29,558 |
| **Total** | **36,897** | 29,558 |

## D. Other current assets

The detail of other current non-financial assets as of December 31, 2022 and 2021, is as follows:

[ThCh$]

| **Prepayments** | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Prepayments | **135,751** | 105,579 |
| Contractual assets | **659,096** | 581,599 |
| **Total** | **794,847** | 687,178 |

The movement in the contract assets is given below:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Opening balances as of December 31, 2021** | **581,599** | 453,513 |
| Recognized revenue at the beginning of the period | **(513,184)** | (441,512) |
| Increase due to invoicing during the year, exluding amounts revenue during the year | **576,272** | 558,163 |
| Foreign currency translation differences | **14,409** | 11,435 |
| **Closing balances as of December 31, 2022** | **659,096** | 581,599 |

## E. Other non financial liabilities

The detail of the other current non-financial liabilities as of December 31, 2022 and 2021, is as follows:

**Currents**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Employee withholdings | **650,687** | 513,669 |
| Payroll tax withholdings | **77,986** | 65,917 |
| VAT fiscal debit, net | **194,730** | 250,490 |
| Other payables | **21,612** | 12,145 |
| **Total** | **945,015** | 842,221 |

## 8. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**As a lessee**

- The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component based on the stand-alone price related to the lease component and the aggregate stand-alone price of non-lease components.
- The Company recognizes the right-of-use asset that represents its right to use the underlying asset during the lease term on the commencement date of the lease. The cost of the right-of-use asset measured at inception shall comprise the amount of the initial measurement of the lease liability adjusted for any lease payment made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. Right-of-use assets are subsequently measured at cost less any accumulated depreciation or accumulated impairment losses, if any, and are adjusted for any remeasurement of the lease liability. Right-of-use assets are depreciated using the straight-line method starting from the commencement date over the shorter of the lease term or the useful life of the right-of-use asset. Estimated useful lives of right-of-use assets are determined on the same basis as those of furniture and equipment. Right-of-use assets are tested for impairment when there is evidence that the carrying amount may not be recoverable. Impairment losses, if any, are recognized in profit or loss.
- The Company measure the lease liability at the present value of lease payments that are not paid at the commencement date of the lease. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If this rate cannot be readily determined, the Company shall use its incremental borrowing rate. For leases with reasonably similar characteristics, the Company may adopt, on a lease-by-lease basis, the incremental borrowing rate specific for the lease or the incremental borrowing rate for the portfolio as a whole. Lease payments will include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option if the Company is reasonably certain to exercise that option and payment of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.
- The lease liability is subsequently remeasured increasing the carrying amount to reflect the interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognizes the amount of the remeasurement of the lease liability due to the modification as an adjustment to the right-of-use asset and profit or loss, depending on the nature of the modification. When the carrying amount of the right-of-use asset is reduced to zero and there is further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the remeasurement in profit or loss.
- The Company has elected not to apply the requirements of IFRS 16 to leases of low-value assets and short-term leases. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Right-of-use assets owned by the Company are detailed as follows:

[ThCh$]

| | Acquisitions for 2022 | Net carrying amount for 2022 | Acquisitions for 2021 | Net carrying amount for 2021 |
|---|---|---|---|---|
| Leased land | **-** | **-** | - | - |
| Buildings | **-** | **1,743,411** | - | 2,566,274 |
| Leasehold improvements | **-** | **-** | - | - |
| Computer equipment | **-** | **-** | - | - |
| Furniture, fixtures, office equipment and other assets | **-** | **-** | - | - |
| **Total** | **-** | **1,743,411** | - | 2,566,274 |

The depreciation of the right-of-use asset is as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Leased land | - | - |
| Buildings | **822,863** | 822,863 |
| Computer equipment | - | - |
| Furniture, fixtures, office equipment and other assets | - | - |
| **Total** | **822,863** | 822,863 |

**Amounts recognized in the statement of profit or loss**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Depreciation | **822,863** | 822,863 |
| Interest on the lease liability | **89,441** | 121,524 |
| Expenses related to short-term leases and leases of low value assets | **36,391** | 28,074 |
| Income from subleases of right-of-use assets | - | - |

**Amounts recognized in the statement of cashflows**

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Total cash outflows for leases** | **1,127,487** | 939,442 |

The leasing contracts entered into by the Company mainly refer to buildings leased to carry out its business in the ordinary course. The Company has no lease restrictions and commitment to equities under the contract.

Current and non-current lease liabilities are detailed as follows:

| Supplier | Currency | Rate | Beginning date | Termination date | Carrying amount |
|---|---|---|---|---|---|
| Bello Monte | Ch$ | 3,89% | **Nov-17** | Dec-25 | 1,848,384 |
| Orinoco 150 | Ch$ | 3,78% | **Apr-18** | Mar-23 | 12,366 |
| Orinoco 720 | Ch$ | 3,78% | **Apr-18** | Mar-23 | 59,355 |
| | **Total** | | | | 1,920,105 |

## 9. Income tax and deferred taxes

Income tax expense comprises the current income tax expense and net variation in the deferred income tax asset or liability during the year. Current taxes and deferred taxes are recognized in profit or loss, except when they relate to items recognized in other comprehensive income or directly recognized in equity, in which case they are also recognized in other comprehensive income or directly in equity, respectively.

## Notes forming part of the Financial Statements

**Current income taxes**

Current income tax is based on the tax profit for the year, and is calculated using the tax rates enacted at the reporting date.

Prepaid taxes and current income tax provisions are recognized in the statement of financial position upon offsetting such prepaid taxes and income tax provisions generated from the same tax jurisdiction and where the relevant tax payment unit is aimed at settling the asset and liability on a net tax basis.

**Deferred taxes**

The Company recognizes deferred taxes using the statement of position method. Deferred taxes are obtained from temporary differences between the tax base of assets and liabilities, and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantially enacted tax rates or rates expected to be applied on taxable income in the years the Company expects to receive them or the temporary differences are settled. Deferred tax assets and liabilities are offset when they relate to the income taxes collected by the same tax authority and the relevant company intends to settle its assets and liabilities on a net tax basis.

The carrying amount of deferred tax assets is reviewed at each reporting date and discounted to the extent that it is not probable that sufficient taxable profit will be available to allow the use of a portion or all that deferred tax asset.

### A. Income tax recognized in profit or loss for the year

[ThCh$]

| **Income tax (expenses) benefit** | **As of December 31, 2022** | **As at December 31, 2021** |
|---|---|---|
| Adjustment to prior period current tax | **124,478** | 55,093 |
| Other current tax income/(expenses) | **(1,311,433)** | (1,538,114) |
| **Current tax expenses** | **(1,186,955)** | (1,483,021) |
| Deferred tax income/expenses related to the generation an reversal of temporary differences for current tax | **-** | - |
| Deferred tax income/(expenses) | **401,610** | (99,478) |
| **Total** | **(785,345)** | (1,582,499) |

### B. Reconciliation of accounting profit or loss to taxable profit or loss

[ThCh$]

| **Reconciliation of tax expenses using the legal rate to tax expenses using the effective rate** | **As of December 31, 2022** | **As at December 31, 2021** |
|---|---|---|
| Profit before tax | **8,366,173** | 10,122,856 |
| Effective tax rate | **27%** | 27% |
| Tax expense using the legal rate | **(2,258,867)** | (2,733,171) |
| Income with tax credit from foreign source | **291,501** | 261,804 |
| Adjustment of prior year tax determination | **124,478** | 55,092 |
| Change in deferred taxes | **(318,541)** | (401,505) |
| Dividends received from foreign source | **1,376,084** | 1,235,281 |
| **Tax income using the effective rate** | **(785,345)** | (1,582,499) |

On September 29, 2014, Law No. 20.780 was enacted in Chile, establishing a permanent change in the corporate income tax rate of 21% starting from 2014, up to a 27% starting from 2019.

On January 27, 2016, the Act that simplifies the tax reform was passed, which is intended to simplify the income tax system in force from 2017; make adjustments to the value-added tax; as well as to the anti-circumvention rules. Concerning tax system, the proposed amendment considers that Shareholders' corporations (openly and closely held), as in the case of the Company should always be taxed according to the partially-integrated system. Later, this system will be the general taxation regime for companies beginning from the commercial year 2017.

**C. Deferred taxes**

As of December 31, 2022 and 2021, the detail of accumulated balances of deferred tax assets and liabilities is as follows:

[ThCh$]

| | 2022 | 2021 |
|---|---|---|
| **Recognized deferred tax liabilities related to:** | | |
| Accrued vacations | **706,188** | 576,769 |
| Adoption of IFRS 16 | **47,708** | 55,035 |
| Other | **633,861** | 337,178 |
| **Total deferred taxes** | **1,387,757** | 968,982 |
| **Recognized deferred tax liabilities related to:** | | |
| Furniture and equipment | **(123,895)** | (106,731) |
| **Net amount** | **1,263,862** | 862,251 |

**D. Movement in deferred taxes**

As of December 31, 2022 and 2021, the detail of movements in deferred tax assets and liabilities is as follows:

[ThCh$]

| **2022** | Opening balance | Effects recognized in profit or loss | Closing balance |
|---|---|---|---|
| Recognized deferred tax assets related to: | | | |
| Goodwill from inventories | - | - | - |
| Accrued vacations | **576,769** | **129,419** | **706,188** |
| Adoption of IFRS 16 | **55,035** | **(7,327)** | **47,708** |
| Other | **337,178** | **296,683** | **633,861** |
| **Total deferred tax assets** | **968,982** | **418,775** | **1,387,757** |
| Recognized deferred tax liabilities related to: | | | |
| Furniture and equipment | **(106,731)** | **(17,164)** | **(123,895)** |
| **Net balance as of December 31, 2022** | **862,251** | **401,611** | **1,263,862** |

## Notes forming part of the Financial Statements

[ThCh$]

| 2021 | Opening balance | Effects recognized in profit or loss | Closing balance |
|---|---|---|---|
| Recognized deferred tax assets related to: | | | |
| Goodwill from inventories | - | - | - |
| Accrued vacations | 521,809 | 54,960 | 576,769 |
| Adoption of IFRS 16 | 53,700 | 1,335 | 55,035 |
| Other | 484,191 | (147,013) | 337,178 |
| **Total deferred tax assets** | 1,059,700 | (90,718) | 968,982 |
| Recognized deferred tax liabilities related to: | | | |
| Furniture and equipment | (97,971) | (8,760) | (106,731) |
| **Net balance as of December 31, 2021** | 961,729 | (99,478) | 862,251 |

## 10. Employee benefits

### A. Provision for employee benefits

As of December 31, 2022 and 2021, this caption is detailed as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Vacations | **2,615,511** | 2,136,180 |
| Others | **24,561** | 30,633 |

## 11. Deferred revenue

As of December 31, 2022 and 2021, deferred revenue as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Services invoiced in advance | **910,038** | 313,738 |
| Services invoiced in advance from related parties | **67,407** | 32,810 |
| **Total** | **977,445** | 346,548 |

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Opening balance as of December 31, 2021 | **346,548** | 798,925 |
| Recognized revenue at the beginning of the period | **(273,521)** | (602,698) |
| Increase due to invoicing during the year, excluding amounts recognized as revenue during the year. | **894,813** | 197,821 |
| Foreign currency translation differences | **9,605** | (47,500) |
| Closing balance as of December 31, 2022 | **977,445** | 346,548 |

## 12. Dividends paid

The distribution of dividends to the shareholders is recognized as a liability at the end of each year in the separate financial statements, based on the dividend policy established in the by laws and by the shareholders at the Ordinary General Shareholders' Meeting.

Dividends of ThCh$ 7,800,632 relate to dividends paid with a debit to retained earnings as of December 31, 22.

Dividends of ThCh$ 8,648,909 relate to dividends paid with a debit to retained earnings as of December 31, 21.

## 13. Operating profit

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from time and material and job contracts is recognized on output basis measured by units delivered, efforts expended, number of transactions processed, etc.

Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognized based on time elapsed mode and revenue is straight lined over the period of performance.

In respect of other fixed-price contracts, revenue is recognized using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.

Revenue from the sale of distinct internally developed software and manufactured systems and third-party software is recognized upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customization services rendered significantly modifies or customizes the software, these services and software are accounted for as a single performance obligation and revenue is recognized over time on a POC method.

Revenue from the sale of distinct third-party hardware is recognized at the point in time when control is transferred to the customer.

**Notes forming part of the Financial Statements**

The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third-party products is recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Group's contracts with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognized when there are billings in excess of revenues.

The billing schedules agreed with customers include periodic performance-based payments and / or milestone-based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The disaggregation of revenue per nature is as follows:

| [ThCh$] | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Consulting services | **47,693,968** | 38,096,097 |
| Sale of equipment and software licences | **-** | 98,307 |
| **Total** | **47,693,968** | 38,194,404 |

The disaggregation of revenue per industry is as follows:

| **Industry vertical's** | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Banking, finance and insurance | **39,082,285** | 29,559,202 |
| Manufacture | **1,080,648** | 1,220,442 |
| Retail and consumer products | **2,017,626** | 2,260,823 |
| Communication, Media and Technology | **3,828,062** | 3,025,147 |
| Other | **1,685,347** | 2,128,790 |
| **Total** | **47,693,968** | 38,194,404 |

[ThCh$]

The disaggregation of revenue per geography is as follows:

| **Geographic location** | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Ibero-America | **47,693,968** | 38,194,404 |
| **Total** | **47,693,698** | 38,194,404 |

[ThCh$]

Geographical revenue is allocated based on customers' location.

Although the Company discloses the aggregate amount of the transaction price not yet recognized as revenue for unsatisfied (or partially satisfied) performance obligations, along with the expected time to recognize revenue, the Company has applied the practical expedient included in IFRS 15.

Accordingly, the Company has not disclosed the aggregated transaction price allocated to the unsatisfied (or partially satisfied) performance obligations that relate to contracts in which recognized revenue corresponds to the value transferred to the client that generally involves time and materials, result-based contracts and events.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors, such as terminations, changes in the scope of the contract, periodic revalidation of estimates, economic factors (changes in the exchange rates, tax laws, etc.). The aggregated amount of the transaction price allocated to unsatisfied (or partially satisfied) performance obligations is ThCh$ 8,536,426 from which 70 % is expected to be recognized as revenue in the next year and subsequent balance. All considerations related to contracts with customers are included in the aforementioned amount.

Changes in unearned and deferred revenue are disclosed in Note 11.

**Notes forming part of the Financial Statements**

## 14. Finance income and other income

As of December 31, 2022 and 2021, finance income and other income is as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Interest from loans granted to related parties and other | **2,590** | 2,267 |
| Interest on deposits with Banks | **125,087** | 4,832 |
| Interest on Income Tax Refunds | **85,994** | 51,153 |
| Interest on Loans – Other | **-** | 53 |
| Dividend from Subsidiar y parties | **4,128,251** | 5,635,081 |
| **Total** | **4,341,922** | 5,693,386 |

## 15. Other operating expenses

As of December 31, 2022 and 2021, other operating expenses are as follows:

[ThCh$]

| | As of December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Leases | **196,840** | 87,328 |
| Data transmissions circuits (communications) | **914,710** | 745,493 |
| Facilities expenses | **607,340** | 466,337 |
| Marketing and advertising | **31,447** | 26,908 |
| Office and other expenses | **3,578,532** | 3,224,783 |

## 19. Lawsuits and Contingencies

During the year 2022 the company maintain 3 cases of Laboral claims, as per in the opinion of the lawyers does not represent a risk for the company.

The Company has contractually committed (net prepayment) ThCh$232.015 as of December 31, 2022 and MCh$55.504 as of December 31, 2021 for the acquisition of furniture and equipment.

## 20. Subsequent events

Between January 1, 2023 and the date when financial statements were authorized for issue, there are no additional subsequent events that could affect the Company's financial position and/or profit or loss or which require disclosure in the notes to the financial statements.

# TATA SOLUTION CENTER S.A.

## FINANCIAL STATEMENTS

**For the year ended**
**December 31, 2022**

**With Independent Auditors' Report Thereon**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

# INDEPENDENT AUDITORS' REPORT

**TO THE SHAREHOLDERS OF**
**TATASOLUTION CENTER S. A.**

## Opinion

We have audited the financial statements of TATA SOLUTION CENTER S.A., which comprise the statement of financial position as of December 31, 2022, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of TATA SOLUTION CENTER S.A as of December 31, 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

## Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company within the meaning of the Code of Ethics for Public Accountants issued by the International Ethics Standards Board (IESBA) together with relevant ethical requirements for our audit of the financial statements in force in the Republic of the Ecuador and have fulfilled our other responsibilities under those relevant ethical requirements. We believe that the audit evidence we have obtained provides a sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of management and those charged with governance with respect to the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with IFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company´s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process of the TATASOLUTION CENTER S.A.

## Auditor's Responsibilities for the Audit of the Financial Statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of the accounting policies used and the reasonableness of the accounting estimates and related disclosures made by Management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. How ever, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Company's managers and directors in relation to, among other matters, the scope and timing of the audit and significant audit findings, including any significant deficiency in internal control that we identify during our audit.

**Report on Other Legal and Regulatory Requirements**

Separately, we issue the opinion on Compliance with the Company's Tax Obligations as of December 31, 2022.

## Notes forming part of the Financial Statements

### 1. GENERAL INFORMATION

Tatasolution Center S.A., a subsidiary of Tata Consultancy Services Chile S.A., was incorporated in Ecuador on December 28, 2006 and began operations on June 1, 2007. The Company's principal activity is the provision of IT services, software development and management services and Business Processing Operations (BPO), principally to financial sector institutions.

The principal client of Tatasolution Center S.A. is Banco Pichincha C.A., representing approximately 89% of its total revenues. Among the most significant services provided to the bank are software development services and maintenance and business processing operations (BPO).

At December 31, 2022 (and 2021), the Company employed a total of 1,518 and 1,502 employees, respectively.

Information included in these financial statements is the responsibility of Company´s management.

### 2. STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standard Board (IASB).

### 3. BASIS OF PREPARATION

The financial statements have been prepared on historical cost basis except for certain financial instruments and defined benefits plans which are measured at fair value or amortized cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the company has considered an operating cycle of 12 months.

Cash flows have been prepared using indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the United States of America dollar (U.S. dollar). The functional currency of the company is the currency of the primary economic environment in which the entity operates. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognized in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

### 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The company uses the following critical accounting estimates in preparation of its financial statements:

**a. Revenue recognition**

Revenue for fixed-price contracts are recognized using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b. Useful lives of property, plant and equipment**

The company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**e. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**f. Employee benefits**

The present value of employee benefit provisions depends on various factors that are determined using an actuarial calculation based on various assumptions. The assumptions used in determining the net cost of the benefits include a discount rate. Any change in assumptions impacts the carrying amount of the employee benefit provisions.

The actuary contracted by the Company to perform the actuarial calculation uses the discount rate, the mortality rate and the turnover rate at the end of each year as reported by Company management. The discount rate is the interest rate to be used to determine the present value of estimated expected future cash flows that will be required to comply with the benefit obligation, which is determined by reference to market yields, at the end of the year, corresponding to high quality corporate bonds in the currency in which the profits will be paid.

The accounting of employee benefit plans in the nature of defined benefit requires the company to use assumptions. These assumptions have been explained under employee benefits note.

**g. Leases**

The company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

## Notes forming part of the Financial Statements

The company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In assessing whether the company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### 5. NATURE AND PURPOSE OF RESERVES

**a. Legal Reserve**

The Companies' Law requires that at least 10 percentage of annual income be appropriated as a legal reserve until such reaches a minimum of 50 percentage of share capital. This reserve is not available for payment of dividends but may be capitalized in its entirety.

**b. Retained Earnings**

A summary of retained earnings is as follows:

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Retained earnings - distributable | **8,215** | 8,003 |
| Accumulated Losses(*) | **(140)** | (140) |
| | **8,075** | 7,863 |

*Generated on first time adoption of IRFS

Accumulated earnings from first-time adoption of IFRS - include amounts resulting from adjustments arising from first-time adoption of IFRS. The debt balance may be absorbed by accumulated earnings and those of the previous terminated year, if any, in accordance with the Resolution issued by the Superintendence of Companies on October 14, 2011.

### 6. OFFSETTING BALANCES AND TRANSACTIONS

As a general rule neither assets and liabilities nor income and expenses are offset in the financial statements, except in those cases in which compensation is required or permitted under a standard and such presentation reflects the essence of the transaction.

Income and expenses originating in transactions that, contractually or by statute, provide for the possibility of offset and that the Company has the intention of settling for their net amount or realizing the assets and proceeding to pay the liability simultaneously are presented net in profit and loss.

### 7. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[2] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and liabilities arising from a Single transaction[1] |
| Amendments to IFRS 16 | Lease Liability in a sale and Leaseback[2] |
| Amendments to IAS 1 | Non-current Liabilities with Covenants[2] |

[1] Effective for annual periods beginning on or after January 1, 2023.

[2] Effective for annual periods beginning on or after January 1, 2024.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

**IFRS 16- Lease Liability in a Sale and Leaseback**

In September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 1 – Non-current Liabilities with Covenants**

In October 2022, IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The Company does not expect the amendments to have any significant impact on its classification of non-current liabilities in its statement of financial position.

The company has applied IFRIC 23 effective for annual periods beginning on or after January 1, 2019 as below:

**IFRIC 23 Interpretation Uncertainty over Income Tax Treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

## Notes forming part of the Financial Statements

**Application of IFRIC 23**

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

### 8 FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The company derecognizes financial liabilities when, and only when, the company's obligations are discharged, cancelled or have expired.

**Cash and cash equivalents**

The company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortized cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the company are recognized at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction.

In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

### a) Cash and Cash Equivalents

As shown in the statement of cash flows, cash and cash equivalents may be reconciled with related items in the statement of financial position as follows:

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Current account balances with banks | **51** | 94 |
| Cash on hand | **2** | 2 |
| Deposits with banks (1) | **21,664** | 21,791 |
| **Total** | **21,717** | 21,887 |

(1) At December 31, 2022, Deposit with banks correspond to certificates of deposit and sweep account with local financial institutions maturing up to January and February 2023 (up to January and March 2022 for year 2021) with an average interest rate of 6.20 percentage and 6.56 percentage and 3.78 percentage respectively (3.77 percentage and 3.78 percentage for year 2021).

### b) Trade Receivables Billed

(In thousand of USD)

| **Trade Receivables billed current** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Trade receivables billed | **1,106** | 1,132 |
| Less: Allowance for doubtful trade receivables | **(658)** | (657) |
| **Total** | **448** | 475 |

Trade receivables include balances with related parties (Refer Note 17)

### c) Trade Receivables Unbilled

(In thousand of USD)

| **Trade receivables Unbilled current** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Trade receivables - Unbilled | **1,495** | 1,106 |
| **Total** | **1,495** | 1,106 |

Trade receivables include balances with related parties (Refer Note 17)

## Notes forming part of the Financial Statements

### d) Other Financial Assets

Other financial assets consist of the following:

**Other financial assets - Current**

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Restricted Cash (1) | **483** | 483 |
| Employee advances | **71** | 26 |
| Deposits for premises | **58** | 2 |
| Accrued Interest | **91** | 65 |
| Others | **1** | - |
| **Total** | **704** | 576 |

(1) Restricted cash comprises of Deposits with lien.

**Other financial assets – Non Current**

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Deposits for premises | **-** | 41 |
| **Total** | **-** | 41 |

### e) Trade and Other Payables

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Trade payables | **816** | 432 |
| Accrued expenses | **671** | 749 |
| **Total** | **1,487** | 1,181 |

Trade and Other payables include balances with related parties (Refer Note 17)

### f) Other financial liabilities - Current

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Profit sharing | **1,300** | 1,937 |
| Social benefits | **421** | 418 |
| Other employee accounts payable | **172** | 250 |
| Payable for volume discount | **8** | 12 |
| Capital Creditors | **5** | 2 |
| Security deposits | **-** | - |
| **Total** | **1,906** | 2,619 |

**Employee profit-sharing** - In accordance with current legislation, workers are entitled to a 15 percentage share in a company's profits applicable to accounting for pre-tax profits. Movements in the provision for employee profit-sharing were as follows:

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Balances, beginning of year | **1,937** | 1,226 |
| Provision for the year (1) | **1,271** | 1,908 |
| Payment made | **(1,908)** | (1,197) |
| Balances, end of year | **1,300** | 1,937 |

(1) Year 2021 include a provision of profit sharing in relation with tax assessment for 2015 of US$ 11 thousand.

## g) Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2022 is as follows:

(In thousand of USD)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **21,717** | **21,717** |
| Earmarked balances with banks | **483** | **483** |
| Trade receivables | | |
| Billed | **448** | **448** |
| Unbilled | **1,495** | **1,495** |
| Other financial assets | **220** | **220** |
| **Total** | **24,363** | **24,363** |
| **Financial liabilities** | | |
| Trade and other payables | **1,487** | **1,487** |
| Lease liabilities | **562** | **562** |
| Other financial liabilities | **1,906** | **1,906** |
| **Total** | **3,955** | **3,955** |

## Notes forming part of the Financial Statements

The carrying value of financial instruments by categories as at December 31, 2021 is as follows:

(In thousand of USD)

| | Amortized cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | 21,887 | 21,887 |
| Earmarked balances with banks | 483 | 483 |
| Trade receivables | | |
| Billed | 475 | 475 |
| Unbilled | 1,106 | 1,106 |
| Other financial assets | 134 | 134 |
| **Total** | 24,085 | 24,085 |
| **Financial liabilities** | | |
| Trade and other payables | 1,181 | 1,181 |
| Lease liabilities | 129 | 129 |
| Other financial liabilities | 2,619 | 2,619 |
| **Total** | 3,929 | 3,929 |

Carrying amounts of cash and cash equivalents, trade receivables, and trade payables as at December 31, 2022 and 2021 approximate the fair value. Difference between carrying amounts and fair values of earmarked balances with banks, other financial assets and other financial liabilities subsequently measured at amortized cost is not significant in each of the periods presented. Fair value measurement of lease liabilities is not required.

### h) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

### i) Financial risk management

The Company is exposed primarily to credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The Company is not exposed to foreign currency exchange rate risk.

- **Interest rate risk**

  The company's investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

***Credit risk***

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents, and other financial assets. Cash and cash equivalents include an amount of 21,714 thousand USD held with a Bank in Ecuador having high quality credit rating which are individually in excess of 10% or more of the Company's total cash and cash equivalents as at 31st December' 2022. None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was US$ 24,613 thousand and US$ 24,290 thousand as at December 31, 2022 and 2021, respectively, being the total of the carrying amount of balances with banks, trade receivables, contract assets and other financial assets.

(In thousand of USD)

| | As at December 31, 2022 | | As at December 31, 2021 | |
|---|---|---|---|---|
| | Trade receivable, Unbilled receivable & Contract assets | Percentage | Trade receivable, Unbilled receivable & Contract assets | Percentage |
| Customer A | **1,569** | **72%** | 951 | 53% |
| Customer B | **414** | **19%** | 475 | 27% |
| Customer D | **-** | **-** | 173 | 10% |

## Notes forming part of the Financial Statements

### Geographic concentration of credit risk

Geographic concentration of trade receivables (gross and net of allowances) and contract assets is as follows:

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| | **%** | % |
| Iberoamerica | **95** | 94 |
| Americas | **5** | 6 |

Geographical concentration of trade receivables and contract assets is allocated based on the location of the customers.

The allowance for lifetime expected credit loss on trade receivables for the years ended Dec 31, 2022 and 2021 was US$ 658 thousand and US$ 657 thousand respectively. The reconciliation of allowance for doubtful trade receivables is as follows:

(In thousand of USD)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Balance at the beginning of the year | **657** | 612 |
| Charge to Profit and Loss | **1** | 45 |
| **Closing balance** | **658** | 657 |

### Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(In thousand of USD)

| **December 31, 2022** | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade and other payables | **1,487** | **-** | **-** | **-** | **1,487** |
| Lease liabilities | **144** | **144** | **323** | **-** | **610** |
| Other financial liabilities | **1,906** | **-** | **-** | **-** | **1,906** |
| **Total** | **3,536** | **144** | **323** | **-** | **4,003** |

(In thousand of USD)

| December 31, 2021 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5 years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade & other payables | 1,181 | - | - | - | 1,181 |
| Lease liabilities | 132 | - | - | - | 132 |
| Other financial liabilities | 2,619 | - | - | - | 2,619 |
| **Total** | 3,932 | - | - | - | 3,932 |

**j) Equity instruments**

Paid-in share capital comprises 3,000,800 shares with a nominal value of US$1.00.

Fully paid equity shares, which have a par value of US$3,000,800 (US$ 1) each carry one vote per share and have a right to dividend. In the event of liquidation of the Company, the holders of shares are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding.

(In thousand of USD)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **Authorised** | | |
| Equity shares of $1 each | **3,001** | 3,001 |
| (3,000,800 shares) | | |
| | **3,001** | 3,001 |
| **Issued, Subscribed and Fully paid up** | | |
| Equity shares of $1 each | **3,001** | 3,001 |
| (3,000,800 shares) | | |
| | **3,001** | 3,001 |

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

## Notes forming part of the Financial Statements

## 9. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

***Company as a lessee***

The company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in profit or loss.

The company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate. For leases with reasonably similar characteristics, the company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognizes the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the company recognizes any remaining amount of the re-measurement in profit or loss.

The company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the company is as follows:

(In thousand of USD)

| | Additions for the year ended December 31, 2022 | Net carrying amount as on December 31, 2022 |
|---|---|---|
| Buildings | **652** | **558** |
| Total | **652** | **558** |

Back to content

(In thousand of USD)

| | Additions for the year ended December 31, 2021 | Net carrying amount as on December 31, 2021 |
|---|---|---|
| Buildings | 156 | 805 |
| Total | 156 | 805 |

Depreciation on right-of-use asset is as follows:

(In thousand of USD)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Buildings | **897** | 801 |
| Total | **897** | 801 |

Interest on lease liabilities is US$ 21 thousand and US$ 3 thousand for the years ended on December 31, 2022 and 2021, respectively.

The Company incurred US$ 17 thousand and US$ 43 thousand for the years ended December 31, 2022 and 2021, respectively, towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is US$ 256 thousand and US$ 177 thousand for the years ended December 31, 2022 and 2021, respectively, including cash outflow for short-term leases and leases of low-value assets.

Lease contracts entered by the company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The company does not have any lease restrictions and commitment towards variable rent as per the contract.

## 10. NON-FINANCIAL ASSETS AND LIABILITIES

### a) Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| Type of Asset | Method | Useful life (in years) |
|---|---|---|
| Freehold building | Striaght line | 20 |
| Computer equipment | Striaght line | 4 |
| Leasehold improvements | Striaght line | Lease period |
| Furniture, fixtures, office equipment | Striaght line | 5 and 10 |
| Autommobiles | Striaght line | 5 |

## Notes forming part of the Financial Statements

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in profit or loss.

Property, plant and equipment consist of the following:

(In thousand of USD)

| | Leasehold improvements | Computer equipments | Furniture and fixtures | Office equipments | Plant and machinery | Total |
|---|---|---|---|---|---|---|
| **Gross block as of Dec 31, 2021** | **16** | **2,416** | **63** | **432** | **400** | **3,327** |
| Purchases | **116** | **213** | **62** | **88** | **-** | **480** |
| Disposals | **-** | **(88)** | **-** | **(2)** | **-** | **(90)** |
| **Gross block as of Dec 31, 2022** | **132** | **2,541** | **125** | **518** | **400** | **3,717** |
| **Accumulated depreciation as of Dec 31, 2021** | **7** | **2,079** | **61** | **400** | **400** | **2,947** |
| Disposals | **-** | **(88)** | **-** | **(2)** | **-** | **(90)** |
| Depreciation for the year | **27** | **176** | **5** | **16** | **-** | **224** |
| **Accumulated depreciation as of Dec 31, 2022** | **34** | **2,167** | **66** | **414** | **400** | **3,081** |
| **Net carrying amount as of Dec 31, 2022** | **98** | **374** | **59** | **104** | **-** | **636** |
| Capital work-in-progress (including capital advances) | | | | | | **49** |
| **Total** | | | | | | **684** |

(In thousand of USD)

| | Leasehold improve-ments | Computer equipments | Furniture and fixtures | Office equipments | Plant and machinery | Total |
|---|---|---|---|---|---|---|
| **Gross block as of Dec 31, 2020** | 4 | 2,347 | 61 | 436 | 400 | 3,248 |
| Adjustments* | | | | | | - |
| Purchases | 12 | 72 | 2 | 12 | - | 98 |
| Disposals | - | (3) | - | (16) | - | (19) |
| **Gross block as of Dec 31, 2021** | 16 | 2,416 | 63 | 432 | 400 | 3,327 |
| **Accumulated depreciation as of Dec 31, 2020** | 4 | 1,955 | 58 | 404 | 400 | 2,821 |
| Adjustments* | 1 | - | - | - | - | 1 |
| Disposals | - | (3) | - | (16) | - | (19) |
| Depreciation for the year | 2 | 127 | 3 | 12 | - | 144 |
| **Accumulated depreciation as of Dec 31, 2021** | 7 | 2,079 | 61 | 400 | 400 | 2,947 |
| **Net carrying amount as of Dec 31, 2021** | 9 | 337 | 2 | 32 | | 380 |
| Capital work-in-progress (including capital advances)** | | | | | | - |
| **Total** | | | | | | 380 |

*Adjustments relate to recategorization of gross block of certain items of property, plant and equipment along with the respective balance of accumulated depreciation.

**b) Other intangible assets**

Intangible assets purchased including acquired in business combination, are measured at cost as at the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences and customer-related intangibles.

Following table summarises the nature of intangibles and their estimated useful lives:

| Type of Asset | Usefule lives |
|---|---|
| Rights under licensing agreement and software licences | Lower of licence period and 2-5 years |
| Customer-related intangibles | 3 years |

Intangible assets are amortized on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in profit or loss.

Contract fulfillment costs of US$ NIL and US$ NIL for the years ended December 31, 2022 and 2021, respectively, have been amortized in the profit or loss. Refer note 11 for changes in contract assets.

### d) Other Current Liabilities

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Indirect tax payable and other statutory liabilities | **1,793** | 1,855 |
| Advance received from customers | **433** | 433 |
| **Total** | **2,226** | 2,288 |

## 11. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognized on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognized based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognized using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognized upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognized over time on a POC method.

- Revenue from the sale of distinct third party hardware is recognized at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognizes revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered

Contract assets are recognized when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognized when there is billings in excess of revenues.

The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognizes an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or

transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals, and geography.

## Notes forming part of the Financial Statements

Revenue disaggregation by nature of services is as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Consultancy services | **56,034** | 61,353 |
| Sale of equipment and software licenses | **219** | 767 |
| **Total** | **56,253** | 62,120 |

Revenue disaggregation by industry vertical is as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Banking, Financial & Insurance | **54,825** | 60,386 |
| Retail and Consumer products | **144** | 279 |
| Manufacturing | **47** | 47 |
| Consumer, Media & Technology | **1,085** | 1,050 |
| Others | **152** | 358 |
| **Total** | **56,253** | 62,120 |

Revenue disaggregation by geography is as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Ibero America | **56,060** | 61,721 |
| America | **194** | 399 |
| **Total** | **56,253** | 62,120 |

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price

allocated to unsatisfied (or partially satisfied) performance obligations is US$ 1782 thousand out of which 99.27% is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows :

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Opening balance as on January 1, 2021 | **205** | 87 |
| + Revenue recongnized during the year | **250** | 205 |
| - Invoices raised during the year | **(205)** | (87) |
| +/- Translation | **-** | - |
| **Closing balances as on December 31, 2022** | **250** | 205 |

Changes in unearned and deferred revenue are as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Opening balance as on January 1, 2021 | **415** | 31 |
| Revenue recongnized that was included in the | | |
| - contract liability nalance at the beginning of the period | **(337)** | - |
| Increase due to invoices during the year | | |
| + excluding amounts recognized as revenue during the year | **380** | 384 |
| +/- Translation | **-** | - |
| **Closing balances as on December 31, 2022** | **458** | 415 |

## 12. COST RECOGNITION

Costs and expenses are recognized when incurred and have been classified according to their nature in the following categories:

The costs of the Company are broadly categorized into employee benefits expenses, depreciation and other operating expenses. Employee benefits expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licenses, communication expenses, bad debts, and other expenses.

**Other Operating expenses**

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Bad Debts | **1** | 46 |
| Communication | **293** | 507 |
| Cost of equipment and software licenses | **-** | 16 |
| Facility Running Expenses | **1,072** | 981 |
| Fees to External consultants | **3,545** | 4,574 |
| Other Expenses | **3,522** | 3,975 |
| Travel Expenses | **243** | 221 |
| **Total** | **8,676** | 10,320 |

## Notes forming part of the Financial Statements

Details of costs and expenses by their function are as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Cost of revenue | **36,088** | 39,340 |
| Selling, general and administrative expenses | **13,846** | 13,168 |
| **Total** | **49,934** | 52,508 |

## 13. OTHER INCOME

### a. Finance and other income

Interest income is recognized using effective interest method.

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Interest on bank balances and bank deposits | **936** | 878 |
| Others | **1** | 1 |
| **Total** | **937** | 879 |

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Interest on lease liabilities | **21** | 3 |
| Interest on tax matters | **60** | 199 |
| **Total** | **81** | 202 |

### c. Other gains (net)

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Net gain/ (loss) on disposal of property, plant and equipment | **-** | 2 |
| Sales incentive | **-** | 462 |
| Others | **27** | 59 |
| **Total** | **27** | 523 |

## 14. TAXES

Income tax expense represents the sum of the tax currently payable and deferred tax.

**Current tax** - The tax currently payable is based on taxable profit for the year. Taxable profit differs from reported profit because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates enacted at the end of the reporting period.

**Deferred taxes** - Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that the Company will have taxable profits available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The Company offsets deferred tax assets against deferred tax liabilities when, and only when, there is a legally enforceable right to set off from the taxation authority amounts recognized in these items, and when they relate to income taxes levied and the Company intends to settle its current tax assets and liabilities on a net basis.

**Current and deferred taxes**

Current and deferred tax are recognized as an expense or income in profit or loss, except when they relate to a transaction or event that is recognized outside profit or loss, whether in profit and loss or directly in equity, in which case the tax is also recognized outside profit or loss, or where they arise from the initial accounting for a business combination.

**Current year assets and liabilities:** A summary of current asset and liability taxes is as follows:

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| **Current tax liabilities:** | | |
| Value Added Tax - VAT payable and withholdings | **337** | 248 |
| Income tax payable | **1,391** | 1,530 |
| Income tax withholdings at source payable | **486** | 438 |

| | **2,423** | 2,621 |

**Tax reconciliation - current income tax** - A reconciliation between profit (loss) according to the financial statements and the current income tax expense is as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Profit (loss) according to the financial statements, before income tax | **7,202** | 10,812 |
| Non deductible expenses | **427** | 2,041 |
| **Taxable income** | **7,631** | 12,854 |
| Income tax 25% (1) | **1,908** | 3,213 |
| Prior Period Income Tax (2) | **-** | 137 |
| **Income tax charged to profit and loss:** | | |
| Current | **2,149** | 3,476 |
| Deferred | **(242)** | (126) |
| | **1,907** | 3,350 |
| **Effective tax rate** | **26%** | 31% |

## Notes forming part of the Financial Statements

In accordance with current legislation, income tax was determined using a rate of 25 percentage on profits subject to distribution (25 percentage for 2022) and 15 percentage on reinvested profits for some industries.

(1) The Company recorded US$ 1,907 thousand and US$ 3,350 thousand respectively in the income statement, corresponding to the income tax caused.

(2) For year 2021, it pertains to income tax adjustment for 2014 and 2015 assessment.

Tax returns for years 2019, 2020 and 2021 are subject to revision.

**Movement in the provision for income tax (tax credit)**- Movements in the provision for income tax (tax credit) were as follows:

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| **Balances, beginning of year** | **-** | 1,244 |
| Provision for the year | **(1,721)** | (3,320) |
| Payment made | **1,721** | 2,076 |
| **Balances, end of year** | **-** | - |

**Payments made:** Comprise withholdings at source and payment of the income tax balance due at beginning of year.

**Deferred tax balances:** Movements for deferred tax assets were as follows:

(In thousand of USD)

| **Year 2022:** | Balances at beginning of year | Recognized in profit and loss | Balances at end of year |
|---|---|---|---|
| **Deferred tax assets in relation to:** | | | |
| Provision for bonuses | **28** | **5** | **33** |

| Provision for bonuses | 19 | 9 | 28 |
| Provision for bonuses (Gifcards to employees) | 7 | 4 | 11 |
| Provision for operative losses | 12 | (12) | - |
| Retirement benefits | 143 | 120 | 263 |
| Other provisions | 24 | 4 | 28 |
| | 205 | 125 | 330 |

***Direct tax contingencies***

**(a) Year 2007 Income Tax Assessment**

On September 30, 2011, the Regional Director of the Internal Revenue Service (SRI) issued an Assessment Order for year 2007, requiring the Company to pay additional income tax of US$363,500.

On June 25, 2020, the DTLC ruled the case. The main objections of the IRS were rejected (US$320.428,16) and, consequently, the amount claimed was reduced to US$43.072,80 plus interest. Tata accepted the DTLC´s ruling; therefore, a payment of US$120.267,02 is pending (US$43.072,80 plus interest). The IRS has filed a cassation appeal before the NCJ to challenge the ruling issued by DTLC. TATA filed a response to the cassation appeal on June 10, 2021.

As of December 31, 2022, the Company has generated a guarantee for US$36,350

**(b) Year 2014 Income Tax Assessment**

On October 31, 2018, the Regional Director of the Internal Revenue Service (SRI) issued a Determination Order for year 2014, requiring the Company to pay additional income tax of US$ 2,358,564

On July 14, 2021, the District Tax Litigation Court - DTLC ruled the case. All of TATA´s claims were accepted by the DTLC. Consequently, the amount not claimed by TATA before the DTLC would be outstanding once the process ends, this amount would be US$593,993.79 (US $288.257,56 plus interest). On August 31, 2022, the payment of the $591,782.46 was made. The IRS has filed a cassation appeal before the National Court of Justice - NCJ to challenge the ruling issued by the DTLC. If the cassation appeal is admitted to procedure, TATA will be required to file a response before the NCJ.

As of December 31, 2022, the Company has generated a guarantee for US$ 244,088.

**(c) Year 2015 Income Tax Assessment**

On March 13, 2020, the Regional Director of the Internal Revenue Service (SRI) issued a Determination Order for year 2015, requiring the Company to pay additional income tax of US$ 3,056,075.

On April 24, 2021, TATA filed a lawsuit before the DTLC against the income tax assessment of 2015. On June 7, 2021, DTLC suspended all effects of the income tax assessment. On July 19, 2021, IRS filed its response.

On August 24, 2022, the preliminar hearing took place.

As of December 31, 2022, the Company has generated a guarantee for US$ 202,466.

**Transfer Pricing**

In accordance with current legislation, taxpayers subject to income tax and that have performed operations with overseas and/or local related parties within the same fiscal period for an accumulated amount exceeding US$15 million are obliged to file a Transfer Pricing study to verify that such operations have been undertaken at arm's length prices.

Company operations with overseas related parties during the years 2022 and 2021, did not exceed the referred amount.

The Company Management based on the preliminary diagnosis performed together with its tax advisors for 2022 transactions, does not expect any adjustment to the expense or current tax liability, however, once said study is finished it may be determined if operations with related parties for the year ended at December 31, 2022, have met the arm's length principle.

## 15. EMPLOYEE BENEFIT OBLIGATION

**Defined benefits: Retirement and severance -** For defined benefits (retirement and severance), the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the end of each reporting period.

The service cost is recognized in profit and loss for the year in which such is generated, as well as the financing interest generated on the defined benefit obligation.

## Notes forming part of the Financial Statements

The new measurements, which include actuarial gains and losses, are recognized in the statement of financial position with a charge or credit to other comprehensive income in the period in which they occur.

Recognition of actuarial gains and losses in other comprehensive income is recognized immediately in accumulated earnings and is not reclassified to profit or loss for the period.

**Employee profit-sharing -** The Company recognizes a liability and an expense for employee profit-sharing in Company income. This benefit is calculated based on 15 percentage of pre-tax income in accordance with current legislation.

**Executive bonuses -** The Company recognizes an expense for bonuses paid to its principal executives and commercial area personnel. Bonus calculations are paid based on goals and compliance with key performance indicators.

***Short-term employee benefits***

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognized for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

***Compensated absences***

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as undiscounted liability at the date of statement of financial position.

**Employee benefit expenses consist of the following:**

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| Salaries, incentives and allowances | **29,904** | 31,303 |
| Contributions to provident and other funds | **8,692** | 8,707 |
| Staff welfare | **1,539** | 1,234 |
| | **40,135** | 41,244 |

**a) Employee benefit obligation - Current**

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Compensated absenses | **443** | 633 |
| Other employee benefit obligations | **39** | 22 |
| | **482** | 655 |

**Other employee benefit obligation:** Company provisioned US$ 39 thousand at the end of December 2022 (US$ 22 thousand at the end of December 2021) to be paid as long service awards and start of the month recognition according to corporate policies.

**b) Employee benefit obligation - Non-Current**

**Defined Benefit Obligations**

(In thousand of USD)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Retirement | **3,670** | 3,195 |
| Severance | **2,115** | 1,916 |
| | **5,785** | 5,111 |

**Retirement -** In accordance with the Labor Code, employees with twenty-five or more years' continuous or interrupted service are entitled to receive pensions from their employers without prejudicing their right as affiliates to receive pensions from the Ecuadorian Social Security Institute.

Movements in the present value of the retirement obligation were as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| **Balances, beginning of year** | **3,195** | 2,800 |
| Cost of the services | **719** | 679 |
| Cost of interest | **133** | 74 |
| Actuarial losses (gains) Reversal provision | **(226)** | (159) |
| Actuarial losses (gains) current year | **(151)** | (199) |
| **Balances, end of year** | **3,670** | 3,195 |

**Severance** - In accordance with the Labor Code, when an employee's labor contract is terminated either by the employee of the employer, the Company shall pay an amount equivalent to 25 percentage of their last monthly salary for each year of service.

Movements in the present value of the severance obligation were as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| **Balances, beginning of year** | **1,916** | 1,852 |
| Cost of the services | **115** | 125 |
| Cost of interest | **91** | 52 |
| Actuarial losses (gains) | **186** | 24 |
| Short provision | **282** | 158 |
| Benefits paid | **(475)** | (295) |
| **Balances, end of year** | **2,115** | 1,916 |

## Notes forming part of the Financial Statements

The actuarial calculations for the present value of the accrued defined benefits were performed at December 31, 2022 and 2021 by an independent actuary. The present value of defined benefit obligations (DBO) and the current service cost and the previous service cost were calculated using the projected credit unit method.

Under this method pension benefits must be attributed to the employee's period of service and based on the plan formula so that the same benefit amount is attributed to each year of service based on an actuarial hypothesis to calculate the present value of the referred benefits.

This hypothesis reflects the value in money over time, the salary increases and the probability of paying a pension.

Actuarial gains and losses arising from adjustments for experience and changes in actuarial assumptions are credited or charged to other comprehensive income.

The significant actuarial assumptions used to determine the defined benefit obligations are the discount rate, expected salary increases and mortality.

The principal assumptions used for the actuarial calculations are as follows:

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| | **%** | % |
| Discount rate (s) | **4.74** | 3.01 |
| Expected salary increase rate (s) | **2.50** | 2.50 |
| Turnover rate | **14.86** | 10.99 |

The sensitivity analysis included below has been developed based on reasonably expected changes that may occur at the end of the reference period for the respective assumptions.

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| DBO variance (discount rate - 0.5%) | **247** | 237 |
| DBO variance (discount rate + 0.5%) | **(232)** | (220) |
| DBO variance (salary increase + 0.5%) | **202** | 192 |
| DBO variance (salary increase - 0.5%) | **(192)** | (182) |

The sensitivity analysis presented above may not be representative of a real change in the defined benefit obligation, since it is unlikely that any change in the assumptions would occur in isolation from others (some of the assumptions may be correlated).

Note that the present value of the defined benefit obligation included in the developed sensitivity is calculated using the projected unit credit method, the same used in the calculation of the defined benefit obligation recognized in the statement of financial position.

Amounts recognized in the statement of profit/ loss and other comprehensive income for the referred defined benefit plans are as follows:

(In thousand of USD)

| | For the year ended December 31, 2022 | For the year ended December 31, 2021 |
|---|---|---|
| **Statement of profit and loss** | | |
| Service cost | **834** | 804 |
| Interest cost | **224** | 126 |
| | **1,058** | 930 |
| **Other comprehensive income:** | | |
| Actuarial losses (gains) | **83** | (141) |
| | **1,141** | 789 |

## 16. COMMITMENT AND CONTIGIENCIES

**(a) Capital Commitments -** The company has contractually committed (net of advances) $35 thousands and $111 thousands value as at December 31, 2022 and 2021 respectively, for purchase of property, plant and equipment.

**(b) Contingencies**

**(a) Direct tax matters**

Refer note on direct tax contingencies in Note 14 income taxes

**(b) Indirect tax matters**

There are no contigency in relation to Indirect tax matters.

## 17. RELATED PARTY TRANSACTIONS AND BALANCES

Company's principal related parties consist of its ultimate holding company Tata Consultancy Services Limited and its subsidiaries, affiliates and key managerial personnel. The company's related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

## Notes forming part of the Financial Statements

**Transactions with related parties are as follows:**

(In thousand of USD)

| | | Year ended December 31, 2022 | Year ended December 31, 2021 |

**SAUDI DESERT ROSE HOLDING B.V.**

## SPECIAL PURPOSE FINANCIAL STATEMENTS

### Opinion

We have audited the accompanying special purpose financial statements of Saudi Desert Rose Holding B.V. ('the Company'), which comprise the statement of financial position as of 31st December 2022, and the related statement of profit or loss and other comprehensive income, changes in equity, and cash flow for the year then ended, and the related notes to the special purpose financial statements. The special purpose financial statements have been prepared by the management as described in Note 2 to the Special Purpose financial statements in accordance with the International Financial Reporting Standards (IFRS).

In our opinion, the special purpose financial statements referred to above present fairly, in all material respects, the financial position of the Company as of 31st December 2022, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Board.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) generally accepted in India. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Special purpose financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Special purpose financial statements under the provisions of the Act and the Rules there under and fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

### Management's Responsibility for special purpose Financial Statements

The Company's management and Board of Directors are responsible for the preparation of these Special purpose financial statements that give a true and fair view of the state of affairs, profit/ loss and (including other comprehensive income), changes in equity cash flows of the Company in accordance with the IFRS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Special purpose financial statements that give a true and fair view and are free from misstatement, whether due to fraud or error.

In preparing these Special purpose financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

### Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the Special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special purpose financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. We are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

  Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue going concern.
- Evaluate the overall presentation, structure statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### Restriction on Distribution and Use

Audit of this special purpose financial statements, in accordance with International Financial Reporting Standards of the Company for the year ended 31st December 2022 have been prepared for the limited purpose of consolidated financial statements, to comply with the Section 129(3) of the Companies Act 2013, of TATA Consultancy Services Limited (TCSL). for the year ended 31st December 2022. Our report is strictly intended solely for the information and use by TCSL for the preparation of consolidated financial statements and for the use at their annual general meetings for the information of their members. It is not intended to be and should not be used by anyone other than specified parties.

## Notes forming part of the Financial Statements

### 1. CORPORATE INFORMATION

Saudi Desert Rose Holding B.V. (the "Company") is a limited liability company, incorporated and domiciled in Netherlnds, where TCS Netherlands B.V. owns 100% of the shares.

The main activities of Saudi Desert Rose Holding B.V. (hereafter 'the Company') are the incorporation of, participation in and to take any other financial interest in companies.

The Company has its statutory seat and office address at the Verlengde Poolseweg 16, 4818 CL, Breda, The Netherlands and is listed under number 59144629 in the trade register ('KvK').

### 2. STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the international accounting standard board ("IASB") and applicable provisions of Netherlands corporations Law. This special purpose financial statements have been prepared for inclusion of Tata Consultancy Services Limited (Intermediate Holding Company) under the requirement of Section 129(3) of the Companies Act, 2013 ('the Act'). The principal accounting policies applied in the preparation of these financial statements have been consistently applied to all periods presented in these financial statements .

### 3. BASIS OF PREPARATION

The financial statements have been prepared on historical cost basis at the end of each reporting period.. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and presentation currency of the Company is Euro (EUR),

Foreign currency transactions are translated into functional currency at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated into the functional currency using exchange rates prevailing on the date of statement of financial position. Gains and losses arising on conversion of foreign currency denominated monetary assets and liabilities are included in profit or loss. Non monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not translated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

### 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of these financial statements is in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) which requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the years presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

The company uses the following critical accounting estimates in preparation of its financial statements:

**a. Revenue recognition**

Dividend income is recorded when the right to receive payment is established.

**b. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**c. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**d. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are recognised when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

## 5. NATURE AND PURPOSE OF RESERVES

**a. Share Premium reserve:**

The share premium reserve comprises the proceeds from the issue of shares insofar as these exceed the nominal value of the shares (proceeds above par).

**b. Unappropriated result:**

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

**c. Other reserve:**

Other reserve has been created for fulfilling various business needs like meeting contingencies, offsetting future losses, enhancing the working capital, paying dividends etc.

## 6. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

Amendments to IAS 1 Classification of Liabilities[1]

Amendments to IAS 1 and IFRS Practice Statement 2 Disclosure of Accounting Policies[1]

Amendments to IAS 8 Definition of Accounting Estimates[1]

Amendments to IAS 12 Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1]

[1]Effective for annual periods beginning on or after January 1, 2023.

## Notes forming part of the Financial Statements

**IFRS 3 -- Reference to Conceptual Framework**

In May 2020, IASB published Reference to Conceptual Framework, that update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework; add to IFRS 3 a requirement that, for transactions and other events within the scope of IAS 37 or IFRIC 21, an acquirer applies IAS 37 or IFRIC 21 (instead of the Conceptual Framework) to identify the liabilities it has assumed in a business combination; and add to IFRS 3 an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination. These changes do not significantly change the requirements of IFRS 3. The Company does not expect the amendment to have any significant impact in its financial

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Group does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Group does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group will evaluate the impact, if any, in its financial statements.

### 7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

**Cash and cash equivalents**

The company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**1. Financial assets, financial liabilities and equity instruments**

**(a) Cash and cash equivalents**

(Amount in EUR)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Cash in hand | **-** | - |
| Balances with bank | **-** | - |

## Notes forming part of the Financial Statements

### (b) Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2022 is as follows:

(Amount in EUR)

| | Amortised cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **234,039** | 234,039 |
| **Total** | **234,039** | 234,039 |

The carrying value of financial instruments by categories as at December 31, 2021 is as follows:

| | Amortised cost | Total carrying value |
|---|---|---|
| **Financial assets** | | |
| Cash and cash equivalents | **235,232** | 235,232 |
| **Total** | **235,232** | 235,232 |

Carrying amounts of cash and cash equivalents, other financial assets and trade payables as at December 31, 2021 and December 31, 2021 approximate the fair value.

### (c) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

### (d) Financial risk management

The Company is exposed primarily to fluctuations in credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

#### Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rate may have potential impact on the statement of Profit and Loss, Other comprehensive income and Equity, where any transaction references more than one currency or where assets/ liabilities are denominated in a currency other than functional currency of the company.

- **Foreign currency exchange rate**

  The Company is not exposed to foreign currency exchange rate risk

- **Interest rate risk**

  The Company is not significantly exposed to interest rate risk.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consist of cash and cash equivalents, and other financial assets.

- **Exposure to credit risk**

  The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was EUR 2,35,232 and EUR NIL as of December 31, 2021 and December 31, 2020, respectively being the total of the carrying amount of balances with bank and other financial assets. Balance with bank are held with banks with high credit ratings.

**Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due.

**(e) Equity instruments**

(Amount in EUR)

## Notes forming part of the Financial Statements

**Capital management**

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. the company is not subject to any externally imposed capital requirements.

## 8. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

## 9. OPERATING INCOME

(Amount in EUR)

| Dividend Income | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Dividend Income* | - | 4,089,980 |
| **Total** | - | 4,089,980 |

* As per Joint Venture (JV) Scheme with a JV partner, Investments in Tata Consultancy Services Saudi Arabia ('TCS Saudi') held by JV Partner in Saudi Desert Rose Holdings B.V. ('SDR') is to be transferred to its parent company i.e., Tata Consultancy Services Netherlands B.V. and 100% share capital of SDR was to be acquired by the Parent Company. During the year as per the said JV Scheme, 100% share capital of SDR has been acquired by the Parent Company and investment by SDR in TCS Saudi would ultimately be merged with the parent Company. Pending merger, the dividend from TCS Saud has been received by SDR. Since SDR does not hold any beneficial interest in TCS Saudi, net investment value has been written off in the books.

## 10. COST RECOGNITION

The costs of the company are broadly categorised into other operating expenses which mainly include bank charges.

The Company decided to present an analysis of expenses recognized in the Profit or Loss using a classification based on their nature instead of by their function as classification of expenses by nature is considered to provide more reliable and relevant information to users than their classification by function. Information on the nature of expenses is useful in predicting future cash flows. Classification by nature is simple and does not require allocations and involves lesser management judgement. The Company intends to follow this approach on a consistent basis.

(Amount in EUR)

| Other operating expenses | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Net investment value written off (Refer Note 9) | - | 10,281 |
| Other Expenses | **1,194** | 129 |
| **Total** | **1,194** | 10,410 |

## 11. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

## Notes forming part of the Financial Statements

**Current income taxes**

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

**Deferred income taxes**

There are no material timing difference hence no deffered tax accounted.

The income tax expense consists of the following:

(Amount in EUR)

| **Current tax** | **As at December 31, 2022** | **As at December 31, 2021** |
|---|---|---|
| Current tax expense | - | 204,500 |
| **Total** | - | 204,500 |

The reconciliation of estimated income tax expense at the Statutory income tax rate to income tax expense reported in statement of profit or loss and other comprehensive income is as follows:

## 12. RELATED PARTY TRANSACTIONS

Saudi Desert Rose Holding B.V.principal related parties consist of its holding company Tata Consultancy Services Netherlands B.V. and its subsidiaries, its Associate Tata Consultancy Services Saudi Arabia and its key managerial personnel. The Company routinely enters into transactions with its related parties in the ordinary course of business. Below tables include transactions entered during the year and balances as of December 31, 2022 and 2021.

**Transactions and balances with related parties**

**For the year ended December 31, 2021**

(Amount in EUR)

| **Particulars** | **With Tata Consultancy Services Limited, Holding Company** | **With Tata Consultancy Services Saudi Arabia, Associate Company** | **Total** |
|---|---|---|---|
| Dividend paid | **3,650,000** | **-** | **3,650,000** |
| Dividend received | **-** | **4,089,980** | **4,089,980** |

## 13. SEGMENT

There are no speciic segment to be reported for the year ended Dec 2022. Only trnsactions during the year reported is bank charges.

# DIRECTORS' REPORT

## for the period January 01, 2022 to December 31, 2022

### PRINCIPAL ACTIVITIES AND BUSINESS REVIEW INCLUDING PRINCIPAL RISKS AND UNCERTAINTIES

The business purpose of Tata Consultancy Services Bulgaria EOOD ("The Company") is to provide its main customer, Xerox with a range of services across Leasing, Accounting, Pricing and FP&A functions, while also continuing to expand the services Tata Consultancy Services Bulgaria EOOD can offer Xerox across its other capabilities.

The principal key performance indicators used by management to monitor performance are as follows:-

• Actual financial results versus forecasts

• Regulatory filings

• Employee turnover

• Customer satisfaction

• Operational efficiencies

**The principal risks and uncertainties facing the company are as follows:**

• the movement in currency rates between USD and BGN.

• increase in labour costs in the local market.

• Economic impact of war in Ukraine.

**Results and dividends**

Profit on ordinary activities before taxation for the period ended 31 December, 2022 amounted to BGN 4,372,029.09.

The directors do not recommend the payment of a dividend.

**Future developments**

The company is expected to increase its level of operations throughout the year 2023.

**Events since the end of the financial year**

There have been no significant events affecting the company since the balance sheet date.

**Financial Risk Management**

The Company is exposed to financial risk through both its financial assets and liabilities. The most important components of this financial risk for the Company are credit risk, foreign exchange risk, interest rate risk and liquidity risk.

**Risk Management Framework**

The Company's internal organisational and management structure and its system of internal financial reporting to the board of directors is the basis for identifying the predominant source and nature of the differing risks facing the entity.

**Credit Risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Credit risk is controlled by the Company by ensuring credit limits and the credit worthiness of customers are monitored on an ongoing basis.

The Company has identified the credit risks associated with the cash and deposits it has placed with third party banking institutions.

**Liquidity Risk**

Liquidity risk is the risk that cash may not be available to pay obligations when due at a reasonable cost, the Company maintains a significant proportion of its funds in liquid form and maintains sufficient liquidity even at unexpected levels of demand.

**Interest Rate Risk**

Interest rate risk is the risk that the value/future cash flows of a financial instrument will fluctuate because of changes in interest rates. Based on current company operations it is not envisaged that the entity is exposed to significant interest rate risk.

**Foreign Exchange Risk**

Tata Consultancy Services Bulgaria EOOD conducts business in foreign countries with certain transactions denominated in currencies other than the functional currency of the Company (BGN). The purpose of the Company's foreign currency management is to manage the effect of exchange rate fluctuations on transactions denominated in foreign currencies (US dollars). The Company has an internal hedging agreement in place to mitigate its exposure, this is used for internal management reporting.

**Accounting Records**

The directors believe that they have complied with the requirements the Companies Act in Bulgaria with regard to adequate accounting records by employing accounting personnel with appropriate expertise and by providing adequate resources to the financial function. The accounting records of the Company are maintained at Sofia Business Park, Building 3, 1st floor, 1766 Sofia Bulgaria.

The names of the persons who were directors for the period ended 31 December, 2022 are set out below:

**1. Amit Kapur**
*(Director)*

**2. Niraj Sanghvi**
*(Director)*

**3. Sapthagiri Chapalapalli**
*(Director)*

**Directors' and secretary's interests**

The directors who held office at 31 December, 2022 had no disclosable interests in the shares, debentures or loan stock of the Company or group companies.

**Political contribtion**

The Company made no political contributions or incurred any political expenditure during the period.

**Directors Compliance Statement**

The directors, in accordance with the Companies Act in Bulgaria, acknowledge that they are responsible for securing the Company's compliance with certain obligations.

The directors confirm that:

• A compliance policy statement has been drawn up setting out the Company's policies with regard to such compliance;

• Appropriate arrangements or structures that are designed to secure material compliance with the Company's relevant obligations have been put in place; and

• A review of the arrangements and structures referred to above has been conducted during the financial period ended 31 December, 2022.

**Relevant audit information**

The directors believe that they have taken all steps necessary to make themselves aware of any relevant audit information and have established that the Company's statutory auditors are aware of that information. In so far as they are aware, there is no relevant audit information of which the Company's statutory auditors are unaware.

**Going concern**

Management has made an assessment of the Company's ability to continue as a going concern taking into account all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period. Based on the analysis they have concluded that the Company has sufficient resources to continue as a going concern.

# INDEPENDENT AUDITOR'S REPORT

**TO THE BOARD OF DIRECTORS**
**TATA CONSULTANCY SERVICES BULGARIA EOOD**

**SPECIAL PURPOSE FINANCIAL STATEMENTS**

## Opinion

We have audited the accompanying special purpose financial statements of Tata Consultancy Services Bulgaria EOOD ('the Company'), which comprise the statement of financial position as of 31st Decemeber 2022, and the related statement of profit or loss and other comprehensive income, changes in equity, and cash flow for the period from 01st January 2022 to 31st December 2022, and the related notes to the special purpose financial statements. The special purpose financial statements have been prepared by the management as described in Note 2 to the Special Purpose financial statements in accordance with the International Financial Reporting Standards (IFRS).

In our opinion, the special purpose financial statements referred to above present fairly, in all material respects, the financial position of the Company as of 31st December 2022, and its financial performance and its cash flows for the said period then ended in accordance with IFRS as issued by the International Accounting Standard Board.

## Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) generally accepted in India. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Special purpose financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Special purpose financial statements under the provisions of the Act and the Rules there under and fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

## Management's Responsibility for special purpose Financial Statements

The Company's management and Board of Directors are responsible for preparation of these Special purpose financial statements that give a true and fair view of the state of affairs, profit/ loss and (including other comprehensive income), changes in equity cash flows of the Company in accordance with the IFRS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Special purpose financial statements that give a true and fair view and are free from misstatement, whether due to fraud or error.

In preparing these Special purpose financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the Special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special purpose financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. We are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue going concern.

- Evaluate the overall presentation, structure statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. .

**Restriction on Distribution and Use**

Audit of this special purpose financial statements, in accordance with IFRS of the Company for the period ended 31st December 2022 have been prepared for the limited purpose of consolidated financial statements, to comply with the Section 129(3) of the Companies Act 2013, of Tata Consultancy Services Ltd. for the year ended 31st December 2022. Our report is strictly intended solely for the information and use by TCS for the preparation of consolidated financial statements and for the use at their annual general meetings for the information of their members. It is not intended to be and should not be used by anyone other than specified parties.

## Notes forming part of the Financial Statements

### 1. CORPORATE INFORMATION

Tata Consultancy Services Bulgaria EOOD ("the Company") provides IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions. This is delivered through its unique Location-Independent Agile delivery model recognised as a benchmark of excellence in software development. The Company will provide F&A operations supporting EU region for Xerox for the F&A consolidation /transformation initiative.

The Company was incorporated on 31 August, 2021 in Bulgaria. The registered address of the company is Sofia Business Park, Building 3, 1st Floor, 1766 Sofia, Bulgaria. Tata Consultancy Services Bulgaria EOOD is a 100% subsidiary of Tata Consultancy Services Ireland Limited.

### 2. STATEMENT OF COMPLIANCE

These special purpose financial statements have been prepared in accordance with the International Financial Reporting Standards (referred to as "IFRS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time. for sole purpose of inclusion for Tata Consultancy Services Limited (Intermediate Holding Company) under the requirement of Section 129(3) of the Companies Act, 2013('the Act'). The presentation currency of these financial statements is BGN.

### 3. BASIS OF PREPARATION

These financial statements have been prepared on historical cost basis except for certain financial instrument which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows have been prepared using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and reporting currency of the Company is Bulgarian lev ("BGN").

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilites that are measured in terms of historical cost in foreign currencies are not retranslated.

### 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of these financial statements is in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the years presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

## Notes forming part of the Financial Statements

**a. Revenue recognition**

Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b. Useful lives of property, plant and equipment**

The Company reviews the useful lives of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**e. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

**f. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

**g. Employee benefits**

The accounting of employee benefit plans in the nature of defined benefit requires the company to use assumptions. These assumptions have been explained under employee benefits note.

## 5. NATURE AND PURPOSE OF RESERVES

### a. Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

## 6. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single transaction[1] |
| Amendments to IFRS 16 | Lease Liability in a sale and Leaseback[2] |
| Amendments to IAS 1 | Non-current Liabilities with Covenants[2] |

[1] Effective for annual periods beginning on or after January 1, 2023.

[2] Effective for annual periods beginning on or after January 1, 2024.

**IAS 16 – Proceeds before intended use**

In May 2020, IASB amended IAS 16, which prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

**IAS 37 – Onerous Contracts - Costs of Fulfilling a Contract**

In May 2020, IASB issued Onerous Contracts - Cost of Fulfilling a Contract, which specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

**IFRS 3 – Reference to Conceptual Framework**

In May 2020, IASB published Reference to Conceptual Framework, that update IFRS 3 so that it refers to the 2018 Conceptual Framework instead of the 1989 Framework; add to IFRS 3 a requirement that, for transactions and other events within the scope of IAS 37 or IFRIC 21, an acquirer applies IAS 37 or IFRIC 21 (instead of the Conceptual Framework) to identify the liabilities it has assumed in a business combination; and add to IFRS 3 an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination. These changes do not significantly change the requirements of IFRS 3. The Group does not expect the amendment to have any significant impact in its financial statements.

**IFRS 9 – Annual Improvements to IFRS Standards - 2018-2020**

In May 2020, IASB amended IFRS 9 as part of its Annual Improvements to IFRS Standards 2018-2020. The amendment clarifies which fees an entity includes when it applies the '10 percent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

**IFRS 16 – Annual Improvements to IFRS Standards - 2018-2020**

In May 2020, IASB issued an amendment to Illustrative Example 13 accompanying IFRS 16, as part of its Annual Improvements to IFRS Standards - 2018-2020, which removes from the example the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example. The amendment is only as regards the Illustrated Example, therefore, no effective date is stated. The Company does not expect the amendment to have any significant impact in its financial statements.

## Notes forming part of the Financial Statements

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group will evaluate the impact, if any, in its financial statements.

### 7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The company derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired.

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortized cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding..

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net of direct issue cost.

***Impairment of financial assets (other than at fair value)***

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a) Cash and Cash Equivalents**

(Amount in BGN)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Cash in hand | - | - |
| Balances with bank | **5,04,597** | 19,58,312 |
| **Total** | **5,04,597** | 19,58,312 |

**b) Trade Receivables**

Trade receiavbles consist of the following:

(Amount in BGN)

| **Trade receivables - Current** | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade receivables | **31,85,746** | 2,83,925 |
| Less: Allowance for doubtful trade receivables | **-** | - |
| **Total** | **31,85,746** | 2,83,925 |

## Notes forming part of the Financial Statements

### c) Other Financial Asset-Current

(Amount in BGN)

| Other Financial Asset - Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Employee advances | 4 ,267 | - |
| **Total** | **4 ,267** | - |

### d) Trade payables

Trade payables consist of the following:

(Amount in BGN)

| Trade payables - Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Trade payables | 94,973 | (5,011) |
| **Total** | **94,973** | (5,011) |

(Amount in BGN)

| e) Lease Liability - Non Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Lease Liability | 20,14,748 | - |
| **Total** | **20,14,748** | - |

(Amount in BGN)

| f) Lease Liability - Current | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Lease Liability | 4,19,503 | - |
| **Total** | **4,19,503** | - |

### g) Other financial liabilities - current

(Amount in BGN)

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| Accrued payroll | 8,03,325 | 1,35,480 |
| Accrued expenses | 2,05,299 | 1,07,800 |
| Capital Creditors | 4,65,525 | - |
| Unsecured Borrowings - loan from related parties | 29,33,961 | 29,34,374 |
| **Total** | **44,08,110** | 31,77,654 |

## h) Financial instruments by category

The carrying value of financial assets and financial liabilities as at December 31, 2022 is as follows:

(Amount in BGN)

| Financial assets | Amortized cost | Total carrying value |
|---|---|---|
| Cash and cash equivalents | **5,04,597** | **5,04,597** |
| Trade receivables | **31,85,746** | **31,85,746** |
| Unbilled receivables | **49,36,428** | **49,36,428** |
| Other financial Assets | **4,267** | **4,267** |
| **Total** | **86,31,037** | **86,31,037** |
| **Financial liabilities** | | |
| Trade payables | **94,973** | **94,973** |
| Lease Liabilities | **24,34,251** | **24,34,251** |
| Other financial liabilities | **44,08,110** | **44,08,110** |
| **Total** | **69,37,334** | **69,37,334** |

The carrying value of financial assets and financial liabilities as at December 31, 2021 is as follows:

(Amount in BGN)

| Financial assets | Amortized cost | Total carrying value |
|---|---|---|
| Cash and cash equivalents | 19,58,312 | 19,58,312 |
| Trade receivables | 2,83,925 | 2,83,925 |
| Unbilled receivables | 18,47,551 | 18,47,551 |
| **Total** | 40,89,788 | 40,89,788 |
| **Financial liabilities** | | |
| Trade payables | (5,011) | (5,011) |
| Other financial liabilities | 31,77,654 | 31,77,654 |
| **Total** | 31,72,643 | 31,72,643 |

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables and trade payables as at December 31, 2022 approximate the fair value

## i) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

## Notes forming part of the Financial Statements

### j) Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

**Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rate may have potential impact on the statement of financial statement, where any transaction references more than one currency or where assets/ liabilities are denominated in a currency other than functional currency of the company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The risk primarily relate to fluctuation of USD and EUR against the functional currency of the Company.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency of the company.

The following table sets forth information relating to foreign currency exposure as at December 31, 2022:

| | USD (equivalent BGN) | EUR (equivalent BGN) |
|---|---|---|
| Net financial assets | **86,20,070** | **2,707** |
| Net financial liabilities | **2,92,446** | **55,95,378** |

The following table sets forth information relating to foreign currency exposure as at December 31, 2021:

| | USD (equivalent BGN) | EUR (equivalent BGN) |
|---|---|---|
| Net financial assets | 26,03,635 | 5,221 |
| Net financial liabilities | - | 29,49,743 |

10% depreciation / appreciation of the respective foreign currencies with respect to functional currency of Tata Consultancy Services Bulgaria EOOD Company would result in decrease / increase in the Company's profit before taxes by approximately BGN 273,495 and BGN 34,089 for the period ended December 31, 2022 and December 31, 2021 respectively.

- **Interest rate risk**

The Company is not exposed to interest rate risk.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, cash and cash equivalents, and other financial assets.

- ***Exposure to credit risk***

The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was BGN 8,791,411 and BGN 4,089,788 as of December 31, 2022 and December 31, 2021 respectively, being the total of the carrying amount of balances with bank, bank deposit, trade receivable, unbilled receivables, contract assets and other financial assets.

Tata Consultancy Services Bulgaria EOOD Company's exposure to customers is diversified and single customer contributes to more than 10% of outstanding trade receivables, unbilled receivables and contract assets as at December 31, 2022 and December 31, 2021 respectively.

(Amount in BGN)

| Client Name | As at December 31, 2022 | |
|---|---|---|
| | Amount | Percentage |
| Customer A | **81,22,173** | **100%** |

(Amount in BGN)

| | As at December 31, 2021 | |
|---|---|---|
| | Amount | Percentage |
| Customer A | 23,67,556 | 100% |

- ***Geographic concentration of credit risk***

The Company has a geographic concentration of trade receivables (net of allowances), unbilled receivables and contract assets as given below:

(Amount in BGN)

| | As at December 31, 2022 | |
|---|---|---|
| | Gross | Net |
| UK | **100%** | **100%** |

(Amount in BGN)

| | As at December 31, 2021 | |
|---|---|---|
| | Gross | Net |
| UK | 100% | 100% |

Geographical concentration of trade receivables, unbilled receivables and contract assets is allocated based on the location of the customers.

## Notes forming part of the Financial Statements

**Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generates sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at: .

(Amount in BGN)

| December 31, 2022 | Due in 1st year | Due in 2nd to 5th year | Total |
|---|---|---|---|
| **Financial liabilities** | | | |
| Trade and other payables | **94,973** | **-** | **94,973** |
| Lease Liability | **4,19,503** | **20,14,748** | **24,34,251** |
| Other financial liabilities | **44,08,110** | **-** | **44,08,110** |
| **Total** | **49,22,587** | **20,14,748** | **69,37,334** |

(Amount in BGN)

| December 31, 2021 | Due in 1st year | Due in 2nd to 5th year | Total |
|---|---|---|---|
| **Financial liabilities** | | | |
| Trade and other payables | (5,011) | - | (5,011) |
| Other financial liabilities | 31,77,654 | - | 31,77,654 |
| **Total** | 31,72,643 | - | 31,72,643 |

**k) Equity instruments**

| | As at December 31, 2022 | As at December 31, 2021 |
|---|---|---|
| **(a) Authorised** | | |
| 2 ordinary shares of BGN 1 each | **2** | 2 |
| **(b) Issued, Subscribed and Fully paid up** | | |
| 2 ordinary shares of BGN 1 each | **2** | 2 |

| | Percentage | Percentage |
|---|---|---|
| **Share holding** | | |
| Tata Consultancy Services Ireland Limited | **100%** | 100% |

**Capital management**

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated.The Company is not subject to any externally imposed capital requirements.

## 8 NON-FINANCIAL ASSETS AND LIABILITIES

**a. Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

***Company as a lessee***

The company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

## Notes forming part of the Financial Statements

The details of the right-of-use asset held by the Company is as follows:

(Amount in BGN)

| | ROU Building | Total |
|---|---|---|
| **Gross Block as on 01. 01. 2022** | **-** | - |
| Additions | **24,86,456** | 24,86,456 |
| Disposals | **-** | - |
| **Gross Block as on 31. 12. 2021** | **24,86,456** | 24,86,456 |
| Accumulated Depreciation as on 01.01.2022 | **-** | - |
| Elimination on Disposal | **-** | - |
| Depreciation for the year | **1,05,925** | 1,05,925 |
| Accumulated Depreciation as on 31.12.2022 | **1,05,925** | 1,05,925 |
| **Net Carrying Amount as on 31.12.2022** | **23,80,531** | 23,80,531 |

(Amount in BGN)

| | ROU Building | Total |
|---|---|---|
| **Gross Block as on 31. 08. 2021** | **-** | - |
| Purchases | **-** | - |
| Disposals | **-** | - |
| **Gross Block as on 31. 12. 2021** | **-** | - |
| Accumulated Depreciation as on 01.01.2022 | **-** | - |
| Elimination on Disposal | **-** | - |
| Depreciation for the year | **-** | - |
| Accumulated Depreciation as on 31.12.2022 | **-** | - |
| **Net Carrying Amount as on 31.12.2021** | **-** | - |

Interest on lease liabilities are BGN 28032.74 and Nil for the period ended on December 31, 2022 and December 31, 2021 respectively.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

**b. Property, plant and equipment**

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| Type of Asset | Useful Lives |
|---|---|
| Computer equipment | **4 years** |

Depreciation is not recorded on capital work in progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Property, plant and equipment consist of the following:

(Amount in BGN)

| | Computer Equipment | Total |
|---|---|---|
| **Gross Block as on 01. 01. 2022** | **-** | **-** |
| Purchases | **3,37,268** | **3,37,268** |
| Disposals | **-** | **-** |
| **Gross Block as on 31. 12. 2022** | **3,37,268** | **3,37,268** |
| **Accumulated Depreciation as on 01.01.2022** | **-** | **-** |
| Disposals | **-** | **-** |
| Depreciation for the year | **75,045** | **75,045** |
| **Accumulated Depreciation as on 31.12.2022** | **75,045** | **75,045** |
| **Net Carrying Amount as on 31.12.2022** | **2,62,223** | **2,62,223** |

## 9. REVENUE RECOGNITION

The Company earns revenue primarily from providing information technology , consultancy services and business solutions for its customers. The Company offers a consulting-led, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method .
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Transaction price attributed in case of contracts with subsidiary is arrived at on the basis of arm's length price. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price

## Notes forming part of the Financial Statements

concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue disaggregation by nature of services is as follows:

(Amount in BGN)

| | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Revenue from consultancy services | **1,21,74,793** | 23,67,779 |
| Revenue from sale of equipment and software licences | **-** | - |
| **Total** | **1,21,74,793** | 23,67,779 |

Revenue disaggregation by industry vertical is as follows:

(Amount in BGN)

| **Industry vertical** | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Hi-Tech Industry Practice | **1,21,74,793** | 23,67,779 |
| **Total** | **1,21,74,793** | 23,67,779 |

Revenue disaggregation by geography is as follows:

(Amount in BGN)

| Geography | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| America | **-** | 223 |
| UK | **1,21,74,793** | 23,67,556 |
| **Total** | **1,21,74,793** | 23,67,779 |

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

(Amount in BGN)

| Changes in contract assets is given below: | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Opening balance | **2,36,080** | - |
| Add: Revenue recognized during the period | **-** | 2,37,766 |
| Less: Invoices raised during the period | **-** | - |
| Add / (Less): Translation during the year | **(2,36,080)** | (1,686) |
| **Closing balance as at December 31, 2021** | **-** | 2,36,080 |

## 10. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

**Cost of revenue**

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licences, depreciation and amortisation of production related equipment and software, facility expenses, communication expenses and other project related expenses.

**Selling, general and administrative expenses.**

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances, facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortisation expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

## Notes forming part of the Financial Statements

(Amount in BGN)

| Expenses by function | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Cost of revenue | **75,47,400** | 9,98,451 |
| Selling, general and administrative expenses | **2,97,429** | 35,450 |
| **Total** | **78,44,830** | 10,33,901 |

Costs and expenses are recognized when incurred and have been classified according to their nature.

(Amount in BGN)

| Expenses by nature | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| **Other operating expenses** | | |
| Project expenses | **-** | 2,219 |
| Facility running expenses | **1,44,579** | - |
| Fees to external consultants | **2,02,242** | 99,473 |
| Travel expenses | **401** | - |
| Depreciation expenses | **1,80,970** | - |
| Other expenses | **3,03,637** | 30,007 |
| **Total** | **8,31,829** | 1,31,699 |

## 11 . OTHER INCOME

(Amount in BGN)

| Other gains (net) | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Net foreign exchange loss | **41,592** | 13,510 |
| **Total** | **41,592** | 13,510 |

## 12 . FINANCE COSTS

Finance costs consist of the following:.

| | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Finance costs - Interest on obligations under finance leases | **28,033** | - |
| Interest on bank overdrafts and loans | **48,491** | 12,583 |
| Finance costs - Other interest expense | **192** | - |
| **Total** | **76,715** | 12,583 |

## 13 . INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

***Current income taxes***

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

***Deferred income taxes.***

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The income tax expense consists of the following:

(Amount in BGN)

| **Current tax** | **For the period Jan 1, 2022 to Dec 31, 2022** | **For the period Aug 31, 2021 to Dec 31, 2021** |
|---|---|---|
| Current tax expense for current year | **4,38,111** | 1,30,778 |
| Current tax (benefit) / expense pertaining to prior years | **-** | - |
| **Total** | **4,38,111** | 1,30,778 |

## Notes forming part of the Financial Statements

The reconciliation of estimated income tax expense at the Statutory income tax rate to income tax expense reported in statement of profit or loss and other comprehensive income is as follows:

(Amount in BGN)

| **Current tax expenses** | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Income before taxes | **42,11,656** | 13,07,784 |
| Statutory tax rate | **10.00%** | 10.00% |
| Expected income tax expense | **4,21,166** | 1,30,778 |
| Add : Disallowed expense - (Depreciation) | **16,945** | - |
| **Total tax expense** | **4,38,111** | 1,30,778 |

## 14. EMPLOYEE BENEFITS

The Company provides for amount payable to be employees for compensated absences as per the company's policy, which are expected to occur within twelve months after the end of the period in which the employee render the related services are recognised as undiscounted liability at the date of statement of financial position.

Employee cost consist of the following:

(Amount in BGN)

| | For the period Jan 1, 2022 to Dec 31, 2022 | For the period Aug 31, 2021 to Dec 31, 2021 |
|---|---|---|
| Salaries & bonus | **60,36,021** | 7,87,067 |
| Contributions to social security | **8,64,242** | 1,04,160 |
| Staff welfare | **1,12,738** | 10,976 |
| **Total** | **70,13,002** | 9,02,203 |

**Staff numbers**

Average number of persons employed by the company (including directors) is 132 and 82 for year ending on December 31, 2022 and December 31, 2021 respectively.

## 15. RELATED PARTY TRANSACTIONS

Tata Consultancy Services Bulgaria EOOD's principal related parties consist of its ultimate holding company Tata Sons Private Limited, its parent of holding company Tata Consultancy Services Limited and its subsidiaries, affiliates and its key managerial personnel. The Company routinely enters into transactions with its related parties in the ordinary course of business.

# TATA CONSULTANCY SERVICES GUATEMALA, S.A.

## FINANCIAL STATEMENTS

**For the year ended**
**December 31, 2022**

# FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

# INDEPENDENT AUDITORS' REPORT

**TO THE BOARD OF DIRECTORS AND THE SHAREHOLDERS OF TATA CONSULTANCY SERVICES GUATEMALA, S.A.**

## Opinion

We have audited the financial statements of Tata Consultancy Services Guatemala, S.A., comprising the Statement of Financial Position as at December 31, 2022, the income statements and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, as well as the explanatory notes to the financial statements, which include a summary of significant accounting policies. The financial statements have been prepared by management using International Financial Reporting Standards (IFRS).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of TATA CONSULTANCY SERVICES GUATEMALA, S.A., as of December 31, 2022 and 2021, as well as its financial performance and cash flows for the years then ended, in accordance with International Financial Reporting Standard – IFRS --, indicator in Note 3.

## Basis for Opinion

We have conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under these standards are described later in the section. Auditor's responsibilities for auditing the financial statements of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Guatemala – Code of Ethics for Accounting Professionals issued by the International Ethical Standards Board for Accountants (IESBA Code of Ethics) and have fulfilled our other ethical responsibilities in accordance with such code. We believe that the auditor's evidence we have obtained provides a sufficient and adequate basis for our opinion.

## Responsibilities of the entity's management and governance over the financial statements

Management is responsible for the preparation and fair presentation of the financial statements, in accordance with International Financial Reporting Standard (IFRS), and for the internal control that management deems necessary to enable the preparation of financial statements free from material misstatement, due to fraud or error.

## Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether arising from fraud or error and to issue the auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement where it exists. Misaccuracies may arise from fraud or error and are considered material if, individually or in the aggregate, they can reasonably be expected to affect the economic decisions users make on the basis of these financial statements.

As part of an ISA compliance audit, the auditor exercises professional judgment and maintains professional skepticism throughout the audit. We too:

- We identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, design and perform the audit procedures that responded to those risks; and obtained sufficient and appropriate audit evidence to provide the basis for our opinion. The risk of failing to detect a material misstatement resulting from fraud is greater than that resulting from an error, since fraud involves collusion, falsification, intentional omissions, distortion, or override of internal control.

- We obtained an important knowledge of internal control for the audit, in order to design audit procedures that are appropriate according to the circumstances and not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

- We evaluate the appropriateness of the accounting policies used and the reasonableness of the accounting estimates and related disclosures made by management in accordance with the applied basis of accounting.
- We evaluate the overall presentation, structure and content of the financial statements, including disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a reasonable presentation.
- We conclude on the appropriateness of management's use of the going concern bases and, based on the evidence obtained, determine whether or not there is material uncertainty regarding events or conditions that may give rise to significant doubt about the Company's ability to continue as a going concern. If we conclude that material uncertainty exists, we are asked to draw attention in our auditor's report to the respective disclosures in the financial statements or, if such disclosure is insufficient, we must modify our opinion. Our findings are based on audit evidence obtained to date from our auditor's report, however, future events or conditions may cause the company to cease to be a going concern.

We communicate with government officials regarding, among other issues, the expected scope and timing of the audit and important audit findings, including potential significant deficiencies in the internal control we identified during our audit.

## Notes forming part of the Financial Statements

### 1. CORPORATE INFORMATION

Tata Consultancy Services Guatemala S.A., with registered offices in Guatemala City (Diagonal 6 10-65 Zone 10 Las Margaritas Office 202 A Tower 1), was incorporated according to Guatemalan Law on September 1, 2021 through the testimony of deed No. 111 and No. 112 under registration N ° 20170 Folio: 919 of the Electronic Book 91 of mercantile companies. Its corporate purpose is the provision of professional services within the IT, telecommunications, and engineering fields, consultancy services, delegated administration of IT services and business processes (outsourcing).

The authorized share capital of the Company is Seven Million Eight Hundred Thousand Quetzals (Q 7,800,000.00), represented by Seven Thousand Eight Hundred (7,800) shares with a par value each share of One Thousand Quetzals (Q1, 000.00) each one of them. The Shareholders of the Company are TCS Iberoamerica S.A. (Owns 99 percentage of the shares of the subscribed and paid capital stock) and TCS Uruguay S.A. (Owns 1 percentage of the shares of the subscribed and paid capital stock). Both Shareholders are registered offices are in the Oriental Republic of Uruguay.

### 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), with their interpretations, conceptual framework, conclusion foundations and application guides authorized and issued by the International Accounting Standards Board (IASB); and other legal provisions defined by surveillance entities that may differ in some aspects with those set out by other state control bodies.

On March 16, 2023, the Shareholders authorized the issuance of the financial statements.

### 3. BASIS OF PREPARATION

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows have been prepared indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Guatemalan Quetzal (GTQ). Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognized in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

### 4. USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgment's that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of Income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

**a. Revenue Recognition**

Revenue for fixed-price contracts is recognized using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

**b. Useful lives of property, plant and equipment**

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

**c. Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**d. Provision for income tax and deferred tax assets**

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

**e. Provisions and contingent liabilities**

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognized nor disclosed in the financial statements.

**f. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

## Notes forming part of the Financial Statements

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### 5. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

| | |
|---|---|
| Amendments to IAS 1 | Classification of Liabilities[1] |
| Amendments to IAS 1 and IFRS Practice Statement 2 | Disclosure of Accounting Policies[1] |
| Amendments to IAS 8 | Definition of Accounting Estimates[1] |
| Amendments to IAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction[1] |
| Amendments to IFRS 16 | Lease Liability in a sale and Leaseback[2] |
| Amendments to IAS 1 | Non-current Liabilities with Covenants[2] |

1. Effective for annual periods beginning on or after January 1, 2023.
2. Effective for annual periods beginning on or after January 1, 2024.

**IAS 1 – Classification of Liabilities**

In January 2020, IASB issued the final amendments in Classification of Liabilities as Current or Non-Current, which affect only the presentation of liabilities in the statement of financial position. They clarify that classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the "right" to defer settlement by at least twelve months. The classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability. They make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services. The Company does not expect the amendments to have any significant impact on its presentation of liabilities in its statement of financial position.

**IAS 1 – Disclosure of Accounting Policies**

In February 2021, IASB issued 'Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)' which is intended to help entities in deciding which accounting policies to disclose in their financial statements. The amendments to IAS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments to IFRS Practice Statement 2 provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 8 – Definition of Accounting Estimates**

In February 2021, IASB issued 'Definition of Accounting Estimates (Amendments to IAS 8)' to help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 12 – Income Taxes**

In May 2021, IASB issued 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12), which clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company will evaluate the impact, if any, in its financial statements.

**IFRS 16- Lease Liability in a Sale and Leaseback**

In September 2022, the IASB issued 'Lease Liability in a Sale and Leaseback (Amendments to IFRS 16)' with amendments that clarify how a seller-lessee subsequently measures sale and leaseback transactions that satisfy the requirements in IFRS 15 to be accounted for as a sale. The Company does not expect this amendment to have any significant impact in its financial statements.

**IAS 1 – Non-current Liabilities with Covenants**

In October 2022, IASB issued 'Non-current Liabilities with Covenants (Amendments to IAS 1)' to clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The Company does not expect the amendments to have any significant impact on its classification of non-current liabilities in its statement of financial position.

The company has applied IFRIC 23 effective for annual periods beginning on or after January 1, 2019 as below:

**IFRIC 23 Interpretation Uncertainty over Income Tax Treatment**

IFRIC 23 interpretation addresses the accounting for income taxes when there is uncertainty over tax treatments. It clarifies that an entity must consider the probability that the tax authorities will accept a treatment retained in its income tax filings, assuming that they have full knowledge of all relevant information when making their examination. In such a case, the income taxes shall be determined in line with the income tax filings.

**Application of IFRIC 23**

The company reviewed its income tax treatments in order to determine whether IFRIC 23 interpretation could have an impact on the financial statements. In that respect, the Company observed that there are no continuous instances of any uncertain tax treatment in the past and on that basis, it is reasonable to conclude that all the tax treatments are accepted by the tax officer and hence IFRIC-23 is not applicable.

## 6. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

## Notes forming part of the Financial Statements

**Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**Financial assets at amortised cost**

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Financial assets at fair value through other comprehensive income**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

**Financial assets at fair value through profit or loss**

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

**Financial liabilities**

Financial liabilities are measured at amortized cost using the effective interest method.

**Equity instruments**

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received net of direct issue cost.

**Impairment of financial assets (other than at fair value)**

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

**a. Cash and cash equivalents**

Cash and cash equivalents consist of the following:

(In Quetzals)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Balances with banks | **6,125,188** | 2,657,689 |
| **Total** | **6,125,188** | 2,657,689 |

**b. Trade receivables - Billed**

Trade receivables - Billed consist of the following:

(In Quetzals)

| **Trade receivables – Billed – Current** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Trade receivables Billed | **11,710,501** | 1,589,162 |
| **Total** | **11,710,501** | 1,589,162 |

**c. Other financial assets**

Other financial assets consist of the following:

(In Quetzals)

| **Other financial assets – Current** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Employee loans and advances | **135,100** | - |
| Security deposits | **58,059** | 58,059 |
| Others | **486,651** | 2,530,717 |
| **Total** | **679,810** | 2,588,776 |

**d. Borrowings**

Borrowings consist of the following:

(In Quetzals)

| **Borrowings – Current** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Loans from related party | **4,494,182** | - |
| **Total** | **4,494,182** | - |

(In Quetzals)

| **Borrowings – Non Current** | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Loans from related party | **10,875,591** | 2,895,000 |
| **Total** | **10,875,591** | 2,895,000 |

## Notes forming part of the Financial Statements

**e. Other financial liabilities**

Other financial liabilities consist of the following:

(In Quetzals)

| Other financial liabilities – Current | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Capital creditors | - | 483,670 |
| Accured payroll | 2,341,957 | 921,944 |
| Accured interest | 426,489 | 26,534 |
| Others | 884,840 | 872,000 |
| **Total** | **3,653,286** | 2,304,148 |

**f. Financial instruments by category**

The carrying value of financial instruments by categories as of December 31, 2022 is as follows:

(In Quetzals)

| | Amortised Cost | Total carrying Value |
|---|---|---|
| **Financial assets:** | | |
| Cash and cash equivalents | 6,125,188 | 6,125,188 |
| Trade receivables | | |
| Billed | 11,710,501 | 11,710,501 |
| Unbilled | 19,461,428 | 19,461,428 |
| Other financial assets | 679,810 | 679,810 |
| **Total** | **37,976,927** | **37,976,927** |
| **Financial liabilities:** | | |
| Trade payables | 1,364,015 | 1,364,015 |
| Borrowings | 15,369,773 | 15,369,773 |
| Other financial liabilities | 3,653,286 | 3,653,286 |
| **Total** | **20,387,074** | **20,387,074** |

The carrying value of financial instruments by categories as of December 31, 2021 is as follows:

(In Quetzals)

| | Amortised Cost | Total carrying Value |
|---|---|---|
| **Financial assets:** | | |
| Cash and cash equivalents | 2,657,689 | 2,657,689 |
| Trade receivables | | |
| Billed | 1,589,162 | 1,589,162 |
| Unbilled | 9,149,377 | 9,149,377 |
| Other financial assets | 2,588,776 | 2,588,776 |
| **Total** | **15,985,004** | **15,985,004** |
| **Financial liabilities:** | | |
| Trade payables | 927,408 | 927,408 |
| Borrowings | 2,895,000 | 2,895,000 |
| Other financial liabilities | 2,304,148 | 2,304,148 |
| **Total** | **6,126,556** | **6,126,556** |

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at December 31, 2022 and December 31, 2021 approximate the fair value. Difference between carrying amounts and fair values of other financial assets and other financial liabilities subsequently measured at amortized cost is not significant in each of the periods presented. Fair value measurement of lease liabilities is not required.

**g. Fair value hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

**h. Financial risk management**

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

***Market risk***

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity. Considering the economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10 percentage against the respective functional currency of the Company.

The following analysis has been worked out based on the net exposures of the Company as of the date of statement of financial position which could affect the statement of profit or loss and other comprehensive income and equity.

The following table sets forth information relating to foreign currency exposure as of December 31, 2022:

(In Quetzals)

| | COP | MXN | USD | TOTAL |
|---|---|---|---|---|
| Net financial assets | **78,890** | **44,013** | **31,415,998** | **31,538,901** |
| Net financial liabilities | **73,398** | **45,614** | **17,592,025** | **17,711,037** |

## Notes forming part of the Financial Statements

10 percentage appreciation / depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's profit before taxes by approximately 1,382,786 Quetzals for the year ended December 31, 2022.

The following table sets forth information relating to foreign currency exposure as of December 31, 2021:

(In Quetzals)

| | COP | MXN | USD | TOTAL |
|---|---|---|---|---|
| Net financial assets | - | - | **10,746,182** | **10,746,182** |
| Net financial liabilities | - | - | **4,991,518** | **4,991,518** |

10 percentage appreciation / depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's profit before taxes by approximately 575,466 Quetzals for the year ended December 31, 2021.

- **Interest rate risk**

  The Company is not exposed to interest rate risk.

**Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents and other financial assets. Cash and cash equivalents include an amount of 6,125,188 Quetzals held with a bank in Guatemala having high quality credit rating which are individually in excess of 10 percentage or more of the Company's total cash and cash equivalents as of December 31, 2022. None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was 38,069,615 Quetzals and 17,130,883 Quetzals as of December 31, 2022 and December 31, 2021, respectively, being the total of the carrying amount of balances with banks, trade receivables, contract assets and other financial assets.

  Company's exposure to customers is concentrated, and single customer which contributes individually to more than 10 percentage of outstanding trade receivable, and contract assets as at December 31, 2022 and as at December 31, 2021 as follows:

(In Quetzals)

| | As of December 31, 2022 | |
|---|---|---|
| | Total trade receivables , Unbilled receivables and contract Assets | Percentage |
| Customer A | **28,643,906** | **92** |

(In Quetzals)

| | As of December 31, 2021 | |
|---|---|---|
| | Total trade receivables , Unbilled receivables and contract Assets | Percentage |
| Customer A | 11,526,171 | 97 |

**Geographic concentration of credit risk**

Geographic concentration of Trade Receivables, Unbilled receivables and Contract Assets is as follows:

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| | Net percentage | Net percentage |
| Americas | **97** | 100 |
| Ibero America | **3** | - |
| | **100** | 100 |

Geographical concentration of Trade Receivables, Unbilled receivables and Contract Assets is allocated based on the location of the customers.

**Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(In Quetzals)

| **December 31, 2022** | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5th years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | **1,364,015** | **-** | **-** | **-** | **1,364,015** |
| Borrowings | **4,494,165** | **5,229,243** | **4,902,751** | **743,555** | **15,369,714** |
| Other financial liabilities | **3,653,286** | **-** | **-** | **-** | **3,653,286** |
| **Total** | **9,511,466** | **5,229,243** | **4,902,751** | **743,555** | **20,387,015** |

## Notes forming part of the Financial Statements

(In Quetzals)

| December 31, 2021 | Due in 1st year | Due in 2nd year | Due in 3rd to 5th year | Due after 5th years | Total |
|---|---|---|---|---|---|
| **Non-derivative financial liabilities:** | | | | | |
| Trade payables | **927,408** | **-** | **-** | **-** | **927,408** |
| Borrowings | **321,676** | **965,028** | **1,608,296** | **-** | **2,895,000** |
| Other financial liabilities | **2,304,148** | **-** | **-** | **-** | **2,304,148** |

**i Equity instruments**

The authorized, issued, subscribed and fully paid-up share capital consists of the following:

(In Quetzals)

| | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| **Authorised** | | |
| Equity share of 1.000 each | **7,800,000** | 7,800,000 |
| **Issued, Subscribed and fully paid up** | | |
| Equity share of 1.000 each | **7,800,000** | 7,800,000 |

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

## 7. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

## 8. NON-FINANCIAL ASSETS AND LIABILITIES

### a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

| **Type of Assets.** | **Useful lives** |
|---|---|
| Leasehold improvements | Lease term |
| Computer equipment | 4 years |
| Furniture, fixtures, office equipment and other assets | 4-10 years |

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

## Notes forming part of the Financial Statements

Property, plant and equipment consist of the following:

(In Quetzals)

| | Computer equipments | Office equipment | Total |
|---|---|---|---|
| **Gross block as of January 1, 2022** | **613,551** | **-** | **613,551** |
| Purchases | **1,548,063** | **9,821** | **1,557,884** |
| **Gross block as at December 31, 2022** | **2,161,614** | **9,821** | **2,171,435** |
| **Accumulated depreciation as of January 1, 2022** | **15,969** | **-** | **15,969** |
| Depreciation for the period | **419,015** | **789** | **419,804** |
| **Accumulated depreciation as of December 31, 2022** | **434,984** | **789** | **435,773** |
| **Net carrying amount as at December 31,2022** | **1,726,630** | **9,032** | **1,735,662** |
| Capital work-in-progress | **-** | **-** | **-** |
| **Total** | **1,726,630** | **9,032** | **1,735,662** |

(In Quetzals)

| | Computer equipments | Office equipment | Total |
|---|---|---|---|
| **Gross block as of January 1, 2021** | - | | - |
| Purchases | 613,551 | - | 613,551 |
| Disposals | - | - | - |
| **Gross block as at December 31, 2021** | 613,551 | - | 613,551 |
| **Accumulated depreciation as of January 1, 2021** | - | - | - |
| Depreciation for the period | 15,969 | - | 15,969 |
| Disposals | - | - | - |
| **Accumulated depreciation as of December 31, 2021** | 15,969 | - | 15,969 |
| **Net carrying amount as at December 31,2021** | 597,582 | - | 597,582 |
| Capital work-in-progress | 484,484 | - | 484,484 |
| **Total** | 1,082,066 | - | 1,082,066 |

**b. Other intangible assets**

Intangible assets purchased including acquired in business combination, are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences.

Following table summarises the nature of intangibles and their estimated useful lives:

| Type of asset | Useful lives |
|---|---|
| Rights under licensing agreement and software licences | Lower of licence period and 2-5 years |

Intangible assets are amortised on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

As of December 31,2022, and December 31, 2021 Company did not have Intangible assets.

**c. Other assets**

Other assets consist of the following:

(In Quetzals)

| Other assets – Current | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Advance to suppliers | **-** | 40,571 |
| Indirect tax recoverable | **553,644** | 116,156 |
| Prepaid expenses | **176,721** | - |
| Contract assets | **92,688** | 1,145,879 |
| **Total** | **823,053** | 1,302,606 |

Refer note 9 for changes in contract assets –

**d. Other liabilities**

Other liabilities consist of the following:

(In Quetzals)

| Other liabilities – Current | As of December 31, 2022 | As of December 31, 2021 |
|---|---|---|
| Indirect tax payable and other statutory liabilities | **658,215** | 400,747 |
| Others | **9,977** | 12,348 |
| **Total** | **668,192** | 413,095 |

## 9. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.

- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

## Notes forming part of the Financial Statements

- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.

- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.

- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.

- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue disaggregation by nature of services is as follows:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| Consultancy Services | **50,407,509** | 11,894,920 |
| **Total** | **50,407,509** | 11,894,920 |

Revenue disaggregation by industry vertical is as follows:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Industry Vertical** | | |
| Communication, Media and Technology | **49,382,225** | 11,894,920 |
| Retail and Consumer Business | **522,557** | - |
| Manufacturing | **502,727** | - |
| **Total** | **50,407,509** | 11,894,920 |

Revenue disaggregation by geography is as follows:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Geography** | | |
| America | **49,382,225** | 11,894,920 |
| Ibero America | **1,025,284** | - |
| **Total** | **50,407,509** | 11,894,920 |

Geographical revenue is allocated based on the location of the customers.

## Notes forming part of the Financial Statements

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is 3,366,990 Quetzals, out of which 6.04 percentage is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the year** | **1,145,879** | - |
| Invoices raised that were included in the contract assets balance al the beginning of the year | **110,583** | 1,152,630 |
| Increase due to revenue recognised during the year excluding amounts billed during the year | **(1,144,384)** | - |
| Adjustments during the year | **-** | - |
| Translation exchange difference | **(19,390)** | (6,751) |
| **Balance at the end of the year** | **92,688** | 1,145,879 |

Changes in unearned and deferred revenue are as follows:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Balance at the beginning of the year** | **-** | - |
| Revenue recognised that was included in unearned and deferred revenue al the beginning of the year | **-** | - |
| Increase due to invoicing during the year, excluding amounts recognised as revenue during the year. | **(1,977)** | - |
| Translation exchange difference | **(2)** | - |
| **Balance at the end of the year** | **(1,979)** | - |

## 10. COST RECOGNITION

Costs and expenses are recognized when incurred and have been classified according to their nature in the following categories:

The costs of the Company are broadly categorized into employee benefits expenses, depreciation and amortization and other operating expenses. Employee benefits expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses and other expenses.

### Other operating expenses

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|

| Others | **30,128** | 1,728 |
| **Total** | **116,768** | (19,143) |

## Notes forming part of the Financial Statements

### 12. INCOME TAXES

The income tax expense of the period comprises the current and deferred income tax. The tax is recognized in the income statement, except where it is about items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

**Current income taxes**

The charge for current income tax is calculated based on enacted, or substantially enacted, tax laws at the balance sheet date. The management assesses periodically the positions assumed in the tax returns filed regarding situations in which the tax laws are subject to interpretation. The Company, as corresponds, creates provisions on amounts expected to be obliged to pay to tax authorities.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

**Deferred income taxes**

Deferred income tax is recognized, by using the balance sheet approach, on temporary differences arising between the tax assets and liabilities basis and their respective amounts recorded in the financial statements.

The deferred income tax assets are only recognized to the extent future tax benefits are produced against which temporary differences may be used. The deferred income tax is determined by using tax rates that have been promulgated at the balance sheet date and it is expected they will be applicable when deferred income tax assets are realized or income tax liabilities are paid.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when deferred tax assets and liabilities from revenue refer to income tax corresponding to the same tax authority.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Profit before income taxes** | **9,929,720** | 2,648,773 |
| Federal income tax rate | **25%** | 25% |
| Expected income tax expense | **2,482,430** | 662,193 |
| **Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:** | | |
| Income exempt from tax | **4,877** | - |
| Permanent differences | **139,304** | 69,183 |
| Tax pertaining to prior years | **(1,193)** | - |
| Others (net) | **-** | - |
| **Total income tax expense** | **2,625,418** | 731,376 |

The income tax expense consists of the following:

The reconciliation of estimated income tax expense at statutory income tax rate to income tax expense reported in statement of profit or loss is as follows:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---|---|
| **Current Tax** | | |
| Current tax expense for current year | **3,066,592** | 797,795 |
| | **3,066,592** | 797,795 |

## Notes forming part of the Financial Statements

### 13. EMPLOYEE BENEFITS

**Defined contribution plans**

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company provides retirement benefit such as pension (other than Company managed fund) to its employees which are treated as defined contribution plans.

**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**Compensated absences**

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position.

Employee cost consists of the following:

(In Quetzals)

| | Year ended December 31, 2022 | Year ended December 31, 2021 |
|---|---:|---:|
| Salaries, incentives and allowances | **33,236,186** | 7,261,544 |
