Dear Sirs,

Sub: Clarification on the article published by ‘The Telegraph’ Newspaper in the UK on October 26, 2025 under Regulation 30 (11) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

In response to the article published by ‘The Telegraph’ Newspaper in the UK on October 26, 2025, titled “M&S ousts Indian outsourcer accused of £300m cyberattack failures”, a statement of the Company is given below:

“The report published by The Telegraph is misleading, with factual inaccuracies including the size of the contract and the continuity of TCS’ work for Marks & Spencer (M&S). As both M&S and TCS have clarified, the service desk contract with M&S followed a regular competitive RFP process initiated in January 2025, with M&S opting to proceed with other partners much prior to the cyber incident in April 2025. These matters are hence clearly unrelated.

The commercial aspect of the service desk area also represents an insignificant part of TCS’ overall engagement with M&S. TCS continues to work on numerous other areas, in its role as a strategic partner for M&S and is proud of this longstanding partnership.

On the Cyber incident itself, as clarified previously, TCS had conducted a scan of its own networks and systems and been able to conclude that the vulnerabilities have not originated from there. TCS does not provide cyber security services to M&S. This is a service that is provided by another partner.”

This is for your information and record.

Thanking you,
