Report on the standalone Financial Statements

Opinion

We have audited the Standalone financial statements of **APT Online Limited** (hereinafter referred to as "the Company"); which comprises the Balance Sheet as at 31st March 2026 and Statement of Profit and Loss (including other comprehensive income), statement of changes in equity and the Cash Flow Statement for the year then ended and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and Statement of Profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibility of Management's and Board of Director's for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under Section 133 of the Act, as applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and board of director's are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India, in term of section 143(11) of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the order to the extent applicable.

(A) As required by Section 143(3) of the Act, We report that

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

(b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as appears from the examination of those books.

(c) The Balance Sheet, and the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of accounts.

(d) In our opinion, aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.

(e) On the basis of the written representations received from the Directors as on March 31, 2026, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2026 from being appointed as a Director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Independent Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 18 to the financial statements.

ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 22 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the note 22 to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.

v) The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 23 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

vi) As required under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014; based on our examination details and records on test check basis and information and explanation given to us, we state that the Company has used software for maintaining the books of accounts which has inbuilt feature of recording the audit trail and logs of activities in the software. The audit trail facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention. The Company also uses some other software such as portal for citizen services (G to C) and Human resource management, but they are not interfaced with the accounting software. Data is downloaded and then entered in the accounting software. Hence they have not been verified by us.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

According to the information and explanations given to us, no remuneration has been paid by the Company to any of its directors. Accordingly, provisions of Section 197 of the Act relating to remuneration to directors are not applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

Report on Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government in terms of Section 143(11) of the Companies Act, 2013 ('the Act') of APTONLINE LIMITED ('the Company')

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Plant, Property and Equipment.

(B) The Company has maintained proper records showing full particulars, including quantitative details and situation of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all Property, plant and equipment are verified every year. In accordance with this programme, Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and records examined by us, the company does not have any immovable property (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including Right-of-use assets) and intangible assets.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder during the year.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable, and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year, except for investment in mutual funds. Accordingly, clause 3(iii)(a) to 3(iii)(f) of the Order is not applicable

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Sections 185 of the Companies Act, 2013 ("the Act"). The company has not made any investments or provided any guarantee or security as specified under section 186 of the Companies Act, 2013 ("the Act") In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act are not required to be complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Sales tax, Service tax, Duty of excise and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into Goods and Service Tax (GST).

According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including GST, Provident fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been generally deposited with the appropriate authorities. As explained to us, the Company did not have any dues of Customs.

According to the information and explanations given to us, no undisputed amounts payable in respect of GST, Provident fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Provident Fund, Employees State Insurance, Income-Tax, or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute, except the following dues of Value added tax and sales tax, have not been deposited by the Company on account of dispute:

Name of the statute	Nature of the dues	Amount under dispute (₹ in lakhs)	Amount paid under protest (₹ in lakhs)	Amount not paid	Period to which the amount relates	Forum where dispute is pending
Andhra Pradesh General Sales Tax Act,1957	Sales Tax	2.30	2.30	Nil	2002-03 to 2004-05	Appellate Tribunal, Hyderabad
Andhra Pradesh Value Added Tax Act,2005	VAT (including Penalty)	16.46	11.49	4.97	2005-06 to 2011-12	Appellate Tribunal, Hyderabad
Goods & Service Tax Act,2017	GST (including Penalty)	21.48	1.24	20.24	2021-22	Joint Commissioner (Appeals)

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short- term basis by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. As represented to us by the management, there are no whistle blower complaints received by the company during the year vigil mechanism established voluntarily.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Report on the internal financial controls with reference to the aforesaid financial statements

Opinion

We have audited the internal financial controls with reference to financial statements of APTOnline Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company as at and for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Gain of ₹ 46.35 lakhs and Loss of ₹ 34.35 lakhs on remeasurement of defined employee benefits (net of tax) is recognised as a part of retained earnings for year ended March 31, 2026 and 2025 respectively.

Nature and purpose of reserves

a. Capital redemption reserve

As per Companies Act, 2013, capital redemption reserve is created when company purchases its own shares out of free reserves or securities premium. A sum equal to the nominal value of the shares so purchased is transferred to capital redemption reserve. The reserve is utilised in accordance with the provisoins of Section 69 of the Companies Act, 2013.

b. Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the balance sheet date.

Notes forming part of the Financial Statements

1) Corporate information

APTOnline Limited ("formerly APOnline Limited") was incorporated on September 25, 2002 and is jointly promoted by Tata Consultancy Services Limited (TCS) and Andhra Pradesh Technology Services Limited (APTS), a corporation wholly owned by the Government of Andhra Pradesh (GOAP). The Company carries on the business of development, maintenance and management of the APONLINE portal for providing web-based services by Government to citizen, Government to business and other portfolio services of Government.

The state of Telangana was carved out of the State of Andhra Pradesh, pursuant to Andhra Pradesh Reorganisation Act, 2014. Presently, the Company continues to serve both the states of Telangana and Andhra Pradesh.

The Company is unlisted public limited company incorporated and domiciled in India. The address of its registered office is Synergy Park (Non-SEZ Campus), Sarayu, SGA-Z4, Gachibowli, Hyderabad-500032. Tata Consultancy Services Limited ('TCS'), the holding company, owns 89% of the Company's equity share capital. Tata Sons Pvt. Limited is the ultimate parent company.

The name of the Company has been changed from APOnline Limited to APTOnline Limited with effect from April 2, 2016.

The Board of Directors approved the financial statements for the year ended March 31, 2026 and authorised for issue on April 30, 2026.

2) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

3) Basis of preparation

These financial statements have been prepared in Indian rupee (₹) which is the functional currency of the Company.

These financial statements have been prepared on historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period and employee retirement obligation, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

4) Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

(a) Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(b) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(c) Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

(d) Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(e) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

(f) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company has elected not to apply the requirements of Ind AS 116 to leases of all assets with very low value or short-term leased assets that have a lease term of 12 months or less and where the company has right to terminate the lease before end of the lease period. The lease payments associated with these leases are recognized as an expense as an when payment is made or due over the lease term.

Notes forming part of the Financial Statements

5) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

6) Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid financial investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

	6,672.78	**5,921.17**

* Amount collected on behalf of government and non-government includes collection of utility bills, ration card charges, government taxes, etc.

(i) Financial instruments by category

The carrying value of financial instruments by categories as of March 31, 2026 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	495.00	495.00
Investments	5,481.55	-	5,481.55
Trade receivables			
Billed	-	6,360.78	6,360.78
Unbilled	-	619.45	619.45
Loans	-	22.48	22.48
Other financial assets	-	1,443.70	1,443.70
Total	**5,481.55**	**8,941.41**	**14,422.96**
Financial liabilities:			
Trade payables	-	1,681.92	1,681.92
Other financial liabilities	-	6,672.79	6,672.79
Total	**-**	**8,354.71**	**8,354.71**

The carrying value of financial instruments by categories as of March 31, 2025 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	1,327.33	1,327.33
Other balances with bank	-	6,900.00	6,900.00
Investments	5,175.67	-	5,175.67
Trade receivables			
Billed	-	5,466.91	5,466.91
Unbilled	-	395.17	395.17
Loans	-	22.75	22.75
Other financial assets	-	767.48	767.48
Total	**5,175.67**	**14,879.64**	**20,055.31**

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial liabilities:			
Trade payables	-	1,874.82	1,874.82
Other financial liabilities	-	5,921.17	5,921.17
Total	**-**	**7,795.99**	**7,795.99**

Carrying amounts of cash and cash equivalents, other balances with bank, trade receivables, unbilled receivables, loans , other financial assets, trade payables and other financial liabilities as at March 31, 2026 and March 31, 2025 approximate the fair value due to their nature.

Carrying amounts of other balances with bank, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

(j) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

As of March 31, 2026 (₹ in lakhs)

Financial assets:	Level 1	Level 2	Level 3	Total
Mutual fund units	5,481.55	-	-	5,481.55
Total	**5,481.55**	**-**	**-**	**5,481.55**

As of March 31, 2025 (₹ in lakhs)

Financial assets:	Level 1	Level 2	Level 3	Total
Mutual fund units	5,175.67	-	-	5,175.67
Total	**5,175.67**	**-**	**-**	**5,175.67**

(k) Financial risk management

The Company is exposed primarily to credit, liquidity and price risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

- **Interest rate risk**

  The Company investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

  Credit risk

  Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

  Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, investments and other financial assets. None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 14,422.96 lakhs and ₹ 20,055.31 lakhs as on March 31, 2026 and 2025, respectively, being the total of the carrying amount of investment in mutual funds, balances with banks, trade receivables, unbilled receivables, loans and other financial assets.

  The Company exposure to customers is diversified. Apart from School Education Department-TS ₹ 1,582.06 lakhs and AP-SERP ₹ 660.83 lakhs (Previous Year - School Education Department-TS ₹ 1,590.76 lakhs, SERP-AP ₹ 769.85 lakhs and The Principal Secretary-APPSC ₹ 584.70 lakhs), no other customer contributes to more than 10% of outstanding accounts receivable as of March 31, 2026 and 2025.

- **Geographic concentration of credit risk**

  The Company has a geographic concentration of trade receivables, net of allowances and unbilled receivables in India.

  The allowance for lifetime expected credit loss on trade receivables for the years ended March 31, 2026 and 2025 was ₹ 68.98 lakhs and ₹ 158.71 lakhs, respectively. The reconciliation of allowance for doubtful trade receivables is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	1,758.12	1,599.41
Change during the year	68.98	158.71
Balance at the end of the year	**1,827.10**	**1,758.12**

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(₹ in lakhs)

March 31, 2026	Due in 1st Year	Due in 2nd Year	Due in 3rd Year	Due in 4th Year	Due in 5th Year	Total
Trade payables	1,681.92	-	-	-	-	1,681.92
Other financial liabilities	6,672.78	-	-	-	-	6,672.78
Total	**8,354.70**	**-**	**-**	**-**	**-**	**8,354.70**

(₹ in lakhs)

March 31, 2025	Due in 1st Year	Due in 2nd Year	Due in 3rd Year	Due in 4th Year	Due in 5th Year	Total
Trade payables	1,874.82	-	-	-	-	1,874.82
Other financial liabilities	5,921.17	-	-	-	-	5,921.17
Total	**7,795.99**	**-**	**-**	**-**	**-**	**7,795.99**

Other price risks

The fair value of investment in mutual funds is ₹ 5,481.55 lakhs and ₹ 5,175.67 lakhs as on March 31, 2026 and March 31, 2025 respectively. The Company is exposed to price risks arising from investment in mutual funds. The investments are made in acceptable funds, while optimizing the returns.

(I) Equity instruments

Share capital

The authorised, issued, subscribed and fully paid-up share capital comprises of the following :

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Authorised :		
a) Equity shares 3,000,000 of ₹ 10 each with voting rights (March 31, 2025: 3,000,000 equity shares of ₹ 10 each)	300.00	300.00
(b) Redeemable preference shares 3,000,000 of ₹ 10 each (March 31, 2025: 3,000,000 preference shares of ₹ 10 each)	300.00	300.00
	600.00	**600.00**
Issued, Subscribed and Fully paid-up		
1,770,000 equity shares of ₹ 10 each (March 31, 2025: 1,770,000 equity shares of ₹ 10 each)	177.00	177.00
	177.00	**177.00**

Notes forming part of the Financial Statements

I. Reconciliation of number of shares:

	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Amount (₹ lakhs)	Number of shares	Amount (₹ lakhs)
Equity shares				
Opening balance	1,770,000	177.00	1,770,000	177.00
Issued during the year	-	-	-	-
Closing balance	**1,770,000**	**177.00**	**1,770,000**	**177.00**

II. Rights, preferences and restrictions attached to shares

The Company has one class of equity shares having a face value of ₹ 10 each. Each holder of equity share is entitled to one vote per share held and carry a right to dividend. The dividend proposed by the Board of Directors is subject to the approval of the share holders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity share holders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their share holding.

III. Details of shares held by Holding company

Equity shares	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Amount (₹ lakhs)	Number of shares	Amount (₹ lakhs)
Holding Company, Tata Consultancy Services Limited	1,575,300	157.53	1,575,300	157.53
Total	**1,575,300**	**157.53**	**1,575,300**	**157.53**

IV. Details of shares held by share holders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2026		As at March 31, 2025	
	Number of shares held	% holding in that class of shares	Number of shares held	% holding in that class of shares
Equity shares				
Tata Consultancy Services Limited	1,575,300	89%	1,575,300	89%
Andhra Pradesh Technology Services Limited	194,700	11%	194,700	11%
	1,770,000	**100%**	**1,770,000**	**100%**

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

V. Disclosure of Shareholding of Promoters

Disclosure of shareholding of promoters as at March 31, 2026 is as follows:

(₹ in lakhs)

Promoter name	Shares held by promoters				% Change during the year
	As at March 31, 2026		As at March 31, 2025		
	No. of shares*	% of total shares	No. of shares*	% of total shares	
Tata Consultancy Services Limited (holding company)	1,575,300	89%	1,575,300	89%	-
Andhra Pradesh Technology Services Limited (significant share holder)	194,700	11%	194,700	11%	-
Total	**1,770,000**	**100%**	**1,770,000**	**100%**	**-**

7) NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

(a) Property, plant and equipment

The Company recognizes the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can measured reliably.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Computer equipment	4 years
Vehicles	4 years
Office equipment	5 years
Furniture and fixtures	5 years

The Company believes that the technically evaluated useful lives, different from Schedule II of the Companies Act, 2013, best represent the period over which these assets are expected to be used.

Property, plant and equipment assets with finite life are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Notes forming part of the Financial Statements

Property, plant and equipment consists of the following:

(₹ in lakhs)

Description	Computer equipment	Vehicles	Office equipment	Furniture and fixtures	Total

Net carrying amount as at March 31, 2025	**385.75**	**33.28**	**0.59**	**-**	**419.62**

(b) Intangible assets

Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and impairment, if any.

Intangible assets are amortised over their estimated useful life on straight line method as follows:

Asset	Useful life
Computer software	2 years

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Intangible assets with finite life are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Intangible assets consists of the following:

(₹ in lakhs)

Description	Computer software	Total
Cost as at April 1, 2025	638.04	638.04
Additions	89.56	89.56

Notes forming part of the Financial Statements

8) OTHER EQUITY

Other equity consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
(a) Capital redemption reserve		
Opening balance	280.00	280.00
Movement	-	-
Closing balance	**280.00**	**280.00**
(b) Retained earnings		
(i) Opening balance	13,265.55	12,349.83
(ii) Profit for the year	3,016.80	2,454.61
(iii) Other comprehensive income arising from remeasurement of defined employee benefit plans, net of income-tax	46.35	(34.34)
	16,328.70	**14,770.10**
Less: Appropriations		
(i) Dividend on equity shares	(1,593.00)	(1,504.50)
	14,735.70	**13,265.60**
	15,015.70	**13,545.60**

9) REVENUE RECOGNITION

The Company earns revenue primarily from providing IT enabled services in the State of Andhra Pradesh and Telangana.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- Revenue from the sale of distinct third party software and hardware is recognised at the point in time when control is transferred to the customer, net of applicable taxes and duties.
- Unearned and deferred revenue ("contract liability") consists of advances received from customers. The Company disaggregates revenue from contracts with customers by nature of services.

Revenue disaggregation by nature is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
A) Information technology and consultancy services		
(a) Transaction revenue	2,924.92	2,459.85
(b) Aasara Pensions	656.55	637.69
(c) Software development services and maintenance	3,451.96	2,673.09
(d) Man power supply	583.92	613.36
(e) Data centre establishment and maintenance	273.98	100.41

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
(f) Franchisee fees	9.10	25.48
(g) Digital Assessment services	8,996.25	9,623.10
(h) Aadhaar authentication	213.13	192.07
(i) Others	128.92	99.64
Total	**17,238.73**	**16,424.69**
B) Sale of products		
(a) Hardware	6.89	8.58
(b) Software	41.58	19.85
(c) Stationery	290.46	262.99
Total	**338.93**	**291.42**
Total	**17,577.66**	**16,716.11**

All revenue is derived in the State of Andhra Pradesh and Telangana.

The revenue recognised in the statement of profit and loss equals to the contracted price.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

The Company does not have contract assets.

Changes in Unearned and deferred revenue are as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	4.06	19.83
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year.	(4.06)	(19.83)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year.	2.99	4.06
Balance at the end of the year	**2.99**	**4.06**

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

10) OTHER INCOME

Other Income comprises of interest income for all financial instruments measured at amortised cost. Interest income is recorded on accrual basis. Interest income is included in Other income in the Statement of Profit and Loss.

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using effective interest method.

Other income consists of the following:

(₹ in lakhs)

		Year ended March 31, 2026	Year ended March 31, 2025
(a)	Net gain on disposal / fair valuation of investments carried at fair value through profit of loss	425.96	543.56
(b)	Interest income	477.09	457.71
(c)	Other income	10.70	31.00
		913.75	**1,032.27**

11) EMPLOYEE BENEFITS

Defined Benefits Plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the date of each balance sheet date. Actuarial gains and losses are recognised in full in the other comprehensive income for the period in which they occur. Past service cost both vested and unvested is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The Company provides Gratuity to it's employees is treated as defined contribution plan.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company provides Provident Fund to it's employees is treated as defined contribution plan.

Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

Other short-term employee benefits

Other short-term employee benefits, including performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service.

Employee benefit expenses consists of the following:

(₹ in lakhs)

		Year ended March 31, 2026	Year ended March 31, 2025
a)	Salaries, incentives and allowances	2,526.97	2,619.17
b)	Contributions to provident fund	144.31	159.83
c)	Contributions to ESIC	0.75	4.95
d)	Staff welfare expenses	137.15	112.93
		2,809.18	**2,896.88**

Employee benefit obligations consists of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
(A) Employee benefit obligation - Non-current		
Compensated absences	128.69	142.51
	128.69	**142.51**
(B) Employee benefit obligation - Current		
Compensated absences	24.85	28.40
	24.85	**28.40**

Gratuity

In accordance with Indian law, the Company operates a scheme of gratuity which is defined benefit plan. The gratuity plan provide for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 day's basic salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service. The Company manages the plan through a trust. Trustees administer contributions made to the trust through LIC group gratuity fund.

The following table sets out the funded status of the defined benefit schemes and the amount recognised in the financial statements.

The estimate of future salary increase considered in actuarial valuation takes account of inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Change in defined benefit obligations		
Benefit obligations, beginning of the year	390.38	301.10
Service cost	49.44	33.91
Interest cost	25.37	21.83
Benefit paid	(15.98)	(13.16)
Actuarial loss/(gain) recognized in OCI	(59.28)	46.70
Benefit obligations, end of the year	**389.93**	**390.38**

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Change in plan assets		
Fair value of plan assets, beginning of the year	449.13	405.10
Interest Income	29.19	29.37
Employer contribution	0.48	27.02
Actuarial (loss)/gain	-	-
Benefits paid	(15.98)	(13.16)
Remeasurement-return on plan assets excluding amount included in interest income	2.65	0.79
Fair value of plan assets, end of the year	**465.47**	**449.12**

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Funded status:		
Surplus / (Deficit) of plan assets over obligations	**75.54**	**58.74**

	As at March 31, 2026	As at March 31, 2025
Category of assets:		
Insurance managed funds	**465.47**	**449.12**

Net periodic gratuity cost included in employee cost consists of the following components:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Service cost	49.44	33.91
Net interest on net defined benefit (asset) / liability	(3.82)	(7.54)
Net periodic gratuity cost	**45.62**	**26.37**
Actual return on plan assets	**(61.94)**	**45.91**

Remeasurement of the net defined benefit liability/(asset):

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Actuarial (gains) and losses arising from changes in demographic assumptions.	22.40	18.28
Actuarial (gains) and losses arising from changes in financial assumptions.	(51.81)	32.85
Actuarial (gains) and losses arising from changes in experience adjustments.	(29.88)	(4.43)
Remeasurement of the net defined benefit liability	**(59.29)**	**46.70**
Remeasurement - return on plan assets excluding amount included in interest income	(2.65)	(0.79)
Total	**(61.94)**	**45.91**

The assumptions used in according for the defined benefit plan are set out below:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Discount rate	7.25%	6.50%
Rate of increase in compensation	8.00%	9.00%
Levels of covered employees		
Rate of return on plan assets		
Weighted average duration of defined benefit obligations		

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Attrition rate		
i) If Services for 0 years to 5 years	19.30%	17.66%
ii) If Services for 6 years and above	9.82%	15.85%
Mortality Rate	Indian Assured Lives Mortality (2012-14) (Urban)	Indian Assured Lives Mortality (2012-14) (Urban)

The expected benefits are based on the same assumptions as are used to measure the Company's defined benefit plan obligations as at March 31, 2026. The Company is expected to contribute ₹ nil lakhs to the defined benefit plan obligation for the year ending March 31, 2026.

Remeasurement (Gain) of defined employee benefit plan in other comprehensive income for the fiscals 2026 and 2025 are ₹ 61.94 lakhs and ₹ 45.91 lakhs respectively.

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

If the discount rate increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase of 0.50%	(13.17)	(10.13)
Decrease of 0.50%	14.09	10.71

If the expected salary growth increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase of 0.50%	13.47	10.16
Decrease of 0.50%	(12.90)	(9.79)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the Balance Sheet.

Each year an Asset - Liability matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles. Investment and contribution policies are integrated within this study.

The defined benefit obligations shall mature after year ended March 31, 2026 as follows:

Year ending March 31,2025	Defined benefit obligations
2027	36.41
2028	43.68
2029	40.10
2030	37.30
2031	35.39
2032-2036	155.61
2037 and above	399.72
	748.21

Provident Fund

In accordance with Indian law, all eligible employees of the Company are entitled to receive benefits under the provident fund plan in which both the employee and employer (at a determined rate) contribute monthly to Regional Provident Fund Commissioner. The Company recognised ₹ 144.31 lakhs and ₹ 159.83 lakhs towards contribution provident fund and family pension fund in fiscals 2026 and 2025 respectively. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

12) COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in direct costs, employee benefit expenses, purchases of stock-in-trade, depreciation and amortisation and other expenses. Direct costs include service charges and manpower supply. Employee costs include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other expenses majorly include lease rentals, facility charges, travelling and conveyance, legal and professional fees, internet connectivity charges, allowances for doubtful trade receivables and miscellaneous expenses. Miscellaneous expenses is an aggregation of costs which are individually not material such as courier charges, Banker commision for Bank Guarantees, recruitment and training, entertainment, etc.

(a) Direct costs

Direct costs consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
(a) Service charges	8,928.93	8,799.35
(b) Man power charges	1,287.03	1,295.58
Total	**10,215.96**	**10,094.93**

(b) Purchase of stock-in-trade

Purchase of stock-in-trade consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
(a) Hardware Purchase	0.51	3.18
(b) Stationery Purchase	263.51	226.90
Total	**264.02**	**230.08**

(c) Changes in inventories of stock-in-trade

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Inventories at the end of the year:		
Stock-in-trade		
(a) Hardware, stationery, etc.	25.71	24.88
	25.71	**24.88**
Stock-in-trade		
(a) Hardware, stationery, etc.	24.88	32.22
	24.88	**32.22**
Net increase / (decrease)	**(0.83)**	**7.34**

(d) Other expenses

Other expenses consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
(a) Consumables	5.34	0.76
(b) Facility charges	227.59	243.82
(c) Repairs and maintenance - Others	45.32	38.21
(d) Rates and taxes	0.24	0.73
(e) Internet connectivity charges	68.97	73.63
(f) Travelling and conveyance	16.85	17.09
(g) Printing and stationery	23.36	33.83
(h) Business promotion expenses	20.48	25.86
(i) Legal and professional fees	19.44	45.81
(j) Corporate Social Responsibility (refer Note below)	62.83	55.39
(k) Payments to auditors (refer Note 17)	7.39	7.26
(l) Software maintenance charges	161.31	112.35
(m) Allowance on trade receivables and advances	68.98	158.70
(n) Bad Debts Written off	-	9.84
(o) Miscellaneous expenses	57.89	91.36
	785.99	**914.64**

(e) Corporate Social Responsibility (CSR)

As per Section 135 of the Companies Act, 2013, amount required to be spent on CSR by the Company during the year ended March 31, 2026 and 2025 is ₹ 62.76 lakhs and ₹ 55.35 lakhs, respectively, computed at 2% of its average net profit for the immediately preceding three financial years. The Company incurred an amount of ₹ 62.84 lakhs and ₹ 55.39 lakhs during the year ended March 31, 2026 and 2025, respectively, towards CSR expenditure for purposes other than construction / acquisition of any asset.

(₹ in lakhs)

		Year ended March 31, 2026	Year ended March 31, 2025
1	Amount required to be spent by the company during the year	62.76	55.36
2	Amount of expenditure incurred on:		
	(i) Construction / acquisition of any asset	-	-
	(ii) On purpose other than (i) and above	62.83	55.39
3	Shortfall at the end of the year	-	-
4	Total of previous years shortfall	-	-
5	Reason for shortfall	NA	NA
6	Nature of CSR activities		
7	Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard	₹ 23.83 lakhs spent for to provide Dual Desks to various schools in Mangalagiri, Guntur District, Andhra Pradesh and ₹ 39.01 lakhs spent for to provide Desks, Tables, Stools, Steel Almirah's, and 2 tier beds to TG Residential Schools and Junior College (TGRS & JC) Keesaragutta, Medchal Malkajgiri District and MJPTBCW Residential School / Jr. College for Girls, Nizamabad (Urban), Telangana.	₹ 31.94 lakhs spent for donation of 300 benches and 77 single cot beds to various Z.P. High schools in Guntur (Dt), Andhra Pradesh and ₹ 23.45 lakhs spent for donation of 139 benches and 139 single cot beds to Tribal welfare upgraded Residential Junior College in Jayashankar Bhupalapally (Dt), Telangana.

13) FINANCE COSTS

Finance costs consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
(i) Other interest costs	2.65	0.64
	2.65	**0.64**

14) INCOME TAXES

Income-tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The Company has recognised income tax expenses applying the provision under Section 115BAA of the Income-tax Act, 1961.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance taxes paid and income tax provisions arising in the same tax jurisdictions and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets and labilities are reviewed at each reporting date and are reduced or increased as the case may be.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Income tax expense consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax:		
Current tax expense for current year	1,103.13	901.42
Current tax (benefit) / expense pertaining to prior years	7.50	9.36
Deferred tax:		
Deferred tax (benefit) / expense for current year	(49.30)	(51.20)
Deferred tax (benefit) / expense pertaining to Prior Years	-	-
Total Income tax expense recognised in current year	**1,061.33**	**859.58**
Income - tax expense recognised in Other Comprehensive Income (OCI)		
Deferred tax on remeasurement of defined employee benefit plans	(15.59)	11.56
Total income - tax expense recognised	**(15.59)**	**11.56**

The reconciliation of estimated income tax expense at statutory income tax rate to income tax expense reported in statement of profit and loss is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit before taxes	4,078.13	3,314.18
Indian Statutory income tax rate	25.168%	25.168%
Expected Income tax expense	1,026.38	834.11

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:		
Tax pertaining to prior years	(7.50)	9.36
Disallowance U/s 37		
CSR expenses	15.81	13.94
Others	26.63	2.17
Total Income tax expenses	**1,061.33**	**859.58**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2026 are as follows:

(₹ in lakhs)

	Opening balance	Recognised / reversed through profit or loss	Recognised / Reversed through other comprehensive income	Recognised / Reversed through retained earnings	Closing balance
Deferred tax assets / (liabilities) in relation to:					
Property, plant and equipment	10.01	16.10	-	-	26.11

15) EARNINGS PER SHARE

Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit for the year	3,016.79	2,454.60
Amount available for equity shareholders	3,016.79	2,454.60
Weighted average number equity shares	1,770,000	1,770,000
Total weighted average number of equity shares	**1,770,000**	**1,770,000**
Basic and diluted earning per share (₹)	170.44	138.68
Face value per equity share (₹)	10.00	10.00

16) AUDITORS REMUNERATION

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Services as statutory auditors (including quarterly audits)	5.00	5.00
Tax audit	2.00	2.00
Other services	-	0.01
For reimbursement of expenses	0.39	0.25
	7.39	**7.26**

Notes forming part of the Financial Statements

17) SEGMENT INFORMATION

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker for assessing the Company's performance and allocating the resources based on an analysis of various performance indicators by business segments and geographic segments.

The Company is mainly engaged in the business of providing IT enabled services to various departments of Government of Andhra Pradesh and Government of Telangana which constitute a single business segment. These activities are conducted only in one geographic segment viz India. Therefore, the disclosure requirements of the Ind AS 108 "Segment Reporting" are not applicable.

For the year ended March 31, 2026 there are three customers that contribute more than 10% each of total revenue.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Department of School Education, Telangana	2,251.39	3,405.67
Andhra Pradesh State Council of Higher Education	2,526.39	2,154.25
Telangana State Council of Higher Education	2,396.89	2,065.15
The Director, GVWV & VSWS, Andhra Pradesh	2,238.35	1,514.99

18) COMMITMENTS AND CONTINGENCIES

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Contingent liability :		
Sales tax demands		
(i) Claims against the Company not acknowledged as debt - disputed sales tax liability	18.76	18.76
(ii) Claims against the Company not acknowledged as debt - disputed GST liability	21.48	-
Capital commitment (net of advances) :		
(i) Estimated amount of contracts remaining to be executed on capital account	50.42	179.27

19) On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact as "Statutory impact of new Labour Codes" under "Exceptional Items" in the standalone statement of profit and loss for the year ended

March 31, 2026. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

20) RELATED PARTY TRANSACTIONS

The Company's principal related parties consist of its holding company, Tata Consultancy Services and its fellow-subsidiaries, and key managerial personnel. The Company's material related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

Report on the Standalone Financial Statements

Opinion

We have audited the Standalone Financial Statements of **MP Online Limited** (hereinafter referred to as "the Company"); which comprises the Balance Sheet as at 31st March 2026 and Statement of Profit and Loss (including other comprehensive income), statement of changes in equity and the Cash Flow Statement for the year then ended and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and Statement of Profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibility of Management's and Board of Director's for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under Section 133 of the Act, as applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and board of directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India, in terms of Section 143(11) of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the order to the extent applicable.

(A) As required by Section 143(3) of the Act, We report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as appears from the examination of those books.

c) The Balance Sheet and the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of accounts.

d) In our opinion, aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the Directors as on March 31, 2026, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2026, from being appointed as a Director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Independent Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 19 to the financial statements.

ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 23 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 23 to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material misstatement.

v) The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 24 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

(vi) As required under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014; based on our examination details and records on test check basis and information and explanation given to us, we state that the Company has used software for maintaining the books of accounts which has inbuilt feature of recording the audit trail and logs of activities in the software. The audit trail facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention. The Company also uses some other software such as portal for citizen services (G to C) but it is not interfaced with the accounting software. Data is downloaded and then entered in the accounting software. Hence they have not been verified by us.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

According to the information and explanations given to us, no remuneration has been paid by the Company to any of its directors. Accordingly, provisions of Section 197 of the Act relating to remuneration to directors are not applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

Report on Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government in terms of Section 143(11) of the Companies Act, 2013 ('the Act') of MP ONLINE LIMITED ('the Company')

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Plant, Property and Equipment.

(B) The Company does not have any intangible assets. Accordingly, clause 3(i)(a)(B) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified every year. In accordance with this programme, property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and records examined by us, the Company does not have any immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including Right-of-use assets).

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering development, management services of online portal for providing web-based services by Government to citizens. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year, except for investment in mutual funds. Accordingly, clause 3(iii)(a) to 3(iii)(f) of the Order is not applicable.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Sections 185 of the Companies Act, 2013 ("the Act") and the Company has not made any investments or provided any guarantee or security as specified under Section 186 of the Companies Act, 2013 ("the Act"). Further, the Company has complied with the provisions of Section 186 of the Companies Act, 2013 ("the Act") in relation to loans given. In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act are not required to be complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Sales tax, Service tax, Duty of excise and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into Goods and Services Tax (GST).

According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including GST, Provident fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been generally deposited with the appropriate authorities. As explained to us, the Company did not have any dues of Customs.

According to the information and explanations given to us, no undisputed amounts payable in respect of GST, Provident fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Provident Fund, Employees State Insurance, Income-Tax, Service Tax or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute, except the following dues of Service Tax and Income Tax have not been deposited by the Company on account of dispute:

Name of the statute	Nature of the dues	Amount under dispute (₹ in lakhs)	Amount paid under protest (₹ in lakhs)	Amount not paid	Period to which the amount relates	Forum where dispute is pending
The Finance Act, 1994	Service Tax	2,995.27	112.32	2,882.96	Oct-09 to Sept-14	Appellate Tribunal
The Finance Act, 1994	Service Tax	1,273.16	95.48	1,177.67	Oct-14 to Mar-16	Appellate Tribunal
The Finance Act, 1994	Service Tax	997.32	67.99	929.33	April-16 to June-17	Appellate Tribunal
The Income Tax Act, 1961	Income Tax	7.15	-	7.15	AY 2014-15	Commissioner of Income Tax (Appeals)
The Income Tax Act, 1961	Income Tax	2.35	-	2.35	AY 2018-19	Commis sioner of Income Tax (Appeals)

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix) (a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short- term basis by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. As represented to us by the management, there are no whistle blower complaints received by the Company during the year vigil mechanism was established voluntarily.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID FINANCIAL STATEMENTS

Opinion

We have audited the internal financial controls with reference to financial statements of MP Online Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company as at and for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the financial statements

1. CORPORATE INFORMATION

MP Online Limited (herein referred to as 'the Company') is a subsidiary of Tata Consultancy Services Limited ('TCS' or 'Holding Company'). The Company primarily operates an e-commerce portal allowing payments and money transfer to be made through the Internet, enabling citizens and businesses to make payment of dues to various departments of state governments, educational institutions, public utilities and insurance companies.

The Company, is a public company incorporated and domiciled in India. The address of its registered office and principal place of business Office Block No. 9 & 10, DB City Corporate Block , DB Mall, Fifth Floor, Arera Hills, MP Nagar, Bhopal 462011. As of March 31, 2026 Tata Consultancy Services Limited, the holding company owned 89% of the Company's equity share capital. Tata Sons Private Limited is the ultimate parent.

The Company is a venture between Tata Consultancy Services Limited and Madhya Pradesh State Electronics Development Corporation Limited ('Significant Shareholder'). The shareholding agreement between parties is valid until March 31, 2027.

The financial statements for the year ended March 31, 2026 were approved by the Board of Directors and authorised for issue on May 08, 2026.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

3. BASIS OF PREPARATION

These financial statements have been prepared in Indian Rupee which is the functional currency of the Company.

These financial statements have been prepared on the historical cost basis, except for financial instruments which are measured at fair values at the end of each reporting period and employee retirement obligations as explained in the accounting policies below. Historical cost is generally based on fair value of consideration given in exchange of goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measerement date.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in division II of Schedule III to the Company's Act, 2013. Based on the nature of services rendered to customer and time elapsed between deployment of resources and realisation in cash and cash equivalents of the consideration for such a services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements :

a) Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

b) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

c) Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax.

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

d) Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

e) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

f) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

6. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a Group of financial assets is impaired.

Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

a) Investments - current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Investments carried at fair value through profit or loss		
Mutual funds units (quoted)	1,862.89	3,834.78

Less: Allowance for doubtful trade receivables - Billed							-
							1,105.34

c) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Balances with banks		
In current accounts	485.54	2,176.98
	485.54	**2,176.98**

d) Other balances with banks

Other balances with banks consists of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Short-term bank deposits	12,100.00	10,300.00
	12,100.00	**10,300.00**

e) Loans

Loans (unsecured) consists of the following:

Loans - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Unsecured, considered good		
Loans and advances to employee	6.88	4.65
	6.88	**4.65**

f) Other financial assets

Other financial assets consist of the following:

Other financial assets - Non-current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Bank deposits	-	-
Security deposits	8.80	23.20
Earmarked balances with banks *	72.77	71.77
	81.57	**94.97**

Other financial assets - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Interest receivable	600.77	816.17
	600.77	**816.17**

*Earmarked balances includes balances held as margin money against guarantees.

g) Dues of small enterprises and micro enterprises

The disclosure pursuant to the Micro, Small and Medium Enterprises Development Act, 2006, (MSMED Act) for dues to micro enterprises and small enterprises as at March 31, 2026 and March 31, 2025 is as under:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Dues remaining unpaid to any supplier Principal	-	-
Interest on the above	-	-
Amount of interest paid in terms of Section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year	-	-
Amount of interest accrued and remaining unpaid	-	-
Amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under Section 23 of MSMED Act, 2006	-	-
	-	-

h) Trade payables

Ageing for trade payables outstanding as at March 31, 2026 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					
	Not Due	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	Total
MSME	-	-	-	-	-	-
Others	352.91	-			9.42	362.33
Disputed dues - MSME	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	352.91	**-**	**-**	**-**	**9.42**	**362.33**
Accrued expenses						**90.17**
						452.50

Above balances of trade payables include balances with related parties (Refer note 21).

Ageing for trade payables outstanding as at March 31, 2025 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					
	Not Due	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	Total
MSME	-	-	-	-	-	-
Others	160.55	-	-	9.42	156.56	326.53
Disputed dues - MSME	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	160.55	**-**	**-**	**9.42**	**156.56**	**326.53**
Accrued expenses						**116.59**
						443.12

Above balances of trade payables include balances with related parties (Refer note 21).

i) Other financial liabilities

Other financial liabilities consist of the following:

Other financial liabilities - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Amount collected on behalf of customers	3,387.04	3,316.89
Security deposits received	1.00	1.00
	3,388.04	**3,317.89**

j) Financial instruments by category

The carrying value of financial instruments by categories as of March 31, 2026 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	485.54	485.54
Other balances with bank	-	12,100.00	12,100.00
Investments	1,862.89	-	1,862.89
Trade receivables	-	2,021.29	2,021.29
Loans	-	6.88	6.88
Other financial assets	-	682.34	682.34
Total	**1,862.89**	**15,296.05**	**17,158.94**
Financial liabilities:	-		
Trade payables	-	452.50	452.50
Lease liabilities	-	673.16	673.16
Other financial liabilities	-	3,388.04	3,388.04
Total	**-**	**4,513.70**	**4,513.70**

The carrying value of financial instruments by categories as of March 31, 2025 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	2,176.98	2,176.98
Other balances with bank	-	10,300.00	10,300.00
Investments	3,834.78	-	3,834.78
Trade receivables	-	1,105.34	1,105.34
Loans	-	4.65	4.65
Other financial assets	-	911.14	911.14
Total	**3,834.78**	**14,498.11**	**18,332.89**
Financial liabilities:			
Trade payables	-	443.12	443.12
Lease liabilities	-	716.20	716.20
Other financial liabilities	-	3,317.89	3,317.89
Total	**-**	**4,477.21**	**4,477.21**

Carrying amounts of cash and cash equivalents, other balances with bank, trade receivables, loans receivables, trade payables and other financial liabilities as at March 31, 2026 and 2025 approximate the fair value due to their nature. Carrying amounts of other balances with bank, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

Measurement of fair value

The management assessed the fair values of cash and cash equivalents, trade receivables, unbilled revenue, loan receivables, other financial assets, trade payable and other financial liabilities at their carrying amounts due to short term maturities of these investments.

k) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

- Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

As at March 31, 2026 (₹ in lakhs)

Financial assets	Level 1	Level 2	Level 3	Total
Mutual fund units	**1,862.89**	**-**	**-**	**1,862.89**
Total	**1,862.89**	**-**	**-**	**1,862.89**

As of March 31, 2025 (₹ in lakhs)

Financial assets:	Level 1	Level 2	Level 3	Total
Mutual fund units	3,834.78	-	-	3,834.78
Total	**3,834.78**	**-**	**-**	**3,834.78**

L) Financial risk management

The Company is exposed primarily to credit and liquidity risk which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The focus of the Board is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

Foreign currency exchange rate risk

The Company has no exposure to foreign currency risk.

Interest rate risk

The Company investments are primarily in fixed rate interest bearing investments. Hence the Company is not significantly exposed to interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, cash and cash equivalents, bank deposits having a high credit-rating. Bank deposits of ₹ 12,172.77 lakhs and ₹ 10,371.77 lakhs as at March 31, 2026 and 2025, respectively is held with Indian banks having high credit ratings. None of the other financial instruments of the Company result in material concentration of credit risk.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 17,158.94 lakhs and ₹ 18,332.89 lakhs as of March 31, 2026 and 2025, respectively, being the total of the Carrying amount of cash and cash equivalent, other balances with banks, investments, trade receivables, loans receivables, Intercorporate deposits and other financial assets.

Of the total trade receivables ₹ 2,552.03 lakhs as at March 31, 2026 amount of ₹ 1,919.5/- is due from the variuos collecting agents which have since been received. Out of balance receivables of ₹ 632.54 lakhs following three as at March 31, 2026 (as at March 31, 2025) are largest customers of the Company. There are no other customers who represent more than 10% of the total trade receivables other than collecting agents.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Customer A	327.81	327.81
Customer B	-	191.76
Customer C	-	184.32
	327.81	**703.89**

Geographic concentration of credit risk

The Company has a geographic concentration of trade receivables, net of allowances in India.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(₹ in lakhs)

March 31, 2026	Due in 1st Year	Due in 2nd Year	Due in 3rd to 5th Year	Due after 5th Year	Total
Trade and other payables	452.50	-	-	-	452.50
Lease liabilities	44.09	47.40	156.09	1,735.56	1,983.14
Other financial liabilities	3,388.04	-	-	-	3,388.04
Total	**3,884.63**	**47.40**	**156.09**	**1,735.56**	**5,823.68**

(₹ in lakhs)

March 31, 2025	Due in 1st Year	Due in 2nd Year	Due in 3rd to 5th Year	Due after 5th Year	Total
Trade and other payables	443.12	-	-	-	443.12
Lease liabilities	79.46	82.06	251.81	1,332.00	1,745.33
Other financial liabilities	3,317.89	-	-	-	3,317.89
Total	**3,840.47**	**82.06**	**251.81**	**1,332.00**	**5,506.34**

m) Equity instruments

The authorised, issued, subscribed and fully paid-up share capital comprises of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Authorised :		
1,000,000 equity shares of ₹10 each	100.00	100.00
(March 31, 2025 : 1,000,000 Equity shares of ₹ 10 each)	-	-
Issued, Subscribed and Fully paid up		
1,000,000 equity shares of ₹ 10 each	100.00	100.00
(March 31, 2025 : 1,000,000 Equity shares of ₹ 10 each)	-	-
	100.00	**100.00**

a. Reconciliation of the number of shares

	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Amount (₹ lakhs)	Number of shares	Amount (₹ lakhs)
Equity shares				
Opening balance	10,00,000	100.00	10,00,000	100.00
Issued during the year	-	-	-	-
Closing balance	**10,00,000**	**100.00**	**10,00,000**	**100.00**

b. Rights, preferences and restrictions attached to shares

The Company has one class of equity shares having a par value of ₹ 10 per share. Each shareholder is eligible for one vote per share held and carry a right to dividend. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of the interim dividend. In the event of liquidation, the equity share holders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

c. Shares held by Holding Company

	Number of shares	
	As at March 31, 2026	As at March 31, 2025
Equity shares		
Holding Company		
8,90,000 equity shares are held by Tata Consultancy Services Limited	**8,90,000**	**8,90,000**

d. Details of shares held by shareholders holding more than 5% of the aggregate shares in the Company

f. The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

7. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily

determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessee

The details of the right-of-use asset held by the Company is as follows:

(₹ in lakhs)

	Additions for the year ended March 31, 2026	Net carrying amount as at March 31, 2026
Leasehold Building	119.41	464.50
	119.41	**464.50**

(₹ in lakhs)

	Additions for the year ended March 31, 2025	Net carrying amount as at March 31, 2025
Leasehold Building	-	525.08
	-	525.08

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Depreciation		
Leasehold Building	37.13	51.16
	37.13	**51.16**

Interest on lease liabilities is ₹ 58.78 lakhs and ₹ 62.68 lakhs for the years ended March 31, 2026 and 2025, respectively.

The total cash outflow for leases is ₹ 63.68 lakhs and ₹ 75.76 lakhs for the years ended March 31, 2026 and 2025, respectively.

The Company incurred ₹ Nil lakhs and ₹ Nil lakhs for the years ended March 31, 2026 and 2025, respectively, towards expenses relating to short-term leases and leases of low-value assets.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

Notes forming part of the financial statements

8. NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

a) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any. Cost of an item of property, plant and equipment comprises of its purchases price including non refundable taxes, after deducting trade discount and any directly attributable cost of bringing the item to its working condition for its intended use.

Depreciation is provided for property, plant and equipment on straight line basis so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Leasehold improvements	Lease term
Computer equipment	4 years
Vehicles	4 years
Office equipment	5 years
Electrical installations	10 years
Furniture and fixtures	5 years

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Property, plant and equipment consists of the following:

(₹ in lakhs)

Description	Leasehold improvements	Computer equipment	Vehicles	Office equipment	Electrical installations	Furniture and fixtures	Total
Cost as at April 1, 2025	**143.30**	**1,664.54**	**38.06**	**89.66**	**16.28**	**48.49**	**2,000.33**

	286.68	**288.42**

Other assets - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Unsecured, considered good		
Prepaid expenses	88.01	45.77
Other advance*	1,350.09	369.93
	1,438.10	**415.70**

* Paid to MP Electricty Board

c) Other liabilities

Other liabilities - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Advance received from collection agents	-	655.34
Indirect tax payable and other statutory liabilities	118.53	93.49
	118.53	**748.83**

9. OTHER EQUITY

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Retained earnings		
Opening balance	15,355.81	13,919.50
Profit for the year	2,253.40	3,187.96
Other comprehensive income arising from remeasurement of defined employee benefit plans, net of income-tax	(42.03)	(11.65)
	17,567.18	**17,095.81**
Less: Appropriations	(1,920.00)	(1,740.00)
Dividend	**15,647.22**	**15,355.81**

10. REVENUE RECOGNITION

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue from time and material is recognised on output basis measured by number of transactions processed.

Revenue is measured based on the transaction price, which is the consideration as specified in the contract with the customer. Revenue excludes taxes collected from customers.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The Company disaggregates revenue from contracts with customers by nature of services.

Revenue disaggregation by nature is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Transaction revenue	9,052.13	10,071.64
Adhar authentication	-	6.63
Manpower supply	43.20	40.25
	9,095.33	**10,118.52**

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient aligning Ind AS 115. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

The Company does not have any contract assets.

Movement in contract liabilities is given below:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	74.18	146.27
Revenue recognised that was included in the contract liability balance at the beginning of the period	(286.35)	(992.55)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	263.85	920.46
Balance at the end of the year	**51.68**	**74.18**

For the current year, the revenue recongnised in the statement of profit and loss equals to the contracted price. All the revenue is derived in the state of Madhya Pradesh in India.

11. OTHER INCOME

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using the effective interest method.

Other income (net) consist of the following :

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest income	826.23	919.85
Net gain on investments carried at fair value through profit or loss	(65.83)	75.60
Net gain on sale of investments carried at fair value through profit or loss	233.72	156.35
Liabilities no longer required written back	-	2.88
Miscellaneous income*	24.31	1.23
	1,018.43	**1,155.91**
Interest income comprises :		
Interest on bank deposits	826.23	872.72
Interest income on corporate deposit	-	47.13
(*) Includes interest on lease deposits	0.80	1.22

Notes forming part of the financial statements

12. EMPLOYEE BENEFITS

Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date.

Employee benefit expenses consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Salaries, incentives and allowances	2,037.70	1,658.68
Contribution to provident and other funds	170.39	98.39
Staff welfare expenses	53.40	56.69
	2,261.49	**1,813.76**

Employee benefit obligations consist of the following:

Employee benefit obligation - Non-Current

(₹ in lakhs)

	As at March 31, 2026	Year ended March 31, 2025
Gratuity	123.73	105.96
Compensated absences	80.82	64.56
	204.55	**170.52**

Employee benefit obligation - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Gratuity	81.07	52.50
Compensated absences	17.51	13.35
	98.58	**65.85**

Employee benefit plans consist of the following:

Gratuity

In accordance with law, the Company operates a scheme of Gratuity which is a defined benefit plan. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 to 30 days' salary payable for each completed year of service. Vesting occurs upon completion of five continous years of service.

The present value of the defined benefit obligation and the related current service cost were measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

The following table sets out the details of the defined benefit retirement plans and the amounts recognised in the financial statements:

(₹ in lakhs)

Particulars	Year ended March 31, 2026	Year ended March 31, 2025
Change in benefit obligations		
Benefit obligations, beginning of the year	228.08	185.82
Service cost	23.84	16.96
Interest cost	15.39	13.47
Actuarial losses on obligations for the year	75.44	14.53
Benefit paid	(27.80)	(2.70)
Benefit obligations, end of the year	**314.95**	**228.08**
Change in plan assets		
Fair value of plan assets, beginning of the year	69.62	51.90
Interest income	4.71	3.76
Employer contributions	43.70	15.00
Return on plan assets, excluding interest income	(7.88)	(1.04)
Fair value of plan assets, end of the year	**110.15**	**69.62**

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Net obligation:		
(Deficit) of plan assets over obligations	(204.80)	(158.46)
	(204.80)	**(158.46)**
Category of assets:		
Insurer managed funds	110.15	69.62
	110.15	**69.62**

Net periodic gratuity included in employee cost consists of the following components:

(₹ in lakhs)

Particulars	As at March 31, 2026	As at March 31, 2025
Service cost	23.84	16.96
Net interest on net defined benefit liability / (asset)	10.68	9.71
Net periodic gratuity / pension cost	**34.52**	**26.67**
Actual return on plan asets	**4.70**	**3.76**

Remeasurement of the net defined benefit liability / (asset):

(₹ in lakhs)

Particulars	As at March 31, 2026	As at March 31, 2025
Actuarial (gains) arising from changes in demographic assumptions	(2.31)	-
Actuarial losses arising from changes in financial assumptions	(10.69)	11.32
Actuarial losses arising from changes in experience adjustments	61.30	3.21
Return on plan assets, excluding interest income	7.87	1.04
Remeasurement of the net defined benefit liability / (assets)	**56.17**	**15.57**

The assumptions used in according for the defined benefit plan are set out below:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Discount rate	7.25%	6.75%
Salary escalation rate	6%	6%
Attrition rate		
i) If Services < = 5 years	6.64%	7.44%
ii) If Services > 5 years	6.10%	5.16%
Mortality rate	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)

Future mortality experience assumptions are taken based on the published statistics by the Life Insurance Corporation of India.

The Company is expected to contribute ₹ 81.06 lakhs to the defined benefit plan obligation for the year ending March 31,

2026.

Remeasurement (gain) / loss of defined employee benefit plan in other comprehensive income for the fiscals 2026 and 2025 are ₹ 56.17 lakhs and ₹ 15.57 lakhs respectively.

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

If the discount rate increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Increase of 0.50%	(13.14)	(10.85)
Decrease of 0.50%	14.14	11.75

If the expected salary growth increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Increase of 0.50%	13.14	11.72
Decrease of 0.50%	(12.52)	(10.98)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the Balance Sheet.

The defined benefit obligations shall mature after year ended March 31, 2026 as follows:

(in lakhs)

Year ending March 31,	Defined benefit obligations
2027	23.56
2028	21.35
2029	24.45
2030	21.47
2031	31.19
2032 to 2036	114.23
2036 & above	45.43

Provident Fund

In accordance with law, the employees of the Company are entitled to receive benefits under the provident fund plan in which both the employee and employer (at a determined rate) contribute monthly.

These are plans in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. The Company offers its employees defined contribution plan in the form of provident fund and family pension fund. Provident fund and family pension fund covers substantially all regular employees. While both, the employee and the Company pay predetermined contributions into the provident fund, contribution into the family pension fund are made by only the Company. The contribution is based on certain proportion of employee's salary. Contributions to Provident Fund are made to The Regional Provident Fund Commissioner for qualifying employees.

The Company expensed contributed ₹ 107.13 lakhs (March 31, 2025: ₹ 70.97 lakhs) for provident fund during the year ended March 31, 2026.

Notes forming part of the financial statements

13. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in employee benefit expenses, depreciation and amortisation expense and other expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licences, communication expenses, commission, bad debts and advances written off, allowance for doubtful trade receivable and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, recruitment and training, entertainment, etc.

(a) Other expenses

Other expenses consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Fees to external consultants	1,138.31	1,006.75
Facility expenses	134.34	156.41
Cost of equipment and software licences	124.16	38.04
Communication expenses	94.63	127.93
Commission	2,628.08	3,162.71
Bad debts and advances written off, allowance for doubtful trade receivables and advances (net)	0.25	-
Payment to Auditors (Ref. note17)	6.69	6.69
Expenditure on Corporate Social Responsibility (referred to in note 13b)	80.57	67.92
Others (includes auditor remuneration referred to in note 17)	236.18	249.31
	4,443.21	**4,815.76**

(b) Corporate Social Responsibility (CSR) expenditure

(₹ in lakhs)

		Year ended March 31, 2026	Year ended March 31, 2025
1	Amount required to be spent by the Company during the year	80.57	67.92
2	Amount of expenditure incurred on:		
	(i) Construction/acquisition of any asset	-	-
	(ii) On purposes other than (i) above	80.57	67.92
3	Shortfall at the end of the year	-	-
4	Total of previous years shortfall	-	-
5	Reason for shortfall	-	-
6	Nature of CSR activities	Skills Development: IT Lab Setup, Mini Science Lab Setup and Golf Cart Donation to PwD	PM Care Fund
7	Details of related party transactions in relation to CSR expenditure as per relevant Accounting Standard	-	-

Notes forming part of the financial statements

14. FINANCE COSTS

Finance costs consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest on lease liabilities	58.78	62.68
	58.78	**62.68**

15. INCOME TAX

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

Current tax is measured based on taxable profit for the year and is computed in accordance with the Income Tax Act, 1961 using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Advance taxes and provisions for current income taxes are presented in the Balance Sheet after offsetting advance taxes paid and income tax provisions arising in the same tax jurisdictions.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

The income tax expense consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax		
Current tax expenses for current year	736.16	1,101.47

Right of Use	180.26	-	180.26
Operating lease liabilities	-	(132.16)	(132.16)
Provision for doubtful debts	133.59	-	133.59
Others	(14.70)	-	(14.70)
Total deferred tax assets / (liabilities)	**368.99**	**(160.26)**	**208.73**

16. EARNINGS PER SHARE

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The Company did not have any potentially dilutive securities in any of the years presented.

(₹ lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit for the year (₹ in lakhs)	2,253.40	3,187.96
Weighted average number of equity shares	10,00,000	10,00,000
Earnings per share basic and diluted (₹)	**225.34**	**318.80**
Face value per equity share (₹)	10	10

Notes forming part of the financial statements

17. AUDITORS' REMUNERATION

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Services as statutory auditors	5.00	5.00
Tax audit	1.25	1.25
Re - imbursement of out of pocket expenses	0.29	0.29
Other Services	0.15	0.15
	6.69	**6.69**

18. SEGMENT INFORMATION

The Company has been operating largely in one business segment viz. development, maintenance and management of the MP Online portal for providing web based services and the other activities of the Company are incidental to the portal. These activities conducted only in one geographic segment viz India. Therefore, the disclosure requirements of the Ind AS 108 on "Segment Reporting" are not applicable.

For the year ended March 31, 2026 there are two customers that contribute more than 10% each of total revenue.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Customer A	1,203.80	1,396.60
Customer B	1,092.94	1,145.69

19. COMMITMENTS AND CONTINGENCIES

Indirect tax matters

The Company has ongoing disputes with tax authorities mainly relating to treatment of characterisation and classification of certain items. As at March 31, 2026, the Company has demands amounting to ₹ 5,265.76 lakhs (March 31, 2025: ₹ 5,265.76 lakhs) from indirect tax authority which are being contested by the Company.

Income tax matters

The Company has ongoing disputes with income tax authorities relating to tax treatment of certain items. The disputes relate to tax treatment of certain expenses claimed as deductions, computation or eligibility of tax incentives or allowances, and characterisation of fees for services received.

The Company has contingent liability in respect of demands from direct tax authorities, which are being contested by the Company on appeal amounting ₹ 9.50 lakhs and ₹ 9.50 lakhs as at March 31, 2026 and 2025, respectively.

Bank guarantees

The Company has provided guarantees to third parties aggregating ₹ 55.00 lakhs (March 31, 2025: ₹ 60.00 lakhs). The Company does not expect any outflow of resources in respect of the above.

20. On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF C - EDGE TECHNOLOGIES LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of C-Edge Technologies Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to

provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 1 April 2026 to 9 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

   f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer Note 17 to the financial statements.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 22 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 22 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note 23 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

f. Based on our examination which included test checks, the Company has used an accountingsoftware for maintaining its books of account which has a feature of recording audit trail (edit log)facility and the same has operated throughout the year for all relevant transactions recorded inthe software. Further, during the course of our audit, we did not come across any instance of audittrail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled andoperated in the previous years, the audit trail has been preserved by the Company as per thestatutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has notpaid any remuneration to its directors during the year. The Ministry of Corporate Affairs has notprescribed other details under Section 197(16) of the Act which are required to be commented uponby us.

Annexure A to the Independent Auditor's Report on the Financial Statements of C-Edge Technologies Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering information technology related solution. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of Duty of Customs.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-tax, Cess or other statutory dues which have not been deposited on account of any dispute except for following:

Name of the statute	Nature of the dues	Amount demanded (₹ in lakhs)	Period to which the amount relates	Forum where dispute is pending	Amount paid under Protest (₹ in lakhs)	Remarks, if any
The Goods and Service Tax Act, 2017	Goods and Services Tax (Including Interest and Penalty)	702.19	2016-17	Goods and Services Tax Appellate Tribunal	91.31	
The Goods and Service Tax Act, 2017	Goods and Services Tax (Including Interest and Penalty)	177.50	2019-20, 2020-21, 2021-22	Joint Commissioner-Appeals	8.75	

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Based on the information and explanations provided to us, the Company does not have a vigil mechanism and is not required to have a vigil mechanism as per the Act or SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) Pursuant to circular dated July 05, 2017 notified by Ministry of Corporate Affairs (MCA), the Company is exempted from the requirements of constitution of audit committee, accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made bythe Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as defined in theregulations made by the Reserve Bank of India) has more than one CIC as part of the Group.The Group has five CICs which are registered with the Reserve Bank of India and one CICwhich is not required to be registered with the Reserve Bank of India.

(xvii) The Company has not incurred cash losses in the current and in the immediately precedingfinancial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios,ageing and expected dates of realisation of financial assets and payment of financial liabilities,our knowledge of the Board of Directors and management plans and based on our examinationof the evidence supporting the assumptions, nothing has come to our attention, which causesus to believe that any material uncertainty exists as on the date of the audit report that theCompany is not capable of meeting its liabilities existing at the date of balance sheet as andwhen they fall due within a period of one year from the balance sheet date. We, however, statethat this is not an assurance as to the future viability of the Company. We further state that ourreporting is based on the facts up to the date of the audit report and we neither give anyguarantee nor any assurance that all liabilities falling due within a period of one year from thebalance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspentamount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly,clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of C-Edge Technologies Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of C-Edge Technologies Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Financial Statements

1) Corporate information

C-Edge Technologies Limited (herein referred to as 'the Company') is a subsidiary of Tata Consultancy Services Limited ('TCS' or 'Holding Company') which owns 51% of the equity shares. The balance 49% of the equity shares are owned by State Bank of India ('SBI' or 'Significant Shareholder'). The main objects of the Company are to provide information technology related services and solutions; to develop, procure, license / sublicense and supply computer software and to design, manufacture, procure, supply hardware and to develop, customize and adapt any software for its own use or for the use of multiple users and to provide computer hardware / software maintenance services.

The Company is a public limited company incorporated and domiciled in India. The address of its Corporate office is Lodha iThink, Tower A, Floor 9th, Kolshet Road, Sandoz Baug, Thane (West) – 400607.

The financial statements for the year ended March 31, 2026, were approved by the Board of Directors and authorised for issue on April 22, 2026.

2) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

3) Basis of preparation

These financial statements have been prepared on historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value or at amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and realisation in cash and cash equivalents of the consideration for such a services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been prepared in Indian Rupee (₹) which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet dates and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information related to preparation of the financial statements have been discussed in the respective notes.

4) Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected.

Notes forming part of the Financial Statements

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

a) Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. (Refer note 8 (a))

b) Deferred tax assets

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period. (Refer note 15)

c) Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each balance sheet date and are adjusted to reflect the current best estimates. (Refer note 17)

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

d) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note. (Refer note 11)

e) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirement of Ind AS 116. Identification of a lease require significant judgements. The Company uses significant judgement in assessing the term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and the periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025.

The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability

as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

6) Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified date that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. In

determining the allowances for expected credit losses, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rate used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12- months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

6) (a) TRADE RECEIVABLES - BILLED

Trade receivables - Billed (unsecured) consist of the following:

Trade receivables - Billed – Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Trade receivable - Billed	13,376.22	13,071.15
Less : Allowance for expected credit loss	(914.10)	(692.74)
Considered good	12,462.12	12,378.41
Trade receivable - Billed	344.99	715.89
Less : Allowance for expected credit loss	(344.99)	(715.89)
Credit impaired	-	-
	12,462.12	**12,378.41**

*Above balances of trade receivables include balances with related parties (Refer note 18)

Ageing for trade receivables – current outstanding as at March 31, 2026 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment						Total
	Not due	Less than 6 months	6 months - 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade receivables - Billed							
Undisputed trade receivables – considered good	7,778.42	4,926.10	671.70	-	-	-	13,376.22
Undisputed trade receivables – credit impaired	-	-	-	331.65	13.34	-	344.99
	7,778.42	**4,926.10**	**671.70**	**331.65**	**13.34**	**-**	**13,721.21**
Less : Allowance for expected credit loss							(1,259.09)
							12,462.12
Trade Receivables - unbilled							1,615.32
							14,077.44

Ageing for trade receivables – current outstanding as at March 31, 2025 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment						Total
	Not due	Less than 6 months	6 months - 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade receivables - Billed							
Undisputed trade receivables – considered good	7,058.79	5,422.72	589.64	-	-	-	13,071.15
Undisputed trade receivables – credit impaired	-	-	-	146.92	234.14	334.83	715.89
	7,058.79	**5,422.72**	**589.64**	**146.92**	**234.14**	**334.83**	**13,787.04**

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment						Total
	Not due	Less than 6 months	6 months - 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Less : Allowance for expected credit loss							**(1,408.63)**
							12,378.41
Trade Receivables - unbilled							**1,876.83**
							14,255.24

(b) (i) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Balances with banks		
In current accounts	3,305.12	904.82
In deposit accounts	14,453.82	17,768.42
	17,758.94	**18,673.24**

* Above balances of cash and cash equivalents include balances with related parties (Refer note 18)

** The deposits maintained by the Company with banks and financial institutions comprise of time deposits, which can be withdrawn by the Company at any point without prior notice or penalty on the principal.

(b) (ii) Other balances with bank

Other balances with bank consists of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Short term bank deposits*	21,774.00	15,500.00
	21,774.00	**15,500.00**

*Above balances of short-term bank deposits include balances with related parties (Refer note 18)

(c) Other financial assets

Other financial assets consist of the following:

(i) Other financial assets - Non – current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Security deposits	330.61	265.59
	330.61	**265.59**

(ii) Other financial assets – current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Security deposits	46.00	44.00
Interest receivable *	962.68	1,173.48
	1,008.68	**1,217.48**

*Above balances of interest receivable include balances with related parties (Refer note 18)

d) Dues of small enterprises and micro enterprises

The disclosure pursuant to the Micro, Small and Medium Enterprises Development Act, 2006, (MSMED Act) for dues to micro enterprises and small enterprises as at March 31, 2026 and March 31, 2025 is as under:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Dues remaining unpaid to any supplier		
Principal	-	-
Interest on the above	-	-
Amount of interest paid in terms of section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year	-	-
Amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	-	-
Amount of interest accrued and remaining unpaid	-	-
Amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23 of MSMED Act, 2006	-	-

(e) Trade payables

Ageing for trade payables outstanding as at March 31, 2026 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					Total
	Not due	Less than 1 months	1 - 2 years	2 - 3 years	More than 3 years	
Trade payables						
MSME *	-	-	-	-	-	-
Others	597.50	1,111.48	-	-	113.47	1,822.45
Disputed dues - Others	-	-	-	-	-	-
	597.50	**1,111.48**	**-**	**-**	**113.47**	**1,822.45**
Accrued expenses						**6,026.26**
						7,848.71

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

* Disputed Trade Payables pertain to those parties where a legal claim has been filed in any court in India.

**Above balances of trade payables include balances with related parties (Refer note 18).

Ageing for trade payables outstanding as at March 31, 2025 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					Total
	Not due	Less than 1 months	1 - 2 years	2 - 3 years	More than 3 years	
Trade payables						
MSME *	-	-	-	-	-	-
Others	916.76	1,398.01	-	-	113.47	2,428.24
Disputed dues - Others	-	-	-	-	-	-
	916.76	**1,398.01**	**-**	**-**	**113.47**	**2,428.24**
						7,704.75
Accrued expenses						**10,132.99**

* MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

* Disputed Trade Payables pertain to those parties where a legal claim has been filed in any court in India.

** Above balances of trade payables include balances with related parties (Refer note 18).

(f) Other financial liabilities - current

Other financial liabilities consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Accrued payroll	102.19	41.80
Capital creditors	50.39	-
	152.58	**41.80**

g) Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(₹ in lakhs)

	Fair value through Profit and Loss	Amortised cost	Total carrying value
Financial assets			
Cash and cash equivalents		17,758.94	17,758.94
Bank deposits	-	21,774.00	21,774.00
Trade receivables			
Billed	-	12,462.12	12,462.12
Unbilled	-	1,615.32	1,615.32
Other financial assets	-	1,339.29	1,339.29
Total	**-**	**54,949.67**	**54,949.67**
Financial liabilities			
Trade payables	-	7,848.71	7,848.71
Lease liabilities	-	3,851.64	3,851.64
Other financial liabilities	-	152.58	152.58
Total	**-**	**11,852.93**	**11,852.93**

The carrying value of financial instruments by categories as at March 31, 2025 is as follows:

(₹ in lakhs)

	Fair value through Profit and Loss	Amortised cost	Total carrying value
Financial assets			
Cash and cash equivalents	-	18,673.24	18,673.24
Bank deposits		15,500.00	15,500.00
Trade receivables			
Billed	-	12,378.41	12,378.41
Unbilled	-	1,876.83	1,876.83
Other financial assets	-	1,483.07	1,483.07
Total	**-**	**49,911.55**	**49,911.55**
Financial liabilities			
Trade payables	-	10,132.99	10,132.99
Lease liabilities	-	3,015.74	3,015.74
Other financial liabilities	-	41.80	41.80
Total	**-**	**13,190.53**	**13,190.53**

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at March 31, 2026 and 2025, approximate the fair value due to their nature. Carrying amounts of bank deposits, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented. Fair value measurement of lease liabilities is not required.

(h) Financial risk management

The Company is exposed primarily to credit, liquidity and interest rate risks which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the Board is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

a) Interest rate risk

The Company's investments are primarily in fixed rate interest bearing investments. Hence the company is not significantly exposed to interest rate risk.

b) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Refer note 4 for methods, assumptions and information used to measure expected credit losses.

Financial instruments that are subject to credit risk consist of trade receivables, cash and cash equivalents, bank deposits and other financial assets. Bank deposits include an amount of ₹ 21,774.00 lakhs held with two banks having high credit rating, cash & cash equivalent includes amount of ₹ 17,758.94 lakhs held with one bank, which is individually in excess of 10% or more of the Company's total bank deposit as at March 31, 2026.

The Company's exposure to customers is diversified and there are no customers other than the Holding Company who contributes to more than 10% of outstanding trade receivables as at March 31, 2026 and March 31, 2025. None of the other financial instruments of the Company result in material concentration of credit risk.

The allowance for lifetime expected credit loss on trade receivables for the years ended March 31, 2026 and 2025, was ₹ 709.86 lakhs and ₹ 497.96 lakhs respectively. The reconciliation of allowance for expected credit loss is as follows

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	1,408.63	1,145.60
Changes during the year	709.86	497.96
Bad debts written off	(859.40)	(234.93)
Balance at the end of the year	**1,259.09**	**1,408.63**

c) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(₹ in lakhs)

	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5 years	Total
March 31, 2026					
Non-derivative financial liabilities					
Trade payables	7,848.71	-	-	-	7,848.71
Lease liabilities	883.31	849.22	1,713.38	1,302.38	4,748.29
Other financial liabilities	152.58	-	-	-	152.58
	8,884.60	**849.22**	**1,713.38**	**1,302.38**	**12,749.58**
March 31, 2025					
Non-derivative financial liabilities					
Trade payables	10,132.99	-	-	-	10,132.99
Lease liabilities	549.90	577.41	1,026.54	1,796.22	3,950.07
Other financial liabilities	41.80	-	-	-	41.80
	10,724.69	**577.41**	**1,026.54**	**1,796.22**	**14,124.86**

d) Foreign currency exchange rate risk

The Company's exposure to foreign currency risk is not material.

(i) Equity instruments

The authorised, issued, subscribed and fully paid-up share capital consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Authorised :		
4,00,00,000 equity shares of ₹ 10 each (March 31 2025 : 400,00,000 equity shares of ₹ 10 each)	4,000.00	4,000.00
	4,000.00	**4,000.00**

	As at March 31, 2026	As at March 31, 2025
Issued, subscribed and fully paid-up:		
1,00,00,000 equity shares of ₹ 10 each (March 31, 2025 : 1,00,00,000 equity shares of ₹ 10 each)	1,000.00	1,000.00
	1,000.00	**1,000.00**

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

i) Reconciliation of number of shares

(₹ in lakhs)

	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Amount (₹ in lakhs)	Number of shares	Amount (₹ in lakhs)
Equity shares				
Opening balance	1,00,00,000	1,000.00	1,00,00,000	1,000.00
Issued during the year	-	-	-	-
Closing balance	**1,00,00,000**	**1,000.00**	**1,00,00,000**	**1,000.00**

ii) Rights, preferences and restrictions attached to shares

The Company has one class of equity shares having a par value of ₹10 per share. Each shareholder is eligible for one vote per share held and carry a right to dividend. The dividend, proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

iii) Details of shears held by shareholders holding more than 5% of the aggregate shares in the Company

Equity shares

	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Holding	Number of shares	Holding
Tata Consultancy Services Limited (Holding company)	51,00,000	51%	51,00,000	51%
State Bank Of India (Significant shareholder)	49,00,000	49%	49,00,000	49%
	1,00,00,000	**100%**	**1,00,00,000**	**100%**

iv) Disclosure of Shareholding of Promoters holding more than 5% of the aggregated shares in the Company

Disclosure of shareholding of promoters as at March 31, 2026 is as follows:

	Number of shares	Holding	% Change during the year
Equity shares			
Tata Consultancy Services Limited (holding company)	51,00,000	51%	-
State Bank of India (significant shareholder)	49,00,000	49%	-
Total	**1,00,00,000**	**100%**	**-**

Disclosure of shareholding of promoters as at March 31, 2025 is as follows:

	Number of shares	Holding	% Change during the year
Equity shares			
Tata Consultancy Services Limited (holding company)	51,00,000	51%	-
State Bank of India (significant shareholder)	49,00,000	49%	-
Total	**1,00,00,000**	**100%**	**-**

(j) Other equity

Other equity consists of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Retained earnings		
Opening balance	50,391.47	40,083.19
Profit for the year	16,394.40	15,355.17
Remeasurement of defined employee benefit plans	3.74	(46.89)
	66,789.61	**55,391.47**
Less : Appropriations		
Dividend on equity shares	(7,500.00)	(5,000.00)
	59,289.61	**50,391.47**

7) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right- of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease

payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(₹ in lakhs)

	Additions for the year ended March 31, 2026	Net carrying amount as at March 31, 2026
Buildings	1,372.61	3,383.62
	1,372.61	**3,383.62**

(₹ in lakhs)

	Additions for the year ended March 31, 2025	Net carrying amount as at March 31, 2025
Buildings	335.98	2,711.29
	335.98	**2,711.29**

Depreciation on right - of - use assets is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Buildings	700.28	443.51
	700.28	**443.51**

The movement in lease liabilities (non-current and current) is as follows:

	As at March 31, 2026	As at March 31, 2025
Balance as at beginning of the year	3,015.74	2,975.45
Additions during the year	1,313.56	325.24
Repayment of lease liabilities during the year	(477.66)	(284.95)
Balance as at end of the year	**3,851.64**	**3,015.74**

Interest on lease liabilities is ₹ 307.67 lakhs and ₹ 237.02 lakhs for the year ended March 31, 2026 and 2025 respectively.

The Company incurred ₹ 15.03 lakhs and ₹ 9.86 lakhs for the year ended March 31, 2026 and 2025 respectively towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is ₹ 769.27 lakhs and ₹ 531.84 lakhs for the year ended March 31, 2026 and 2025 respectively , including cash outflow for short term and low value leases.

Lease contracts entered by the Company majorly pertains for premises taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitments towards variable rent as per contract.

Notes forming part of the Financial Statements

8) NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

(a) Property, plant and equipment

The Company recognises the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can measured reliably.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use less accumulated depreciation and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual value over their estimated useful lives as prescribed in schedule II of the Companies Act, 2013 except in respect of certain categories of assets, where the useful life of the asset has been assessed based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of the asset	Useful life
Leasehold Buildings	Lease Term
Leasehold Improvements	Lease Term
Computer equipment	4 years *
Plant and machinery	10 years *
Furniture and Fixtures	5 years *
Office equipment	5 years *
Electrical installations	10 years *
Software Licences (Intangible Assets)	4 years *

*The Company believes that the technically evaluated useful lives, different from Schedule II of the Companies Act, 2013, best represent the period over which these assets are expected to be used.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

Property, plant and equipment with finite life are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

The carrying amount of an item of property, plant & equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Property, plant and equipment

Property, plant and equipment consist of the following:

(₹ in lakhs)

Description	Leasehold improvements	Plant and equipment	Computer equipment	Office equipment	Electrical installations	Furniture and fixtures	Total
Cost as at April 1, 2025	780.32	104.52	16,986.96	211.98	165.46	264.91	18,514.15

Capital work-in-progress							-
Total							**6,994.88**

(b) Intangible assets

Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences which are amortised over licence period which equates the economic useful life of 4 years on a straight-line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Intangible assets consist of the following:

(₹ in lakhs)

	Software licences
Cost as at April 1, 2025	6,483.90
Additions	383.11
Disposals / Derecognised	-
Cost as at March 31, 2026	6,867.01
Accumulated amortisation as at April 1, 2025	**(1,456.49)**
Amortisation	(1,707.09)
Disposals / Derecognised	-
Accumulated amortisation as at March 31, 2026	**(3,163.58)**
Net carrying amount as at March 31, 2026	**3,703.43**

(₹ in lakhs)

	Software licences
Cost as at April 1, 2024	2,747.63
Additions	3,736.27
Disposals / Derecognised	-
Cost as at March 31, 2025	**6,483.90**
Accumulated amortisation as at April 1, 2024	(386.33)
Amortisation	(1,070.17)
Disposals / Derecognised	-
Accumulated amortisation as at March 31, 2025	**(1,456.50)**
Net carrying amount as at March 31, 2025	**5,027.40**

The estimated amortisation for years subsequent to March 31, 2026 is as follows:

(₹ in lakhs)

Year ending March 31,	Amortisation expense
2027	1,654.69
2028	1,392.50
2029	646.59
2030	9.65
	3,703.43

(c) Other assets

Other assets consist of the following:

(i) Other assets - Non – current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Unsecured, considered good		
Prepaid expenses	302.39	51.00
Contract fulfillment cost *	406.87	86.34
Balance with Government Authorities **	100.06	93.54
	809.32	**230.88**

** Amount deposited with Goods & Service Tax (GST) Authorities.

(ii) Other assets – current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Unsecured, considered good		
Advance to suppliers	-	40.93
Prepaid expenses	353.05	275.93
Contract fulfillment costs	1,605.18	1,150.91
Indirect taxes recoverable	1,681.02	1,674.55
Advances to employees	4.28	2.03
	3,643.53	**3,144.35**

* Contract fulfilment costs of ₹ 2468.90 lakhs and ₹ 1,237.26 lakhs for the years ended March 31, 2026 and 2025, respectively, have been amortized in the statement of profit and loss.

(d) Other liabilities

Other liabilities consists of the following:

(i) Other liabilities – current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Advance received from customers	5.74	-
Indirect taxes payable and other statutory liabilities	1,867.82	1,662.02
	1,873.56	**1,662.02**

9) Revenue recognition

The Company earns revenue primarily from providing IT services and business solutions.

The Company's contracts with customers could include commitment to transfer multiple products and services to a customer. The Company assesses the products / services committed in a contract and identifies distinct performance obligations in the contract including whether a performance obligation is satisfied at a point in time or over a period of time. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at each reporting period.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue from ASP (Applications Service Provider) platforms are recognised as the services are performed and amount earned. Revenue is recongnised on a time elapsed mode and revenue is straight lined over the period of performance. Amounts are considered to be earned once evidence of an agreement or contractual arrangement has been obtained, services are delivered and collectability is reasonably assured.
- Revenue from the supply of third party equipment or software is recognised at the point in time when control is transferred to the customer net of applicable taxes and duties.

Contract fulfilment costs

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalisation. Such costs are amortized over the contractual period or useful life of the license whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there are excess of revenues earned over billings on contracts. Contract assets are clas sified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues. The Company disaggregates revenue from contracts with customers by industry verticals and nature of services.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Significant shareholder, along with it's Regional Rural Banks, and the Holding Company contributes 41% (47% : March 2025) and 24% (27% : March 31, 2025) of the company's total revenue for year ended March 31, 2026, respectively.

Other income comprises of interest income for financial instruments namely bank and corporate deposits measured at amortised cost which is recorded on accrual basis.

Revenue from operations

The Company generates revenue from consultancy services and sale of equipment to the Banking, Financial Services and Insurance (BFSI) sector in India.

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Consultancy services	67,407.42	58,179.75
Sale of equipment and software licences	1,911.72	529.30
	69,319.14	**58,709.05**

The Company has applied practical expedient of not disclosing the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

The Company does not have any contract assets.

Movement in contract liabilities is given below:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Balance at the beginning of the year	770.45	1,083.61
Revenue recognised that was included in the contract liability balance at the beginning of the year	(703.60)	(841.81)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	751.04	528.65
Balance at the end of the year	**817.89**	**770.45**

The revenue recognised in the statement of profit and loss equals to the contracted price.

10) OTHER INCOME

Interest income is recognised using the effective interest method.

Other income consist of the following:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Interest income	2,189.90	1,870.85
Net gain on disposal of property, plant and equipment	60.81	-
Other income	73.55	27.40
	2,324.26	**1,898.25**
Interest income comprise:		
Interest on bank balances and bank deposits	2,097.87	1,870.85
Interest on financial assets carried at amortised cost	22.39	-
Other interest (including interest on tax refunds)	69.64	-
Other income comprise:		
Others (Includes previous years claim relating to Cyber Security)	73.55	27.40

Notes forming part of the Financial Statements

11) EMPLOYEE BENEFITS

i) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The Company provided benefits such as gratuity and provident fund to its employees which are treated as defined benefit plan.

iii) Defined contribution plan

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

iv) Other employee benefit obligations Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date using the Projected Unit Credit Method.

i) Employee benefit expenses consist of the following:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Salaries, incentives and allowances	10,955.47	8,986.30
Contributions to provident and other funds	1,181.80	380.46
Staff welfare expenses	273.75	231.61
	12,411.02	**9,598.37**

Employee benefit obligation consist of the following:

(ii)(a) Employee benefit obligations - non current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Gratuity liability	1,173.41	450.15
	1,173.41	**450.15**

(ii)(b) Employee benefit obligations – current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Compensated absences	358.96	218.15
Gratuity liability	91.65	49.55
	450.61	**267.70**

Employee benefit plans consists of the following:

i) Defined contribution plans

Provident fund

In accordance with Indian law, the Company's employees are entitled to receive benefits under the provident fund plan in which both the employee and employer (at a determined rate) contribute monthly.

These are plans in which the Company pays pre-defined amounts to separate funds (provident fund and pension fund) and does not have any legal or informal obligation to pay additional sums. The Company offers its employees defined contribution plan in the form of provident fund and family pension fund. Provident fund and family pension fund covers substantially all regular employees. While both, the employee and the Company pay predetermined contributions into the provident fund, contribution into the family pension fund are made by only the Company. The contribution is based on certain proportion of employee's salary. Contributions to Provident Fund are made to The Regional Provident Fund Commissioner for qualifying employees.

The Company contributed ₹ 379.50 lakhs (March 31, 2025 : ₹ 304.79 lakhs) for provident fund during the year ended March, 31 2026.

Gratuity

In accordance with Indian law, the Company operate a scheme of Gratuity which is a defined benefit plan and is wholly unfunded. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment in accordance with the provisions under the Code on Social Security, 2020 for each completed year of service. Vesting occurs upon completion of five continuous years of service.

The present value of the defined benefit obligation and the related current service cost were measured using the Projected Unit Credit Method with actuarial valuations being carried out at each balance sheet date.

The following table sets out the details of the defined benefit retirement plans and the amount recognised in the

financial statements:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Change in benefit obligations		
Benefit obligations, beginning of the year	499.72	388.71
Service cost	66.83	39.61
Interest cost	32.48	28.18
Remeasurement of the defined benefit obligations	(5.00)	62.66
Past service cost / (credit) (Refer to Note 20)	681.01	-
Benefits paid	(9.98)	(19.44)
Benefit obligations, end of the year	**1,265.06**	**499.72**
Service cost	66.83	39.61
Net interest on net defined benefit (assets)/liabilities	32.48	28.18
Net periodic gratuity cost	**99.31**	**67.79**
The Company has no plan assets.		
The assumptions used in accounting for the defined benefit plan are set out below:		
Discount rate	7.00%	6.50%
Salary escalation rate	6.00%	6.00%
Mortality Rate	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)

Future mortality assumptions are taken based on the published statistics by the Insurance Regulatory and Development Authority of India.

Attrition rate		
i) If Services < = 5 years	**19.30%**	24.28%
ii) If Services > 5 years	**4.47%**	10.35%

Remeasurement of net defined benefit liability / (asset)

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Actuarial (gains) and losses arising from changes in demographic assumptions	(1.70)	(13.26)
Actuarial (gains) and losses arising from changes in financial assumptions	(27.03)	50.06
Actuarial (gains) and losses arising from changes in experience adjustments	23.73	25.86
Remeasurement of net defined benefit liability / (asset)	(5.00)	62.66

The expected benefits are based on the same assumptions as used to measure the Company's defined benefit obligations as at March 31, 2026.

Remeasurement loss / (gain) of the defined benefit obligation of ₹ (5.00) lakhs and ₹ 62.66 lakhs for the years ended March 31, 2026 and March 31, 2025 has been accounted in other comprehensive income.

The significant actuarial assumptions for determination of defined benefit obligation are the discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the period, while holding all other assumptions constant.

If the discount rate increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Increase of 0.50%	(56.40)	(15.20)
Decrease of 0.50%	60.96	16.15

If the expected salary growth increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Increase of 0.50%	57.00	16.13
Decrease of 0.50%	(54.18)	(15.34)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation recognised in the balance sheet.

The defined benefit obligations shall mature after year ended March 31, 2026 as follows:

(₹ in lakhs)

Year ending March 31,	Defined benefit obligation
2027	91.64
2028	77.83
2029	83.59
2030	101.89
2031	73.87
2032-2036	487.67

12) COST RECOGNITION

Cost and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in employee benefit expenses, cost of equipment and software licences, depreciation and amortisation expense and other expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts and advances written off, allowance for expected credit losses and doubtful advances (net) and other expenses. Other expenses are aggregation of costs which are individually not material such as commission and brokerage, recruitment and training, entertainment, etc.

Other expenses consist of the following:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
(a) Fees to external consultants	5,361.56	3,859.51
(b) Software and material costs	14,139.62	11,913.77
(c) Communication expenses	7,808.27	7,743.10
(d) Travelling and conveyance expenses	181.24	143.12
(e) Facility & hosting charges	2,400.24	1,703.78
(f) Bad debts and advances written off, allowance for expected credit losses and doubtful advances (net)	709.86	497.96
(g) Corporate Social Responsibility*	307.56	239.18
(h) Other expenses	224.12	524.31
	31,132.47	**26,624.73**

*** Corporate Social Responsibility (CSR) expenditure**

(₹ in lakhs)

		For the year ended March 31, 2026	For the year ended March 31, 2025
1	Amount required to be spent by the company during the year	307.56	239.18
2	Amount approved by the Board	-	-
3	Amount of expenditure incurred on:		
	(i) Construction/acquisition of any asset	-	-
	(ii) On purposes other than (i) above	307.56	239.18
4	Shortfall at the end of the year	-	-
5	Total of previous years shortfall	-	-
6	Reason for shortfall	-	-
7	Nature of CSR activities	Education, Skilling, Health, Sanitation and Hygiene	

13) AUDITOR'S REMUNERATION

Auditor's remuneration consists of the following:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Auditor	7.04	6.73
For other services	2.36	2.36
For reimbursement of expenses	0.52	0.50
	9.92	**9.59**

Inclusive of indirect taxes input credit has been / will be availed.

Notes forming part of the Financial Statements

14) FINANCE COSTS

Finance costs consist of the following:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Interest on lease liability	307.67	237.02
	307.67	**237.02**

15) INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

i) Current income taxes

Current tax is measured based on taxable profit for the year and is computed in accordance with the Income Tax Act, 1961 using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Advance taxes and provisions for current income taxes are presented in the Balance Sheet after offsetting advance taxes paid and income tax provisions arising in the same tax jurisdictions.

ii) Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination, affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax labilities and assets and the Company can settle current tax labilities and assets on a net basis.

The income tax expense consists of the following:

Income tax recognised in the statement of profit and loss

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax: Current tax expense for current year	5,698.14	5,106.91
Current tax expense / (benefit) pertaining to prior years	(22.60)	(0.47)
	5,675.54	**5,106.44**
Deferred tax		
Deferred tax benefit for current year	(26.68)	129.35
	(26.68)	**129.35**
	5,648.86	**5,235.79**
Deferred tax on remeasurement of defined employee benefit plan.	(1.26)	15.77

The reconciliation of estimated income tax expense at statutory income tax rate to income tax expense reported in statement of profit or loss is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit before taxes	22,259.57	20,590.96
Indian statutory income tax rate	25.17%	25.17%
Expected income tax expense	**5,602.74**	**5,182.74**
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense		
(a) Current tax expense pertaining to prior years	(22.60)	(0.47)
(b) Disallowance under section 37		
(i) CSR expenses	77.41	60.20
(c) Others (net)	(8.69)	(6.68)
Total income tax expense	**5,648.86**	**5,235.79**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2026 are as follows:

(₹ in lakhs)

	Opening balance	Recognised in profit and loss	Recognised in / reclassified from other comprehensive income	Recognised in / reclassified from retained earnings	Closing balance
Deferred tax assets / (liabilities) in relation to:					
Property, plant and equipment and intangible assets	(406.75)	(212.84)	-	-	(619.59)

Provision for receivables, loans and advances	288.34	66.20	-	-	354.54
Lease liabilities and right-of-use assets	66.87	35.70	-	-	102.57
Total deferred tax assets / (liabilities)	**345.99**	**(129.35)**	**15.77**	**0.00**	**232.41**

Gross deferred tax assets and liabilities are as follows:

(₹ in lakhs)

As at March 31, 2025	Assets	Liabilities	Net
Deferred tax assets / (liabilities) in relation to:			
Property, plant and equipment and Intangible assets	-	(406.75)	(406.75)
Provision for employee benefit obligations	182.05	-	182.05
Provision for receivables, loans and advances	354.54	-	354.54
Lease liabilities	759.06	-	759.06
Right-of-use assets	-	(656.49)	(656.49)
Net deferred tax assets / (liabilities)	**1,295.65**	**(1,063.24)**	**232.41**

16) SEGMENT INFORMATION

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Chief Executive Officer.

The Company has been operating largely in one business segment viz. Banking, Financial Services and Insurance (BFSI). The activities of the Company are conducted only in one geographic segment viz India. Therefore, the disclosure requirements of the Ind AS 108 on "Segment Reporting" are not applicable.

17) Commitments and contingencies Commitments

The company has contractually committed (net of advances) ₹ 420.18 lakhs as at March 31, 2026 (March 31, 2025 : ₹ 2003.28 lakhs) for purchase of property, plant and equipment.

Contingencies Indirect tax matters

The Company has ongoing disputes with tax authorities mainly relating to treatment of characterisation and classification of certain items. The Company has demands amounting to ₹ 879.69 lakhs and ₹ 346.46 lakhs as at March 31, 2026 and 2025, respectively, from various indirect tax authorities which are being contested by the Company based on the management evaluation and advice of tax consultants.

18) Related Party Disclosures

The Company's material related party transactions and outstanding balances are with its Holding Company and Significant Shareholder with whom the Company routinely enters into transactions in the ordinary course of business.

19) EARNING PER SHARE (EPS)

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the years presented.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit for the year	16,398.14	15,355.17
Weighted average number of equity shares	10,000,000	10,000,000
Earning per share basic and diluted (₹)	163.94	153.55
Face value per equity share (₹)	10	10

20) On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has taken such incremental impact in the Statement of profit and loss for the year ended March 31, 2026.

21) ADDITIONAL REGULATORY INFORMATION

Ratio	Numerator	Denominator	March 31, 2026	March 31, 2025	% variance	Reason for variance
Current ratio (in times)	Total current assets	Total current liabilities	4.55	3.74	22%	-
Debt-Equity ratio (in times)	Debt consists of borrowings and lease liabilities.	Total equity	0.06	0.06	6%	-
Debt service coverage ratio (in times)	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Debt service = Interest and lease payments + Principal repayments	26.64	36.68	-27%	There has been a decrease as the Company has gone in for a new lease office premises
Return on equity ratio (in %)	Profit for the year less Preference dividend (if any)	Average total equity	29.69%	33.21%	-3.5%	-
Trade receivables turnover ratio (in times)	Revenue from operations	Average trade receivables	4.89	4.63	6%	-
Trade payables turnover ratio (in times)	Cost of equipment and software licences + Other expenses	Average trade payables	3.46	3.56	-3%	-

Notes forming part of the Financial Statements

22) No funds have been advanced/loaned/invested (from borrowed funds or from share premium or from any other sources / kind of funds) by the Company to any other person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding (whether recorded in writing or otherwise) that the Intermediary shall (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

No funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding (whether recorded in writing or otherwise) that the Group shall (i) directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

23) SUBSEQUENT EVENT

Dividend paid during the year ended March 31, 2026 pertains to final dividend for the year ended March 31, 2025.

The dividends declared by the Company are based on the profits available for distribution as reported in the financial statements of the Company. Accordingly, the Retained Earnings reported in these financial statements may not be fully distributable. As at March 31, 2026, income available for distribution were ₹ 59,505.92 lakhs. On April 22, 2026 the Board of Directors of the Company have proposed a final dividend of ₹ 85.00 per equity share in respect of the year ended March 31, 2026 subject to the approval of shareholders at the Annual General Meeting. If approved, the dividend would result in a cash outflow of ₹ 8500.00 lakhs.

INDEPENDENT AUDITOR'S REPORT

UDIN No.26048889EOEHPP4004

TO THE MEMBERS MAHAONLINE LIMITED, MUMBAI.
Report on the standalone Financial Statements

Opinion

We have audited the Standalone financial statements of **MahaOnline Limited** (hereinafter referred to as "the Company"); which comprises the Balance Sheet as at 31st March 2026 and Statement of Profit and Loss (including other comprehensive income), statement of changes in equity and the Cash Flow Statement for the year then ended and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026 and Statement of Profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibility of Management and Board of Directors for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under Section 133 of the Act, as applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and board of director's are responsible for assessing the Company's ability to continue as a going concern disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Director's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Attention is invited to Note 21 to the financial statement about management's views on use of the Going Concern basis of accounting for the year. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India, in term of section 143(11) of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the order to the extent applicable.

(A) As required by Section 143(3) of the Act, We report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as appears from the examination of those books.

c) The Balance Sheet and the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of accounts.

d) In our opinion, aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the Directors as on March 31, 2026, taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2026 from being appointed as a Director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Independent Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements- Refer Note 18 to the financial statements.

ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 22 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 22 to the financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.

[v] The Company has not paid any dividend during the year ended March 2026. As stated in Note 24 to the financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

(vi) As required under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014; based on our examination details and records on test check basis and information and explanation given to us, we state that the Company has used software for maintaining the books of accounts which has inbuilt feature of recording the audit trail and logs of activities in the software. The audit trail facility was enabled and operated throughout the year for the accounting software, we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

According to the information and explanations given to us, no remuneration has been paid by the Company to any of its directors. Accordingly, provisions of Section 197 of the Act relating to remuneration to directors are not applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

Report on Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government in terms of Section 143(11) of the Companies Act, 2013 ('the Act') of MahaOnline Limited ('the Company')

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Plant, Property and Equipment.

(B) The Company has maintained proper records showing full particulars of Intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all Property, plant and equipment are verified every year. In accordance with this programme, Property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and records examined by us, the Company does not have any immovable property including the leased property during the year. Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including Right-of-use assets) and intangible assets.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering information technology related solutions. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year, except for investment in mutual funds. Accordingly, clause 3(iii)(a) to 3(iii)(f) of the Order is not applicable.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Sections 185 of the Companies Act, 2013 ("the Act"). The Company has not made any investments or provided any guarantee or security as specified under section 186 of the Companies Act, 2013 ("the Act") In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act are not required to be complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Companies Act, 2013 for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Sales tax, Service tax, Duty of excise and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into Goods and Service Tax (GST).

According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including GST, Provident fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues have been generally deposited with the appropriate authorities. As explained to us, the Company did not have any dues of Customs.

According to the information and explanations given to us, no undisputed amounts payable in respect of GST, Provident fund, Employees' State Insurance, Income-tax, Cess and other material statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Provident Fund, Employees State Insurance, Income-Tax, or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute, except the following dues of Income tax and GST, have not been deposited by the Company on account of dispute:

Name of the statute	Nature of the dues	Amount under dispute (₹ in lakhs)	Period to which the amount relates	Forum where dispute is pending
The Income Tax Act, 1961	Income Tax	12.95	AY 2017-18	Commissioner of Income Tax (Appeals)
The Income Tax Act, 1961	Income Tax	0.75	AY 2012-13 and AY 2013-14	Assessing Officer
Goods and Service Tax Act, 2017	Goods and Services Tax (Including Interest and Penalty)	279.63	AY 20-21	Dy. Commissioner of State Tax
Goods and Service Tax Act, 2017	Goods and Services Tax (Including Interest and Penalty)	284.11	AY 22-23	Assistant Commissioner of State Tax

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds have been raised on short- term basis by the Company. Accordingly, clause 3(ix)(d) of the Order is not applicable.

(e) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries as defined under the Companies Act, 2013. Accordingly, clause 3(ix)(f) of the Order is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. As represented to us by the management, there are no whistle blower complaints received by the company during the year vigil mechanism established voluntarily.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.

(xiv) Based on information and explanations provided to us, the Company is not required to have internal audit system. Accordingly, clause (xiv) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) As stated in Note 13 (b) of the Financial statements and according to the information and explanations given to us, during the year provision of Section 135 is not applicable to the company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS

Report on the internal financial controls with reference to the aforesaid financial statements

Opinion

We have audited the internal financial controls with reference to financial statements of MahaOnline Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company as at and for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the financial statements

1. CORPORATE INFORMATION

MahaOnline Limited (hereinafter referred as 'the Company') provides information technology (IT) and IT enabled services in the State of Maharashtra. The Company is engaged into the business of development, maintenance and management of MahaOnline portals for providing web-based services by Government to Citizens (G2C), Government to Business and other portal services of Government of Maharashtra.

The Company is unlisted public limited company incorporated and domiciled in India. The address of the registered office is Directorate of Information Technology, Mantralaya Annex, 7th Floor, Mumbai - 400032. Tata Consultancy Services Limited (TCS), the holding company, owns 74% of the Company's equity share capital. Tata Sons Private Limited is the ultimate parent.

The joint venture between Tata Consultancy Services ("TCS") and the Government of Maharashtra ("GoM") to provide IT services to the GoM was for a period of 10 years until the agreement is terminated or the Joint Venture ("JV") Company is liquidated/dissolved. The agreement expired in July 2020 and post July 2020 the Joint Venture agreement is in continuation until notice of termination of the agreement by either party is received.

Effective 1st April 2020, MahaOnline transferred its projects to Maharashtra Information Technology Corporation Limited (MahaIT). However, MahaOnline continues to assist Maha IT in fulfilling its service responsibilities on these projects that Maha IT now has with Government of Maharashtra. MahaOnline will raise invoices with agreed markup on MahaIT for the expenses incurred on the its associates cost, office premises lease cost and all AMCs renewal /firewall/UPS cost (Refer Note No 21).

The financial statements for the year ended March 31, 2026 were approved by the Board of Directors and authorised for issue on May 8, 2026.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

3. BASIS OF PREPARATION

These financial statements have been prepared in Indian Rupee which is the functional currency of the company.

These financial statements have been prepared on historical cost basis except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

Notes forming part of the financial statements

4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management to make estimates and assumptions that afect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements.

a) Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. (Refer note 8(a)).

b) Provision for income tax and deferred tax

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.The Company reviews the carrying amount of deferred tax assets at the end of each reporting period.

c) Provision and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

d) Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

e) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. RECENT PRONOUNCEMENTS

Ministry of Corporate Afairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

6. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

a) Investment

Investments consist of the following:

(₹ in lakhs)

Investments - Current	As at March 31, 2026		As at March 31, 2025	
	Quantity	₹	Quantity	₹
Investment carried at fair value through profit and loss Mutual funds (quoted)				
Tata Liquid Fund Direct Plan - Growth	93,634	4,072.82	85,252	3,489.21
UTI Liquid Cash Plan - Direct Growth Plan	111,408	5,032.23	111,408	4,736.15
	205,042	**9,105.05**	**196,660**	**8,225.36**

Aggregate value of quoted investments is as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Aggregate value of quoted investments	9,105.05	8,225.36
Aggregate market value of quoted investments	9,105.05	8,225.36

b) Trade receivables – Billed

Trade receivables - Billed (unsecured) consist of the following:

(₹ in lakhs)

Trade receivables - Billed - Non Current	As at March 31, 2026	As at March 31, 2025
Trade receivables - Billed	41.76	41.76
Less: Allowance for doubtful trade receivables - Billed	(41.76)	(41.76)
Considered good	**-**	**-**
Trade receivables - Billed	-	-
Less: Allowance for doubtful trade receivables - Billed	-	-
Credit impaired	-	-
	-	**-**

Above balances of trade receivables include balances with related parties (Refer note 19).

Ageing for trade receivables - non-current outstanding as at March 31, 2026 is as follow:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment						Total
	Not Due	Less than 6 months	6 months - 1 years	1 - 2 years	2 - 3 years	More than 3 years	
Trade receivables - billed							
Undisputed trade receivables – considered good	-	-	-	-	-	41.76	41.76

Less: Allowance for doubtful trade receivables - Billed							-
							3,208.77

c) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Balances with banks		
In current accounts	157.26	621.43
	157.26	**621.43**

d) Other balances with banks

Other balances with banks consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Earmarked balances with banks*	3.68	3.54
Short-term bank deposits	1,904.39	1,795.38
	1,908.07	**1,798.92**

*Earmarked balances includes balances held as margin money against guarantees.

e) Other Financial Assets

Other financial assets consist of the following:

Other financial assets - Non-current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Security deposits	6.00	6.00
	6.00	**6.00**

Other financial assets - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Interest receivable	41.65	30.89
	41.65	**30.89**

f) Trade payables

Ageing for trade payables outstanding as at March 31, 2026 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					
	Not Due	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	Total
MSME *	-	-	-	-	-	-
Others	-	0.05	-	-	1,035.27	1,035.32
Disputed dues - MSME	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	-	**0.05**	**-**	**-**	**1,035.27**	**1,035.32**
Accrued Expenses						55.25
						1,090.57

* MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

Ageing for trade payables outstanding as at March 31, 2025 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					
	Not Due	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	Total
MSME *	-	-	-	-	-	-
Others	-	0.01	0.02	13.07	1,022.20	1,035.30
Disputed dues - MSME	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	-	**0.01**	**0.02**	**13.07**	**1,022.20**	**1,035.30**
Accrued Expenses						56.10
						1,091.40

* MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

Above balances of trade payables include balances with related parties (Refer note 19).

g) Other Financial Liabilities

Other financial liabilities consist of the following:

Other financial liabilities – Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Amounts collected on behalf of customers *	4,365.45	4,360.72
Security deposits	290.62	290.62
	4,656.07	**4,651.34**

* Amount collected on behalf of customers includes collection of government services fees.

h) Financial instruments by category

The carrying value of financial instruments by categories as of March 31, 2026 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	157.26	157.26
Bank deposits	-	1,904.39	1,904.39
Earmarked balances with banks	-	3.68	3.68
Investments	9,105.05	-	9,105.05
Trade receivables	-	3,208.77	3,208.77
Other financial assets	-	47.65	47.65
Total	**9,105.05**	**5,321.75**	**14,426.80**
Financial liabilities:			
Trade payables	-	1,090.57	1,090.57
Other financial liabilities	-	4,656.07	4,656.07
Total	**-**	**5,746.64**	**5,746.64**

The carrying value of financial instruments by categories as of March 31, 2025 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	621.43	621.43
Bank deposits	-	1,795.38	1,795.38
Earmarked balances with banks	-	3.54	3.54
Investments	8,225.36	-	8,225.36
Trade receivables	-	3,208.77	3,208.77
Other financial assets	-	36.89	36.89
Total	**8,225.36**	**5,666.01**	**13,891.37**
Financial liabilities:			
Trade and other payables	-	1,091.40	1,091.40
Other financial liabilities	-	4,651.34	4,651.34
Total	**-**	**5,742.74**	**5,742.74**

Carrying amounts of cash and cash equivalents, trade receivables, and trade payables as at March 31, 2026 and March 31, 2025 approximate the fair value. Carrying amounts of bank deposits, other balances with banks, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

i) Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets measured at fair value on a recurring basis.

(₹ in lakhs)

As of March 31, 2026	Level 1	Level 2	Level 3	Total
Financial assets:				
Investments in Mutual fund units	9,105.05	-	-	9,105.05
Total	**9,105.05**	**-**	**-**	**9,105.05**

(₹ in lakhs)

As of March 31, 2025	Level 1	Level 2	Level 3	Total
Financial assets:				
Investments in Mutual fund units	8,225.36	-	-	8,225.36
Total	**8,225.36**	**-**	**-**	**8,225.36**

j) Financial risk management:

The Company is exposed primarily to credit, liquidity and interest rate risk which may adversely impact the fair value of its financial instruments. The Company's focus is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on its financial performance.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such change in financial instruments may result from changes in the credit rating and other market changes. The Company's exposure to the market risk is primarily on account of fluctuation in market rates of NAV of mutual funds.

Interest rate risk

The fixed deposits and intercorporate deposits made by the Company bears a fixed rate of interest. Hence the Company is not significantly expose to interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

- **Exposure to credit risk**

  The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 14,426.80 lakhs and ₹ 13,891.37 lakhs as of March 31, 2026 and 2025, respectively, being the total of the carrying amount of balances with banks, bank deposits, trade receivables, investments and other financial assets.

  Of the trade receivables balance as at March 31, 2026, ₹ 2,372.08 lakhs and ₹ 674.52 lakhs (March 31, 2025: ₹ 2,372.08 lakhs and ₹ 674.52 lakhs) are due from Maharashtra Information Technology Corporation Ltd. and Rural Development Department respectively, the Company's largest customers. There are no other customers who represent more than 10% of the total trade receivables.

- **Geographic concentration of credit risk**

  The Company has a geographic concentration of trade receivables and net of allowances in India.

  The allowance for lifetime expected credit loss on trade receivables for the year ended March 31, 2026 and 2025 was ₹ Nil lakhs and ₹ Nil lakhs respectively .The reconciliation of allowance for doubtful trade receivables is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	41.77	41.77
Change during the year	-	-
Balance at the end of the year	**41.77**	**41.77**

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(₹ in lakhs)

March 31, 2026	Due in 1st Year	Due in 2nd Year	Due in 3rd Year	Due in 4th Year	Due in 5th Year	Total
Trade payables	1,090.57	-	-	-	-	1,090.57
Other financial liabilities	4,656.07	-	-	-	-	4,656.07
Total	**5,746.64**	**-**	**-**	**-**	**-**	**5,746.64**

(₹ in lakhs)

March 31, 2025	Due in 1st Year	Due in 2nd Year	Due in 3rd Year	Due in 4th Year	Due in 5th Year	Total
Trade payables	1,091.40	-	-	-	-	1,091.40
Other financial liabilities	4,651.34	-	-	-	-	4,651.34
Total	**5,742.74**	**-**	**-**	**-**	**-**	**5,742.74**

k) Equity instruments

The authorised, issued, subscribed and fully paid-up share capital comprises of the following :

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Authorised :		
25,000,000 equity shares of ₹ 10 each	2,500.00	2,500.00
(March 31, 2025 : 25,000,000 equity shares of ₹ 10 each)		
	2,500.00	**2,500.00**
Issued, Subscribed and Fully paid-up:		
2,552,705 equity shares of ₹ 10 each	255.27	255.27
(March 31, 2025 : 2,552,705 equity shares of ₹ 10 each)		
	255.27	**255.27**

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

(a) Reconciliation of number of shares

(₹ in lakhs)

	As at March 31, 2026		As at March 31, 2025	
	No. of Equity shares	Amount (₹ lakhs)	No. of Equity shares	Amount (₹ lakhs)
Opening balance	2,552,705	255.27	2,552,705	255.27
Issued during the year	-	-	-	-
Closing balance	**2,552,705**	**255.27**	**2,552,705**	**255.27**

(b) Rights, preferences and restrictions attached to shares

The Company has one class of equity shares having a par value of ₹ 10 each. Each shareholder is eligible for one vote per share held and carry right to dividend. The dividend, proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts in proportion of their shareholding.

(c) Shares held by holding company and subsidiaries of holding company

	Number of shares	
	As at March 31, 2026	As at March 31, 2025
Equity shares		
Holding Company		
1,889,005 equity shares (March 31, 2025: 1,889,005) are held by Tata Consultancy Services Limited	**1,889,005**	1,889,005
	1,889,005	**1,889,005**

(d) Details of shares held by shareholders holding more than 5% of the aggregate shares in the Company

Equity Shares	As at March 31, 2026		As at March 31, 2025	
	No. of shares	Holding	No. of shares	Holding
Tata Consultancy Services Limited (Holding company)	1,889,005	74%	1,889,005	74%
Governor, Government of Maharashtra	6,63,700	26%	6,63,700	26%
	2,552,705	**100%**	**2,552,705**	**100%**

(e) Disclosure of Shareholding of Promoters

Disclosure of shareholding of promoters as at March 31, 2026 is as follows :

Shares held by promoters at the end of the year				% Change during the year
Sr. no.	Promoter name	No. of shares*	% of total shares	
1	Tata Consultancy Services Limited	1,889,005	74	-
2	Governor, Government of Maharashtra	663,700	26	-
	Total	**2,552,705**	**100**	**-**

Disclosure of shareholding of promoters as at March 31, 2025 is as follows :

1	Tata Consultancy Services Limited	1,889,005	74	-
2	Governor, Government of Maharashtra	663,700	26	-
	Total	**2,552,705**	**100**	**-**

Notes forming part of the financial statements

7. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

Notes forming part of the financial statements

8. NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

a) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment loss, if any.

Cost of an item of property, plant and equipment comprises of its purchases price including non refundable taxes, after deducting trade discount and any directly attributable cost of bringing the item to its working condition for its intended use.

Depreciation is provided for property, plant and equipment on straight line method so as to expense the cost less residual value over their estimated useful lives based on technical evaluation. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the efect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Method	Useful life
Computer equipment	Straight line	4 years
Office equipment	Straight line	5 years
Electrical installation	Straight line	5 years
Furniture and fixtures	Straight line	5 years
Leasehold improvements	Straight line	Lease term

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Property, plant and equipment consist of the following:

(₹ in lakhs)

	Leasehold improvements	Computer equipment	Furniture and fixtures	Office equipment	Electrical installations	Total
Cost as at April 1, 2025	-	1.89	-	-	-	1.89
Additions	-	-	-	-	-	-

b) Other assets

Other assets consist of the following:

(₹ in lakhs)

Other assets - Current	As at March 31, 2026	As at March 31, 2025
Considered good		
Indirect taxes recoverable	38.58	50.12
Others	31.30	3.90
	69.88	**54.02**

c) Other liabilities

Other liabilities consist of the following:

(₹ in lakhs)

Other liabilities – Current	As at March 31, 2026	As at March 31, 2025
Advance received from collection agencies	109.79	109.77
Indirect taxes payable and other statutory liabilities	1.23	3.90
	111.02	**113.67**

9. OTHER EQUITY

Other equity consist of the following:

(₹ in lakhs)

	Reserves and surplus	
	Retained earnings	Total Equity
Balance as at April 1, 2025	8,011.72	8,011.72
Profit for the year	425.81	425.81
Other comprehensive income	1.50	1.50
Total comprehensive income	**427.31**	**427.31**
Balance as at March 31, 2026	**8,439.03**	**8,439.03**

Other equity consist of the following: (₹ in lakhs)

	Reserves and surplus	
	Retained earnings	Total Equity
Balance as at April 1, 2024	8,229.84	8,229.84
Profit for the year	425.81	425.81
Other comprehensive income	(1.16)	(1.16)
Total comprehensive income	**424.65**	**424.65**
Dividend	642.77	642.77
Balance as at March 31, 2025	**8,011.72**	**8,011.72**

10. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT and IT enabled services in the State of Maharashtra.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, eforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- Revenue is measured based on the transaction price, which is the consideration as specified in the contract with the customer. Revenue excludes taxes collected from customers.
- Support service income is accounted on accrual basis in accordance with the terms of the contract entered into between the Company and the counterparty. It is calculated based on agreed mark-up on costs incurred.
- Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.
- Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services.

Revenue disaggregation by nature is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Support services	-	0.32
	-	**0.32**

The Company generates revenues from providing services in the state of Maharashtra in India. For the current year, the revenue recognised in the statement of profit and loss equals to the contracted price.

Information about major customers:

For the year ended March 31, 2026 revenue from operation is Nil. For the year ended March 31, 2025 there is only one customer who contribute more than 10% each to the total revenue, Atomic Energy Department ₹ 0.32 lakhs constituting 100 % of the total revenue.

11. OTHER INCOME

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using efective interest method.

Other income consists of the following:

(₹ in lakhs)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Interest income	144.91	149.15
Net gain on investments carried at fair value through profit and loss including realised profit	529.68	594.15
	674.59	**743.30**
Interest income comprises :		
Interest on bank deposits	144.91	147.37
Interest on income-tax refund	-	1.78
	144.91	**149.15**

12. EMPLOYEE BENEFITS

Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in full in the other comprehensive income for the period in which they occur. Past service cost both vested and unvested is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related service. A liability is 25ecognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the obligation at the balance sheet date.

Employee Benefit Expenses

Employee benefit expenses consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Salaries, incentives and allowances	48.35	49.45
Contribution to provident fund and other funds	2.33	2.83
	50.68	**52.28**

Employee benefit obligations consist of the following:

Employee benefit obligations - Non-current

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Compensated absences	1.87	2.34
Gratuity liability	14.16	8.76
	16.03	**11.10**

Employee benefit obligations – Current

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Compensated absences	1.22	1.31
Gratuity liability	3.10	1.51
	4.32	**2.82**

Employee benefit plans consist of the following:

Gratuity

In accordance with Indian law, the Company operates a scheme of gratuity which is a defined benefit plan. The unfunded gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service.

Notes forming part of the financial statements

The following table sets out the details of the defined benefit retirement plans and the amounts recognised in the financial statements:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Change in benefit obligations:		
Benefit obligation at the beginning of the year	10.26	7.77
Interest cost	0.67	0.54
Service cost	0.72	0.39
Past service cost	7.62	-
Remeasurement of net defined benefit liability / (assets)	(2.01)	1.56
Present value of benefit obligation at the end of the year	17.26	10.26

Remeasurement of the net defined benefit liability/(asset):

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Actuarial (gains) and losses arising from changes in demographic assumptions	-	0.78
Actuarial (gains) and losses arising from changes in financial assumptions	(1.41)	0.23
Actuarial (gains) and losses arising from changes in experience adjustments	(0.60)	0.55
Remeasurement of the net defined benefit liability	(2.01)	1.56
Net actuarial loss	(2.01)	1.56

Assumptions used in accounting for gratuity plan:

	Year ended March 31, 2026	Year ended March 31, 2025
Discount rate		
Salary escalation rate	6.75%	6.50%
Attrition rate	6.00%	10.00%
i) If Services < 5 years	33.33%	33.33%
ii) If Services > 5 years	16.67%	16.67%
Mortality Rate During Employment	Indian Assured Lives Mortality (2012-14)	Indian Assured Lives Mortality (2012-14)

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

If the discount rate increases / decreases by 0.50%, the defined benefit obligations would (decrease)/ increase as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase of 0.50%	(0.32)	(0.23)
Decrease of 0.50%	0.34	0.24

If the expected salary growth increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase of 0.50%	0.23	0.18
Decrease of 0.50%	(0.24)	(0.18)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Amount recognised in the Statement of Profit and Loss:		
Current service cost	0.72	0.39
Net interest expenses	0.67	0.54
Component of defined benefit cost recognised in profit or loss	1.39	0.93
Remeasurement of the net defined benefit liability/(asset):	(2.01)	1.56
Components of defined benefits cost recongnised in other comprehensive	(2.01)	1.56
Total	**(0.62)**	**2.49**

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Amount recognised in the Balance Sheet:		
Present value of benefit obligation at the end of the year	(17.26)	(10.26)
Net (Liability) recognized in the Balance Sheet	(17.26)	(10.26)

The defined benefit obligations shall mature after year ended March 31, 2026 as follows:

(₹ in lakhs)

Year ending March 31,	Defined benefit obligations
2027	3.10
2028	2.73
2029	2.41
2030	2.12
2031	1.87
2031 to 2036	6.42

Provident fund

In accordance with Indian law, the employees are entitled to receive benefits under the provident fund plan in which both the employee and employer (at a determined rate) contribute monthly.

These are plans in which the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. The Company offers its employees defined contribution plan in the form of provident fund and family pension fund. Provident fund and family pension fund covers substantially all regular employees. While both, the employee and the Company pay predetermined contributions into the provident fund, contribution into the family pension fund are made by only the Company. The contribution is based on certain proportion of employee's salary. Contributions to Provident Fund are made to The Regional Provident Fund Commissioner for qualifying employees. The Company contributed ₹ 1.89 lakhs (March 31, 2025: ₹ 1.89 lakhs) for provident fund during the year ended March 31, 2026.

13. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary nature.

The costs of the Company are broadly categorised in employee benefit expenses, depreciation and other expenses. Employee benefit expenses include employee compensation, allowances paid and contribution to various funds. Other expenses majorly include fees to external consultants, travel expenses, communication costs and other expenses. Other expenses is an aggregation of costs which are individually not material.

a) Other expenses

Other expenses includes the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Fees to external consultants	26.68	37.96
Communication expenses	(0.29)	0.03
Repairs and maintenance	(0.11)	-
Payment to auditors (refer note 16)	1.73	1.73
Other expenses	11.87	47.19
	39.88	**86.91**

b) Expenditure on Corporate Social Responsibility Activities

With the omission of Rule 3(2) of the CSR Rules, since in the previous financial year none of the three criteria exceeds the threshold, the Company is not required to make any CSR spending for the FY 25-26.

Notes forming part of the financial statements

14. INCOME TAXES

Income-tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax expense includes income taxes payable by the Company.

Advance taxes and provisions for current income taxes are presented in the balance sheet after of-setting advance tax paid and income tax provision.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary diferences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and afects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary diferences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that suficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary diferences.

Income-tax expense consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax		
Current tax expense for current year	21.38	52.32
	21.38	**52.32**
Deferred tax		
Deferred tax expense	128.28	126.30
Total income-tax expense recognised in current year	**149.66**	**178.62**

The reconciliation of estimated income-tax expenses at Indian statutory income-tax rate to income-tax expenses reported in statement of profit and loss is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit before taxes	584.03	604.43
Indian statutory income-tax rate	25.168%	25.168%
Expected income-tax expense	146.99	152.12
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense		
Tax pertaining to prior year	1.78	(7.04)
Others (net)	0.89	33.54
Total income-tax expense	**149.66**	**178.62**

Notes forming part of the financial statements

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2026 are as follows:

(₹ in lakhs)

	Opening balance	Recognised / reversed through profit or loss	Recognised in other comprehensive income	Recognised in/ reclassified from retained earning	Closing balance

17. SEGMENT REPORTING

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker for assessing the Company's performance and allocating the resources based on an analysis of various performance indicators by business segments and geographic segments. The Company is mainly engaged in the business of providing IT enabled services to various departments of Government of Maharashtra which constitute a single business segment. These activities are conducted only in one geographic segment viz India. Therefore, the disclosure requirements of the Ind AS 108 "Segment Reporting" are not applicable.

Notes forming part of the financial statements

18. COMMITMENTS AND CONTINGENCIES

Capital commitments

There are no contractual commitment for purchase of property, plant and equipment as at March 31, 2026 and 2025.

Contingencies

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Income-tax demands	13.70	13.70
GST	563.75	-
Other claims not acknowledged as debts*	3,570.48	3,640.91
	4,147.93	**3,654.61**

*Claims aggregating ₹ 3,570.48 lakhs as at March 31, 2026 against the Company have not been acknowledged as debts.

In April 2011, Rural Development Department (RDD) had awarded ePRI project to the Company, which in April 2012, the Company in terms of a Business Associate Agreement sub-contracted to Aksentt Tech Services Ltd (Unity Telecom Infrastructure Ltd). In August 2017, Aksentt Tech filed arbitration against the Company for ₹ 5,000. lakhs. On July 2024, the arbitrator partially allowed the claim and awarded against the Company for ₹ 2,527.79 lakhs principal amount, and 8% interest per annum with efect from 14th November 2019 and ₹ 25 lakhs for legal expenses. On October 2024, Company has filed a Petition under section 34 of the Arbitration and Conciliation Act, 1996 challenging the Arbitral Award dated July 11, 2024.

Subsequently Bombay High Court passed an Order (section 34 Court) on December 2025 allowing claim of 2,363.48 lakhs principal amount, and 8% interest per annum with efect from 14th November 2019.

The Company has filed the captioned Section 37 Appeal on February 03, 2026 to challenge the High Court Judgement.

The Company, based on external opinion and legal assessment, believes that it has a strong case and is defending its position vigorously.

21. On 1st April 2020, the Company had transferred its projects to Maharashtra Information Technology Corporation Limited (MahaIT) and continued to assist Maha IT in fulfilling its service responsibilities till 9th Nov 2023 and ceased operations thereafter. As on 31st March 2026, the Company has a positive net worth comprising primarily of cash and cash equivalents of ₹ 157.26 lakhs and trade receivables of ₹ 3,208.77 lakhs. The Company has not identified events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern. Consequently, going concern assumption continues to be appropriate basis of preparation of the financial statements.

Notes forming part of the financial statements

22. No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries). The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

23. On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact as "Statutory impact of new Labour Codes" under "Exceptional Items" in the standalone statement of profit and loss for the year ended March 31, 2026. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

24. DIVIDENDS

Dividends paid during the year ended March 31, 2025 include an amount of ₹ 25.18 per equity share for the year ended March 31, 2024.

The dividends declared by the Company are based on the profits available for distribution as reported in the financial statements of the Company. Subsequent to March 31, 2026, the Board of Directors of the Company have proposed a final dividend of ₹ 195.88 per share in respect of the year ending March 31, 2026. The proposal is subject to the approval of shareholders at the Annual General Meeting, and if approved, would result in a cash outflow of approximately ₹ 5,000.24 lakhs.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TCS E-SERVE INTERNATIONAL LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of TCS e-Serve International Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e. On the basis of the written representations received from the directors as on 01 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations as at 31 March 2026 on its financial position in its financial statements - Refer income tax liabilities disclosed in the balance sheet along with Note 15 to the financial statements.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 24 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 24 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The interim dividend declared and paid by the Company during the year and until the date of this audit report is in compliance accordance with Section 123 of the Act.

As stated in Note 25 to the financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.

f. Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares.

Further, we did not come across any instance of the audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF TCS E-SERVE INTERNATIONAL LIMITED FOR THE YEAR ENDED 31 MARCH 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Right of Use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.

(c) The Company does not have any immovable property (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering business process outsourcing services. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records, the Company has made investments in other parties and granted unsecured loans to other parties (employees) during the year, in respect of which the requisite information is as below. The Company has not made any investment or granted any unsecured loans to companies, firms or limited liability partnerships during the year. The Company has not provided any guarantee or security or granted any secured loans or granted any secured or unsecured advances in the nature of loans to companies, firms, limited liability partnerships or other parties during the year.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided unsecured loans to any other entity as below:

Particulars	Loans (INR lakhs)
Aggregate amount during the year	
Subsidiaries*	-
Joint ventures*	-
Associates*	-
Others	5
Balance outstanding as at balance sheet date	
Subsidiaries*	-
Joint ventures*	-
Associates*	-
Others*	6

**As per the Companies Act, 2013*

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the investment made and terms and conditions of the loans given during the year are not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of interest free loans given, the repayment of principal has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advances in the nature of loans to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties. Further, the Company has not given any advances in the nature of loans to any party during the year.

(f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment. Further, the Company has not given any advances in the nature of loans to any party during the year.

(iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made by the Company, in our opinion the provisions of Section 186 of the Act have been complied with.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no statutory dues of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income tax, Duty of Customs, Cess or other statutory dues which have not been deposited by the Company on account of any dispute except for the following:

Name of the statute	Nature of the dues	Amount (₹ in Lakhs)	Period to which the amount relates	Forum where dispute is pending	Remarks, if any
Income tax Act, 1961	Income Tax (including interest and penalty)	-	AY 2009-10, AY 2011-12, AY 2013-14	Commissioner of Income tax	
The Goods and Services Tax Act, 2017	Goods and Services Tax (including interest and penalty)	75.80	FY 2022-23	Commissioner Appeals	

Note: Net of amount paid under protest in respect of Income Tax 7.83 Lakhs & Goods and Service Tax 6.89 Lakhs

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the year. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received under the vigil mechanism established voluntarily by the Company during the year and shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) Pursuant to circular dated July 05, 2017 notified by Ministry of Corporate Affairs (MCA), the Company is exempted from the requirements of constitution of audit committee, accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date for the period under audit.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as defined in the regulations made by the Reserve Bank of India) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF TCS E-SERVE INTERNATIONAL LIMITED FOR THE YEAR ENDED 31 MARCH 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of TCS e-Serve International Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Financial Statements

1 CORPORATE INFORMATION

TCS e-Serve International Limited (herein referred to as "the Company") is primarily engaged in the business of providing Business Process Outsourcing Services for its customers in banking, financial services and insurance domain. The Company's operations include delivering core business processing services, and support services for both data and voice processes.

The Company is incorporated and domiciled in India. The address of its Registered Office is 9th Floor, Nirmal Building, Nariman Point, Mumbai 400021. Tata Consultancy Services Limited ("TCS Limited") and Tata Sons Private Limited are the holding company and the ultimate holding company, respectively.

The financial statements for the year ended March 31, 2026 were approved by the Board of Directors and authorised for issue on May 4, 2026.

2 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

3 BASIS OF PREPARATION

These financial statements have been prepared on historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been prepared in Indian Rupee (₹), rounded off to nearest lakh, which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information related to preparation of the financial statements have been discussed in the respective notes.

4 USE OF ESTIMATES AND JUDGEMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively in the period in which the estimates are revised and future periods are affected.

Notes forming part of the Financial Statements

The Company uses the following critical accounting judgements,estimates and assumptions in preparation of its financial statements:

a. Revenue Recognition

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine degree of the completion of the performance obligation.

The Company exercises judgement for identification of performance obligations, determination of transaction price, ascribing the transaction price to each distinct performance obligation and in determining whether the performance obligation is satisfied at a point in time or over a period of time. These judgements have been explained in detail under the revenue note (Refer note 10).

b. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods (Refer note 8(a)).

c. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d. Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

e. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

f. Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note (Refer note 12).

g. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by

an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

h. Allowance for doubtful trade receivable (Refer note 6).

5 RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and require companies to disclose that they have applied the relief. This relief is immediate and applies retrospectively.

6 FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Investment in subsidiaries

Investment in subsidiaries are measured at cost less impairment loss, if any.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net of direct issue cost.

Derivative accounting

- **Instruments in hedging relationship**

  The Company designates certain foreign exchange forward, currency options and futures contracts as hedge instruments in respect of foreign exchange risks. These hedges are accounted for as cash flow hedges.

  The Company uses hedging instruments that are governed by the policies of the Company which are approved by the Board of Directors. The policies provide written principles on the use of such financial derivatives consistent with the risk management strategy of the Company. While determining the appropriate hedge ratio, the Company takes into consideration the prevailing macro-economic conditions, the availability and liquidity of the hedging instruments, tolerance levels for hedge ineffectiveness and the costs of hedging.

  The hedge instruments are designated and documented as hedges at the inception of the contract. The Company determines the existence of an economic relationship between the hedging instrument and hedged item based on the currency, amount and timing of their respective cash flows. The effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at inception and on an ongoing basis. If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified in net foreign exchange gains in the statement of profit and loss.

  The effective portion of change in the fair value of the designated hedging instrument is recognised in the other comprehensive income and accumulated under the heading cash flow hedging reserve.

  The Company separates the intrinsic value and time value of an option and designates as hedging instruments only the change in intrinsic value of the option. The change in fair value of the intrinsic value and time value of an option is recognised in the other comprehensive income and accounted as a separate component of equity. Such amounts are reclassified into the statement of profit and loss when the related hedged items affect profit and loss.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity till that time remains and is recognised in the statement of profit and loss when the forecasted transaction ultimately affects profit and loss. Any gain or loss is recognised immediately in the statement of profit and loss when the hedge becomes ineffective.

- **Instruments not in hedging relationship**

The Company enters into contracts that are effective as hedges from an economic perspective, but they do not qualify for hedge accounting. The change in the fair value of such instrument is recognised in the statement of profit and loss.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for expected credit losses, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Notes forming part of the Financial Statements

(a) Investments

Investments consist of the following:

Investments- non-current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Investments carried at amortised cost		
Government bonds and securities (quoted)	109	-
	109	**-**

Investments - current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Investments carried at fair value through profit or Loss		
Mutual fund units (quoted)	15,964	14,966
Investments carried at fair value through OCI		
Government bonds and securities (quoted)	-	39
	15,964	**15,005**

Aggregate value of quoted investments is as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Aggregate value of quoted investments	16,073	15,005
Aggregate market value of quoted investments	16,073	15,005

(b) Trade receivables - Billed

Trade receivables - Billed (unsecured) consist of the following:

Trade receivables - Billed - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Trade receivables - Billed	18,966	30,417
Less: Allowance for expected credit losses	-	(1,880)
	18,966	**28,537**

Note : Above balances of trade receivables - billed include balances with related parties (Refer note 21).

Ageing for trade receivables - billed - current outstanding as at March 31, 2026 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment						Total
	Not due	Less than 6 months	6 months - 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade receivables - billed							
(i) Undisputed trade receivables - considered good	10,691	8,275	-	-	-	-	18,966
(ii) Undisputed trade receivables - which have significant increase in credit risk	-	-	-	-	-	-	-
(iii) Undisputed trade receivables - credit impaired	-	-	-	-	-	-	-

							28,537
Trade receivables - unbilled							4,384
							32,921

(c) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Balances with banks		
- In current accounts	8,351	10,043
- In deposit accounts	-	620
	8,351	**10,663**

TCS e-Serve International Limited has unsecured working capital facilities agreement with Citibank N.A. aggregating to USD 22,000,000 (March 31, 2025 : USD 22,000,000) for fund and non fund base facility. During the year, the company has not utilized this facility.

(d) Other balances with banks

Other balances with banks consist of the following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Short-term bank deposits	-	9,000
	-	**9,000**

(e) Loans

Loans (unsecured) consist of the following:

Loans - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Considered good		
Loans and advances to employees	90	103
Credit impaired		
Loans and advances to employees	67	50
Less: Allowance on loans and advances to employees	(67)	(50)
	90	**103**

(f) Other financial assets

Other financial assets consist of the following:

Other financial assets - Non-current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Considered good - Unsecured		
Security deposits - Premises	152	112
Security deposits with related party	327	327
Security deposits with others	617	609
	1,096	**1,048**

Other financial assets - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Considered good - Unsecured		
Accrued Interest	2	331
Fair value of foreign exchange derivative assets	-	306
Other current financial assets	48	92
	50	**729**

(g) Trade payables

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Dues of creditors other than small enterprises and micro enterprises*	8,892	10,418
Dues to small enterprises and micro enterprises	113	137
	9,005	**10,555**

* Above balances of trade payables include balances with related parties (Refer note 21).

1. Dues of small enterprises and micro enterprises

The disclosure pursuant to the Micro, Small and Medium Enterprises Development Act, 2006, (MSMED Act) for dues to micro enterprises and small enterprises as at March 31, 2026 and March 31, 2025 is as under:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Dues remaining unpaid to any supplier		
Principal	113	137
Interest on the above	-	-
Amount of interest paid in terms of section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year	-	5
Amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	-	-
Amount of interest accrued and remaining unpaid	-	-
Amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23 of MSMED Act, 2006*	-	-

* value is less than Rs 50,000.

2. Trade payables

Ageing for trade payables outstanding as at March 31, 2026 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					Total
	Not due	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade payables						
(i) MSME*	113	-	-	-	-	113
(ii) Others	3,035	3,859	48	-	192	7,134
(iii) Disputed dues - MSME*	-	-	-	-	-	-
(iv) Disputed dues - Others	-	-	-	-	-	-
	3,148	**3,859**	**48**	**-**	**192**	**7,247**
Accrued expenses						**1,758**
						9,005

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

Ageing for trade payables outstanding as at March 31, 2025 is as follows:

(₹ in lakhs)

Particulars	Outstanding for following periods from due date of payment					
	Not due	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	Total
Trade payables						
(i) MSME*	135	2	-	-	-	137
(ii) Others	2,058	6,543	128	64	175	8,968
(iii) Disputed dues - MSME*	-	-	-	-	-	-
(iv) Disputed dues - Others	-	-	-	-	-	-
	2,193	**6,545**	**128**	**64**	**175**	**9,105**
Accrued expenses						**1,450**
						10,555

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

(h) Other financial liabilities

Other financial liabilities consist of the following:

Other financial liabilities - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Capital creditors	99	193
Liabilities towards customer contracts	4	-
Accrued payroll	2,667	2,256
Fair value of foreign exchange derivative liabilities	140	-
Others	86	51
	2,996	**2,500**

Notes forming part of the Financial Statements

(i) Financial instruments by category

The carrying value of financial instruments by categories as of March 31, 2026 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Fair value through Other Comprehensive Income	Amortised cost	Derivative instruments not in hedging relationship	Total carrying value
Financial assets:					
Cash and cash equivalents	-	-	8,351	-	8,351
Bank deposits	-	-	-	-	-
Investments (other than in subsidiary)	15,964	110	-	-	16,074
Trade receivables					
Billed	-	-	18,966	-	18,966
Unbilled	-	-	6,316	-	6,316
Loans	-	-	90	-	90
Other financial assets	-	-	1,146	-	1,146
Total	**15,964**	**110**	**34,869**	**-**	**50,943**
Financial liabilities:					
Trade payables	-	-	9,005	-	9,005
Lease liabilities	-	-	7,630	-	7,630
Other financial liabilities	-	-	2,857	140	2,997
Total	**-**	**-**	**19,492**	**140**	**19,632**

The carrying value of financial instruments by categories as of March 31, 2025 is as follows:

(₹ in lakhs)

	Fair value through profit or loss	Fair value through Other Comprehensive Income	Amortised cost	Derivative instruments not in hedging relationship	Total carrying value
Financial assets:					
Cash and cash equivalents	-	-	10,663	-	5,619
Bank deposits	-	-	*9,000*	-	*9,000*
Investments (other than in subsidiary)	14,966	39	-	-	15,005
Trade receivables					
Billed	-	-	28,537	-	28,537
Unbilled	-	-	4,384	-	4,384
Loans	-	-	103	-	103
Other financial assets	-	-	1,471	306	1,777
Total	**14,966**	**39**	**54,158**	**306**	**69,469**
Financial liabilities:					
Trade payables	-	-	10,555	-	10,555
Lease liabilities	-	-	7,774	-	7,774
Other financial liabilities	-	-	2,500	-	2,500
Total	**-**	**-**	**20,829**	**-**	**20,829**

Carrying amounts of cash and cash equivalents, trade receivables, loans and trade payables as at March 31, 2026 and 2025, approximate the fair value due to their nature. Carrying amounts of bank deposit, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the years presented. Fair value measurement of lease liabilities is not required.

(j) Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The cost of unquoted investments included in Level 3 of fair value hierarchy approximate their fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

(₹ in lakhs)

As of March 31, 2026:	Level 1	Level 2	Level 3	Total
Financial assets:				
Mutual fund units	15,964	-	-	15,964
Government bonds and securities	109	-	-	109
Fair value of foreign exchange derivative assets	-	-	-	-
	16,073	**-**	**-**	**16,073**
Financial liability:				
Fair value of foreign exchange derivative liabilities	-	140	-	140
	-	**140**	**-**	**140**

(₹ in lakhs)

As of March 31, 2025:	Level 1	Level 2	Level 3	Total
Financial assets:				
Mutual fund units	14,966	-	-	14,966
Government bonds and securities	39	-	-	39
Fair value of foreign exchange derivative assets	-	*306*	-	*306*
	15,005	**306**	**-**	**15,311**
Financial liability:				
Fair value of foreign exchange derivative liabilities	-	-	-	-
	-	**-**	**-**	**-**

(k) Derivative financial instruments and hedging activity

The Company's revenue is denominated in foreign currency predominantly US Dollar. Given the nature of the business, a large portion of the costs are denominated in Indian Rupee. This exposes the Company to currency fluctuations.

The Company has entered into derivative instruments not in hedging relationship by way of foreign exchange forward. As at March 31, 2026 and 2025, the notional amount of outstanding contracts aggregated to ₹ 22,706 lakhs and ₹ 61,514 lakhs, respectively and the respective fair value of these contracts have a net loss of ₹ 140 lakhs and net gain of ₹ 306 lakhs respectively.

Exchange loss of ₹ 1844 lakhs and ₹ 217 lakhs on foreign exchange forward contracts that do not qualify for hedge accounting have been recognised in the statement of profit and loss for the years ended March 31, 2026 and 2025, respectively.

(l) Financial risk management:

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

  The Company, as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange. Further, any movement in the functional currency of the various operations of the Company against major foreign currencies may impact the Company's revenue in international business.

  The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

  The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency of the Company.

  The following analysis has been worked out based on the net exposures of the Company as of the date of balance sheet which could affect the statements of profit and loss and other comprehensive income and equity. Further the exposure as indicated below is mitigated by some of the derivative contracts entered into by the Company as disclosed in note 6(k).

  The following table sets forth information relating to unhedged foreign currency exposure as of March 31, 2026.

(₹ in lakhs)

	PHP	MXN	USD	AUD
Net financial assets	1,252	415	9,069	-
Net financial liabilities	(1,018)	(381)	(4,855)	(179)

10% appreciation / depreciation of the functional currency of the Company with respect to various foreign currencies would result in increase / decrease in the Company's profit before taxes by approximately ₹ 430 lakhs for the year ended March 31, 2026. Hedging is on foreign currency exposure are on gross financial assets.

The following table sets forth information relating to unhedged foreign currency exposure as of March 31, 2025.

(₹ in lakhs)

	PHP	MXN	USD	AUD
Net financial assets	938	519	-	31
Net financial liabilities	(541)	(896)	(6,798)	(5)

10% appreciation / depreciation of the functional currency of the Company with respect to various foreign currencies would result in increase / decrease in the Company's profit before taxes by approximately ₹ 675 lakhs for the year ended March 31, 2025.

- **Interest rate risk**

The Company's investments are primarily in fixed rate interest bearing investments. Hence the Company is not significantly exposed to interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, loans, investments, cash and cash equivalents, derivative financial instruments and other financial assets. None of the other financial instruments of the company result in material concentration of credit risk.

None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 51,112 lakhs and ₹ 69,643 lakhs as of March 31,2026 and March 31,2025 respectively being the total of the carrying amount of balances with banks, Bank deposit, trade receivables, contract assets, other financial assets and investments excluding equity.

Single customer contributing to more than 10% of outstanding trade receivable as of March 31, 2026 and March 31,2025 is as follows.

(₹ in lakhs)

	As at March 31, 2026		As at March 31, 2025	
	Trade receivables	Percentage	Trade receivables	Percentage
Customer A*	-	0%	10,680	32%
Customer C	9,438	37%	8,703	26%
Customer D	3,898	15%	-	-
Customer E	3,451	14%	-	-
Customer F	2,648	10%	-	-

* the amount is less than 10%, hence not disclosed.

- **Geographic concentration of credit risk**

  The Company also has a geographic concentration of trade receivables (Gross and net of allowances) and contract assets as given below:

  Geographical concentration of credit risk is allocated based on the location of the customers.

Geography	As at March 31, 2026		As at March 31, 2025	
	Gross%	Net%	Gross%	Net%
Americas	97%	97%	97%	97%
Europe	2%	2%	2%	2%
Others	1%	1%	1%	1%

The allowance for lifetime expected credit loss on trade receivables is Nil and ₹ 1880 lakhs for the year ended March 31, 2026 and 2025 respectively.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(₹ in lakhs)

March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th years	Total
Non-derivative financial liabilities:

Disclosure of shareholding of promoters as at March 31, 2025 is as follows:

Shares held by promoters at the end of the year			% Change during the year
Promoter name	No. of shares	% of total shares	
Tata Consultancy Services Limited	9,99,994	99.9994 %	No change
Tata Consultancy Services Limited jointly with its nominees	6	0.0006 %	No change
Total	**10,00,000**	**100**	

7 LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease.

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the

lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in the statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low-value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(₹ in lakhs)

	Additions for the year ended March 31, 2026	Net carrying amount as at March 31, 2026	Additions for the year ended March 31, 2025	Net carrying amount as at March 31, 2025
Leasehold buildings	1,715	6,561	2,034	6,647
	1,715	**6,561**	**2,034**	**6,647**

Depreciation on right-of-use assets is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Leasehold buildings	1,801	1,861
	1,801	**1,861**

Interest on lease liabilities is ₹ 574 lakhs and ₹ 726 lakhs for the years ended March 31, 2026 and 2025, respectively.

The Company incurred ₹ 889 lakhs and ₹ 403 lakhs for the years ended March 31, 2026 and 2025, respectively towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is ₹ 3352 lakhs and ₹ 3,001 lakhs for the years ended March 31, 2026 and 2025, respectively including cash outflow for short term and low-value leases.

The Company does not have lease term extension options that are not reflected in the measurement of lease liabilities.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

8 NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

(a) Property, plant and equipment

The Company recognizes the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can measured reliably.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual value over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013 except in respect of certain categories of assets, where the useful life of the assets has been assessed based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Leasehold improvements	Lease term
Computer equipment	4 years*
Furniture and fixtures	5 years*
Office equipment	2-5 years*
Electrical installations	4-10 years*

* The Company believes that the technically evaluated useful lives, different from Schedule II of the Companies Act, 2013, best represent the period over which these assets are expected to be used.

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Property, plant and equipment consist of the following:

(₹ in lakhs)

Description	Leasehold improvements	Computer equipment	Office equipment	Electrical installations	Furniture and fixtures	Total
Cost as at April 1, 2025	727	8,835	872	85	104	10,623

Capital work-in-progress	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Projects in progress	238	-	-	-	238
	238	**-**	**-**	**-**	**238**

(b) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences which are amortised over license period which equates the useful life ranging between 2-5 years on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Intangible assets consist of the following:

(₹ in lakhs)

Description	Rights under licensing agreement and software licences	Total

10 REVENUE RECOGNITION

The Company earns revenue primarily from providing Business Process Outsourcing Services for its customers in banking, financial services and insurance domain.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system/software is delivered to the customer. In cases where implementation and/or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Revenue from intercompany is recognised based on transaction price which is at arm's length.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

Revenue disaggregation by nature of services is as follows :

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Consultancy services	121,180	130,753
Total	**121,180**	**130,753**

For details of disaggregation of revenues from contracts with customers by industry verticals and geography refer Note (18).

Revenue disaggregation by industry vertical is as follows :

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Industry Vertical		
Banking, Financial Services and Insurance	106,713	121,137
Life Sciences and Healthcare	1,453	1,333
Manufacturing	3,999	2,142
Communication, Media and Technology	2,945	1,805
Retail and Consumer Business	2,837	2,786
Others	3,233	1,550
	121,180	**130,753**

Revenue disaggregation by Geography is as follows :

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Geography		
Americas	111,021	121,819
Europe[1]	4,145	4,340
Asia Pacific	4,525	3,370
India	1,291	1,053
Others	198	171
	121,180	**130,753**

[1] includes revenue in United Kingdom of 2,787 lakhs and 2,840 lakhs for the year ended March 31,2026 and 2025, respectively.

Geographical revenue is allocated based on the locations of the customers.

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially) satisfied performance obligations, along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in Ind AS 115. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is ₹ 21,501 lakhs out of which 51.86 % is expected to be recognized as revenue within the next one year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	174	51
Invoices raised that were included in the contract assets balance at the beginning of the year	(36)	(51)
Increase due to revenue recognised during the year, excluding amounts billed during the year	15	177
Translation exchange difference*	16	(3)
Balance at the end of the year	**169**	**174**

Changes in unearned and deferred revenue are as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	61	585
Revenue recognised that was included in the contract liability balance at the beginning of the year	(61)	(198)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	150	(329)
Translation exchange difference	21	3
Balance at the end of the year	**171**	**61**

Reconciliation of revenue recognised with the contracted price is as follows :

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Revenue as per Contract price	125,005	134,924
(-) Volume / Cash Discount	3,590	4,133
(-) Service Credit	235	38
Revenue recognised	**121,180**	**130,753**

The reduction towards variable consideration comprises of volume discount, service level credits, etc.

11 OTHER INCOME

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using the effective interest method.

Other income consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest income	892	649
Net gain on investment carried at fair value through profit and loss	1,593	2,287
Net foreign exchange gain	642	933
	3,127	**3,869**

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest income consist of the following:		
Interest income on bank deposits	863	541
Interest on income tax refund	16	100
Interest income on financial assets at amortised cost	7	8
Interest on financial assets carried at fair value through OCI	6	-

12 EMPLOYEE BENEFITS

The Company has both defined contribution and defined benefit plans. The plans are financed by the Company and in case of some defined contribution plans, by the Company along with its employees.

(i) Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date by an independent actuary. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost both, vested and unvested is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme. The Company provides benefits such as gratuity and pension to its employees which are treated as defined benefit plans.

(ii) Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits. The Company provides benefits such as provident fund and foreign defined contribution plans to its employees which are treated as defined contribution plans.

(iii) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(iv) Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the balance sheet date using the Projected Unit Credit Method.

Employee benefit expenses consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Salaries, incentives and allowances	54,926	65,640
Contributions to provident and other funds	6,043	6,179
Staff welfare expenses	3,059	3,299
	64,028	**75,118**

Employee benefit obligations - Non-current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Gratuity liability	-	330
	-	**330**

Employee benefit obligations - Current

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Compensated absences	2,644	2,182
Foreign retirement benefits	638	167
Gratuity liability	-	684
	3,282	**3,033**

Defined Benefit Plan

Gratuity

In accordance with Indian law, the Company operates a scheme of gratuity which is a defined benefit plan. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment in accordance with the provisions under the Code on Social Security, 2020 or as per the Company Scheme, as applicable. Vesting occurs upon completion of contractual period of continuous years of service as defined in the Code on Social Security, 2020. The Company manages the plan through a trust. Trustees administer contributions made to the trust. Certain overseas branches of the Company also provide for retirement benefit pension plans in accordance with the local laws.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations.

The following table sets out the details of the defined benefit retirement plans and the amounts recognized in the financial statements:

Defined benefit retirement plan :

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2026	Total	As at March 31, 2025	As at March 31, 2025	Total

	3,457	**-**	**3,457**	**1,574**	**-**	**1,574**

Net periodic gratuity cost, included in employee costs consists of following:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2026	Total	As at March 31, 2025	As at March 31, 2025	Total
	Domestic Plan Funded	Foreign Plan Unfunded		Domestic Plan Funded	Foreign Plan Unfunded	
Service cost	351	43	394	345	49	394
Net interest on net defined benefit liability	79	101	180	70	6	76
Past service cost	700	-	700	-	-	-
Net periodic gratuity / pension cost	**1,130**	**144**	**1,274**	**415**	**55**	**470**
Actual return on plan assets	121	-	121	61	-	61

Remeasurement of net defined benefit (asset) / liability:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Actuarial gains arising from changes in demographic assumptions	(15)	(18)
Actuarial losses and (gains) arising from changes in financial assumptions	(109)	113
Actuarial (gains) and losses arising from changes in experience adjustments	(57)	47
Remeasurement of the net defined benefit liability	**(181)**	**142**
Remeasurement - return on plan assets excluding amount included in interest income	18	(28)
	(163)	**114**

The assumptions used in accounting for the defined benefit plan are set out below:

	As at March 31, 2026	As at March 31, 2026	As at March 31, 2025	As at March 31, 2025
	Domestic Funded	Foreign Unfunded	Domestic Funded	Foreign Unfunded
Discount rate	7.00%	6.16%-9.30%	6.50%	6.16%-9.40%
Rate of increase in compensation levels of covered employees	6.00%	4.64%-5.00%	6.00%	4.64%-5.00%
Rate of return on plan assets	7.00%	6.16%-9.30%	6.50%	6.26%-9.40%
Weighted average duration of defined benefit obligations	6.0	12 - 18 years	8	18 - 23 years

Future mortality assumptions are taken based on the published statistics by the Insurance Regulatory and Development Authority of India.

The expected benefits are based on the same assumptions as are used to measure the Company's defined benefit plan obligations as of March 31, 2026. The Company does not expect to contribute to defined benefit plan obligations funds for the year ending March 31, 2027 in the view of adequate surplus plan assets as at March 31, 2026.

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

If the discount rate increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase of 0.50%	(95)	(93)
Decrease of 0.50%	102	100

If the expected salary growth increases / decreases by 0.50%, the defined benefit obligations would increase / (decrease) as follows:

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Increase of 0.50%	102	100
Decrease of 0.50%	(96)	(94)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognized in the balance sheet.

The defined benefit obligations shall mature after year ended March 31, 2026 as follows:

(₹ in lakhs)

Year ending March 31,	Domestic Plan Funded	Foreign Plan Funded
2027	543	11
2028	429	14
2029	379	13
2030	341	26
2031	308	27
2032 to 2036	1,163	697

Defined contribution plans

Provident fund

Contribution towards provident fund is made to regulatory authorities and the Company does not have any legal or informal obligation to pay additional funds.

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company contributed ₹ 1,072 lakhs and ₹ 1,136 lakhs to the provident fund for the year ended March 31, 2026 and March 31, 2025, respectively.

Foreign defined contribution plan

The Company contributed ₹ 582 lakhs and ₹ 669 lakhs for the years ended March 31, 2026 and 2025, respectively, towards foreign defined contribution plans.

13 COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary nature.

The costs of the Company are broadly categorised in employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include employee compensation, allowances paid, contribution to various funds and staff welfare expenses. Other operating expenses majorly include fees to external consultants, cost of running its facilities, travel expenses, cost of equipment and software licenses, communication costs, allowances for expected credit losses and doubtful advances(net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as Printing and Stationery, recruitment and training, etc.

(a) Other expenses

Other operating expenses consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Fees to external consultants	15,600	19,440
Project expenses	1,198	4,339
Facility running expenses	4,785	3,687
Corporate expenses	901	507
Travel expenses	1,891	1,685
Communication expenses	1,011	941
Bad debts and advances written off, provision for advances (net)	28	1,843
Net loss on disposal of property, plant and equipment	18	38
Unrealised gain on investments carried at fair value through profit and loss	391	477
Miscellaneous expenses	1,130	1,030
	26,953	**33,987**

(b) Corporate Social Responsibility (CSR) expenditure

(₹ in lakhs)

		Year ended March 31, 2026	Year ended March 31, 2025
1	Amount required to be spent by the Company during the year	386	323
2	Amount approved by the Board	386	325
3	Amount of expenditure incurred on:		
	(i) Construction/acquisition of any asset	-	-
	(ii) On purposes other than (i) above	386	325
4	Shortfall at the end of the year	-	-
5	Total of previous years shortfall	-	-
6	Reason for shortfall	Not Applicable	Not Applicable
7	Nature of CSR activities	Disaster Relief, Education, Skilling, Employment, Entrepreneurship, Health, Wellness and Water, Sanitation and Hygiene, Heritage, Meals to needy.

	Contribution to TCS Foundation in relation to CSR expenditure	-	-

14 FINANCE COSTS

Finance costs consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest on lease liabilities	574	545
Interest expenses on delayed payment of statutory dues	6	9
	580	**554**

Notes forming part of the Financial Statements

15 INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

Current income tax expense comprises taxes on income from operations in India and overseas. Income tax payable in India is determined in accordance with the provisions of the Income tax Act, 1961.

Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The taxes paid are generally available for set off against the Indian income tax liability of the Company's worldwide income.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction, provided the Company has a legally enforceable right to set off the recognised amounts and intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Income tax expense consist of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax expense		
Current tax expense for current year	7,324	6,222
Current tax (benefit)/expense pertaining to prior years	(430)	346
	6,894	**6,568**
Deferred tax expense		
Deferred tax (benefit)/expense for current year	402	(658)
Deferred tax (benefit)/expense pertaining to prior years	-	(142)
	402	**(800)**
	7,296	**5,768**

The reconciliation of estimated Income tax expense at Indian statutory income tax rate to the income tax expense reported in the statement of profit and loss is as follows:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit before income taxes	29,991	21,704
India statutory Income tax rate	25.17%	25.17%
Expected Income tax expense	7,548	5,462
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:		
Tax pertaining to prior years	(430)	204
Permanent disallowance	99	83
Overseas Federal Tax	101	75
Others	(22)	(56)
	7,296	**5,768**

Deferred tax assets and liabilities are as follows:

Provision for employee benefits	975	-	975
DTA on Lease liability	1,956	-	1,956
DTL on ROU asset	-	1,673	(1,673)
Unrealised gain on securities carried at fair value through profit and loss	-	154	(154)
Others	472	-	472
Total deferred tax assets / (liabilities)	**4,521**	**1,827**	**2,694**

Contingent liabilities on direct and indirect tax matters

The Company has ongoing disputes with income tax authorities in India. The disputes relate to tax treatment of certain expenses claimed as deduction, computation or eligibility of tax incentives and allowances and characterisation of fees

for services received. The Company has recognised contingent liability in respect of tax demands received from direct tax authorities and Indirect tax authorities in India of ₹ 325 lakhs and ₹ 243 lakhs as at March 31, 2026 and 2025, respectively. These demand orders are being contested by the Company based on the management evaluation and advise of tax consultants.

16. EARNINGS PER SHARE

Basic earnings per share are computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the periods presented.

(₹ in lakhs)

	As at March 31, 2026	As at March 31, 2025
Profit for the year (₹ lakhs)	22,695	15,936
Amount available for shareholder (₹ lakhs)	22,695	15,936
Weighted average number of shares	1,000,000	1,000,000
Earning per share basic and diluted (₹)	2,269	1,594
Face value per equity share (₹)	100	100

17 AUDITOR'S REMUNERATION

Auditor's remuneration consists of the following:

(₹ in lakhs)

	Year ended March 31, 2026	Year ended March 31, 2025
For services as statutory auditor	16	10
For tax audit	4	4
Reimbursement of out-of-pocket expense	3	3
	23	**17**

18 SEGMENT INFORMATION

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Group's chief operating decision maker is the Chief Executive Officer and Managing Director.

The Company has identified business segments (industry practice) as reportable segments. The business segments comprise: 1) Banking, Financial Services and Insurance 2) Others such as Retail and Consumer Business, Manufacturing, Telecom, Media and Entertainment, Hi-tech.

Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reporting segment have been allocated on the basis of associated revenue of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.

The assets and liabilities of the Company are used interchangeably amongst segments. Allocation of such assets and liabilities is not practicable and any forced allocation would not result in any meaningful segregation. Hence assets and liabilities have not been identified to any of the reportable segments.

Notes forming part of the Financial Statements

Summarised segment information for the year ended March 31, 2026 is as follows:

Year ended March 31, 2026

(₹ in lakhs)

Particulars	Business segments		
	Banking, Financial Services and Insurance	Others	Total
Revenue	106,713	14,467	121,180
Segment result	28,334	1,285	29,619
Total Unallocable expenses			2,755
Operating profit			**26,864**
Other income (net)			3,127
Profit before taxes			**29,991**
Tax expense			7,296
Profit for the year			**22,695**
Depreciation and amortisation expense (unallocable)			(2,755)

Summarised segment information for the year ended March 31, 2025 is as follows:

Year ended March 31, 2025

(₹ in lakhs)

Particulars	Business segments		
	Banking, Financial Services and Insurance	Others	Total

Customer D*	-	0%	13,469	10%
Customer E	14,554	12%	13,892	11%

* Amount is less than 10%, hence not disclosed for the year ended March 31, 2026.

19 COMMITMENTS AND CONTINGENCIES

Capital commitments

The Company has contractually committed (net of advances) ₹ 37 lakhs and ₹ 309 lakhs as at March 31, 2026 and March 31, 2025, respectively, for purchase of property, plant and equipment.

Contingencies

- **Direct tax matters and Indirect tax matters**

  Refer note 15.

20 On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQs and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has presented such incremental impact as "Statutory impact of new Labour Codes" in the standalone statement of profit and loss for the year ended March 31, 2026. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TCS FOUNDATION

Report on the Audit of the Financial Statements

OPINION

We have audited the financial statements of TCS Foundation (hereinafter referred to as "the Company"), which comprise the balance sheet as at 31 March 2026, and the statement of income and expenditure, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its surplus of income over expenditure, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

OTHER INFORMATION

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, surplus/(deficit) of income over expenditure, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. This report does not include a statement on the matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, since the Order is not applicable to the Company, being a company licensed to operate under Section 8 of the Companies Act, 2013, as specified in paragraph 1(2)(iii) of the said Order.

2. (A) As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The balance sheet, the statement of income and expenditure, the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

e) On the basis of the written representations received from the directors as on 01 April 2026 to 09 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

(B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a) The Company does not have any pending litigations which would impact its financial position.

b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d) (i) The management has represented that, to the best of it's knowledge and belief, as disclosed in the note 30 of the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other person(s) or entity(ies) identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in the note 30 of the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like or on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e) The Company has neither declared nor paid any dividend during the year.

f) Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares.

Further, we did not come across any instance of the audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF TCS FOUNDATION FOR THE YEAR ENDED 31 MARCH 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

OPINION

We have audited the internal financial controls with reference to financial statements of TCS Foundation ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of the Financial Statements

1) CORPORATE INFORMATION

TCS Foundation (referred to as "the Company") was incorporated on March 13, 2015 as a company registered under Section 8 of the Companies Act, 2013. The Company is engaged in promoting and funding projects and / or programs, relating to Corporate Social Responsibility (CSR) as required by Section 135 read with Schedule VII to the Companies Act, 2013 such as eradication of hunger, poverty and malnutrition; promotion of healthcare especially for the poor; promotion of education; development of skills; promotion of gender equality; empowerment of women; environmental sustainability; protection of national heritage; promotion of sports; promotion of scientific research especially in the area of technology; helping differently-able persons; providing vocational training; providing sanitation facilities; support to rural development projects. The Company is a 100% subsidiary of Tata Consultancy Services Limited ("TCS"), the ultimate holding company is Tata Sons Private Limited.

The Company incurs expenditure by way of grants given towards objects which furthers the cause of the Company and project expenses which represent initiatives / activities undertaken by the Company. The Company is incorporated and domiciled in India. The address of its registered office is 9th Floor, Nirmal Building, Nariman Point, Mumbai 400021.

The Board of Directors approved the financial statements for the year ended March 31, 2026 and authorised for issue on April 17, 2026.

2) STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

3) BASIS OF PREPARATION

These financial statements have been prepared on the historical cost basis except for certain financial instruments and defined benefit plan which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been prepared in Indian rupee (₹) which is the functional currency of the Company.

The material accounting policy information related to preparation of the financial statements have been discussed in the respective notes.

4) USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods (Refer note 9).

Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumption. These assumptions have been explained under employee benefit note (Refer note 22 and 31).

5) RECENT PRONOUNCEMENTS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

6) INCOME

The Company credits CSR contributions (other than earmarked funds) received, initially to a liability account in the Balance Sheet and recognizes them as income as and when they are utilized, to the extent of the amount spent on multi-year projects and its associated costs. The expenses incurred in the previous year are from the CSR contributions of prior financial years, which have already been recognised as income in those years.

Earmarked funds are initially credited to a liability account in the balance sheet and are transferred to Statement of Income and Expenditure in the year in which and to the extent to which the Company complies with the conditions attached to them.

Interest income is recognised using the effective interest method.

Notes forming part of the Financial Statements

7) COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary nature.

The costs of the Company are broadly categorised as employee benefit expenses, grants, project expenses and other operating expenses. Other operating expenses majorly include sub-contracting costs, travel expenses and other expenses. Other expenses is an aggregation of costs which are individually not material such as rates and taxes, bank charges etc.

8) FINANCIAL INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit and loss

Financial assets are measured at fair value through profit and loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit and loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

9) PROPERTY, PLANT AND EQUIPMENT

The Company recognises the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual value over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013 except in respect of certain categories of assets, where the useful life of the assets has been assessed based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful life is as mentioned below:

Type of asset	Useful life
Office equipment	5 years *
Computer equipment	4 years *

*The Company believes that the technically evaluated useful lives, different from Schedule II of the Companies Act, 2013, best represent the period over which these assets are expected to be used.

Property, plant and equipment consist of the following:

(₹ crore)

Add: Received during the year (refer note 29)	550.00	650.00
Less: Transferred from other than earmarked fund	(359.13)	(189.02)
	1,715.00	**1,524.13**
	1,716.11	**1,525.08**

Note:

The amount unutilised from earmarked funds represent amounts received from donors for specific projects undertaken by the Company which have remained unutilised as at the Balance Sheet date.

Notes forming part of the Financial Statements

20) INCOME

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
Transfer from other than earmarked fund	359.13	189.02
	359.13	**189.02**

21) OTHER INCOME (NET)

Other income (net) consists of the following:

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest income	212.32	174.15
Net gain on investments carried at fair value through profit and loss	8.00	6.75
	220.32	**180.90**
Interest income comprises :		
Interest on savings bank/bank deposits	212.32	167.57
Interest on inter-corporate deposits	-	6.58
	212.32	**174.15**

22) EMPLOYEE BENEFITS

Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the balance sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The Company provides benefits such as gratuity, pension and provident fund (Company managed fund) to its employees which are treated as defined benefit plans.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company provides benefits such as superannuation and foreign defined contribution plans to its employees which are treated as defined contribution plans.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligations at the balance sheet date using the Projected Unit Credit Method.

The accrual for unutilized leave balance is determined for the entire available leave balance standing to the credit of the employees at period end. The leave balance eligible for carry forward is valued at gross compensation cost.

Employee benefit expense consist of the following:

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
Salaries, incentives and allowances	0.51	-
Contributions to provident and other funds	0.05	-
Staff welfare expenses	_*	-
	0.56	**-**

* represents value less than ₹ 1 lakh

Employee benefit obligations consist of the following:

Employee benefit obligations - Non-current

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
Gratuity	0.24	-
	0.24	**-**

Employee benefit obligations - Current

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
Compensated absences	0.02	-
	0.02	**-**

Gratuity

In accordance with Indian law, the Company operate a scheme of gratuity which is a defined benefit plan. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment in accordance with the provisions under the Code on Social Security, 2020 or as per the Company Scheme, as applicable. Vesting occurs upon completion of contractual period of continuous years of service as defined in the Code on Social Security, 2020.

The Company determines the gratuity liability based on actual liability basis as per the provisions of Payment of Gratuity Act, 1972.

Notes forming part of the Financial Statements

The following table sets out the details of the defined benefit retirement plans and the amounts recognised in the financial statements:

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
	Domestic plans unfunded	Domestic plans unfunded
Change in benefit obligations		
Benefit obligations, beginning of the year	-	-
Changes due to inter-company transfers	0.20	-
Service cost	0.04	-
Benefit obligations, end of the year	**0.24**	**-**

Provident fund

Contribution towards provident fund is made to regulatory authorities and the Company does not have any legal or informal obligation to pay additional funds. Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company contributed ₹ 0.01 crore and NIL to the provident fund for the year ended March 31, 2026 and March 31, 2025, respectively.

23) Grants represent expenses towards Corporate Social Responsibility projects which are executed in collaboration with other charitable organisations.

Project expenses represent expenses towards Corporate Social Responsibility projects which are executed by the Company.

24) OTHER OPERATING EXPENSES

Other operating expenses consist of the following:

(₹ crore)

	Year ended March 31, 2026	Year ended March 31, 2025
Sub-contracting costs (Refer note 1 below)	0.28	0.18
Payment to auditors (Refer note 2 below)	0.05	0.05
Travel expenses	0.02	0.01
Other expenses	1.70	0.17
	2.05	**0.41**

Note 1: Cost of personnel on deputation from TCS.

Note 2:

As auditors - statutory audit (inclusive of GST)		
Audit fees	0.05	0.04
Out-of-pocket expenses	-	-*

* represents value less than ₹ 1 lakh

25) INCOME TAXES

The Company is registered under Section 12AA of the Income tax Act, 1961 which entitles it to claim an exemption from income tax, provided certain conditions laid down in Income tax Act, 1961 are complied with. Provision for income tax would be made only in the year in which the Company is unable to establish reasonable certainty of its ability to fulfil these conditions. The Company has also obtained a certificate under Section 80 G of the Income tax Act, 1961.

Notes forming part of the Financial Statements

26) FINANCIAL INSTRUMENTS

The significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset and financial liability are disclosed in note 8 to the financial statements.

a) Financial assets and liabilities

The carrying value of financial instruments by categories as of March 31, 2026 is as follows:

(₹ crore)

	Fair value through profit and loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	0.51	0.51
Bank deposits	-	2,288.90	2,288.90
Investments	195.64	-	195.64
Other financial assets	-	870.27	870.27
Total	**195.64**	**3,159.68**	**3,355.32**
Financial liabilities:			
Trade payables	-	33.35	33.35
Total	**-**	**33.35**	**33.35**

The carrying value of financial instruments by categories as of March 31, 2025 is as follows:

(₹ crore)

	Fair value through profit and loss	Amortised cost	Total carrying value
Financial assets:			
Cash and cash equivalents	-	1.48	1.48
Bank deposits	-	1,595.00	1,595.00
Investments	45.14	-	45.14
Other financial assets	-	1,307.04	1,307.04
Total	**45.14**	**2,903.52**	**2,948.66**
Financial liabilities:			
Trade payables	-	16.99	16.99
Total	**-**	**16.99**	**16.99**

Carrying amounts of cash and cash equivalents, loans receivables and trade payables as at March 31, 2026 and March 31, 2025 approximate the fair value. Fair value measurement of lease liabilities is not required.

Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets measured at fair value on a recurring basis:

(₹ crore)

As of March 31, 2026	Level 1	Level 2	Level 3	Total
Financial assets:				
Mutual funds	195.64	-	-	195.64
Total	**195.64**	**-**	**-**	**195.64**

(₹ crore)

As of March 31, 2025	Level 1	Level 2	Level 3	Total
Financial assets:				
Mutual funds	45.14	-	-	45.14
Total	**45.14**	**-**	**-**	**45.14**

There are no financial liabilities measured at fair value at the end of each reporting period.

b) Financial risk management:

The Company is exposed primarily to market risk, interest rate risk, credit risk and liquidity risks which may adversely impact the fair value of its financial instruments. The Company's Parent Company has a risk management policy which covers risks associated with the financial assets and liabilities of the Company. The risk management policy is approved by the Parent Company's Board of Directors. The focus of the risk management committee of the Parent Company is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company. Investments are made as per the provisions enumerated in the Income Tax Act, 1961 and Risk management practices are followed similar to those followed in Parent Company.

i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the interest rates, liquidity and other market changes.

ii. Interest rate risk

The Company's investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

iii. Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks.

Financial instruments that are subject to credit risk consist of loans receivables, investments, cash and cash equivalents and other financial assets. Bank deposits consist of ₹ 3,018.90 crore held with two banks and ₹ 2,725 crore held with two banks, having high credit rating are individually in excess of 10% or more of the Company's total bank deposits as at March 31, 2026 and 2025 respectively. None of the other financial instruments of the Company result in material concentration of credit risk.

iv. Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

(₹ crore)

March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total
Financial liabilities:					
Trade payables	33.35	-	-	-	33.35
Lease liabilities	-	-	-	-	-
Total	**33.35**	**-**	**-**	**-**	**33.35**

(₹ crore)

March 31, 2025	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total
Financial liabilities:					
Trade payables	16.99	-	-	-	16.99
Lease liabilities	-	-	-	-	-
Total	**16.99**	**-**	**-**	**-**	**16.99**

v. Currency risk

The Company is not exposed to significant currency risk as the revenue and expenditure are primarily denominated in Indian Rupees.

27) SEGMENT REPORTING

The Company is engaged in promoting and funding projects and / or programs, relating to Corporate Social Responsibility (CSR) in India, which in the context of Ind AS 108 Operating Segments is considered as the only reportable segment. The Company does not have any geographical segments.

28) COMMITMENTS AND CONTINGENCIES

Capital commitments

There are no contracts remaining to be executed on capital account and not provided for (net of advances) as at March 31, 2026 (Nil as at March 31, 2025).

Contingencies

There are no contingent liabilities as at March 31, 2026 (Nil as at March 31, 2025).

29) RELATED PARTY TRANSACTIONS

TCS Foundation's principal related parties consist of its holding company Tata Consultancy Services Limited, its subsidiaries and key managerial personnel. The Company routinely enters into transactions with its related parties in the ordinary course of business.

Post-employment benefits	0.02	-
	0.28	**-**

30) No funds have been advanced/loaned/invested (from borrowed funds or from share premium or from any other sources / kind of funds) by the Company to any other person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding (whether recorded in writing or otherwise) that the Intermediary shall (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

No funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding (whether recorded in writing or otherwise) that the Company shall (i) directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

31) On November 21, 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has considered restructured compensation of its employees with effect from April 1, 2026, and assessed the impact of the changes, consistent with the Labour Codes, draft rules, FAQ and legal opinion. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company has not considered any incremental impact in the income and expenditure statement for the year ended March 31, 2026. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.

32) ADDITIONAL REGULATORY INFORMATION

Ratios

Ratio	Numerator	Denominator	Current year	Previous year	% variance	Reason for variance
Current ratio (in times)	Total current assets	Total current liabilities	1.50	1.18	27.12	New deposits and renewal of previous year deposits which were current in nature, were placed with a longer tenure during the year.

Independent Auditor's Report

To the Members of TRIL Bengaluru Real Estate Five Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of TRIL Bengaluru Real Estate Five Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 1 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

   f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company does not have any pending litigations which would impact its financial position.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

   c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

   d (i) The management has represented that, to the best of it's knowledge and belief, as disclosed in the Note 15 of the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds

or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies),including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other person(s) or entity(ies) identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 15 of the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like or on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.

Further, we did not come across any instance of the audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of TRIL Bengaluru Real Estate Five Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Investment property and Investment property under construction. The Company does not hold any Property, Plant and Equipment.

(B) The Company does not hold any intangible assets and accordingly reporting under clause (i)(a)(B) of the order is not applicable.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Investment property by which all investment property are verified every year. In accordance with this programme, all investment property were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancy was noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties disclosed in the financial statements are held in the name of the Company except for an additional land parcel.

(d) The Company does not hold any Property, Plant and Equipment (including Right of Use assets) or intangible assets. Accordingly, clause 3(i)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is engaged in the business of development of real estate and infrastructure facilities. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Income-Tax or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Income-Tax or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not used funds raised on short-term basis for long-term purposes except in the case of funds raised from Holding Company's Inter corporate deposits amounting to Rs. 638.46 Lakhs which will fall due for repayment in one year from the date of their acceptance. The Company has invested the money in construction of Investment property to be completed in more than one year.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clauses 3(ix)(e) and 3(ix)(f) of the Order are not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received during the year under the vigil mechanism established by the Holding Company shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) Pursuant to circular dated July 05, 2017 notified by Ministry of Corporate Affairs (MCA), the Company is exempted from the requirements of constitution of audit committee, accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(b) In our opinion and based on the information and explanations provided to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Act. Accordingly, clause 3(xiv)(b) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has incurred cash losses of Rs 27.05 Lakhs in the current financial year and Rs 9.93 Lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of TRIL Bengaluru Real Estate Five Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of TRIL Bengaluru Real Estate Five Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of financial statements

1) Corporate information

TRIL Bengaluru Real Estate Five Limited (referred to as "the Company") carries on the business of development of real estate and infrastructure facilities.

The Company is a public limited company incorporated and domiciled in India and has its registered office at Bengaluru, Karnataka.

Pursuant to the share purchase and securities purchase agreement ('SSPA') executed on January 29, 2025 between Tata Consultancy Services Limited (TCS), Tata Realty and Infrastructure Limited (TRIL), TRIL Bengaluru Real Estate Five Limited (TBRF) and TRIL Bengaluru Real Estate Six Limited (TBRS), TCS became the holding company. Prior to the execution of SSPA, i.e. upto January 29, 2025, TRIL was the holding company. TRIL and TCS are subsidiaries of Tata Sons Private Limited, the ultimate holding Company.

2) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

3) Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's normal operating cycle is 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been prepared in Indian Rupee (₹) which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet dates and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information related to preparation of the financial statements have been discussed in the respective notes.

4) Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

5) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively.

6) Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks and which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

(a) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Balances with banks		
In current accounts	463.25	398.39
	463.25	**398.39**

(b) Borrowings

Borrowings consist of the following:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Inter-corporate deposits	645.95	505.55
	645.95	**505.55**

Inter-corporate deposits as at March 31, 2026 and 2025 comprise deposits received from the related parties carrying an interest rate of 8.00% p.a. and 8.50% p.a. respectively.

(c) Dues of small enterprises and micro enterprises

The disclosure pursuant to the Micro, Small and Medium Enterprises Development Act, 2006, (MSMED Act) for dues to micro enterprises and small enterprises as at March 31 2026 and 2025 is as under:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Dues remaining unpaid to any supplier		
Principal	-	-
Interest on the above	-	-
Amount of interest paid in terms of section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year	-	-
Amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	-	-
Amount of interest accrued and remaining unpaid	-	-
Amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23 of MSMED Act, 2006	-	-

(d) Trade payables

Ageing for trade payables outstanding as at March 31, 2026 is as follows:

(₹ lakh)

Particulars	Not due	Outstanding for following periods from due date of payment				Total
		Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade payables						
MSME*	-	-	-	-	-	-
Others	-	-	-	-	-	-
Disputed dues - MSME*	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	-	**-**	**-**	**-**	**-**	**-**
Accrued expenses						**31.41**
						31.41

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

Ageing for trade payables outstanding as at March 31, 2025 is as follows:

(₹ lakh)

Particulars	Not due	Outstanding for following periods from due date of payment				Total
		Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade payables						
MSME*	-	-	-	-	-	-
Others	-	-	-	-	-	-
Disputed dues - MSME*	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	-	**-**	**-**	**-**	**-**	**-**
Accrued expenses						**9.84**
						9.84

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

(e) Other financial liabilities

Other financial liabilities consist of the following:

Other financial liabilities – Current

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Capital creditors	383.23	383.23
	383.23	**383.23**

Notes forming part of financial statements

(f) Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(₹ lakh)

	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
Financial assets				
Cash and cash equivalents	-	-	463.25	463.25
	-	**-**	**463.25**	**463.25**
Financial liabilities				
Borrowings	-	-	645.95	645.95
Trade payables	-	-	31.41	31.41
Other financial liabilities	-	-	383.23	383.23
	-	**-**	**1,060.59**	**1,060.59**

The carrying value of financial instruments by categories as at March 31, 2025 is as follows:

(₹ lakh)

	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
Financial assets				
Cash and cash equivalents	-	-	398.39	398.39
	-	**-**	**398.39**	**398.39**
Financial liabilities				
Borrowings	-	-	505.55	505.55
Trade payables	-	-	9.84	9.84
Other financial liabilities	-	-	383.23	383.23
	-	**-**	**898.62**	**898.62**

Carrying amounts of cash and cash equivalents and trade payables as at March 31, 2026 and 2025, approximate the fair value due to their nature. Carrying amounts of other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

(g) Financial risk management

The Company may be exposed to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company is not exposed to any significant market risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. Foreign exchange exposure mainly arises from trade payables denominated in foreign currencies.

- **Interest rate risk**

  Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to any significant interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Currently the Company does not have any customers, so there is no credit risk.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(₹ lakh)

March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total
Financial liabilities					
Borrowings	645.95	-	-	-	645.95
Trade payables	31.41	-	-	-	31.41
Other financial liabilities	383.23	-	-	-	383.23
	1,060.59	**-**	**-**	**-**	**1,060.59**

(₹ lakh)

March 31, 2025	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total
Financial liabilities					
Borrowings	505.55	-	-	-	505.55
Trade payables	9.84	-	-	-	9.84
Other financial liabilities	383.23	-	-	-	383.23
	898.62	**-**	**-**	**-**	**898.62**

(h) Equity instruments

The authorised, issued, subscribed and fully paid up share capital consist of the following:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Authorised		
20,00,000 equity shares of ₹10 each	200.00	200.00
(March 31, 2025: 20,00,000 equity shares of ₹10 each)		
	200.00	**200.00**
Issued, Subscribed and Fully paid up		
17,56,500 equity shares of ₹10 each	175.65	175.65
(March 31, 2025: 17,56,500 equity shares of ₹10 each)		
	175.65	**175.65**

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans.

I. Reconciliation of number of shares

	Year ended March 31, 2026		Year ended March 31, 2025	
	Number of shares	Amount (₹ lakh)	Number of shares	Amount (₹ lakh)
Equity shares				
Opening balance	**17,56,500**	**175.65**	**17,56,500**	**175.65**
Issued during the year	-	-	-	-
Closing balance	**17,56,500**	**175.65**	**17,56,500**	**175.65**

II. Rights, preferences and restrictions attached to shares

The Company has one class of equity shares having a par value of ₹10 each. Each shareholder is eligible for one vote per share held and carry a right to dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

III. Shares held by Holding Company, its Subsidiaries and Associates

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Equity shares		
17,56,500 equity shares (March 31, 2025: 11,41,725 equity shares) are held by Tata Consultancy Services Limited	175.65	114.17
NIL equity shares (March 31, 2025: 6,14,775 equity shares) are held by Tata Realty and Infrastructure Limited*	-	61.48
	175.65	**175.65**

*Includes 6 shares of ₹10 each held jointly with certain nominees.

IV. Details of shares held by shareholders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Holding	Number of shares	Holding
Equity shares				
Tata Consultancy Services Limited, the holding company	17,56,500	100.00%	11,41,725	65.00%
Tata Realty and Infrastructure Limited*	-	0.00%	6,14,775	35.00%

*Includes 6 shares of ₹10 each held jointly with certain nominees.

V. Equity shares movement during five years preceding March 31, 2026

The Company allotted 17,56,500 fully paid-up shares of face value ₹10 each during the year ended March 31, 2025 pursuant to the approval by the Board of Directors.

VI. Disclosure of shareholding of promoters

Disclosure of shareholding of promoters as at March 31, 2026 is as follows:

Promoter name	Shares held by promoters				% Change during the year
	As at March 31, 2026		As at March 31, 2025		
	Number of shares	% of total shares	Number of shares	% of total shares	
Tata Consultancy Services Limited	17,56,500	100.00%	11,41,725	65.00%	35.00%
Tata Realty and Infrastructure Limited*	-	0.00%	6,14,775	35.00%	(35.00)%
Total	**17,56,500**	**100.00%**	**17,56,500**	**100.00%**	**-**

*Includes 6 shares of ₹10 each held jointly with certain nominees.

(i) Instruments entirely equity in nature

I. Reconciliation of number of optionally redeemable convertible debentures

	Year ended March 31, 2026		Year ended March 31, 2025	
	Number of optionally redeemable convertible debentures	Amount (₹ lakh)	Number of optionally redeemable convertible debentures	Amount (₹ lakh)
Optionally redeemable convertible debentures				
Opening balance	**16,48,90,800**	**16,489.08**	**16,48,90,800**	**16,489.08**
Issued during the year	-	-	-	-
Closing balance	**16,48,90,800**	**16,489.08**	**16,48,90,800**	**16,489.08**

Terms of conversion / redemption of issue of Series I: Optionally Redeemable Convertible Debentures

(i) March 31, 2026: 87,81,900 (March 31, 2025: 87,81,900) Unsecured, Unlisted, Transferable, Rupee-Denominated, Optionally Redeemable Convertible Debentures (ORCDs) are issued on private placement basis bearing a face value of ₹10 each. The duration of the ORCDs shall be for a period of 10 years from the date of allotment i.e. upto August 3, 2033 and the offer was made to Tata Realty and Infrastructure Limited, erstwhile Holding Company (Subscriber) which subscribed the issue. The rate of interest for the first 3 years shall be 0.01% p.a. on the face value and for years 4-5, the Issuer and the Subscriber shall mutually agree on the interest rate considering: (i) the financial position of the Issuer; and (ii) the appropriate spread over the fixed deposit interest rate with the State Bank of India for 36-month tenure. Interest shall accrue, due and payable subject to the availability of "Distributable Cashflows".

(ii) Voting Rights: The ORCD holders shall not be entitled to any voting rights except as set out under the Companies Act, 2013 (if any).

(iii) Conversion terms: At any time from the date of issuance but before the maturity date, the Subscriber shall have a right to convert the ORCDs into equity shares converted at the conversion ratio. Conversion price shall mean the fair value of equity share of the Issuer at the time of issuance of the ORCD. The fair value of equity shares at the time of issuance is ₹10 per share. Therefore, the conversion ratio is 1 equity share for every 1 ORCD.

(iv) Interest accrued / due, if any would be paid before conversion of debentures.

Terms of conversion / redemption of issue of Series II: Optionally Redeemable Convertible Debentures

(i) March 31, 2026: 15,61,08,900 (March 31, 2025: 15,61,08,900) Unsecured, Unlisted, Transferable, Rupee-Denominated, Optionally Redeemable Convertible Debentures (ORCDs) are issued on private placement basis bearing a face value of ₹10 each. The duration of the ORCDs shall be for a period of 10 years from the date of allotment i.e. upto August 6, 2033 and the offer is made to Tata Realty and Infrastructure Limited, erstwhile Holding Company (Subscriber) which has subscribed the issue. The rate of interest for the first 3 years shall be 0.01% p.a. on the face value and for years 4-5, the Issuer and the Subscriber shall mutually agree on the interest rate considering: (i) the financial position of the Issuer; and (ii) the appropriate spread over the fixed deposit interest rate with the State Bank of India for 36-month tenure. Interest shall accrue, due and payable subject to the availability of "Distributable Cashflows".

(ii) Voting Rights: The ORCD holders shall not be entitled to any voting rights except as set out under the Companies Act, 2013 (if any).

(iii) Conversion terms : At any time from the date of issuance but before the Maturity Date, the Subscriber shall have a right to convert the ORCDs into equity shares converted at the conversion ratio. Conversion price shall mean the fair value of equity share of the Issuer at the time of issuance of the ORCD. The fair value of equity shares at the time of issuance is ₹10 per share. Therefore, the conversion ratio is 1 equity share for every 1 ORCD.

(iv) Interest accrued / due, if any would be paid before conversion of debentures.

Pursuant to the Share Purchase and Securities Purchase Agreement (SSPA) executed between Tata Consultancy Services Limited (TCS), Tata Realty and Infrastructure Limited (TRIL), TRIL Bengaluru Real Estate Five Limited and TRIL Bengaluru Real Estate Six Limited, 100% of ORCDs held by TRIL have been transferred to TCS.

7) Non-financial assets and non-financial liabilities

(a) Investment property and investment property under construction

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Any gain or loss on disposal of an investment property is recognised in statement of profit and loss.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment property

Investment property consists of the following:

(₹ lakh)

	Freehold land	Total
Cost as at April 1, 2025	**16,740.85**	**16,740.85**
Additions	-	-
Cost as at March 31, 2026	**16,740.85**	**16,740.85**
Accumulated depreciation as at April 1, 2025	**-**	**-**
Depreciation	-	-
Accumulated depreciation as at March 31, 2026	**-**	**-**
Net carrying amount as at March 31, 2026	**16,740.85**	**16,740.85**

(₹ lakh)

	Freehold land	Total
Cost as at April 1, 2024	**-**	**-**
Additions	16,740.85	16,740.85
Cost as at March 31, 2025	**16,740.85**	**16,740.85**
Accumulated depreciation as at April 1, 2024	**-**	**-**
Depreciation	-	-
Accumulated depreciation as at March 31, 2025	**-**	**-**
Net carrying amount as at March 31, 2025	**16,740.85**	**16,740.85**

During the year ended March 31, 2025, freehold land was transferred to investment property.

Investment property under construction

Property that is being constructed for future use as investment property is accounted for as investment property under construction until construction or development is complete. Direct expenses like site labour cost, material used in project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like salary costs, insurance, design and technical assistance, borrowing costs and construction overheads are taken as the cost of the project.

An item of investment property is derecognized upon disposal or when no future economic benefits are expected from its use. Profits and losses on disposals of items of investment property are determined by comparing the proceeds from their disposals with their respective carrying amounts, and are recognised in the statement of profit and loss.

Investment property under construction consists of the following:

(₹ lakh)

	Cost as at April 1, 2025	Movement during the year	Cost as at March 31, 2026
Freehold land	**-**	-	**-**
Rates and taxes	**3.59**	-	**3.59**
Professional and technical fees	**339.11**	18.68	**357.79**
Finance costs	**31.09**	44.88	**75.97**
Other operating expenses	**26.79**	4.20	**30.99**
Total	**400.58**	**67.76**	**468.34**

(₹ lakh)

	Cost as at April 1, 2024	Movement during the year	Cost as at March 31, 2025
Freehold land	**16,641.20**	(16,641.20)	**-**
Rates and taxes	**2.28**	1.31	**3.59**
Professional and technical fees	**172.99**	166.12	**339.11**
Finance costs	**3.43**	27.66	**31.09**
Other operating expenses	**14.09**	12.70	**26.79**
Total	**16,833.99**	**(16,433.41)**	**400.58**

- **Investment property under construction ageing**

Ageing for investment property under construction as at March 31, 2026 is as follows:

(₹ lakh)

Investment property under construction	Amount in investment property under construction for a period of				Total
	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Projects in progress	67.76	400.58	-	-	**468.34**

Ageing for investment property under construction as at March 31, 2025 is as follows:

(₹ lakh)

Investment property under construction	Amount in investment property under construction for a period of				Total
	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Projects in progress	307.44	93.14	-	-	**400.58**

Project execution plans are being modulated basis capacity requirement assessment.

- **Measurement of fair values**

Fair value hierarchy

As at March 31, 2026, the fair values of the investment property and investment property under construction is ₹ 29, 572.78 lakh which has been arrived on the basis of a valuation carried out by an external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued and is a registered valuer as defined under Rule 2 of Companies (Registered Valuers & Valuation) Rules, 2017. The fair value measurement for all of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used.

Valuation technique

The Company follows discounted cash flows technique which considers the present value of net cash flows to be generated from the property taking into account the expected rental growth rate, vacant period, occupancy rate, lease incentive costs such as rent-free periods and other costs not paid by tenants. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location, tenant credit quality and lease terms.

Valuation assumptions and sensitivity analysis table

The Capitalisation method is used for real estate appraisals. Under this method, the value of the established commercial asset is based on the expected Net Operating Income (NOI) from steady lease rental income.

Significant unobservable inputs used in valuation	Inter-relationship
Estimated lease rent	Estimated fair value would increase if expected lease rent were higher and vice-versa.
Rent growth p.a.	Estimated fair value would increase if expected lease escalation were higher and vice-versa.
Construction costs	Estimated fair value would increase if construction costs were lower and vice-versa.
Capitalisation rate	Estimated fair value would increase if expected capitalisation rate were lower and vice-versa.
Discount rate	Estimated fair value would increase if discount rate were lower and vice-versa.

If the estimated lease rent increases / decreases by 1%, the fair value would increase / (decrease) as follows:

(₹ lakh)

	As at March 31, 2026
Increase of 1%	560.62
Decrease of 1%	(560.64)

If the construction costs increase / decrease by 1%, the fair value would increase / (decrease) as follows:

(₹ lakh)

	As at March 31, 2026
Increase of 1%	(249.26)
Decrease of 1%	249.24

If the discount rate increases / decreases by 0.25%, the fair value would increase / (decrease) as follows:

(₹ lakh)

	As at March 31, 2026

Rates and taxes	17.49	-
Audit fees	9.42	8.62
Legal and professional fees	-	0.92
Miscellaneous expenses	0.14	0.39
	27.05	**9.93**

Notes forming part of financial statements

10) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax expense includes income taxes payable by the Company in India.

The Company has recognised income tax expenses applying the provisions under section 115BAA of the Income-tax Act, 1961.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision where intention is to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination, affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company is in development stage and does not generate any taxable profit and therefore deferred tax assets have not been recognised on tax losses.

Notes forming part of financial statements

11) Earnings per share

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares and optionally redeemable convertible debentures outstanding during the year.

	Year ended March 31, 2026	Year ended March 31, 2025
Loss for the year (₹ lakh)	(27.05)	(9.93)
Weighted average number of equity shares for basic earnings per share	17,56,500	17,56,500
Basic earnings per share (₹)	(1.54)	(0.57)
Weighted average number of equity shares and optionally redeemable convertible debentures for diluted earnings per share	16,66,47,300	16,66,47,300
Diluted earnings per share (₹)*	(1.54)	(0.57)
Face value per equity share (₹)	10	10

* Anti-dilutive - hence not considered.

12) Auditor's remuneration

Auditor's remuneration consists of the following:

(₹ lakh)

	Year ended March 31, 2026	Year ended March 31, 2025
Auditor	6.00	6.00
For other services	3.42	2.62

13) Segment information

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Board, being the chief operating decision maker for the Company, assesses the financial performance and position of the Company and makes strategic decisions. The Company is operating in the real estate and infrastructure industry. The Company has only one operating segment, which is development of real estate and infrastructure facilities. All assets of the Company are domiciled in India and the Company has no revenue.

Notes forming part of financial statements

14) Related party transactions

The Company's principal related parties consist of its ultimate holding company Tata Sons Private Limited, subsidiaries of ultimate holding company, its holding company Tata Consultancy Services Limited and its subsidiaries. The Company's material related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

Transactions with related parties are as follows:

Independent Auditor's Report

To the Members of TRIL Bengaluru Real Estate Six Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of TRIL Bengaluru Real Estate Six Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to

provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 1 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

   f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   a. The Company does not have any pending litigations which would impact its financial position.

   b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of it's knowledge and belief, as disclosed in the Note 17 of the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies),including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other person(s) or entity(ies) identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that, to the best of its knowledge and belief, as disclosed in the Note 17 of the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like or on behalf of the Ultimate Beneficiaries;

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the year.

f. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.

Further, we did not come across any instance of the audit trail feature being tampered with. Additionally, where audit trail (edit log) facility was enabled and operated in the previous years, the audit trail has been preserved by the Company as per the statutory requirements for record retention

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Company has not paid any remuneration to its directors during the year. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of TRIL Bengaluru Real Estate Six Limited for the year ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Investment property and Investment property under construction. The Company does not hold any Property, Plant and Equipment.

(B) The Company does not hold any intangible assets and accordingly reporting under clause (i)(a)(B) of the order is not applicable.

(i) (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Investment property by which all investment property are verified every year. In accordance with this programme, all investment property were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancy was noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties disclosed in the financial statements are held in the name of the Company except for an additional land parcel.

(d) The Company does not hold any Property, Plant and Equipment (including Right of Use assets) or intangible assets. Accordingly, clause 3(i)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is engaged in the business of development of real estate and infrastructure facilities. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Income-Tax or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Income-Tax or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not used funds raised on short-term basis for long-term purposes except in the case of funds raised from Holding Company's Inter corporate deposits amounting to Rs. 4,338.45 Lakhs which will fall due for repayment in one year from the date of their acceptance. The Company has invested the money in construction of Investment property to be completed in more than one year.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2026. Accordingly, clauses 3(ix)(e) and 3(ix)(f) of the Order are not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the year.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. We have taken into consideration the whistle blower complaints received during the year under the vigil mechanism established by the Holding Company shared with us while determining the nature, timing and extent of our audit procedures.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) Pursuant to circular dated July 05, 2017 notified by Ministry of Corporate Affairs (MCA), the Company is exempted from the requirements of constitution of audit committee, accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(b) In our opinion and based on the information and explanations provided to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Act. Accordingly, clause 3(xiv)(b) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has incurred cash losses of Rs. 194.49 lakhs in the current financial year and Rs 60.04 lakhs in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of TRIL Bengaluru Real Estate Six Limited for the year ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of TRIL Bengaluru Real Estate Six Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of financial statements

1) Corporate information

TRIL Bengaluru Real Estate Six Limited (referred to as "the Company") carries on the business of development of real estate and infrastructure facilities.

The Company is a public limited company incorporated and domiciled in India and has its registered office at Bengaluru, Karnataka.

Pursuant to the share purchase and securities purchase agreement ('SSPA') executed on January 29, 2025 between Tata Consultancy Services Limited (TCS), Tata Realty and Infrastructure Limited (TRIL), TRIL Bengaluru Real Estate Five Limited (TBRF) and TRIL Bengaluru Real Estate Six Limited (TBRS), TCS became the holding company. Prior to the execution of SSPA, i.e. upto January 29, 2025, TRIL was the holding company. TRIL and TCS are subsidiaries of Tata Sons Private Limited, the ultimate holding Company.

2) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

3) Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's normal operating cycle is 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been prepared in Indian Rupee (₹) which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet dates and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information related to preparation of the financial statements have been discussed in the respective notes.

4) Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

5) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively.

6) Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks and which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

(a) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Balances with banks		
In current accounts	166.44	394.18
	166.44	**394.18**

(b) Other financial assets

Other financial assets consist of the following:

Other financial assets – Current

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Other receivables	383.23	383.23
	383.23	**383.23**

(c) Borrowings

Borrowings consist of the following:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025

Disputed dues - MSME*	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	-	**-**	**-**	**-**	**-**	**-**
Accrued expenses						**9.19**
						9.19

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

(f) Other financial liabilities

Other financial liabilities consist of the following:

Other financial liabilities – Current

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Capital creditors	260.48	241.22
	260.48	**241.22**

(g) Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(₹ lakh)

	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
Financial assets				
Cash and cash equivalents	-	-	166.44	166.44
Other financial assets	-	-	383.23	383.23
	-	**-**	**549.67**	**549.67**
Financial liabilities				
Borrowings	-	-	4,392.75	4,392.75
Trade payables	-	-	156.08	156.08
Other financial liabilities	-	-	260.48	260.48
	-	**-**	**4,809.31**	**4,809.31**

The carrying value of financial instruments by categories as at March 31, 2025 is as follows:

(₹ lakh)

	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
Financial assets				
Cash and cash equivalents	-	-	394.18	394.18
Other financial assets	-	-	383.23	383.23
	-	**-**	**777.41**	**777.41**
Financial liabilities				
Borrowings	-	-	3,134.44	3,134.44
Trade payables	-	-	9.19	9.19
Other financial liabilities	-	-	241.22	241.22
	-	**-**	**3,384.85**	**3,384.85**

Carrying amounts of cash and cash equivalents and trade payables as at March 31, 2026 and 2025, approximate the fair value due to their nature. Carrying amounts of other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

(h) Financial risk management

The Company may be exposed to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company is not exposed to any significant market risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. Foreign exchange exposure mainly arises from trade payables denominated in foreign currencies.

- **Interest rate risk**

  Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to any significant interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Currently the company does not have any customers, so there is no credit risk.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(₹ lakh)

March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total

III. Shares held by Holding Company, its Subsidiaries and Associates

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Equity shares		
93,34,600 equity shares (March 31, 2025: 60,67,490 equity shares) are held by Tata Consultancy Services Limited	933.46	606.75
NIL equity shares (March 31, 2025: 32,67,110 equity shares) are held by Tata Realty and Infrastructure Limited*	-	326.71
	933.46	**933.46**

*Includes 6 shares of ₹10 each held jointly with certain nominees.

IV. Details of shares held by shareholders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2026		As at March 31, 2025	
	Number of shares	Holding	Number of shares	Holding
Equity shares				
Tata Consultancy Services Limited, the holding company	93,34,600	100.00%	60,67,490	65.00%
Tata Realty and Infrastructure Limited*	-	0.00%	32,67,110	35.00%

*Includes 6 shares of ₹10 each held jointly with certain nominees.

V. Equity shares movement during five years preceding March 31, 2026

The Company allotted 93,34,600 fully paid-up shares of face value ₹10 each during the year ended March 31, 2024 pursuant to the approval by the Board of Directors.

VI. Disclosure of shareholding of promoters

Disclosure of shareholding of promoters as at March 31, 2026 is as follows:

Promoter name	Shares held by promoters				% Change during the year
	As at March 31, 2026		As at March 31, 2025		
	Number of shares	% of total shares	Number of shares	% of total shares	
Tata Consultancy Services Limited	93,34,600	100.00%	60,67,490	65.00%	35.00%
Tata Realty and Infrastructure Limited*	-	0.00%	32,67,110	35.00%	(35.00)%
Total	**93,34,600**	**100.00%**	**93,34,600**	**100.00%**	**-**

*Includes 6 shares of ₹10 each held jointly with certain nominees.

(j) Instruments entirely equity in nature

I. Reconciliation of number of optionally redeemable convertible debentures

	Year ended March 31, 2026		Year ended March 31, 2025	
	Number of optionally redeemable convertible debentures	Amount (₹ lakh)	Number of optionally redeemable convertible debentures	Amount (₹ lakh)
Optionally redeemable convertible debentures				
Opening balance	**87,67,24,500**	**87,672.45**	**-**	**-**
Issued during the year	-	-	87,67,24,500	87,672.45
Closing balance	**87,67,24,500**	**87,672.45**	**87,67,24,500**	**87,672.45**

Terms of conversion / redemption of issue of Series I: Optionally Redeemable Convertible Debentures

(i) March 31, 2026: 4,66,93,500 (March 31, 2025: 4,66,93,500) Unsecured, Unlisted, Transferable, Rupee-Denominated, Optionally Redeemable Convertible Debentures (ORCDs) are issued on private placement basis bearing a face value of ₹10 each. The duration of the ORCDs shall be for a period of 10 years from the date of allotment i.e. up to August 3, 2033 and the offer was made to Tata Realty and Infrastructure Limited, erstwhile Holding Company (Subscriber) which subscribed the issue. The rate of interest for the first 3 years shall be 0.01% p.a. on the face value and for years 4-5, the Issuer and the Subscriber shall mutually agree on the interest rate considering: (i) the financial position of the Issuer; and (ii) the appropriate spread over the fixed deposit interest rate with the State Bank of India for 36-month tenure. Interest shall accrue, due and payable subject to the availability of "Distributable Cashflows".

(ii) Voting Rights: The ORCD holders shall not be entitled to any voting rights except as set out under the Companies Act, 2013 (if any).

(iii) Conversion terms: At any time from the date of issuance but before the maturity date, the Subscriber shall have a right to convert the ORCDs into equity shares converted at the conversion ratio. Conversion price shall mean the fair value of equity share of the Issuer at the time of issuance of the ORCD. The fair value of equity shares at the time of issuance is ₹10 per share. Therefore, the conversion ratio is 1 equity share for every 1 ORCD.

(iv) Interest accrued / due, if any would be paid before conversion of debentures.

Terms of conversion / redemption of issue of Series II: Optionally Redeemable Convertible Debentures

(i) March 31, 2026: 83,00,31,000 (March 31, 2025: 83,00,31,000) Unsecured, Unlisted, Transferable, Rupee-Denominated, Optionally Redeemable Convertible Debentures (ORCDs) are issued on private placement basis bearing a face value of ₹10 each. The duration of the ORCDs shall be for a period of 10 years from the date of allotment i.e. up to August 6, 2033 and the offer is made to Tata Realty and Infrastructure Limited, erstwhile Holding Company (Subscriber) which has subscribed the issue. The rate of interest for the first 3 years shall be 0.01% p.a. on the face value and for years 4-5, the Issuer and the Subscriber shall mutually agree on the interest rate considering: (i) the financial position of the Issuer; and (ii) the appropriate spread over the fixed deposit interest rate with the State Bank of India for 36-month tenure. Interest shall accrue, due and payable subject to the availability of "Distributable Cashflows".

(ii) Voting Rights: The ORCD holders shall not be entitled to any voting rights except as set out under the Companies Act, 2013 (if any).

(iii) Conversion terms : At any time from the date of issuance but before the Maturity Date, the Subscriber shall have a right to convert the ORCDs into equity shares converted at the conversion ratio. Conversion price shall mean the fair value of equity share of the Issuer at the time of issuance of the ORCD. The fair value of equity shares at the time of issuance is ₹10 per share. Therefore, the conversion ratio is 1 equity share for every 1 ORCD.

(iv) Interest accrued / due, if any would be paid before conversion of debentures.

Pursuant to the Share Purchase and Securities Purchase Agreement (SSPA) executed between Tata Consultancy Services Limited (TCS), Tata Realty and Infrastructure Limited (TRIL), TRIL Bengaluru Real Estate Five Limited and TRIL Bengaluru Real Estate Six Limited, 100% of ORCDs held by TRIL have been transferred to TCS.

7) Non-financial assets and non-financial liabilities

(a) Investment property and investment property under construction

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Upon initial recognition, an investment property is measured at cost. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment losses, if any. Any gain or loss on disposal of an investment property is recognised in statement of profit and loss.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment property

Investment property consists of the following:

(₹ lakh)

	Freehold land	Total
Cost as at April 1, 2025	**89,011.13**	**89,011.13**
Additions	-	-
Disposals	-	-
Cost as at March 31, 2026	**89,011.13**	**89,011.13**
Accumulated depreciation as at April 1, 2025	**-**	**-**
Depreciation	-	-
Disposals	-	-
Accumulated depreciation as at March 31, 2026	**-**	**-**
Net carrying amount as at March 31, 2026	**89,011.13**	**89,011.13**

(₹ lakh)

	Freehold land	Total
Cost as at April 1, 2024	**-**	**-**
Additions	89,011.13	89,011.13
Disposals	-	-
Cost as at March 31, 2025	**89,011.13**	**89,011.13**
Accumulated depreciation as at April 1, 2024	**-**	**-**
Depreciation	-	-
Disposals	-	-
Accumulated depreciation as at March 31, 2025	**-**	**-**
Net carrying amount as at March 31, 2025	**89,011.13**	**89,011.13**

During the year ended March 31, 2025, freehold land was transferred to investment property.

Investment property under construction

Property that is being constructed for future use as investment property is accounted for as investment property under construction until construction or development is complete. Direct expenses like site labour cost, material used in project construction, project management consultancy, costs for moving the plant and machinery to the site and general expenses incurred specifically for the respective project like salary costs, insurance, design and technical assistance, borrowing costs and construction overheads are taken as the cost of the project.

An item of investment property is derecognized upon disposal or when no future economic benefits are expected from its use. Profits and losses on disposals of items of investment property are determined by comparing the proceeds from their disposals with their respective carrying amounts and are recognised in the statement of profit and loss.

Investment property under construction consists of the following:

(₹ lakh)

	Cost as at April 1, 2025	Movement during the year	Cost as at March 31, 2026
Freehold land	**-**	-	**-**
Rates and taxes	**19.08**	-	**19.08**
Professional and technical fees	**1,792.65**	1,138.81	**2,931.46**
Finance costs	**168.84**	287.01	**455.85**
Other operating expenses	**120.36**	-	**120.36**
Total	**2,100.93**	**1,425.82**	**3,526.75**

(₹ lakh)

	Cost as at April 1, 2024	Movement during the year	Cost as at March 31, 2025
Freehold land	**88,481.31**	(88,481.31)	**-**
Rates and taxes	**12.11**	6.97	**19.08**
Professional and technical fees	**909.38**	883.27	**1,792.65**

Total	**89,475.40**	**(87,374.47)**	**2,100.93**

- **Investment property under construction ageing**

Ageing for investment property under construction as at March 31, 2026 is as follows:

(₹ lakh)

Investment property under construction	Amount in investment property under construction for a period of				Total
	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Projects in progress	1,425.82	2,100.93	-	-	**3,526.75**

Ageing for investment property under construction as at March 31, 2025 is as follows:

(₹ lakh)

Investment property under construction	Amount in investment property under construction for a period of				Total
	Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Projects in progress	1,636.66	464.27	-	-	**2,100.93**

Project execution plans are being modulated basis capacity requirement assessment.

- **Measurement of fair values**

Fair value hierarchy

As at March 31, 2026, the fair values of the investment property and investment property under construction is ₹ 1,57,242.02 lakh which has been arrived on the basis of a valuation carried out by an external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued and is a registered valuer as defined under Rule 2 of Companies (Registered Valuers & Valuation) Rules, 2017. The fair value measurement for all of the investment property has been categorised as a Level 3 fair value based on the inputs to the valuation technique used.

Valuation technique

The Company follows discounted cash flows technique which considers the present value of net cash flows to be generated from the property taking into account the expected rental growth rate, vacant period, occupancy rate, lease incentive costs such as rent-free periods and other costs not paid by tenants. The expected net cash flows are discounted using risk-adjusted discount rates. Among other factors, the discount rate estimation considers the quality of a building and its location, tenant credit quality and lease terms.

Valuation assumptions and sensitivity analysis table

The Capitalisation method is used for real estate appraisals. Under this method, the value of the established commercial asset is based on the expected Net Operating Income (NOI) from steady lease rental income.

Significant unobservable inputs used in valuation	Inter-relationship
Estimated lease rent	Estimated fair value would increase if expected lease rent were higher and vice-versa
Rent growth p.a.	Estimated fair value would increase if expected lease escalation were higher and vice-versa
Construction costs	Estimated fair value would increase if construction costs were lower and vice-versa
Capitalisation rate	Estimated fair value would increase if expected capitalisation rate were lower and vice-versa
Discount rate	Estimated fair value would increase if discount rate were lower and vice-versa

If the estimated lease rent increases / decreases by 1%, the fair value would increase / (decrease) as follows:

(₹ lakh)

	As at March 31, 2026
Increase of 1%	2,980.88
Decrease of 1%	(2,980.96)

If the construction costs increase / decrease by 1%, the fair value would increase / (decrease) as follows:

(₹ lakh)

	As at March 31, 2026
Increase of 1%	(1,325.34)
Decrease of 1%	1,325.26

If the discount rate increases / decreases by 0.25%, the fair value would increase / (decrease) as follows:

(₹ lakh)

	As at March 31, 2026
Increase of 0.25%	(2,345.31)
Decrease of 0.25%	2,374.86

- **Reconciliation of fair value**

  Reconciliation of fair value measurement of investment property and investment property under construction is as follows:

(₹ lakh)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	**1,36,776.25**	**89,475.40**
Additions during the year	1,425.82	1,636.66
Increase in fair value	19,039.95	45,664.19
Balance at the end of the year	**1,57,242.02**	**1,36,776.25**

(b) Other assets

Other assets consist of the following:

Other assets – Current

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Considered good		
Indirect taxes recoverable	19.01	9.14
Prepaid expenses	1.66	1.66
Others	23.50	-
	44.17	**10.80**

(c) Other liabilities

Other liabilities consist of the following:

Other liabilities – Current

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Indirect taxes payable and other statutory liabilities	3.82	2.34
	3.82	**2.34**

8) Other equity

Other equity consist of the following:

(₹ lakh)

	As at March 31, 2026	As at March 31, 2025
Retained earnings		
Opening balance	**(92.83)**	**(32.79)**
Loss for the year	(194.49)	(60.04)
	(287.32)	**(92.83)**

9) Other income

Other income consist of the following:

(₹ lakh)

Interest income	-	0.02
Net foreign exchange gain	1.73	-
	1.73	**0.02**
Interest income comprise:		
Interest on income tax refunds	-	0.02

Notes forming part of financial statements

10) Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their nature.

Other expenses

Other expenses consist of the following:

(₹ lakh)

	Year ended March 31, 2026	Year ended March 31, 2025
Rates and taxes	139.95	-
Audit fees	9.42	8.46
Business promotion expenses	-	19.51
Travelling and conveyance	-	1.70
Legal and professional fees	2.45	29.35
Facility expenses	43.74	-
Miscellaneous expenses	0.66	1.04
	196.22	**60.06**

11) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax expense includes income taxes payable by the Company in India.

The Company has recognised income tax expenses applying the provisions under Section 115BAA of the Income-tax Act, 1961.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision where intention is to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination, affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company is in development stage and does not generate any taxable profit and therefore deferred tax assets have not been recognised on tax losses.

Notes forming part of financial statements

12) Earnings per share

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares and optionally redeemable convertible debentures outstanding during the year.

	Year ended March 31, 2026	Year ended March 31, 2025
Loss for the year (₹ lakh)	(194.49)	(60.04)
Weighted average number of equity shares for basic earnings per share	93,34,600	93,34,600
Basic earnings per share (₹)	(2.08)	(0.64)
Weighted average number of equity shares and optionally redeemable convertible debentures for diluted earnings per share	88,60,59,100	88,60,59,100
Diluted earnings per share (₹)*	(2.08)	(0.64)
Face value per equity share (₹)	10	10

* Anti-dilutive - hence not considered.

13) Auditor's remuneration

Auditor's remuneration consists of the following:

(₹ lakh)

	Year ended March 31, 2026	Year ended March 31, 2025
Auditor	6.00	6.00
For other services	3.42	2.46

14) Segment information

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Board, being the chief operating decision maker for the Company, assesses the financial performance and position of the Company and makes strategic decisions. The Company is operating in the real estate and infrastructure industry. The Company has only one operating segment, which is development of real estate and infrastructure facilities. All assets of the Company are domiciled in India and the Company has no revenue.

15) Related party transactions

The Company's principal related parties consist of its ultimate holding company Tata Sons Private Limited, subsidiaries of ultimate holding company, its holding company Tata Consultancy Services Limited and its subsidiaries. The Company's material related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

Notes forming part of financial statements

Transactions with related parties are as follows:

(₹ lakh)

	Year ended March 31, 2026	Year ended March 31, 2025

Independent Auditor's Report

To the Members of HyperVault AI Data Center Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of HyperVault AI Data Center Limited (the "Company") which comprise the balance sheet as at 31 March 2026, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the period beginning from 29 October 2025 to 31 March 2026 ("the period"), and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss and other comprehensive loss, changes in equity and its cash flows for the period ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's directors' report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance

is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and others matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2 A. As required by Section 143(3) of the Act, we report that:

   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

   e. On the basis of the written representations received from the directors as on 1 April 2026 to 8 April 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of Section 164(2) of the Act.

   f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company does not have any pending litigations which would impact its financial position.

b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

d (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 17 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 17 to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

e. The Company has neither declared nor paid any dividend during the period.

f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current period is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of HyperVault AI Data Center Limited for the period ended 31 March 2026

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

(i) (a) (A) The Company does not have any Property, Plant and Equipment. Accordingly reporting under clause 3(i)(a)(A) of the order is not applicable.

(B) The Company does not have any intangible assets. Accordingly reporting under clause 3(i)(a)(B) of the order is not applicable.

(b) The Company does not have any Property, Plant and Equipment. Accordingly reporting under clause 3(i)(b) of the order is not applicable.

(c) The Company does not have any immovable property. Accordingly, clause 3(i)(c) of the Order is not applicable.

(d) The Company does not have any Property, Plant and Equipment (including Right of Use assets) or intangible assets. Accordingly reporting under clause 3(i)(d) of the order is not applicable

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The Company is a service company, primarily rendering development, ownership, operation, and management of data centers and associated infrastructure in India designed for both Al and non-Al workloads. Accordingly, it does not hold any physical inventories. Accordingly, clause 3(ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the period. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the period. The Company has made investments in other parties, in respect of which the requisite information is as below. The Company has not made any investments in companies, firms or limited liability partnerships during the period. Accordingly, provisions of clauses 3(iii)(a) and 3(iii)(c) to 3(iii)(f) of the Order are not applicable to the Company.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made during the period are not prejudicial to the interest of the Company. The Company has not provided any guarantee or security or granted any loans or advances in the nature of loans during the period.

(iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the services provided by it. Accordingly, clause 3(vi) of the Order is not applicable.

(vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the period since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Income-Tax or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities. According to the information and explanations given to us and on the basis of our examination of the records of the Company, Employee State Insurance and Duty of Customs is not applicable for the current period.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Income-Tax or Cess or other statutory dues were in arrears as at 31 March 2026 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no statutory dues relating to Goods and Service Tax, Provident Fund, Income-Tax or Cess or other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the period.

(ix) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company did not have any loans or borrowings from any lender during the period. Accordingly, clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.

(c) In our opinion and according to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix)(c) of the Order is not applicable.

(d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the period ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.

(f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the period ended 31 March 2026. Accordingly, clause 3(ix)(f) is not applicable.

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment of shares or fully or partly convertible debentures during the period. In our opinion, in respect of private placement of equity and compulsorily convertible preference shares made during the period, the Company has duly complied with the requirements of Section 42 of the Act. In our opinion and according to the information and explanations given to us by the management, the proceeds from issue of equity and compulsorily convertible preference shares of Rs 40,686.28 lakhs remain unutilised as at 31 March 2026 because the funds were received towards the end of the year. The Company has temporarily kept such unutilised balance in deposits with bank and mutual funds as at 31 March 2026.

(xi) (a) During the course of our examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) Establishment of vigil mechanism is not mandated for the Company. As represented to us by the management, there are no whistle blower complaints received by the Company under the vigil mechanism established voluntarily by the Company during the period.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) Pursuant to circular dated July 05, 2017 notified by Ministry of Corporate Affairs (MCA), the Company is exempted from the requirements of constitution of audit committee, accordingly the requirements as stipulated by the provisions of Section 177 of the Act are not applicable to the Company. In our opinion and according to the information and explanations given to us and on the basis of our examination of records of the Company, transactions with the related parties are in

compliance with Section 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) (a) In our opinion and based on the information and explanations provided to us, the Company does not have an Internal Audit system and is not required to have an internal audit system as per Section 138 of the Act.

(b) In our opinion and based on the information and explanations provided to us, the Company does not have an internal audit system and is not required to have an internal audit system as per Section 138 of the Act. Accordingly, clause 3(xiv)(b) of the Order is not applicable.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.

(xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) According to the information and explanations provided to us, the Group (as defined in the regulations made by the Reserve Bank of India) has more than one CIC as part of the Group. The Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.

(xvii) The Company has incurred cash losses of Rs 400.54 lakhs in the current financial period and there is no immediately preceding financial year

(xviii) There has been no resignation of the statutory auditors during the period. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of HyperVault AI Data Center Limited for the period ended 31 March 2026

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of HyperVault AI Data Center Limited ("the Company") as of 31 March 2026 in conjunction with our audit of the financial statements of the Company for the period ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes forming part of financial statements

1) Corporate information

HyperVault AI Data Center Limited (referred to as "the Company") carries on the business of development of secure, scalable, AI-ready data centre infrastructure designed specifically for high-performance and compute-intensive AI workloads.

The Company is a public limited company incorporated and domiciled in India and has its registered office at Mumbai, Maharashtra. As at March 31, 2026, Tata Consultancy Services Limited, the holding company owned 85.00% of the Company's equity share capital.

The Board of Directors approved the financial statements for the period ended March 31, 2026 and authorised for issue on May 8, 2026.

2) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

3) Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's normal operating cycle is 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value to be cash equivalents.

These financial statements have been prepared in Indian Rupee (₹) which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet dates and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The Company was incorporated in October 29, 2025. The Company carries on the business of development of secure, scalable, AI-ready data centre infrastructure designed specifically for high-performance and compute-intensive AI workloads. During the period ended March 31, 2026, the Company has not commenced its operations. The Company received funding from Tata Consultancy Services Limited and from TPG Terabyte Bidco Pte. Ltd.. Pending utilisation of these funds for the construction and development of data center, the Company temporarily invested funds in deposits with bank and mutual funds. The existing holding of investments and related income is temporary in nature and arise only due to the timing difference between receipt of funds and commencement of development activities. The development activities are expected to begin in the next financial year, and the Company will invest only surplus funds thereafter.

The material accounting policy information related to preparation of the financial statements have been discussed in the respective notes.

4) Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make estimates and judgements that affect the reported balances of assets and

liabilities, disclosures of contingent liabilities as at the date of financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

5) Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 – The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.
3. Ind AS 12, International Tax Reform – Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively.

6) Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks and which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method except for Class B compulsorily convertible preference shares which are subsequently measured at fair value through profit and loss.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

(a) Investments

Investments consist of the following:

Investments – Current

(₹ lakh)

	As at March 31, 2026
Investments carried at fair value through profit or loss	
Mutual fund units (quoted)	40,996.54
	40,996.54

Aggregate value of quoted investments is as follows:

(₹ lakh)

	As at March 31, 2026
Aggregate value of quoted investments	40996.25
Aggregate market value of quoted investments	40996.25

(b) Cash and cash equivalents

Cash and cash equivalents consist of the following:

(₹ lakh)

	As at March 31, 2026
Balances with banks	
In current accounts	50.00
In deposit accounts	54.26
	104.26

c. Dues of small enterprises and micro enterprises

The disclosure pursuant to the Micro, Small and Medium Enterprises Development Act, 2006, (MSMED Act) for dues to micro enterprises and small enterprises as at March 31, 2026 is as under:

(₹ lakh)

	As at March 31, 2026
Dues remaining unpaid to any supplier	
Principal	-
Interest on the above	-
Amount of interest paid in terms of section 16 of the MSMED Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting period	-
Amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act, 2006	-
Amount of interest accrued and remaining unpaid	-
Amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under section 23 of MSMED Act, 2006	-

(d) Trade payables

Ageing for trade payables outstanding as at March 31, 2026 is as follows:

(₹ lakh)

Particulars	Not due	Outstanding for following periods from due date of payment				Total
		Less than 1 year	1 - 2 years	2 - 3 years	More than 3 years	
Trade payables						
MSME*	-	-	-	-	-	-
Others	-	-	-	-	-	-
Disputed dues - MSME*	-	-	-	-	-	-
Disputed dues - Others	-	-	-	-	-	-
	-	**-**	**-**	**-**	**-**	**-**
Accrued expenses						**724.13**
						724.13

*MSME as per the Micro, Small and Medium Enterprises Development Act, 2006.

(e) Terms of conversion / redemption of Class B compulsorily convertible preference shares

(i) March 31, 2026: 1,26,12,745 Class B compulsorily convertible preference shares (Class B CCPS) are issued on private placement basis bearing a face value of ₹100 each. The term of the Class B CCPS shall be the period commencing from the date of allotment and ending on earlier of the date of conversion of Class B as specified in Shareholders' agreement or 20 years from the date of issuance of the Class B CCPS. The rate of dividend shall be 0.00001% p.a. on the face value of Class B CCPS and it shall be a fixed non-cumulative dividend.

(ii) Voting Rights: Class A CCPS shall not carry any voting rights until conversion into equity shares.

(iii) Conversion terms: The conversion ratio of the Class B CCPS for their conversion shall be determined in accordance with the provision specified in Shareholders' agreement and shall be crystallised and frozen upon the earlier of (a) provisions specified in Shareholders' agreement and (b) the expiry of 20 years from the date of issuance of the Class B CCPS.

(f) Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(₹ lakh)

	Fair value through profit or loss	Amortised cost	Total carrying value
Financial assets			
Cash and cash equivalents	-	104.26	104.26
Investments	40,996.54	-	40,996.54
	40,996.54	**104.26**	**41,100.80**
Financial liabilities			
Trade payables	-	724.13	724.13
Other financial liabilites	12,612.75	-	12,612.75
	12,612.75	**724.13**	**13,336.88**

Carrying amounts of cash and cash equivalents as at March 31, 2026, approximate the fair value due to their nature.

(g) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

(₹ lakh)

As at March 31, 2026	Level 1	Level 2	Level 3	Total
Financial assets				
Investments	40,996.54	-	-	40,996.54
	40,996.54	**-**	**-**	**40,996.54**
Financial liabilities				
Class B compulsorily convertible preference shares	-	-	12,612.75	12,612.75
	-	**-**	**12,612.75**	**12,612.75**

Reconciliation of Level 3 fair value measurement of financial liabilities is as follows:

(₹ lakh)

	Period ended March 31, 2026
Balance at the beginning of the period	**-**
Additions during the period	12,612.75
Balance at the end of the period	**12,612.75**

Notes forming part of financial statements

(h) Financial risk management

The Company may be exposed to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company is not exposed to any significant market risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. The Company does not have foreign exchange exposure at present.

- **Interest rate risk**

  Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to any significant interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Currently the company does not have any customers, so there is no credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹41,100.80 lakh as at March 31, 2026, being the total of the carrying amount of balances with banks, investments and other financial assets.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(₹ lakh)

March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5 years	Total
Financial liabilities					
Trade payables	724.13	-	-	-	724.13
Class B compulsorily convertible preference shares	-	-	-	12,612.75	12,612.75
	724.13	**-**	**-**	**12,612.75**	**13,336.88**

Notes forming part of financial statements

(i) Equity instruments

The authorised, issued, subscribed and fully paid up share capital consist of the following:

(₹ lakh)

	As at March 31, 2026
Authorised :	
20,00,000 equity shares of ₹100 each	2,000.00
	2,000.00
Issued, Subscribed and Fully paid up	
18,00,000 equity shares of ₹100 each	1,800.00
	1,800.00

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are primarily met through issuance of shares. The Company is not subject to any externally imposed capital requirements.

I. Reconciliation of number of shares

	Period ended March 31, 2026	
	Number of shares	Amount (₹ lakh)
Equity shares		
Opening balance	**-**	**-**
Issued / converted / consolidated during the period	18,00,000	1,800.00
Closing balance	**18,00,000**	**1,800.00**

The Company allotted 75,00,000 fully paid-up equity shares of face value ₹10 each during the year ended March 31, 2026 to Tata Consultancy Services Limited. These 75,00,000 fully paid-up equity shares of face value ₹10 each were consolidated into 7,50,000 fully paid-up equity shares of face value ₹100 each. 7,80,000 Class A compulsorily convertible preference shares of face value ₹100 each held by Tata Consultancy Services Limited were converted to 7,80,000 fully paid-up equity shares of face value ₹100 each. The Company allotted 2,70,000 fully paid-up equity shares of face value ₹10 each during the year ended March 31, 2026 to TPG Terabyte Bidco Pte. Ltd.

II. Rights, preferences and restrictions attached to shares

The Company has one class of equity shares having a par value of ₹100 each. Each shareholder is eligible for one vote per share held and carry a right to dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

III. Shares held by Holding Company, its Subsidiaries and Associates

(₹ lakh)

	As at March 31, 2026
Equity shares	
15,30,000 equity shares are held by Tata Consultancy Services Limited*	**1,530.00**

*Includes 6 shares of ₹100 each held jointly with certain nominees.

Others	102.91
	119.81

8) Other equity

Other equity consist of the following:

(₹ lakh)

	As at March 31, 2026
Retained earnings	
Opening balance	**-**
Loss for the period	(400.54)
	(400.54)

9) Other income

Other income consist of the following:

(₹ lakh)

	Period ended March 31, 2026
Interest income	37.90
Net gain on fair valuation of investments	471.79
	509.69
Interest income comprise:	
Interest on bank balances and bank deposits	37.90

10) Employee benefits

Defined benefit plans

The Company provides gratuity to its employees which is treated as defined benefit plans.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company provides provident fund to its employees which is treated as defined contribution plans.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date.

Employee benefit expenses consist of the following:

(₹ lakh)

	Period ended March 31, 2026
Salaries, incentives and allowances	178.27
Contributions to provident and other funds	4.87
Staff welfare expenses	1.51
	184.65

Employee benefit obligations consist of the following:

Employee benefit obligations – Non-current

(₹ lakh)

	As at March 31, 2026
Gratuity	7.07
	7.07

Employee benefit obligations – Current

(₹ lakh)

	As at March 31, 2026
Compensated absences	3.99
	3.99

Employee benefit plans consist of the following:

Gratuity

In accordance with Indian law, the Company operates a scheme of gratuity which is a defined benefit plan. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment in accordance with the provisions under the Code on Social Security, 2020 or as per the Company Scheme, as applicable. Vesting occurs upon completion of contractual period of continuous years of service as defined in the Code on Social Security, 2020. The Company determines the gratuity liability based on actual basis.

The following table sets out the details of the defined benefit retirement plans and the amounts recognised in the financial statements:

(₹ lakh)

	Period ended March 31, 2026	
	Domestic plans unfunded	Total
Change in benefit obligations		
Benefit obligations, beginning of the period	**-**	**-**
Changes due to inter-company transfers	(7.07)	(7.07)
Benefit obligations, end of the period	**(7.07)**	**(7.07)**

Provident fund

All eligible employees of the Company are entitled to receive benefits under the provident fund plan in which both the employee and employer (at a determined rate) contribute monthly to the Government administered provident fund plan. A part of the Company's contribution is transferred to the Government administered pension fund. This plan is a defined contribution plan as the obligation of the employer is limited to the monthly contributions made to the fund. The contributions made to the fund are recognised as an expense in profit and loss under employee benefit expenses

The Company contributed ₹4.63 lakh to the provident fund for the period ended March 31, 2026.

11) Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their nature.

Other expenses

Other expenses consist of the following:

(₹ lakh)

	Period ended March 31, 2026
Fees to external consultants	182.91
Audit fees	8.44
Other expenses	534.23
	725.58

Notes forming part of financial statements

12) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax expense includes income taxes payable by the Company in India.

The Company has recognised income tax expenses applying the provisions under section 115BAA of the Income-tax Act, 1961.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination, affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company is in its initial stage and does not generate any taxable profit and therefore deferred tax assets have not been recognised on tax losses.

13) Earnings per share

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares and compulsorily convertible preference shares outstanding during the period.

	Period ended March 31, 2026
Loss for the period (₹ lakh)	(400.54)
Weighted average number of equity shares for basic earnings per share	2,18,43,774
Basic earnings per share (₹)	(1.83)
Diluted earnings per share (₹)*	(1.83)
Face value per equity share (₹)	100

* Class B compulsorily convertible preference shares could potentially dilute basic earnings per share in the future, but have not been included in the calculation of diluted earnings per share as they are anti-dilutive for the year ended March 31, 2026.

Notes forming part of financial statements

14) Auditor's remuneration

Auditor's remuneration consists of the following:

(₹ lakh)

	Period ended March 31, 2026
Auditor	8.00
For reimbursement of expenses	0.44

15) Segment information

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Board, being the chief operating decision maker for the Company, assesses the financial performance and position of the Company and makes strategic decisions. The Company has only one operating segment, which is development of secure, scalable, AI-ready data centre infrastructure designed specifically for high-performance and compute-intensive AI workloads. All assets of the Company are domiciled in India and the Company has no revenue.

16) Commitments

The Company has contractually committed ₹407.10 lakh and NIL as at March 31, 2026 and 2025, respectively, for procurement in connection with development of data center and allied activities.

17) Related party transactions

The Company's principal related parties consist of its ultimate holding company Tata Sons Private Limited, its holding company Tata Consultancy Services Limited, its investor TPG Terabyte Bidco Pte. Ltd. and key management personnel.

Transactions with related parties are as follows:

(₹ lakh)

	Period ended March 31, 2026
Equity shares issued	
Tata Consultancy Services Limited	750.00
TPG Terabyte Bidco Pte. Ltd.	270.00
Class A compulsorily convertible preference shares issued	
Tata Consultancy Services Limited	20,000.00
TPG Terabyte Bidco Pte. Ltd.	7,053.53
Class B compulsorily convertible preference shares issued	
TPG Terabyte Bidco Pte. Ltd.	12,612.75
Cost recovery	
Tata Consultancy Services Limited	85.62

Balances with related parties are as follows

(₹ lakh)

	As at March 31, 2026
Other liabilities	
Tata Consultancy Services Limited	85.62
Commitments	351.50

Transactions with key management personnel are as follows:

(₹ lakh)

	Period ended March 31, 2026
Short-term benefits	100.76
Post-employment benefits	2.72

17) No funds have been advanced / loaned / invested (from borrowed funds or from share premium or from any other sources / kind of funds) by the Company to any other person(s) or entity(ies), including foreign entities (Intermediaries), with the understanding (whether recorded in writing or otherwise) that the Intermediary shall (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

No funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding (whether recorded in writing or otherwise) that the Company shall (i) directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

18) Additional Regulatory Information

- **Ratios**

Ratio	Numerator	Denominator	Current period
Current ratio (in times)	Total current assets	Total current liabilities	48.52
Debt-Equity ratio (in times)	Debt consists of borrowings	Total equity	-

Directors' Statement of Responsibility

The directors of the company are responsible for the maintenance of adequate accounting records and the preparation and integrity of the annual financial statements and related information. The auditors are responsible for reporting on the fair presentation of the financial statements. The financial statements have been prepared in accordance with "IFRS® Accounting standards as issued by the International Accounting Standard Board (IFRS® Accounting Standards) and the requirements of the Companies Act of South Africa.

The directors are also responsible for the Company's system of internal financial control. These are designed to provide reasonable, but not absolute, assurance as to the reliability of the financial statements, and to adequately safeguard, verify and maintain accountability of the company's assets, and to prevent and detect misstatement and loss. Nothing has come to the attention of the directors to indicate that any material breakdown in the functioning of these controls, procedures and systems have occurred during the year under review.

The financial statements have been prepared on the going concern basis since the directors believe that the Company has adequate resources in place to continue in operation for the foreseeable future.

Directors' approval of the annual financial statements

The annual financial statements and directors report were approved by the Directors on May 05, 2026 and are signed on their behalf by:

Lakshminarayanan Gomatam Seshadri

Authorised Director

Henry Langa Dube

Authorised Director

Ujjwal Mathur

To the shareholder of TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD

Opinion

We have audited the financial statements of Tata Consultancy Services (Africa) (Pty) Ltd (the Company) set out on pages 1 to 13, which comprise the statement of financial position as at 31 December 2025, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Tata Consultancy Services (Africa) (Pty) Ltd as at 31 December 2025, and its financial performance and cash flows for the year then ended in accordance with IFRS® Accounting Standards and the requirements of the Companies Act of South Africa.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Tata Consultancy Services (Africa) (Pty) Ltd Annual Financial Statements for the year ended 31 December 2025", which includes the Directors' Report as required by the Companies Act of South Africa. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS® Accounting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

SEE ACCOMPANYING NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Notes forming part of the financial statements for the year ended December 31, 2025

1. Corporate information

TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD (the "Company") is registered under Companies Act of South Africa having registration number 2007/030546/07

The Company acts as an investment holding Company. Its subsidiary provides IT consulting services.

The address of the Company's registered office is 39 Ferguson road, Illovo, 2196

The financial statement were approved and authorised for issue on May 05, 2026

2. Statement of compliance

The financial statements have been prepared in accordance with "IFRS® Accounting standards as issued by the International Accounting Standard Board (IFRS® Accounting Standards) and Companies Act of South Africa. The principal accounting policies applied in the preparation of these financial statements have been consistently applied to all periods presented.

3. Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instrument which are measured at fair value or amortised at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and reporting currency of TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD is Rands ("ZAR"). Foreign currency transactions are translated into functional currency at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

4. Use of estimates and judgments

The preparation of these financial statements is in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the period presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

a. Revenue recognition

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using effective interest method.

b. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the unaudited consolidated interim financial statements.

5. Nature and purpose of reserves

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

6. Recent Accounting Standards

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

Amendments to IFRS 9 and IFRS 7[1]

Annual Improvements to IFRS Accounting Standards[1] – Amendments to:

- IFRS 1 – First-time Adoption of International Financial Reporting Standards
- IFRS 7 – Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
- IFRS 9 – Financial Instruments
- IFRS 10 – Consolidated Financial Statements
- IAS 7 – Statement of Cash flows

IFRS 18 – Presentation and Disclosures in Financial Statements[2]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[2]

[1] Effective for annual periods beginning on or after January 1, 2026.

[2] Effective for annual periods beginning on or after January 1, 2027.

IFRS 9 and IFRS 7 – Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly.

In December 2024, the IASB issued targeted amendments to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs). The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions. Current accounting requirements may not adequately capture how these contracts affect a company's performance. The amendments include: clarifying the application of the 'own-use' requirements; permitting hedge accounting if these contracts are used as hedging instruments; and adding new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The Company does not expect this amendment to have any significant impact in its financial statements.

Annual Improvements to IFRS Accounting Standards

In July 2024, the IASB issued narrow amendments to IFRS Accounting Standards and accompanying guidance as part of its regular maintenance of the Standards. These amendments include clarifications, simplifications, corrections and changes aimed at improving the consistency of several IFRS Accounting Standards. Annual improvements are limited to changes that either clarify the wording in an IFRS Accounting Standard or correct relatively minor unintended consequences or oversights in the Accounting Standards. They also correct minor conflicts between the requirements of the Accounting Standards. The Company does not expect these narrow amendments to have any significant impact in its financial statements.

IFRS 18 – Presentation and Disclosures in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard and implement it accordingly.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19.

7. Financial assets, financial liabilities and equity instruments

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks and which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net of direct issue cost.

Trade and other payable

Liabilities are recognised for the amounts to be paid in the future for goods or services received, whether billed by supplier or not.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a Company of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other

financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Derecognition of financial assets

(i) Financial asset

The Company derecognises a financial asset when the contractual right to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flow in a transaction in which substantially all of the risks and rewards of the ownership of financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of financial asset.

The Company enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all the risks and rewards of the transferred assets. In these cases the transferred assets are not derecognised.

(ii) Financial liability

The company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises financial liability when its terms are modified and cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of financial liability the difference between the carrying amount extinguished and the consideration paid (including any non cash asset transferred or liabilities assumed) is recognised in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has legally enforceable right to setoff the amount and it intends either to settle them on a net basis or to realise the asset and settle the liabilities simultaneously.

a. Cash and cash equivalents

(Amount in ZAR)

	As at December 31, 2025	As at December 31, 2024
Balances with bank		
In current account	569,181	32,865
In deposit account	60,000,000	59,500,000
Total	**60,569,181**	**59,532,865**

b. Investment

Investment consist of the following:

(Amount in ZAR)

	As at December 31, 2025	As at December 31, 2024
Investment non-current		
Investment in subsidiary*	12,600,001	106,700,000
Less: Sale of investment	-	(60,771,000)
Less: Loss on sale of investments	-	(33,328,999)
Total	**12,600,001**	**12,600,001**

*Investment in subsidiary is stated at cost less accumulated impairment losses in the Company's financial statements.

Considering the fact that TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD is a profitable company, management believes there is no trigger for impairment.

c. Trade payables

(Amount in ZAR)

	As at December 31, 2025	As at December 31, 2024
Accrued expenses	138,404	98,145
Total	**138,404**	**98,145**

d. Other financial assets

(Amount in ZAR)

	As at December 31, 2025	As at December 31, 2024
Accrued interest	195,615	102,175
Total	**195,615**	**102,175**

e. Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2025 is as follows:

(Amount in ZAR)

	Amortised cost	Total carrying value
Financial assets		
Cash and cash equivalents	60,569,181	60,569,181
Other financial assets	195,615	195,615
Total	**60,764,797**	**60,764,797**
Financial liabilities		
Trade payables	138,404	138,404
Total	**138,404**	**138,404**

The carrying value of financial instruments by categories as at December, 2024 is as follows:

(Amount in ZAR)

	Amortised cost	Total carrying value
Financial assets		
Cash and cash equivalents	59,532,865	59,532,865
Other financial assets	102,175	102,175
Total	**59,635,040**	**59,635,039**
Financial liabilities		
Trade payables	98,145	98,145
Total	**98,145**	**98,145**

Carrying amounts of cash and cash equivalents, other financial assets and trade payables as at December 31, 2025 and December 31, 2024 approximate the fair value due to their nature. Carrying amounts of bank deposits, earmarked balances with banks, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

f. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

g. Financial risk management

The Company is exposed primarily to fluctuations in credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.

- **Foreign currency**

  The Company is not exposed to foreign currency exchange rate risk.

- **Interest rate risk**

  The Company's investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consist of cash and cash equivalents, and other financial assets.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was ZAR 60,764,797 and ZAR 59,635,039 as of December 31, 2025 and December 31, 2024, respectively being the total of the carrying amount of balances with bank, bank deposit and other financial assets. Balance with bank are held with banks with high credit ratings.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Amount in ZAR)

	Due in 1st year	Due in 2nd to 5th year	Total
December 31, 2025			
Non-derivative financial liabilities			
Trade payables	138,404	-	138,404
Total	**138,404**	**-**	**138,404**

(Amount in ZAR)

	Due in 1st year	Due in 2nd to 5th year	Total
December 31, 2024			
Non-derivative financial liabilities			
Trade payables	98,145	-	98,145
Total	**98,145**	**-**	**98,145**

h. Equity instruments

(Amount in ZAR)

The authorised, issued, subscribed and fully paid up share capital consist of the following:	As at December 31, 2025	As at December 31, 2024
Authorised:		
20,000,000 ordinary shares of ZAR 1 each	20,000,000	20,000,000
Issued, Subscribed & Fully paid up :		
14,000,000 ordinary shares of ZAR 1 each	14,000,000	14,000,000

Share holding	Percentage	Percentage
Tata Consultancy Services Limited	100%	100%

Capital management

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

8. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of

the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

9. Non-financial assets and financial liabilities

a. Other liabilities

Other liabilities consist of the following:

(Amount in ZAR)

	As at December 31, 2025	As at December 31, 2024
Other liabilities - current		
Indirect Taxes Payable	-	1,890,000
Total	**-**	**1,890,000**

Notes forming part of the financial statements for the year ended December 31, 2025

10. Cost recognition

The costs of the Company are broadly categorised into other operating expenses which mainly include fees to external consultants and other expenses. Other expenses comprise of bank charges and payment to auditors.

The Company decided to present an analysis of expenses recognized in the Profit or Loss using a classification based on their nature instead of by their function as classification of expenses by nature is considered to provide more reliable and relevant information to users than their classification by function. Information on the nature of expenses is useful in predicting future cash flows. Classification by nature is simple and does not require allocations and involves lesser management judgement. The Company intends to follow this approach on a consistent basis.

(Amount in ZAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Other operating expenses		
Fees to external consultants	96,333	180,503
Other expenses	30,053	27,534
Total	**126,386**	**208,037**

11. Other income

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using the effective interest method.

(Amount in ZAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Interest income		
Interest income - Bank	4,423,096	378,558
Interest income - Income tax refunds	-	261
Total	**4,423,096**	**378,819**

12. Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

The Company accounts for the deferred income taxes using the balance sheet approach. Deferred income taxes are provided for the differences between the tax base of assets and liabilities and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Company. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

The income tax expense consists of the following:

(Amount in ZAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Current tax		
Current tax expense	1,190,026	3,764,491
Total	**1,190,026**	**3,764,491**

The reconciliation of estimated income tax expense at the Statutory income tax rate to income tax expense reported in statement of profit or loss and other comprehensive income is as follows:

(Amount in ZAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Current tax expenses		
Income before taxes	35,723,228	105,981,790
Statutory tax rate	27.00%	27.00%
Expected income tax expense	9,645,272	28,615,083
Less: Income exempt from tax	(8,485,160)	(37,567,802)
Capital Gain on sale of Investments	-	3,662,362
Tax pertaining to prior years:		
Current tax	-	-
Disallowable expenses		
Accounting loss on disposal of fixed and/ or other assets	-	8,998,830
Other Non Deductible Expenses (exempt dividend income)	29,914	56,018
Total tax expense	**1,190,026**	**3,764,491**

13. Related party transactions

TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD principal related parties consist of its holding company Tata Consultancy Services Limited and it's subsidiary TATA CONSULTANCY SERVICES (SOUTH AFRICA) (PTY) LTD. The Company routinely enters into transactions with its related parties in the ordinary course of business.

14. Compensation to key managerial personnel

Mr. Henry Langa Dube (Director)

(Amount in ZAR)

Particulars	Year ended December 31, 2025	Year ended December 31, 2024
Basic	2,210,780	2,184,810
Bonus	469,206	469,248
Other contribution	613,475	582,618
Total	**3,293,461**	**3,236,676**

Note: The remuneration earned by Mr. Henry Langa Dube is across entities of South African geography wherein he acts as director and does not only pertain to TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD.

15. Going concern

The directors have, at the time of approving financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future.

16. Subsequent events

There have been no circumstances of a material nature that have occurred between the financial year end and the date of approval of these financial statements that require adjustment or disclosure in the financial statements.

17. Consolidation

The following set of financial statements represents the financial statements of the entity. The exemption under IAS27.16(1) has been applied and consolidated financial statements were not prepared. The consolidated financial statements of the parent company are available on demand.

Tata Consultancy Services Asia Pacific Pte Ltd

Directors' statement	11.2
Independent Auditors' report	11.4
Statement of financial position	11.6
Statement of comprehensive income	11.7
Statement of changes in equity	11.8
Statement of cash flows	11.9
Notes forming part of the financial statements	11.10

DIRECTORS' STATEMENT

We are pleased to submit this annual report to the member of the Company together with the audited financial statements for the financial year ended 31 March 2026.

In our opinion:

(a) the financial statements set out on pages 11.2 to 11.37 are drawn up so as to give a true and fair view of the financial position of the Company as at 31 March 2026 and the financial performance, changes in equity and cash flows of the Company for the year ended on that date in accordance with the provisions of the Companies Act 1967 and Financial Reporting Standards in Singapore; and

(b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

Directors

The directors in office at the date of this statement are as follows:

Girish Ramachandran

Krishnan Ramanujam

Lakshminarayanan G S

Directors' interests

According to the register kept by the Company for the purposes of Section 164 of the Companies Act 1967 ('the Act'), particulars of interests of directors who held office at the end of the financial year (including those held by their spouses and children) in shares, debentures, warrants and share options in the Company and in related corporations are as follows:

Name of director and corporation in which interests are held	Holdings at beginning of the year	Holdings at end of the year
Tata Consultancy Services Limited		
- *Immediate holding company*		
Ordinary shares		
Girish Ramachandran	5,000	5,000
Krishnan Ramanujam	4,952	4,952
Lakshminarayanan G S	1,000	1,000

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning of the financial year or at the end of the financial year.

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

Share options

During the financial year, there were:

(i) no options granted by the Company to any person to take up unissued ordinary shares of the Company; and

(ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company.

As at the end of the financial year, there were no unissued shares of the Company under option.

Auditors

The auditors, KPMG LLP, have indicated their willingness to accept appointment.

On behalf of the Board of Directors

INDEPENDENT AUDITORS' REPORT

MEMBER OF THE COMPANY
TATA CONSULTANCY SERVICES ASIA PACIFIC PTE LTD

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Tata Consultancy Services Asia Pacific Pte Ltd ('the Company'), which comprise the statement of financial position as at 31 March 2026, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 11.1 to 11.37.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 ('the Act') and Financial Reporting Standards in Singapore ('FRSs') so as to give a true and fair view of the financial position of the Company as at 31 March 2026 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ('SSAs'). Our responsibilities under those standards are further described in the *'Auditors' responsibilities for the audit of the financial statements'* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ('ACRA Code') together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and our auditors' report thereon.

We have obtained all other information prior to the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Company as a basis for forming an opinion on the financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Charlene Chong Shiau Chen.

The accompanying notes form an integral part of these financial statements.

Notes forming part of the Financial Statements

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 6 May 2026.

1. DOMICILE AND ACTIVITIES

Tata Consultancy Services Asia Pacific Pte Ltd ('the Company') is incorporated in the Singapore. The address of the Company's registered office is 60 Anson Road, #18-01/02, Singapore 079914.

The principal activities of the Company are to provide IT consulting, software solutions and services and products in the Asia Pacific region.

The results of the Company include its South Korean branch results. The principal activities of the branch are to provide IT consulting, software solutions and products.

The Company's immediate holding corporation is Tata Consultancy Services Limited, incorporated in India. The ultimate holding corporation is Tata Sons Limited, also incorporated in India.

2. BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements have been prepared in accordance with Financial Reporting Standards in Singapore ('FRS'). The changes to material accounting policies are described in note 2.5.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise disclosed.

2.3 Functional and presentation currency

These financial statements are presented in United States dollars ('US$'), which is the Company's functional currency.

2.4 Use of estimates and judgements

The preparation of the financial statements in conformity with FRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

- Note 3.7 – Revenue recognition.

Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The management has overall responsibility for all significant fair value measurements, including Level 3 fair values.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are recognised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is recognized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

Further information about the assumptions made in measuring fair values is included in note 22 of the financial statements.

2.5 Changes in material accounting policies

New accounting standards and amendments

The Company has applied Amendments to FRS 21 *Lack of Exchangeability* for the first time for the annual period beginning on 1 April 2026. The application of these amendments to accounting standards does not have a material effect on the financial statements.

3. MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, except as explained in note 2.5, which addresses changes in material accounting policies.

3.1 Subsidiaries

Subsidiaries are entities controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Investments in subsidiaries are stated at cost less impairment losses.

These financial statements are the separate financial statements of the Company. In accordance with FRS 110 *Consolidated Financial Statements*, the Company is exempted from the preparation of consolidated financial statements as the Company is itself a wholly-owned subsidiary of Tata Consultancy Services Limited. Publicly available consolidated financial statements are prepared by Tata Consultancy Services Limited, whose registered office is at 9th Floor, Nirmal Building, Nariman Point, Mumbai 400021, India.

3.2 Foreign currency

Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in finance costs/income.

3.3 Financial instruments

(i) Recognition and initial measurement

Non-derivative financial assets and financial liabilities

Trade receivables and debt investments issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at amortised cost and fair value through other comprehensive income ('FVOCI') – equity investment.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Equity investments at FVOCI

On initial recognition of an equity investment that is not held-for-trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management.

The business model of the Company is as follows:

Held to collect

The Company holds financial assets which arise from its IT consulting business, software solutions and services and products in the Asia Pacific region. The objective of the business model for this financial instruments is to collect the amounts due from the Company's receivables.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Non-derivative financial assets: Subsequent measurement and gains and losses

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Equity investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Directly attributable transaction costs are recognised in profit or loss as incurred.

Other financial liabilities are initially measured at fair value less directly attributable transaction costs.They are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss.

(iii) Derecognition

Financial assets

The Company derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either
  - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
  - the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

Transferred assets are not derecognised when the Company enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.4 Impairment

(i) Non-derivative financial assets and contract assets

The Company recognises loss allowances for ECLs on:

- financial assets measured at amortised cost; and
- contract assets (as defined in FRS 115).

Loss allowances of the Company are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument or contract asset.

Simplified approach

The Company applies the simplified approach to provide for ECLs for all trade receivables and contract assets. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

General approach

The Company applies the general approach to provide for ECLs on all other financial instruments. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Company assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and includes forward-looking information.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

The Company considers a financial asset to be in default when:

- the debtor is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Company considers a contract asset to be in default when the customer is unlikely to pay its contractual obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 90 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost and contract assets are deducted from the gross carrying amount of these assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

(ii) Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit ('CGU') exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated to reduce the carrying amounts of the other assets in the CGU (group of CGUs) on a *pro rata* basis.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

3.5 Employee benefits

Defined contribution plans

Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

Employee leave entitlement

Employee entitlement to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

3.6 Provisions

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

3.7 Revenue

Goods and services sold

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system/software is delivered to the customer. In cases where implementation and/or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing to customers follow different schedules based upon the nature and type of goods and services being transferred. The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with FRS 115, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

Use of significant judgements in revenue recognition

- The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products/services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. The Company has applied the practical expedient provided by FRS 115, whereby the Company does not adjust the transaction price for the effects of the time value of money where the period between when the control on goods and services transferred to the customer and when payment thereof is due, is one year or less. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.
- The Company uses judgement to determine an appropriate standalone selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative stand-alone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Company uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.
- The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.
- Revenue for fixed price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.
- Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the

licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

3.8 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under FRS 37 *Provisions, Contingent Liabilities and Contingent Assets.*

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that at the time of the transaction (i) affects neither accounting nor taxable profit or loss; and (ii) does not give rise to equal taxable and deductible temporary differences;
- temporary difference related to investments in subsidiaries to the extent that the Company is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if certain criteria are met.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Company. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

3.9 New accounting standards and interpretations not adopted

A number of new accounting standards are effective for annual periods beginning after 1 April 2025 and earlier application is permitted. However, the Company has not early adopted the new or amended accounting standards in preparing these financial statements.

(i) FRS 118 Presentation and Disclosure in Financial Statements

FRS 118 will replace FRS 1 *Presentation of Financial Statements* and applies for annual reporting periods beginning on or after 1 January 2027. The new standard introduces the following key new requirements.

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly-defined operating profit subtotal. Entities' net profit will not change.

- Management-defined performance measures (MPMs) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to company information in the financial statements.

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method. The Company is still in the process of assessing the impact of the new standard, particularly with respect to the structure of the Company's statement of profit or loss, the statement of cash flows and the additional disclosures required for MPMs. The Company is also assessing the impact on how information is grouped in the financial statements, including for items currently labelled as other.

(ii) Other accounting standards

The following amendments to FRSs are not expected to have a significant impact on the Company's statement of financial position.

- *Classification and Measurement of Financial Instruments (Amendments to FRS 109 and FRS 107)*
- *Annual Improvements to FRSs—Volume 11*
- *Contract Referencing Nature-dependent Electricity (Amendments to FRS 109 and FRS 107)*

4. INVESTMENTS IN SUBSIDIARIES

(Amount in: US$)

	2026	2025
Unquoted equity shares, at cost	**113,110,955**	109,932,755

The subsidiaries of the Company are as set out below:

Name of subsidiary	Country of incorporation and operations	Proportion of ownership interest and voting power held		Principal activities
		2026	2025	
		%	%	
Tata Consultancy Services Malaysia Sdn Bhd	Malaysia	100	100	Provide IT consulting software solutions, services and products
Tata Consultancy Services (China) Co., Ltd	People's Republic of China	100	100	Provide IT consulting software solutions, services and products
PT Tata Consultancy Services Indonesia	Indonesia	100	100	Provide IT consulting software solutions, services and products
Tata Consultancy Services (Thailand) Limited	Thailand	99.99	99.99	Provide IT consulting software solutions, services and products
Tata Consultancy Services (Philippines) Inc.	Philippines	100	100	Provide IT consulting software solutions, services and products
Tata Consultancy Services Japan Limited	Japan	66	66	Provide IT consulting software solutions, services and products

Notes forming part of the Financial Statements

5. OTHER INVESTMENTS

(Amount in: US$)

	2026	2025
Non-current assets		
Unquoted equity shares, at fair value – designated at FVOCI	–	5,228,100

The Company designated its investment in Philippines Dealing System Holding Corporation ("PDS") as equity investment at FVOCI because this equity investment represents investment that the Company intends to hold for the long term for strategic purposes. As at 31 March 2025, the fair value of the equity investment was US$5,228,100. During the financial year, the investment in PDS was disposed of for consideration of US$5,251,417, with the resulting profit transferred to retained earnings.

Credit and market risks, and fair value measurement

Information about the Company's exposures to credit and market risks, and fair value measurement, is included in note 22.

10. SHARE CAPITAL

(Amount in: US$)

	No. of shares		Amount	
	2026	2025	2026	2025
Issued and fully paid ordinary shares, with no par value:				
At 1 April and 31 March	**7,582,820**	7,582,820	**4,400,000**	4,400,000

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

Capital management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of share capital and retained earnings.

Management reviews the capital structure on a semi-annual basis. As a part of this review, management considers the cost of capital and the risks associated with each class of capital. Based on recommendations of management, the company will balance its overall capital structure through the payment of dividends and new share issues.

There were no changes in the Company's approach to capital management during the year.

Neither the Company nor any of its subsidiaries are subject to externally imposed capital requirements.

(b) Contract balances

The following table provides information about contract assets and contract liabilities from contracts with customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts and where not only act of invoicing is pending. The contract assets are transferred to trade receivables when the rights become unconditional. This usually occurs when the Company invoices the customer.

Contract liabilities primarily relate to unearned and deferred revenue, which are recognised when there are billings in excess of revenues.

Significant changes in the contract assets and the contract liabilities balances during the year are as follows.

(Amount in: US$)

	2026	2025
Contract assets:		
Balance at the beginning of the year	6,912,347	8,964,948
Increase due to revenue recognised during the year, excluding amounts billed during the year	6,931,302	3,284,234
Invoices raised that were included in the contract assets balance at the beginning of the year	(3,627,455)	(5,401,353)
Translation exchange difference	294,156	64,518
Balance at the end of the year	**10,510,350**	**6,912,347**
Contract liabilities:		
Balance at the beginning of the year	(14,021,813)	(10,459,221)
Revenue recognised that was included in the contract liability balance at the beginning of the year	13,341,529	8,976,663
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	(8,757,846)	(12,568,993)
Translation exchange difference	48,374	29,738
Balance at the end of the year	**(9,389,756)**	**(14,021,813)**

(c) Transaction price allocated to the remaining performance obligations

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in FRS 115. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is US$193,744,631 (2025: US$159,747,871), of which, 63% (2025: 71%) is expected to be recognised as revenue within the next 1 year and the remaining balance is expected to be recognised as revenue over the next 2 to 5 years. No consideration from contracts with customers is excluded from the amount mentioned above.

15. OTHER INCOME

Dividends payable at 31 March	**—**	**—**

*Dividend declared in financial year 2026 for USD 55 Mn and was paid on 27 May 2025 USD 27 Mn, 26 Aug 2025 USD 12 Mn, 2 December 2025 USD 6.5 Mn, and 20 March 2026 USD 9.5 Mn.

19. GUARANTEES AND COMMITMENTS

(a) Guarantees

(Amount in: US$)

	2026	2025
Performance guarantee		
Guarantee to customers in respect to services performed	4,137,733	3,906,588
Guarantee to vendors in respect of services performed for the Company	1,505,314	2,122,776

(b) Capital commitments

The Company has contractually committed US$345,563 as at 31 March 2026 (2025: US$79,756) for purchase of plant and equipment.

20. RELATED PARTIES

For the purpose of these financial statements, parties are considered to be related to the Company if the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa. Related parties may be individuals or other entities.

Key management personnel compensation

The remuneration of directors during the year were as follows:

(Amount in: US$)

	2026	2025
Short-term benefits	910,826	798,393
Post-employment benefits – contribution to Central Provident Fund	13,692	13,161

The key management personnel are identified as the directors of the Company.

Other related party transactions

Significant intercompany transactions, other than those disclosed elsewhere in the notes to financial statements are as follows:

(Amount in: US$)

	2026	2025
Ultimate holding company		
Royalty expense	(900,780)	(861,349)
Associate of ultimate holding company		
Rendering of services	72,000	61,991
Communication expenses	-	(15,900)
Immediate holding company		
Rendering of services	16,357,417	19,406,908
Purchases of services	(190,484,825)	(196,472,316)
Dividend paid	(55,000,000)	(40,000,000)
Subsidiaries		
Rendering of services	2,702,887	3,066,094
Purchases of services	(19,855,985)	(10,020,938)
Dividend received	55,685,264	37,205,200
Related companies		
Rendering of services	3,385,637	3,392,554
Purchases of services	(2,684,496)	(3,410,465)

21. LEASES

Leases as lessee (FRS 116)

The Company has leased 3 commercial offices. The leases typically run for a period of 5 years. Lease payments are renegotiated every 5 years to reflect market rentals. The Company is restricted from entering into any sub-lease arrangements.

The Company leased employee's accommodation with contract term of one year, which is short-term in nature.The Company has elected not to recognise right-of-use asset and lease liability for this lease except for the lease which is for more than a year.

Information about leases for which the Company is a lessee is presented below.

Right-of-use assets

Right-of-use assets related to leased properties that do not meet the definition of investment property are:

(Amount in: US$)

	Leasehold building	
	2026	2025
Balance at 1 April	7,211,610	752,744
Addition to right-of-use assets	–	8,121,265
Depreciation charge for the year	(1,645,828)	(1,662,399)
Balance at 31 March	**5,565,782**	**7,211,610**

Amounts recognised in profit or loss

(Amount in: US$)

	2026	2025
Leases under FRS 116		
Interest on lease liabilities	375,696	245,229
Expenses relating to short-term leases	75,851	56,566

Amounts recognised in statement of cash flows

(Amount in: US$)

	2026	2025
Total cash outflow for leases (including cash outflow for short term leases and leases for low value assets)	1,967,803	1,876,668

22. FINANCIAL INSTRUMENTS

Financial risk management

Overview

The Company has exposure to the following risks arising from financial instruments:

- credit risk
- liquidity risk
- market risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. Management is responsible for developing and monitoring the Company's risk management policies. Management reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating financial loss from defaults. The Company's exposure and the credit ratings of its counterparties are continuously monitored.

Impairment losses on financial assets trade receivables recognised in profit or loss were as follows:

(Amount in: US$)

	2026	2025
Reversal of impairment loss on trade receivables	**(71,585)**	(15,173)

Trade receivables

Exposure to credit risk

The exposure to credit risk for trade receivables, unbilled revenue and contract assets at the reporting date by geographic region was as follows:

(Amount in: US$)

	Carrying amount	
	2026	2025
Asia Pacific	74,581,926	93,740,237
Americas	3,141,627	3,996,270
Europe	584,671	365,881
UK	405,421	657,056
India	3,190,375	4,947,805
Middle East	–	704
	81,904,020	**103,707,953**

At the end of the reporting period, significant concentration of credit risk of the Company's trade receivables balance of US$6,936,443 and US$1,275,398 (2025: US$11,175,105 and US$4,732,172) are due from the immediate holding company and subsidiaries, respectively.

Expected credit loss assessment

Loss rates are calculated based on actual credit loss experience over the past three years and adjusted for using Company's review on the current conditions and economic conditions over the expected lives of the receivables only if these factors have a significant impact to the credit loss.

The following table provides information about the exposure to credit risk and ECLs for the trade and other receivables (third parties and related parties), unbilled revenue and contract assets as at 31 March:

(Amount in: US$)

	Weighted average loss rate %	Gross carrying amount	Expected credit loss allowance	Credit impaired	Credit impaired amounts
31 March 2026					
Current (not past due)	—	70.414,888	—	No	—
Past due 1 – 30 days	—	9,916,325	—	No	—
Past due 31 – 60 days	—	4,241,420	—	No	—
Past due 61 – 90 days	—	3,800,022	—	No	—
Past due 91 – 180 days	—	2,438,830	—	No	—
Past due 181 – 365 days	—	86,556	—	No	—
Past due more than 365 days	1%	304,804	(3,097)	Yes	(3,097)
		91,202,845	**(3,097)**		**(3,097)**
31 March 2025					
Current (not past due)	—	65,166,167	—	No	—
Past due 1 – 30 days	—	14,762,830	—	No	—
Past due 31 – 60 days	—	9,848,042	—	No	—
Past due 61 – 90 days	—	629,543	—	No	—
Past due 91 – 180 days	—	3,471,421	—	No	—
Past due 181 – 365 days	—	5,013,000	—	No	—
Past due more than 365 days	2%	4,892,451	(75,501)	Yes	(75,501)
		103,783,454	**(75,501)**		**(75,501)**

- **Measurement of expected credit loss allowance for trade and other receivables (including contract assets and deposits)**

  Management regularly reviews the recoverability and aging of the trade and other receivables (including contract assets and deposits) in arriving at estimates of expected credit loss ('ECL') for trade and other receivables (including contract assets and deposits). Management considers the credit history and financial position of the customer before assessing the need for any allowance to be made. The carrying amount and credit risk (including ECL assessment and key assumptions in determining the weighted-average loss rate) of trade and other receivables (including contract assets and deposits) is disclosed in note 8, note 9 and note 22 to the financial statements respectively.

Movements in allowance for impairment in respect of trade receivables

The movement in the allowance for impairment in respect of trade receivables as follows:

(Amount in: US$)

	2026	2025
At 1 April	(75,501)	(90,165)
Impairment loss written back	71,585	15,173
Exchange difference	819	(509)
At 31 March	**(3,097)**	**(75,501)**

Cash and cash equivalents

The Company held cash and cash equivalents of US$15,076,306 at 31 March 2026 (2025: US$19,253,352). The cash and cash equivalents are held with reputable bank and financial institution counterparties of high credit standings.

Impairment on cash and cash equivalents has been measured on the 12-month expected loss basis and reflects the low credit risk of the exposures. The Company considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents was negligible.

Contract assets and other receivables

The Company uses an approach that is based on assessment of qualitative and quantitative factors that are indicative of the risk of default. Impairment on these balances applied depends on whether there has been a significant increase in credit risk. No aging analysis of these balances are presented as the majority of outstanding balance as at 31 March 2026 and 31 March 2025 are current. The amount of the allowance on these balances is insignificant.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Company's operations and to mitigate the effects of fluctuations in cash flows.

The following table summarises the Company's remaining contractual maturity for its non-derivative financial liabilities at the end of the reporting period based on undiscounted cash flows of financial instruments premised on the earlier of the contractual date or when the Company is expected to pay.

(Amount in: US$)

	Cash flows			
	Carrying amount	**Contractual cash flows**	**Within one year**	**Between one and five years**
31 March 2026				
Non-derivatives financial liabilities				
Trade and other payables*	50,405,706	50,405,706	50,405,706	–
Accruals^	9,599,445	9,599,445	9,042,109	557,336
Leases liabilities	5,773,429	6,783,791	1,925,208	4,858,583
	65,778,580	**66,788,942**	**61,373,023**	**5,415,919**
31 March 2025				
Non-derivatives financial liabilities				
Trade and other payables*	77,369,449	77,369,449	77,369,449	–
Accruals^	7,992,209	7,992,209	7,456,540	535,669
Leases liabilities	7,335,219	8,372,050	1,826,580	6,545,470
	92,696,877	**93,733,708**	**86,652,569**	**7,081,139**

* Excludes unearned revenue

^ Excludes employee benefits and Goods and Services tax

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Interest rate risk

Interest rate risk arises from the potential change in interest rates that may have an adverse effect on the Company in the current reporting period or in future years. The Company does not have any significant interest-bearing liabilities or interest-earning assets.

Currency risk

The Company operates regionally and therefore, transacts in various foreign currencies and therefore is exposed to foreign exchange risks. Exposure to currency risk is monitored on an on going basis and the Company endeavours to keep the net exposure at an acceptable level.

Exposure to currency risk

The Company's exposures to foreign currencies are as follows:

(Amount in: US$)

	Liabilities		Assets	
	2026	2025	2026	2025
Singapore dollar	38,153,626	53,936,804	63,054,151	58,477,148
Euro	2,497,853	1,382,339	6,624,498	5,207,982
Japanese yen	—	—	38,622	43,299

Directors' Report

The directors present their report together with the consolidated financial statements of the Group comprising of TCS FNS Pty Limited and its subsidiary for the financial year ended March 31, 2026 and the auditor's report theron.

1. Directors

The names of the directors in office at any time during or since the end of the year are:

Vikram Singh	Appointed January 31, 2025
Venkateshwaran Srinivasan	Appointed June 12, 2017
Madhav Anchan	Appointed August 09, 2019

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

2. Principal activities

The principal activities of the Group during the financial year is holding the investments in its wholly owned subsidiary and the development and sale of specialist banking software and the provision of implementation and project management services. No significant change in the nature of these activities occurred during the year.

3. Review of operations

The profit of the Group for the financial year after providing for income tax amounted to AUD$ 6,812,668 (2025 profit of AUD$ 12,893,349).

The Group has continued its focus on its core competency of product development with further growth of its core banking product to capture greater market share of the Banking sector.

4. Environmental issues

The Group's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a state or territory of Australia.

5. Dividends

AUD$ 15,500,000 dividend was paid to Tata Consultancy Services Limited (Parent Company) during the financial year (2025: AUD$ 8,000,000).

6. Events subsequent to reporting date

There have been no matters which have arisen in the interval between the end of the financial year and the date of this report, any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Group, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

7. Likely developments

Information about likely developments in the operations of the Group and the expected results of those operations in future financial years has not been included in this report because disclosure of the information would be likely to result in unreasonable prejudice to the Company.

8. Shares under options

No options over issued shares or interests in the Group were granted during or since the end of the financial year and there were no options outstanding at the date of this report.

9. Indemnity and insurance of officers and auditors

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an officer or auditor of the Group.

10. Proceedings on behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings. The Company was not a party to any such proceedings during the year.

11. Lead auditor's independence declaration

The Lead auditor's independence declaration is set out on page 5 and forms part of the directors' report for the financial year ended March 31, 2026.

Vikram Singh
Director

Date: 04 May, 2026

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of

TCS FNS Pty Ltd

I declare that, to the best of my knowledge and belief, in relation to the audit of TCS FNS Pty Ltd and its controlled entity for the financial year ended 31 March 2026 there have been:

i. no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and

ii. no contraventions of any applicable code of professional conduct in relation to the audit.

SEE ACCOMPANYING NOTES (1 TO 21) FORMING PART OF THE FINANCIAL STATEMENTS.

Notes forming part of the Financial Statements

1. REPORTING ENTITY

TCS FNS Pty Limited (the "Group") is a company limited by shares, incorporated and domiciled in Australia. Tata Sons Private Limited is the ultimate parent of the company. The registered office and principal place of business of the Company is TCS FNS Pty Ltd, Level 6, 76 Berry Street, North Sydney NSW 2060. As at March 31, 2026, Tata Consultancy Services Limited, the immediate parent entity owned 100% of the Company's equity share capital.

2. BASIS OF PREPARATION

These consolidated financial statements are general purpose financial statements for distribution to the shareholder and for the purpose of fulfilling the requirements of the Corporations Act 2001. They have been prepared in accordance with Australian Accounting Standards – Simplified Disclosures made by the Australian Accounting Standards Board and the Corporations Act 2001.

The statement of cash flows have been prepared under direct method, disclosing major classes of gross cash receipts and payments related to operating activities.The Accounting Standards require cash flows from interest ,Proceeds from sale of Investment and dividends received and paid to be disclosed separately.

3. MATERIAL ACCOUNTING POLICIES

a) Basis of Consolidation

The Group accounts for business combinations using the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs.

The Group has an option to apply a "concentration test" that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities .

Any contingent consideration is measured at fair value at the date of acquisition. If a contingent consideration that meets the definition of a financial instrument is equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, the contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in profit or loss.

i. Subsidiaries

Subsidiaries are entities controlled by the Group. The Group 'controls' an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

ii. Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

iii. Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with associates are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

b. Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments,do not meet the definition of income taxes, and therefore accounted for them under AASB 137 Provisions, Contingent Liabilities and Contingent.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that:
  - is not a business combination; and
  - at the time of the transaction (i) affects neither accounting nor taxable profit or loss and (ii) does not give rise to equal taxable and deductible temporary differences
  - temporary differences related to investments in subsidiaries and associates to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
  - taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date, and reflects uncertainty related to income taxes, if any.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if certain criteria are met.

Tax consolidation

The Company, as the head entity in the tax consolidated group and its wholly-owned Australian controlled entities continue to account for their own current and deferred tax amounts. These tax amounts are measured as if each entity in the tax consolidated group continues to be a stand-alone taxpayer in its own right.

In addition to its own current and deferred tax amounts, the Company also recognises the current tax liabilites (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group. Assets or liabilites arising under the tax funding agreement with the tax consolidated entities are recognised as amounts receivable or payable to other entities in the Group.

The entities in the Tax Consolidated Group entered into a tax sharing agreement which, in the opinion of the directors, limits the joint and several liability of the wholly- owned entities within the Tax Consolidated Group in the case of a default by the Company.

The entities in the Tax Consolidated Group have also entered into a Tax Funding Agreement under which the wholly-owned entities of that group fully compensate the Company for any current tax payable assumed and are compensated by the Company for any current tax receivable and deferred tax assets relating to unused tax losses or unused tax credits that are transferred to the Company under the tax consolidation legislation. The funding amounts are determined by reference to the amounts recognised in the wholly-owned entities' financial statements.

The Organisation for Economic Co-operation and Development (OECD) has published the model rules for global minimum tax (Pillar Two model rules). The Group has determined that the global minimum top-up tax - which it is required to pay under Pillar Two legislation - is an income tax in the scope of AASB 112.

Pillar Two legislation has been enacted, or substantively enacted, in certain jurisdictions where the Group operates. The Group is within the scope of the OECD Pillar Two model rules and has evaluated the potential exposure to global minimum tax. The Group does not expect any material financial impact for the current period. The evaluation of the potential exposure is based on the most recent country-by-country reporting, and financial statements for the constituent entities in the Group.

c. Property, plant and equipment

Each class of property, plant and equipment is carried at cost, less any accumulated depreciation and impairment losses.

Plant and equipment

Items of plant and equipment are measured at cost less depreciation and impairment losses.

The cost of fixed assets constructed within the Group includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of profit or loss and other comprehensive income during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets including building and capitalised leased assets, but excluding freehold land, is depreciated on a straight line basis over their useful lives to the Group commencing from the time the asset is held ready for use. Leased assets are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the assets.

The useful life for each class of depreciable assets is:

Class of fixed asset	Useful life
Furniture and fittings	5-7 years
Plant and equipment	2.5 to 7 years
Motor vehicles	5 years
Leasehold improvements	10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting period date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of profit or loss and other comprehensive income.

d. Intangible assets

Intangible assets purchased are measured at cost as at the date of acquisition, less accumulated amortisation and accumulated impairment, if any. Intangible assets acquired in a business combination are recognised at fair value at the acquisition date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses, if any. Intangible assets are amortised on a straight line basis.

e. Financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of the financial asset or financial liability.

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Group has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of any direct issue costs.

f. Impairment

Financial assets (other than at fair value)

The Group assesses at each reporting date whether a financial asset or a group of financial assets is impaired. AASB 9 requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Non-financial assets

At each reporting date, the Group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of profit or loss and other comprehensive income.

Impairment testing is performed annually for intangible assets with indefinite lives and intangible assets not yet available for use. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

g. Foreign currency transactions and balances

Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of Group companies at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency differences are generally recognised in profit or loss and presented within finance costs.

However, foreign currency differences arising from the translation of the following items are recognised in OCI:

A financial liability designated as a hedge of the net investment in a foreign operation to the extent that the hedge is effective and qualifying cash flow hedges to the extent that the hedges are effective.

h. Employee benefits

Provision is made for the Group's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs.

Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

i. Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of amounts required to settle the obligation at the end of the reporting period.

j. Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

k. Revenue

The Group earns revenue primarily from sale of computer software for banking and to market and license the software worldwide and to provide maintenance services.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on an output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Group is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using the percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues includes the cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method .
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Group may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Group is acting as the principal or as an agent of the customer. The Group recognises revenue at the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Group's contracts with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of

variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how a customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of an enforceable right to payment for performance to date and any alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Revenue for fixed-price contracts is recognised using the percentage-of-completion method. The Group uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is an unconditional right to receive cash, and only the passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing to customers follow different schedules based upon the nature and type of goods and services being transferred. The billing schedules agreed with customers could include periodic performance based payments and/or milestone based progress payments. Invoices are payable within a contractually agreed credit period.

In accordance with AASB 137, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Group any reviews modifications to a contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event that the transaction price is revised for an existing obligation, a cumulative adjustment is accounted for.

The Group disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

l. Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

m. Critical accounting estimates and judgments

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Revenue from fixed-price contracts is recognized using the percentage of completion method. The Company applies judgment to estimate the future cost until completion of the contracts and it uses judgment to determine the progress towards complete satisfaction of the performance obligation.

Key estimates — Impairment

The Company assesses impairment at each reporting date by evaluating conditions and events specific to the Company that may be indicative of impairment triggers.

n. Adoption of new and revised accounting standards

The Group has adopted International Tax Reform - Pillar Two Model Rules (Amendments to AASB 112 and AASB 1060) upon their release in June 2023. The amendments provide a temporary mandatory exception from deferred tax accounting for the top-up tax, which is effective immediately, and require disclosures about the Pillar Two exposure.

The Group has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax, if any, and will account for it as a current tax when it is incurred.

.

Total	**13,184,872**	**21,643,933**	**-**	**-**

Geographical revenue is allocated based on the location of the customers.

Revenue disaggregation by timing of revenue recognition is as follows: (Amounts in AUD)

	For the year ended March 31, 2026	For the year ended March 31, 2025	For the year ended March 31, 2026	For the year ended March 31, 2025
Revenue recognised at a point in time	10,233,033	18,962,431	-	-
Revenue recognised over time	2,951,839	2,681,502	-	-
	13,184,872	**21,643,933**	**-**	**-**

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Group has applied the practical expedient in AASB 15. Accordingly, the Group has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to the customer typically involving time and materials, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is AUD$ 1,721,185 out of which AUD$ 1,132,484 (65.80%) is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

10 TRADE AND OTHER RECEIVABLES

(Amounts in AUD)

	Group		Parent	
	As at March 31, 2026	As at March 31, 2025	As at March 31, 2026	As at March 31, 2025
Trade receivables*	6,558,048	15,535,638	298,367	3,967,764
Allowance for impairment of receivables	-	(12,706)	-	-
Other receivables	-	-	-	-
	6,558,048	15,522,932	298,367	3,967,764
Unbilled receivables*	5,426,814	7,722,201	-	-
Total	**11,984,862**	**23,245,133**	**298,367**	**3,967,764**

The carrying value of trade receivables is considered a reasonable approximation of fair value due to the short-term nature of the balances.

* Trade receivables and unbilled receivables include balance with related party of AUD$ 10,635,164 as at March 31, 2026 (AUD$ 22,922,797 as at March 31, 2025)(Refer note 20)

Allowance for impairment of receivables

Current trade and term receivables are non-interest bearing loans and generally on 30-day terms. Non-current trade and term receivables are assessed for recoverability based on the underlying terms of the contract. A provision for impairment is recognised when there is objective evidence that an individual trade or term receivable is impaired.

At reporting date

Ordinary shares participate in dividends and the proceeds on winding up of the Company in proportion to the number of shares held.

At the shareholders' meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

b. Capital management

The Group's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Group determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Group is not subject to any externally imposed capital requirements.

The Company as at March 31, 2026, as with March 31, 2025 has no external commercial short or long term borrowings and accordingly does not have any externally imposed capital requirements and as such no circumstances of non-compliance have occurred.

16 RESERVES

a. Profit reserve

The profits reserve represents profits of entities within the Group transferred to a separate reserve to preserve their profit character. Such profits ar available to enable payment of franked dividends in future years. Dividends amounting to AUD$ 15,500,000 (2025:AUD$ 8,000,000) were declared and distributed from the profits reserve during the year.

b. Dividend

(Amounts in AUD)

	For the year ended March 31, 2026	For the year ended March 31, 2025
Final dividend	15,500,000	8,000,000

On 14th May 2025 the Board has declared Dividend of AUD$ 11,500,000 which was paid on 21st May 2025.

On 30th Jan 2026 the Board declared a dividend of AUD$ 4,000,000 which was paid on 16th Feb 2026.

17 CONTINGENT LIABILITIES

The Company had no contingent liabilities or assets as at March 31, 2026 (Nil; March 31, 2025).

21. DEED OF CROSS GUARANTEE

The Company has entered a deed of cross-guarantee with its wholly owned subsidiary, TCS Financial Solutions Australia Pty Limited.

Pursuant to ASIC Corporations (Wholly owned Companies) Instrument 2016/785 , the Company guarantees to each creditor payment in full of any debt in the event of winding up of the subsidiary under provisions of the Corporations Act, 2001. If a winding up occurs under the provisions of the Act, the Company will only be liable if after six months any creditor has not been paid in full.

The subsidiary has also given similar guarantees if the Company is wound up.

A consolidated statement of comprehensive income and consolidated statement of financial position, comprising the Company and controlled entity that are parties to the Deed, after eliminating all transactions between parties to the Deed of Cross Guarantee, for the year ended 31 March 2026, are set out on page 6 and page 7, respectively..

Directors' Declaration

1 In the opinion of the directors of TCS FNS Pty Limited ("the Company")

(a) the Company is not publicly accountable.

(b) the financial statements and notes, set out on pages (6 to 23), are in accordance with the Corporations Act 2001, including:

(i) giving a true and fair view of the Group's financial position as at March 31, 2026 and of its performance for the financial year ended on that date; and

(ii) complying with Australian Accounting Standards - Simplified Disclosure Requirements and the Corporations Regulations 2001; and

(c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

2 There are reasonable grounds to believe that the Company and the Group entities identified in the Note will be able to meet any obligations or liabilities to which they are or may become subject to by virtue of the deed of Cross Guarantee between the Company and those Group entities pursuant to ASIC Corporations (Wholly-owned Companies) Instrument 2016/785

Signed in accordance with a resolution of the directors

_____

Vikram Singh

Director

Date: 04 May, 2026

Independent Auditor's Report

To the shareholder of
TCS FNS Pty Limited

Opinion

We have audited the *Financial Report* of TCS FNS Pty Limited (the Company) and its controlled entity (the Group).

In our opinion, the accompanying Financial Report of the Group and the Company gives a true and fair view, including of the Group and the Company's financial position as at 31 March 2026 and of their financial performance for the year then ended, in accordance with the Corporations Act 2001, in compliance with Australian Accounting Standards - Simplified Disclosures and the Corporations Regulations 2001.

The *Financial Report* of the Group and the Company comprises:

- Statements of financial position as at 31 March 2026
- Statements of profit or loss and other comprehensive income, Statements of changes in equity, and Statements of cash flows for the year then ended
- The entity disclosure statements and accompanying basis of preparation as at 31 March 2026
- Notes, including material accounting policies
- Directors' Declaration.

The ***Group*** consists of the Company and the entity it controlled at the year-end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Financial Report section of our report.

We are independent of the Group in accordance with the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Other Information

Other Information is financial and non-financial information in TCS FNS Pty Limited's annual report which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Notes forming part of the Financial Statements

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report in accordance with the Corporations Act 2001, including giving a true and fair view of the financial position and performance of the Group and the Company, and in compliance with Australian Accounting Standards -Simplified Disclosures and the Corporations Regulations 2001
- implementing necessary internal control to enable the preparation of a Financial Report in accordance with the Corporations Act 2001, including giving a true and fair view of the financial position and performance of the Group and the Company, and that is free from material misstatement, whether due to fraud or error
- assessing the Group and the Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group and the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: https://www.auasb.gov.au/media/apzlwn0y/ar3_2024.pdf. This description forms part of our Auditor's Report.

DECLARATION REGARDING A COMPLIMENTARY REVIEW OR CORRECTION ASSIGNMENT

The managing board declares that not a single audit or correction assignment has been given to a person not authorized to do so by law, pursuant to article 5 of the law of 17 March 2019 concerning the professions of accountant and tax advisor.

The annual accounts were not * audited or corrected by a certified accountant or by a company auditor who is not the statutory auditor.

If affirmative, should be mentioned hereafter: surname, first names, profession and address of each certified accountant or company auditor and their membership number at their Institute, as well as the nature of their assignment:

A. Bookkeeping of the Company **,

B. Preparing the annual accounts **,

C. Auditing the annual accounts and/or

D. Correcting the annual accounts.

If the tasks mentioned under A or B are executed by accountants or fiscal accountants, the following information can be mentioned hereafter: surname, first names, profession and address of each accountant or fiscal accountant and their membership number at the Institute of Accountants and Tax advisors, as well as the nature of their assignment.

Surname, first names, profession and address	Membership number	Nature of the assignment (A, B, C and/or D)

* Strike out what does not apply.

** Optional mention.

ANNUAL REPORT OF THE BOARD OF DIRECTORS TO THE GENERAL MEETING OF SHAREHOLDERS

Dear Sirs,

We have the honour to report to you on the activities of the Company during the closed financial year and to submit the annual accounts closed on 31 March 2026 for approval in accordance with the legal and statutory stipulations.

1. REMARKS ON THE ANNUAL ACCOUNTS

1.1. Balance after appropriation

The fixed assets have increased from EUR 487,279.92 to EUR 785,485.56 for the closed financial year.

The current assets have increased from EUR 101,980,027.90 to EUR 120,322,341.75.

The net assets (equity) have decreased from EUR 53,335,973.96 to EUR 45,712,054.15 for the closed financial year.

The payables have increased from EUR 48,771,811.51 to EUR 75.041.474,82.

1.2. Income statement

Operating income	EUR	283.438.762,17
Operating charges (-)	EUR	277.516.462,28

The turnover of this year has decreased from EUR 299,777,587.64 to EUR 275.826.479,62 i.e. with -7.98% as compared to the previous financial year.

The operating charges have decreased from EUR 294,106,418.04 to EUR 277.516.462,28 i.e. -5.64% as compared to the previous financial year.

The financial income has increased from EUR 848,521.09 to EUR 1.326.499,03.

The financial charges have increased from EUR 490,581.18 to EUR 932.860,05.

This has resulted in a profit before taxes amounting to EUR 6.315.938,87, as opposed to a profit before taxes amounting to EUR 6,169,155.37 for the previous financial year.

The taxes amount to EUR 1.939.858,68.

The Company has booked a profit of the financial year after taxes of EUR 4.376.080,19 as compared to EUR 4.236.289,79 for the previous financial year.

1.3. Appropriation of the result

We propose the following appropriation to you:

Profit of the financial year to be appropriated	EUR	4.376.080,19
Profit carried forward from the previous financial year	EUR	53.114.815,40
Profit to appropriate	EUR	57.490.895,59
Interim dividend	EUR	(12,000,000.00)
Profit to carry forward	EUR	45.490.895,59

2. MAIN RISKS AND UNCERTAINTIES

With the exception of ordinary enterprise risks, we are of the opinion that there are no specific risks or uncertainties

3. INFORMATION ON THE IMPORTANT EVENTS AFTER THE CLOSING OF THE FINANCIAL YEAR

There were no significant subsequent events that have occurred after the end of the financial year under review.

4. CIRCUMSTANCES WHICH CAN SIGNIFICANTLY INFLUENCE THE DEVELOPMENT OF THE COMPANY

We do not foresee any circumstances that can influence the development of the Company significantly.

5. RESEARCH AND DEVELOPMENT

During the closed financial year there were no activities carried out in the field of research and development.

6. CONFLICT OF INTEREST IN THE BOARD OF DIRECTORS (ARTICLE 7:96 OF THE CODE OF COMPANIES AND ASSOCIATIONS)

We mention that during the financial year there were no conflicts of interests that fall within the scope of article 7:96 of the Code of companies and associations.

7. ANNOUNCEMENT REGARDING THE USE OF FINANCIAL INSTRUMENTS BY THE COMPANY INSOFAR THAT THESE ARE OF IMPORTANCE FOR THE REVIEW OF ITS ASSETS, LIABILITIES, ITS FINANCIAL SITUATION AND ITS RESULTS

The Company does not use such instruments.

8. BRANCH OFFICES

The Company does not own any branches.

9. CAPITAL MUTATIONS AND ISSUE OF CONVERTABLE BONDS AND WARRANTS AS DECIDED BY THE BOARD OF DIRECTORS IN THE COURSE OF THE FINANCIAL YEAR

The board of directors notifies that there were no capital mutations during the financial year to be reported in conformity with article 7:203 of the Code of companies and associations, nor were there convertible bonds or warrants issued after a decision of the board of directors.

10. ACQUISITION OF OWN SHARES

The board of directors notifies that neither the Company nor a direct subsidiary nor a person acting in own name but for the account of the Company or a direct subsidiary has acquired shares, profit certificates or certificates of the Company.

We hope that you will approve the attached annual accounts and will also grant discharge to the directors and the statutory auditor for the acts carried out during the execution of our mandate during the closed financial year.

05 May 2026,

In the name and on behalf of the board of directors,

_____

Jipson Mathew Varghese

STATUTORY AUDITOR'S REPORT TO THE GENERAL MEETING OF TATA CONSULTANCY SERVICES BELGIUM NV ON THE ANNUAL ACCOUNTS AS OF AND FOR THE YEAR ENDED 31 MARCH 2026

FREE TRANSLATION OF UNQUALIFIED STATUTORY AUDITOR'S REPORT ORIGINALLY PREPARED IN DUTCH

In the context of the statutory audit of the annual accounts of Tata Consultancy Services Belgium NV ("the Company"), we provide you with our statutory auditor's report. This includes our report on the annual accounts and the other legal and regulatory requirements. Our report is one and indivisible.

We were appointed as statutory auditor by the general meeting of 2 June 2025, in accordance with the proposal of the board of directors. Our mandate will expire on the date of the general meeting deliberating on the annual accounts for the year ended 31 March 2028. We have performed the statutory audit of the annual accounts of Tata Consultancy Services Belgium NV for 10 consecutive financial years.

Report on the annual accounts

Unqualified opinion

We have audited the annual accounts of the Company as of and for the year ended 31 March 2026, prepared in accordance with the financial reporting framework applicable in Belgium. These annual accounts comprise the balance sheet as at 31 March 2026, the income statement for the year then ended and notes. The balance sheet total amounts to EUR 121.107.827,31 and the income statement shows a profit for the year of EUR 4.376.080,19.

In our opinion, the annual accounts give a true and fair view of the Company's equity and financial position as at 31 March 2026 and of its financial performance for the year then ended in accordance with the financial reporting framework applicable in Belgium.

Basis for our unqualified opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs") as adopted in Belgium. In addition, we have applied the ISAs as issued by the IAASB and applicable for the current accounting year while these have not been adopted in Belgium yet. Our responsibilities under those standards are further described in the "Statutory auditors' responsibility for the audit of the annual accounts" section of our report. We have complied with the ethical requirements that are relevant to our audit of the annual accounts in Belgium, including the independence requirements.

We have obtained from the board of directors and the Company's officials the explanations and information necessary for performing our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Board of directors' responsibilities for the preparation of the annual accounts

The board of directors is responsible for the preparation of these annual accounts that give a true and fair view in accordance with the financial reporting framework applicable in Belgium, and for such internal control as board of directors determines, is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the board of directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Statutory auditor's responsibilities for the audit of the annual accounts

Our objectives are to obtain reasonable assurance as to whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these annual accounts.

When performing our audit we comply with the legal, regulatory and professional requirements applicable to audits of the annual accounts in Belgium. The scope of the statutory audit of the annual accounts does not extend to providing assurance on the future viability of the Company nor on the efficiency or effectivity of how the board of directors has conducted or will conduct the business of the Company. Our responsibilities regarding the going concern basis of accounting applied by the board of directors are described below.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also perform the following procedures:

- Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by board of directors;
- Conclude on the appropriateness of board of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other legal and regulatory requirements

Responsibilities of the Board of directors

The board of directors is responsible for the preparation and the content of the board of directors' annual report on the annual accounts, for the preparation and content of the documents required to be filed in accordance with the legal and regulatory requirements, for maintaining the Company's accounting records in compliance with the applicable legal and regulatory requirements, as well as for the Company's compliance with the Companies' and Associations' Code and the Company's articles of association.

Statutory auditor's responsibilities

In the context of our engagement and in accordance with the additional Belgian standard which is complementary to the International Standards on Auditing as applicable in Belgium, our responsibility is to verify, in all material respects, the board of directors' report on the annual accounts, certain documents to be filed in accordance with legal and regulatory requirements, as well as compliance with certain requirements of the Companies' and Associations' Code and with the Company's articles of association, and to report on these matters.

Aspects concerning the board of directors' annual report on the annual accounts

Based on specific work performed on the board of directors' annual report on the annual accounts, we are of the opinion that this annual report is consistent with the annual accounts for the same period and has been prepared in accordance with articles 3:5 and 3:6 of the Companies' and Associations' Code.

In the context of our audit of the annual accounts, we are also responsible for considering, in particular based on the knowledge gained throughout the audit, whether the board of directors' annual report on the annual accounts contains material misstatements, that is information incorrectly stated or misleading. In the context of the procedures carried out, we did not identify any material misstatements that we have to report to you.

Information regarding the social balance sheet

The social balance sheet, which is to be filed with the National Bank of Belgium in accordance with article 3:12 §1 8° of the Companies' and Associations' Code, includes, with respect to form and content, the information required by law, including the information regarding salaries and training, and does not present any material inconsistencies with the information that we became aware of during the performance of our engagement.

Information about the independence

Our audit firm and our network have not performed any engagement which is incompatible with the statutory audit of the annual accounts and our audit firm remained independent of the Company during the term of our mandate.

Other aspects

- Without prejudice to formal aspects of minor importance, the accounting records were maintained in accordance with the legal and regulatory requirements applicable in Belgium.
- We do not have to inform you of any transactions undertaken or decisions taken in breach of the Company's articles of association or the Companies' and Associations' Code.
- The appropriation of results proposed to the general meeting complies with the legal provisions and the provisions of the articles of association.

SETTLEMENT REGARDING THE COMPLEMENTARY RETIREMENT OR SURVIVORS' PENSION FOR PERSONNEL AND BOARD MEMBERS

Brief description

The Companies foresee in an additional system of employee pension benefits plan, not in management, calculated on the basis of the number of years of service and the salary of the concerned person. This commitment is a group insurance of the type defined contribution.

Since the new regulations, this insurance type is subject to a minimum return guaranteed by the employer.

As at closing date, the minimum return is still covered by the insurance company.

Mentions related to article 3:64, § 2 and § 4 of the Belgian Companies and Associations Code

DECLARATION WITH REGARD TO THE CONSOLIDATED ANNUAL ACCOUNTS

INFORMATION TO DISCLOSE BY EACH COMPANY GOVERNED BY THE BELGIAN COMPANIES AND ASSOCIATIONS CODE ON THE CONSOLIDATED ANNUAL ACCOUNTS

The Company has not prepared consolidated annual accounts and a consolidated annual report, because of an exemption for the following reason(s)*

The Company and its subsidiaries exceed, on a consolidated basis, not more than one of the criteria mentioned in article 1:26 of the Belgian Companies and Associations Code*

The Company only has subsidiaries that, considering the evaluation of the consolidated capital, the consolidated financial position or the consolidated result, individually or together, are of negligible interestError! Bookmark not defined. (article 3:23 of the Belgian Companies and Associations Code)

The Company itself is a subsidiary of a parent company that prepares and publishes consolidated annual accounts, in which the annual accounts are integrated by consolidation*

INFORMATION TO BE PROVIDED BY THE COMPANY IN CASE IT IS A SUBSIDIARY OR A JOINT SUBSIDIARY

Name, full address of the registered office and, if it concerns companies under Belgian law, the Company registration number of the parent company(ies) and the indication if this (these) parent company(ies) prepares (prepare) and publishes (publish) consolidated annual accounts, in which the annual accounts are included by means of consolidation**:

Tata Consultancy Services Ltd
9th Floor Nirmal Building, Nariman Point
400 021 MUMBAI, India

The enterprise draws up consolidated annual accounts data for the major part of the enterprise

If the parent company(ies) is (are) (a) company(ies) governed by foreign law, the location where the abovementioned annual accounts are available**:

Tata Consultancy Serivces Ltd,
9th Floor Nirmal Building, Nariman Point,
400 021 MUMBAI, India

The enterprise draws up consolidated annual accounts data for the major part of the enterprise

* Strike out what does not apply.

** Where the annual accounts of the Company are consolidated at different levels, the information should be given, on the one hand at the highest and on the other at the lowest level of companies of which the Company is a subsidiary and for which consolidated accounts are prepared and published.

VALUATION RULES

1. GENERAL

The valuation rules are established in accordance with the provisions of the Royal Decree of April 29, 2019, implementing the Code of Companies and Associations.

2. SPECIFIC RULES

a) Revenue recognition

The Company earns revenue primarily from providing information technology and consulting services, including services under contracts for software development, implementation and other related services, licensing and sale of its own software and business process services.

The Company recognises revenue as follows:

- Revenue from contracts priced on a time and material basis is recognised as services are rendered and as related costs are incurred.
- Revenue from Business Process Services contracts priced on the basis of time and material or unit of delivery is recognised as services are rendered or the related obligation is performed.
- Revenue from maintenance contracts is recognised on a pro rata basis over the period of the contract.
- Revenue is recognised only when evidence of an arrangement is obtained and the other criteria to support revenue recognition are met, including the price is fixed or determinable, services have been rendered and collectability of the resulting receivables is reasonably assured.

b) Presentation of costs related to seconded employees from TCSL

Account Code 62 includes remuneration, social security costs and pensions incurred towards local Belgian employees (186 .0 FTE in 2026 and 269.20 FTE in 2025). Costs incurred towards the seconded employees of TCS Limited (TCSL), (2026:37.310.620,92 EUR; 2025 :37.581.022,91 EUR) the parent company of TCS Belgium have also been accounted under this classification. The employees of TCSL (578.0 FTE in 2026 and 607.50 FTE in 2025) are not employees of TCS Belgium as they remain bound by the employment contract with TCSL and seconded to TCS Belgium. Account Code 62 reflects the aggregate of all such costs, including the cost of the seconded employees as management believes that this better reflects the substance of the arrangement for the deputation of the personnel and consequently provides a true and fair view.

c) Incorporation costs:

The incorporation costs are immediately expensed.

d) Tangible and Intangible Fixed Assets:

- Software: linear 20%
- Rolling stock - commercial vehicles: linear 25%
- Office Supplies and Furniture: linear 10% - 20%
- Other - office space setup costs: linear 10% - 21,05%

e) Orders in progress

Orders in progress are valued at cost of production, plus a portion of the profit corresponding to the stage of completion of the work.

f) Foreign currency

Liabilities and receivables denominated in foreign currencies are translated at the exchange rate prevailing on the balance sheet date. Any resulting exchange rate differences are recognized as income or expense, respectively.

Outstanding contracts for the purchase and sale of foreign currencies are revalued at the accounting spot rate on the closing date. Any resulting exchange rate differences are recognized as a gain or loss in the income statement.

OTHER INFORMATION TO DISCLOSE

The Company does not have any impact due to the war in Ukraine or due to sanctions on Russia and Belarus as the Company neither has any customers nor any dependencies on Russia, Ukraine and Belarus.

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS
TATA CONSULTANCY SERVICES DEUTSCHLAND GMBH
SPECIAL PURPOSE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying special purpose financial statements of Tata Consultancy Services Deutschland GmbH ('the Company'), which comprise the statement of financial position as of 31st March 2026, and the related statement of profit or loss and other comprehensive income, changes in equity, and cash flow for the year then ended, and the related notes to the special purpose financial statements. The special purpose financial statements have been prepared by the management as described in Note 2 to the Special Purpose financial statements in accordance with the International Financial Reporting Standards (IFRS).

In our opinion, the special purpose financial statements referred to above present fairly, in all material respects, the financial position of the Company as of 31st March 2026, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standard Board.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) generally accepted in India. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Special purpose financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Special purpose financial statements under the provisions of the Act and the Rules there under and fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our opinion.

Management's Responsibility for special purpose Financial Statements

The Company's management and Board of Directors are responsible for the preparation of these Special purpose financial statements that give a true and fair view of the state of affairs, profit/ loss and (including other comprehensive income), changes in equity cash flows of the Company in accordance with the International Financial Reporting Standards. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Special purpose financial statements that give a true and fair view and are free from misstatement, whether due to fraud or error.

In preparing these Special purpose financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the Special purpose financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special purpose financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. We are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue going concern.
- Evaluate the overall presentation, structure statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Restriction on Distribution and Use

Audit of this special purpose financial statements, in accordance with International Financial Reporting Standards of the Company for the year ended 31st March 2026 have been prepared for the limited purpose of consolidated financial statements, to comply with the Section 129(3) of the Companies Act 2013, of TCSL for the year ended 31st March 2026. Our report is strictly intended solely for the information and use by TCSL for the preparation of consolidated financial statements and for the use at their annual general meetings for the information of their members. It is not intended to be and should not be used by anyone other than specified parties.

Notes forming part of the financial statements

1. CORPORATE INFORMATION

Tata Consultancy Services Deutschland GmbH (the "Company") is a Company limited by shares, incorporated and domiciled in Germany.

The main business of the company is to provides services in the areas of management consulting and software development. The registered office address is Tata Consultancy Services Deutschland GmbH, Messeturm, 60308 Frankfurt am Main, Germany. As at March 31, 2026, Tata Consultancy Services Limited is the parent entity holding 100% of shares of the company.

The financial statements of the company have been drawn up as a special purpose financial statements for the distribution to the shareholder.

2. STATEMENT OF COMPLIANCE

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the international accounting standard board ("IASB"). This special purpose financial statements have been prepared for inclusion of Tata Consultancy Services Limited (Intermediate Holding Company) under the requirement of Section 129(3) of the Companies Act, 2013 ('the Act'). The principal accounting policies applied in the preparation of these financial statements have been consistently applied to all periods presented in these financial statements.

3. BASIS OF PREPARATION

The financial statements have been prepared on historical cost basis except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and presentation currency of the Company is EURO. Foreign currency transactions are translated into functional currency at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the financial statements have been discussed in the respective notes.

4. USE OF ESTIMATES AND JUDGMENTS

The preparation of these financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

a. Revenue Recognition

Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

The Company exercises judgement for identification of performance obligations, determination of transaction price, ascribing the transaction price to each distinct performance obligation and in determining whether the performance obligation is satisfied at a point in time or over a period of time. These judgements have been explained in detail under the revenue note (Refer note 10)

b. Useful lives of property, plant and equipment

The Company reviews the carrying amount of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

c. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d. Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

e. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are recognised when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

f. Employee benefits

The accounting of employee benefit plans in the nature of defined benefit requires the Company to use assumptions. These assumptions have been explained under employee benefits note.

g. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. NATURE AND PURPOSE OF RESERVES

a. Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

b. Share premium

Share premium is used to record the premium on issue of shares.

6. RECENT ACCOUNTING STANDARDS

The Group has not applied the following new and revised IFRSs that have been issued but are not yet effective.

Amendments to IFRS 9 and IFRS 7-1

Annual Improvements to IFRS Accounting Standards1 – Amendments to:

- IFRS 1 – First-time Adoption of International Financial Reporting Standards
- IFRS 7 – Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
- IFRS 9 – Financial Instruments
- IFRS 10 – Consolidated Financial Statements
- IAS 7 – Statement of Cash flows

IFRS 18 – Presentation and Disclosures in Financial Statements-2

IFRS 19 –Subsidiaries without Public Accountability: Disclosures-2

1 Effective for annual periods beginning on or after January 1, 2026.

2 Effective for annual periods beginning on or after January 1, 2027.

IFRS 9 and IFRS 7 – Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Group will evaluate the amendments and implement them accordingly.

In December 2024, the IASB issued targeted amendments to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs). The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions. Current accounting requirements may not adequately capture how these contracts affect a company's performance. The amendments include: clarifying the application of the 'own-use' requirements; permitting hedge accounting if these contracts are used as hedging instruments; and adding new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The Group does not expect this amendment to have any significant impact in its financial statements.

IFRS 18 – Presentation and Disclosures in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Group will evaluate the standard and implement it accordingly.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19. The Group does not expect this Standard to have any significant impact in its financial statements.

7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

a. Cash and cash equivalents

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025

Total	**553,946**	**424,463**

* Restricted cash pertains to deposit in commerze bank against bank guarantee.

e. Other financial liabilities

Other financial liabilities – Current

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Accrued payroll	11,369,776	8,420,462
Volume discount - current	985,627	808,650
Indirect taxes payable and other statutory liabilities	12,078,476	13,890,512
Capital creditors - current	263,319	163,225
Total	**24,697,199**	**23,282,849**

Other financial liabilities - Non Current

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Decommissioning liabilities	24,477	24,197
Total	**24,477**	**24,197**

f. Trade payables

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Trade payables	93,350,520	96,022,924
Accrued expenses	40,762,776	42,850,994
Total	**134,113,296**	**138,873,918**

g. Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(Amount in EUR)

	Amortised cost	Total carrying value
Assets:		
Cash and cash equivalents	2,050,236	2,050,236
Trade receivables		
Billed	166,759,628	166,759,628
Unbilled	22,612,239	22,612,239
Other financial assets	4,247,213	4,247,213
Total Assets	**195,669,316**	**195,669,316**
Liabilities:		
Trade payables	134,113,296	134,113,296
Lease liabilities	1,753,410	1,753,410
Other financial liabilities	24,721,676	24,721,676
Total Liabilities	**160,588,381**	**160,588,381**

The carrying value of financial instruments by categories as at March 31, 2025 is as follows:

(Amount in EUR)

	Amortised cost	Total carrying value
Assets:		
Cash and cash equivalents	25,283,298	25,283,298
Trade receivables		
Billed	146,225,654	146,225,654
Unbilled	17,557,568	17,557,568
Other financial assets	3,836,133	3,836,133
Total Assets	**192,902,653**	**192,902,653**

(Amount in EUR)

	Amortised cost	Total carrying value
Liabilities:		
Trade payables	138,873,918	138,873,918
Lease liabilities	2,779,914	2,779,914
Other financial liabilities	23,307,046	23,307,046
Total Liabilities	**164,960,878**	**164,960,878**

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at March 31, 2026 and 2025, approximate the fair value due to their nature. Carrying amounts of other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented. Fair value measurement of lease liabilities is not required.

h. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

i. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rate may have potential impact on the statement of financial statement, where any transaction references more than one currency or where assets/ liabilities are denominated in a currency other than functional currency of the company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

  The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

  The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency of the Company.

The following table sets forth information relating to foreign currency exposure as at March 31, 2026:

(Amount in EUR)

	USD	CHF	Others
Net financial assets	3,948,222	919,581	618,175
Net financial liabilities	2,484,321	474,519	3,207,340

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of Company would result in increase / decrease in the Company's profit before taxes by approximately EUR 68020.2 for the year ended March 31, 2026.

The following table sets forth information relating to foreign currency exposure as at March 31, 2025:

(Amount in EUR)

	USD	CHF	Others
Net financial assets	5,820,602	737,285	649,939
Net financial liabilities	5,572,097	1,079,432	2,400,126

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of Company would result in increase / decrease in the Company's profit before taxes by approximately EUR 184,383 for the year ended March 31, 2025.

- **Interest rate risk**

  Interest rate risk is the risk of changes in market interest rates affecting the overall return of the Company. The Company not significantly exposed to interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, cash and cash equivalents, and other financial assets.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was EUR 216,537,460 and EUR 218,137,008 as of March 31, 2026 and March 31, 2025, respectively being the total of the carrying amount of balance with bank, trade receivables, unbilled receivables, contract assets and other financial assets. Balance with bank is placed with a bank with high credit ratings. As of March 31, 2026, there were no indications that any defaults will occur on trade receivables, unbilled receivables, contract assets or other financial assets.

  The Company's exposure to customers is diversified and major customer's outstanding trade receivables, unbilled receivables and contract assets as at March 31, 2026 and March 31, 2025 was as below:

(Amount in EUR)

	As at March 31, 2026		As at March 31, 2025	
Client Name	**Total trade receivables and unbilled revenue**	**Percentage**	**Total trade receivables and unbilled revenue**	**Percentage**
Customer A	35,313,155	17.11%	36,750,291	19.49%
Customer B	17,516,342	8.49%	13,034,090	6.91%

- **Geographic concentration of credit risk**

  Geographic concentration of trade receivables (net of allowances), unbilled receivables and contract assets is as follows:

	As at March 31, 2026	As at March 31, 2025
Europe	99.43%	97.84%
Others	0.57%	2.16%

Geographical concentration of trade receivables and unbilled receivables and contract assets is allocated based on the location of the customers.

The Company uses an allowance matrix to measure the expected credit loss of trade receivable from customers. The expected credit loss allowance is based on the ageing of the days the receivables are due and are as follows:

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Amount in EUR)

March 31, 2026	Due in 1st year	Due in 2nd to 5th year	Total
Non derivative financial liabilities			
Trade payables	134,113,296	-	134,113,296
Lease liabilities	1,366,154	387,256	1,753,410
Other financial liabilities	24,697,199	24,477	24,721,676
Total	**160,176,648**	**411,733**	**160,588,380**

(Amount in EUR)

March 31, 2025	Due in 1st year	Due in 2nd to 5th year	Total
Non derivative financial liabilities			
Trade payables	138,873,918	-	138,873,918
Lease liabilities	1,297,311	1,482,604	2,779,914
Other financial liabilities	23,282,849	24,197	23,307,046
Total	**163,454,077**	**1,506,801**	**164,960,877**

j. Equity instruments

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Issued, Subscribed and Fully paid up		
Ordinary shares	150,000	150,000
Total	**150,000**	**150,000**

Share holding	Percentage	Percentage
Tata Consultancy Services Limited	100%	100%

Capital management

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

8. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use asset held by the Company is as follows:

(Amount in EUR)

	Additions for the year ended March 31, 2026	Net carrying amount as at March 31, 2026
Leasehold building	301,899	1,337,845
Automobiles	0	278,337
Total	**301,899**	**1,616,182**

(Amount in EUR)

	Additions for the year ended March 31, 2025	Net carrying amount as at March 31, 2025
Leasehold building	-	1,995,460
Automobiles	326,725	489,214
Total	**326,725**	**2,484,674**

Depreciation on right-of-use asset is as follows:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Leasehold building	1,018,576	1,229,811
Automobiles	210,877	255,825
Total	**1,229,454**	**1,485,636**

Interest on lease liabilities is EUR 42,476 and EUR 56,477 for the year ended on March 31, 2026 and March 31, 2025, respectively.[Refer Note 12(b)]

The Company incurred EUR 1,563,340 and EUR 1,334,657 for the year ended March 31, 2026 and 2025, respectively, towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is EUR 2,934,219 and EUR 2,977,071 for the year ended March 31, 2026, and 2025, respectively, including cash outflow for short-term leases and leases of low-value assets.

The Company does not have lease term extension options that are not reflected in the measurement of lease liabilities.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

9. NON-FINANCIAL ASSETS AND LIABILITIES

a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Method	Useful life (in years)
Computer equipment	Straight Line Method	4 years
Electrical Installations	Straight Line Method	10 years
Office Equipments	Straight Line Method	5 years
Furnitures and Fixtures	Straight Line Method	5 years
Leasehold Improvements	Straight Line Method	6 years

Depreciation is not recorded on capital work in progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Property, Plant and equipment consist of the following:

(Amount in EUR)

	Leasehold improvements	Computer equipment	Furniture and fixtures	Office equipment	Electrical installations	Total
Cost as at April 1, 2025	**909,073**	**45,704,370**	**1,173,816**	**758,459**	**405,801**	**48,951,519**

Net carrying amount as at March 31, 2025	**38,051**	**3,599,182**	**16,552**	**54,422**	**114,310**	**3,822,518**
Capital work-in-progress						221,966
Total						**4,044,484**

b. Other intangible assets

Intangible assets purchased including acquired in business combination, are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences and customer-related intangibles.

Following table summarises the nature of intangibles and their estimated useful lives:

Type of asset	Useful lives
Rights under licensing agreement and software licences	Lower of licence period and 2-5 years
Customer-related intangibles	3 years

Intangible assets are amortised on a straight line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Intangible assets consist of the following:

(Amount in EUR)

	Software Licences	Total
Cost as at April 1, 2025	**1,760,036**	**1,760,036**
Additions	-	-
Cost as at March 31, 2026	**1,760,036**	**1,760,036**
Accumulated amortisation as on April 1, 2025	**1,443,770**	**1,443,770**
Amortisation for the year	151,232	151,232
Accumulated amortisation as on March 31, 2026	**1,595,002**	**1,595,002**
Net carrying amount as at March 31, 2026	**165,033**	**165,033**

Cost as at April 1, 2024	**1,760,036**	**1,760,036**
Additions	-	-
Cost as at March 31, 2025	**1,760,036**	**1,760,036**
Accumulated amortisation as on April 1, 2024	**1,181,349**	**1,181,349**
Amortisation for the year	262,423	262,423
Accumulated amortisation as on March 31, 2025	**1,443,770**	**1,443,770**
Net carrying amount as at March 31, 2025	**316,264**	**316,264**

c. Other assets

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Other assets consist of the following:		
Other assets - Current		
Advance to suppliers	(23)	(23)
Contract assets (Refer Note 10)	20,849,969	25,550,248
Prepaid expenses	8,069,519	9,083,437
Prepaid rent	92,752	1,299
Contract fulfillment costs	1,172,910	2,324,701
Others	72,603	65,087
Total	**30,257,730**	**37,024,749**

Other assets – Non-current

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Contract assets (Refer Note 10)	18,176	13,820
Prepaid expenses	444,922	517,765
Contract fulfillment costs	362,971	393,769
Total	**826,069**	**925,354**

Contract fulfillment costs of EUR 2,696,779 and EUR 2,696,779 for the years ended March 31, 2026 and 2025, respectively, have been amortised in the profit or loss. Refer Note 10 for changes in contract assets.

d. Other liabilities

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Other liabilities consist of the following:		
Other liabilities - Current		
Advances received from customers	64,324	51,754
Others	300	300
Total	**64,624**	**52,054**

e. Provisions

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Provisions consist of the following:		
Provisions - Current		
Provision for foreseeable loss	244,736	6,801
Total	**244,736**	**6,801**

10. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.

- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Transaction price attributed in case of contracts with subsidiary is arrived at on the basis of arm's length price. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue from operations is EUR 747,447,188.76 for year ended March 31, 2026 (March 31, 2025: EUR 752,150,063).

Revenue disaggregation by nature of services is as follows:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Consultancy services	770,528,260	744,505,990
Sale of equipment and software licences	3,322,432	2,941,198
Total	**773,850,692**	**747,447,189**

Revenue disaggregation by industry vertical is as follows:

(Amount in EUR)

Industry vertical	Year ended March 31, 2026	Year ended March 31, 2025
Life Sciences and Healthcare	204,113,810	208,906,780
Banking, Financial Servies and Insurance	208,502,929	190,390,319
Manufacturing	98,617,782	86,600,601
Hitech	113,952,908	111,692,879
Others	148,663,262	149,856,611
Total	**773,850,692**	**747,447,189**

Revenue disaggregation by geography is as follows:

(Amount in EUR)

Geography	Year ended March 31, 2026	Year ended March 31, 2025
Europe	759,236,839	732,049,694
Others	14,613,853	15,397,495
Total	**773,850,692**	**747,447,189**

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is EUR 428,153,867 out of which EUR 199,124,053 (46.51%) is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	**25,564,068**	**26,685,162**
Invoices raised that were included in the contract assets balance at the beginning of the year	(23,153,183)	(25,108,855)
Increase due to revenue recognised during the year, excluding amounts billed during the year	18,475,810	23,993,059
Translation exchange difference	(18,550)	(5,298)
Balance at the end of the year	**20,868,145**	**25,564,068**

Changes in unearned and deffered revenue are as follows:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	**9,353,372**	**14,587,487**
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(9,183,459)	(14,353,852)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	7,489,873	9,115,203
Translation exchange difference	(10,250)	4,530
Balance at the end of the year	**7,649,548**	**9,353,372**

11. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary nature. The costs of the Company are broadly categorised into employee benefit expenses, depreciation and other operating expenses. Employee benefit expenses include salaries, incentives and allowances, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as contribution to brand equity, corporate overhead allocation, commission and brokerage, recruitment and training, entertainment, etc.

Other operating expense

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Project expenses	5,791,175	6,333,809
Fees to external consultants	530,467,061	509,917,729
Cost of equipment and software licenses	2,860,829	2,848,996
Travel expenses	4,916,085	4,927,066
Facility running expenses	4,428,662	4,166,949
Communication	9,256,449	10,118,535
Bad debts and advances written off, allowance for doubtful trade receivable and advances (net)	2,329	40,065
Other expenses	19,958,636	15,974,382
Total	**577,681,226**	**554,327,529**

Notes forming part of the financial statements

12. OTHER INCOME / (EXPENSE)

a. Finance and other income

Interest income is recognised using effective interest method.

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest on bank deposits	159,239	1,147,260
Total	**159,239**	**1,147,260**

b. Finance costs

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest on lease liabilities	42,476	56,477
Other interest expense	28,788	110,320
Total	**71,264**	**166,797**

c. Finance and other non-operating income / (loss), net

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Net foreign exchange gains/(losses)	(193,162)	139,372
Gain/(loss) on disposal of property, plant and equipment	(81)	(393)
Gain/(loss) on Sale of Securities carried at Fair value through P&L	1,201,333	6,258
Total	**1,008,091**	**145,237**

13. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income taxes is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The income tax expense consists of the following:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax		
Current tax expense	8,192,360	2,273,200
Deferred tax expense	(1,992,140)	733,028
Total	**6,200,220**	**3,006,228**

The reconciliation of estimated income tax expense at the Statutory income tax rate to income tax expense reported in statement of profit or loss and other comprehensive income is as follows:-

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax expenses		
Income before taxes	19,420,376	9,336,532
Statutory tax rate	31.62%	31.62%
Expected income tax expense	6,139,926	2,951,828
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:		
Tax pertaining to prior years:		
Current tax	(5,287)	
Disallowed expenses	65,506	53,085
Other permanent differences		1,315
Total income tax expense	**6,200,145**	**3,006,228**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2026 are as follows:

(Amount in EUR)

Deferred tax liabilities	Opening balance	Recognised / reversed through profit or loss	Recognised in other comprehensive income	Closing balance as at March 31, 2026
Deferred tax assets / (liabilities) in relation to				
Provision for employee benefits	322,313	107,171	(259,251)	170,233
Property, plant and equipment	285,203	-	-	285,203
Lease liabilities	(2,019,785)	-	-	(2,019,785)
Right-of-use assets	1,153,923	-	-	1,153,923
Deferred revenue	3,573,104	-	-	3,573,104
Total deferred tax assets / (liabilities)	**3,314,759**	**107,171**	**(259,251)**	**3,162,679**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2025 are as follows:

(Amount in EUR)

Deferred tax liabilities	Opening balance	Recognised / reversed through profit or loss	Recognised in other comprehensive income	Closing balance as at March 31, 2025
Deferred tax assets / (liabilities) in relation to				
Provision for employee benefits	170,232	-	152,081	322,313
Property, plant and equipment	285,203	-	-	285,203
Lease liabilities	(1,286,757)	(733,028)	-	(2,019,785)
Right-of-use assets	1,153,923	-	-	1,153,923
Deferred revenue	3,573,104	-	-	3,573,104
Total deferred tax assets / (liabilities)	**3,895,706**	**(733,028)**	**152,081**	**3,314,759**

14. EMPLOYEE BENEFITS

Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the date of each statement of financial position. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the statement of financial position represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position.

Employee cost consist of the following:

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Salaries, incentives and allowances	154,585,306	161,604,531
Contributions to provident and other funds	18,189,148	17,320,269
Staff welfare expenses	766,223	825,195
Total	**173,540,678**	**179,749,996**

Notes forming part of the financial statements

Employee benefit obligations consist of the following:

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Compensated absences	836,243	634,520
Other employee benefit obligations	65,992	53,941
Total	**902,235**	**688,462**

Employee benefit obligations – Non-current

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Net defined benefit pension obligations	1,396,082	1,668,351
Total	**1,396,082**	**1,668,351**

Employee benefit plans

The Company operates a defined benefit pension scheme for the benefit of certain employees. The following table sets out the details of the defined benefit retirement plans and the amount recognised in the financial statements.

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Defined benefit obligation at the beginning of the year	7,545,270	6,692,384
Service cost	180,268	169,446
Interest cost	261,939	256,469
Actuarial loss / (gain) on liabilities	(1,089,187)	445,283
Benefits paid from plan assets	(18,312)	(18,312)
Defined benefit obligation at the end of the year	**6,879,978**	**7,545,270**

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Fair value of assets at the beginning of the year	5,829,015	5,464,609
Interest income	202,850	213,051
Actuarial return on assets	(269,290)	(36,333)
Employer contributions	252,903	206,000
Benefits paid	(18,312)	(18,312)
Fair value of assets at the end of the year	**5,997,166**	**5,829,015**

The amount included in the balance sheet arising from the Company's obligations in respect of its defined benefit retirement benefit schemes is as follows:

(Amount in EUR)

	As at March 31, 2026	As at March 31, 2025
Fair value of plan assets	5,997,166	5,829,015
Present value of defined benefit obligations	(6,879,978)	(7,545,270)
Net defined benefit obligation	**(882,812)**	**(1,716,255)**

Notes forming part of the financial statements

The amounts charged to the profit and loss account in the year are:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Service cost	180,268	169,446
Net interest on defined benefit obligation	59,089	43,418
Total	**239,357**	**212,864**

The amount recognised in the other comprehensive income are:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Actuarial (gains) and losses arising from changes in financial assumptions	(905,847)	497,154
Actuarial (gains) and losses arising from changes in experience adjustments	(183,340)	(51,871)
Actuarial (gains) and losses on plan assets	(269,290)	(36,333)
	(1,358,477)	**408,950**

The assumptions used in accounting for the defined benefit plan are set out below:

	Year ended March 31, 2026	Year ended March 31, 2025
Discount rate	4.17%	3.48%
Rate of increase of pensions in payment	2.00%	2.00%
Rate of increase in compensation levels of covered employees	3.50%	3.50%
Weighted average duration of defined benefit plan	18.3 Years	19.8 Years

Future mortality assumptions are taken based on the published statistics by the Richttafeln 2018 G by K.Heubeck. The Company is expected to contribute EUR 205,000 to defined benefit plan obligations funds for the year ending March 31, 2027.

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate, expected salary increase and expected pension increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
Disount rate increased by 100 basis points	5,807,734	6,268,242
Disount rate decreased by 100 basis points	8,246,378	9,198,019
Salary increase increased by 50 basis points	6,893,942	7,566,451
Salary increase decreased by 50 basis points	6,866,340	7,524,616
Pension increase increased by 50 basis points	7,347,909	8,087,377
Pension increase decreased by 50 basis points	6,454,709	7,054,302

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Expected benefits payable in future years from the end of the current year:

(Amount in EUR)

	Year ended March 31, 2026	Year ended March 31, 2025
1st Following Year	40,661	34,656
2nd Following Year	65,006	49,681
3rd Following Year	103,245	64,060
4th Following Year	160,629	102,764
5th Following Year	214,948	161,019
Sum of Years 6 To 10	1,716,698	1,512,067

Directors' Report

The board of directors of Tata Consultancy Services Sverige AB hereby presents the financial statement for financial year 2025-04-01 - 2026-03-31. The Company's headquarters are in Stockholm.

Business operations

TCS continues to invest in strengthening its market position through offerings that are relevant, contextual, and differentiated. In Financial Year 2026, customers remained focused on AI led transformation, operational resilience, and cost efficiency. At the same time, there was increased acceptance and deployment of emerging technologies aimed at improving customer experience and driving profitability. TCS responded to these evolving sourcing priorities by continually enhancing its portfolio across (Gen)AI, Robotics, Mobility, Hybrid Cloud, Cybersecurity, and Sustainability services and solutions.

During the year, TCS recorded significant wins in AI led development, core transformation programs, vendor consolidation initiatives, employee experience transformation, and cloud services. These engagements underscore TCS' ability to combine deep contextual industry knowledge with strong technological expertise to deliver meaningful outcomes for customers.

TCS Sweden's commitment to customer and employee excellence continues to be recognized by customers, analysts, and industry bodies. TCS has been named a Top Employer in Sweden by the Top Employers Institute for the thirteenth consecutive year. The Company is also ranked #1 in customer satisfaction across Sweden and the Nordics in the Whitelane 2026 Survey. TCS Nordics was designated a Leader in the Avasant RadarView™ 2025 report. Microsoft Sweden recognized TCS as Azure Partner of the Year, and TCS Sweden received a Silver Award at the International Sustainability Awards 2025 in the category Best Innovation in Sustainable Technologies. In addition, TCS Sweden emerged as the global winner in its category at the internal TCS AI Hackathon.

TCS Stockholm Pace Studio continues to serve as a innovation and design initiatives hub for customer and partner engagements. Its current focus areas include AI use cases in Industrial Autonomy & Engineering, Robotics, Mobility, Customer & Employee Experience, and Cybersecurity. Through the Pace Studio, TCS enables enterprises to accelerate their digital transformation journeys and translate innovation into tangible business value.

Deep market understanding, sensitivity to local market dynamics, strong ecosystem collaboration, and a focus on building an inclusive and empowered workforce continue to underpin TCS Sweden's success. Today, more than 9,000 TCS associates support Swedish customers, through a combination of onsite teams in Sweden and delivery centers outside Sweden. TCS continued to expand its presence in Gothenburg and the southwest region of Sweden, driven by growing client demand for engineering services and digital transformation. This demand spans multiple sectors, with particularly strong momentum in manufacturing, automotive, and consumer services.

Ownership

The Company is a wholly-owned affiliate of Tata Consultancy Services Limited org no L22210MH1995PLC084781, with its headquarter in Mumbai, India, is preparing the consolidated financial statement for the group company. Tata Consultancy Services Limited is a publicly listed company on the National Stock Exchange of India Limited and BSE Limited in India. Tata Consultancy Services Limited is owned with 72.27% of the shares by the ultimate holding company Tata Sons Private Limited org no 478, in Mumbai with adress; Bombay House, 24, Homi Mody Street, Mumbai 400 001 India which is the headquarter of Tata.

Significant events during the financial year

No significant events are deemed to have taken place during the financial year.

(1) Adjusted equity/total assets. By adjusted equity means equity + untaxed reservs with deduction of deferred tax liability.

Significant risks and uncertainities

In the course of its business activities, the Company is exposed to risks and uncertainties arising from exogenous factors related to the overall macroeconomic framework or the specific environment the Company operates in, as well as risks related to strategic decisions and internal risk management. The identification and mitigation of these risks were carried out on a regular basis through consistent monitoring and the process is continuously improved and adapted to the changing global risk scenario.

The Company can count on a central risk management, although it allows its supervisors to take care of identification, monitoring and mitigation of the risks themselves. The aim is to estimate the impact of each risk according to going concern premises, reduce risks occurrence and/or moderate their effect in proportion to the determining factor (controllable by the Company or not).

On the topic of business risks, the main risks identified, monitored and managed by the Company are as follows:

- risks dependent on exogenous variables;
- risk related to competitiveness;
- risks related to the demand / macro-economic cycles.

The Company is exposed to foreign exchange risk as it deals in multi currencies. However, the risk is hedged to a great extent as the expenses are incurred in the respective foreign currency.

The Company operates in highly competitive industry, which is reflected in intense price competition of products and services.

In the course of its business activities, the Company is exposed to risks and uncertainties arising from exogenous factors related to the overall macroeconomic framework and the consequent reduction in IT spending by the companies, in containing their costs, could impact the Companys business.

Expected future business activites

Swedish enterprises continue to navigate a complex environment shaped by macro economic developments, evolving trade relations, geopolitical uncertainty, dependencies on resources outside the EU, vulnerable supply chains, and an ongoing shortage of skilled talent. These factors are influencing business priorities and accelerating the need for resilience, realignment, and transformation.

TCS believes it has a meaningful role to play in supporting organizations through this transition. With a strong and diversified customer base, TCS is well positioned to manage sector specific risks. Its core offerings in technology and business optimization remain highly relevant.

Continued investments in horizontal capabilities as well as industry specific solutions will enable further differentiation, strengthen TCS' positioning as a long term strategic partner, and support sustainable growth.

As organizations increasingly move towards asset light operating models with a sharper focus on high performing business units, TCS expects continued demand for operational simplification, vendor consolidation, industrialized services, and AI driven

efficiencies. Security, enterprise solutions, and platform based offerings are gaining traction.

Sustainability information

The assets of a company extend beyond quantifiable measures and include important qualitative elements. The employees of Tata Consultancy Services Sweden AB remain at the center of its growth and are key to company's long term success. TCS attrition rate in Sweden remains healthy in single digits.

TCS Sweden has been certified as a Top Employer in Sweden since 2013. Diversity on all parameters is important. TCS Sweden continues to hire talent from the local market, insource from customers where relevant and in general create more job opportunities in the region. It is also actively hiring trainees and interns from Swedish universities while collaborating closely with student bodies.

TCS Sweden holds ISO 45001:2018 and ISO 14001:2015 certifications.

TCS Sweden also contributes actively to social and community initiatives, including:

- Astrid Lindgren's Children's Hospital: Financial support of SEK 180,000 in 2025 to improve the hospital stay experience for children and families.
- Hope Awards: Introduced in Sweden in December 2024 to recognize employees who dedicate time and effort to social causes.
- Leaders with Purpose: Launched in Sweden (and extended across the Nordics) in January 2025, supporting leaders in contributing to society through purpose driven projects.
- Tent Mentorship Program: TCS continues its association with the Tent mentorship program to support women refugees.
- Keep Sweden Clean Initiative: A local cleanliness drive involving the employees and their families.
- Student Engagement: During the autumn of 2025, TCS organized two hackathons in Sweden aimed at young learners. In collaboration with Lund University and several industry partners, TCS supported a sustainability-focused hackathon titled "Green Transition Hack" for university students. Additionally, TCS conducted a two-day goIT Hackathon in partnership with SSIS Kista for middle-school students, designed to inspire participants to apply technology to solving real-world societal challenges.

The Company uses 100% renewable energy at its Stockholm office, with the origin verified under the Guarantee of Origin System.

Proposed allocation of company profit or loss

The board proposes that free equity, SEK 1,218,654,373 be disposed of as follows:

	Amounts in SEK
Profit brought forward from previous years	814,046,418
Profit for the year	404,607,955
Sum	**1,218,654,373**
The board proposes that the following be carried forward	1,218,654,373
Total	**1,218,654,373**

Concerning earnings and financial position, please view the attached documentation on Income Statement, Balance Sheet and Cash flow analysis together with additional information in notes.

Auditor's Report

To the general meeting of the shareholders of Tata Consultancy Services Sverige AB, corp. id 556559-4008

REPORT ON THE ANNUAL ACCOUNTS

Opinions

We have audited the annual accounts of Tata Consultancy Services Sverige AB for the financial year 2025-04-01—2026-03-31.

In our opinion, the annual accounts have been prepared in accordance with the Annual Accounts Act, and present fairly, in all material respects, the financial position of Tata Consultancy Services Sverige AB as of 31 March 2026 and its financial performance and cash flow for the year then ended in accordance with the Annual Accounts Act. The statutory administration report is consistent with the other parts of the annual accounts.

We therefore recommend that the general meeting of shareholders adopts the income statement and balance sheet.

Basis for Opinions

We conducted our audit in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of Tata Consultancy Services Sverige AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the preparation of the annual accounts and that they give a fair presentation in accordance with the Annual Accounts Act. The Board of Directors is also responsible for such internal control as they determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error. In preparing the annual accounts The Board of Directors is responsible for the assessment of the company's ability to continue as a going concern. They disclose, as applicable, matters related to going concern and using the going concern basis of accounting. The going concern basis of accounting is however not applied if the Board of Directors intend to liquidate the company, to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and generally accepted auditing standards in Sweden will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the company's internal control relevant to our audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

- Conclude on the appropriateness of the Board of Directors', use of the going concern basis of accounting in preparing the annual accounts. We also draw a conclusion, based on the audit evidence obtained, as to whether any material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion about the annual accounts. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We must inform the Board of Directors of, among other matters, the planned scope and timing of the audit. We must also inform of significant audit findings during our audit, including any significant deficiencies in internal control that we identified.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Opinions

In addition to our audit of the annual accounts, we have also audited the administration of the Board of Directors of Tata Consultancy Services Sverige AB for the financial year 2025-04-01—2026-03-31 and the proposed appropriations of the company's profit or loss.

We recommend to the general meeting of shareholders that the profit be appropriated in accordance with the proposal in the statutory administration report and that the members of the Board of Directors be discharged from liability for the financial year.

Basis for Opinions

We conducted the audit in accordance with generally accepted auditing standards in Sweden. Our responsibilities under those standards are further described in the Auditor's Responsibilities section. We are independent of Tata Consultancy Services Sverige AB in accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Responsibilities of the Board of Directors

The Board of Directors is responsible for the proposal for appropriations of the company's profit or loss. At the proposal of a dividend, this includes an assessment of whether the dividend is justifiable considering the requirements which the company's type of operations, size and risks place on the size of the company's equity, consolidation requirements, liquidity and position in general.

The Board of Directors is responsible for the company's organization and the administration of the company's affairs. This includes among other things continuous assessment of the company's financial situation and ensuring that the company's organization is designed so that the accounting, management of assets and the company's financial affairs otherwise are controlled in a reassuring manner

Auditor's responsibility

Our objective concerning the audit of the administration, and thereby our opinion about discharge from liability, is to obtain audit evidence to assess with a reasonable degree of assurance whether any member of the Board of Directors in any material respect:

- has undertaken any action or been guilty of any omission which can give rise to liability to the company, or
- in any other way has acted in contravention of the Companies Act, the Annual Accounts Act or the Articles of Association.

Our objective concerning the audit of the proposed appropriations of the company's profit or loss, and thereby our opinion about this, is to assess with reasonable degree of assurance whether the proposal is in accordance with the Companies Act.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in Sweden will always detect actions or omissions that can give rise to liability to the company, or that the proposed appropriations of the company's profit or loss are not in accordance with the Companies Act.

As part of an audit in accordance with generally accepted auditing standards in Sweden, we exercise professional judgment and maintain professional scepticism throughout the audit. The examination of the administration and the proposed appropriations of the company's profit or loss is based primarily on the audit of the accounts. Additional audit procedures performed are based on our professional judgment with starting point in risk and materiality. This means that we focus the examination on such actions, areas and relationships that are material for the operations and where deviations and violations would have particular importance for the company's situation. We examine and test decisions undertaken, support for decisions, actions taken and other circumstances that are relevant to our opinion concerning discharge from liability. As a basis for our opinion on the Board of Directors' proposed appropriations of the company's profit or loss we examined whether the proposal is in accordance with the Companies Act.

Notes forming part of the Financial Statements

1. ACCOUNTING PRINCIPLES

Accounting and valuation principles

The Company applies the Swedish Annual Accounts Act (1995: 1554) and the Accounting Standards Board BFNAR 2012: 1 Annual report and consolidated financial statements ("K3"). The accounting principles are unchanged compared to previous years.

Valuation principles etc

Assets, provisions and liabilities are valued based on cost unless otherwise stated.

Intangible assets

Intangible assets acquired by the Company are recorded at acquisition cost less accumulated depreciation and impairment.

Depreciation

Depreciation takes place lineally over the asset's useful life. Depreciation is reported as a cost in the Profit and Loss Account. Depreciation is included in the reported for the intangible asset value.

Intangible assets	Year
Acquired intangible assets	
Licenses	4

Revenue

Revenue is recognized at the fair value of the consideration received or receivable, net of value added tax, rebates, returns and other similar allowances.

Sales of services

Revenue from the sale of services on an ongoing basis are recognized as revenue in the period the work is performed and materials supplied or consumed.

Revenue from sales of services to fixed price contracts is recognized using the so-called percentage of completion method. This means that revenues and costs are recognized in proportion to the stage of completion at the balance sheet date. Completion is determined by calculating the ratio of contract costs incurred for work performed to date bear to the estimated total contract costs. An expected loss on an assignment is recognized immediately as an expense. When the outcome of a transaction cannot be estimated reliably, revenue is recognized only to the extent of contract costs incurred that are likely to be recoverable. Contract costs are recognized as expenses in the period in which they arise.

Leases

A finance lease is a contract under which the risks and rewards incidental to ownership of an asset are essentially transferred from the lessor to the lessee. Other leases are classified as operating leases.

All leases are accounted for as operating leases.

Lessees

Lease payments under operating leases are expensed on a straight-line basis over the lease term unless another systematic approach better reflects the user's benefit over time.

Foreign currency

The Company's reporting currency is the Swedish krona (SEK).

Translation of foreign currency items

At each balance sheet date, monetary items are denominated in foreign currencies at the closing rate. Non-monetary items are measured in terms of historical cost in foreign currency at the purchase date rate. Exchange differences are recognized in operating income or financial item based on the underlying transaction, in the period incurred, except for transactions that constitute hedges and qualify for hedge accounting of cash flow or net investment.

Employee Benefits

Employee benefits in the form of salaries, bonuses, paid holidays, paid sick leave, etc. and pensions is recognized as earned. Pensions and other post-employment benefits are classified as defined contribution or defined benefit pension plans. The company has only defined contribution pension plans.

Defined contribution plans

For defined contribution plans, the company pays fixed contributions into a separate independent legal entity and has no obligation to pay further contributions. The company's earnings are charged with costs as the benefits are earned, which normally coincides with the time when premiums are paid.

Income Taxes

The tax expense represents the sum of current and deferred tax.

Current tax

Current tax is calculated on the taxable profit for the period. Taxable profit differs from the result reported in the income statement when it is adjusted for non-taxable income and non-deductible expenses and income and expense that are taxable or deductible in other periods. Current tax is calculated using tax rates applicable at the balance sheet date.

Deferred taxes

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the tax bases used in the computation of taxable profit. Deferred tax is recognized using the liability method. Deferred tax liabilities are recognized for practically all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that the amounts can be utilized against future taxable income. Untaxed reserves are reported including deferred tax liabilities.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to be used, wholly or partly, against the deferred tax asset.

The valuation of deferred tax is based on how the company, the balance sheet date, expects to recover the carrying value of the corresponding asset or settle the carrying amount of the associated liabilities. Deferred tax is calculated using tax rates and tax laws that have been enacted by the balance sheet date.

Current and deferred tax for the period

Current and deferred tax are recognized as an expense or income in the income statement, except when the tax relates to items recognized directly in equity. In such cases, the tax is also recognized directly in equity.

Tangible assets

Tangible fixed assets are stated at cost less accumulated depreciation and any impairment losses.

The cost consists of the purchase price and costs directly attributable to the acquisition to put it in place and condition for use. Subsequent costs are included only in the asset or recognized as a separate asset when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the same item can be measured reliably. All other repairs and maintenance, and additional expenses are recognized in the income statement in the period in which they arise.

Depreciation of tangible fixed assets are expensed as cost of the asset, possibly, less estimated residual value at the end of useful life is amortized over its estimated useful life. If an asset has been divided into different components are written each component separately over its useful life. Depreciation commences is the tangible fixed asset can be put to use. Tangible fixed assets' useful lives are estimated at:

Tangible assets	Year
Machinery and other technical equipment	5
Equipment, tools and installations	5
Computers	4

Estimated useful lives and amortization methods are reviewed if there are indications that the expected consumption has changed significantly compared with the estimate at the previous balance sheet date. As the company changes the assessment of useful lives are reviewed including asset any residual value. The effect of these changes are accounted for prospectively.

Impairment of tangible assets

At each balance sheet the company analyzes the carrying values of tangible fixed assets and intangible assets to determine whether there is any indication that those assets have declined in value. If so, the assets recoverable amount in order to determine the value of any impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the recoverable amount of the cash-generating unit to which the asset belongs is estimated.

The recoverable amount is the higher of fair value less costs to sell and value in use. Fair value less costs to sell is the price that the company expects to obtain in a sale between knowledgeable, independent parties and who have an interest in the transaction, less the costs that are directly attributable to the sale. The calculation of value in use discounted estimated future cash flows to present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks associated with the asset. To calculate the future cash flows, the company used the budget and forecasts for the next five years.

If the recoverable amount of an asset (or cash-generating unit) is fixed at a value lower than the carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is immediately expensed in the income statement.

At each balance sheet date, the company makes an assessment of the earlier impairment is no longer justified. If so, it is reversed partially or completely. Where an impairment loss subsequently reverses, increase the asset (cash-generating unit) carrying value. The carrying value after reversal of impairment loss shall not exceed the carrying amount that would be determined if no impairment loss been recognized by the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the income statement.

Short-term investments

Holdings in liquidity funds are classified as short-term investments as they form part of the company's cash and liquidity planning. The funds are valued at cost including accrued interest, which is paid out through new fund units or in cash.

Cash and cash equivalents

Cash and cash equivalents include cash on hand and demand deposits at banks and other credit institutions and other short-term highly liquid investments that are readily convertible into cash and are subject to an insignificant risk of changes in value. To be classified as cash and cash equivalents duration may not exceed three months from the date of acquisition.

Contingent liabilities

A contingent liability is:

- a possible obligation which, as a result of events that have occurred and the occurrence of which will only be confirmed by one or more uncertain future events, which is not entirely within the company's control, occurs or does not occur, or
- An existing obligation which, as a result of events that have occurred, but which is not reported as a liability or provision because it is not probable that an outflow of resources will be required to settle the obligation or the size of the obligation can not be calculated with sufficient reliability.

  Contingent liabilities are a summary term for such guarantees, financial commitments and any liabilities that are not recognized in the balance sheet.

Cash Flow Statement

The cash flow statement shows the company's changes in the company's cash and cash equivalents during the financial year. The cash flow statement has been prepared using the indirect method. The reported cash flow includes only transactions that involve receipts and disbursements.

Notes forming part of the Financial Statements

2. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

In order to prepare annual accounts in accordance K3 requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, income and expenses. These estimates are based on historical experience and other factors deemed to be reasonable under the circumstances. Actual results could differ from these estimates under different assumptions or conditions exist. Estimates and assumptions are reviewed regularly. Changes in estimates are recognized in the period the change is made if the revision affects only that period, or the period of the revision and future periods if the revision affects both current and future periods. No estimates have been made that may have a significant effect on the amounts recognized in the financial statements. No assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date have been made that involve a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

In FY 2025-2026. 79% (81%) of the total purchases and 6% (7%) of the total sales respectively in SEK was from affiliate companies within the group.

The Company believes that it has the financial strength and a portfolio of technology and business solutions which are even more relevant in partnering with its customers to make them realize their goals. The Company has assessed its cost budgets required to complete its performance obligations in respect of fixed price projects and incorporated the impact of likely delays/increased cost in meetings its obligations, revision of Service Level Agreements etc.

The company is regularly monitoring its trade receivables with close attention to the customers who might be undergoing financial stress. The Company does not foresee any large-scale contraction in demand which could result in significant employee down-sizing, rendering the physical infrastructure redundant. Accordingly, no changes are anticipated in the long term leases for the premises taken on lease.

3. NET SALES BY BUSINESS SEGMENT AND GEOGRAPHIC MARKET

Net sales by geographic market

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS
TATA CONSULTANCY SERVICES NETHERLANDS B.V.
REPORT ON THE SPECIAL PURPOSE IND AS FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Special purpose Ind AS financial statements of Tata Consultancy Services Netherlands B.V. ('the Company), which comprises the Balance Sheet as at 31st March 2026, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and the summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the special purpose Ind AS financial statements"). The special purpose Ind AS financial statements have been prepared by the management as described in Note 2 to the Special Purpose Ind AS financial statements.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Special purpose Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, and it's Profit (including other Comprehensive Income), Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Special purpose Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Special purpose Ind AS financial statements under the provisions of the Act and the Rules there under and fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibility for the Special purpose Ind AS financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Special purpose Ind AS financial statements that give a true and fair view of the state of affairs, profit/ loss and (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Special purpose Ind AS financial statements that give a true and fair view and are free from misstatement, whether due to fraud or error.

In preparing these Special purpose Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Special purpose Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Special purpose Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special purpose Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

(To the extent applicable to a Company incorporated outside India)

1. As required by Section 143(3) of the Act, we report that:
   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.
   c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
   d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

Restriction on Distribution and Use

These Special purpose Ind AS financial statements have been prepared to comply with the Section 129(3) of the Companies Act 2013, of Tata Consultancy Services Limited for the year ended 31st March 2026 in accordance with Accounting Standard specified in section 133 of the Companies Act 2013. Our report is intended solely for the information and use of Board of Directors of the company and Tata Consultancy Services Limited for the preparation of this Special purpose Ind AS financial statements as aforesaid and for the use at their annual general meetings for the information of their members. It is not intended to be and should not be used by anyone other than specified parties.

Notes forming part of the financial statements

1. CORPORATE INFORMATION

Tata Consultancy Services Netherlands B.V., ('the Company'), having its legal address in Symphony Towers, 20th and 21st floor, Gustav Mahlerplein 85-91, 1082 MS, Amsterdam, The Netherlands, is a private limited liability company under Dutch law and is registered as a financial holding under number 33237130 in the Trade Register.

The Company is a wholly-owned subsidiary of Tata Consultancy Services Limited ("Parent Company"), Mumbai, India. The financial information of the Company is included in the consolidated financial statements of the Parent Company. The consolidated financial statements can be obtained at the website of the Parent Company, at the Investors page at www.tcs.com, or at cost at the office of the Company.

The Company and its subsidiaries provide consulting-led integrated portfolio of information technology (IT) and IT-enabled services delivered through a network of locations around the globe. The Company's full services portfolio consists of Application Development, Assurance Services, Business Intelligence and Performance Management, Business Process Services, Engineering and Industrial Services, Enterprise Security and Risk Management, Enterprise Solutions, IT Infrastructure Services etc.

2. STATEMENT OF COMPLIANCE

These special purpose financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time. for soul purpose of inclusion for Tata Consultancy Services Limited (Intermediate Holding Company) under the requirement of Section 129(3) of the Companies Act, 2013 ('the Act').

3. BASIS OF PREPARATION

These special purpose financial statements have been presented in EURO which is the functional currency of the Company.

These special purpose financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in division II of Schedule III to the Company's Act, 2013. Based on the nature of services rendered to customer and time elapsed between deployment of resources and realisation in cash and cash equivalents of the consideration for such a services rendered, the Company has considered an operating cycle of 12 months. The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value to be cash equivalents.

These standalone financial statements have been prepared in Euro which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet dates and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information related to preparation of the standalone financial statements have been discussed in the respective notes.

4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements is in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Notes forming part of the financial statements

The Company uses the following critical accounting estimates in preparation of its financial statements:

a) Revenue recognition

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

b) Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

c) Impairment of investments in subsidiaries

The Company performs an impairment assessment of investments where indicators of impairment exist. In cases where a subsidiary has a negative net equity position, management evaluates the recoverable amount of the investment based on value-in-use and/or net realisable value, considering projected cash flows, business plans and available group support. Where the recoverable amount exceeds the carrying amount, no impairment provision is recognised.

d) Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Provisions of Income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

f) Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

g) Employee benefits

The accounting of employee benefit plan is in the nature of defined contribution and have been explained under employee benefits note.

h) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and determined that it does not have any significant impact on its financial statements.

In August 2025, MCA notified the following amendments:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 - The amendment relates to classification of liabilities as current or non-current, including non-current liabilities with covenants. The amendment clarifies that the right to defer settlement should exist on the reporting date. The Company has determined that there is no impact on its classification of current and non-current liabilities.
2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 - The amendments require disclosure of supplier finance arrangements and related liquidity risk concentration. The Company has reviewed the amendments and determined that they do not have any significant impact on its financial statements.
3. Ind AS 12, International Tax Reform - Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax. The Company has evaluated the amendment and determined that it does not have any material impact on its financial statements.

6. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are

initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Investment in subsidiaries

Investment in subsidiaries are measured at cost less impairment loss, if any.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Derivative accounting

- **Instruments not in hedging relationship**

  Instruments not in hedging relationship The Company enters into contracts that are effective as hedges from an economic perspective, but they do not qualify for hedge accounting. The change in the fair value of such instrument is recognised in the statement of profit and loss.

- **Impairment of financial assets (other than at fair value)**

  The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowance for expected credit losses, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Tata Consultancy Services France S.A. ("TCS France"), a wholly owned subsidiary, reported a negative net equity position as at 31 March 2026, which represents an impairment.

Management has performed an impairment assessment of the investment, including an evaluation of the recoverable amount determined with reference to value in use and net realisable value. The assessment incorporates approved business plans, projected cash flows, and the availability of financial support within the group.

Based on this assessment, the recoverable amount is in excess of the carrying amount of the investment. Accordingly, no impairment provision has been recognised in the financial statements.

The Company has agreed to provide, vide a loan agreemnt dated 19th March 2026, an intercompany loan facility of up to EUR 90 million to Tata Consultancy Services France S.A., a related party, for working capital purposes.

The facility carries a floating interest rate linked to the ECB marginal lending rate, is unsecured, and repayable within five years with an option for early repayment. There was no disburesment of the loan as 31st March 2026.

Notes forming part of the financial statements

6(i) Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs for assets or liabilities that are not based on observable market data (unobservable inputs).

There are no financial liabilities or assets measured at fair value at the end of each reporting period.

Notes forming part of the financial statements

6(j) Financial risk management:

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

(b) Foreign currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit and loss, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company.

Considering the countries and economic environment in which the Company operates , its operations are subject to risk arising from fluctations in exchange rates in those countries.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Its hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

The foreign exchange rate sensitivity is calculated by aggregation of net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all currencies by 10% against the functional currency of the Company.

The following analysis has been worked out based on the net exposures of the Company as of the date of balance sheet which could affect the statements of profit and loss and equity.

The following table sets forth information relating to unhedged foreign currency exposure as of March 31, 2026

Amount in EUR

	USD	EUR	GBP	Others	Total
Assets :					
Cash and cash equivalents	239,059	12,936,430	-	2,445,380	15,620,868

Net exposure asset/(liability)	**38,573,213**	**112,084,287**	**438,531**	**10,144,887**	**161,240,916**

10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's profit before tax by approximately EUR 49,176,24.9 for the year ended March 31, 2025.

(c) Interest rate risk

The Company is not exposed to interest rate risk.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables (PY unbilled revenue), investments, cash and cash equivalents, bank deposits and other financial assets.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was EUR 236,203,764 and EUR 281,696,487 as of March 31, 2026 and March 31, 2025, respectively, being the total of the carrying amount of balances with banks, trade receivables, unbilled receivables (previous year: Unbilled Revenue) and other financial assets excluding equity.

The following customers form more than 10% of outstanding trade receivable, unbilled receivables and contract assets as at March 31, 2026 and March 31, 2025 are as follows.

Amount in EUR

	As at March 31, 2026		As at March 31, 2025	
	Total Trade receivables, Unbilled receivables and Contract assets	Percentage	Total Trade receivables, Unbilled receivables and Contract assets	Percentage
Customer A	31,560,982	18%	27,170,251	14%
Customer B	15,404,137	9%	21,714,461	11%
Customer C	12,508,903	7%	14,520,588	8%

Geographic concentration of credit risk

The Company is not exposed to the risk as the customer base of Company is concentrated in Netherlands.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company consistently generated sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as of:

iii) Rights, preferences and restrictions attached to shares

The Company has only one class of equity shares which is an 100% investment by Tata Consultancy Services Limited. Since Tata Consultancy Services Limted is the only shareholder for the Company, it carry a right to dividend and also in the event of liquidation, Tata Consultancy Services Limited is eligible to receive the remaining assets of the Company.

Notes forming part of the financial statements

7. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 - Revenue from contracts with customers to allocate the consideration in the contract.

Notes forming part of the financial statements

The details of the right-of-use asset held by the Company is as follows:

Amount in EUR

Description	ROU Leasehold Building	ROU Leasehold Building-Sub Lease	ROU Computer equipment	ROU Automobiles	Total

Depreciation on right-of-use assets is as follows:

Amount in EUR

Depreciation	Year Ended March 31, 2026	Year Ended March 31, 2025
Leasehold Building	1,202,361	1,338,802
ROU Computer equipment	2,207,125	2,360,992
Automobiles	1,104,211	1,112,657
Total	**4,513,697**	**4,812,451**

Interest on lease liabilities is 300,608 Euro for the year year ended March 31, 2026

Lease contracts entered by the Company majorly pertains for buildings and vehicles taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

8. NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

8(a) Property, plant and equipment

The Company recognises the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can measured reliably.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Leased Buildings	Lease Term
Leasehold improvements	5 years
Plant and equipment	10 years
Computer equipment	4 years
Leased Vehicles	Lease Term
Office equipment	5 years
Electrical installations	10 years
Furniture and fixtures	5 years

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Property, plant and equipment consist of the following:

Amount in EUR

Description	Computer Equipment	Leasehold Improvements	Furniture and Fixtures	Office equipment	Electrical installations	Total
Cost as at April 1, 2025	7,374,892	2,334,613	1,415,466	1,463,329	474,698	13,062,998

Ageing for Capital work-in-progress

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Less then 1 Year	532,760	362,639
More then 1 Year		
More then 2 Year		
	532,760	**362,639**

8(b) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences which are amortised over licence period which equates the economic useful life ranging between 1-5 years on a straight-line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

Intangible assets consist of the following:

Amount in EUR

Description	Software Licences
Cost as at April 1, 2025	1,066,602
Additions	-
Disposals	-
Cost as at March 31, 2026	**1,066,602**
Accumulated amortisation as at April 1, 2025	(1,049,366)

8(e) Other liabilities

Other liabilities consist of the following:

Other liabilities – Current

Amount in EUR

	As at March 31, 2026	As at March 31, 2025
Advance received from customers	62,671	1,057,874
	62,671	**1,057,874**

Notes forming part of the financial statements

9. OTHER EQUITY

Other equity consist of the following:

Amount in EUR

	As at March 31, 2026	As at March 31, 2025
Retained earnings		
(i) Opening balance	295,797,738	311,475,241
(ii) Profit for the year	59,886,793	59,322,496
(iv) Less : Appropriations		
(a) Dividend on equity shares	(90,000,000)	(75,000,000)
	265,684,531	**295,797,738**

10. REVENUE

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method (POC method) of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Revenue from subsidiaries is recognised based on transaction price which is at arm's length.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of licence whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue disaggregation by nature of services is as follows:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Consultancy services	856,065,233	894,550,463
Sale of equipment and software licences	33,284,022	31,765,648
Total	**889,349,255**	**926,316,111**

Revenue disaggregation by industry vertical is as follows:

Amount in EUR

Industry Verticals	Year Ended March 31, 2026	Year Ended March 31, 2025
Banking, Financial Services and Insurance	212,450,001	225,469,597
Manufacturing	45,169,209	59,221,154
Retail and Consumer Business	92,355,377	98,270,407
Hi-Tech	271,114,184	276,821,893
Energy & Utilities	124,086,063	139,468,420
Others	144,174,421	127,064,640
Total	**889,349,255**	**926,316,111**

Revenue disaggregation by geography is as follows:

Amount in EUR

Geography	Year Ended March 31, 2026	Year Ended March 31, 2025
Europe	866,237,179	893,296,140
America	15,684,944	24,137,511
Others	7,427,132	8,882,461
Total	**889,349,255**	**926,316,111**

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in Ind AS 115. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is EUR 484 million out of which 57.71% is expected to be recognised as revenue in the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Balance at the beginning of the year	15,793,284	8,368,209
Revenue recognised during the year	12,701,007	14,259,465
Invoices raised during the year	(13,921,128)	(6,821,719)
Translation exchange difference	(64,973)	(12,671)
Balance at the end of the year	**14,508,190**	**15,793,284**

Changes in Unearned and deferred revenue are as follows :

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Balance at the beginning of the year	20,675,503	16,297,581
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(14,403,651)	(10,041,494)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	11,780,021	14,513,601
Translation exchange difference	(368,202)	(94,186)
Balance at the end of the year	**17,683,671**	**20,675,503**

Reconciliation of revenue recognized with the Contracted price is as follows :

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Contracted price	889,349,255	926,316,111
Reductions towards variable consideration components	-	-
Revenue recognised	**889,349,255**	**926,316,111**

The Company has taken steps to assess the cost budgets required to complete its performance obligations in respect of fixed price contracts and incorporated the impact of likely delays / increased cost in meetings its obligations. Such impact could be in the form of provision for onerous contracts or re-setting of revenue recognition in fixed price contracts where revenue is recognised on percentage-completion-basis. The Company has also assessed the impact of any delays and inability to meet contractual commitments and has taken actions such as engaging with the customers to agree on revised SLAs in light of current crisis, invoking of force-majeure clause etc., to ensure that revenue recognition in such cases reflect realisable values.

11. OTHER INCOME

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using the effective interest method.

Other Income consist of the following:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Interest income	2,146,036	1,672,156
Dividend income	23,446,659	26,460,349
Net foreign exchange gains	(233,419)	(747,258)
Miscellaneous income**	93,603	51,297
	25,452,879	**27,436,542**
Interest income consist of the following:		
Interest income on bank deposits	125,785	1,641,140
Interest income on financial assets at amortised cost	17,827	27,000
Interest income on financial assets at Fairvalue	2,002,424	4,015

Notes forming part of the financial statements

12. EMPLOYEE BENEFIT EXPENSES

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company provides benefits such as superannuation and foreign defined contribution plans to its employees which are treated as defined contribution plans.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the balance sheet date.

Employee benefit expenses consist of the following:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Salaries, incentives and allowances	240,416,924	255,248,406
Contributions to social security and other funds	22,855,902	22,035,308
Staff welfare expenses	7,923,695	7,852,684
	271,196,521	**285,136,398**

Employee benefit obligation consist of the following:

Employee benefit obligation - Current

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Compensated absences	3,596,713	3,647,256
Other employee benefit obligations	103,324	92,026
	3,700,037	**3,739,282**

13. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in employee benefit expenses, cost of equipment and software licenses, depreciation and amortisation expense and other expenses. Other expenses mainly include fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivable and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as commission and brokerage, recruitment and training, entertainment, etc.

Notes forming part of the financial statements

13(a) Cost of equipment and software licences

Cost of equipment and software licenses consist of the following:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Cost of Equipment and software licences	30,660,106	25,756,561
	30,660,106	**25,756,561**

13(b) Other expenses

Other expenses consist of the following:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Fees to external consultants	485,871,481	508,028,602
(including subcontractor cost)		
Facility expenses	1,887,007	2,017,660

	28,735,524	**31,421,013**

14. FINANCE COSTS

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Interest on Lease Liabilities	300,608	299,568
Bank Interest	776	4,325
Other Interest	9,896	125
	311,280	**304,017**

15. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax expense for the entity has been computed based on the tax laws applicable in the jurisdiction in which it operates.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction provided the Company has a legally enforceable right to set off the recognised amounts and intends to settle the asset and liability on a net basis.

The Organisation for Economic Co-operation and Development (OECD) has published the model rules for Global Minimum Tax (Pillar Two Model Rules). As per the provisions of the Pillar Two legislation, the Company's ultimate parent entity (UPE) has consolidated revenues exceeding the threshold prescribed under the OECD framework, and Pillar Two legislation has been enacted or substantively enacted in certain jurisdictions in which the Company operates. Based on the current assessment, the Company does not expect a material financial impact from the application of the Pillar Two rules. The evaluation of the potential exposure is based on the most recent country-by-country reporting and the financial statements of the constituent entities of the Company. In accordance with the amendments to Ind AS 12, the Company has applied the temporary mandatory relief from accounting for deferred tax arising from the implementation of the Pillar Two legislation.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Income-tax expenses consist of the following:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Current tax		
Current tax expense for current year	13,161,056	11,986,395
	13,161,056	**11,986,395**
Deferred tax		
Deferred tax expense/(benefit) for current year	(282,357)	112,489
	(282,357)	**112,489**
Total income tax expense recognised in current year	**12,878,699**	**12,098,884**

Notes forming part of the financial statements

The reconciliation of estimated income-tax expenses at statutory income tax rate to the income tax expenses reported in the statement of profit and loss is as follows:

Amount in EUR

	Year Ended March 31, 2026	Year Ended March 31, 2025
Profit/(Loss) before taxes	72,765,492	71,421,380
Enacted Income tax rate in Netherlands	25.80%	25.80%
Expected Income tax expense	18,773,497	18,426,716
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:		
Income exempt from tax	(6,049,238)	(6,947,085)
Income of Subsidiaries taxed at diff tax rates (net)	(333,973)	21,316
Tax on income at different rates	(13,600)	(13,600)
Operating losses carry forwards		
Tax pertaining to prior years:	-	172,781
Tax on non deductible expenses	502,013	438,758
Tax on CVAE / WHT on dividend from TCS SA	-	-
Other Temporary difference	-	-
	12,878,699	**12,098,885**

INDEPENDENT AUDITORS' REPORT

TO THE SHAREHOLDERS AND BOARD OF DIRECTORS OF TCS IBEROAMERICA S.A.

Opinion

We have audited the separate financial statements of TCS Iberoamerica S.A. (the "Company"), which comprise the separate statement of financial position as of December 31st, 2025, the separate statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the separate financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying separate financial statements present fairly, in all material respects, the financial position of TCS Iberoamerica S.A. as of December 31st, 2025, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Separate Financial Statements section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the separate financial statements in Uruguay, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Separate Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether TCS Iberoamerica S.A.'s separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these separate financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the separate financial statements, including the disclosures, and whether the separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the separate financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

Montevideo, Uruguay

SEE ACCOMPANYING NOTES TO SEPARATE FINANCIAL STATEMENTS

Notes to the Separate Financial Statements

1. CORPORATE INFORMATION

TCS Iberoamerica S.A. is a Limited Company incorporated in Uruguay on November 16th, 2001.

In accordance with article 2 of the By-laws the Company's business purpose and main activity are the investment in subsidiaries.

It is currently domiciled at Monte Caseros 2600, in Montevideo, Uruguay.

The share capital reaches USD 98.418.354 (equivalent to 2.122.783.424 Uruguayan Pesos) in the form of registered shares. As at December 31, 2025, Tata Consultancy Services Limited owned 100% of the Company's equity share capital.

The Company has no direct employees.

The Board of Directors approved the separate financial statements for the year ended December 31, 2025 and authorized for issue on March 2nd, 2026.

2. STATEMENT OF COMPLIANCE

The separate financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standard Board (IASB), translated into Spanish, and interpretations prepared by the Interpretations Committee of the International Financial Reporting Standards or the previous Interpretations Committee, in accordance with the Appropriate Accounting Standards in Uruguay pursuant to Decrees 291/014, 292/014, 124/011 and 108/022.

These separate financial statements of TCS Iberoamerica S.A., for the period ended December 31, 2025 and for the period ended December 31, 2024, have been prepared in accordance with IAS 27, "Separate Financial Statements" included in International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board (IASB), applying the exception described in paragraph 4 of IFRS 10, Consolidated Financial Statements. Likewise, these financial statements are exempt from disclosure provisions contained in IFRS 12.

3. BASIS OF PREPARATION

The separate financial statements have been prepared on historical cost basis except for the investments in subsidiaries measured at Equity Method and financial instruments which are measured at fair value or amortized cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realization in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is United States Dollar. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognized in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The Company followed the methodology established in IAS 21 to translate the amounts in United States Dollars (functional currency) into Uruguayan Pesos (presentation currency) which, under these circumstances, is allowed by a resolution of the Internal Audit of the Nation:

- Assets and liabilities for all balances presented (including comparative figures) were translated using exchange rates prevailing at the end of each reporting period (39,041 Uruguayan Pesos = US$ 1 and 44,066 Uruguayan Pesos = US$ 1 were used for December 31, 2025 and December 31, 2024 respectively);

- Income and expense items for all statements presented were translated at the exchange rates prevailing on the dates of the transactions or at the average exchange rates for the period.
- Items of equity different from profit or loss for the year were translated at the year-end exchange rate. In particular, in order to maintain the capital in nominal terms as indicated by the legal regulations, the difference between that year end exchange rate and the ones prevailing on the dates of the transactions were recognized directly in equity as "Other reserves".

The material Policy information related to preparation of the separate financial statements have been discussed in the respective notes.

4. USE OF ESTIMATES AND JUDGMENTS

The preparation of separate financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgments that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the separate financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its separate financial statements:

a. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

b. Provision for income tax and deferred tax assets

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

c. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognized nor disclosed in the separate financial statements.

5. RESERVES

a. Legal reserve

The legal reserve is a reserve fund created in compliance with article 93 of Law 16.060 for commercial companies, which establishes that no less than 5% of the net profit for the year should be used to increase the mentioned reserve, until it reaches 20% of the paid-in capital.

As at December 31st, 2025 the balance of legal reserve is 424.601.685 Uruguayan Pesos (USD 15.044.947).

b. Other reserve

The balance of the account corresponds to the difference of exchange in long-term investments, within an equity account as set forth in IAS 21.

c. Distribution of results

On February 24th, 2025, it was determined to distribute dividends for a total of $ 1.071.075.000 Uruguayan Pesos (USD 25.000.000).

On June 27th, 2025, it was determined to distribute dividends for a total of $ 1.057.308.802 Uruguayan Pesos (USD 25.496.366).

On August 14th, 2025, it was determined to distribute dividends for a total of $ 981.397.422 Uruguayan Pesos (USD 24.542.912).

On November 24th, 2025, it was determined to distribute dividends for a total of $ 168.856.750 Uruguayan Pesos (USD 4.250.000).

On February 28th, 2024, it was determined to distribute dividends for a total of $ 898.081.000 Uruguayan Pesos (USD 23.000.000).

On June 3rd, 2024, it was determined to distribute dividends for a total of $ 908.702.600 Uruguayan Pesos (USD 23.425.000).

On September 6th, 2024, it was determined to distribute dividends for a total of $ 933.782.356 Uruguayan Pesos (USD 23.151.820).

On December 19th, 2024, it was determined to distribute dividends for a total of $ 1.203.984.000 Uruguayan Pesos (USD 27.000.000).

6. REGISTRATION OF SEPARATE FINANCIAL STATEMENTS

According to Decree 156/16 dated May 30, 2016, commercial companies will not be able to distribute dividends as long as they do not comply with the obligation to register, within the established terms, the separate financial statements to the Auditoría Interna de la Nación (AIN), institution that regulates the commercial companies.

To date, the Company has complied with this obligation for the year ended on December 31, 2024. For the year ended on December 31, 2025 the company has time to comply until June 30, 2026.

7. RECENT ACCOUNTING STANDARDS

Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

Amendments to IFRS 9 and IFRS 7[1]

Annual Improvements to IFRS Accounting Standards[1] - Amendments to:

- IFRS 1 - First-time Adoption of International Financial Reporting Standards
- IFRS 7 - Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
- IFRS 9 - Financial Instruments
- IAS 7 – Statement of Cash flows

IFRS 18 – Presentation and Disclosures in Financial Statements[2]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[2]

[1] Effective for annual periods beginning on or after January 1, 2026.

[2] Effective for annual periods beginning on or after January 1, 2027.

IFRS 9 and IFRS 7 – Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments

relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly.

In December 2024, the IASB issued targeted amendments to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs). The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions. Current accounting requirements may not adequately capture how these contracts affect a company's performance. The amendments include: clarifying the application of the 'own-use' requirements; permitting hedge accounting if these contracts are used as hedging instruments; and adding new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The Company does not expect this amendment to have any significant impact in its financial statements.

Annual Improvements to IFRS Accounting Standards

In July 2024, the IASB issued narrow amendments to IFRS Accounting Standards and accompanying guidance as part of its regular maintenance of the Standards. These amendments include clarifications, simplifications, corrections and changes aimed at improving the consistency of several IFRS Accounting Standards. Annual improvements are limited to changes that either clarify the wording in an IFRS Accounting Standard or correct relatively minor unintended consequences or oversights in the Accounting Standards. They also correct minor conflicts between the requirements of the Accounting Standards. The Group does not expect these narrow amendments to have any significant impact in its financial statements.

IFRS 18 – Presentation and Disclosures in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard and implement it accordingly.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19.

8. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

Financial liabilities

Financial liabilities are measured at amortized cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a Company of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for expected credit losses the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

a. Cash and cash equivalents

Cash and cash equivalents consist of the following:

	As at December 31, 2025	As at December 31, 2024	As at December 31, 2025	As at December 31, 2024
	(in US Dollars)		(equivalent in Uruguayan Pesos)	
Current account balances with banks	3.871	8.310	151.131	366.184
Deposits with banks	520.000	350.000	20.301.320	15.423.100
Total	**523.871**	**358.310**	**20.452.451**	**15.789.284**

b. Investments

Investments in TCS Mexico S.A. de C.V, MGDC SC, TCS Solution Center S.A., TCS Do Brasil Ltda., TCS Argentina S.A., TCS Uruguay S.A., TCS Chile Limitada and Tata Consultancy Services Guatemala S.A. are accounted for using the equity method. Under this method the investment is initially recorded at cost and adjusted thereafter according to the changes in the share of net assets of the investee. The income statement reflects the share of results of operations of the investee that corresponds to the Company.

These separate financial statements are the separate financial statements of TCS Iberoamerica S.A.

For the preparation of the separate financial statements, the Company has used the exemption described in paragraph 4 of IFRS 10, which provides relief whereby a parent need not present consolidated financial statements if it meets

particular conditions, including the requirement that its ultimate or any intermediate parent produces consolidated financial statements that are available for public use and comply with IFRSs. The Company meets each and every of such conditions as of December 31, 2025 and December 31, 2024. The Company's financial information is included in the consolidated financial statements of its ultimate Parent, Tata Consultancy Services Limited (India), which have been prepared and presented in accordance with IFRS as issued by the IASB, and can be found at the web site: https://www.tcs.com/investor-relations.

Subsidiaries

Subsidiaries are those entities controlled by the Company. Control exists when the Company is exposed or has rights to variable returns from its involvements with the investee and has the ability to affect those returns through its power over the investee.

Investments in subsidiaries are accounted for using the equity method following the provisions of IAS 27 Separate Financial Statements (as amended).

Gains or losses arising from changes in equity of investments are recognized in the statements of profit or loss and other comprehensive income.

Changes in subsidiaries' equity that do not affect income are recognized in the Company in the same way.

Loss of control

When the Company losses control over a subsidiary, it derecognize the assets and liabilities of the subsidiary, and any related no controlled interest and other components of equity. Any resulting gain or loss is recognized in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

Investments consist of the following:

Investments carried at equity method	As at December 31, 2025	As at December 31, 2024	As at December 31, 2025	As at December 31, 2024

Total	**10.734**	**10.734**

The carrying value of financial instruments by categories as at December 31, 2025 is as follows:

	Amortised cost	Total carrying value
	(equivalent in Uruguayan Pesos)	
Financial assets		
Cash and cash equivalents	20.452.451	20.452.451
Other financial assets	41.246	41.246
Total	**20.493.697**	**20.493.697**
Financial liabilities		
Trade and other payables	551.208	551.208
Total	**551.208**	**551.208**

The carrying value of financial instruments by categories as at December 31, 2024 is as follows:

	Amortised cost	Total carrying value
	(equivalent in Uruguayan Pesos)	
Financial assets		
Cash and cash equivalents	15.789.284	15.789.284
Other financial assets	-	-
Total	**15.789.284**	**15.789.284**
Financial liabilities		
Trade and other payables	473.080	473.080
Total	**473.080**	**473.080**

Carrying amounts of cash and cash equivalents and trade payables as at December 31, 2025 and December 31, 2024 approximate the fair value due to their nature. Carrying amounts of other financial assets, other financial liabilities and borrowings which are subsequently measured at amortized cost also approximates the fair value due to their nature in each of the periods presented.

e. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

f. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

  The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

  The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the respective functional currencies of the Company.

  The following analysis has been worked out based on the net exposures the Company as at the date of statement of financial position which could affect the statement of profit or loss and other comprehensive income and equity.

  The following table sets forth information relating to unhedged foreign currency exposure as at December 31, 2025:

	UYU (in US Dollars)
Net financial assets	-
Net financial liabilites	-

  The following table sets forth information relating to unhedged foreign currency exposure as at December 31, 2024:

  Dec-2024

	UYU (in US Dollars)
Net financial assets	-
Net financial liabilites	-

  10% appreciation / depreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's profit before tax by Nil for the years ended in December 31, 2025 and December 31, 2024.

- **Interest rate risk**

  The Company is not exposed to interest rate risk.

  Credit risk

  Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

  Financial instruments that are subject to concentrations of credit risk principally consist of cash and cash equivalents. Cash and cash equivalents include an amount of USD 523.871 (UYU 20.452.451) held with a bank in Uruguay having high credit rating which are individually in excess of 10% or more of the Company's total Cash and Cash Equivalent as at December 31, 2025. None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was USD 524.927 (UYU 20.493.697) and USD 358.310 (UYU 15.789.284) as at December 31, 2025 and December 31, 2024, respectively being the total of the carrying amount of Cash and cash equivalent and Other financial assets.

  The Company has no credit risk due to Nil total trade receivables for the financial years ended in 2025.

  Liquidity risk

  Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations as and when they fall due.

  The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

10. OPERATING EXPENSES

Costs and expenses are recognized when incurred and have been classified according to their primary functions in the following categories:

The costs of the Company are categorized into other operating expenses which includes fees to external consultants, auditors' remuneration and other expenses.

Other operating expenses

	For the year ended December 31, 2025	For the year ended December 31, 2024	For the year ended December 31, 2025	For the year ended December 31, 2024
	(in US Dollars)		(equivalent in Uruguayan Pesos)	
Fees to external consultants	23.455	18.295	966.790	729.085
Auditors remuneration	9.953	8.980	384.357	380.840
Other expenses	17.726	21.255	720.804	878.954
Total	**51.134**	**48.530**	**2.071.951**	**1.988.879**

Notes to the Separate Financial Statements

11. OTHER INCOME

a. Finance income

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using effective interest method.

	For the year ended December 31, 2025	For the year ended December 31, 2024	For the year ended December 31, 2025	For the year ended December 31, 2024
	(in US Dollars)		(equivalent in Uruguayan Pesos)	
Interest revenue - Bank deposits	28.556	24.918	1.174.875	1.010.457
Total	**28.556**	**24.918**	**1.174.875**	**1.010.457**

b. Other gains (losses), net

	For the year ended December 31, 2025	For the year ended December 31, 2024	For the year ended December 31, 2025	For the year ended December 31, 2024
	(in US Dollars)		(equivalent in Uruguayan Pesos)	
Net foreign exchange gains (losses)	61.144	(397.895)	1.710.389	(15.397.706)
Total	**61.144**	**(397.895)**	**1.710.389**	**(15.397.706)**

12. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax expense includes income taxes payable by the Company.

Current income tax payable is computed in accordance with the tax laws applicable in Uruguay.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision.

. The income tax expense consists of the following:

	For the year ended December 31, 2025	For the year ended December 31, 2024	For the year ended December 31, 2025	For the year ended December 31, 2024
	(in US Dollars)		(equivalent in Uruguayan Pesos)	
Current income tax expense				
Domestic	15.862	38.417	607.982	1.546.615
Overseas	2.653.979	3.079.960	109.752.967	125.250.431
Total income tax expense	**2.669.841**	**3.118.377**	**110.360.949**	**126.797.046**

The reconciliation of estimated income tax expense reported in statements of profit or loss is as follows:

	For the year ended December 31, 2025	For the year ended December 31, 2024	For the year ended December 31, 2025	For the year ended December 31, 2024
	(in US Dollars)		(equivalent in Uruguayan Pesos)	
Income before income taxes	89.520.256	90.247.117	3.494.267.961	3.979.027.469
Federal income tax rate	25%	25%	25%	25%
Expected income tax expense	22.380.064	22.561.779	873.566.990	994.756.867
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:				
Tax holidays and income exempt from tax	(22.359.472)	(22.523.320)	(872.769.779)	(993.208.665)
Tax pertaining to prior years:	(4.731)	(42)	(189.229)	(1.588)
Disallowable expenses	2.653.979	3.079.960	109.752.967	125.250.431
Total income tax expense	**2.669.841**	**3.118.377**	**110.360.949**	**126.797.046**

Direct Tax Contingencies

As of date of separate financial statements the Company does not have any disputes with income tax authorities of Uruguay.

13. COMMITMENTS AND CONTINGENCIES

Contingencies

- **Direct tax matters**

  Refer to note 12.

- **Indirect tax matters**

  There are no contingencies in relation to indirect taxes.

14. RELATED PARTY TRANSACTIONS

Company's principal related parties consist of its ultimate holding company Tata Consultancy Services Limited and its subsidiaries, affiliates and key managerial personnel. The company's related party transactions and outstanding balances are with related parties with whom the Company routinely enter into transactions in the ordinary course of business.

Notes to the Separate Financial Statements

Transactions with related parties are as follows:

To the Shareholders of
Tata Consultancy Services Qatar L.L.C.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Tata Consultancy Services Qatar L.L.C. (the 'Company'), which comprise the statement of financial position as at 31 December 2025, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2025, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in the State of Qatar, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

As required by the Qatar Commercial Companies Law No. 11 of 2015, whose certain provisions were subsequently amended by Law No. 8 of 2021 ("amended QCCL"), we also report that:

i) We have obtained all the information and explanations we considered necessary for the purposes of our audit.

ii) The Company has maintained proper accounting records, and its financial statements are in agreement therewith.

iii) Furthermore, the Company did not hold inventories as at reporting date.

iv) We are not aware of any violations of the applicable provisions of the amended QCCL or the terms of the Company's Articles of Association having occurred during the year which might have had a material effect on the Company's financial position or performance as at and for the year ended 31 December 2025

Notes forming part of the Financial Statements

1. Corporate Information

TATA CONSULTANCY SERVICES QATAR L.L.C. (the "Company") is registered as a limited liability company in the State of Qatar in accordance with Qatar Commercial Law and operates under commercial registration number 53508.

The Company is engaged in a wide range of information technology and consultancy services including systems hardware and software, communications and networking, hardware sizing and capacity planning, software project management solutions, technology education services and business process outsourcing.

The address of the Company's registered office is Al Bidda Tower, 7th Floor, Corniche Street, Doha, Qatar, P.O.Box # 207210.

As at December 31, 2025, Tata Consultancy Services Limited (parent entity) owned 100% of Company's equity share capital. Tata Sons Private Limited is the ultimate parent entity.

The financial statements were approved and authorised for issue on April 22, 2026

2. Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standard board ("IASB").

3. Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instrument which are measured at fair value or amortised at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows has been prepared under the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and presentation currency of the Company is Qatari Riyal ("QAR").

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction.Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

4. Use of estimates and judgments

The preparation of financial statements in conformity of the company with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the period presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

a. Revenue Recognition

Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company estimates the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

b. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

c. Provision for income tax and deferred tax

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

d. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the unaudited consolidated interim financial statements.

e. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. Nature and purpose of reserves

a. Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

b. Legal reserves

In accordance with Qatar Commercial Company's Law, the Company has established a legal reserve by appropriation of 10% of profit for each year until the reserve equals 50% of the capital. This has been achieved, hence the Company has resolved to discontinue such transfer. This reserve is not available for distribution except in circumstances as specified in the law.

Notes forming part of the Financial Statements

6. Recent Accounting Standards

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective. Amendments to IFRS 9 and IFRS 7[1]

Annual Improvements to IFRS Accounting Standards[1] – Amendments to:

- IFRS 1 – First-time Adoption of International Financial Reporting Standards
- IFRS 7 – Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
- IFRS 9 – Financial Instruments
- IFRS 10 – Consolidated Financial Statements
- IAS 7 – Statement of Cash flows

IFRS 18 – Presentation and Disclosures in Financial Statements[2]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[2]

[1]Effective for annual periods beginning on or after January 1, 2026.

[2]Effective for annual periods beginning on or after January 1, 2027.

IFRS 9 and IFRS 7 – Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly. In December 2024, the IASB issued targeted amendments to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs). The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions. Current accounting requirements may not adequately capture how these contracts affect a company's performance. The amendments include: clarifying the application of the 'own-use' requirements; permitting hedge accounting if these contracts are used as hedging instruments; and adding new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The Company does not expect this amendment to have any significant impact in its financial statements.

Annual Improvements to IFRS Accounting Standards

In July 2024, the IASB issued narrow amendments to IFRS Accounting Standards and accompanying guidance as part of its regular maintenance of the Standards. These amendments include clarifications, simplifications, corrections and changes aimed at improving the consistency of several IFRS Accounting Standards. Annual improvements are limited to changes that either clarify the wording in an IFRS Accounting Standard or correct relatively minor unintended consequences or oversights in the Accounting Standards. They also correct minor conflicts between the requirements of the Accounting Standards. The Company does not expect these narrow amendments to have any significant impact in its financial statements.

IFRS 18 – Presentation and Disclosures in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard and implement it accordingly.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19.

Notes forming part of the Financial Statements

7 Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks and which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

c. Other financial assets

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Other financial assets – Current		
Interest receivable	13,500	13,222
Loan and advances to employee	51,689	4,601
Restricted cash*	157,500	8,262,818
Others	24,328	10,780
Total	**247,017**	**8,291,421**

Other financial assets - Non-current

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Premises security deposit	50,000	49,410
Restricted cash	5,839,147	-
Total	**5,889,147**	**49,410**

*In restricted cash, expenses towards issuance of Bank Guarantee (BG) for Tender / Performance bond are accounted. At the time of issuance of BG, bank reserves some percentage and debits bank account which remain as reserve cash and cannot be withdrawn, once the BG is matured that amount is credited to the bank account automatically.

d. Trade payables

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Trade payables *	20,638,364	17,530,401
Accrued expenses *	4,766,875	1,084,589
Total	**25,405,239**	**18,614,990**

* Trade payables and accrued expenses include balances with related parties, please refer to Note 16.

e. Other financial liabilities - current

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Accrued payroll	462,643	182,729
Capital creditors	10,200	-
Total	**472,843**	**182,729**

f. Financial instruments by category

The carrying value of financial instruments by categories as at December 31, 2025 is as follows:

(Amount in QAR)

	Amortised cost	Total carrying value
Assets:		
Cash and cash equivalents	24,229,328	24,229,328
Trade receivables		
Billed	17,188,520	17,188,520
Unbilled	2,044,710	2,044,710
Other financial assets	6,136,164	6,136,164
Total Assets	**49,598,722**	**49,598,722**
Liabilities:		
Trade payables	25,405,239	25,405,239
Other financial liabilities	472,843	472,843
Total Liabilities	**25,878,082**	**25,878,082**

The carrying value of financial instruments by categories as at December 31, 2024 is as follows:

(Amount in QAR)

	Amortised cost	Total carrying value
Assets:		
Cash and cash equivalents	23,617,642	23,617,642
Trade receivables		
Billed	8,048,311	8,048,311
Unbilled	1,004,576	1,004,576
Other financial assets	8,340,831	8,340,831
Total Assets	**41,011,360**	**41,011,360**
Liabilities:		
Trade payables	18,614,990	18,614,990
Other financial liabilities	182,729	182,729
Total Liabilities	**18,797,719**	**18,797,719**

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables and trade payables as at December 31, 2025 and December 31, 2024 approximate the fair value due to their nature. Carrying amounts of bank deposits, earmarked balances with banks, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented.

g. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

h. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rate may have potential impact on the statement of financial statement, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than functional currency of the Company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

  The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

  The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency of the Company.

  The following table sets forth information relating to foreign currency exposure as at December 31, 2025:

	USD (equivalent QAR)
Net financial assets	8,221,895
Net financial liabilities	(14,208,157)
Net statement of financial position exposure	**(5,986,262)**

10% depreciation / appreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's Profit before taxes by approximately QAR 598,626 for the year ended December 31, 2025.

The following table sets forth information relating to foreign currency exposure as at December 31, 2024:

	USD (equivalent QAR)
Net financial assets	2,498,899
Net financial liabilities	(12,952,549)
Net statement of financial position exposure	**(10,453,650)**

10% depreciation / appreciation of the respective foreign currencies with respect to functional currency of the Company would result in decrease / increase in the Company's Profit before taxes by approximately QAR 1,045,365 for the year ended December 31, 2024.

- **Interest rate risk**

  Interest rate risk is the risk of changes in market interest rates affecting the overall return of the Company. The Company does not hedge its interest rate exposure. The Company's exposure to interest rate risk is limited to its bank deposits. Assuming that the deposits remain the same, the Company will benefit by QAR 52,000 (December 2024: QAR 50,000) with the increase of 25 bp in interest rate. In case the interest rate decreases by 25 bp the Company will incur a reduction in income by the same amount.

Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, cash and cash equivalents, and other financial assets.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was QAR 51,459,171 and QAR 41,431,092 as of December 31, 2025 and December 31, 2024, respectively being the total of the carrying amount of balance with bank, trade receivables, unbilled receivables, contract assets and other financial assets. Balance with bank is placed with a bank with high credit ratings. As of December 31, 2025, there were no indications that any defaults will occur on trade receivables, unbilled receivables, contract assets or other financial assets.

  Tata Consultancy Services Qatar L.L.C., the Company's exposure to customers is diversified and single customer's contribution to more than 10% of outstanding trade receivables, unbilled receivables and contract assets as at December 31, 2025 and December 31, 2024 was as below :

(Amount in QAR)

Client Name	As at December 31, 2025		As at December 31, 2024	
	Total trade receivables and unbilled revenue	Percentage	Total trade receivables and unbilled revenue	Percentage
Customer A	**8,801,779**	**42%**	4,267,631	45%
Customer B	**4,346,901**	**21%**	1,248,339	13%
Customer C	**2,439,060**	**12%**	1,054,787	11%

- **Geographic concentration of credit risk**

The Company has geographic concentration of trade receivables (gross and net of allowances) and contract assets is as follows:

	As at December 31, 2025	As at December 31, 2024
Middle East	99.91%	99.62%
Americas	0.09%	0.38%

Geographical concentration of trade receivables (gross and net of allowances) and contract assets is allocated based on the location of the customers.

The Company uses an allowance matrix to measure the expected credit loss of trade receivable from customers. The expected credit loss allowance is based on the ageing of the days the receivables are due and are as follows:

(Amount in QAR)

December 31, 2025	Weighted average loss rate	Gross carrying amount*	Loss allowance#	Credit impaired
Not Due	0.76%	11,098,958	(84,768)	No
1-90	1.08%	4,179,641	(44,957)	No
91-180	1.86%	785,493	(14,590)	No
181-272	2.46%	723,039	(17,769)	No
273-364	5.49%	205,363	(11,280)	No
365-455	10.49%	-	-	No
456-546	33.56%	57,841	(19,409)	No
>547	100.00%	44,514	(44,514)	Yes

(Amount in QAR)

December 31, 2024	Weighted average loss	Gross carrying amount*	Loss allowance #	Credit impaired
Not Due	0%	1,930,116	-	No
1-90	0%	2,229,075	-	No
91-180	0%	739,845	-	No
181-272	0%	1,185,596	-	No
273-364	0%	871,889	-	No
365-455	0%	1,084,725	-	No
456-546	0%	-	-	No
>547	0%	-	-	Yes

"Gross carrying amount excludes intercompany receivables and receivable against which specific allowance has been made."

The above table provides the loss allowance calculated as per ECL and Management is expected to make at the minimum this amount as provision of bad and doubtful debts against trade receivables. However, in this case management has made higher provisions as bad and doubtful debts against trade receivables based on their prudent judgement to cover higher risk.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company consistently generates sufficient cash flows from operations to meet its financial obligations as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Amount in QAR)

December 31, 2025	Due in 1st year	Due in 2nd to 5th year	Total
Non-derivative financial liabilities			
Trade payables	25,405,239	-	25,405,239
Other financial liabilities	472,843	-	472,843
Total	**25,878,082**	**-**	**25,878,082**

(Amount in QAR)

December 31, 2024	Due in 1st year	Due in 2nd to 5th year	Total
Non-derivative financial liabilities			
Trade payables	18,614,990	-	18,614,990
Other financial liabilities	182,729	-	182,729
Total	18,797,719	-	18,797,719

i. Equity instruments

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
The authorised, issued, subscribed and fully paid-up share capital consist of the following:		
Authorised		
Ordinary shares	2,000,000	2,000,000
Issued, Subscribed and Fully paid-up		
Ordinary shares	2,000,000	2,000,000
Total	**2,000,000**	**2,000,000**

Shares have no par value.

Share holding	Percentage	Percentage
Tata Consultancy Services Limited	**100%**	100%

Capital management

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

8. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Interest on lease liabilities is QAR NIL and QAR 6,059 for the year ended on December 31, 2025 and year ended on December 31, 2024, respectively.

The Company incurred QAR 254,959 and QAR NIL for the year ended on December 31, 2025 and year ended on December 31, 2024, towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is QAR 338,400 and QAR 282,000 for the year ended December 31, 2025, and year ended December 31, 2024, respectively, including cash outflow for short-term leases and leases of low-value assets.

The Company does not have lease term extension options that are not reflected in the measurement of lease liabilities.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

9. Non-financial assets and financial liabilities

a. Property, plant and equipment

The Company recognizes the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can measured reliably. Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any. Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and

residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Buildings	20 years
Leasehold improvements	Lease term
Computer equipment	4 years
Furniture, fixtures, office equipment and other assets	2-10 years

Depreciation is not recorded on capital work in progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in statement of profit or loss. The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Property, plant and equipment

Property, Plant and equipment consist of the following:

(Amount in QAR)

	Computer equipment	Furniture and fixtures	Total
Gross block as at January 1, 2025	**135,042**	**7,719**	**142,761**
Additions	140,408	-	140,408
Gross block as at December 31, 2025	**275,450**	**7,719**	**283,169**
Accumulated depreciation as at January 1, 2025	**129,131**	**7,719**	**136,850**
Depreciation for the year	17,023	-	17,023
Accumulated depreciation as at December 31, 2025	**146,154**	**7,719**	**153,873**
Net carrying amount as at December 31, 2025	**129,296**	**-**	**129,296**
Capital work-in-progress			**10,200**
Total			**139,496**

Capital work-in-progress			**-**
Total			**5,911**

b. Other assets

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Other assets - current		
Advance to suppliers	7,322	8,982
Prepaid expenses *	1,143,646	1,142,522
Contract assets (Refer to Note 10)	1,931,736	419,732
Prepaid rent for office	83,441	-
Others	(35,260)	(35,260)
Total	**3,130,885**	**1,535,976**

* Prepaid expenses include balances with related parties, please refer to Note 16.

c. Other liabilities

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Other liabilities - current		
Advance received from customers	328,370	-
Total	**328,370**	**-**

10. Revenue recognition

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.

- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

  Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Transaction price attributed in case of contracts with subsidiary is arrived at on the basis of arm's length price. Revenue also excludes taxes collected from customers.

  The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

  Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

  The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

  Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

  Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

  Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

  The billing schedules agreed with customers include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

  In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

  Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

  The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

  Revenue from operations is QAR 29,434,590 for year ended December 31, 2025 (December 31, 2024: QAR 16,189,052).

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Revenue from consultancy services	29,206,017	16,189,052
Revenue from sale of equipment and software licences	228,573	-
Total	**29,434,590**	**16,189,052**

Revenue disaggregation by industry vertical is as follows:

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Industry vertical		
Banking, financial and insurance	4,580,202	4,216,251
Communication, media and technology	9,271,228	469,449
Transportation	1,264,366	-
Energy and utilities	9,377,008	6,898,521
Retail and consumer products	1,595,560	3,744,204
Others	3,346,226	860,627
Total	**29,434,590**	**16,189,052**

Revenue disaggregation by geography is as follows:

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Geography		
Middle east	29,180,792	15,941,339
Other than Middle east	253,798	247,713
Total	**29,434,590**	**16,189,052**

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is QAR 65,003,439 out of which QAR 34,018,452 (52.53 %) is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Balance at the beginning of the year	419,732	201,772
Invoices raised that were included in the contract assets balance at the beginning of the year	(349,930)	(130,868)
Increase due to revenue recognised during the year, excluding amounts billed during the year	1,860,256	348,850
Translation exchange differences	1,678	(22)
Balance at the end of the year	**1,931,736**	**419,732**

Changes in unearned and deferred revenue are as follows:

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Balance at the beginning of the year	1,322,898	1,155,292
Revenue recognised that was included in the unearned and deferred revenue balance at the beginning of the year	(989,262)	(974,716)
Increase due to invoicing during the year, excluding amounts recognised as the revenue during the year	1,202,003	1,142,380
Translation exchange differences	(36)	(58)
Balance at the end of the year	**1,535,603**	**1,322,898**

11. Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

Cost of revenue

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licences, depreciation and amortisation of production related equipment and software, facility expenses, communication expenses and other project related expenses.

Selling, general and administrative expenses

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for expected credit losses and advances, facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortisation expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Expense by function		
Cost of revenue	23,480,194	13,204,378
Selling, general and administration expenses	3,902,182	3,184,804
Total	**27,382,376**	**16,389,182**

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised into employee benefit expenses, depreciation and other operating expenses. Employee benefit expenses include salaries, incentives and allowances, contribution to various funds and staff welfare expenses. Other operating expenses mainly include fees to external consultants, facility expenses, travel expenses, cost of equipment and software licenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as contribution to brand equity, corporate overhead allocation, commission and brokerage, recruitment and training, entertainment, etc.

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Other operating expenses		
Project expenses	759,089	704,174
Fees to external consultants and related parties	17,220,187	10,619,095
Cost of equipment and software licenses	389,564	-
Travel expenses	1,443,723	856,967
Facility running expenses	254,959	-
Communication	36,848	48,867
Other expenses	991,191	446,708
Total	**21,095,561**	**12,675,811**

12. Other income

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Other non-operating income:		
Net foreign exchange profit/(losses)	12,431	(40,982)
Interest on bank balances and bank deposits	545,146	799,250
Total	**557,577**	**758,268**

13. Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

The Organisation for Economic Co-operation and Development (OECD) has published the model rules for global minimum tax (Pillar Two model rules). Pillar Two legislation has been enacted, or substantively enacted, in certain jurisdictions where the Company operates. The Company is within the scope of the OECD Pillar Two model rules and has evaluated the potential exposure to global minimum tax. The Company does not expect any material financial impact for the current period. The evaluation of the potential exposure is based on the most recent country-by-country reporting, and financial statements for the constituent entities in the Company.

Deferred income taxes

The Company accounts for the deferred income taxes using the balance sheet approach. Deferred income taxes are provided for the differences between the tax base of assets and liabilities and their reported amounts in the financial statements.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

The income tax expense consists of the following:

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Current tax		
Current tax expense	274,402	55,277
Deferred tax income	(13,423)	(300)
Total	**260,979**	**54,977**

The reconciliation of estimated income tax expense at the Qatar Statutory income tax rate to income tax expense reported in statement of profit or loss and other comprehensive income is as follows:-

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Current tax expenses		
Income before taxes	2,609,789	552,080
Statutory tax rate	10.00%	10.00%
Expected income tax expense	**260,979**	**55,208**
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense:		
Tax pertaining to prior years:		
Current tax	-	-
Deferred tax	-	-
Other permanent differences	-	(231)
Income tax	**260,979**	**54,977**
Ownership share of Non-Qatari	100%	100%
Total income tax expense	**260,979**	**54,977**

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2025 are as follows:

(Amount in QAR)

	Opening balance	Recognised through profit or loss	Closing balance as at December 31, 2025
Deferred tax assets			
Deferred tax assets in relation to:			
Property, plant and equipment	12,997	-	12,997
Provision for employee benefits	6,295	4,295	10,590
Allowances for receivables	-	9,128	9,128
Disallowed expenses	115	-	115
Total deferred tax asset	**19,407**	**13,423**	**32,830**

Significant components of net deferred tax assets and liabilities for the period ended December 31, 2024 are as follows:

(Amount in QAR)

	Opening balance	Recognised through profit or loss	Closing balance as at December 31, 2024
Deferred tax assets			
Deferred tax assets in relation to:			
Property, plant and equipment	12,997	-	12,997
Provision for employee benefits	6,110	185	6,295
Allowances for receivables	-	-	-
Disallowed expenses	-	115	115
Total deferred tax asset	**19,107**	**300**	**19,407**

Direct tax contingencies

As at the reporting date, the Company is in appeal of a withholding tax demand raised by General Tax Authority ("GTA") of Qatar, pertaining to the years 2013, 2014 and 2017 amounting to QAR 8,557,482. Management has carefully assessed the demand notice with assistance of third party consultants, where the merits of the demand notice have been found to be weak and inappropriate due to application of new tax amendments issued in 2019 on the prior years. Hence, no provision has been recognized in these financial statements.

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Income tax liabilities (net)		
Opening	77,830	215,947
Current tax provision made during the year	274,402	55,277
Advance tax paid	(55,277)	(193,394)
Closing	**296,955**	**77,830**

14. Employee benefits

a. Employee benefit obligations

The Company provides for amount payable to employees for compensated absences per the Company's policy, which are expected to occur within twelve months after the end of the period in which the employee render the related services are recognised as undiscounted liability at the date of statement of financial position.

Employee cost consist of the following:

(Amount in QAR)

	Year ended December 31, 2025	Year ended December 31, 2024
Contributions to provident and other funds	86,486	66,800
Salaries and bonus	5,818,652	3,246,259
Staff welfare	205,837	143,601
Total	**6,110,975**	**3,456,660**

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Employee benefit obligations - current		
Compensated absences *	61,875	48,529
Total	**61,875**	**48,529**

*This represents balance payable to the employees based on the Company's policy on compensated absences.

b. Employees end of service benefits

A provision is made for employees end of service benefits which is payable on completion of employment. The provision is calculated in accordance with Qatari Labour Law based on employees' salary and accumulated period of service as at the reporting date.

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Employee benefit obligations - Non-current		
Gratuity liability	309,627	266,674
Total	**309,627**	**266,674**

Movement in employees' obligations benefit

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
At January 1,	266,674	243,707
Provision charged for the year	86,486	66,800
Payments made during the year	(43,533)	(43,833)
At December 31,	**309,627**	**266,674**

15. Commitments and contingencies

(Amount in QAR)

	As at December 31, 2025	As at December 31, 2024
Letter of Guarantee	5,711,092	7,869,350
Total	**5,711,092**	**7,869,350**

16. Related party transactions

The Company's principal related parties consist of its holding company Tata Consultancy Services Limited and its holding and subsidiaries, and its key managerial personnel. The Company routinely enters into transactions with its related parties in the ordinary course of business.

Total	**378,401**	**417,162**

17. Subsequent events

Subsequent to the reporting date, geopolitical tensions in the Middle East have escalated, resulting in heightened instability and uncertainty in the region. Management is closely monitoring the situation and assessing the potential impact on the Company's operations, financial position, and cash flows. At the date of authorization of these financial statements, the Company does not expect an impact in these financial statements.

18. Dividends

Dividends declared by the Company are based on the profit available for distribution.

STRATEGIC REPORT

The directors present their Strategic Report for the year to 31 December 2025.

PRINCIPAL ACTIVITIES

Diligenta Limited ("the Company") is a Private Company, limited by shares and is a wholly owned subsidiary of Tata Consultancy Services Limited (TCS). Established in 2005, the Company's head office is in Peterborough, UK. The Company operates out of multiple sites in the UK, and the delivery of its services is achieved through collaboration with other TATA group companies.

Diligenta specialises in the delivery of Life and Pension (L&P) Administration services and contracts with major insurance companies (''clients'') in the UK. Diligenta occupies a critical position in the UK L&P sector - being the single largest provider of Third-Party Administration (TPA) services - servicing more than 21 million customers and taking pride in our purpose to help our customers in the moments that matter.

Diligenta's unrelenting focus on delivering customer delight and technology innovation has been consistently recognised, with the business winning prestigious awards from the Global Sourcing Association (GSA) in 2025 for **'Financial Services Programme of the Year', 'Customer Experience programme of the year' and 'Customer Experience Provider of the Year'** competing with businesses across industry sectors. Diligenta were also finalists at the British Insurance Awards where our achievements and investments in managing Bereavement claim journeys was recognised.

We are proud of our colleagues and in particular the external recognition that we are seeing for our apprenticeship programmes - we are committed to nurturing talent across the organisation. We take our role in shaping the UK L&P sector seriously and are passionate about **'being there in the moments that matter for our customers'**. We continue to work with government and policymaking mechanisms, being part of their expert consultation panels, all aimed at delivering great customer outcomes and market propositions.

REVIEW OF BUSINESS AND FUTURE DEVELOPMENTS

ACHIEVING CONSISTENT GROWTH

The Company generated revenue of **£651.2 million** in 2025 (2024: **£606.8 million**), a **7%** increase. Growth was driven by contract negotiations, new business from existing clients and new client wins, and was achieved despite limited contract exits in the year.

Operating expenses totalled £608.2 million (2024: £581.2 million). Investments through the year aimed at transforming customer journeys through a technology first approach, improving efficiencies and operations resilience by aligning common processes, and integrating cutting edge partner technology components into our platform. The directors continue to remain focused on the disciplined investments that lend support to long-term business growth.

Profit before tax (PBT) improved to £45.5 million (2024: £28.9 million). After taxes, profit was £33.6 million (2024: £22.2 million).

The Company remains focused on cost discipline and efficiency, and will adopt an AI-first approach, embedding evolving AI across internal and customer processes.

The directors will continue to pursue growth and tender for L&P administration contracts in the financial services sector. The Company sees opportunities to grow organically by extending services for current clients and securing new clients.

BUSINESS CHALLENGES

The year included periods of industrial action in certain operations and elevated attrition in specific functions, which put pressure on service resilience and programme delivery. Mitigations included targeted resourcing, market-aligned pay and progression adjustments, strengthened engagement and wellbeing measures, and contingency planning to maintain service levels. Following constructive dialogue with workforce representatives, an amicable resolution was reached in 2026 and operational stability has been restored. The directors continue to monitor staffing, productivity and customer outcomes to support sustained performance

PRINCIPAL RISKS

The Company's revenue is concentrated in administering closed-book life and pensions portfolios, although the predominance is reducing as we broaden the policy base. As these books mature and run off, policy counts and transaction volumes decline, reducing operating leverage unless offset by new migrations or adjacent services; failure to replace run-off at pace could lead to lower revenue and margin compression.

During the year the risk environment remained dynamic. The Board maintained strong oversight of customer service and operational resilience, people-related risks and the prevention of financial crime. Cyber risk continued to be a significant challenge, with external threats reinforcing the need for sustained investment in security capability and proportionate third-party oversight.

Additional principal risks include complex change and platform migrations, customer outcomes and Consumer Duty, third-party performance, people capacity and delivery capability, and regulatory compliance. These are mitigated through assured programme governance, outcome monitoring and monthly insight, resilience testing and supplier management, targeted workforce development and retention measures, and a three-lines-of-defence framework with regular Board oversight.

KEY RISK INDICATORS

Key Risk Indicators are tracked across the Company's core risk areas, aligned to Diligenta's risk taxonomy. Indicators cover customer outcomes and conduct under Consumer Duty. Service performance and operational stability are monitored against contracted standards. Change programmes and platform migrations are tracked through delivery milestones, testing results and post go live stability.

Cyber security posture, resilience and third-party performance are routinely reviewed. Workforce capacity and capability are assessed through recruitment, retention and training completion. Financial resilience is monitored through capital, liquidity and headroom measures tracked against agreed thresholds. Data quality and information security are evaluated alongside compliance insights from assurance activity and regulatory engagement.

LEADING THE INDUSTRY, DELIVERING COMPLEX PLATFORM MIGRATIONS

During 2025, Diligenta migrated over 3.3 million L&P policies across six releases onto the TCS BaNCs strategic platform, helping clients mitigate technology-debt risks, rationalise over 50% of product variants, simplify operations and improve customer outcomes. The Company continues to invest in its platform, tools and people to shorten programme timelines while minimising delivery risk, and in 2026 will progress critical migrations in the pipeline and integrate new books into an AI-led digital operating model.

STRENGTHENING OUR ABILITY TO DELIVER GOOD CUSTOMER OUTCOMES

Our mission is to help customers in the moments that matter. We place good outcomes at the centre of day to day operations under Consumer Duty, using enhanced monitoring, monthly Customer Outcome Insights, speech analytics and strengthened quality assurance to identify missed complaints, vulnerability indicators, unmet expectations and friction in journeys such as transfers and identity verification earlier. We have expanded support for customers with additional needs through CPD accredited training and improved disclosure conversations, tripling the number of vulnerable customers supported year on year, with outcomes for these customers comparable to or better than those for other groups. Our recognition, through multiple industry awards focussed on customer experience, reinforces our commitment and unrelenting focus on customer journey transformation.

DRIVING TECHNOLOGY INNOVATION & INVESTMENTS

Diligenta continues to invest in its flagship technology platform to deliver better outcomes for customers, clients and colleagues. We have accelerated the integration of AI across mainstream operations, supported by clear policy and governance, cross functional solution teams and enterprise wide training that enables colleagues to realise the full benefits of these technologies.

We have also expanded our cloud based infrastructure and enterprise solutions to build an ecosystem that supports future developments in AI and machine learning. Combined with our deep industry knowledge, these investments help us meet rising customer expectations and evolving regulatory requirements, including Consumer Duty

COMMITMENT TO COMPETENCE AND COLLEAGUE DEVELOPMENT

Diligenta ensures employees have the skills and competencies required for their roles through mandatory online training and testing for all new joiners, refreshed annually to meet legislative and regulatory requirements, and through a Training and Competence scheme for relevant back office overseers in line with FCA guidelines. New starters follow a structured four to six week plan for operational roles, while leadership development is strengthened through dedicated programmes that included 27 internal-mobility spotlight sessions attended by more than 600 colleagues and progression for 190 colleagues, with all programmes incorporating CPD accredited modules and apprenticeship partnerships supported by a 72% increase in apprenticeship levy investment.

The Employee Value Proposition is supported by LevelUp, a digital learning platform covering technical skills, AI literacy, neurodiversity, leadership and agile, with 93% colleague uptake since launch, more than 53,000 courses completed and access to over 400 learning modules. The Leadership Step Pathway provides CPD accredited, industry recognised development and mandatory "Managing Risk in Diligenta" training reinforces a strong risk culture; internal mobility continues to rise with 63% of non voice vacancies filled by existing colleagues, and wellbeing, inclusion and mental health remain central, supported by enhanced neurodiversity resources, wellbeing initiatives and colleague forums and networks that foster openness, belonging and a more connected culture.

EMPLOYEE ENGAGEMENT AND WELLBEING

Employee engagement, attraction, retention and wellbeing remained priorities, supported by expanded communications, employee forums, town halls and leadership events. During the year, resourcing and retention were strengthened through flexible staffing where needed, market salary reviews in key operational areas and an enhanced wellbeing offer delivered with Business in the Community, alongside continued development of the Mental Health First Aider network. The Best Companies survey informed actions and was linked to charitable donations, while Gender Pay Gap reporting again showed reductions in both mean and median measures. The Company has also signed up to become a Menopause Friendly Employer and is progressing accreditation across culture, policies, training, awareness and support.

BEING THERE IN THE MOMENTS THAT MATTER FOR OUR COMMUNITIES

Diligenta's Community and Belonging function drives meaningful community activity inside and outside the organisation. Internally, Employee Resource Groups continue to grow, ensuring accessible, supportive spaces for all colleagues. The 'Culture Matters' calendar promotes awareness of wellbeing, charitable giving, and inclusion. Externally, the CSR strategy remains strong, with charity ambassadors coordinating activities for local partners, while charity pots help colleagues maximise their own fundraising. Volunteer Week in 2025 also boosted use of the volunteer leave policy.

The function leads the Inclusive Workspace initiative, addressing barriers to inclusion and improving the employee experience. In 2025, Diligenta partnered with Business in the Community to embed responsible, inclusive practices. Development opportunities expanded, with 145 colleagues undertaking 118 apprenticeships and 27 graduates joining core business disciplines.

LOOKING AHEAD

We remain focused on completing critical client migrations, transforming customer journeys, strengthening our technology platforms, and enhancing operational resilience. As we grow, we see opportunities to create value for the customers through shared operating practices and to help define a new industry standard.

We are well positioned to support clients by adapting services and delivering new propositions aligned with regulatory and market changes. Our technology-enabled, digital-first operations will underpin this progress, while we continue to empower our people and improve colleague experiences.

GOVERNANCE AND INTERNAL CONTROL

ORGANISATIONAL STRUCTURE

The Diligenta Executive Management Team (''EMT'') is responsible for ensuring the proper management of its business; this includes ensuring sound governance and internal control practices are followed. The Chief Executive Officer and Chief Operating Officer are also executive directors and members of the Diligenta Board.

DILIGENTA BOARD

The Board of Directors is the Company's main decision-making body, responsible for overall management, strategy and oversight of risk. It ensures risks are properly identified, assessed and managed through effective controls, and approves policies and risk appetite, recognising that client risk appetites may differ.

The Board is supported by two key committees: the Board Audit Committee (BAC) and the Risk Management & Compliance Committee (RMCC). The BAC oversees internal financial controls, the effectiveness of Internal Audit, external audit arrangements and the integrity of financial statements. The RMCC reviews risk management capability, conduct risks, compliance, whistleblowing and fraud prevention. Both committees meet quarterly, are chaired by Independent Non-Executive Directors, and other Board members attend at least one committee.

MANAGEMENT'S PHILOSOPHY AND OPERATING STYLE

Diligenta follows the Tata Code of Conduct, which sets clear behavioural standards and protects the interests of customers, clients, employees, shareholders, suppliers and communities. The Code forms part of every employee's contract and guides how the organisation operates.

Diligenta promotes a strong culture focused on good customer, client and other stakeholder outcomes, supported by robust controls and quality services that meet regulatory requirements and Service Level Agreements. The Board maintains regulatory awareness through an annual training calendar, regular updates and deep-dive sessions, ensuring directors stay current on evolving standards and expectations.

ASSIGNMENT OF AUTHORITY AND RESPONSIBILITY

The control environment is greatly influenced by the extent to which individuals recognise that they will be held accountable for their actions. This includes assignment of authority and responsibility for operating activities and establishment of reporting relationships and authorisation protocols.

As an FCA-regulated Company, the FCA must approve certain senior management roles within Diligenta; the roles regulated by the FCA are known as Controlled Functions. An individual who performs a controlled function is called a Senior Manager Function holder (''SMF'').

At Diligenta, the Senior Management Function(s) include the Chair of the Board (SMF9), the Chief Executive Officer (SMF1), the Chief Operating Officer (SM3 & SMF24), the Executive Management Team (SMF 18s), the Financial Controller (SMF2), the Chief Risk Officer (SMF4) and others such as the Head of Compliance (SMF16), Head of Anti-Financial Crime (SMF17), and Head of Internal Audit (SMF5).

Conduct rules apply to all employees in the Company, and these have helped to shape the culture, standards, and policies. They promote positive behaviours that provide for better customer outcomes and reinforce the standards of conduct that the FCA expects from all individuals working in the industry.

DILIGENTA'S OVERSIGHT OF OUTSOURCED OPERATIONS

A number of agreements are in place whereby operational processes have been outsourced to third party firms. These agreements include, for example, the administration of a portfolio of group pension schemes, and the offshore administration of certain shared processing transactions. Every Diligenta contracted supplier undergoes an appropriate level of governance and due diligence during onboarding, followed by periodic reviews. This ensures that suppliers consistently meet contractual, regulatory, security, data protection, and performance requirements, while safeguarding business continuity and reputation. Oversight is risk-based and proportionate to the criticality of the services each supplier provides.

DILIGENTA POLICY MANAGEMENT FRAMEWORK

Diligenta has a Policy Management Framework in place which aligns to the principal risks and looks to define a set of minimum standards of control for each of these areas. Each policy has an Executive Owner who is required to maintain the policy, including performing an annual review, and ensure the policy is complied with. The Board, via RMCC and BAC, provides oversight and approval for the framework and the individual policies.

FINANCIAL RISK MANAGEMENT

The Company is exposed to financial risk through its financial assets and liabilities and its contractual obligations to clients. The Company does not use hedging. Exposure to credit risk is managed through regular review of ageing profiles and counterparty quality; credit risk is considered low because receivables arise predominantly from regulated insurance counterparties under long-term contracts.

As an FCA-regulated firm, the Company maintains adequate financial resources, with capital headroom tracked against Board-approved thresholds. Regulatory capital is monitored by management on a routine basis and reported to the Risk Management & Compliance Committee and the Board, including the maintenance of ring-fenced balances where required.

REGULATORY COMPLIANCE

Diligenta operates in a highly regulated environment, primarily overseen by the FCA, with the PRA regulating many of its clients. Both Diligenta and its clients share regulatory responsibilities, supported by contractual arrangements that clearly define obligations and ensure the appropriate flow of regulatory information. Within the Company's three-lines-of-defence model, the Compliance function provides second-line oversight, advising the business on regulatory requirements and monitoring first-line adherence. This includes regulatory change, the Senior Managers & Certification Regime, the Training & Competence Scheme and all regulatory reporting.

Compliance maintains regular engagement with the FCA Supervision Team through proactive, scheduled interactions. These discussions cover areas such as the Company's strategy and growth plans, risk culture and framework effectiveness, new client propositions, Board effectiveness and diversity, capital adequacy and wind-down planning, technology adoption (including cloud and AI) and the robustness of the control framework. Transformation programmes, including system migrations, are reviewed with an emphasis on risk management and the sharing of lessons learned.

NON-FINANCIAL AND SUSTAINABILITY INFORMATION STATEMENT

Diligenta's sustainability Strategy focuses on addressing the needs of its stakeholders, complying with relevant regulations, and incorporating assessments from Sustainability rating and benchmarking providers. This report specifically emphasises concepts that pertain to the most significant elements of the corporate sustainability strategy.

SUSTAINABILITY STRATEGY

Diligenta's sustainability strategy is built around three pillars—People, Planet and Business—reflecting its social, environmental and governance responsibilities. These pillars guide delivery and are informed by a materiality assessment, developed with cross-functional input, to identify and prioritise issues of dual materiality. Each pillar incorporates all legal, regulatory and client sustainability requirements.

A sustainability risk assessment, supported by the Line 2 Risk function, ensures alignment with internal and external conditions, with risks managed through the Enterprise Risk Management Framework. Key focus areas include supporting net-zero transition, strengthening community impact, enabling colleague inclusion and wellbeing, and enhancing sustainable supply-chain oversight.

SUSTAINABILITY GOVERNANCE

The Sustainability governance model is set out below:

Board oversight and communication: The sustainability governance model has been enhanced in the year through the establishment of a Sustainability Board and a Sustainability Working Group. This provides oversight at an Executive level and a delivery level, with escalation routes defined, including periodic reporting to the Board.

Integration across business functions: Diligenta assigns responsibility for sustainability across business functions, based on the nature of the activity and the required functional expertise. This includes the following key areas:

- Risk assessment
- Strategy integration
- Governance and oversight
- Operational integration
- Supply chain resilience
- Infrastructure management
- Stakeholder engagement
- Continuous improvement

CLIMATE RISK

Rationale for Non-Principal Risks:

Diligenta has assessed climate-related risks within the context of its business operations and concluded that while such risks exist, they do not rise to the level of principal risks due to the Company's business model, sector, and operational footprint. The Company primarily operates in a service-based industry with limited direct exposure to climate-related disruptions such as physical damage to assets or significant regulatory shifts impacting operations. Additionally, existing mitigation strategies, such as energy efficiency initiatives, responsible procurement practices, and structured risk assessment frameworks, ensure that climate-related risks are effectively managed within the broader risk landscape. Regular monitoring and review processes confirm that these risks remain controlled and do not materially impact the Company's long-term financial performance or strategic objectives.

Prioritisation and Management of Climate Risks:

Diligenta has voluntarily integrated TCFD recommendations into its governance framework to ensure transparency and alignment with industry best practice. Climate-related risks and opportunities are assessed using the corporate group's strategic time horizons, considering short-term (1–5 years) and long-term impacts. This approach evaluates potential financial and operational effects, including revenue shifts, cost changes and investment implications. Key risks identified include physical, transition, liability, operational, financial and environmental risks, each analysed for how they may influence valuations, costs and business model resilience.

Diligenta also assesses how extreme weather, regulatory changes and energy market fluctuations could emerge over the short and medium term. Where possible, financial impacts are quantified to support informed planning. The Company's strategic response focuses on both adaptation and mitigation, including reducing greenhouse gas emissions, transitioning to renewable energy, and strengthening water-efficiency measures. These actions are designed to enhance long-term resilience, protect operations and support sustainable growth.

STREAMLINED ENERGY AND CARBON REPORTING

This is Diligenta's third non-financial and sustainability Information Statement in adherence to the UK Government's Climate related Financial Disclosure (CFD) regulations. The improvement of our data collation and accuracy has meant that Scope 1 emissions appear to have increased. This is simply due to the advancements made towards availability data, adding rigour to the reporting basis. The 2025 report includes emissions from all Diligenta occupied sites, including those managed by clients. Diligenta action's in reducing emissions can still be demonstrated through the reduction of the business travel and electricity metric.

	Current Reporting Period 2025				Previous Reporting Period 2024			
	kWh	Kg CO_2	CO_2 emissions tonnes	Intensity ratio (tonnes CO_2e/per full time employee)	kWh	Kg CO_2	CO_2 emissions tonnes	Intensity ratio (tonnes CO_2e/per full time employee)
Emissions from combustion of gas (Scope 1 – tonnes of CO_2e)	3,035,034	555,339	555	0.08	2,537,869	464,176	464	0.06
Total Scope 1	**3,035,034**	**555,339**	**555**	**0.08**	**2,537,869**	**464,176**	**464**	**0.06**
Emissions from electricity purchased for own use, including for the purposes of transport (Scope 2 – tonnes of CO_2e)	4,631,406	905,579	906	0.13	6,662,542	1,379,479	1,379	0.17
Total Scope 2	**4,631,406**	**905,579**	**906**	**0.13**	**6,662,542**	**1,379,479**	**1,379**	**0.17**
Emissions from business travel in rental cars or employee-owned vehicles where Company is responsible for purchasing the fuel (Scope 3 - tonnes of CO_2e)	220,737	61,473	61	0.009	275,313	69,709	70	0.009
Total Scope 3	**220,737**	**61,473**	**61**	**0.009**	**275,313**	**69,709**	**70**	**0.009**
Total based on above	7,887,177	1,522,391	1,522	0.22	9,475,724	1,913,364	1,913	0.24
Total Intensity ratio (kgCO_2e/per full time employee)			**219.2**				**240.4**	

Diligenta acknowledges that our business continues to enhance coverage since the last report was constructed, and the intent is to continue to improve on the data we collect and the granularity of that data which is available to us.

CLIMATE RISK MANAGEMENT

In 2024, we committed to the Science Based Targets Initiative SBTi. Beyond this commitment, we will focus on the following areas:

- Emission reduction targets
- Renewable energy targets
- Energy efficiency targets
- Climate-related financial disclosure targets
- Transparency, and alignment of financial disclosures with TCFD recommendations
- Community engagement and climate education targets
- Bio diversity conservation targets

To measure our commitment, we will evaluate our own performance regularly by adopting four key measures of our progress.

PERFORMANCE ASSESSMENT PROCESS

- Regular reporting
- Verification and assurance

- Benchmarking
- Feedback and continuous improvement

We will collect feedback from all stakeholders, including shareholders and experts, to inform continuous improvement efforts and refine strategies for managing climate-related risks and opportunities.

Diligenta acknowledges the additional disclosure requirements under UK-CFD (e) to (h). However, given the nature of the Company's operations, it is appropriate to apply for an exemption based on the following rationale:

(e) Business Model and Strategy Impact: Climate risks and opportunities are managed within the Company's broader risk framework. As the Company has not identified any principal financial risks and opportunities, any impact of these on business model and strategy has not been assessed.

(f) Business Resilience Analysis: Climate scenario analysis is conducted internally but is not a regulatory requirement for Diligenta's business model. The existing risk management process already incorporates resilience measures aligned with corporate strategy.

(g) Targets and Performance: Climate-related targets are managed at the group level, with sustainability objectives embedded within operational strategies rather than standalone performance metrics.

(h) Key Performance Indicators (KPIs): The Company tracks energy efficiency and carbon reduction initiatives through internal reporting, but formal climate-related KPIs are not required given the business's operational scope.

SECTION 172(1) STATEMENT

The directors acknowledge their duty to promote the success of the Company for the benefit of its shareholders, employees, clients, and regulator, as well as the wider community in which it operates.

Section 172 requires directors to have regard to:

a. The interests, wellbeing and psychological safety of the Company's employees

b. The need to foster the Company's business relationships with suppliers, customers and others.

c. The desirability of the Company maintaining a reputation for high standards of business conduct

d. The need to act fairly between members of the Company

e. The impact of the Company's operations on the community and the environment

f. The likely consequences of any decision in the long term

The Board confirms it has acted to promote the long-term success of the Company for the benefit of shareholders, whilst having due regard to the matters set out in Section 172(1)(a) to (f) of the Companies Act, 2006 including fostering employee wellbeing and our environmental impact.

Below examples set out of how the Directors have had regard to the matters set out in Section 172(1)(a)-(f) when discharging their duties.

Approved by the Board and signed on its behalf by:

Daniel Praveen
Chief Executive Officer

Lynch Wood

27 March 2026

DIRECTORS' REPORT

The directors have pleasure in presenting their annual report, together with the financial statements and auditor's report for the year ended 31 December 2025. The monetary amounts are reported in GBP (£) and are rounded to the nearest thousand.

Details of the results for the year ended 31 December 2025 and the comparative year are set out in the financial statements and the related notes.

The Board of Directors approved the financial statements on 19 March 2026 and authorised the CEO to sign on its behalf on completion of final review and changes agreed with the auditors.

PRINCIPAL ACTIVITIES

The principal activity of the Company is the provision of a range of life and pension administration services to the UK Financial Services sector.

DIVIDENDS

£10.0 million dividend payment is recommended for the year ended 31 December 2025.

DIRECTORS

The directors, who served through the year, were as follows:

- Subramanian Sankaranarayanan
- Sir Michael Arthur
- Susan McInnes
- Robin Smith (appointed on 24 June 2025)
- Daniel Praveen
- Milind Dhuru
- Tim Jones CBE (resigned on 31 May 2025)

DIRECTORS' INDEMNITIES

The Company's parent undertaking, Tata Consultancy Services Limited, has made qualifying third-party indemnity provisions for the benefit of all directors that remain in force at the date of this report.

EMPLOYEES

The Company has an established practice of keeping its employees informed of matters affecting them and the financial and economic factors affecting the performance of the Company. This is achieved through comprehensive engagement and consultative communication, involving regular meetings between management and employees and the sharing of information both formally, through face-to-face communications with the Executive and senior leaders and, more informally, through team communications and employee portals.

The Company operates a 'zero tolerance' approach towards acts of bribery and corruption. The Company will not engage in any form of bribery or corrupt behaviour and will take firm and vigorous action against any individual who does not comply with this policy. This may involve disciplinary action being taken, which the Company will normally treat as gross misconduct, which may lead to dismissal, and legal action where appropriate. This action would be taken irrespective of whether criminal proceedings are pursued by the authorities.

The Company is committed to providing equal opportunities to all employees irrespective of their sex, age, sexual orientation, marital status, religion, race, gender reassignment, pregnancy or maternity status, or disability.

ENGAGEMENT WITH CUSTOMERS, SUPPLIERS, AND OTHERS IN A BUSINESS RELATIONSHIP WITH THE COMPANY

The directors have had regard to the need to foster the Company's business relationships with suppliers, clients, and others.

CREDITOR PAYMENT POLICY

It is the Company's policy that payments to suppliers are made in accordance with those terms and conditions agreed between the Company and its suppliers, provided that all trading terms and conditions have been complied with. The Company publishes its Payments Practices Report biannually on the Gov.UK website.

REPORTING IN ACCORDANCE WITH THE WATES CORPORATE GOVERNANCE PRINCIPLES FOR LARGE PRIVATE COMPANIES (THE "WATES PRINCIPLES")

The Company has applied the Wates Principles guidance in its entirety in the financial year ended 31 December 2025 and the report is set out below.

PURPOSE AND LEADERSHIP

The directors ensure a clear sense of purpose and collective vision through consistent communication of the Company's values by the Chief Executive Officer and the Executive Management Team. Engagement with the workforce and wider stakeholders is maintained through trade union consultation, management forums, voluntary confidential surveys, and regular updates issued via the intranet, town halls and cascaded communications.

Purpose and values are embedded through the objective-setting process and visible materials across sites, with culture monitored through surveys, union engagement, absenteeism reviews, exit interviews and Board feedback. Transparent whistleblowing policies and review processes are in place, and a dedicated diversity and inclusion council underpins the Company's policies and drives the inclusion agenda.

BOARD COMPOSITION

The directors, collectively, have continued to demonstrate an excellent understanding of the Company's business needs and stakeholder interests. The Company's Board is constituted of individuals with a wide range of industry and subject expertise. The chairman promotes open debate and facilitates constructive discussion. This enables the Board to be an open forum for discussion where varied views are tabled, and challenge is issued to the executive team on various matters. The chairman ensures that all directors have appropriate information, and that sufficient time is made available for meaningful discussion. Detailed inputs are provided five working days before the Board meets and meetings take place quarterly with sufficient time allowed for discussion of issues to be covered. The Company has a commitment to the ongoing professional development of its directors who embrace such opportunities and ensure that they have sufficient time to discharge their duties.

DIRECTORS' RESPONSIBILITIES

The directors have established and maintained corporate governance practices that provide clear lines of responsibility for individual directors, including the non-executive directors, to support effective decision-making. The Company has a full suite of policies that it reviews regularly against several criteria, including regulation, best practice and alignment to client policies, which govern its internal affairs. Policies have formally assigned owners who are responsible to the Board. The directors have established formal and robust internal processes to ensure systems and controls are operating effectively, and that the quality and integrity of information provided to it is reliable.

The directors have agreed and set out how conflicts of interest should be identified and managed within the Company, through a Conflicts of Interest policy.

OPPORTUNITY AND RISK

The directors have continued to consider and assess how the Company creates and preserves value over the long-term. The Company has processes for the identification of future opportunities for innovation and entrepreneurship by operating in a variety of ways to ensure it remains innovative, including via market learning, in forums with its clients and by way of benefitting from the very extensive knowledge-based innovation of its parent Company, Tata Consultancy Services Limited.

The directors have oversight of risk, how it is managed and appropriate accountability to stakeholders. There are clear areas of responsibility for individual directors, including for the non-executive directors, and all have identified areas of oversight over the key stakeholders and managers of the business. The directors have established formal internal processes to assess the effectiveness of systems and controls, that action is taken where weaknesses are identified, and that the quality and integrity of information provided to them is reliable.

REMUNERATION

Remuneration for directors and senior managers is aligned with performance, behaviours, and the achievement of Company purpose, values, and strategy. The Company utilises specialist external agencies to provide pay comparability methodologies to assist with determining remuneration throughout the Company. The Company uses a formal remuneration committee to address and govern all changes to employees' remuneration.

In setting director and senior manager remuneration, consideration has been given to remuneration throughout the organisation to reinforce a sense of shared purpose. The directors have established clear policies on remuneration structures and practices which enable effective accountability to shareholders, taking account of financial statements.

STAKEHOLDER RELATIONSHIPS AND ENGAGEMENT

The Company considers how its activities may impact both current and future stakeholders, including how these could impact on the environment in everything it does. This is carried out by consideration being given to the proposed activities at management and Board meetings before any initiative is implemented. Once implemented, the Company reviews and amends, as required, the Company's policies and seeks periodic inputs via workforce surveys; formal governance and feedback surveys with clients; end customer satisfaction results and analysis; and regular meetings and audits with regulators.

The Company presents to stakeholders a fair, balanced, and understandable assessment of the Company's position and prospects and makes this available through intranet communications and messages from executive management and, results of workforce surveys.

The directors ensure that there is a range of formal and informal channels in place to receive appropriate feedback from discussions with stakeholders. Workforce policies and practices are aligned with the Company's purpose and values.

FINANCIAL INSTRUMENTS

Details of the objectives and management of Financial Assets and Liabilities are contained in note 7 to the financial statements.

DONATIONS

Our Charitable Giving contribution raised for 2025 is £67,163.66. This comprises of several fundraising sources: including donations to our Nominated Charities, corporate partnerships, and local charity pot funds to support colleague individual fundraising.

POLITICAL CONTRIBUTIONS

The Company made no political donations and incurred no political expenditure during the year (2024: £Nil).

DISCLOSURE OF INFORMATION TO AUDITORS

The directors who held office at the date of approval of this director's report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware; and each Director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

OTHER INFORMATION

Review of Business and future developments are included in the Strategic Report.

AUDITORS

Pursuant to Section 487 of the Companies Act, 2006 the auditor will be deemed to be reappointed, and KPMG LLP will therefore continue in office.

GOING CONCERN

After making enquiries, the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Approved by the Board and signed on its behalf by:

Daniel Praveen
Chief Executive Officer

27 March 2026

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE ANNUAL REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK-adopted international accounting standards and applicable law.

Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the situation of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently.
- make judgements and estimates that are reasonable, relevant and reliable.
- state whether they have been prepared in accordance with UK-adopted international accounting standards.
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act, 2006.

They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DILIGENTA LIMITED

OPINION

We have audited the financial statements of Diligenta Limited ("the Company") for the year ended 31 December 2025 which comprise the Statement of Profit or Loss and Other Comprehensive Income, Statement of Financial Position, Statement of changes in Equity, Statement of Cash Flows and related notes, including the accounting policies in the respective notes.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as of 31 December 2025 and of its profit for the year then ended.
- have been properly prepared in accordance with UK-adopted international accounting standards; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

GOING CONCERN

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the directors' conclusions, we considered the inherent risks to the Company's business model and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Company will continue in operation.

FRAUD AND BREACHES OF LAWS AND REGULATIONS – ABILITY TO DETECT

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud.

Our risk assessment procedures included:

- Enquiring of directors, the audit committee, internal audit and inspection of policy documentation as to the Company's high-level policies and procedures to prevent and detect fraud, including the internal audit function, and the Company's channel for "whistleblowing", as well as whether they have knowledge of any actual, suspected or alleged fraud.

- Reading Board and audit committee minutes.
- Considering remuneration incentive schemes and performance targets for management, directors and sales staff.
- Using analytical procedures to identify any unusual or unexpected relationships.

We communicated identified fraud risks throughout the audit team and remained alert to any indications of fraud throughout the audit.

As required by auditing standards and taking into account possible pressures to meet profit targets, we perform procedures to address the risk of management override of controls and the risk of fraudulent revenue recognition, in particular:

- the risk that management may be in a position to make inappropriate accounting entries; and
- the risk of bias in accounting estimates such as percentage of completion for revenue recognition. We did not identify any additional fraud risks.

In determining the audit procedures, we took into account the results of our evaluation and testing of the operating effectiveness of some of the Company-wide fraud risk management controls.

We also performed procedures including:

- Identifying journal entries and other adjustments to test for all full scope components based on risk criteria and comparing the identified entries to supporting documentation. These included journal entries containing key words, those posted by individuals who are not authorised to post journal entries, those entries containing unusual pairings, and posting of backdated journal entries.
- Assessing whether the judgements made in making accounting estimates are indicative of a potential bias.

Identifying and responding to risks of material misstatement related to compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience, through discussion with the directors and other management (as required by auditing standards), and from inspection of the Company's regulatory and legal correspondence and discussed with the directors and other management the policies and procedures regarding compliance with laws and regulations.

As the Company is regulated, our assessment of risks involved gaining an understanding of the control environment including the entity's procedures for complying with regulatory requirements.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Company is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related companies' legislation), distributable profits legislation, taxation legislation, and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Secondly, the Company is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation or the loss of Company's license to operate. We identified the following areas as those most likely to have such an effect: health and safety, data protection laws, anti-bribery, employment law, and the Financial Conduct Authority (FCA) regulation of permitted activities and the related capital requirements due to the Company's activities. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the directors and other management and inspection of regulatory and legal correspondence, if any. Therefore, if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

CONTEXT OF THE ABILITY OF THE AUDIT TO DETECT FRAUD OR BREACHES OF LAW OR REGULATION

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

STRATEGIC REPORT AND DIRECTORS' REPORT

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

MATTERS ON WHICH WE ARE REQUIRED TO REPORT BY EXCEPTION

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit. We have nothing to report in these respects.

DIRECTORS' RESPONSIBILITIES

As explained more fully in their statement set out on page 3.15, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

THE PURPOSE OF OUR AUDIT WORK AND TO WHOM WE OWE OUR RESPONSIBILITIES

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Non-current liabilities			
Lease liabilities	7(f)	14,937	6,450
Total non-current liabilities		**14,937**	**6,450**
TOTAL LIABILITIES		**85,591**	**106,732**
Equity			
Share capital	7(i)	1,000	1,000
Share premium		25,000	25,000
Retained earnings		110,426	90,837
Other reserve	7(i)	42,000	42,000
TOTAL EQUITY		**178,426**	**158,837**
TOTAL LIABILITIES AND EQUITY		**264,017**	**265,569**

The financial statements were approved by the Board of Directors and authorised for issue on 19th March 2026.

They were signed on its behalf by:

Daniel Praveen
Chief Executive Officer
Company registration number: 05535029

NOTES 1 TO 18 FORM PART OF THE FINANCIAL STATEMENTS.

STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME FOR THE YEAR ENDED 31 DECEMBER 2025

(£'000)

	Note	For the year ended December 31, 2025	For the year ended December 31, 2024
REVENUE	10	651,227	606,831
Operating expenses:			
Employee benefit expenses	13	(312,444)	(292,634)
Depreciation and amortisation expense	9(a),9(b)	(4,007)	(3,949)
Right of use assets depreciation	8	(4,384)	(3,954)
Other operating expenses	11	(287,388)	(280,672)
TOTAL OPERATING EXPENSES		**(608,223)**	**(581,209)**
OPERATING PROFIT		43,004	25,622
OTHER INCOME / (EXPENSE):			
Dividend and interest income		3,566	3,853
Interest on lease liabilities		(997)	(545)
Other loss (net)		(109)	(81)
TOTAL OTHER INCOME		**2,460**	**3,227**
PROFIT BEFORE TAX		**45,464**	**28,849**
Tax expense	12	**(11,892)**	**(6,635)**
PROFIT FOR THE YEAR		**33,572**	**22,214**
OTHER COMPREHENSIVE INCOME (OCI)			
Items that will not be reclassified subsequently to profit or loss:			
Remeasurement of defined employee benefit plans		23	48
Deferred tax on remeasurement of defined employee benefit Plans		(6)	(12)
TOTAL OTHER COMPREHENSIVE INCOME, NET OF TAXES		**17**	**36**
TOTAL COMPREHENSIVE / INCOME FOR THE YEAR		**33,589**	**22,250**

NOTES 1 TO 18 FORM PART OF THE FINANCIAL STATEMENTS

STATEMENT OF CHANGES IN EQUITY

(£'000)

	Share capital	Share premium	Other reserve	Retained earnings	Total equity
Balance at 1 January 2024	1,000	25,000	42,000	80,587	148,587
Profit for the year	-	-	-	22,214	22,214

Dividend and interest received		3,566	3,853
Net cash generated/ (used in) from investing activities		**(4,281)**	**(2,377)**
Cash flows from financing activities			
Repayment of lease liabilities		(3,518)	(4,048)
Interest paid		(997)	(545)
Dividend paid		(14,000)	(12,000)
Net cash used in financing activities		**(18,516)**	**(16,593)**
Net change in cash and cash equivalents		(835)	1,005
Cash and cash equivalents at the beginning of the year		1,365	360
Cash and cash equivalents at the end of the year		**530**	**1,365**

NOTES 1 TO 18 FORM PART OF THE FINANCIAL STATEMENTS.

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The Company is incorporated in the United Kingdom under the Companies Act. The address of the registered office is Lynch Wood, Peterborough, Cambridgeshire PE2 6FY and Company registration number is 05535029. The nature of the Company's operations and its principal activities are set out in the strategic and directors' reports.

2. STATEMENT OF COMPLIANCE

The Company financial statements have been prepared and approved by the directors in accordance with UK-adopted international financial reporting standards ("UK-adopted IFRS").

3.A BASIS OF PREPARATION

These financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flows from operating activities. The cash flows from operating, investing, and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and reporting currency of the Company is GBP (£). Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information used in preparation of the financial statements have been discussed in the respective notes.

3.B GOING CONCERN

The directors have reviewed the budget and cash flow forecasts of the Company, taking account of reasonably possible downsides, for a period of not less than 12 months from the date of approval of these financial statements which indicate that the Company will have sufficient funds, through its operating cash flows and liquid investments to meet its liabilities as they fall due for that period.

Consequently, the directors are confident that the Company will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

4. USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how a customer consumes benefits as services

are rendered or who controls the asset as it is being created, or the existence of an enforceable right to payment for performance to date and any alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

The Company uses the following critical accounting estimates in preparation of its financial statements:

A. REVENUE RECOGNITION

Revenue for fixed-price contracts is recognised using the percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

The Company exercises judgement for identification of performance obligations, determination of transaction price, ascribing the transaction price to each distinct performance obligation and in determining whether the performance obligation is satisfied at a point in time or over a period of time. These judgements have been explained in detail under the revenue recognition note (Refer note 10).

B. USEFUL LIVES OF PROPERTY, PLANT AND EQUIPMENT

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

C. PROVISION FOR INCOME TAX AND DEFERRED TAX ASSETS

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

D. PROVISIONS AND CONTINGENT LIABILITIES

The Company estimates the provisions that have present obligations as a result of past events, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

E. EMPLOYEE BENEFITS

The accounting of employee benefit plans in the nature of defined benefit, explained under employee benefits note, requires the Company to use assumptions. These assumptions have been explained under the employee benefits note. (Refer Note 13)

F. LEASES

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. NATURE AND PURPOSE OF RESERVES

A. RETAINED EARNINGS

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

B. SHARE PREMIUM

Share premium is used to record the premium on issue of shares.

C. OTHER RESERVE

Other reserve relates to a capital redemption reserve following the redemption of preference shares in previous years. This is a non-distributable reserve.

6. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective:

Amendments to IFRS 9 and IFRS 7[1]

IFRS 18 Presentations and Disclosures in Financial Statements[2]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[2]

[1] Effective for annual periods beginning on or after January 1, 2026.

[2] Effective for annual periods beginning on or after January 1, 2027

IFRS 9 and IFRS 7 – FINANCIAL INSTRUMENTS AND FINANCIAL INSTRUMENTS: DISCLOSURES

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly.

IFRS 18 – PRESENTATION AND DISCLOSURES IN FINANCIAL STATEMENTS

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard requirements and implement them accordingly.

IFRS 19 – SUBSIDIARIES WITHOUT PUBLIC ACCOUNTABILITY: DISCLOSURES

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19. The Company will evaluate the amendments and implement them accordingly.

7. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company de-recognises a financial asset only when the contractual rights to the cash flow from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled, or have expired.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

The Company holds money ring-fenced in a deposit account as part of FCA requirement. The same is reported under Other non-current financial assets as "Restricted cash".

FINANCIAL ASSETS AT AMORTISED COST

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

The Company has deposits into Mutual Funds which are classified as financial assets measured through profit or loss. The Mutual Funds have a standard value of per unit which is the reference for any gains or losses on the holding. There has been no gain or loss on the holding of Mutual Funds.

FINANCIAL LIABILITIES

Financial liabilities are measured at amortised cost using the effective interest method.

IMPAIRMENT OF FINANCIAL ASSETS (OTHER THAN AT FAIR VALUE)

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowance for expected credit losses, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due, and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

A. CASH AND CASH EQUIVALENTS

Cash and cash equivalents are held in a banking institution with a credit rating of AA- (Standard & Poor's) and consist of the following:

(£'000)

	As at December 31, 2025	As at December 31, 2024
Cash in hand and at banks	530	1,365
Total	**530**	**1,365**

B. INVESTMENTS

Investments consist of the following:

Investments - Current

(£'000)

Investments carried at fair value through profit or loss	As at December 31, 2025	As at December 31, 2024
Mutual fund units	61,900	61,300
Total	**61,900**	**61,300**

Mutual fund balances are deposits in a fund with daily liquidity, where the aim is to provide investors with security of capital together with an investment return which is comparable to normal sterling-denominated money market interest rates.

C. TRADE RECEIVABLES

Trade receivables consist of the following:

(£'000)

Current	As at December 31, 2025	As at December 31, 2024
Trade receivables	38,529	32,438
Less: Allowance for doubtful trade receivables	-	-
Total	**38,529**	**32,438**

D. OTHER FINANCIAL ASSETS

Other financial assets consist of the following:

(£'000)

Other financial assets – Current	As at December 31, 2025	As at December 31, 2024
Employee loans and advances	512	398
Security deposits	182	161
Interest receivable	1,637	827
Dividend Receivable	199	-
Total	**2,530**	**1,386**

Other financial assets - non-current	As at December 31, 2025	As at December 31, 2024
Restricted cash with Bank **	22,000	22,000
Total	**22,000**	**22,000**

** Money ring-fenced as part of FCA requirement is held in a deposit account and is not available for working capital requirements.

E. OTHER FINANCIAL LIABILITIES

Other financial liabilities consist of the following:

(£'000)

Other financial liabilities – Current	As at December 31, 2025	As at December 31, 2024
Accrued payroll	2,501	7,342
Total	**2,501**	**7,342**

F. FINANCIAL INSTRUMENTS BY CATEGORY

The carrying value of financial instruments by categories as at 31 December 2025 is as follows:

(£'000)

	Fair value through profit or loss	Amortized cost	Total carrying value
Financial assets			
Cash and cash equivalents	-	530	530
Trade receivables	-	38,529	38,529
Accrued revenue	-	19,903	19,903
Investments	61,900	-	61,900
Other financial assets	-	24,531	24,531
Total	**61,900**	**83,493**	**145,393**
Financial liabilities			
Trade payables	-	50,693	50,693
Lease liability	-	18,903	18,903
Other financial liabilities	-	2,501	2,501
Total	**-**	**72,097**	**72,097**

The carrying value of financial instruments by categories as at 31 December 2024 is as follows:

	Fair value through profit or loss	Amortized cost	Total carrying value
Financial assets			
Cash and cash equivalents	-	1,365	1,365
Trade receivables	-	32,438	32,438
Accrued revenue	-	24,669	24,669
Investments	61,300	-	61,300
Other financial assets	-	23,386	23,386
Total	**61,300**	**81,858**	**143,158**
Financial liabilities			
Trade payables	-	61,680	61,680
Lease liability	-	9,607	9,607
Other financial liabilities	-	7,342	7,342
Total	**-**	**78,629**	**78,629**

Carrying amounts of cash and cash equivalents, trade receivables, accrued revenue and trade payables as of 31 December 2025 and 2024 approximate the fair value due to their nature. Carrying amounts of bank deposits, earmarked balances with banks, other financial assets and other financial liabilities which are subsequently measured at amortised cost, also approximate the fair value due to their nature in each of the periods presented. Fair value measurement of lease liabilities is not required.

£28.25 million of the trade payables balances represents amounts due to related undertaking (2024: £29.07 million).

G. FAIR VALUE HIERARCHY

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- **Level 1 —** Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2 —** Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- **Level 3 —** Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

As at 31 December 2025

(£'000)

	Level 1	Level 2	Level 3	Total
Financial assets:				
Mutual fund units	61,900	-	-	61,900
Total	**61,900**	**-**	**-**	**61,900**

As at 31 December 2024

(£'000)

	Level 1	Level 2	Level 3	Total
Financial assets:				
Mutual fund units	61,300	-	-	61,300
Total	**61,300**	**-**	**-**	**61,300**

H. FINANCIAL RISK MANAGEMENT

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

MARKET RISK

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company looks to mitigate the market risk by agreeing terms predominantly in the functional currency, securing fixed price borrowings and liquid investment.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have a potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency. The Company's transactions are mainly in GBP, hence its exposure to foreign currency exchange rate risk is limited.

- **Interest rate risk**

  The Company is not significantly exposed to interest rate risk.

CREDIT RISK

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, accrued revenue, investments, cash and cash equivalents and other financial assets. Investments include an amount of £61,900,000 held as mutual funds. None of the other financial instruments of the Company result in a material concentration of credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was £192,261,982 and £189,718,958 as at 31 December 2025 and 31 December 2024, respectively, being the total of the carrying amount of balances with banks with high quality credit rating, investments, trade receivables, accrued revenue, contract assets and other financial assets.

  The Company's exposure to credit risk with regards to trade receivables, accrued revenue and contract assets is influenced mainly by the individual characteristics of each customer in relation to the industry practices and business environment in which they operate. The Company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 365 days for its customers after which they are in default (credit impaired). To manage this risk, the Company has a robust Credit Management Process in place. The Company has adopted a policy of dealing only with creditworthy counterparties. The Company's exposure to the counterparties is continuously monitored and necessary changes to the credit terms are made. None of the customer balances have been written off and no customer balances have been credit impaired at the reporting date.

  The following customers form more than 10% of outstanding trade receivables, unbilled receivables and contract assets as at 31 December 2025 and 31 December 2024:

	As at December 31, 2025		As at December 31, 2024	
	Amount (£'000)	%	Amount (£'000)	%
Customer A	11,270	10.87	14,381	13.87
Customer B	17,173	16.57	19,140	18.46
Customer C	29,942	28.89	32,379	31.23
Customer D	33,442	32.26	23,877	23.03

Geographic concentration of credit risk

Geographic concentration of trade receivables (gross and net of allowances), accrued revenue and contract assets is as follows:

	As at December 31, 2025		As at December 31, 2024	
	Gross %	Net %	Gross %	Net %
United Kingdom	100	100	100	100

Geographical concentration of trade receivables, accrued revenue and contract assets is allocated based on the location of the customers.

The Company uses an allowance matrix to measure the expected credit loss of trade receivable from customers. The expected credit loss allowance is based on the ageing of the days the receivables are due and are as follows:

As at December 31, 2025 (£'000)

	Weighted average loss rate	Gross carrying amount *	Provision balance adjusted	Net Amount	Loss amount	Credit impaired
Ageing						
Not Due	0%	32,117	-	32,117	-	-
1-90 days	0%	-	-	-	-	-
91-180 days	0%	-	-	-	-	-
181-272 days	0%	-	-	-	-	-
273-364 days	100%	-	-	-	-	-
>365 days	100%	-	-	-	-	-
TOTAL		**32,117**	**-**	**32,117**	**-**	**-**

As at December 31, 2024 (£'000)

	Weighted average loss rate	Gross carrying amount *	Provision balance adjusted	Net Amount	Loss amount	Credit impaired
Ageing						
Not Due	0%	22,340	-	22,340	-	-
1-90 days	0%	-	-	-	-	-
91-180 days	0%	-	-	-	-	-
181-272 days	0%	-	-	-	-	-
273-364 days	100%	-	-	-	-	-
>365 days	100%	-	-	-	-	-
TOTAL		**22,340**	**-**	**22,340**	**-**	**-**

* Gross carrying amount excludes inter-Company receivables and is net of money received and credit memos that are pending application.

LIQUIDITY RISK

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generates sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at 31 December 2025:

(£'000)

	Due 1st year	Due 2nd year	Due 3rd to 5th year	Due after 5th year	Total
Non derivative financial liabilities:					
Trade payables	50,693	-	-	-	50,693
Lease liability	4,708	3,991	6,174	7,916	22,789
Other financial liabilities	2,501	-	-	-	2,501
Total	**57,902**	**3,991**	**6,174**	**7,916**	**75,983**

The tables below provide details regarding the contractual maturities of significant financial liabilities as at 31 December 2024:

(£'000)

	Due 1st year	Due 2nd year	Due 3rd to 5th year	Due after 5th year	Total
Non derivative financial liabilities:					
Trade payables	61,680	-	-	-	61,680
Lease liability	3,451	3,001	4,014	-	10,466
Other financial liabilities	7,342	-	-	-	7,342
Total	**72,473**	**3,001**	**4,014**	**-**	**79,488**

I. EQUITY INSTRUMENTS

The authorised, issued, subscribed and fully paid-up share capital consist of the following:

	As at December 31, 2025	As at December 31, 2024
(a) Authorised		
Ordinary equity shares 2,000,000 of £1 each	2,000	2,000
Redeemable preference shares 50,000,000 of £1 each	50,000	50,000
(b) Issued, Subscribed and Paid Up		
1,000,001 ordinary equity shares of £1 each	1,000	1,000

Other reserve of £42,000,000 (2024: £42,000,000) relates to a capital redemption reserve following the redemption of preference shares in previous years. This is a non-distributable reserve.

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans, and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

The Company is required by the Financial Conduct Authority (FCA) to hold sufficient resources to undertake regulated activities on behalf of its clients. As a regulated firm, the Company has a robust governance framework in place, underpinned by several governance committees which report into the Risk Management and Compliance Committee, the Board Audit Committee and ultimately to the Board of Directors. The regulatory capital threshold requirement

was set at £ 37.0 million during the year.

RIGHTS, PREFERENCES AND RESTRICTIONS ATTACHED TO SHARES

The Company has one class of equity shares having nominal value of £1 each. Each member has one vote for every share of which he is the holder. The Company may by ordinary resolution declare dividends in accordance with the respective rights of members. Every dividend shall be distributed to the appropriate shareholder pro rata according to the number of shares held by them. The Company may by ordinary resolution appropriate a sum resolved to be capitalised to the members who would have been entitled to it if it were distributed by way of a dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company in proportion to their shareholding.

8. LEASES

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

COMPANY AS A LESSEE

The Company accounts for each lease component within the contract as a lease, separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate standalone price of the non-lease components.

The Company recognises a right-of-use asset representing its right-to-use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use asset is subsequently measured at cost, less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date over the shorter of lease term or its useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in statement of profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses an incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

COMPANY AS A LESSOR

At the inception of the lease, the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies IFRS 15 Revenue from contracts with customers to allocate the consideration in the contract.

The details of the right-of-use asset held by the Company are as follows:

(£'000)

	Additions for the year ended December 31, 2025	Net carrying amount as at December 31, 2025
Buildings	12,815	17,991
Office equipment	-	130
Total	**12,815**	**18,121**

(£'000)

	Additions for the year ended December 31, 2024	Net carrying amount as at December 31, 2024
Buildings	4,633	9,495
Office equipment	213	195
Total	**4,846**	**9,690**

Depreciation on right-of-use asset is as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Buildings	4,319	3,819
Office equipment	65	135
Total	**4,384**	**3,954**

Amounts recognised in the statement of profit and loss:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Depreciation	4,384	3,954
Interest on lease liability	997	545
Expense relating to short term lease and lease of low value asset	1,191	1,195
Total	**6,572**	**5,694**

Total cash flow:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Total cash outflow for leases	4,472	5,174

- Total cash outflow includes payments for short term and long-term leases.
- The Company has no lease term extension options as at 31 December 2025 and 2024.
- Lease contracts entered by the Company largely relate to buildings taken on to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent.

9. NON-FINANCIAL ASSETS AND NON-FINANCIAL LIABILITIES

A. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Method	Useful lives
Leasehold improvements	Straight line	Lease term
Computer equipment	Straight line	4 years
Furniture and fixtures	Straight line	5 years
Office equipment and other assets	Straight line	5 years

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Property, plant and equipment consist of the following:

(£'000)

	Computer equipment	Leasehold Improvements	Capital work in progress	Total
Cost as at 1 January 2025	45,872	1,418	2,279	49,569
Additions	5,352	-	1,545	6,897
Transfer	-	-	-	-
Cost as at 31 December 2025	**51,224**	**1,418**	**3,824**	**56,466**
Accumulated Depreciation as at 1 January 2025	39,743	1,256	-	40,999
Depreciation for the year	3,407	16	-	3,423
Accumulated Depreciation as at 31 December 2025	**43,150**	**1,272**	**-**	**44,422**
Net carrying amount as at 31 December 2025	**8,074**	**146**	**3,824**	**12,044**

(£'000)

	Computer equipment	Leasehold Improvements	Capital work in progress	Total
Cost as at 1 January 2024	41,149	1,395	740	43,284
Additions	4,723	23	6,262	11,008
Transfer	-	-	(4,723)	(4,723)
Cost as at 31 December 2024	**45,872**	**1,418**	**2,279**	**49,569**
Accumulated Depreciation as at 1 January 2024	36,688	1,255	-	37,943
Depreciation for the year	3,055	1	-	3,056
Accumulated Depreciation as at 31 December 2024	**39,743**	**1,256**	**-**	**40,999**
Net carrying amount as at 31 December 2024	**6,129**	**162**	**2,279**	**8,570**

B. OTHER INTANGIBLE ASSETS

Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets consist of rights under licensing agreement and software licences.

Nature of intangible	Useful lives
Software licence	License period
Rights under licensing agreement	Lower of license period and 2-5 years.

Intangible assets are amortised on a straight-line basis over the period of their economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Intangible assets consist of the following:

(£'000)

	Rights under licensing agreement and software licences
Cost as at 1 January 2025	9,845
Additions	350
Cost as at 31 December 2025	10,195
Accumulated amortisation as at 1 January 2025	8,819
Amortisation for the year	584
Accumulated amortisation as at 31 December 2025	**9,403**
Net carrying amount as at 31 December 2025	**792**

(£'000)

	Rights under licensing agreement and software licences
Cost as at 1 January 2024	9,700
Additions	145
Cost as at 31 December 2024	**9,845**
Accumulated amortisation as at 1 January 2024	7,926
Amortisation for the year	893
Accumulated amortisation as at 31 December 2024	**8,819**
Net carrying amount as at 31 December 2024	**1,026**

C. OTHER ASSETS

Other assets consist of the following:

(£'000)

Other assets – Current	As at December 31, 2025	As at December 31, 2024
Indirect tax recoverable	203	210
Prepaid expenses	5,953	16,923
Contract fulfilment costs *	26,700	28,252
Total Other assets – Current	**32,856**	**45,385**
Contract assets	29,599	36,640

(£'000)

Other assets – non-current	As at December 31, 2025	As at December 31, 2024
Prepaid expenses	118	16
Contract fulfilment costs	6,494	4,698
Net pension asset – refer note 13b	1,802	1,401
Total Other assets – Non-current	**8,414**	**6,115**
Contract assets	14,795	9,919

* Contract fulfilment costs of £ 6,144k and £5,008k for the years ended 31 December 2025 and 2024, respectively, have been amortised in the profit or loss

D. OTHER LIABILITIES

(£'000)

Other liabilities – Current	As at December 31, 2025	As at December 31, 2024
Indirect tax payable and other statutory liabilities	10,177	10,079
Advances received from customers	-	59
Sundry liabilities	44	21
Total	**10,221**	**10,159**

10. REVENUE RECOGNITION

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration that the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on an output basis measured by units delivered, efforts expended and number of transactions processed.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using the percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The total contract cost used in computing the revenues includes the cost of fulfilling warranty obligations.
- Revenue from the sale of distinct, internally developed software and manufactured systems and third-party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third-party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for the supply of such third-party products is recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer respectively. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of the distinct performance obligations involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract

includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there are billings in excess of revenue.

The billing schedules agreed with customers include periodic performance-based payments and / or milestone-based progress payments. Invoices are payable within a contractually agreed credit period.

The Company assess whether a contract is onerous based on estimated future revenue and cost for each contract. The Company exercises judgement in determining the future costs of meeting the obligations under a contract. In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or the transaction price of an existing obligation could undergo a change. In the event the transaction price is revised for an existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

The Company generates revenue through the supply of outsourcing services to the UK Financial Services sector primarily in the Life and Pension industry.

Revenue disaggregation by nature of services is as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Consultancy Services	651,227	606,831
Total	**651,227**	**606,831**

Revenue disaggregation by industry vertical is as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Banking, financial services and insurance	651,227	606,831
Total	**651,227**	**606,831**

Revenue disaggregation by geography is as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
United Kingdom	651,227	606,831
Total	**651,227**	**606,831**

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially satisfied) performance obligations, along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event-based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is £ 803,646,533 out of which 16.95 % is expected to be recognised as revenue in next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Balance at the beginning of the year	46,559	54,193
Invoices raised that were included in the contract assets balance at the beginning of the year	(32,889)	(41,259)
Increase due to revenue recognised during the year, excluding amounts billed during the year	30,724	33,625
Balance at the end of the year	**44,394**	**46,559**

Changes in unearned and deferred revenue are as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Balance at the beginning of the year	16,511	27,388
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(16,495)	(43,848)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	-	32,971
Balance at the end of the year	**16**	**16,511**

11. COST RECOGNITION

The costs of the Company are broadly categorised into employee benefit expenses, depreciation and amortisation and other operating expenses. Employee benefit expenses include remuneration, allowances, contribution to various funds and employee welfare expenses. Other operating expenses primarily include fees to external consultants, project expenses, software expenses, facility expenses, travel expenses, communication expenses, and other expenses.

EXPENSES BY NATURE

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Employee benefit expenses	312,444	292,634
Project expenses	189,797	188,835
Software expense	22,529	20,149
Fees to external consultants and others	28,987	30,688
Facility expenses	9,040	9,840
Depreciation and amortisation expense	4,007	3,949
Right of use assets depreciation	4,384	3,954
Travel expenses	1,093	1,300
Communication expenses	14,832	9,673
Other expenses	21,110	20,187
Total	**608,223**	**581,209**

Refer note 13 for function wise bifurcation of employee cost.

AUDITOR'S REMUNERATION:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
As auditor *	181	175
As adviser		
- Other assurance services	47	21
Total	**228**	**196**

* This includes a portion of fee paid by the Company's immediate Parent Company to the auditor's associate in India.

12. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

CURRENT INCOME TAXES

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the year end date.

Advance taxes and provisions for current income taxes are presented in the statements of financial position after off-setting advance tax paid and income tax provision.

DEFERRED INCOME TAXES

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and

their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The income tax expense consists of the following:

(£'000)

Current tax	Year ended December 31, 2025	Year ended December 31, 2024
Current tax charge	11,000	5,608
Prior period adjustment	1,189	(396)
	12,189	**5,212**
Deferred tax		
Deferred tax expense	445	1,416
Deferred tax pertaining to prior periods	(742)	7
	(297)	**1,423**
Income tax expense	**11,892**	**6,635**

The reconciliation of estimated income tax expense at the statutory income tax rate to income tax expense reported in the statement of profit or loss is as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Profit before tax	45,464	28,849
Statutory income tax rate	25%	25%
Expected income tax expense	**11,366**	**7,212**
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense		
Utilisation of streamed losses	-	(200)
Tax on income at different rates	-	-
Prior period adjustment	546	(389)
Disallowable expenses	20	12
Income tax expense	**11,892**	**6,635**

Deferred tax balance on defined benefit plan has been calculated at 25% basis the Company's intention to buy-out the plan with an insurance Company to secure all benefits at an appropriate time.

Significant components of net deferred tax assets and liabilities for the year ended 31 December 2025 are as follows:

(£'000)

	Opening balance	Recognised in profit or loss	Recognised in / other comprehensive income	Closing Balance
Deferred tax assets / (liabilities) in relation to				
Property, plant and equipment and intangible assets	1,020	644	-	1,664
Provision for employee benefits and compensated absences	152	182	6	340
IFRS 16	-	-	-	-
Others	540	(540)	-	-
Total deferred tax assets / (liabilities)	**1,712**	**286**	**6**	**2,004**

(£'000)

As at 31 December 2025	Assets	Liabilities	Total
Property, plant and equipment and intangible assets	1,664	-	1,664
Provision for employee benefits and compensated absences	791	(451)	340
IFRS 16	-	-	-
Others	-	-	-
Total deferred tax asset / (liabilities)	**2,455**	**(451)**	**2,004**

Significant components of net deferred tax assets and liabilities for the year ended 31 December 2024 are as follows:

(£'000)

	Opening balance	Recognised in profit or loss	Recognised in / other comprehensive income	Closing Balance
Deferred tax assets / (liabilities) in relations to				
Property, plant and equipment and intangible assets	2,359	(1,339)	-	1,020
Provision for employee benefits and compensated absences	248	(84)	(12)	152
IFRS 16	-	-	-	-
Others	540	-	-	540
Total deferred tax assets / (liabilities)	**3,147**	**(1,423)**	**(12)**	**1,712**

(£'000)

As at 31 December 2024	Assets	Liabilities	Total
Property, plant and equipment and intangible assets	1,020	-	1,020
Provision for employee benefits and compensated absences	1,042	(350)	692
IFRS 16	-	-	-
Others	-	-	-
Total deferred tax asset / (liabilities)	**2,062**	**(350)**	**1,712**

As at 31 December 2025, the Company had £822,379 of trading losses carried forward (2024: £822,379). These continue to not be recognised for deferred tax purposes as they are streamed and so the ability to utilise in future periods is potentially restricted.

13. EMPLOYEE BENEFITS

DEFINED BENEFIT PLANS

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the date of each statement of financial position. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Past service cost, both vested and unvested, is recognised as an expense at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the statement of financial position represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

The directors believe there is a right to recognise a pension surplus on an accounting basis under the trust deeds and rules. The directors do not believe that the surplus in the Pension scheme on an accounting basis will result in a surplus on an actuarial funding basis. However, the directors are required to account for the plans based on the Company's view that they have the right to refund from a surplus, using long-term actuarial funding assumptions current at the reporting date, as required by IFRS and IFRIC 14. This is a technical adjustment made on an accounting basis. There is no cash benefit from the surplus.

DEFINED CONTRIBUTION PLANS

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

COMPENSATED ABSENCES

Compensated absences that are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an undiscounted liability at the date of statement of financial position.

Employee benefit expenses consist of the following:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Salaries, incentives and allowances	257,803	246,436
Social security and pension costs	48,220	40,337
Staff welfare expenses	6,421	5,861
Total	**312,444**	**292,634**

The average number of employees was as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Administration	7,822	7,362

Employee benefit obligations consist of the following:

A. EMPLOYEE BENEFIT OBLIGATIONS – CURRENT

(£'000)

	As at December 31, 2025	As at December 31, 2024
Compensated absences	1,741	1,433
Total	**1,741**	**1,433**

B. EMPLOYEE BENEFIT OBLIGATIONS – NON-CURRENT

(£'000)

	As at December 31, 2025	As at December 31, 2024
Net defined benefit pension asset	1,802	1,401
Total	**1,802**	**1,401**

DEFINED CONTRIBUTION SCHEME

The Company operates defined contribution retirement benefit schemes for all qualifying employees. The total cost charged to the profit and loss account of £19,314,430 (2024 : £18,018,871) represents contributions payable to these schemes.

EMPLOYEE BENEFIT PLANS

The following table sets out the details of the defined benefit retirement plans and the amount recognised in the financial statements.

The Company operates a UK-registered trust based defined benefit pension scheme for the benefit of certain employees. The scheme is closed to new joiners. During 2007/8, certain employees transferred under Transfer of Undertaking (Protection of Employment) TUPE to Tata Consultancy Services Limited (TCS). Therefore, the pension scheme is a group scheme. As the majority of staff remained within the Company and consolidated accounts including TCS are not available in the UK, the pension scheme has been reported fully in these financial statements.

Pension benefits are linked to the members' final pensionable salaries and service at their retirement (or date of leaving if earlier). The plan closed to future accrual on 04 April 2014 with current active members receiving a deferred pension in the plan.

The pension scheme assets are held in a separate trustee administered fund to meet long term pension liabilities to past and present employees. The trustees of the fund are required to act in the best interests of the fund's beneficiaries. The appointment of trustees to the fund is determined by the scheme's trust documentation.

Costs and liabilities of the scheme are based on actuarial valuations. The latest full actuarial valuation was carried out as of 31 March 2025 and updated to 31 December 2025 by a qualified independent actuary.

The Company contributes to the scheme expenses and makes contributions to achieve the scheme secondary funding target of self-sufficiency.

The movement in the present value of defined benefit obligations during the year were as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Plan liabilities at the beginning of the year	21,144	23,746
Interest costs	1,146	1,066
Actuarial loss / (gain) on liabilities on changes in:		
- experience differing from that assumed	420	(234)
- demographic assumptions	33	59
- financial assumptions	(585)	(2,857)
Benefits paid from plan assets	(998)	(636)
Plan liabilities at the end of the year	**21,160**	**21,144**

The movement in the fair value of scheme assets during the year was as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Fair value of assets at the beginning of the year	22,545	24,682
Actuarial return on assets	920	(1,996)
Employer contributions	495	495
Benefits paid	(998)	(636)
Fair value of assets at the end of the year	**22,962**	**22,545**

The amount included in the balance sheet arising from the Company's obligations in respect of its defined benefit retirement benefit schemes is as follows:

(£'000)

	As at December 31, 2025	As at December 31, 2024
Fair value of assets	22,962	22,545
Present value of scheme liabilities	(21,160)	(21,144)
Net pension asset	**1,802**	**1,401**

The analysis of the scheme assets at the balance sheet date was as follows:

(£'000)

	Fair value of assets	
	As at December 31, 2025	As at December 31, 2024
Bonds	6,983	6,933
Cash	394	241
Diversified Growth Funds	7,397	7,440
Liability Driven Investment	8,188	7,931
Total	**22,962**	**22,545**

All the above assets are unquoted.

The amounts charged to the profit and loss account in the year were:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Current scheme expenses	203	128
Total	**203**	**128**

Other finance cost comprises:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Interest cost / (income)	1,146	1,066
Interest cost / (income)	(1,232)	(1,177)
Net cost / (income)	**(86)**	**(111)**

The amount recognised in the other comprehensive income is:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Actual return less interest on pension scheme assets	(109)	(2,984)
Change in the assumptions underlying the present value of the scheme liabilities	132	3,032
Total before adjustment for tax	23	48
Adjustment for tax	(6)	(12)
Total (loss) / gain recognised in the statement of comprehensive income	**17**	**36**

The cumulative amount of actuarial gains and losses recognised in other comprehensive income since the creation of the pension scheme for December 2025 is £ 750,000 (December 2024: £791,000).

The main assumptions used by the actuary were:

	31 December 2025 % p.a.	31 December 2024 % p.a.
Discount rate	5.70	5.55
Rate of increase of pensions in payment	2.60	2.75
Retail Price Index (RPI) inflation	3.00	3.20

The Company has updated its approach since the prior year to setting its CPI inflation assumptions in light of the RPI reform consultation published on the 25 November 2020 by the UK Chancellor and UK Statistics Authority.

Based on the discount of 5.70%, the estimated duration of the defined benefit obligation as at December 2025 is 14 years.

Estimated contributions to be made to the plan by the Company in the year ending 31 December 2025 amount to £495k. This estimate is in line with the annual employer contribution of £495k, made up of funding contributions of £375k and scheme expenses of £120k. This was approved by the Board in April 2019.

RISKS ASSOCIATED WITH THE PENSION SCHEME

The defined benefit scheme exposes the Company to various risks, with the key risks set out below:

Asset volatility: the plan's defined benefit obligation is calculated using a discount rate set with reference to corporate bond yields, however the plan invests in Diversified Growth Funds ('DGFs'). These assets are expected to outperform corporate bonds in the long-term but provide volatility and risk in the short-term.

Changes in bond yields: a decrease in corporate bond yields would increase the plan's defined benefit obligation, however this would be offset by an increase in the value of the plan's LDI assets. Although the LDI assets are linked with gilt yields, there is still expected to be a strong correlation with corporate bond yields.

Inflation risk: a significant proportion of the plan's defined benefit obligation is linked to inflation; therefore, higher inflation will result in a higher defined benefit obligation (subject to the appropriate caps in place). The majority of the plan's LDI assets are also correlated with inflation and therefore changes to inflation would have minor impacts on the plan's funding.

Life expectancy: if plan members live longer than expected, the plan's benefits will need to be paid for longer, increasing the plan's defined benefit obligation.

The trustees manage risks in the plan through the following strategies:

- Diversification: investments are well diversified, such that the failure of any single investment would not have a material impact on the overall level of assets.
- Investment strategy: the trustees are required to review their investment strategy on a regular basis.

Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions while holding other assumptions constant would have affected the defined benefit obligation by the amounts shown below.

(£'000)

	31 December 2025 Increase	31 December 2025 Decrease	31 December 2024 Increase	31 December 2024 Decrease
Discount rate (0.5% movement)	(1,291)	1,439	(1,374)	1,522
RPI Inflation (0.5% movement)	402	(402)	317	423
Assumed life expectancy (1 year)	487	-	486	-

In June 2023, the High Court handed down a decision in the case of Virgin Media Limited v NTL Pension Trustees II Limited and others relating to the validity of certain historical pension changes due to the lack of actuarial confirmation required by law. On 2 September 2025, the Government published draft amendments to the Pensions Scheme Bill which would give affected pension schemes the ability to retrospectively obtain written actuarial confirmation that historical benefit changes met the necessary standards. The draft legislation will need to be agreed by both Houses of Parliament before it passes into law. Following the publication of draft legislation, the Directors do not expect the Virgin Media ruling to give rise to any additional liabilities and so the DBO has not been adjusted and continues to reflect the benefits currently being administered.

The Trustee of the TCS-Diligenta Pension Plan has taken legal advice regarding the Virgin Media case and has concluded that the action has been taken, the legal advice has assessed the historical deeds and confirmed the Virgin Media judgment is highly unlikely to impact the Plan. The Trustee believes that the Scheme has implemented robust governance processes and has no reason to believe that actuarial confirmation was not obtained for any historical benefit changes. As such, the defined benefit obligation continues to reflect the benefits currently being administered.

Assumptions

The mortality assumptions have been updated based on the preliminary results of the 2025 actuarial valuation (but using a best estimate assumption) and are consistent with the previous period.

Expected Lifetime at 31 December 2025

The expected lifetime of a participant who is age 60 and the expected lifetime (from age 60) of a participant who will be aged 60 in 20 years are shown in years below:

Age	Males	Females
60	25.7	28.3
60 in 20 years	26.9	29.5

Movement in related deferred tax liability:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Related deferred tax liability at beginning of year	(317)	(204)
Recognised through profit and loss account	(280)	(101)
Recognised through statement of comprehensive income	99	(12)
Related deferred tax liability at end of year	**(498)**	**(317)**

Projected benefits payable in future years from the end of the current year:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
1st following year	795	983
2nd following year	888	793
3rd following year	972	873
4th following year	986	957
5th following year	1,208	971
Years 6 to 10	6,858	6,601

The movement in the surplus during the year was:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Surplus in the plan at the beginning of the year	1,401	936
Current service costs	(203)	(129)
Contributions paid	495	495
Other finance income	529	51
Actuarial (loss) / gain	(420)	48
Surplus in the plan at the end of the year	**1,802**	**1,401**

14. DIRECTORS REMUNERATION

Remuneration in respect of directors during the year was as follows:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Emoluments (excluding pension contributions)	734	792
Company contributions to defined contribution schemes	28	27
Total	**762**	**819**

During the period, no directors (2024: none) participated in defined benefit pension schemes and two director (period ended 31 December 2024: two) participated in money purchase pension schemes.

The emoluments disclosed in the notes to these accounts are in respect of the directors with qualifying services for the Company and in relation to those directors comprises their total emoluments in respect of services to the Company.

Highest paid director's remuneration:

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Aggregate amount of emoluments (excluding pension contributions)	382	412
Pension contributions to defined contribution schemes	15	14
Total	**397**	**426**

15. COMMITMENTS AND CONTINGENCIES

Commitments

The Company has contractually committed £483,904 and £4,431,409 as at 31 December 2025 and 2024, respectively, for purchase of property, plant and equipment.

Contingencies

The Company has no material contingencies to the best knowledge of the directors as at 31 December 2025 and 31 December 2024.

16. RELATED PARTY TRANSACTIONS

The Company's principal related parties consist of its holding Company Tata Consultancy Services Limited (TCS Limited), its subsidiaries, key managerial personnel, directors and their dependents. All transactions are conducted on normal commercial terms and settled through cash payments / receipts. None of the balances are secured. No expense has been recognised in the current or prior period for bad or doubtful debts in respect of amounts owed by related parties.

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Services received from TCS Limited	174,317	176,593
Services provided to TCS Limited	13,214	19,391
Expenses recharged to TCS Limited	14,607	19,598
Expenses recharged by TCS Limited	954	1,543
Services received from TCS Ireland Limited	1,021	1,272
Dividend paid to TCS Limited	14,000	12,000

(£'000)

	As at December 31, 2025	As at December 31, 2024
Amounts due from TCS Limited	6,412	10,098
Amounts owed to TCS Limited	26,850	27,106
Amounts owed to TCS Ireland Limited	682	413

Tata Sons Private Limited is the parent Company of TCS Limited and Tata Communications Limited ("TCOM") is fellow subsidiary of TCS Limited. The following transactions and balances are all conducted on an arm's length basis and settled through cash payments.

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Brand equity contribution – Tata Sons Private Limited	957	881
Services received from TCOM	802	793

(£'000)

	Year ended December 31, 2025	Year ended December 31, 2024
Amounts owed to Tata Sons Private Limited	858	1,455
Amounts owed to TCOM	-	92

17. SUBSEQUENT EVENTS

There are no adjusting or non-adjusting post balance sheet event that require disclosure.

18. PARENT UNDERTAKINGS

The Company's immediate parent undertaking and controlling entity is Tata Consultancy Services Limited ("TCS"), a Company incorporated in India which is registered as a foreign Company in the United Kingdom. The registered office is 9th Floor, Nirmal Building, Nariman Point, Mumbai, 400 021, India. The Company's ultimate parent undertaking and controlling entity is Tata Sons Private Limited whose registered office is Bombay House, 24 Homi Mody Street, Mumbai, 400 001, India. The smallest and largest Company accounts in which these results are consolidated are TCS and Tata Sons Private Limited respectively.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF
TATA AMERICA INTERNATIONAL CORPORATION

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Tata America International Corporation ("the Company"), which comprise the statement of financial position as at March 31, 2026, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2026, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ('IFRS Standards').

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Financial Statements

1. Corporate information

Tata America International Corporation ("the Company") entered into a sales and marketing service agreement with Tata Consultancy Services Limited [TCS or the parent company or the holding company] effective April 1, 2018, wherein the Company acts as non-exclusive sales and marketing service provider to market its services in the US. The Company's functions included sales, pre-sales and marketing activities, market research, identifying and pursuing customers, etc.

Additionally, the Company enters into contracts with customers and offers provision of consulting-led, cognitive powered, integrated portfolio of information technology (IT), IT-enabled services and sub-contracts the execution of such work to its parent company Tata Consultancy Services Limited (TCS), an Indian Corporation.

The Company is incorporated and domiciled in the United States of America. The address of its corporate office is Tata America International Corporation, 101, Park Avenue, 26th floor, New York 10178. As at March 31, 2026, Tata Consultancy Services Limited owned 100% of the Company's equity share capital.

The financial statements were approved by the Board of Directors and authorised for issue on May 05, 2026.

2. Statement of compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB).

3. Basis of preparation

The financial statements have been prepared on historical cost basis except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the United States Dollar (USD). Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policies information used in preparation of the financial statements have been discussed in the respective notes.

4. Use of estimates and judgments

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

a. Revenue recognition

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company estimates the future cost-to-completion of the contracts which is used to determine degree of completion of the performance obligation.

The Company exercises judgement for identification of performance obligations, determination of transaction price, ascribing the transaction price to each distinct performance obligation and in determining whether the performance obligation is satisfied at a point in time or over a period of time. These judgements have been explained in detail under the revenue note (Refer note 17).

b. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. (Refer Note 16(a))

c. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d. Impairment of financial assets (other than at fair value)

Measurement of impairment of financial assets require use of estimates, which have been explained in the note on financial assets, financial liabilities and equity instruments, under impairment of financial assets (other than at fair value). (Refer Note 7).

e. Deferred tax assets

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

f. Provision and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

g. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a

lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. Nature and purpose of reserves

a. Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

b. Share premium

Share premium is used to record the premium on issue of shares.

6. Recent accounting standards

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective.

Amendments to IFRS 9 and IFRS 7[1]

Annual Improvements to IFRS Accounting Standards[1] – Amendments to:

- IFRS 1 – First-time Adoption of International Financial Reporting Standards
- IFRS 7 – Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
- IFRS 9 – Financial Instruments
- IFRS 10 – Consolidated Financial Statements
- IAS 7 – Statement of Cash flows

IFRS 18 – Presentation and Disclosures in Financial Statements[2]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[2]

[1] Effective for annual periods beginning on or after January 1, 2026.

[2] Effective for annual periods beginning on or after January 1, 2027.

IFRS 9 and IFRS 7 – Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly.

In December 2024, the IASB issued targeted amendments to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs). The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions. Current accounting requirements may not adequately capture how these contracts affect a company's performance. The amendments include: clarifying the application of the 'own use' requirements; permitting hedge accounting if these contracts are used as hedging instruments; and adding new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The Company does not expect this amendment to have any significant impact in its financial statements.

Annual Improvements to IFRS Accounting Standards

In July 2024, the IASB issued narrow amendments to IFRS Accounting Standards and accompanying guidance as part of its regular maintenance of the Standards. These amendments include clarifications, simplifications, corrections and changes aimed at improving the consistency of several IFRS Accounting Standards. Annual improvements are

limited to changes that either clarify the wording in an IFRS Accounting Standard or correct relatively minor unintended consequences or oversights in the Accounting Standards. They also correct minor conflicts between the requirements of the Accounting Standards. The Company does not expect these narrow amendments to have any significant impact in its financial statements.

IFRS 18 – Presentation and Disclosures in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard and implement it accordingly.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19. The Company does not expect this Standard to have any significant impact in its financial statements.

7. Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method except for deferred consideration recognised in a business combination which is subsequently measured at fair value through profit or loss.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for expected credit losses the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

8. Cash and cash equivalents

Cash and cash equivalents consist of the following:

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Cash at banks	2.26	0.61
Total	**2.26**	**0.61**

9. Investments

Investments consist of the following:

(a) Investments – Current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Investments carried at fair value through profit or loss		
Mutual fund units	53.77	51.81
Total	**53.77**	**51.81**

(b) Investments – Non-current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Investments designated at fair value through OCI (FVTOCI)		
Equity shares	-	-
Mozido LLC	-	-
FCM LLC *	-	-
Total	**-**	**-**

The Company has adjusted the impairment on investments carried out at fair value through OCI against the cost of such investments to disclose their respective fair values.

* The Company disposed of its entire portfolio of equity instruments of FCM, LLC on 17th Dec 2025 for a total consideration of USD 15 million.

Notes to Financial Statements

10. Trade receivables - Billed

Trade receivables Billed consist of the following:

Trade receivables - Billed – Current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Trade receivables - Billed	311.07	281.72
Less: Allowance for expected credit losses	(2.83)	(2.98)
Total	**308.24**	**278.74**

Trade receivables include balances with related parties (Refer note 23).

11. Other financial assets

Other financial assets consist of the following:

(a) Other financial assets – Current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Loans and advances to employees	0.18	0.11
Security deposits	0.13	0.13
Volume discount receivable*	2.28	2.29
Others	3.67	0.47
Total	**6.27**	**3.00**

*Volume discount receivable include balances with related parties (Refer note 23)

(b) Other financial assets – Non-current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Security deposits	0.11	0.24
Utility deposits	0.70	0.70
Total	**0.81**	**0.94**

12. Other financial liabilities

Other financial liabilities consist of the following:

Other financial liabilities – Current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Capital creditors	1.01	0.36
Accrued payroll	33.15	21.84
Liability towards related party*	0.01	0.01
Total	**34.17**	**22.21**

* Liability towards related party is due to assignment agreement where customer paid the money to the Company instead of TCS on account of which the Company is now liable to pay TCS the said amount.

Notes to Financial Statements

13. Financial instruments by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(In millions of USD)

	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
Financial assets				
Cash and cash equivalents	-	-	2.26	2.26
Trade receivables				
Billed	-	-	308.24	308.24
Unbilled	-	-	7.60	7.60
Investments	53.77	-	-	53.77
Other financial assets	-	-	7.07	7.07
Total	**53.77**	**-**	**325.17**	**378.94**
Financial liabilities				
Trade payables	-	-	219.14	219.14
Lease liabilities	-	-	43.32	43.32
Other financial liabilities	-	-	34.17	34.17
Total	**-**	**-**	**296.63**	**296.63**

The carrying value of financial instruments by categories as at March 31, 2025 is as follows:

(In millions of USD)

	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
Financial assets				
Cash and cash equivalents	-	-	0.61	0.61
Trade receivables				
Billed	-	-	278.74	278.74
Unbilled	-	-	0.67	0.67
Investments	51.81	-	-	51.81
Other financial assets	-	-	3.94	3.94
Total	**51.81**	**-**	**283.96**	**335.77**
Financial liabilities				
Trade payables	-	-	204.54	204.54
Lease liabilities	-	-	62.07	62.07
Other financial liabilities	-	-	22.21	22.21
Total	**-**	**-**	**288.82**	**288.82**

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at March 31, 2026, and 2025 approximately the fair value due to their nature. Carrying amounts of bank deposits, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented. Fair value measurement of lease liabilities is not required.

Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 in that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

(In millions of USD)

As at March 31, 2026	Level 1	Level 2	Level 3	Total
Financial assets				
Mutual fund units	53.77	-	-	53.77
Equity shares	-	-	-	-
Total	**53.77**	**-**	**-**	**53.77**

(In millions of USD)

As at March 31, 2025	Level 1	Level 2	Level 3	Total
Financial assets				
Mutual fund units	51.81	-	-	51.81
Equity shares	-	-	-	-
Total	**51.81**	**-**	**-**	**51.81**

Reconciliation of level 3 fair value measurement is as follows: (In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	-	2.79
Impairment in value of investments	-	(2.79)
Balance at the end of the year	**-**	**-**

(a) Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risk, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities.

i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

i. (a) Foreign currency exchange rate risk

The Company is not significantly exposed to foreign currency exchange rate risk.

i. (b) Interest rate risk

The Company is not significantly exposed to interest rate risk.

ii. Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, investment, cash and cash equivalents, bank deposits and other financial assets. Cash and cash equivalents include an amount of USD 2.26 million held with banks in USA having high quality credit rating which are individually in excess of 10% or more of the Company's total cash and cash equivalents as at March 31, 2026. None of the other financial instruments of the Company result in material concentration of credit risk.

Exposure to credit risk

The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was USD 378.94 million and USD 336.39 million as at March 31, 2026 and March 31, 2025, respectively, being the total of the carrying amount of balances with banks, bank deposit, investments, trade receivables, unbilled receivables, contract assets and other financial assets.

Customers contributing to more than 10 percent of outstanding trade receivable and contract assets as at March 31, 2026 and 2025 respectively are as follows:

(In millions of USD)

	As at March 31, 2026		As at March 31, 2025	
	Total trade receivable and contract assets	Percentage	Total trade receivable and contract assets	Percentage
Parent Company	**206.99**	**65.18**	208.56	74.50

Geographic concentration of credit risk

Geographic concentration of trade receivables (gross and net of allowances) and contract assets is as follows:

	As at March 31, 2026	As at March 31, 2025
	Net percentage	Net percentage
India	57.84	64.20
Americas	42.10	35.66
Others	0.06	0.14

Geographical concentration of trade receivables (gross and net of allowances) and contract assets is allocated based on the location of the customers.

The allowances for lifetime expected credit loss on trade receivables for the year ended March 31, 2026 and 2025 was USD 0.15 million and USD 0.08 million respectively. The reconciliation of allowance for expected credit losses is as follows :

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	2.98	3.05
Changes during the year	-	0.01
Bad debts written off	(0.15)	(0.08)
Balance at the end of the year	**2.83**	**2.98**

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(In millions of USD)

As at March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5 years	Total
Non-derivative financial liabilities:					
Trade payables	219.14	-	-	-	219.14
Lease liabilities	12.30	21.34	11.91	3.98	49.52
Other financial liabilities	34.17	-	-	-	34.17
Total	**265.62**	**21.34**	**11.91**	**3.98**	**302.84**

(In millions of USD)

As at March 31, 2025	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5 years	Total
Non-derivative financial liabilities:					
Trade payables	204.54	-	-	-	204.54
Lease liabilities	17.03	13.93	23.57	15.87	70.40
Other financial liabilities	22.21	-	-	-	22.21
Total	**243.78**	**13.93**	**23.57**	**15.87**	**297.15**

14. EQUITY INSTRUMENTS

The authorised, issued, subscribed and fully paid up share capital consist of the following:

	As at March 31, 2026	As at March 31, 2025
(a) Authorised		
Equity shares of USD 10 each (March 31, 2026 20,000 shares and March 31, 2025 20,000 shares)	0.20	0.20
	0.20	**0.20**
(b) Issued, Subscribed and Fully paid up		
Equity shares of USD 10 each (March 31, 2026 20,000 shares and March 31, 2025 20,000 shares)	0.20	0.20
Total	**0.20**	**0.20**

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

Fully paid equity shares, which have a par value of USD 10 each carry one vote per share and have a right to dividend. Dividend can be declared out of retained earnings. In the event of liquidation of the Company, the holders of shares are eligible to receive the remaining assets of the Company, after distribution of all preferential amounts, in proportion of their shareholding.

Notes to Financial Statements

15. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right-to-use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 - Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Company as a lessor

At the inception of the lease, the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies IFRS 15 – Revenue from contracts with customers to allocate the consideration in the contract.

The details of the right-of-use asset held by the Company is as follows:

(In millions of USD)

	Additions for the year ended March 31, 2026	Net carrying amount as at March 31, 2026
Buildings	1.55	36.17
Total	**1.55**	**36.17**

(In millions of USD)

	Additions for the year ended March 31, 2025	Net carrying amount as at March 31, 2025
Buildings	8.64	52.21
Total	**8.64**	**52.21**

Depreciation on right-of-use asset is as follows:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Buildings	12.24	14.73
Total	**12.24**	**14.73**

Changes in lease liabilities are as follows:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	62.07	76.94
Additions during the year	1.55	2.15
Payments during the year	(13.73)	(15.88)
Other non-cash movements	(6.57)	(1.14)
Balance at the end of the year	**43.32**	**62.07**

Interest on lease liabilities is USD 1.65 and USD 2.30 million for the year ended on March 31, 2026 and 2025 respectively.

The Company incurred USD 0.93 and USD 0.69 million for the year ended March 31, 2026 and March 31, 2025 respectively towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is USD 16.33 and USD 18.85 million for the year ended March 31, 2026 and March 31, 2025 respectively, including cash outflow for short-term leases and leases of low-value assets.

The Company does not have lease term extension options that are not reflected in the measurement of lease liabilities.

Lease contracts entered by the Company majorly pertains for buildings taken on lease to conduct its business in the ordinary course.

The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

Notes to Financial Statements

16. Non-financial assets and non-financial liabilities

a. Property, plant and equipment

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Buildings	20 years
Leasehold improvements	Lease term
Computer equipment	4 years
Furniture, fixtures, Plant and Machinery, office equipment and other assets	2-10 years

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Property, plant and equipment consist of the following:

(In millions of USD)

	Freehold land	Buildings	Leasehold improvements	Computer equipments	Plant and machinery	Furniture and fixtures	Office equipments and other assets	Total

Capital work-in-progress								**2.64**
Total								**19.82**

*USD 4.32 million has been capitalised and transferred to property, plant and equipment during the year ended March 31, 2025.

b. Intangible assets

Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any. Intangible assets consist of software licences. Following table summarises the nature of intangibles and their estimated useful lives:

Type of asset	Useful lives
Software licences	Lower of licence period and 1-5 years

Intangible assets are amortised on a straight-line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Others	0.01	0.10
Total	**11.39**	**12.80**

Contract fulfillment costs is USD 0.31 million and USD 0.30 million for the years ended March 31, 2026 and March 31, 2025, respectively, have been amortised in the profit or loss. Refer note 17 for changes in contract assets.

d. Other liabilities

Other liabilities consist of the following:

i. Other liabilities – Current

(In millions of USD)

	As at March 31, 2026	As at March 31, 2025
Indirect taxes payable and other statutory liabilities	3.23	4.92
Others	0.25	0.04
Total	**3.48**	**4.96**

17. Revenue recognition

The Company, a wholly owned subsidiary of Tata Consultancy Services Limited, India, primarily operates as a sales and marketing entity for the holding company. The Company is engaged in the business of promoting, marketing and delivery of software services and products, information technology and information technology enabled services, in the US to third parties. The Company also earns some revenue from providing IT services, consulting and business solutions, directly to customers.

Whenever the Company acts in the capacity of a sales and marketing agent it recognises revenue for the agreed commission based on the commercial arrangement it has entered with the holding company. Such contracts have a single performance obligation which is the promise to transfer the marketing and promotional services. The revenue is

recognised over time by utilizing the month as unit of measurement. The Company has applied the practical expedient to recognise revenue for services over the term of the agreement in proportion to the amount it has right to invoice the customer.

Where the Company enters into a contract with a customer to provide IT services directly to the customer, the Company controls the services to be provided to the customer, and has therefore, determined that it is acting in the capacity of a 'principal' for the said transactions. Accordingly, the Company recognises revenue at the gross amount of consideration.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc. for time and material and job contracts; straight-line over period for fixed price maintenance contracts; using percentage of completion method for other fixed price contracts; on delivery in case of sale of software and transfer of control in case of sale of hardware.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. Transaction price could be either a fixed amount consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and/or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue and Commission – agency services disaggregation by nature of services and geography is as follows:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Consultancy services	137.89	95.37
Commission - Agency Services	568.52	500.52
Total	**706.41**	**595.89**

Geographical revenue is allocated based on the location of the customers.

(In millions of USD)

Geography	Year ended March 31, 2026	Year ended March 31, 2025
America - Consultancy services	137.89	95.37
India - Commission	567.94	500.06
Brazil - Commission	0.58	0.46
Total	**706.41**	**595.89**

Consultancy services revenue disaggregation by industry vertical is as follows:

(In millions of USD)

Industry Vertical	Year ended March 31, 2026	Year ended March 31, 2025
Banking, Financial Services and Insurance	-	3.38
Manufacturing	81.89	58.08
Energy and Utilities	44.82	25.31
Hi-Tech Industry Practice	0.89	1.86
Life Sciences & Healthcare	4.74	-
Others	5.54	6.74
Total	**137.89**	**95.37**

Agency commission revenue disaggregation by industry vertical is as follows:

(In millions of USD)

Industry vertical	Year ended March 31, 2026	Year ended March 31, 2025
Hi-Tech Industry Practice	**568.52**	500.52
Total	**568.52**	500.52

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially satisfied) performance obligations along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in IFRS 15 and not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is USD 130 million out of which 46.30% is expected to be recognised as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract asset are as follows:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	0.61	0.49
Invoices raised that were included in the contract assets balance at the beginning of the year	(0.61)	(0.48)
Increase due to revenue recognised during the year, excluding amounts billed during the year	1.67	0.60
Translation exchange difference	(0.00)	-
Balance at the end of the year	**1.67**	**0.61**

Changes in unearned and deferred revenue are as follows:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	1.46	7.79
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(1.24)	(7.62)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	3.51	1.29
Other movement during the year	-	-
Balance at the end of the year	**3.73**	**1.46**

18. Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

Cost of revenue

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licenses, depreciation and amortisation of production related equipment and software, facility expenses, communication expenses and other project related expenses.

Selling, general and administrative expenses

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for expected credit losses and doubtful advances (net), facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortisation expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

Expenses by function

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Cost of revenue	105.96	69.86
Selling, general and administrative expenses	417.89	370.57
Total	**523.85**	**440.43**

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised in employee benefit expenses, depreciation expense and other expenses. Employee benefit expenses include salaries, incentives and allowances, contributions to provident and other funds and staff welfare expenses. Other expenses mainly include sub-contracting cost, facility expenses, travel expenses, communication expenses, bad debts and advances written off, allowance for doubtful trade receivable and advances (net) and other expenses. Other expenses is an aggregation of costs which are individually not material such as fees to external consultants, commission and brokerage, recruitment and training, entertainment, etc.

Refer Note 21 for employee benefit expenses.

Other expenses by nature

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Sub-contacting cost	17.59	2.35
Fees to external consultants	14.32	11.97
Facility expenses	9.07	10.39
Travel expenses	23.58	21.29
Communication expenses	1.37	1.92
Bad debts and advances written back, allowance for expected credit losses and doubtful advances (net)	(0.02)	-
Marketing, Advertising & Sales Promotion	38.76	36.52
Other expenses	30.78	20.72
Total	**135.45**	**105.16**

19. Other Income

a. Finance and other income

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using effective interest method.

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Dividend received from mutual funds	1.04	1.56
Rental revenue	9.24	8.67
Interest received	0.67	0.84
Total	**10.95**	**11.07**

b. Finance costs

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Interest on loans other than banks	0.01	0.03
Other interest expense	0.13	0.07
Interest on lease liabilities	1.65	2.30
Total	**1.79**	**2.40**

c. Other gains (net)

(in millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Loss on sale of property, plant and equipment	(0.98)	(0.05)
Net gain on disposal of financial assets other than equity shares carried at fair value through OCI	15.00	-
Net foreign exchange losses	(0.13)	(0.21)
Gain on modification of Lease - IFRS 16 / Ind AS 116	1.21	-
Others	-	0.29
Total	**15.10**	**0.03**

20. Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted, by the end of the reporting period.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the Company intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination, affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Organisation for Economic Co-operation and Development (OECD) has published the model rules for global minimum tax (Pillar Two model rules). Pillar Two legislation has been enacted, or substantively enacted, in certain jurisdictions where the Company operates. The Company is within the scope of the OECD Pillar Two model rules and has evaluated the potential exposure to global minimum tax. The Company does not expect any material financial impact for the current period. The evaluation of the potential exposure is based on the most recent country-by-country reporting, and financial

statements for the constituent entities in the Company.

The income tax expense consists of the following:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax		
Current tax expense for current year	44.00	36.34
Current tax expenses / benefit pertaining to prior years	(5.43)	(5.71)
	38.57	**30.63**
Deferred tax		
Deferred tax expense for current year	3.95	1.36
	3.95	1.36
Total	**42.52**	**31.99**

The reconciliation of estimated income tax expense at statutory income tax rate to income tax expense reported in statements of profit or loss is as follows:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit before taxes		
Statutory income tax rate	206.82	157.98
Expected income tax expense	21.00%	21.00%
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense	43.43	33.17
Income exempt from tax	(6.47)	(5.14)
State tax (net of federal tax benefit)	10.56	8.75
Tax pertaining to prior years	(5.43)	(5.71)
Others (net)	0.43	0.92
Total income tax expense	**42.52**	**31.99**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2026 are as follows:

(In millions of USD)

Property, plant and equipment	2.35	0.71	3.06
Provision for employee benefits	3.64	0.14	3.78
Receivables, financial assets at amortised cost	0.83	(0.02)	0.81
Lease liability and right-of-use assets	4.90	(2.02)	2.88
Others	(1.47)	(0.18)	(1.65)
Total deferred tax asset / (liabilities)	**10.25**	**(1.37)**	**8.88**

Gross deferred tax assets and liabilities are as follows:

(In millions of USD)

As at March 31, 2025	Assets	Laibilities	Net
Deferred tax assets / (liabilities) in relation to			
Property, plant and equipment	3.06	-	3.06
Provision for employee benefits	3.78	-	3.78
Receivables, financial assets at amortised cost	0.81	-	0.81
Right-of-use asset	17.35	-	17.35
Lease liabilities	(14.47)	-	(14.47)
Others	-	(1.65)	(1.65)
Total deferred tax asset / (liabilities)	**10.53**	**(1.65)**	**8.88**

21. Employee benefits

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

The Company has a 401(k) plan with profit sharing feature. Eligible employees may elect to defer up to 50 percent of their total compensation each year, not to exceed the annual limitations established by the Internal Revenue Code. The Company's contributions were USD 7.24 million and USD 7.73 million for the years ended March 31, 2026 and March 31, 2025 respectively.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as an actuarially determined liability at the present value of the defined benefit obligation at the date of financial position.

Employee benefit expenses consists of the following:

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Salaries, incentives and allowances	341.71	288.82
Contribution to provident and other funds	23.06	24.18
Staff welfare expenses	7.02	8.73
Total	**371.79**	**321.72**

Employee benefit obligations consist of the following:

(a) Employee benefit obligations – Current

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Compensated absences	13.92	13.62
Other employee benefit obligations	0.01	0.01
Total	**13.93**	**13.63**

(b) Employee benefit obligations – Non-current

(In millions of USD)

	Year ended March 31, 2026	Year ended March 31, 2025
Other employee benefit obligations*	0.00	0.01
Total	**0.00**	**0.01**

*Amount is less than USD 0.01 million.

22. Commitments and contingencies

- **Capital commitments**

  The Company has contractually committed (net of advances) USD 3.21 million and USD 4.54 million as at March 31, 2026 and March 31, 2025, respectively, for purchase of property, plant and equipment.

Notes to Financial Statements

23. Related party transactions

The Company's principal related parties consist of its holding company Tata Consultancy Services Limited, subsidiaries of Tata Consultancy Services Limited and the key management personnel. The ultimate holding company of Tata America International Corporation is Tata Sons Private Limited. TO THE BOARD OF DIRECTORS AND SHAREHOLDER OF TATA CONSULTANCY SERVICES CANADA INC.

Opinion

We have audited the financial statements of Tata Consultancy Services Canada Inc. (the Entity), which comprise:

- the statement of financial position as at March 31, 2026
- the statement of profit or loss and other comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of material accounting policy information

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at March 31, 2026, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the **"Auditor's Responsibilities for the Audit of the Financial Statements"** section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

  The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement of Cash Flows

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
CASH FLOWS FROM OPERATING ACTIVITIES		
Profit for the year	191.29	198.27
Adjustment for:		
Depreciation and amortisation expense (Refer note 8, 9(a))	3.00	3.83
Income tax expense (Refer note 13)	68.60	70.79
Net loss on lease modification*	(0.00)	-
Bad debts and advances written off, allowances for expected credit losses and doubtful advances (net) (Refer note 11)	0.01	(0.03)
Unrealised foreign exchange (gain)/loss	0.17	(0.57)
Operating profit before working capital changes	**263.07**	**272.29**
Net change in		
Trade receivables		
Billed	16.75	(78.06)
Unbilled	(10.44)	4.21
Other financial assets	4.84	(3.33)
Other assets	(8.78)	6.68
Trade payables	(5.44)	14.09
Unearned and deferred revenue	10.40	12.73
Other financial liabilities	15.97	6.18
Other liabilities and provisions	(11.69)	5.25
Cash generated from operations	**274.68**	**240.04**
Taxes paid (net of refunds)	(66.58)	(74.66)
Net cash generated from operating activities	**208.10**	**165.38**
CASH FLOWS FROM INVESTING ACTIVITIES		
Payment for purchase of property, plant and equipment	(0.95)	(0.59)
Proceeds from bank deposits	-	45.00
Net cash flow (used in)/generated from investing activities	**(0.95)**	**44.41**
CASH FLOWS FROM FINANCING ACTIVITIES		
Dividend paid (including tax on dividend)	(177.00)	(203.00)
Repayment of lease liabilities	(0.55)	(0.31)
Net cash used in financing activities	**(177.55)**	**(203.31)**
Net change in cash and cash equivalents	29.60	6.48
Cash and cash equivalents at the beginning of the year	85.01	77.97
Exchange difference on translation of foreign currency cash and cash equivalents	(0.17)	0.56
Cash and cash equivalents at the end of the year (Refer note 7(a))	**114.44**	**85.01**
Components of cash and cash equivalents		
Cash at banks and in hand	9.44	8.28
Bank deposits (original maturity less than three months)	105.00	76.73
	114.44	**85.01**
SUPPLEMENTARY CASH FLOW INFORMATION		
Interest paid	0.72	0.59
Interest received	2.30	4.30

*Amount is less than CAD 0.01 million

See accompanying notes to financial statements

Notes forming part of the financial statements

1. Corporate information

Tata Consultancy Services Canada Inc. ("the Company") a Toronto based Canadian corporation, is an information technology (IT) consulting, services and business process outsourcing organisation. The Company provides services in the area of IT application development and maintenance, asset-based solutions, IT infrastructure management, engineering and industrial services and business process outsourcing. The Company is a wholly owned subsidiary of Tata Consultancy Services Limited ("TCS Limited") and Tata Sons Private Limited is the ultimate parent company.

The Company is incorporated under the *Canada Business Corporations Act* and is domiciled in Canada. The address of its corporate office is 400 University Avenue, 25th Floor Toronto, Ontario M5G 1S5, Canada. The financial statements for the year ended March 31, 2026 were approved by the Board of Directors and authorised for issue on April 27, 2026.

2. Statement of compliance

These financial statements have been prepared in accordance with IFRS Accounting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB").

3. Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional currency of the Company is the Canadian Dollar ("CAD"). The functional currency of the Company is the currency of the primary economic environment in which the entity operates. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information used in preparation of the financial statements have been discussed in the respective notes.

4. Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of International Financial Reporting Standards (IFRS) requires management of the company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

a. Revenue recognition

Revenue for fixed-price contracts is recognised using percentage-of-completion method. The Company estimates the future cost-to-completion of the contracts, which is used to determine degree of completion of the performance obligation.

The Company exercises judgement for identification of performance obligations, determination of transaction price, ascribing the transaction price to each distinct performance obligation and in determining whether the performance obligation is satisfied at a point in time or over a period of time. These judgements have been explained in detail under the revenue recognition note (Refer note 10).

b. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods (Refer note 9(a)).

c. Impairment of financial assets (other than at fair value)

Measurement of impairment of financial assets require use of estimates, which have been explained in the note on financial assets, financial liabilities and equity instruments, under impairment of financial assets (other than at fair value) (Refer note 7).

d. Deferred tax assets

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

e. Provision and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgement to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

f. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non - cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

5. Nature and purpose of reserves

Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

6. Recent accounting standards

The Company has not applied the following new and revised IFRS that have been issued but are not yet effective:

Amendments to IFRS 9 and IFRS 7[1]

Annual Improvements to IFRS Accounting Standards[1] – Amendments to:

- IFRS 1 – First-time Adoption of International Financial Reporting Standards
- IFRS 7 – Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
- IFRS 9 – Financial Instruments
- IFRS 10 – Consolidated Financial Statements
- IAS 7 – Statement of Cash flows

IFRS 18 – Presentation and Disclosures in Financial Statements[2]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[2]

[1] Effective for annual periods beginning on or after January 1, 2026.

[2] Effective for annual periods beginning on or after January 1, 2027.

IFRS 9 and IFRS 7 – Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7) to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly.

In December 2024, the IASB issued targeted amendments to help companies better report the financial effects of nature-dependent electricity contracts, which are often structured as power purchase agreements (PPAs). The amount of electricity generated under these contracts can vary based on uncontrollable factors such as weather conditions. Current accounting requirements may not adequately capture how these contracts affect a company's performance. The amendments include: clarifying the application of the 'own-use' requirements; permitting hedge accounting if these contracts are used as hedging instruments; and adding new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows. The Company does not expect this amendment to have any significant impact in its financial statements.

Annual Improvements to IFRS Accounting Standards

In July 2024, the IASB issued narrow amendments to IFRS Accounting Standards and accompanying guidance as part of its regular maintenance of the Standards. These amendments include clarifications, simplifications, corrections and changes aimed at improving the consistency of several IFRS Accounting Standards. Annual improvements are limited to changes that either clarify the wording in an IFRS Accounting Standard or correct relatively minor unintended consequences or oversights in the Accounting Standards. They also correct minor conflicts between the requirements of the Accounting Standards. The Company does not expect these narrow amendments to have any significant impact in its financial statements.

IFRS 18 – Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard and implement it accordingly.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19. The Company does not expect this standard to have any significant impact in its financial statements.

Notes forming part of the financial statements

7. Financial assets, financial liabilities and equity instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid investments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method except for deferred consideration recognised in a business combination which is subsequently measured at fair value through profit or loss.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Derivative accounting

Instruments not in hedging relationship

The Company enters into contracts that are effective as hedges from an economic perspective, but they do not qualify for hedge accounting. The change in the fair value of such an instrument is recognised in profit or loss.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9- Financial Instruments requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. In determining the allowances for expected credit loss the Company has used

a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and allowance rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

a. Cash and cash equivalents

Cash and cash equivalents consist of the following:

(In millions of CAD)

	As at March 31, 2026	As at March 31, 2025
Cash at banks	9.44	8.28
Bank deposits (original maturity less than three months)	105.00	76.73
Total	**114.44**	**85.01**

b. Trade receivables – Billed

Trade receivables - Billed consist of the following:

Trade receivables – Billed - Current

(In millions of CAD)

	As at March 31, 2026	As at March 31, 2025
Trade receivables - Billed	406.50	424.34
Less: Allowance for expected credit losses	(0.03)	(1.12)
Total	**406.47**	**423.22**

c. Other financial assets

Other financial assets consist of the following:

Other financial assets – Current

(In millions of CAD)

	As at March 31, 2026	As at March 31, 2025
Interest receivable	0.05	0.18
Loans and advances to employees (net of allowances of CAD 0.14 million)	2.23	2.72
Fair value of foreign exchange derivative assets	0.81	0.07
Security deposits	0.01	0.01
Volume discount receivable	10.50	15.46
Total	**13.60**	**18.44**

d. Other financial liabilities

Other financial liabilities consist of the following:

Other financial liabilities – Current

(In millions of CAD)

	As at March 31, 2026	As at March 31, 2025
Capital creditors	0.10	0.54
Fair value of foreign exchange derivatives liabilities	2.96	0.35
Liabilities towards customer contracts	21.01	22.45
Accrued payroll	73.04	58.24
Total	**97.11**	**81.58**

e. Financial instrument by category

The carrying value of financial instruments by categories as at March 31, 2026 is as follows:

(In millions of CAD)

	Derivative instruments not in hedging relationship	Amortised cost	Total carrying value
Financial assets			
Cash and cash equivalents	-	114.44	114.44
Trade receivables	-		
Billed	-	406.47	406.47
Unbilled	-	99.38	99.38
Other financial assets	0.81	12.79	13.60
Total	**0.81**	**633.08**	**633.89**
Financial liabilities			
Trade payables	-	155.50	155.50
Lease liabilities	-	11.93	11.93
Other financial liabilities	2.96	94.15	97.11
Total	**2.96**	**261.58**	**264.54**

The carrying value of financial instruments by categories as at March 31, 2025 is as follows:

(In millions of CAD)

	Derivative instruments not in hedging relationship	Amortised cost	Total carrying value
Financial assets			
Cash and cash equivalents	-	85.01	85.01
Trade receivables	-		
Billed	-	423.22	423.22
Unbilled	-	88.94	88.94
Other financial assets	0.07	18.37	18.44
Total	**0.07**	**615.54**	**615.61**
Financial liabilities			
Trade payables	-	160.94	160.94
Lease liabilities	-	12.48	12.48
Other financial liabilities	0.35	81.23	81.58
Total	**0.35**	**254.65**	**255.00**

Carrying amounts of cash and cash equivalents, trade receivables and trade payables as at March 31, 2026 and March 31, 2025 approximate the fair value due to their nature. Carrying amounts of bank deposits, other financial assets and other financial liabilities which are subsequently measured at amortised cost also approximate the fair value due to their nature in each of the periods presented. Fair value measurement of lease liabilities is not required.

f. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices, included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosures are required):

(In millions of CAD)

As at March 31, 2026	Level 1	Level 2	Level 3	Total
Financial assets				
Fair value of foreign exchange derivative assets	-	0.81	-	0.81
Total	**-**	**0.81**	**-**	**0.81**
Financial liabilities				
Fair value of foreign exchange derivative liabilities	-	2.96	-	2.96
Total	**-**	**2.96**	**-**	**2.96**

(In millions of CAD)

As at March 31, 2025	Level 1	Level 2	Level 3	Total
Financial assets				
Fair value of foreign exchange derivative assets	-	0.07	-	0.07
Total	**-**	**0.07**	**-**	**0.07**
Financial liabilities				
Fair value of foreign exchange derivative liabilities	-	0.35	-	0.35
Total	**-**	**0.35**	**-**	**0.35**

The Company has entered into derivative instruments not in hedging relationship by way of foreign exchange forwards. The notional amount of outstanding contracts aggregated to CAD 265.51 million and CAD 269.40 million and the fair value of these contracts have a net loss of CAD 2.15 million and CAD 0.28 million in March 31, 2026 and March 31, 2025 respectively.

g. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risk, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

  The Company, as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange. Further, any movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenue in international business.

  The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

  The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 10% against the functional currency of the Company.

  The following analysis has been worked out based on the net exposures for the Company as at the date of statement of financial position which could affect the statement of profit or loss and other comprehensive income and equity.

  The following table sets forth information relating to unhedged foreign currency exposure as at March 31, 2026:

	USD	Others[1]	Total
Net financial assets	41.24	1.87	43.11
Net financial liabilities	17.55	0.23	17.78

10% appreciation / depreciation of the functional currency of the Company with respect to various foreign currencies would result in decrease / increase in the Company's profit before taxes by approximately CAD 1.33 million and equity approximately by CAD 0.98 million for the year ended March 31, 2026.

The following table sets forth information relating to unhedged foreign currency exposure as at March 31, 2025:

	USD	Others[1]	Total
Net financial assets	37.08	1.66	38.74
Net financial liabilities	37.06	0.59	37.65

10% appreciation / depreciation of the functional currency of the Company with respect to various foreign currencies would result in decrease / increase in the Company's profit before taxes by approximately CAD 0.11 million and equity approximately by CAD 0.08 million for the year ended March 31, 2025.

[1]Others include currencies such as Australian Dollar, South Korean won, Great Britain Pound, Euro and Swiss Franc, Singapore Dollar, Hong Kong Dollar, Mexican Peso, Swedish Krona.

- **Interest rate risk**

  The Company's investments are primarily in fixed rate interest bearing investments. Hence, the Company is not significantly exposed to interest rate risk.

  Credit risk

  Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

  Financial instruments that are subject to credit risk principally consist of trade receivables, derivative financial instruments, unbilled receivables, cash and cash equivalents, bank deposits and other financial assets. Cash and cash equivalent include an amount of CAD 114.44 million held with a bank having high credit ratings which are in excess of 34 percent or more of the Company's total cash and cash equivalent as at March 31, 2026 (CAD 85.01 million as at March 31, 2025). None of the other financial instruments of the Company result in material concentration of credit risk.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was CAD 663.27 million and CAD 643.33 million as at March 31, 2026 and March 31, 2025 respectively, being the total of the carrying amount of balances with banks, bank deposits, trade receivables, contract assets and other financial assets.

  Company's exposure to customers is diversified, and customers which contribute individually to more than 10% of outstanding trade receivable and contract assets as at March 31, 2026 and March 31, 2025 are as follows

	As at March 31, 2026		As at March 31, 2025	
	Gross Percentage	Net Percentage	Gross Percentage	Net Percentage
Customer E	36.42	36.43	38.09	38.17

  Geographic concentration of credit risk

  The Company's cash and cash equivalents, trade receivables and contract assets are allocated based on the location of the customer and are substantially held in the Americas.

The allowance charged and written back for lifetime expected credit loss on trade receivables for the years ended March 31, 2026 and 2025 was CAD 1.09 million and CAD 0.01 million, respectively. The reconciliation of allowance for expected credit losses is as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	**1.12**	**1.13**
Change during the year	(1.08)	(0.01)
Bad debts written off	(0.01)	(0.00)
Balance at the end of the year	**0.03**	**1.12**

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generated sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(In millions of CAD)

As at March 31, 2026	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total
Non-derivative financial liabilities:					
Trade payables	155.50	-	-	-	155.50
Lease liabilities	0.99	1.69	3.72	8.32	14.72
Other financial liabilities	94.16	-	-	-	94.16
Total	**250.65**	**1.69**	**3.72**	**8.32**	**264.38**

(In millions of CAD)

As at March 31, 2025	Due in 1st year	Due in 2nd year	Due in 3rd to 5th year	Due after 5th year	Total
Non-derivative financial liabilities:					
Trade payables	160.94	-	-	-	160.94
Lease liabilities	1.12	0.99	3.74	9.97	15.82
Other financial liabilities	81.23	-	-	-	81.23
Total	**243.29**	**0.99**	**3.74**	**9.97**	**257.99**

h. Equity instruments

The issued, subscribed and fully paid up share capital consist of the following:

(In millions of CAD)

	As at March 31, 2026	As at March 31, 2025
Issued, Subscribed and Fully paid up		
1,100 common shares (March 31, 2026: 1,100 common shares)	7.07	7.07
Total	**7.07**	**7.07**

The Company's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and

operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

8. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets are subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in profit or loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses an incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease-by-lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re- measurement in profit or loss.

The Company has elected not to apply the requirements of IFRS 16 "Leases" to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The details of the right-of-use assets held by the Company are as follows:

(In millions of CAD)

	Additions for the year ended March 31, 2026	Net carrying amount as at March 31, 2026
Buildings	-	9.80
Office equipment	-	0.04
Total	**-**	**9.84**

(In millions of CAD)

	Additions for the year ended March 31, 2025	Net carrying amount as at March 31, 2025
Buildings	0.94	11.07
Computer equipment	-	(0.00)
Office equipment	0.05	0.05
Total	**0.99**	**11.12**

Depreciation on right-of-assets is as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Buildings	1.27	1.25
Computer equipment	-	0.01
Office Equipment	0.01	0.00
Total	**1.28**	**1.26**

Changes in lease liabilities are as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	12.48	11.81
Additions during the year	0	0.98
Payments during the year	(0.55)	(0.31)
Balance at the end of the year	**11.93**	**12.48**

Interest on lease liabilities is CAD 0.43 million and CAD 0.58 million for the year ended on March 31, 2026 and March 31, 2025 respectively.

The Company incurred a net credit of CAD (0.02) million and CAD 0.01 million for the year ended March 31, 2026 and March 31, 2025 towards expenses relating to short-term leases and leases of low-value assets.

The total cash outflow for leases is CAD 1.03 million and CAD 0.9 million for the year ended March 31, 2026, and March 31, 2025, including cash outflow for short term and low value leases. The Company has no lease term extension options.

Lease contracts entered by the Company pertain for buildings and office equipment taken on lease to conduct its business in the ordinary course.

The Company does not have any lease restrictions and commitment towards variable rent as per the contract.

9. Non-financial assets and non-financial liabilities

a. Property, plant and equipment

The Company recognises the cost of an item of property, plant and equipment as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold

land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful lives
Leasehold improvements	Lease term
Computer equipment	4 years
Furniture, fixtures and office equipment	5 years
Electrical installation	10 years

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

The carrying amount of an item of property, plant and equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal.

Property, plant and equipment consist of the following:

(In millions of CAD)

	Leasehold improvement	Computer equipment	Electrical installation	Furniture and fixture	Office equipment	Total
Cost as at April 1, 2025	**8.25**	**6.31**	**0.05**	**1.45**	**2.38**	**18.44**

	As at March 31, 2026	As at March 31, 2025
Provision for foreseeable loss	**0.12**	0.09
Total	**0.12**	**0.09**

10. Revenue recognition

The Company earns revenue primarily from providing IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ("POC method") of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations.
- Revenue from the sale of distinct internally developed software and manufactured systems and third party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in

the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software license costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of license whichever is less. The assessment of these criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there are billings in excess of revenues.

The billing schedules agreed with customers include periodic performance based payments and / or milestone based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with IAS 37- Provisions, Contingent Liabilities, and Contingent Assets, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or the transaction price of an existing obligation could undergo a change. In the event the transaction price is revised for an existing obligation, a cumulative adjustment is accounted for.

The Company disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

Revenue disaggregation by nature of service is as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Consultancy services	2,197.84	2,061.72
Sale of equipment and software licenses	0.65	0.61
Total	**2,198.49**	**2,062.33**

Revenue disaggregation by industry vertical is as follows:

(In millions of CAD)

Industry Vertical	Year ended March 31, 2026	Year ended March 31, 2025
Banking, Financial Services and Insurance	1,373.03	1,277.24
Communication, Media and Technology	125.76	122.39
Others	699.70	662.70
Total	**2,198.49**	**2,062.33**

Revenue disaggregation by geography is as follows:

(In millions of CAD)

Geography	Year ended March 31, 2026	Year ended March 31, 2025
Americas	2,178.90	2,041.22
Rest of the world	19.59	21.11
Total	**2,198.49**	**2,062.33**

Information about major customers

Customers representing 10% or more of the Company's total revenue for the year ended March 31, 2026 and 2025 are:

	Year ended March 31, 2026		Year ended March 31, 2025	
	(In millions of CAD)	Percentage	(In millions of CAD)	Percentage
Customer E	493.74	22.46	488.72	23.70
Customer B	228.03	10.37	225.17	10.92
Customer F	236.65	10.76	206.88	10.03

While disclosing the aggregate amount of transaction price yet to be recognised as revenue towards unsatisfied (or partially satisfied) performance obligations, along with the broad time band for the expected time to recognise those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognised corresponds to the value transferred to customer typically involving time and material, outcome based and event- based contracts.

Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc.). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations, other than those meeting the exclusion criteria mentioned above is CAD 1010.08 million out of which 58.15% is expected to be recognised as revenue in the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets are as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	27.73	41.00
Increase due to revenue recognised during the year, excluding amounts billed during the year	24.37	20.03
Invoice raised that was included in the contract asset balance at the beginning of the year	(22.39)	(33.86)
Translation exchange difference	(0.33)	0.56
Balance at the end of the year	**29.38**	**27.73**

Changes in unearned and deferred revenue are as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Balance at the beginning of the year	31.95	19.22
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(30.83)	(17.75)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	41.55	31.89
Translation exchange difference	(0.32)	(1.41)
Balance at the end of the year	**42.34**	**31.95**

11. Cost recognition

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

Cost of revenue

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licenses, depreciation and amortisation of production related equipment and software, facility expenses, communication expenses and other project related expenses.

Selling, general and administrative expenses

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for expected credit losses and doubtful advances(net), facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortisation expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Cost of revenue	1,769.27	1,645.88
Selling, general and administrative expenses	167.69	149.63
Total	**1,936.96**	**1,795.51**

Costs and expenses are recognised when incurred and have been classified according to their nature.

The costs of the Company are broadly categorised into employee benefit expenses, cost of equipment and software license, depreciation and other expenses. Employee benefit expenses include salaries, incentives, allowances, contribution to various funds and staff welfare expenses. Other expenses mainly include sub-contracting cost, fees to external consultants, facility expenses, travel expenses, communication expenses, bad debts, cost paid for shared services, royalty paid and other expenses. Other expenses is an aggregation of costs which are individually not material such as marketing, education recruitment and training expense, printing and stationery, bank charges, insurance etc.

Refer note 14 for employee benefit expenses.

Other expenses

Other expenses consist of the following:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Sub-contracting cost	674.69	618.62
Fees to external consultants	84.12	45.19
Facility expenses	1.56	1.48
Travel expenses	6.58	7.50
Communication expenses	3.47	5.65
Bad debts and advances written off/(back), allowance for doubtful trade receivable and advances (net)	0.01	(0.03)
Cost paid for shared services	20.61	15.79
Royalty paid	4.24	3.91
Other expenses	8.30	9.90
Total	**803.58**	**708.01**

12. Other (loss)/gains(net)

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Net foreign exchange (loss)	(3.10)	(1.59)
Others	0.00	0.38
Total	**(3.10)**	**(1.21)**

13. Income taxes

Income tax expense comprises current tax expenses and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current income taxes

The current income tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted, by the end of the reporting period.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the Company intend to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred income tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The income tax expense consists of the following:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Current tax expense		
Current tax expense for current year	68.80	71.42
Current tax expense/(benefit) pertaining to prior years	0.03	(0.12)
	68.83	**71.30**
Deferred tax benefit		
Deferred tax (benefit) for current year	(0.23)	(0.47)
Deferred tax (benefit) pertaining to prior years	-	(0.04)
	(0.23)	**(0.51)**
Total	**68.60**	**70.79**

The reconciliation of estimated income tax expense at statutory income tax rate to income tax expense reported in statements of profit or loss is as follows:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Profit before taxes	259.89	269.06
Statutory income tax rate	26.29%	26.31%
Expected income tax expense	68.33	70.79
Tax effect of adjustments to reconcile expected income tax expense to reported income tax expense		
Current tax (benefit) pertaining to prior years	0.03	(0.12)
Deferred tax expense pertaining to current and prior years	(0.23)	(0.51)
Non-deductible items and others	0.47	0.63
Total income tax expense	**68.60**	**70.79**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2026 are as follows:

(In millions of CAD)

	Opening balance	Recognised in profit or loss	Closing balance
Deferred tax assets / (liabilities) in relation to			
Property, plant and equipment	0.19	0.05	0.24
Net asset adjustment for tax purpose on purchase of Canadian Branch	0.21	(0.02)	0.19
Lease liability and right-of-use assets	0.52	0.19	0.71
Others including volume discount payable	0.06	0.01	0.07
Total deferred tax assets / (liabilities)	**0.98**	**0.23**	**1.21**

Gross deferred tax assets and liabilities are as follows:

(In millions of CAD)

As at March 31, 2026	Assets	Liabilities	Net
Deferred tax assets / (liabilities) in relation to			
Property, plant and equipment	0.24	-	0.24
Net asset adjustment for tax purpose on purchase of Canadian Branch	0.19	-	0.19
Lease liabilities and right-of-use assets	0.71	-	0.71
Others including volume discount payable	0.07	-	0.07
Total deferred tax assets / (liabilities)	**1.21**	**-**	**1.21**

Significant components of net deferred tax assets and liabilities for the year ended March 31, 2025 are as follows:

(In millions of CAD)

	Opening balance	Recognised in profit or loss	Closing balance
Deferred tax assets / (liabilities) in relation to			
Property, plant and equipment	(0.04)	0.23	0.19
Net asset adjustment for tax purpose on purchase of Canadian Branch	0.23	(0.02)	0.21
Lease liability and right-of-use assets	0.27	0.25	0.52
Others including volume discount payable	0.01	0.05	0.06
Total deferred tax assets / (liabilities)	**0.47**	**0.51**	**0.98**

Lease liabilities and right-of-use assets	0.52	-	0.52
Others including volume discount payable	0.06	-	0.06
Total deferred tax assets / (liabilities)	**0.98**	**-**	**0.98**

Notes forming part of the financial statements

14. Employee benefit

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Compensated absences

Compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as undiscounted liability at the date of statement of financial position.

Registered Retirement Savings Plan

The Company has a Registered Retirement Savings Plan ("RRSP") for local staff of Canada referred to as Employer Sponsored RRSP. Under such plan, as per written instructions of each employee, a fixed percentage of their base salary per pay cycle is deducted as employee contribution to the plan and employer also matches the employee contribution with a cap of 4% of the base salary of the employee. The Company's contribution was CAD 13.06 million and CAD 11.48 million for the years ended March 31, 2026, and March 31, 2025, respectively.

Employee cost consist of the following:

(In millions of CAD)

	Year ended March 31, 2026	Year ended March 31, 2025
Salaries, incentives and allowances	1,051.74	1,011.58
Contribution to RRSP and other funds	51.85	49.92
Staff welfare expenses	26.15	21.84
Total	**1,129.74**	**1,083.34**

Employee benefit obligations consist of the following:

Employee benefit obligation – Current

(In millions of CAD)

	As at March 31, 2026	As at March 31, 2025
Compensated absences	55.22	61.75
Total	**55.22**	**61.75**

15. Commitments and contingencies

Capital commitments

The Company has contractually committed (net of advances) CAD 0.39 million and CAD 0.10 million as at March 31, 2026 and March 31, 2025 respectively, for purchase of property, plant and equipment.

Contingencies

The contingencies as of March 31, 2026 and March 31, 2025 were CAD 0.97 million and CAD 0.20 million, respectively.

Notes forming part of the financial statements

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2025

The directors present their report and the financial statements for the year ended 31 December 2025.

Directors' responsibilities statement

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the company's financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors

The directors who served during the year were:

S Sankaranarayanan

Krishnan Ramanujam

Disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Small companies note

In preparing this report, the directors have taken advantage of the small companies exemptions provided by section 415A of the Companies Act 2006.

This report was approved by the board on 7th May 2026 and signed on behalf its behalf.

S Sankaranarayanan
Director

Independent Auditor's Report

TO THE MEMBERS OF TATA CONSULTANCY SERVICES UK LIMITED

Opinion

We have audited the financial statements of Tata Consultancy Services UK Limited (the 'company') for the year ended 31 December 2025, which comprise the statement of comprehensive income, the statement of financial position and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion:

- the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2025 and of its profit for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the company to cease to continue as a going concern.

In our evaluation of the directors' conclusions, we considered the inherent risks associated with the company's business model including effects arising from macro-economic uncertainties such as **the current economic climate**, we assessed and challenged the reasonableness of estimates made by the directors and the related disclosures and analysed how those risks might affect the company's financial resources or ability to continue operations over the going concern period.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the financial statements, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the financial statements. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine

whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the directors' report and from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement **4**, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below:

- We obtained an understanding of the legal and regulatory frameworks applicable to the Company and industry in which it operates. We determined that the following laws and regulations were most significant: Companies Act 2006 and the relevant tax compliance regulations in the United Kingdom.

- We obtained an understanding of how the Company is complying with those legal and regulatory frameworks by making enquiries of management and those responsible for legal and compliance matters into whether there were any risks of fraud arising from the Company's day to day operations and whether there were any instances of non-compliance with laws and regulations or whether they had knowledge of actual, suspected or alleged fraud. We corroborated our enquiries through our review of board minutes in the period.
- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur. Audit procedures performed by the engagement team included:
  - Challenging assumptions and judgements made by management in its significant accounting estimates, and
  - Identifying and testing journal entries.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it;
- It is the engagement partner's assessment that the audit team collectively had the appropriate competence and capabilities to identify and recognize non compliance with laws and regulations based on understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation; and;
- We communicated relevant laws and regulations and potential fraud risks to all engagement team members, and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: **www.frc.org.uk/auditorsresponsibilities**. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

S Sankaranarayanan
Director

7 May 2026

Notes to the financial statements For the year ended 31 December 2025

1. General information

Tata Consultancy Services UK Limited is a private company limited by shares, incorporated in England and Wales.

The address of the company's registered office is Floor 9, 10 East Road, London, England, N1 6AD. The registration number is 08055387.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ('FRS 102') and the Companies Act 2006.

The directors have considered the Company's financial position and future prospects and are satisfied that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

The following principal accounting policies have been applied:

2.2 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Revenue is recognised when it is probable that the company will receive economic benefits and the amount can be measured reliably. Where the company acts solely as a billing agent, such arrangements are considered to involve the provision of a single service. Revenue is recognised only when that service has been provided in full, and only to the extent of the commission earned, reflecting the benefit delivered to the customer.

2.3 Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

2.4 Debtors

Short-term debtors are measured at transaction price, less any impairment.

2.5 Financial instruments

The company only enter into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

2.6 Creditors

Short term creditors are measured at the transaction price.

2.7 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.8 Foreign currency translation

Functional and presentation currency

The company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

2.9 Income tax

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the year end date. Advance taxes and provisions for current income taxes are presented in the statements of financial position after off-setting advance tax paid and income tax provision.

3. Employees

The average monthly number of employees during the period was 0 (year ended 31 December 2024: 0).

4. Debtors

(Amount in GBP)

	31 December 2025	31 December 2024
Receivables	2,239,988	3,133,845
Other debtors	208,100	119,732
	2,448,088	**3,253,577**

At the reporting date, the Company had entered a lease arrangement for premises. During the year, the lease was in a rent free period and accordingly no lease expense was recognised in the profit and loss account. Rental payments will commence in the subsequent financial period in accordance with the lease agreement.

5. Cash at bank and in hand

(Amount in GBP)

	31 December 2025	31 December 2024
Cash in hand and at banks	2,982,977	4,784,043
	2,982,977	**4,784,043**

6. Creditors: Amounts falling due within one year

(Amount in GBP)

	31 December 2025	31 December 2024
Payables due to the parent company	613,725	3,546,822
Payables	147,497	72,095
Value Added Tax	293,665	703,377
Corporation tax	173,450	234,837
Amounts owed to group undertakings	-	-
	1,228,337	**4,557,130**

7. Other Commitments

The Company had the following future minimum lease payments under non cancellable operating leases for each of the following years:

(Amount in GBP)

DIRECTORS' REPORT

For the year ended December 31, 2025

Principal activities and business review including key performance indicators

Tata Consultancy Services Ireland Limited ("the Company") was incorporated on 2 December 2020 as a subsidiary of Tata Consultancy Services Limited India to insource approximately 1500 associates and selected assets of Pramerica Systems Ireland Limited (subsidiary of Prudential Financial Inc, US) based in Letterkenny, Ireland. The Company became operational in December 2020.

The business purpose of the Company is to provide its main customer, Prudential Financial Inc with a range of IT business, digital and technology services, while also expanding the Company's nearshore capabilities to provide the multifunctional, digital services and solutions to other customers in Ireland, the UK, Europe and the US.

The principal key performance indicators used by management to monitor performance are as follows:

- Actual financial results versus forecasts
- Regulatory filings
- Employee turnover
- Customer satisfaction
- Operational efficiencies

Principal risks and uncertainties

The principal risks and uncertainties facing the company are as follows:

- the movement in currency rates between USD and EUR; and
- current attrition levels and increases in labour costs in the local market.

The Company and its parent have a strong management team in place to address and manage these risks.

Results and dividends

Profit on ordinary activities before taxation for the year ended December 31, 2025, amounted to EUR 6,501,306 (December 31, 2024 EUR 21,080,077).

Dividend paid for CY 2025 EUR 20,000,000 (PY 2024: 19,000,000).

Future developments

The Company is expected to increase its level of operations throughout 2026.

Events since the end of the financial year

There have been no significant events affecting the Company since the balance sheet date.

Financial Risk Management

The Company is exposed to financial risk through both its financial assets and liabilities. The most important components of this financial risk for the Company are credit risk, foreign exchange risk, interest rate risk and liquidity risk.

Risk Management Framework

The Company's internal organisational and management structure and its system of internal financial reporting to the board of directors is the basis for identifying the predominant source and nature of the differing risks facing the entity.

Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Credit risk is controlled by the Company by ensuring credit limits and the creditworthiness of customers are monitored on an ongoing basis.

The Company has identified the credit risks associated with the cash and deposits it has placed with third party banking institutions.

Liquidity Risk

Liquidity risk is the risk that cash may not be available to pay obligations when due at a reasonable cost. The Company maintains a significant proportion of its funds in liquid form and maintains sufficient liquidity even at unexpected levels of demand.

Interest Rate Risk

Interest rate risk is the risk that the value/future cash flows of a financial instrument will fluctuate because of changes in interest rates. Based on current Company operations it is not envisaged that the entity is exposed to significant interest rate risk.

Foreign exchange risk

The Company conducts business in foreign countries with certain transactions denominated in currencies other than the functional currency of the Company (euros). The purpose of the Company's foreign currency management is to manage the effect of exchange rate fluctuations on transactions denominated in foreign currencies (US dollars).

Accounting Records

The directors believe that they have complied with the requirements of Sections 281 to 285 of the Companies Act; 2014 with regard to adequate accounting records by employing accounting personnel with appropriate expertise and by providing adequate resources to the financial function. The accounting records of the Company are maintained at TCS Drive, Letterkenny Business and Technology Park, Letterkenny, Co Donegal, F92 W8CY.

Directors' and secretary's interests

The directors and secretary who held office at 31 December, 2025 had no disclosable interests in the shares, debentures or loan stock of the Company or group companies.

The names of the persons who were directors and secretary at any time during the period ended 31 December 2025 are set out below:

1. ***Amit Kapur (Appointed 02/12/2020)***
   (Director)
2. ***Subramanian Sankaranarayanan (Appointed 10/06/2024)***
   (Director)
3. ***Vennimalai Rabindran (Appointed 10/06/2024)***
   (Director)
4. ***Hariharan Subramanian (Appointed 18/01/2022)***
   (Company secretary)

Political contribution

The Company made no political contributions or incurred any political expenditure during the period.

Directors' Compliance Statement

The directors, in accordance with Section 225(2) of the Companies Act; 2014, acknowledge that they are responsible for securing the Company's compliance with certain obligations specified in that section arising from the Companies Act; 2014 and Tax Laws.

The directors confirm that:

- A compliance policy statement has been drawn up setting out the Company's policies with regard to such compliance;
- Appropriate arrangements or structures that are designed to secure material compliance with the Company's relevant obligations have been put in place; and
- A review of the arrangements and structures referred to above has been conducted during the financial period ended 31 December 2025.

Relevant audit information

The directors believe that they have taken all steps necessary to make themselves aware of any relevant audit information and have established that the Company's statutory auditors are aware of that information. In so far as they are aware, there is no relevant audit information of which the Company's statutory auditors are unaware.

Audit Committee

The Company has decided not to establish an audit committee for the following reasons:

- the Company's parent company has an Audit Committee in place;
- internal audits are carried out; and
- the Company has a risk department in place.

Statutory Auditors

Pursuant to Section 383(2) of the Companies Act 2014, the auditor, KPMG, Chartered Accountants, will continue in office.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS REPORT AND FINANCIAL STATEMENTS

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union and applicable law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its profit or loss for that year.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that the financial statements are prepared in accordance with the applicable accounting framework and comply with the provisions of the Companies Act 2014. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a directors' report that complies with the requirements of the Companies Act 2014.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF TATA CONSULTANCY SERVICES IRELAND LIMITED

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Tata Consultancy Services Ireland Limited ('the Company') for the year ended 31 December 2025 set out on pages 23.9 to 23.32, which comprise the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity, Statement of Financial Position, Statement of Cash Flows and related notes, including the summary of significant accounting policies.

The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion:

- the financial statements give a true and fair view of the assets, liabilities and financial position of the Company as at 31 December 2025 and of its profit for the year then ended;
- the financial statements have been properly prepared in accordance with IFRS as adopted by the European Union; and
- the financial statements have been properly prepared in accordance with the requirements of the Companies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information presented in the Annual Report together with the financial statements. The other information comprises the information included in the directors' report. The financial statements and our auditor's report thereon do not comprise part of the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information undertaken during the course of the audit, we report that:

- we have not identified material misstatements in the directors' report;
- in our opinion, the information given in the directors' report is consistent with the financial statements; and
- in our opinion, those parts of the directors' report specified for our review, which does not include sustainability reporting when required by Part 28 of the Companies Act 2014, have been prepared in accordance with the Companies Act 2014.

Our opinions on other matters prescribed by the Companies Act 2014 are unmodified

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

Matters on which we are required to report by exception

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by Sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

Respective responsibilities and restrictions on use

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 44.6, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities is provided on IAASA's website at https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the- financial-statements/.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

The accompanying notes form an integral part of the financial statements.

Notes forming part of the Financial Statements

1. CORPORATE INFORMATION

Tata Consultancy Services Ireland Limited ("the Company") provides IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions. This is delivered through its unique Location-Independent Agile delivery model, recognised as a benchmark of excellence in software development.

The Company was incorporated on 2 December 2020 in Ireland as a subsidiary of Tata Consultancy Services Limited India to insource approximately 1,500 associates and selected assets of Pramerica Systems Ireland Limited (subsidiary of Prudential Financials Inc, US) based in Letterkenny, Ireland. The Company became operational in December 2020. The registered address of the company is 29 Earlsfort Terrace, Dublin 2, D02 AY28. Tata Consultancy Services Ireland Limited is a 100% subsidiary of Tata Consultancy Services Limited. The business address of the company is TCS Drive, Letterkenny Business & Technology Park, Letterkenny, Co Donegal, Ireland, F92 W8CY.

The Company's immediate parent undertaking and controlling entity is Tata Consultancy Services Limited ("TCSL"), a company incorporated in India, which is registered as an external company in Ireland. The registered office is 9th Floor, Nirmal Building, Nariman Point, Mumbai, 400 021, India. The Company's ultimate parent undertaking and controlling entity is Tata Sons Private Limited whose registered office is Bombay House, 24 Homi Mody Street, Mumbai 400 001.

2. STATEMENT OF COMPLIANCE

The financial statements have been prepared and approved by the directors in accordance with International Financial Reporting Standards (IFRS's) as adopted by the European Union.

3. BASIS OF PREPARATION

These financial statements have been prepared on a historical cost basis except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

The statement of cash flows has been prepared under indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and dividend paid as cash flow from financing activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and reporting currency of the Company is EURO ("EUR").

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The material accounting policy information used in preparation of the financial statements have been discussed in the respective notes.

Consolidation exemption

The Company has a wholly-owned subsidiary, Tata Consultancy Services Bulgaria EOOD. In preparation of these financial statements, the Company is exempt by virtue of section 300 of Companies Act 2014 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual and undertaking and not about its group.

Notes forming part of the Financial Statements

4. NATURE AND PURPOSE OF RESERVES

a. Retained earnings

This reserve represents undistributed accumulated earnings of the Company as on the date of statement of financial position.

5. RECENT ACCOUNTING STANDARDS

The Company has not applied the following new and revised IFRSs that have been issued but are not yet effective:

Amendments to IAS 21: The Effects of Changes in Foreign Exchange Rates[1]

Amendments to IFRS 9 and IFRS 7[2]

IFRS 18 - Presentation and Disclosures in Financial Statements[3]

IFRS 19 – Subsidiaries without Public Accountability: Disclosures[3]

[1]Effective for annual periods beginning on or after January 1, 2026.

[2]Effective for annual periods beginning on or after January 1, 2027.

[3]Effective for annual periods beginning on or after January 1, 2028

IAS 21 - The Effects of Changes in Foreign Exchange Rates

In August 2023, the IASB issued 'Lack of Exchangeability (Amendments to IAS 21)' to provide guidance to specify which exchange rate to use when the currency is not exchangeable. An entity must estimate the spot exchange rate as the rate that would have applied to an orderly transaction between market participants at the measurement date and that would faithfully reflect the economic conditions prevailing. The Company does not expect this amendment to have any significant impact in its financial statements.

IFRS 9 and IFRS 7 - Financial Instruments and Financial Instruments: Disclosure

In May 2024, the IASB issued "Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7)" to address matters identified during the post-implementation review of IFRS 9. The amendments relate to derecognition of a financial liability settled through electronic transfer, classification of financial assets and disclosures of certain financial assets and financial liabilities. The Company will evaluate the amendments and implement them accordingly.

IFRS 18 – Presentation and Disclosures in Financial Statements

In April 2024, the IASB issued its new standard IFRS 18 – Presentation and Disclosures in Financial Statements that will replace IAS 1 – Presentation of Financial Statements. The new standard aims at improving how entities communicate in their financial statements. The Company will evaluate the standard and implement it accordingly.

IFRS 19 - Subsidiaries without Public Accountability: Disclosures

In May 2024, the IASB issued a new standard IFRS 19 - Subsidiaries without Public Accountability: Disclosures. The standard allows a subsidiary which does not have public accountability and has an ultimate or intermediate parent that produces consolidated financial statements available for public use that comply with IFRS Accounting Standards, to elect IFRS 19. Such an entity applies the requirements in other IFRS Accounting Standards, except for the disclosure requirements, instead the entity applies the requirements in IFRS 19.

6. REVENUE RECOGNITION

The Company earns revenue primarily from providing information technology, consultancy services and business solutions. The Company offers a consulting-led, integrated portfolio of IT, business and engineering services and solutions.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Company is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.

- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract cost incurred determining the degree of completion of the performance obligation. The contract cost used in computing the revenues include cost of fulfilling warranty obligations..
- Revenue from the sale of distinct internally developed software and manufactured systems and third-party software is recognised upfront at the point in time when the system / software is delivered to the customer. In cases where implementation and / or customisation services rendered significantly modifies or customises the software, these services and software are accounted for as a single performance obligation and revenue is recognised over time on a POC method.
- Revenue from the sale of distinct third-party hardware is recognised at the point in time when control is transferred to the customer.
- The solutions offered by the Company may include supply of third-party equipment or software. In such cases, revenue for supply of such third-party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises revenue in the gross amount of consideration when it is acting as a principal and at net amount of consideration when it is acting as an agent.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

The Company's contracts with customers could include promises to transfer multiple products and services to a customer. The Company assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

Judgement is also required to determine the transaction price for the contract and to ascribe the transaction price to each distinct performance obligation. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

Contract fulfilment costs are generally expensed as incurred except for certain software licence costs which meet the criteria for capitalisation. Such costs are amortised over the contractual period or useful life of the licence, whichever is less. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there is billings in excess of revenues.

The billing schedules agreed with customers include periodic performance-based payments and/or milestone based progress payments. Invoices are payable within a contractually agreed credit period.

In accordance with IAS 37, the Company recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for. The Company disaggregates revenue from contracts with customers by nature of services, industry verticals and geography.

Revenue disaggregation by nature of services is as follows:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Revenue from consultancy services	149,815,633	163,179,788
Total	**149,815,633**	**163,179,788**

Revenue disaggregation by industry vertical is as follows:

(Amount in EUR)

Industry vertical	For the year ended December 31, 2025	For the year ended December 31, 2024
Banking, financial services and insurance	102,964,867	106,274,603
Manufacturing	18,998,123	23,248,721
Retail and consumer business	1,345,672	1,489,477
Communication, media and technology	4,470,904	5,348,770
Energy & Utilities	7,277,350	1,247,789
Hi-Tech Industry Practice	4,246,027	2,372,609
Life Sciences & Healthcare	8,721,400	20,472,544
Transportation	1,168,279	1,780,586
Others	623,009	944,689
Total	**149,815,633**	**163,179,788**

Revenue disaggregation by geography is as follows:

(Amount in EUR)

Geography	For the year ended December 31, 2025	For the year ended December 31, 2024
America	64,944,789	70,137,021
UK	82,951,178	89,871,890
Europe	1,917,817	3,167,708
India	1,849	2,568
Asia Pacific	-	601
Total	**149,815,633**	**163,179,788**

Geographical revenue is allocated based on the location of the customers.

While disclosing the aggregate amount of transaction price yet to be recognized as revenue towards unsatisfied or partially satisfied performance obligations, along with the broad time band for the expected time to recognize those revenues, the Company has applied the practical expedient in IFRS 15. Accordingly, the Company has not disclosed the aggregate

transaction price allocated to unsatisfied (or partially satisfied) performance obligations which pertain to contracts where revenue recognized corresponds to the value transferred to customer typically involving time and material, outcome based and event based contracts.

Unsatisfied (or partially satisfied) performance obligations are futuristic and therefore subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors (changes in currency rates, tax laws etc). The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is EUR 119,793,754 out of which 26.26% is expected to be recognized as revenue within the next year and the balance thereafter. No consideration from contracts with customers is excluded from the amount mentioned above.

Changes in contract assets is given below:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Balance at the beginning of the year	2,077,635	826,720
Invoices raised that were included in the contract assets balance at the beginning of the year	(1,578,060)	(566,446)
Increase due to revenue recognised during the year, excluding amounts billed during the year	960,427	1,766,935
Translation exchange difference	(95,676)	50,426
Balance at the end of the year	**1,364,326**	**2,077,635**

Changes in unearned and deferred revenue is as given below:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Balance at the beginning of the year	1,605,653	1,298,602
Revenue recognised that was included in the unearned and deferred revenue at the beginning of the year	(1,572,253)	(1,277,804)
Increase due to invoicing during the year, excluding amounts recognised as revenue during the year	1,085,215	1,569,421
Translation exchange difference	(18,602)	15,434
Balance at the end of the year	**1,100,013**	**1,605,653**

7. COST RECOGNITION

Costs and expenses are recognised when incurred and have been classified according to their primary functions in the following categories:

Cost of revenue

These costs primarily include employee compensation of personnel engaged in providing services, travel expenses, fees to external consultants, cost of equipment and software licences, depreciation and amortisation of production related equipment and software, facility expenses, communication expenses and other project related expenses.

Selling, general and administrative expenses

Selling costs primarily include employee compensation for sales and marketing personnel, travel expenses, advertising, business promotion expenses, bad debts and advances written off, allowance for doubtful trade receivables and advances, facility expenses for sales and marketing offices and market research costs.

General and administrative costs primarily include employee compensation for administrative, supervisory, managerial and practice management personnel, depreciation and amortisation expenses of non-production equipment and software, facility expenses for administrative offices, communication expenses, fees to external consultants and other general expenses.

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Expenses by function		
Cost of sales	123,186,741	126,101,840
Selling, general and administrative expenses	19,108,644	19,305,973
Total	**142,295,385**	**145,407,813**

8. OTHER INCOME

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Gain on disposal of property, plant and equipment	1,560	6,129
Net foreign exchange gain	-	2,752,090
Interest from banks	278,018	549,961
Total	**279,578**	**3,308,180**

9. FINANCE COST AND OTHER EXPENSES

Finance costs consist of the following:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Interest on bank overdrafts and loans	1	78
Net foreign exchange loss	1,298,519	-
Total	**1,298,520**	**78**

10. INCOME TAXES

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current income taxes

Current tax is based on the taxable profit for the year and is calculated using tax rates that have been enacted by the end of the reporting period. Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The income tax expense consists of the following:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Current tax		
Current tax expense for current year	731,922	2,664,405
Current tax (benefit) / expense pertaining to prior years	68,133	230,098
	800,055	**2,894,503**
Deferred tax		
Deferred tax credit for current year	(690,382)	(566,793)
Deferred tax pertaining to prior year	-	223,749
	(690,382)	**(343,044)**
Total tax expense	**109,673**	**2,551,459**

The reconciliation of estimated income tax expense at the statutory income tax rate to income tax expense reported in statement of profit or loss and other comprehensive income is as follows:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Current tax expenses		
Income before taxes	6,501,306	21,080,077
Statutory tax rate	12.50%	12.50%
Expected income tax expense	812,663	2,635,010
Temporary disallowed expenses		
Impact of higher tax rate	-	-
Capital allowances versus depreciation	(653,511)	(521,016)
Expenses adjustments	(16,891)	(16,382)
Prior period tax	(32,587)	453,847
Total tax expense	**109,673**	**2,551,459**

Note: Income is taxable at Irish corporate tax rate which is 12.5% except income from leased office which taxable at higher tax rate i.e. 25%.

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2025 are as follows:

(Amount in EUR)

	Opening balance	Recognised through profit or loss	Closing balance as on December, 2025
Deferred tax assets			
Deferred tax assets in relation to:			
Property, plant and equipment	791,675	646,028	1,437,703
Others	92,903	44,354	137,257
Total deferred tax asset (net)	**884,578**	**690,382**	**1,574,960**

Significant components of net deferred tax assets and liabilities for the year ended December 31, 2024 are as follows:

(Amount in EUR)

	Opening balance	Recognised through profit or loss	Closing balance as on December, 2024
Deferred tax assets			
Deferred tax assets in relation to:			
Property, plant and equipment	481,434	310,241	791,675
Others	60,100	32,803	92,903
Total deferred tax asset (net)	**541,534**	**343,044**	**884,578**

The Company has recognised a deferred tax asset on the basis that it will be recovered through future profitability.

11. EMPLOYEE BENEFITS

The Company provides for amounts payable to employees for compensated absences per the Company's policy, which are expected to occur within twelve months after the end of the period in which the employee renders the related services and are recognised as an undiscounted liability at the date of the statement of financial position.

Employee costs consist of the following:

(Amount in EUR)

	For the year ended December 31, 2025	For the year ended December 31, 2024
Salaries & wages	41,526,469	40,622,640
Contributions to defined contribution plans	2,242,258	1,813,846
Social Security contributions	4,256,253	4,274,456
Total	**48,024,980**	**46,710,942**

Staff numbers

Average number of persons employed by the Company (including directors) during the year, analysed by category are as follows:

(Amount in EUR)

	Year ended 31 December 2025	Year ended December 31, 2024
Billable roles	769	782
Support staff	45	58
	814	**840**

Employee benefit obligation consist of the following:

(Amount in EUR)

	As at Dec 31, 2025	As at Dec 31, 2024
Employee benefit obligations - current		
Compensated absences	746,474	664,991
Total	**746,474**	**664,991**

12. FINANCIAL ASSETS, FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in other comprehensive income.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net of direct issue cost.

Impairment of financial assets (other than at fair value)

The Company assesses at each date of statement of financial position whether a financial asset or a group of financial assets is impaired. IFRS 9 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets d / or all trade receivables that do not constitute a financing transaction. In determining the allowances for doubtful trade receivables the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

a. Cash and cash equivalents

(Amount in EUR)

	As at Dec 31, 2025	As at Dec 31, 2024
Balances with bank	14,502,388	22,713,851
	14,502,388	**22,713,851**

b. Investments

(Amount in EUR)

	As at Dec 31, 2025	As at Dec 31, 2024
Investments Non-current		
Investment carried at cost		
Equity shares	1	1
	1	**1**

Investments carried at cost includes investments made in Equity shares of Tata Consultancy Services Bulgaria EOOD on 31 August, 2021, which is wholly-owned subsidiary of the Company, having registered address at Sofia Business Park, Building 3, 1 Floor, 1766 Sofia, Bulgaria.

Tata Consultancy Services Bulgaria EOOD ("the Company") provides IT services, consulting and business solutions. The Company offers a consulting-led, cognitive powered, integrated portfolio of IT, business and engineering services and solutions. This is delivered through its unique Location-Independent Agile delivery model recognised as a benchmark of excellence in software development. The Company will provide F&A operations supporting EU region for Xerox for the F&A consolidation / transformation initiative.

c. Trade and other receivables

Trade receivables consist of the following:

(Amount in EUR)

Trade receivables - Current	As at Dec 31, 2025	As at Dec 31, 2024
Trade receivables*	22,100,800	23,595,654
Less: Allowance for doubtful trade receivables	(11,624)	(13,101)
	22,089,176	23,582,553
Unbilled receivables*	5,628,385	5,172,033
Total	**27,717,561**	**28,754,586**

*Trade receivables include balances with related party of EUR 8,424,836 as at December 31, 2025. (EUR 9,108,306 as at December 31, 2024). (Refer Note No.14).

d. Other financial assets

Other financial asset consists of the following:

(Amount in EUR)

Other financial assets - Current	As at Dec 31, 2025	As at Dec 31, 2024
Employee advances (net of allowance)	17,719	17,162
Other Advance (Back-to-Back Provision for Volume Discount)	520,892	638,357
Total	**538,611**	**655,519**

e. Trade payables

Trade payables consist of the following:

(Amount in EUR)

Trade payables - Current	As at Dec 31, 2025	As at Dec 31, 2024
Trade payables*	8,481,989	3,027,443
Accrued expenses	4,306,473	4,427,466
Total	**12,788,462**	**7,454,909**

* Trade Payables and Accrued expenses include balances with related party of EUR 8,535,336 as at December 31, 2025 (EUR 6,271,533 as at December 31, 2024) (Refer Note No. 14)

f. Other financial liabilities

(Amount in EUR)

Other financial liabilities -Current	As at Dec 31, 2025	As at Dec 31, 2024
Capital creditors	7,894	9,062
Accrued payroll	2,068,182	1,272,952
Liabilities towards customer contracts	459,041	442,557
Foreign currency derivative liability	34,271	-
Total	**2,569,388**	**1,724,571**

g. Financial instruments by category

The carrying value of financial assets and financial liabilities as at December 31, 2025 is as follows:

(Amount in EUR)

	Amortized cost	Total carrying value
Financial assets		
Cash and cash equivalents	14,502,388	14,502,388
Trade receivables and other receivables	27,717,561	27,717,561
Other financial assets	720,851	720,851
Total	**42,940,800**	**42,940,800**
Financial liabilities		
Trade payables	12,788,462	12,788,462
Other financial liabilities	2,569,388	2,569,388
Total	**15,357,850**	**15,357,850**

The carrying value of financial assets and financial liabilities as at December 31, 2024 is as follows:

(Amount in EUR)

	Amortized cost	Total carrying value
Financial assets		
Cash and cash equivalents	22,713,851	22,713,851
Trade receivables and other receivables	28,754,586	28,775,501
Other financial assets	655,519	655,519
Total	**52,123,956**	**52,144,871**
Financial liabilities		
Trade payables	7,454,909	7,454,909
Other financial liabilities	1,724,571	1,724,571
Total	**9,179,480**	**9,179,480**

Carrying amounts of cash and cash equivalents, trade receivables, unbilled receivables and trade payables as at December 31, 2025 approximate the fair value.

h. Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 — Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 — Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

i. Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which covers risks associated with the financial assets and liabilities. The risk management policy is approved by the Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effects on the financial performance of the Company.

- **Market risk**

  Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

- **Foreign currency exchange rate risk**

  The fluctuation in foreign currency exchange rate may have potential impact on the statement of financial statement, where any transaction references more than one currency or where assets/ liabilities are denominated in a currency other than functional currency of the company. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries.

  The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

  The risk primarily relate to fluctuation of USD, GBP and EUR against the functional currency of the Company.

The following table sets forth information relating to foreign currency exposure as at December 31, 2025:

(equivalent EUR)

	USD	GBP	NOK	CAD
Net financial assets	5,543,288	658,801	113,070	-
Net financial liabilities	4,575,533	123,381	-	-

10% depreciation / appreciation of the respective foreign currencies with respect to functional currency of Tata Consultancy Services Ireland Limited Company would result in decrease / increase in the Company's profit before taxes by approximately EUR 161,624 for the period ended December 31, 2025.

The Group has entered into derivative instruments not in hedging relationship by way of foreign exchange forward contracts. As at December 31, 2025 and December 31, 2024, the notional amount of outstanding contracts aggregated to EUR 17,045,940 and EUR 0, respectively and the respective fair value of these contracts have a net loss of EUR 34,272 and EUR 0.

Exchange gain of EUR 2,265,615 and EUR 0 on foreign exchange forward contracts that do not qualify for hedge accounting have been recognised in profit or loss for year ended December 31, 2025 and 2024, respectively.

The following table sets forth information relating to foreign currency exposure as at December 31, 2024:

(equivalent EUR)

	USD	GBP	NOK	CAD
Net financial assets	39,417,228	4,825,692	321,056	-
Net financial liabilities	2,841,145	200,745	8,994	5,594

10% depreciation / appreciation of the respective foreign currencies with respect to functional currency of Tata Consultancy Services Ireland Limited Company would result in decrease / increase in the Company's profit before taxes by approximately EUR 4,150,750 for the period ended December 31, 2024.

- **Interest rate risk**

  The Company is not exposed to interest rate risk.

- **Credit risk**

  Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

  Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, unbilled receivables, cash and cash equivalents, and other financial assets.

- **Exposure to credit risk**

  The carrying amount of financial assets and contract assets represents the maximum credit exposure. The maximum exposure to credit risk was EUR 44,305,126 as of December 31, 2025 (EUR 54,201,591 as of December 31, 2024) being the total of the carrying amount of balances with bank, bank deposit, investments, trade receivables, unbilled receivables, contract assets and other financial assets.

  The Company's exposure to customers is diversified and the following customers contribute to more than 10% of outstanding trade receivables, unbilled receivables and contract assets as at December 31, 2025.

(Amount in EUR)

Client Name	As at Dec 31, 2025	
	Total trade receivables, Unbilled revenue and Contract assets	Percentage
Customer A	3,020,359	10%
Customer B	3,921,388	13%
Customer C	-	0%
Customer D	6,906,332	24%
Customer E	3,066,749	11%

The Company's exposure to customers is diversified and the following customers contributes to more than 10% of outstanding trade receivables, unbilled receivables and contract assets as at December 31, 2024.

(Amount in EUR)

Client Name	As at December 31, 2024	
	Total trade receivables, Unbilled revenue and Contract assets	Percentage
Customer A	-	0%
Customer B	8,724,722	28%
Customer C	-	0%
Customer D	7,190,328	23%

Geographic concentration of credit risk

The Company has a geographic concentration of trade receivables (net of allowances), unbilled receivables and contract assets as given below:

(Amount in EUR)

Geography	As at December 31, 2025	
	Gross	Net
America	22%	22%
UK	77%	77%
Europe	1%	1%

(Amount in EUR)

Geography	As at December 31, 2024	
	Gross	Net
America	30%	30%
UK	67%	67%
Europe	3%	3%

The geographical concentration of trade receivables, unbilled receivables and contract assets is allocated based on the location of the customers.

Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company consistently generates sufficient cash flows from operations to meet its financial obligations including lease liabilities as and when they fall due.

The tables below provide details regarding the contractual maturities of significant financial liabilities as at:

(Amount in EUR)

j. Equity instruments

(Amount in EUR)

	As at Dec 31, 2025	As at Dec 31, 2024
Authorised		
25,000,000 ordinary shares of EUR 1 each	**25,000,000**	**25,000,000**
Issued, Subscribed and Fully paid up*		
25,000,000 ordinary shares of EUR 1 each	**25,000,000**	**25,000,000**

*100 ordinary shares of EUR 1 each were originally issued at par to Stembridge Limited, 22 Northumberland Road, Ballsbridge, Dublin 4 on incorporation. These were transferred to Tata Consultancy Services Limited on 2 December 2020.

* 24,999,900 ordinary shares of EUR 1 each were issued at par to Tata Consultancy Services Limited on 17 December 2020.

Capital management

The Company's objective for capital management is to maximize shareholder value, safeguard business continuity and support the growth of the Company. The Company determines the capital requirement based on annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Company is not subject to any externally imposed capital requirements.

Notes forming part of the Financial Statements

13. NON-FINANCIAL ASSETS AND LIABILITIES

a. Property, plant and equipment

The Company has taken over the running business from a vendor including the fixed assets deployed in the Business. Total Consideration paid for all the fixed assets has been allocated to each asset based on the value of the assets as assessed by the Company.

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual values over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of asset	Useful life (in years)
Automobiles	4 years
Computer and equipment	3-4 years
Furniture and fixtures	3-5 years
Office equipment	3-5 years
Electrical installations	5-10 years
Leasehold improvements	Lease term

Depreciation is not recorded on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use. Capital work-in-progress includes capital advances.

Property, plant and equipment with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in profit or loss.

Property, Plant and equipment consist of the following:

(Amount in EUR)

	Land	Leasehold improvements	Computer equipment	Furniture and fixtures	Office equipment	Electrical installations	Total
Cost as at January 1, 2025	557,226	3,938,351	2,297,681	589,974	367,986	79,305	**7,830,523**

REPORT OF THE INDEPENDENT AUDITORS

To the Member

ListEngage Midco, LLC and Subsidiaries
Boston, Massachusetts

OPINION

We have audited the accompanying consolidated financial statements of ListEngage Midco, LLC and Subsidiaries (the "Company"), which comprise the consolidated balance sheet as of December 31, 2025, and the related consolidated statements of operations, changes in member's equity, and cash flows for the period October 11, 2025 through December 31, 2025, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2025, and the results of its operations and cash flows for the period then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt the Company's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to the Consolidated Financial Statements for the year ended December 31, 2025

Note 1—Organization and nature of operations

ListEngage Midco, LLC ("Midco"), a Delaware limited liability company, was formed on June 18, 2018 to hold all equity interests in ListEngage, LLC ("ListEngage"), a Delaware limited liability. On October 10, 2025 at 11:59 PM, Midco's equity interest was acquired from ListEngage Holdings, LLC by Tata Consultancy Services Limited (the "Parent"), a company governed under the laws of India. The Parent elected not to apply push-down accounting related to the acquisition. On December 15, 2025, Midco formed TCS North America Corporation and Trident LE LLC for the purpose of making strategic acquisitions and is the sole member of each entity. Neither entity had activity during the period December 15, 2025 through December 31, 2025. Midco and its wholly-owned subsidiaries are collectively referred to as the "Company." ListEngage is a data-centric, Salesforce strategic services provider. It offers a range of services including platform implementation, ongoing managed and campaign services, system and data integration, client training, and strategic consulting. These services ultimately help develop and automate the distribution of content to prospects and customers.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") in accordance with the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

Use of Estimates – The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and such differences could be material.

Principles of Consolidation – The consolidated financial statements include the accounts of Midco and its wholly-owned subsidiaries. All intercompany balances and transactions have been eliminated in consolidation.

Limited Liability Provisions – Since the Company is a limited liability company, no member, manager, agent, or employee of the Company shall be personally liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort, or otherwise, or for the acts of omissions of any other member, director, manager, agent, or employee of the Company, unless the individual has signed a specific personal guarantee. The duration of the Company is perpetual.

Cash and Cash Equivalents – The Company considers all checking and money market accounts to be cash equivalents because they mature in less than 90 days. The Company maintains accounts at a financial institution which may exceed federally insured amounts at times. At December 31, 2025, the Company's cash accounts exceeded federally insured limits by approximately USD 1,168,000.

Accounts Receivable and Credit Policies – Net accounts receivable was approximately USD 3,605,000 and USD 4,343,000 as of December 31, 2025 and October 11, 2025, respectively. Accounts receivable includes amounts billed and currently due from customers, which the Company has an unconditional right to receive. The amounts due are stated at their estimated net realizable value. The Company extends credit to its customers and does not require collateral. The Company reduces the carrying amount of accounts receivable by an allowance for credit losses which reflects the Company's best estimate of the amount that will not be collected. The allowance for credit losses is based on the Company's assessment of the collectability of customer accounts receivable. In accordance with ASC Topic 326, the Company makes ongoing estimates relating to the collectability of accounts receivable and records an allowance for estimated losses expected from the inability of its customers to make required payments. The Company establishes expected credit losses by evaluating historical levels of credit losses, current economic conditions that may affect a customer's ability to pay, and creditworthiness of significant customers. These inputs are used to determine a range of expected credit losses, and an allowance is recorded within the range. Accounts receivable are written off when there is no longer reasonable expectation of recovery.

The allowance for credit losses totaled USD 834,702 and USD 118,565 as of December 31, 2025 and October 11, 2025, respectively. At December 31, 2025, USD 684,570 and USD150,132 of the allowance related to accounts receivable and contract assets, respectively. At October 11, 2025, the allowance of USD 118,565 related solely to accounts receivable. Credit loss expense totaled USD 716,137 during the period October 11, 2025 through December 31, 2025. There was no recovery of write-offs during the period.

Equipment, Furniture, and Fixtures – Equipment, furniture, and fixtures are recorded at cost and categorized as follows:

(Amount in USD)

	December 31, 2025
Computer and office equipment	415,829
Leasehold improvements	14,274
	430,103
Less accumulated depreciation	(364,029)
	66,074

Depreciation is calculated on the straight-line method over the estimated useful lives of assets as follows:

Leasehold improvements	5 years or life of lease
Computer equipment and software	4 years
Office furniture and equipment	7 years

Depreciation expense was approximately USD 12,000 for the period October 11, 2025 through December 31, 2025.

Intangible Asset – The intangible asset consists of a customer list recorded at fair value upon the Company's acquisition of another business in a prior period. The original fair value assigned to the intangible asset was determined by management using a market approach. The customer list is being amortized on a straight-line basis over the estimated useful life of 10 years and is periodically evaluated as to the recoverability of its carrying value. No impairment was recognized during the period October 11, 2025 through December 31, 2025.

Leases – The Company determines if an arrangement is a lease at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease right-of-use ("ROU") assets and lease liabilities are recognized at the lease commencement date based on the present value of the lease payments over the lease term, which is determined as the non-cancelable period, including periods in which termination options are reasonably certain of not being exercised, and periods in which renewal options are reasonably certain of being exercised. The lease liabilities are measured by discounting future lease payments at the Company's collateralized incremental borrowing rate for financing instruments of a similar term unless the implicit rate is readily determinable. ROU assets also include adjustments related to prepaid or deferred lease payments and lease incentives. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. Finance lease ROU assets are amortized over the shorter of their estimated useful life or the term of the lease.

For short-term leases (that is a lease that, at the commencement date, has a lease term of 12 months or less and does not include an option to purchase the underlying asset the Company is reasonably certain to exercise), an ROU asset and lease liability is not recognized; instead, lease payments are recognized in the consolidated statement of operations on a straight-line basis over the lease term and any variable lease payments are recognized when the obligation for those payments is incurred. Operating leases are included in ROU asset and lease liability in the consolidated balance sheet.

Income Taxes – The Company is a limited liability company that is not required to file a federal tax return. As a result, the member will report the federal taxable income on its individual income tax return and state corporate taxable income in accordance with respective state laws. Therefore, no provision or liability for federal income taxes has been included in the consolidated financial statements.

The Company recognizes uncertain tax positions using the more-likely-than-not approach as defined in the ASC. No liability for uncertain tax positions has been recorded in the accompanying consolidated financial statements. The Company's 2022 through 2024 tax years remain open and subject to examination. The Company classifies interest and penalties with respect to material uncertain tax positions recognized in the consolidated financial statements (when applicable) as interest expense and as operating expenses, respectively. Revenues and related costs from contracts are recognized for both financial reporting and tax purposes using the percentage-of-completion method. Depreciation of equipment, furniture, and fixtures differs for financial reporting and tax purposes.

Revenue Recognition – The Company has adopted ASU 2014-09 (Topic 606), *Revenue from Contracts with Customers*. The Company recognizes contract revenue over time, as performance obligations are satisfied. The customer typically controls the work in process, as evidenced either by contractual termination clauses or by the Company's rights to payment for work performed to date plus a reasonable profit to deliver services that do not have an alternative use to the Company. The Company's contracts are generally accounted for as a single unit of account (a single performance obligation) since the Company is providing a significant service of integrating components into a single project. The Company recognizes revenue using a cost-based input method, which uses actual costs incurred relative to total estimated contract costs to determine, as a percentage, progress toward contract completion. This percentage is applied to the transaction price to determine the cumulative revenue recognized. This method (input method) is the most accurate depiction of the Company's performance because it directly measures the value of the services transferred to the customer.

The length of contracts (defined by statements of work) entered into by the Company generally range from one to 12 months.

Contract assets reflected on the consolidated balance sheet include costs and estimated earnings in excess of billings on uncompleted contracts, which represent revenue in excess of billings on incomplete contracts. Contract liabilities consist of billings in excess of costs and estimated earnings on uncompleted contracts, which represent consideration received or which is unconditionally due from a customer prior to performing services under a contract.

The Company had the following contract assets and contract liabilities on the consolidated balance sheet:

(Amount in USD)

	Contract Assets	Contract liabilities
October 11, 2025	913,772	2,446,111
December 31, 2025	1,271,259	1,792,590

As a practical expedient, the Company does not adjust the value of a down payment for the effects of a significant financing component when they expect, at contract inception, that the period between the down payment and the transfer of a promised service to the customer will be one year or less.

In applying the cost-based input method of revenue recognition, the Company uses actual costs incurred relative to the total estimated costs to determine progress towards contract completion and to calculate the corresponding amount of revenue and gross profit to recognize. Costs incurred towards contract completion include all direct labor costs and those indirect costs related to contract performance, such as indirect labor and supplies. Selling, general, and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined.

Contracts are often modified to account for changes in contract specifications and requirements. The Company considers contract modifications to exist when the modification either creates new or changes in the existing enforceable rights and obligations. Most of the contract modifications are for services that are not distinct from existing performance obligations. The effect of a contract modification on the transaction price and the measure of progress for the performance obligation to which it relates is recognized as an adjustment to revenue on a cumulative catchup basis.

The nature of the Company's contracts gives rise to several types of variable consideration including unpriced change orders. The Company recognizes revenue for variable consideration when it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur. If the requirements for recognizing revenue for unapproved change orders are met, revenue is recorded only when the costs associated with the claims or unapproved change orders have been incurred.

Because of inherent uncertainties in estimating costs, it is at least reasonably possible that the estimates used will change within the near term.

The Company recognizes an asset for the incremental costs of obtaining a contract with a customer if it is expected the benefit of those costs to be longer than one year. The Company was not aware of any costs that have benefits exceeding years longer than one year. The Company applies a practical expedient to expense costs as incurred for costs to obtain a contract with a customer when the amortization period would have been one year or less. These costs include the internal sales team compensation program.

Notes to the Consolidated Financial Statements for the year ended December 31, 2025

Note 3—Intangible asset

The Company has recognized a customer list intangible asset in relation to the Company's acquisition of another business during a prior period. The following table represents the balances and changes in the intangible asset for the period October 11, 2025 through December 31, 2025:

(Amount in USD)

	October 11, 2025 through December 31, 2025
Balance, beginning of the period	127,500
Amortization expense for the period	(2,500)
Balance, end of the period	**125,000**

Total accumulated amortization of the intangible asset was USD 25,000 at December 31, 2025.

Amortization expense for future years is expected to be as follows:

(Amount in USD)

Year	Amortization expense
2026	15,000
2027	15,000
2028	15,000
2029	15,000
2030	15,000
Thereafter	50,000
	125,000

Note 4—Earnout payable

The Company recognized an earnout payable totaling USD 212,000 in connection with a business combination recognized in a prior period, based on conditions specified in the asset purchase agreement. Of this amount, approximately USD 76,000 was paid during the year ended December 31, 2024. The remaining earnout is expected to be paid over the next two years at approximately USD 68,000 per year, based on continued service by an employee. The earnout liability reflects the Company's best estimate of future liability remaining with regard to the obligation as of December 31, 2025.

Note 5—Accrued retention bonus

In connection with the acquisition of the Company on October 10, 2025, certain employees are eligible to receive fixed cash retention bonuses upon completion of a specified period of service following the acquisition date. Other employees are also subject to the Company meeting certain performance criteria related to revenue and gross margin targets. The Company believes these targets are attainable based on the definitions provided in the acquisition documents. The retention bonuses are accounted for as compensation expense rather than consideration transferred.

The total potential retention bonus payments under the program, including estimated payroll taxes, are approximately USD 12,470,000. As of December 31, 2025, the Company has recognized approximately USD 1,251,000 of compensation expense related to the retention bonuses, which is included in the accompanying consolidated statement of operations. The remaining unrecognized compensation cost of approximately USD 11,218,000 will be recognized on a straight-line basis over the remaining required service period, which concludes on December 31, 2027.

Note 6—Employee retirement plan

The Company has a 401(k) Employee Retirement Plan for the benefit of all eligible employees, as defined by the plan. Participating employees may contribute a percentage of their qualified annual compensation up to the maximum annual

limitation. Company contributions are voluntary and at the discretion of management. Total employer contributions under the plan were approximately USD117,000 during the period October 11, 2025 through December 31, 2025.

Note 7—Fair value of financial instruments

The Company has adopted the fair value provisions of the ASC. These provisions define fair value as the price that would be received by the Company for an asset or paid by the Company to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Company's principal or most advantageous market for the asset or liability. The ASC also established a fair value hierarchy which requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a description of the level of inputs that were used to measure fair value by the Company under U.S. GAAP and the valuation methodologies used to measure fair value.

Level 1 – Quoted prices for identical assets or liabilities in active markets.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

The following is a description of the valuation methodology used for certain financial instruments measured at fair value:

Earnout Payable – As part of the business combination described in Note 4, the Company is liable to an employee in the form of a contingent earnout payable to be paid from the Company's earnings. The liability was initially measured at fair value based upon specific terms within the asset purchase agreement and is being measured using Level 3 inputs.

There were no transfers between levels and there were no changes in the valuation techniques utilized during the period October 11, 2025 through December 31, 2025. If transfers between levels were to occur, the Company would recognize the transfer as if it had happened at the beginning of the reporting period.

Note 8—Leases

The Company has an operating lease for office space. This lease was originally set to expire in March 2023 and was extended through March 31, 2026. Termination of the lease agreement is generally prohibited unless there is a violation of the lease agreement. The Company's operating lease expense totaled approximately USD 7,000 for the period October 11, 2025 through December 31, 2025.

The remaining lease term as of December 31, 2025 is three months. The discount rate as of December 31, 2025 is 9.25%. Maturity of the lease liability as of December 31, 2025 is as follows:

(Amount in USD)

	December 31, 2025
Future minimum lease payments	11,658
Less imputed interest	(81)
Present value of minimum lease payments	**11,577**
Short-term lease liability	(11,577)
Long-term lease liability	**-**

Notes to the Consolidated Financial Statements for the year ended December 31, 2025

Note 9—Concentration of risks

Amounts due from two customers constituted 38% of accounts receivable at December 31, 2025. Amounts from one customer constituted 15% of revenue for the period October 11, 2025 through December 31, 2025.

Note 10—Related party transactions

During the period October 11, 2025 through December 31, 2025, the Company recognized compensation expense totaling approximately USD 514,000 related to retention bonuses for key management members (see Note 5).

Note 11—Subsequent events

Acquisition – On January 14, 2026, the Company signed a definitive agreement to acquire a 100% stake in Coastal Cloud Holdings, LLC ("Coastal Cloud"), along with its subsidiaries, for a consideration of approximately USD 700,000,000. Midco's wholly-owned subsidiary, Trident LE LLC, was merged with Coastal Cloud as part of the transaction. The transaction is subject to necessary approvals and conditions specified in the purchase agreement and a purchase price allocation is in process. The acquisition was funded through new equity infused by the Parent.

Management Evaluation – The Company evaluates events and transactions occurring subsequent to the date of the consolidated financial statements for matters requiring recognition or disclosure through February 28, 2026, which represents the date the consolidated financial statements were available to be issued.

Directors' Statement Of Responsibility

The directors of the company are responsible for the maintenance of adequate accounting records and the preparation and integrity of the annual financial statements and related information. The auditors are responsible for reporting on the fair presentation of the financial statements. The financial statements have been prepared in accordance with IFRS® Accounting Standards as issued by the International Accounting Standard Board (IFRS® Accounting Standards) and the requirements of the Companies Act of South Africa.

The directors are also responsible for the Company's system of internal financial control. These are designed to provide reasonable, but not absolute, assurance as to the reliability of the financial statements, and to adequately safeguard, verify and maintain accountability of the Company's assets, and to prevent and detect misstatement and loss. Nothing has come to the attention of the directors to indicate that any material breakdown in the functioning of these controls, procedures and systems have occurred during the year under review.

The financial statements have been prepared on the going concern basis since the directors believe that the Company has adequate resources in place to continue in operation for the foreseeable future.

Directors' approval of the annual financial statements

The annual financial statements and directors report were approved by the Directors on May 05, 2026 and are signed on their behalf by:

Lakshminarayanan Gomatam Seshadri
Authorised Director

Henry Langa Dube
Authorised Director

Directors' report

The directors have pleasure in presenting their report on the activities of the Company for the year ended December 31, 2025. This financial report covers the period 1st January 2025 to 31st December 2025. Comparative figures are for the year ended 31st December 2024.

Nature of business

The Company provides IT consulting services.

General review of operations

The financial position of the Company and the results of its operations for the year under review are set out in the attached financial statements and in the opinion of the directors require no further comment. Profit after tax for the Company amounted to ZAR 101,366,456 for the year ended December 2025 (December 2024: ZAR 71,895,027).

Dividends

A dividend of ZAR 44,895,027 was paid during the year ended December 31, 2025 (December 31, 2024: ZAR 147,240,007)

Shareholders

The current shareholders of TATA CONSULTANCY SERVICES (SOUTH AFRICA) (PTY) LTD are:

	As at December 31, 2025	As at December 31, 2024
TATA CONSULTANCY SERVICES (AFRICA) (PTY) LTD	70%	70%
Isisekelo Sethu Trust	30%	30%

Directors and secretary

The directors of the Company during the year under review and up to the date of this report are:
Henry Langa Dube (Appointed on September 11, 2017)

Lakshminarayanan Gomatam Seshadri* (Appointed on July 22, 2019)

Independent Auditors' Report

TO THE SHAREHOLDERS OF TATA CONSULTANCY SERVICES (SOUTH AFRICA) PROPRIETARY LIMITED

Opinion

We have audited the financial statements of Tata Consultancy Services (South Africa) (Pty) Ltd (the Company) set out on pages 1 to 24, which comprise the statement of financial position as at 31 December 2025, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Tata Consultancy Services (South Africa) (Pty) Ltd as at 31 December 2025, and its financial performance and cash flows for the year then ended in accordance with IFRS® Accounting Standards and the requirements of the Companies Act of South Africa.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information comprises the information included in the document titled "Tata Consultancy Services (South Africa) (Pty) Ltd Annual Financial Statements for the year ended 31 December 2025", which includes the Directors' Report as required by the Companies Act of South Africa. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRS® Accounting Standards and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes forming part of the Financial Statements for the year ended December 31, 2025

1. Corporate information

TATA CONSULTANCY SERVICES (SOUTH AFRICA) (PTY) LTD (the "Company") is registered under Companies Act of South Africa having registration number 2007/031334/07.

The Company is engaged in a wide range of information technology and consultancy services including systems hardware and software, communications and networking, hardware sizing and capacity planning, software project management solutions, technology education services and business process outsourcing.

The address of the Company's registered office is 39 Ferguson road, Illovo, 2196.

The financial statements were approved and authorised for issue on May 05, 2026.

2. Statement of compliance

The financial statements have been prepared in accordance with IFRS® Accounting Standards as issued by the International Accounting Standard Board (IFRS® Accounting Standards) and Companies Act of South Africa. The principal accounting policies applied in the preparation of these financial statements have been consistently applied to all periods presented.

3. Basis of preparation

These financial statements have been prepared on historical cost basis except for certain financial instrument which are measured at fair value or amortised at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle. Based on the nature of services rendered to customer and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The Company classifies interest paid and interest and dividend received as cash flow from operating activities. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value to be cash equivalents.

The functional and reporting currency of TATA CONSULTANCY SERVICES (SOUTH AFRICA) (PTY) LTD is Rands ("ZAR").

Foreign currency transactions are translated into functional currency at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the dates of statement of financial position and exchange gains and losses arising on settlement and restatement are recognised in profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

4. Use of estimates and judgments

The preparation of these financial statements is in conformity with the recognition and measurement principles of IFRS Accounting Standards requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the period presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting judgements, estimates and assumptions in preparation of its financial

a. Revenue recognition

Revenue for fixed-price contracts are recognised using percentage-of-completion method. The Company uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

b. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. The carrying amount of property, plant and equipment as on December 31, 2025 was ZAR 28,592,104 (December 31, 2024: ZAR 3,972,590).

c. Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d. Valuation of deferred tax assets

A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

e. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

f. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IFRS 16. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.
